Agency Mission

The mission of the South Carolina Department of Education is to provide leadership and support so that all public education students graduate prepared for success.

Adopted in: 2019

Agency Vision

All students graduate prepared for success in college, careers, and citizenship. By 2022, districts will have available a system of personalized and digital learning that supports students in a safe learning environment to meet the Profile of the South Carolina Graduate.

Adopted in: 2019

Recommendations for reorganization requiring legislative change.

No

Please list significant events related to the agency that occurred in FY 2020-2021.

Month Started	Month Ended	Description of Event	Agency Measures Impacted	Other Impacts
January	January	The Office of Family Community Engagement (OFACE) was dissolved after the departure of the former director in January 2021. As of that time, the Office of Student Intervention Services (OSIS) became charged with family and community efforts for the agency.		
May	May	The Office of Assessments moved from the Division of Federal and State Accountability to the Division of College and Career Readiness.		

Does the agency intend to make any other major reorganization to divisions, departments, or programs to allow the agency to operate more effectively and efficiently in FY 2021-22?

Note: It is not recommended that agencies plan major reorganization projects every year. This section should remain blank unless there is a need for reorganization.

PERFORMANCE IMPACTS:

INTERNAL

Amidst the COVID-19 pandemic, the work of the agency has centered on providing guidance, technical assistance, and flexibility to schools and districts as they work to return to as normal of operations and instruction as public health conditions allow. The safety of students, educators, and staff has remained at the forefront of the agency's agenda during this time. Throughout this time period, the agency has sought and utilized public health guidance from the South Carolina Department of Health and Environmental Control and the Centers for Disease Control and Prevention to ensure all appropriate safety measures are met.

The agency also continues to focus on providing intensive technical support to South Carolina's lowest performing districts. In these districts, and all others, the agency works with the goals of increasing opportunity, student performance, efficient use of taxpayer dollars, and fostering high quality school and district leadership. These districts, particularly those with a student membership of 1,500 or less, are an integral part of the State and agency's effort to increase shared services and encourage consolidation.

EXTERNAL

Responding to the COVID-19 pandemic continues to be at the forefront of the agency's priorities. The agency has worked alongside state agencies such the South Carolina Department of Health and Environmental Control, Department of Administration, Emergency Management Division, Department of Social Services, Department of Mental Health, Health and Human Services, as well as the Governor's Office and General Assembly, to ensure the needs of students, parents, and educators are being met amidst the pandemic.

CURRENT EFFORTS AND RESULTS & FUTURE PLANNING

FEDERAL EMERGENCY RELIEF FUNDS

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. As part of the CARES Act, Congress set aside approximately \$13.2 billion of the \$30.75 billion allotted to the Education Stabilization Fund for the Elementary and Secondary School Emergency Relief (ESSER) Fund. The US Department of Education awarded these grants to state educational agencies (SEAs) for the purpose of providing local educational agencies (LEAs) with emergency relief funds to address the impact that COVID-19 has had, and continues to have, on elementary and secondary schools across the nation.

South Carolina received \$216,311,158 in ESSER funds from the CARES Act, of which 90 percent (\$194,680,042) flowed through to school districts, with amounts determined in proportion to the amount of Title I, Part A funds they received in summer 2019 from funds under the Every Student Succeeds Act (ESSA). The remaining funds will be used for state-level activities to address issues caused by COVID-19.

Additionally, on December 27, 2020, the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) was signed into law. The US Department of Education provided an additional \$54.3 billion for the Elementary and Secondary School Emergency Relief Fund (ESSER II Fund). This legislation awarded these grants to SEAs for the purpose of providing LEAs with emergency relief funds to address the impact that COVID-19 has had, and continues to have, on elementary and secondary schools across the nation.

South Carolina received \$940,420,782 in ESSER II funds from the Act, of which 90 percent (\$846,378,704) flowed through to school districts with amounts determined in proportion to the amount of Title I, Part A funds they received in summer 2020 from funds under the Every Student Succeeds Act (ESSA). The remaining funds (\$94,042,078) will be used for state-level activities to address issues caused by COVID-19.

On March 11, 2021, the American Rescue Plan (ARP) Act was signed into law. The US Department of Education provided an additional \$121.9 billion for the Elementary and Secondary School Emergency Relief Fund (ARP ESSER Fund). This legislation awarded these grants to SEAs for the purpose of providing local educational agencies LEAs with emergency relief funds to address the impact that COVID-19 has had, and continues to have, on elementary and secondary schools across the nation.

South Carolina received \$2,112,051,487 in ARP ESSER funds from the Act, of which 90 percent flowed through to school districts with amounts determined in proportion to the amount of Title I, Part A funds they received in summer 2020 from funds under the Every Student Succeeds Act (ESSA). The remaining funds will be used for state-level activities to address issues caused by COVID-19. ARP ESSER funds also include some additional requirements on the part of the LEAs and the SEAs, please see below for more detailed information.

The SCDE has been, and will continue to, coordinate all funds provided under the CARES, CRRSA, and ARP Acts through its Division of Federal Programs, Accountability and School Improvement (FPASI). The FPASI Division oversees all programs authorized under the Every Student Succeeds Act (ESSA), the McKinney-Vento Homeless Assistance Act, and the Individuals with Disabilities Education Act (IDEA).

In spring 2021, the SCDE created a new organizational unit, the Office of Emergency Programs, within the FPASI Division. The chief responsibilities of the Office of Emergency Programs will be to administer programs and funds provided under the CARES, CRRSA, and ARP Acts. All LEAs have used funds to meet a variety of needs to return to in-person instruction. As such ESSER funding has been used to meet additional and changing needs.

Additional information regarding ESSER funding may be found on the SCDE webpage at the following address: <https://ed.sc.gov/policy/federal-education-programs/esser-funding-information/>

VIRTUAL SC/CATE

The agency's VirtualSC continued to serve 51,319 student enrollments statewide in the 2020-2021 school year and remains one of the fastest growing and most successful virtual programs in the nation. The program enrollment grew by 9.5% over 2019-2020 enrollment numbers. The cost per enrollment (approximately \$200 per student) is one of the lowest amongst similarly sized and neighboring states. The agency will again request additional funding to serve students and continue to develop a middle school program to meet the growing needs and requests of schools statewide.

In an effort to support schools as they continue to deal with the effects of the COVID-19 pandemic, VirtualSC piloted a middle school program by offering core content courses for students in grades 6-8. Based on the success of the pilot, the middle school program will continue for the next several years to offer core content courses to middle school students statewide. In addition, the program is currently reviewing options to expand the program to offer engaging exploratory courses that may be harder for

AGENCY NAME:	DEPARTMENT OF EDUCATION		
AGENCY CODE:	H630	SECTION:	001

most districts to offer in an effort to provide opportunities for middle school students to explore various subject that they may not otherwise be exposed to at their current school.

Virtual learning has made its way to the forefront of education as we are adjusting to the impacts and innovative ways of learning due to COVID-19. As schools develop their own local virtual education programs, VirtualSC saw an unprecedented level of growth of the franchise program enrollment. VirtualSC is currently providing support for an additional 77,124 local district enrollments by supplying high quality, South Carolina standards-aligned curriculum that also meets Quality Matters standards for design and development.

Further, as part of the new accountability system, the state will need to ensure that students have access to advanced coursework such as AP/IB and Career and Technical Education courses that lead to an industry certification. VirtualSC will continue to serve as a conduit for such course work, especially for students who may have limited access. VirtualSC had 9,022 student enrollments complete CTE courses in the 2019-2020 school year with an 89 percent pass rate meaning that 7,997 enrollments earned a CTE credit through VirtualSC in this school year. (3.3, 2.2).

PERSONALIZED LEARNING

The Office of Personalized Learning has a layered system of support in place for individual educators, schools and districts implementing personalized learning and the competencies for the Profile of the SC Graduate. The office directly served a total of 432 schools during 2020-2021 and plans to directly serve at least 450 schools during 2021-2022 by continuing to adapt our working model for professional learning to a more regional model. The competencies for the Profile of a SC Graduate continue to be a valuable resource, and we are working across multiple offices at SCDE to imbed them into offerings, documents, technical supports and resources. This allows us to indirectly impact a much larger number of schools and districts. Additionally, the podcast our office hosts has an average of over 2800 listeners per month and our #PersonalizeSC online community has approximately 1500 active users helping to elevate the stories and experiences of educators to further connect and share what is working as they implement personalized learning in SC. (4.3).

The work of the office has been highlighted in numerous publications and webinars throughout the year, including CCSSO, ExcelinEd, the Aurora Institute, the Center for Assessment, and the a new book by Ken Kay and Suzie Boss Redefining Student Success: Building a New Vision to Transform Leading, Teaching, and Learning, to name a few.

EDUCATOR RECRUITMENT, RETENTION, AND EFFECTIVENESS

There continues to be rising need for high quality educators to join the profession, as well as remain in the profession. On the recruitment front, in addition to the 1,058 educators who graduated from a traditional educator preparation program and were issued the first Initial certificate, 709 educators entered the profession through an alternate route during 2020-21. Of these 709 educators receiving a conditional certificate, 440 met all requirements to be issued an Alternative Route certificate and 269 were issued a Temporary Alternative Route certificate due to COVID-related closures of testing centers offering required certification assessments. All twenty-nine educator preparation providers offering traditional programs are accredited as of June 30, 2021. Twenty-six are fully accredited; three institutions are accredited with stipulations that must be met within two years of the determination. (4.1.1, 4.1.2, 4.1.3).

AGENCY NAME:	DEPARTMENT OF EDUCATION		
AGENCY CODE:	H630	SECTION:	001

Despite a variety of changing instructional models, the agency supported districts to implement a simplified student learning objective process and virtual observations that allowed teacher evaluations and certificate advancement to continue. Based on feedback from districts, school leaders, and teachers, the agency updated teacher evaluation guidelines to make this streamlined process permanent and to encourage teacher leadership goals focused on mentoring new teachers. The agency continued to use virtual trainings, office hours, and tiered support from regional liaisons to respond to district needs with teacher effectiveness, particularly community engagement and virtual instruction (4.2.2). 88% of districts went above and beyond state reporting requirements to use the evaluation data management system to personalize support, feedback, and coaching for principals and teachers. (4.2.1, 4.2.3).

Finally, the agency continues to implement instructional leadership cohorts for school and district leaders. Although targeted to specific job-alike needs, all cohorts focused on using data to increase equitable access to effective teachers for all students, personalizing support for teachers, and collective leadership. 201 educators earned leadership micro-credentials and SCDE piloted a micro-credential academy focused on COVID-related teaching and leadership skills.

TRANSPORTATION

Approximately 350,000 students ride the bus to school each day. Implementation of a safe and reliable transportation system remains a paramount focus for the agency and the General Assembly has provided consistent support to improve the system over the past four years.

As of February 2021, the last of the 1988-1990 model school buses were retired from service. This currently leaves the SCDE with 475 buses that are fifteen years or older, with the replacement cost being \$42,809,850.00. To allow the SCDE to continue to lease-purchase buses, as well as to allocate additional buses to districts with high student growth to help reduce ride time, the SCDE will request the General Assembly to increase the recurring funds for the upcoming fiscal year.

Additionally in 2013, the SCDE made a commitment to provide air-conditioned equipped buses. Currently 71 percent of that commitment has been met. The cost to upgrade the remaining 29 percent with air-conditioning is \$146,025,950.00. Once all the special needs buses currently on order are placed in service, all special needs buses will be equipped with air-conditioning. This will reduce the total number of buses without air-conditioning to 867 units.

The current fleet of buses includes 218 propane buses located in ten districts. In April 2021, the SCDE was notified by the S.C. Department of Insurance that it would be receiving \$23,635,830 from Volkswagen settlement funding. The funding was used to purchase 235 additional propane powered buses that will begin delivery during the first quarter of 2022. The additional 235 units will be distributed to the existing 10 districts, plus one additional district. Once in service, the total statewide propane fleet will be 453 units.

In addition to the 235 propane buses, the SCDE leased or purchased an additional 491 buses in FY 2021. This total includes \$480,000 in funding from the EPA. Total FY 2021 new bus funding, including the VW and EPA sources, totaled \$68,041,456.00.

On March 17, 2020, the SCDE announced a five year contract with Tyler Technologies, Inc. (Tyler) for GPS hardware and software. This contract marks the first ever statewide agreement for both routing software and telematics (GPS) for K-12 transportation. The agreement with Tyler includes transportation

AGENCY NAME:	DEPARTMENT OF EDUCATION		
AGENCY CODE:	H630	SECTION:	001

management software for all 79 K-12 school districts, GPS installed on all of the State's school bus fleet, tablets for all special needs school buses, and business intelligence dashboard for the SCDE to analyze data from across the State. South Carolina has the unique opportunity to advance our school transportation program at the State level, positively impacting bus drivers, administration, parents and students. The SCDE is currently completing implementation of phase one which consists of GPS installed on all State-owned buses and the software for 22 districts. These 22 districts are set to use the program at the beginning of the 2021-2022 school year. Phase two implementation will include 38 school districts. With training set to begin after Labor Day.

Prior to widespread shutdowns due to COVID-19, the Office of Transportation began streamlining the School Bus Driver Classroom Instruction program, first by introducing an online end-of-course test in July 2019 and then by condensing instruction to reduce the amount of required seat time from 20 hours to 14 hours. Beginning the last week of April 2020, instruction went online utilizing the Microsoft Teams platform, enabling participants across the state to participate in the training without the need to travel to a physical classroom. Initially, training was held for four hours per day over 4 days, but as the SCDE Driver Training Coordinators become more acclimated to the new platform, we have been able to once again keep instruction and testing within the 14 hour range.

Since the first class in April 2020, over 2400 individuals have completed classroom training, with classes typically reaching over 35 participants. In November 2020, the SCDE began offering an evening class once per month, which has been well received by districts. Moving forward, the SCDE plans to continue offering the daytime online instruction twice per month, and the evening class once per month. By having SCDE trainers conduct the class, we can better control the content and pace of the training. Because we are able to offer instruction to anyone statewide without the need for Driver Training Coordinators to spend time on the road travelling to a classroom, we are making plans to revise the district classroom instructor program to certify individuals for in-service instruction only.

A majority of the SCDE required bus driver in-service for 2020-21 was conducted using the Microsoft Teams platform. While some districts are requesting in-person instruction by our Driver Training Coordinators for 2021-22, many are requesting the continuation of the virtual format. We will begin scheduling sessions on Thursdays and Fridays beginning the third week in July and continue through the third week in August, with other dates added upon request.

The Office of Transportation is beginning implementation of the Entry Level Driver Training (ELDT) training required by the Federal Motor Carrier Safety Administration (FMCSA). Set to go into effect in February 2022, this program will include knowledge and hands on training for anyone seeking a new or upgraded commercial driver license (CDL) and will be available for district school bus drivers, as well as the SCDE personnel, required to have a CDL.

FOOD SERVICE

The Office of Health and Nutrition (OHN) continued to be an integral part of the agency's response to the COVID-19 pandemic. From August 2020 to May 2021, the state served over 33 million meals to children in South Carolina. All students were able to receive meals at no cost due to waivers provided by USDA. OHN rebranded the Summer Food Service Program to "Summer Break Café" to remove the stigma associated with the program and to encourage children around the state to access nutritious meals during the summer. In addition, OHN also sponsored an additional 20 school gardens, bringing the total to 60 across the state. (1.1).

The second annual Jr. Chef Competition featuring locally grown products was conducted virtually with members of the OHN staff recreating the dishes at the State Farmers Market. The winner is slated to compete in Kentucky against other states in the region.

TECHNICAL ASSISTANCE TO LOW PERFORMING SCHOOLS AND DISTRICTS & SHARED SERVICES

The agency continues to provide assistance to low-performing schools and districts through the tiered levels of support. Currently, the agency is operating three school districts, Florence 4, Allendale, and Williamsburg and serving 40 Comprehensive Support and Improvement Schools and 73 Priority Schools. Transformation coaches are placed in all Comprehensive Support and Improvement Schools. The operation of Florence 4 has allowed the agency to assist the district in working with Florence 1 and Florence 2 to share services such as maintenance and human resources. This shared services model has resulted in a savings of more than \$500,000 for Florence 4 – funds that may now be dedicated to the classroom.

The agency will continue to provide districts with guidance on sharing services with nearby districts. The General Assembly provided the Superintendent, through proviso, the authority to ask districts meeting certain requirements to submit plans for the implementation of shared services. The 2018-19 data will serve as baseline data as CSI and Priority Schools were identified as a part of the new accountability system with the release of the November 2018 report cards. Low performing schools will continue to receive assistance during the 2021-2022 school year due to the assessment and accountability waiver granted by the USED for school year 2019-2020.

Through the approved state ESSA plan, the agency will monitor the percent of Additional Targeted Support and Improvement Schools (schools with low-performing subgroups) that reduce their most significant subgroup achievement gap. (2.1). The agency will continue to effectively utilize both federal and state resources to provide such support (either comprehensive or targeted) to low-performing schools. It remains the goal of the agency to do this with fidelity to ensure that the support has a lasting positive impact on the students served in those schools and the educators who serve in those schools.

The agency will continue to support districts as they work to improve efficiencies through shared services and consolidation initiatives. (3.2). The agency will continue to request funds from the General Assembly to effect such consolidation initiatives and support increased educational opportunities for students in our most rural districts, many of which were parties in the Abbeville lawsuit.

RISK ASSESSMENT AND MITIGATION STRATEGIES

The SCDE risks are directly associated with the state’s kindergarten through twelfth grade public education system. The agency’s failure to meet its stated goals and objectives would correlate with a negative impact to the K-12 system and student learning.

The SCDE’s goal to support the health and safety needs through a whole-child approach has been paramount during the COVID-19 pandemic and the months following. Failure to put the health and safety of South Carolina’s students would not only lead to negative outcomes in the classroom, but also in homes and businesses across our state. Throughout the COVID-19 pandemic, the goal of strengthening standards, curriculum, instruction, and assessments alignment through differentiated supports has remained at the forefront of the agency’s priorities. Specifically, as schools and districts have had to shift their mode of instructional delivery during the school facility closures in the spring and again during reopening in the fall, a strong focus has been placed on any potential learning loss and

AGENCY NAME:	DEPARTMENT OF EDUCATION		
AGENCY CODE:	H630	SECTION:	001

ensuring the fundamental standards needed for success in the k-12 system are being met, amidst all forms of instructional delivery.

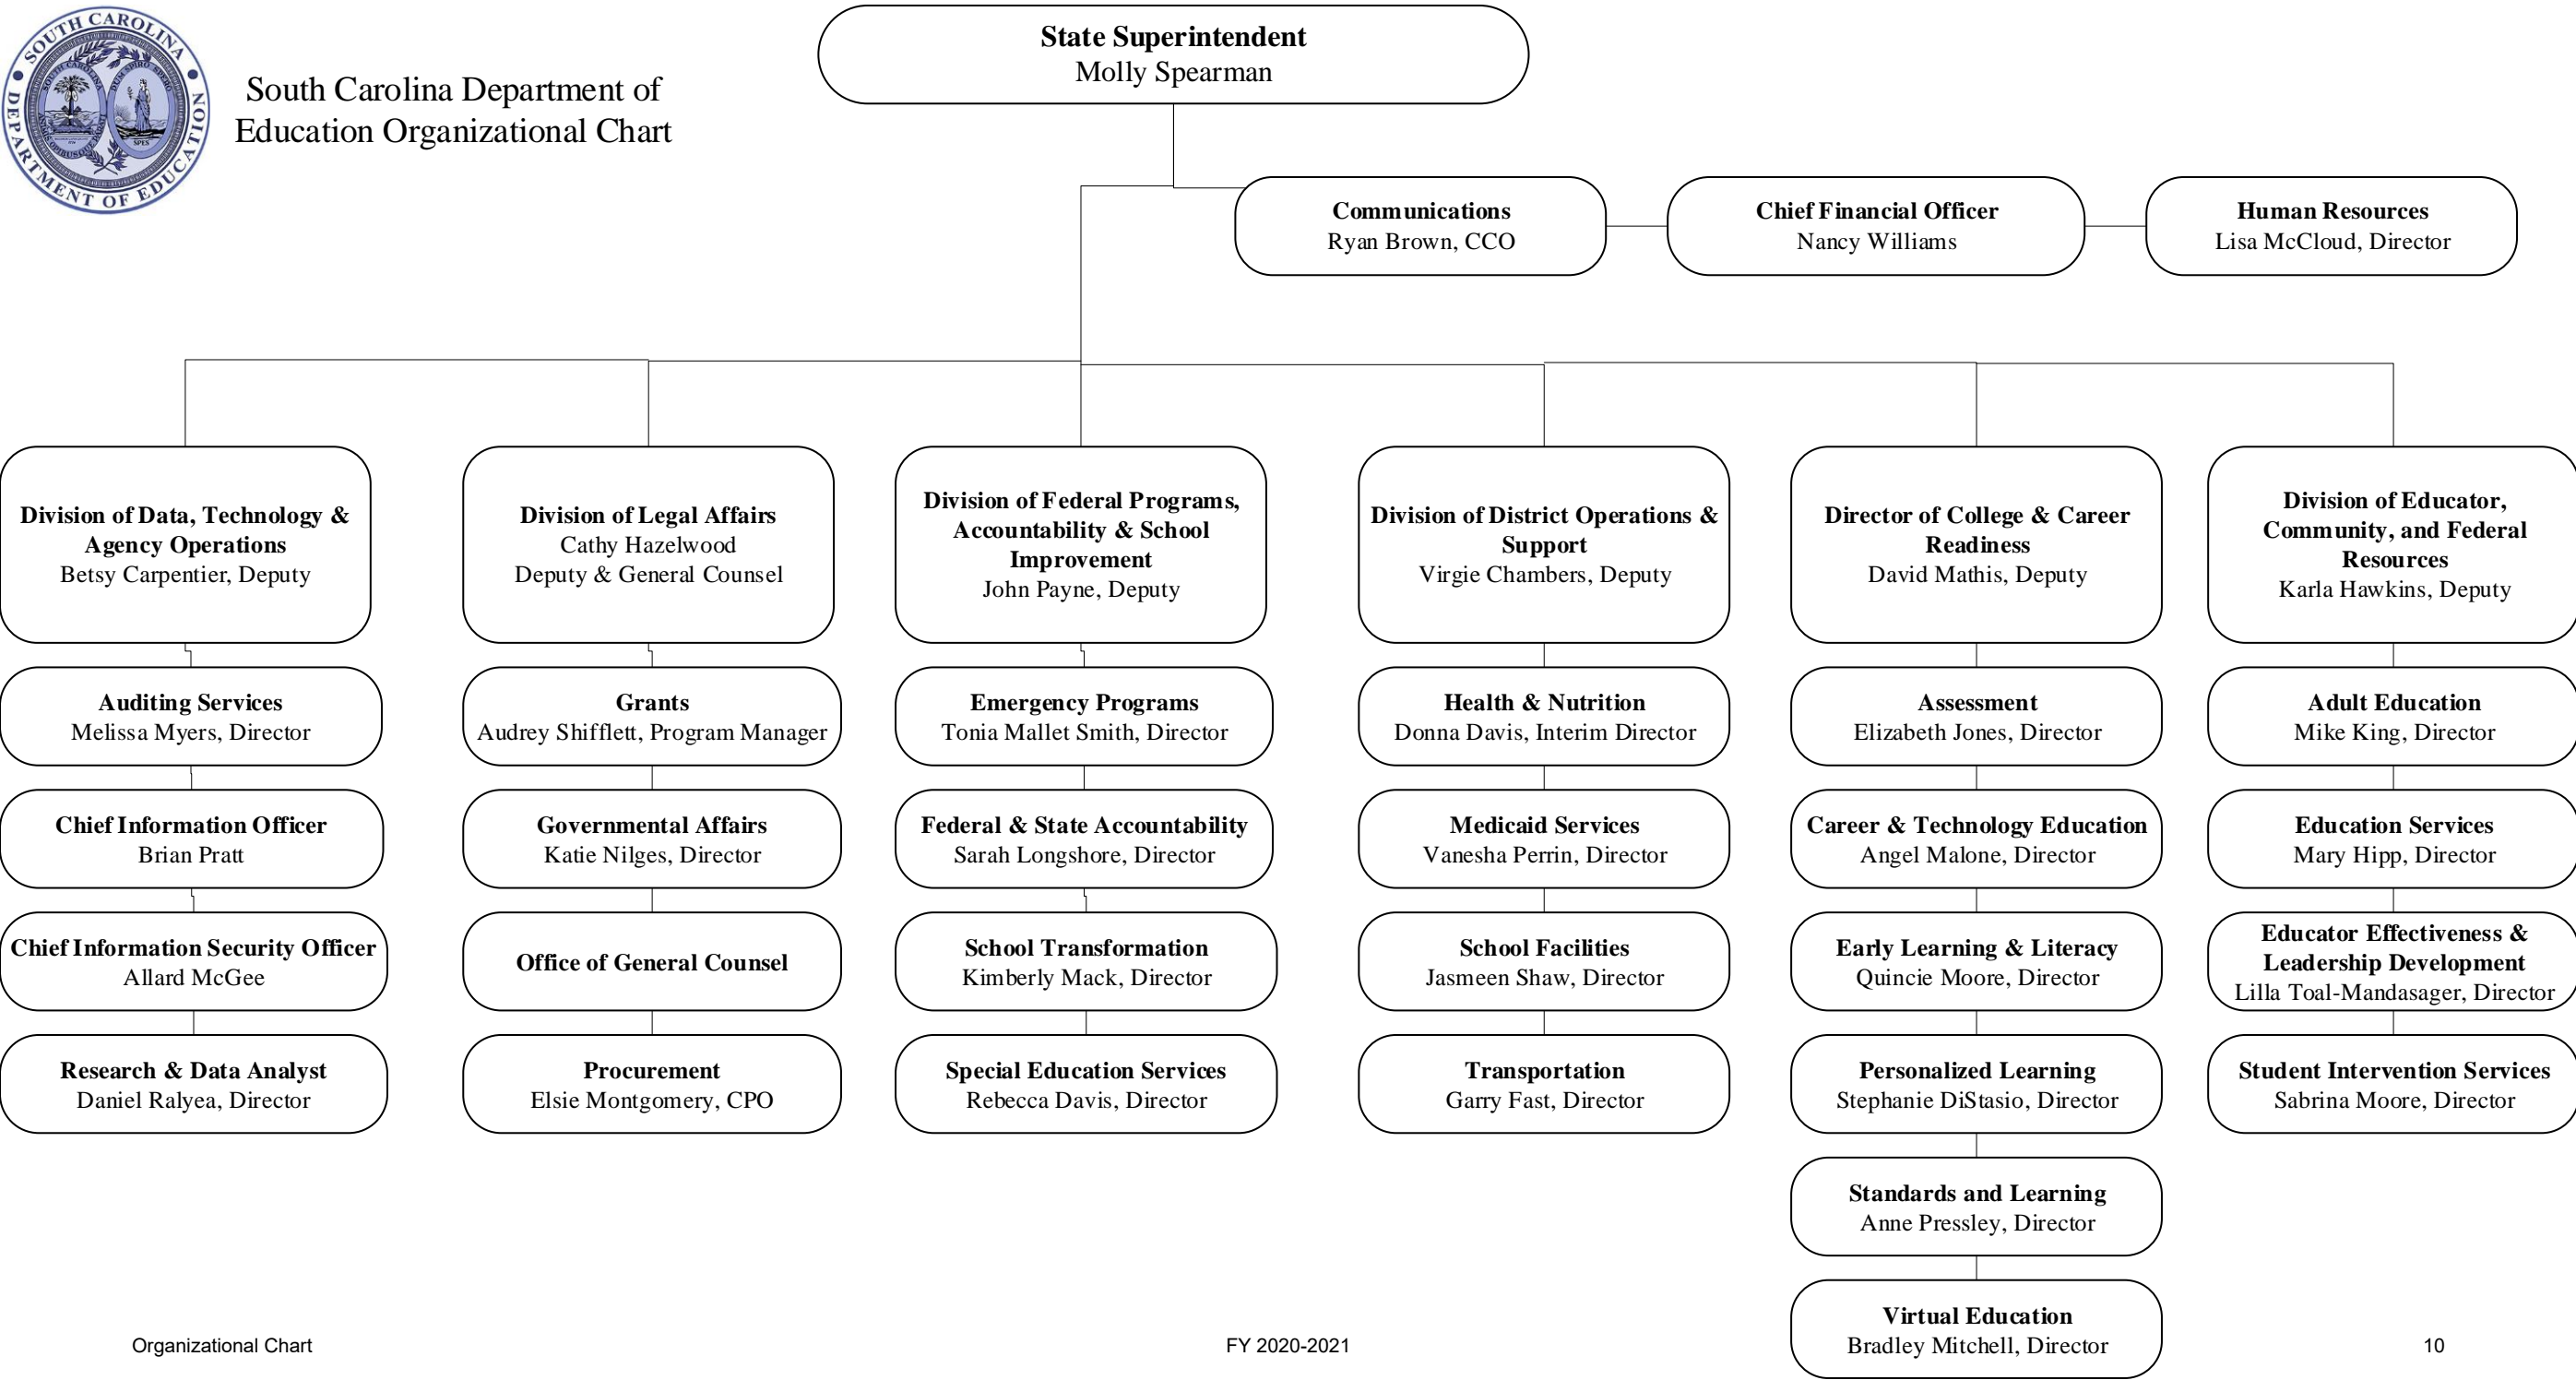

The agency's goals of enhancing the state's public educational system to include opportunities, resources, leadership development, data, and technology have been tested and strengthened in the face of the pandemic. In a time when weaknesses in these systems became more evident, the agency put forth and implemented short and long term solutions to ensure the success of the K-12 education system. The pandemic has shown us the importance of the state's public education and the myriad of supports and services it offers beyond instruction.

RESTRUCTURING RECOMMENDATIONS

The agency does not have any restructuring recommendations which require legislative changes. However, the agency is currently in the process of restructuring divisions and offices within the SCDE in an effort to operate more effectively and efficiently. These restructuring updates will be included in next year's Agency Accountability Report.

(SDE: ESSER Funds) Of the funds appropriated to the Department of Education, the department shall ensure that school districts are made aware of all the permissible uses of ESSER funds that are at their disposal. The department shall provide training and technical support to district personnel throughout the process.	Requires a manner of delivery	1.101	State	FY 2020-21 Proviso	
(SDE: ESSER Monthly Funding Report) The Department of Education is required to submit a monthly report to the Department of Administration, Executive Budget Office documenting the expenditure of federal funds allocated to South Carolina through the Elementary and Secondary Emergency Education Relief Fund and the Emergency Assistance to Non-Public Schools Program. The Executive Budget Office, in collaboration with the Senate Finance Committee and the House Ways and Means Committee, shall determine how the data will be reported. The data shall document how federal funds are expended at the state and district level in accordance with federal guidelines on allowable expenditures and shall include information on how the funds have been used to offset the learning loss students are facing and mitigations taken due to the COVID-19 pandemic. The Department of Education and the Executive Budget Office shall post the monthly reports on their websites.	Report our agency must/may provide	1.102	State	FY 2020-21 Proviso	
(SDE: Public School Virtual Program Funding) For Fiscal Year 2021-22, school districts shall be permitted to offer a virtual education program for up to five percent of its student population based on the most recent 135 day ADM count without impacting any state funding. The Department of Education shall establish guidelines for the virtual program and parameters students must meet in order to participate in the virtual program. School districts must submit their plans for the virtual program to the State Board of Education for approval. School districts offering a virtual program must report their ADM counts for students participating in their virtual program and the number of students participating face to face for the 5th, 45th, 90th, and 135th day to the Department of Education. For every student participating in the virtual program above the five percent threshold, the school district will not receive 47.22% of the State per pupil funding provided to that district as reported in the latest Revenue and Fiscal Affairs revenue per pupil report pursuant to Proviso 1.3. This amount shall be withheld from the EFA portion of the State Aid to Classrooms district allocation and, if necessary, the state minimum teacher salary schedule portion of State Aid to Classrooms. The five percent threshold shall not apply to students whose IEP or 504 status requires their participation in a program administered in a virtual format. (SDE: Capital Funding for Disadvantaged Schools) The funds appropriated for Capital Funding for Disadvantaged Schools shall be prioritized by the Department of Education pursuant to subsections (A) and (B). (A) Up to \$15,000,000 of the funds shall be made available first to a local school district or districts with an average daily membership that is less than 5000, based on the most recent student count received by the department, and that is located within a county ranked as Tier IV pursuant to Section 12-6-3360(B) for 2018 which chooses to consolidate with another school district located in the same county, or to a school district that is under state takeover and is consolidating school buildings as directed by the State Superintendent of Education. The funds may be used to support costs directly related to the consolidation which shall include, but are not limited to, salary adjustments, facilities, debt mitigation, millage rate adjustments, transportation, technology and other factors for which the district demonstrates are necessary to complete consolidation. On or before August 1, the eligible districts must submit a preliminary plan and timeline for pursuing consolidation, including the use of the consolidation funds requested, to the Department of Education for review and approval. When the department has approved the final plan, the districts shall forward the plan to the local legislative delegation outlining the specific request that local legislation be enacted to effect the consolidation. The legislation may include, but is not limited to, composition of the consolidated board, transition procedures, and disposition and/or assumption of district assets and liabilities. Upon approval of a consolidation plan, the department shall make an initial allocation to the impacted districts and shall allocate remaining funds upon enactment of legislation formally consolidating the districts for the benefit of the consolidated district. (B) The remaining funds shall be set aside by the department to create a source of state funding for local school district infrastructure based on need. Additional funds may be appropriated by the General Assembly with either recurring or non-recurring funds from the General Fund, EIA or lottery. Federal funds authorized by a federal agency or authorized by the General Assembly may also be included in this fund. The fund may also accept gifts from private sources. The department shall submit recommendations to the Senate Finance Committee and the House Ways and Means Committee to establish guidelines for the program consisting of award criteria, conditions for the awards and any match requirements by December 31. Criteria shall include, but not be limited to, consideration of a districts index of taxpaying ability, consideration of a districts or countys per capita income and the age and condition of the districts existing academic buildings as well as the ability to commence construction in a timely matter and the quality of the application. For purposes of this provision, school infrastructure shall not include unimproved real property, centralized district administration facilities, or other facilities, including those normally identified with interscholastic sports activities. <p>3. Classroom Teachers</p> <p>An annual contract teacher who has demonstrated potential but who has not yet met the formal evaluation criteria set by the State Board of Education and/or the requirements set by the local board of trustees is eligible for a diagnostic assistance year at the annual contract level. This diagnostic assistance year must be provided, if needed, at the discretion of the employing school district, either during the teacher’s first annual contract year or during the annual contract year following the teacher’s first unsuccessful formal evaluation. A teacher is eligible to receive only one diagnostic assistance year. At the end of the diagnostic assistance year, the district may either employ the teacher under an annual contract or terminate the teacher’s employment. If employment is terminated, the teacher may seek employment in another school district at the annual contract level. A diagnostic assistance year must be followed by formal (summative) evaluation at the annual contract level during the teacher’s next year of teaching employment.</p> <p>4. An annual contract teacher who for the second time fails to meet the formal evaluation criteria set by the State Board of Education will have his or her teaching certificate automatically suspended by the State Board of Education, as prescribed in Section 59 5 60 of the South Carolina Code of Laws, 1976, and in State Board of Education Regulation 43 58. Subsequent to this action, the teacher will be ineligible to be employed as a classroom teacher in a public school in this state for a minimum of two years. Before reentry into the profession, the teacher must complete a state approved remediation plan based on the area(s) that were identified as deficiencies during the formal evaluation process. Remediation plans must be developed and implemented in accordance with the State Board of Education’s ADEPT implementation guidelines. Following the minimum two year suspension period and the completion of the remediation plan, as verified by the SCDE, the teacher’s certificate suspension will be lifted, and the teacher will be eligible for employment at the annual contract level. Upon his or her reentry into the profession, the teacher must be formally evaluated. If, at the completion of the evaluation process, the teacher meets the formal evaluation criteria set by the State Board of Education, he or she may continue toward the next contract level. If, at the completion of the evaluation process, the teacher does not meet the formal evaluation criteria set by the State Board of Education, he or she is no longer eligible to be employed as a public school teacher in this state.</p> <p>E. Each school district must develop a plan to evaluate and provide diagnostic assistance to teachers at the annual contract level, in accordance with the State Board of Education’s ADEPT implementation guidelines. District plans also must include procedures for developing, implementing, and evaluating individualized professional growth plans for annual contract teachers.</p> <p>F. School districts must establish criteria or requirements that teachers must meet at the annual contract level. At a minimum, districts must require annual contract teachers to meet the ADEPT formal evaluation criteria and all other requirements for the professional teaching certificate, as specified by the State Board of Education, in order to advance to the continuing contract level.</p> <p>G. By May 1 of each year, school districts must submit assurances to the SCDE that they are complying with the State Board of Education’s ADEPT implementation guidelines for evaluating and assisting teachers at the annual contract level. A copy of the district’s proposed formal evaluation and diagnostic assistance timelines must accompany the assurances. Proposed amendments to the district’s previously approved ADEPT plan for annual contract teachers must be submitted along with the assurances and must be approved by the State Board of Education prior to implementation.</p> <p>H. By June 20 of each year, school districts must submit end of year information on teachers employed under annual contracts and on the employment contract decisions made for the following year, as requested by the SCDE.</p> <p>I. <p>XI. Teachers Employed in Charter Schools</p> <p>A. Except as otherwise provided in the Charter Schools Act (S.C. Code Ann. Section 59 40 50(A) (Supp. 2012)), charter schools are exempt from all provisions of law and regulations applicable to a public school, a school board, or a district. However, a charter school may elect to comply with one or more of these provisions of law or regulations, such as the provisions of the ADEPT statute and regulation.</p> <p>B. Charter schools that elect not to implement the ADEPT system may assist and/or evaluate their teachers according to the policies of their respective charter school committees. Certified teachers in these schools will accrue experience credit in a manner consistent with the provisions of State Board of Education Regulation 43 57 (S.C. Code Ann. Regs. 43 57 (2011)). Teachers in non ADEPT charter schools who hold an initial teaching certificate are eligible to advance to a renewable limited professional certificate, as specified in State Board of Education Regulation 43 53 (S.C. Code Ann. Regs. (Supp. 2012)).</p> <p>C. Charter schools that elect to implement the ADEPT system must comply with all provisions of the amended ADEPT statute (S.C. Code Ann. Sections 59 26 30 and 59 26 40, to be codified at Supp. 2012), this regulation, and the State Board of Education’s ADEPT implementation guidelines. In fulfilling these requirements, the contract between the charter school and its sponsor must include an ADEPT provision. All certified teachers in the charter school must be assisted and evaluated in a manner consistent with the sponsor’s State Board of Education approved ADEPT plan for induction, formal evaluation, and goals based evaluation. The ADEPT provision must address the charter school’s responsibilities for ensuring the fidelity of the implementation of the ADEPT system. The provision also must address the sponsor’s responsibilities in terms of staff training and program implementation. At a minimum, the sponsor must agree to disseminate all ADEPT related information from the SCDE to the charter school and to report charter school teacher data to the SCDE. The provision must be included in the sponsor’s ADEPT plan and approved by the State Board prior to implementation.</p> <p>XII. Teachers Who Hold a Limited Professional Certificate</p> <p>An educator who holds a valid South Carolina limited professional certificate is eligible for employment in a “regulated” South Carolina public school at the annual contract level. At the annual contract level, teachers may receive either a diagnostic assistance year or a formal evaluation. Teachers who undergo formal evaluation and who, at the conclusion of the preliminary evaluation period, meet the formal evaluation criteria set by the State Board of Education may, at the discretion of the school district, have the final portion of the formal evaluation process waived. Teachers must successfully complete the formal evaluation at the annual contract level before they are eligible to move from a limited professional certificate to a full professional certificate and to be employed under a continuing contract.</p> <p>XIII. <p>(3) Dimension C: Intellectual/Academic Performance</p> <p>These students demonstrate a high degree of interest in and commitment to academic and/or intellectual pursuits or demonstrate intellectual characteristics such as curiosity/inquiry, reflection, persistence/tenacity in the face of challenge and creative productive thinking. Characteristics for this dimension are demonstrated through</p> <p>a) Evidence of commitment in academic disciplines through grades for placement in grades six through twelve; the standard is 3.75 points on a 4.0 scale (See the glossary of terms for a listing of the academic disciplines.);</p> <p>or</p> <p>b) Assessments of performance on STAR Performance Task Assessment for placement in grades three through six. Instruments for these assessments will be maintained secure under S.C. Code Ann. Section 59 1 445 (1990), Section 59 1 445, Violations of mandatory test security; penalties; investigations. The performance standard for the primary level is sixteen on either the verbal or nonverbal assessments for placement into grade three and eighteen on either the verbal or nonverbal assessment for placement into grade four. The performance standard for the intermediate level is sixteen on the verbal or twenty two on the nonverbal for placement into grade five and eighteen on the verbal or twenty five on the nonverbal for placement into grade six. The qualifying standards for new forms of STAR Performance Task Assessment will be equivalent to those of the base year.</p> <p>(4) Districts will follow steps established by the SCDE to guarantee no single criterion eliminates students from gifted and talented programming participation.</p> <p>8. Placement</p> <p>(a) The evaluation step in the identification process of gifted and talented students shall be the responsibility of an evaluation/placement team within the school or district. The team shall be composed of at least a teacher, an administrator, and a guidance counselor or a psychologist (if employed by the district). In the event all three categories cannot be represented, more than one member may be chosen from one of the three categories. The evaluation/placement team for an individual student may also include a guidance counselor and/or a community related person whose training and expertise qualifies him or her to appraise the special competencies of students.</p> <p>(b) The evaluation/placement team shall have the responsibility to interpret and evaluate student data in such a way that will insure appropriate placement. The evaluation/placement team may require additional assessment before determining student placement. Placement may involve a trial period for at least one semester but not more than one year. Criteria for trial placement shall be established in guidelines established by the SCDE. Students whose progress within the gifted and talented programming at the end of trial placement is not deemed adequate by the evaluation/placement team may be withdrawn from the programming.</p> <p>(c) The evaluation/placement team will be responsible for developing appropriate written procedures for removing a student from the gifted and talented programming. The criteria for these procedures according to the programming model shall be established by the SCDE . Removal from the programming must be preceded by appropriate counseling with the student and conferences with the student’s parents and teachers. Records of any assessment and evaluative measures and other student information must be maintained in a confidential manner.</p> <p>(d) Students identified and served according to prior eligibility criteria will continue to be eligible for placement and funding provided their programming service meets the requirements herein. Any student entering the programming once these regulation amendments are effective shall be considered for placement based on the eligibility criteria herein.</p> <p>C. Staff</p> <p>4. VII. Reporting Requirements A. High School Completers 1. Each school issuing the state high school diploma must submit to the State Superintendent of Education on or before May 1 the following data on its previous year’s completers: (a) the number of the school’s completers who entered the freshman class of a postsecondary institution either in South Carolina or out of state and on whom such an institution has sent the school a first term transcript or summary grade report, (b) a breakdown of all postsecondary courses that this group of completers passed during their term, (c) a breakdown of all postsecondary courses that this group failed during their first term, (d) a breakdown of all postsecondary courses for which this group received a grade of “no credit” during their first term, and (e) the number of the school’s completers who did not enter a postsecondary institution but who instead chose a postsecondary alternative such as employment or military service or for whom no information is available. 2. Each school must use the official form to submit the required data on its previous year’s completers. B. Career and Technology Education Completers Each district must survey all its high school graduates who are identified as career and technology education completers to determine their placement status with regard to employment, postsecondary education, and military service. A career and technology education completer is a student with an assigned Classification of Instructional Programs (CIP) code who has earned at least four units of credit in CATE courses leading to a career goal. The district must conduct the survey ten months after graduation each year and must submit the results annually to the SCDE for the purpose of federal and state accountability requirements. C. Student Records 1. Each school must have an appropriate means of reporting academic achievement to parents. 2. Each school district must maintain accurate student data according to the pupil accounting system prescribed by the SCDE . 3. Each school district must file a record of all dropouts that specifies for every student the name of the school in which he or she was enrolled and gives the following information on the student: his or her name, grade, race, sex, date of birth, free/reduced meals status, English proficiency status, and migrant status. 4. Each district superintendent must verify the accuracy of the student enrollment, attendance, membership by category, and dropout reports submitted to the SCDE’s Office of Finance. 5. Each school must comply with the Family Educational Rights and Privacy Act regarding student records (20 U.S.C. Section 1232(g)). D. Course Records for Students 1. Each district superintendent must verify the accuracy of course records for students. 2. The name and code number of every course that each student takes must be entered into the student data collection system active master scheduler at the time the student takes the course. Courses may not be added to the student’s course history (transcript) without first being entered into the scheduler. 3. <p>(4) In order to meet its responsibility under paragraphs (b)(2), (b)(3), and (c) of this section to ensure that children with disabilities who need instructional materials in accessible formats are provided those materials in a timely manner, the SEA must ensure that all public agencies take all reasonable steps to provide instructional materials in accessible formats to children with disabilities who need those instructional materials at the same time as other children receive instructional materials.</p> <p>c) Preparation and delivery of files. If the SEA chooses to coordinate with the NIMAC, as of December 3, 2006, the SEA must</p> <p>(1) As part of any print instructional materials adoption process, procurement contract, or other practice or instrument used for purchase of print instructional materials, must enter into a written contract with the publisher of the print instructional materials to</p> <p>(i) Require the publisher to prepare and, on or before delivery of the print instructional materials, provide to NIMAC electronic files containing the contents of the print instructional materials using the NIMAS; or</p> <p>(ii) Purchase instructional materials from the publisher that are produced in, or may be rendered in, specialized formats.</p> <p>(2) Provide instructional materials to blind persons or other persons with print disabilities in a timely manner.</p> <p>d) Assistive technology. In carrying out this section, the SEA, to the maximum extent possible, must work collaboratively with the State agency responsible for assistive technology programs.</p> <p>e) Definitions.</p> <p>(1) In this section and Section 300.210</p> <p>(i) Blind persons or other persons with print disabilities means children served under this part who may qualify to receive books and other publications produced in specialized formats in accordance with the Act entitled “An Act to provide books for adult blind,” approved March 3, 1931, 2 U.S.C 135a;</p> <p>(ii) National Instructional Materials Access Center or NIMAC means the center established pursuant to section 674(e) of the Act;</p> <p>(iii) National Instructional Materials Accessibility Standard or NIMAS has the meaning given the term in section 674(e)(3)(B) of the Act; (iv) Specialized formats has the meaning given the term in section 674(e)(3)(D) of the Act.</p> <p>(2) The definitions in paragraph (e)(1) of this section apply to each State and LEA, whether or not the State or LEA chooses to coordinate with the NIMAC.</p> <p>4. Overidentification and disproportionality. The State must have in effect, consistent with the purposes of this part and with section 618(d) of the Act, policies and procedures designed to prevent the inappropriate overidentification or disproportionate representation by race and ethnicity of children as children with disabilities, including children with disabilities with a particular impairment described in Section 300.8.</p> <p>5. Prohibition on mandatory medication.</p> <p>a) General. The SEA must prohibit State and LEA personnel from requiring parents to obtain a prescription for substances identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act (21 U.S.C. 812(c)) for a child as a condition of attending school, receiving an evaluation under Secs. 300.300 through 300.311, or receiving services under this part.</p> <p>b) Rule of construction. <p>2. SEA implementation of procedural safeguards. The SEA (and any agency assigned responsibility pursuant to Section 300.149(d)) must have in effect procedures to inform each public agency of its responsibility for ensuring effective implementation of procedural safeguards for the children with disabilities served by that public agency.</p> <p>K. State Complaint Procedures</p> <p>1. Adoption of State complaint procedures.</p> <p>a) General. Each SEA must adopt written procedures for</p> <p>(1) Resolving any complaint, including a complaint filed by an organization or individual from another State, that meets the requirements of Section 300.153 by providing for the filing of a complaint with the SEA; and</p> <p>(2) Widely disseminating to parents and other interested individuals, including parent training and information centers, protection and advocacy agencies, independent living centers, and other appropriate entities, the State procedures under Secs. 300.151 through 300.153.</p> <p>b) Remedies for denial of appropriate services. In resolving a complaint in which the SEA has found a failure to provide appropriate services, the SEA, pursuant to its general supervisory authority under Part B of the Act, must address</p> <p>(1) The failure to provide appropriate services, including corrective action appropriate to address the needs of the child (such as compensatory services or monetary reimbursement); and</p> <p>(2) Appropriate future provision of services for all children with disabilities.</p> <p>2. Minimum State complaint procedures.</p> <p>a) Time limit; minimum procedures. Each SEA must include in its complaint procedures a time limit of 60 days after a complaint is filed under Section 300.153 to</p> <p>(1) Carry out an independent on site investigation, if the SEA determines that an investigation is necessary;</p> <p>(2) Give the complainant the opportunity to submit additional information, either orally or in writing, about the allegations in the complaint;</p> <p>(3) Provide the public agency with the opportunity to respond to the complaint, including, at a minimum</p> <p>(i) At the discretion of the public agency, a proposal to resolve the complaint; and</p> <p>(ii) An opportunity for a parent who has filed a complaint and the public agency to voluntarily engage in mediation consistent with Section 300.506;</p> <p>(4) Review all relevant information and make an independent determination as to whether the public agency is violating a requirement of Part B of the Act or of this part; and</p> <p>(5) Issue a written decision to the complainant that addresses each allegation in the complaint and contains</p> <p>(i) Findings of fact and conclusions; and</p> <p>(ii) The reasons for the SEA’s final decision.</p> <p>b) Time extension; final decision; implementation. The SEA’s procedures described in paragraph (a) of this section also must</p> <p>(1) Permit an extension of the time limit under paragraph (a) of this section only if</p> <p>(i) Exceptional circumstances exist with respect to a particular complaint; or</p> <p>(ii) The parent and the public agency involved agree to extend the time to accept mediation pursuant to paragraph (c)(2)(vi) of this section, or to accept an alternative dispute</p>	Distribute funding to another entity; Other service or product our agency must/may provide	43-243 continued... <p>a) Except as provided in paragraph (2)(b) of this section, the SEA must determine that an LEA complies with paragraph (1) of this section for purposes of establishing the LEA’s eligibility for an award for a fiscal year if the LEA budgets, for the education of children with disabilities, at least the same total or per capita amount from either of the following sources as the LEA spent for that purpose from the same source for the most recent prior year for which information is available:</p> <p>(1) Local funds only.</p> <p>(2) The combination of State and local funds.</p> <p>b) An LEA that relies on paragraph (b)(1)(i) of this section for any fiscal year must ensure that the amount of local funds it budgets for the education of children with disabilities in that year is at least the same, either in total or per capita, as the amount it spent for that purpose in the most recent fiscal year for which information is available and the standard in paragraph (2)(a)(1) of this section was used to establish its compliance with this section.</p> <p>c) The SEA may not consider any expenditures made from funds provided by the Federal Government for which the SEA is required to account to the Federal Government or for which the LEA is required to account to the Federal Government directly or through the SEA in determining an LEA’s compliance with the requirement in paragraph (1) of this section.</p> <p>E. Exception to maintenance of effort. Notwithstanding the restriction in Section 300.203(a), an LEA may reduce the level of expenditures by the LEA under Part B of the Act below the level of those expenditures for the preceding fiscal year if the reduction is attributable to any of the following:</p> <p>1. The voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.</p> <p>2. A decrease in the enrollment of children with disabilities.</p> <p>3. The termination of the obligation of the agency, consistent with this part, to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child</p> <p>a) Has left the jurisdiction of the agency;</p> <p>b) Has reached the age at which the obligation of the agency to provide FAPE to the child has terminated; or</p> <p>c) No longer needs the program of special education.</p> <p>4. The termination of costly expenditures for long term purchases, such as the acquisition of equipment or the construction of school facilities.</p> <p>5. The assumption of cost by the high cost fund operated by the SEA under Section 300.704(c).</p> <p>F. Adjustment to local fiscal efforts in certain fiscal years.</p> <p>1. Amounts in excess. Notwithstanding Section 300.202(a)(2) and (b) and Section 300.203(a), and except as provided in paragraph (4) of this section and Section 300.230(e)(2), for any fiscal year for which the allocation received by an LEA under Section 300.705 exceeds the amount the LEA received for the previous fiscal year, the LEA may reduce the level of expenditures otherwise required by Section 300.203(a) by not more than 50 percent of the amount of that excess.</p> <p>2. Use of amounts to carry out activities under ESEA. If an LEA exercises the authority under paragraph (1) of this section, the LEA must use an amount of local funds equal to the reduction in expenditures under paragraph (1) of this section to carry out activities that could be supported with funds under the ESEA regardless of whether the LEA is using funds under the ESEA for those activities.</p> <p>3. <p>b) Authority of hearing officer.</p> <p>(1) A hearing officer under Section 300.511 hears, and makes a determination regarding an appeal under paragraph (a) of this section.</p> <p>(2) In making the determination under paragraph (b)(1) of this section, the hearing officer may</p> <p>(i) Return the child with a disability to the placement from which the child was removed if the hearing officer determines that the removal was a violation of Section 300.530 or that the child’s behavior was a manifestation of the child’s disability; or</p> <p>(ii) Order a change of placement of the child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.</p> <p>(3) The procedures under paragraphs (a) and (b)(1) and (2) of this section may be repeated, if the LEA believes that returning the child to the original placement is substantially likely to result in injury to the child or to others.</p> <p>c) Expedited due process hearing.</p> <p>(1) Whenever a hearing is requested under paragraph (a) of this section, the parents or the LEA involved in the dispute must have an opportunity for an impartial due process hearing consistent with the requirements of Secs. 300.507 and 300.508(a) through (c) and Secs. 300.510 through 300.514, except as provided in paragraph (c)(2) through (4) of this section.</p> <p>(2) The SEA or LEA is responsible for arranging the expedited due process hearing, which must occur within 20 school days of the date the complaint requesting the hearing is filed. The hearing officer must make a determination within 10 school days after the hearing.</p> <p>(3) Unless the parents and LEA agree in writing to waive the resolution meeting described in paragraph (c)(3)(i) of this section, or agree to use the mediation process described in Section 300.506</p> <p>(i) A resolution meeting must occur within seven days of receiving notice of the due process complaint; and</p> <p>(ii) The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within 15 days of the receipt of the due process complaint.</p> <p>(4) The decisions on expedited due process hearings are appealable consistent with Section 300.514.</p> <p>4. Placement during appeals. When an appeal under Section 300.532 has been made by either the parent or the LEA, the child must remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the time period specified in Section A300.530(c) or (g), whichever occurs first, unless the parent and the SEA or LEA agree otherwise.</p> <p>5. Protections for children not determined eligible for special education and related services.</p> <p>a) General. A child who has not been determined to be eligible for special education and related services under this part and who has engaged in behavior that violated a code of student conduct, may assert any of the protections provided for in this part if the public agency had knowledge (as determined in accordance with paragraph (b) of this section) that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.</p> <p>b) Basis of knowledge. A public agency must be deemed to have knowledge that a child is a child with a disability if before the behavior that precipitated the disciplinary action occurred</p> <p>(1) The parent of the child expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency, or a teacher of the child, that the child is in need of special education and related services.</p>	Distribute funding to another entity; Other service or product our agency must/may provide	43-243 continued... <p>h) Construction. Nothing in this part should be construed to alter the requirements imposed on a State Medicaid agency, or any other agency administering a public benefits or insurance program by Federal statute, regulations or policy under title XIX, or title XXI of the Social Security Act, 42 U.S.C. 1396 through 1396v and 42 U.S.C. 1397aa through 1397jj, or any other public benefits or insurance program.</p> <p>M. Additional Eligibility Requirements</p> <p>1. Hearings relating to LEA eligibility. The SEA must not make any final determination that an LEA is not eligible for assistance under Part B of the Act without first giving the LEA reasonable notice and an opportunity for a hearing under 34 CFR 76.401(d).</p> <p>2. Personnel qualifications.</p> <p>a) General. The SEA must establish and maintain qualifications to ensure that personnel necessary to carry out the purposes of this part are appropriately and adequately prepared and trained, including that those personnel have the content knowledge and skills to serve children with disabilities.</p> <p>b) Related services personnel and paraprofessionals. The qualifications under paragraph (a) of this section must include qualifications for related services personnel and paraprofessionals that</p> <p>(1) Are consistent with any State approved or State recognized certification, licensing, registration, or other comparable requirements that apply to the professional discipline in which those personnel are providing special education or related services; and</p> <p>(2) Ensure that related services personnel who deliver services in their discipline or profession</p> <p>(i) Meet the requirements of paragraph (b)(1) of this section; and</p> <p>(ii) Have not had certification or licensure requirements waived on an emergency, temporary, or provisional basis; and</p> <p>(iii) Allow paraprofessionals and assistants who are appropriately trained and supervised, in accordance with State law, regulation, or written policy, in meeting the requirements of this part to be used to assist in the provision of special education and related services under this part to children with disabilities.</p> <p>c) Qualifications for special education teachers. The qualifications described in paragraph (a) of this section must ensure that each person employed as a public school special education teacher in the State who teaches in an elementary school, middle school, or secondary school is highly qualified as a special education teacher by the deadline established in section 1119(a)(2) of the ESEA.</p> <p>d) Policy. In implementing this section, a State must adopt a policy that includes a requirement that LEAs in the State take measurable steps to recruit, hire, train, and retain highly qualified personnel to provide special education and related services under this part to children with disabilities.</p> <p>e) Rule of construction. Notwithstanding any other individual right of action that a parent or student may maintain under this part, nothing in this part shall be construed to create a right of action on behalf of an individual student or a class of students for the failure of a particular SEA or LEA employee to be highly qualified, or to prevent a parent from filing a complaint about staff qualifications with the SEA as provided for under this part.</p> <p>3. <p>(1) Each State must collect valid and reliable information as needed to report annually to the Secretary on the indicators established by the Secretary for the State performance plans.</p> <p>(2) If the Secretary permits States to collect data on specific indicators through State monitoring or sampling, and the State collects the data through State monitoring or sampling, the State must collect data on those indicators for each LEA at least once during the period of the State performance plan.</p> <p>(3) Nothing in Part B of the Act shall be construed to authorize the development of a nationwide database of personally identifiable information on individuals involved in studies or other collections of data under Part B of the Act.</p> <p>3. State use of targets and reporting.</p> <p>a) General. Each State must use the targets established in the State’s performance plan under Section 300.601 and the priority areas described in Section 300.600(d) to analyze the performance of each LEA.</p> <p>b) Public reporting and privacy</p> <p>(1) Public report.</p> <p>(i) Subject to paragraph (b)(1)(ii) of this section, the State must</p> <p>(A) Report annually to the public on the performance of each LEA located in the State on the targets in the State’s performance plan as soon as practicable but no later than 120 days following the State’s submission of its annual performance report to the Secretary under paragraph (b)(2) of this section; and</p> <p>(B) Make each of the following items available through public means: the State’s performance plan, under Section 300.601(a); annual performance reports, under paragraph (b)(2) of this section; and the State’s annual reports on the performance of each LEA located in the State, under paragraph (b)(1)(i)(A) of this section. In doing so, the State must, at a minimum, post the plan and reports on the SEA’s web site, and distribute the plan and reports to the media and through public agencies.</p> <p>(ii) If the State, in meeting the requirements of paragraph (b)(1)(i) of this section, collects performance data through State monitoring or sampling, the State must include in its report under paragraph (b)(1)(i)(A) of this section the most recently available performance data on each LEA, and the date the data were obtained.</p> <p>(2) State performance report. The State must report annually to the Secretary on the performance of the State under the State’s performance plan.</p> <p>(3) Privacy. The State must not report to the public or the Secretary any information on performance that would result in the disclosure of personally identifiable information about individual children, or where the available data are insufficient to yield statistically reliable information.</p> <p>4. (2) In matters alleging a procedural violation, a hearing officer may find that a child did not receive a FAPE only if the procedural inadequacies (i) Impeded the child's right to a FAPE; (ii) Significantly impeded the parent's opportunity to participate in the decision making process regarding the provision of a FAPE to the parent's child; or (iii) Caused a deprivation of educational benefit. (3) Nothing in paragraph (a) of this section shall be construed to preclude a hearing officer from ordering an LEA to comply with procedural requirements under Secs. 300.500 through 300.536. b) Construction clause. Nothing in Secs. 300.507 through 300.513 shall be construed to affect the right of a parent to file an appeal of the due process hearing decision with the SEA under Section 300.514(b), if a State level appeal is available. c) Separate request for a due process hearing. Nothing in Secs. 300.500 through 300.536 shall be construed to preclude a parent from filing a separate due process complaint on an issue separate from a due process complaint already filed. d) Findings and decision to advisory panel and general public. The public agency, after deleting any personally identifiable information, must (1) Transmit the findings and decisions referred to in Section 300.512(a)(5) to the State advisory panel established under Section 300.167; and (2) Make those findings and decisions available to the public. 15. Finality of decision; appeal; impartial review. a) Finality of hearing decision. A decision made in a hearing conducted pursuant to Secs. 300.507 through 300.513 or Secs. 300.530 through 300.534 is final, except that any party involved in the hearing may appeal the decision under the provisions of paragraph (b) of this section and Section 300.516. b) Appeal of decisions; impartial review. (1) If the hearing required by Section 300.511 is conducted by a public agency other than the SEA, any party aggrieved by the findings and decision in the hearing may appeal to the SEA. (2) If there is an appeal, the SEA must conduct an impartial review of the findings and decision appealed. The official conducting the review must (i) Examine the entire hearing record; (ii) Ensure that the procedures at the hearing were consistent with the requirements of due process; (iii) Seek additional evidence if necessary. If a hearing is held to receive additional evidence, the rights in Section 300.512 apply; (iv) Afford the parties an opportunity for oral or written argument, or both, at the discretion of the reviewing official; (v) Make an independent decision on completion of the review; and (vi) Give a copy of the written, or, at the option of the parents, electronic findings of fact and decisions to the parties. c) Findings and decision to advisory panel and general public. The SEA, after deleting any personally identifiable information, must (1) Transmit the findings and decisions referred to in paragraph (b)(2)(vi) of this section to the State advisory panel established under Section 300.167; and (2) Make those findings and decisions available to the public. (4) Finality of hearing decision. The decision made by the hearing officer is final, except that any party involved in the hearing may appeal the decision under the provisions of paragraph (b) of this section and Section 300.516. (3) A party may amend its due process complaint only if (i) The other party consents in writing to the amendment and is given the opportunity to resolve the due process complaint through a meeting held pursuant to Section 300.510; or (ii) The hearing officer grants permission, except that the hearing officer may only grant permission to amend at any time not later than five days before the due process hearing begins. (4) If a party files an amended due process complaint, the timelines for the resolution meeting in Section 300.510(a) and the time period to resolve in Section 300.510(b) begin again with the filing of the amended due process complaint. e) LEA response to a due process complaint. (1) If the LEA has not sent a prior written notice under Section 300.503 to the parent regarding the subject matter contained in the parent's due process complaint, the LEA must, within 10 days of receiving the due process complaint, send to the parent a response that includes (i) An explanation of why the agency proposed or refused to take the action raised in the due process complaint; (ii) A description of other options that the IEP Team considered and the reasons why those options were rejected; (iii) A description of each evaluation procedure, assessment, record, or report the agency used as the basis for the proposed or refused action; and (iv) A description of the other factors that are relevant to the agency's proposed or refused action. (2) A response by an LEA under paragraph (e)(1) of this section shall not be construed to preclude the LEA from asserting that the parent's due process complaint was insufficient, where appropriate. f) Other party response to a due process complaint. Except as provided in paragraph (e) of this section, the party receiving a due process complaint must, within 10 days of receiving the due process complaint, send to the other party a response that specifically addresses the issues raised in the due process complaint. 10. Model forms. a) Each SEA must develop model forms to assist parents and public agencies in filing a due process complaint in accordance with Secs. 300.507(a) and 300.508(a) through (c) and to assist parents and other parties in filing a State complaint under Secs. 300.151 through 300.153. However, the SEA or LEA may not require the use of the model forms. b) Parents, public agencies, and other parties may use the appropriate model form described in paragraph (a) of this section, or another form or other document, so long as the form or document that is used meets, as appropriate, the content requirements in Section 300.508(b) for filing a due process complaint, or the requirements in Section 300.153(b) for filing a State complaint. 11. Resolution process. a) Resolution meeting. (1) Within 15 days of receiving notice of the parent's due process complaint, and prior to the initiation of a due process hearing under Section 300.511, the LEA must convene a meeting with the parent and the relevant member or members of the IEP Team who have specific knowledge of the facts identified in the due process complaint that (i) Includes a representative of the public agency who has decision making authority on behalf of that agency; and (ii) May not include an attorney of the LEA unless the parent is accompanied by an attorney. (2) The purpose of the meeting is to further assist the child to resolve the due process complaint, and the facts that form the basis of the due process complaint, so that the LEA has the	Distribute funding to another entity; Other service or product our agency must/may provide	43-243 continued... <p>(3) Allocation of remaining funds. After making allocations under paragraph (b)(1) of this section, as adjusted by paragraph (b)(2) of this section, the State must</p> <p>(i) Allocate 85 percent of any remaining funds to those LEAs on the basis of the relative numbers of children enrolled in public and private elementary schools and secondary schools within the LEA's jurisdiction; and</p> <p>(ii) Allocate 15 percent of those remaining funds to those LEAs in accordance with their relative numbers of children living in poverty, as determined by the SEA.</p> <p>c) Reallocation of funds.</p> <p>(1) If the SEA determines that an LEA is adequately providing FAPE to all children with disabilities residing in the area served by that agency with State and local funds, the SEA may reallocate any portion of the funds under this part that are not needed by that LEA to provide FAPE to other LEAs in the State that are not adequately providing special education and related services to all children with disabilities residing in the areas served by those other LEAs. The SEA may also retain those funds to use at the State level to the extent the State has not reserved the maximum amount of funds it is permitted to reserve for State level activities pursuant to Section 300.704.</p> <p>(2) After the SEA distributes funds under this part to an eligible LEA that is not serving any children with disabilities, as provided in paragraph (a) of this section, the SEA must determine, within a reasonable period of time prior to the end of the carryover period in 34 CFR 76.709, whether the LEA has obligated the funds. The SEA may reallocate any of those funds not obligated by the LEA to other LEAs in the State that are not adequately providing special education and related services to all children with disabilities residing in the areas served by those other LEAs. The SEA may also retain those funds for use at the State level to the extent the State has not reserved the maximum amount of funds it is permitted to reserve for State level activities pursuant to Section 300.704.</p> <p>C. <p>(ii) Data. For the purpose of making grants under this section, the Secretary uses the most recent population data, including data on children living in poverty, that are available and satisfactory to the Secretary.</p> <p>(2) Limitations. Notwithstanding paragraph (c)(1) of this section, allocations under this section are subject to the following:</p> <p>(i) Preceding year allocation. No State’s allocation may be less than its allocation under section 611 of the Act for the preceding fiscal year.</p> <p>(ii) Minimum. No State’s allocation may be less than the greatest of</p> <p>(A) The sum of</p> <p>(1) The amount the State received under section 611 of the Act for fiscal year 1999; and</p> <p>(2) One third of one percent of the amount by which the amount appropriated under section 611(i) of the Act for the fiscal year exceeds the amount appropriated for section 611 of the Act for fiscal year 1999;</p> <p>(B) The sum of</p> <p>(1) The amount the State received under section 611 of the Act for the preceding fiscal year; and</p> <p>(2) That amount multiplied by the percentage by which the increase in the funds appropriated for section 611 of the Act from the preceding fiscal year exceeds 1.5 percent; or</p> <p>(C) The sum of</p> <p>(1) The amount the State received under section 611 of the Act for the preceding fiscal year; and</p> <p>(2) That amount multiplied by 90 percent of the percentage increase in the amount appropriated for section 611 of the Act from the preceding fiscal year.</p> <p>(iii) Maximum. Notwithstanding paragraph (c)(2)(ii) of this section, no State’s allocation under paragraph (a) of this section may exceed the sum of</p> <p>(A) The amount the State received under section 611 of the Act for the preceding fiscal year; and</p> <p>(B) That amount multiplied by the sum of 1.5 percent and the percentage increase in the amount appropriated under section 611 of the Act from the preceding fiscal year.</p> <p>(3) Ratable reduction. If the amount available for allocations to States under paragraph (c) of this section is insufficient to pay those allocations in full, those allocations are ratably reduced, subject to paragraph (c)(2)(i) of this section.</p> <p>d) Decrease in funds. If the amount available for allocations to States under paragraph (a) of this section for a fiscal year is less than the amount allocated to the States under section 611 of the Act for the preceding fiscal year, those allocations are calculated as follows:</p> <p>(1) Amounts greater than fiscal year 1999 allocations. If the amount available for allocations under paragraph (a) of this section is greater than the amount allocated to the States for fiscal year 1999, each State is allocated the sum of</p> <p>(i) 1999 amount. The amount the State received under section 611 of the Act for fiscal year 1999; and</p> <p>(ii) Remaining funds. An amount that bears the same relation to any remaining funds as the increase the State received under section 611 of the Act for the preceding fiscal year over fiscal year 1999 bears to the total of all such increases for all States.</p> <p>(2) Amounts equal to or less than fiscal year 1999 allocations</p> <p>(3) Special. Effective with funds that become available on July 1, 2009, each State must distribute funds to eligible LEAs that are responsible for providing education to children aged three through five years, including public charter schools that operate as LEAs, even if the LEA is not serving any preschool children with disabilities.</p> <p>M. Allocations to LEAs.</p> <p>1. Base payments. The State must first award each LEA described in Section 300.815 the amount that agency would have received under section 619 of the Act for fiscal year 1997 if the State had distributed 75 percent of its grant for that year under section 619(c)(3), as such section was then in effect.</p> <p>2. Base payment adjustments. For fiscal year 1998 and beyond</p> <p>a) If a new LEA is created, the State must divide the base allocation determined under paragraph (1) of this section for the LEAs that would have been responsible for serving children with disabilities now being served by the new LEA, among the new LEA and affected LEAs based on the relative numbers of children with disabilities ages three through five currently provided special education by each of the LEAs;</p> <p>b) If one or more LEAs are combined into a single new LEA, the State must combine the base allocations of the merged LEAs;</p> <p>c) If for two or more LEAs, geographic boundaries or administrative responsibility for providing services to children with disabilities ages three through five changes, the base allocations of affected LEAs must be redistributed among affected LEAs based on the relative numbers of children with disabilities ages three through five currently provided special education by each affected LEA; and</p> <p>d) If an LEA received a base payment of zero in its first year of operation, the SEA must adjust the base payment for the first fiscal year after the first annual child count in which the LEA</p>	Distribute funding to another entity; Other service or product our agency must/may provide	43-243 continued... <p>2. Modification made by an LEA or State agency. Subject to paragraph (3) of this section, policies and procedures submitted by an LEA or a State agency in accordance with this subpart remain in effect until the LEA or State agency submits to the SEA the modifications that the LEA or State agency determines are necessary.</p> <p>3. Modifications required by the SEA. The SEA will require an LEA or a State agency to modify its policies and procedures, but only to the extent necessary to ensure the LEA’s or State agency’s compliance with Part B of the Act or State law, if</p> <p>a) After December 3, 2004, the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the applicable provisions of the Act (or the regulations developed to carry out the Act) are amended;</p> <p>b) There is a new interpretation of an applicable provision of the Act by Federal or State courts; or</p> <p>c) There is an official finding of noncompliance with Federal or State law or regulations.</p> <p>P. Notification of LEA or State agency in case of ineligibility. If the SEA determines that an LEA or State agency is not eligible under Part B of the Act, then the SEA must</p> <p>1. Notify the LEA or State agency of that determination; and</p> <p>2. Provide the LEA or State agency with reasonable notice and an opportunity for a hearing.</p> <p>Q. Fiscal Sanctions. If the SEA finds that a LEA, special school, or other agency, herein referred to as an applicant, with the responsibility under state law for the provision of a FAPE to students with disabilities is failing to comply with any requirement described under Part B of the IDEA, the applicable federal or state regulations, or state policies and procedures related to the requirements of the IDEA, the SEA may impose sanctions, including the reduction, withholding, or recovery of payments made relative to the IDEA grant administered by the SEA. In accordance with Part B of the IDEA and the Education Division General Administrative Regulations (EDGAR) Title 34, Code of Federal Regulations Sections 75 and 76, the SEA shall provide reasonable notice and an opportunity for a hearing prior to taking any final action regarding the reduction, withholding, or recovery of payments to the applicant.</p> <p>1. Hearing Issues. The SEA shall provide the applicant with notification of the right to a hearing and the procedures for a hearing if the SEA determines</p> <p>a) An applicant is not eligible for assistance under Part B of the IDEA;</p> <p>b) An applicant, for three or more consecutive years, needs intervention or substantial intervention, in implementing the requirements of Part B of the IDEA;</p> <p>c) An applicant is unable or unwilling to consolidate with other applicants or agencies in accordance with the IDEA;</p> <p>d) An applicant failed to submit an accurate and unduplicated count of the number of students with disabilities receiving special education and related services, or in the case of children enrolled by their parents in private or home school programs, failed to accurately report the count of students eligible to receive special education and related services;</p> <p>e) An applicant is not meeting the requirements of Part B of the IDEA and the provision of a FAPE to students with disabilities and the applicant has not, or the SEA has reason to believe the applicant cannot, correct the problem within one year; or</p> <p>f) An applicant is not meeting any of the other federal or state requirements relative to Part B of the IDEA that allow the reduction, withholding, or recovery of funds.</p> <p>2. Hearing Appeals Panel. When a school district or public agency requests a hearing, in writing, the state superintendent of education (Superintendent) shall select a three member hearing panel to conduct the proceeding. The hearing panel shall consist of at least two of the SEA’s deputy superintendents or their designees, and one additional individual designated by the superintendent.</p> <p>3. <p>20. Surrogate parents.</p> <p>a) General. Each public agency must ensure that the rights of a child are protected when</p> <p>(1) No parent (as defined in Section 300.30) can be identified;</p> <p>(2) The public agency, after reasonable efforts, cannot locate a parent;</p> <p>(3) The child is a ward of the State under the laws of that State; or</p> <p>(4) The child is an unaccompanied homeless youth as defined in section 725(6) of the McKinney Vento Homeless Assistance Act (42 U.S.C. 11434a(6)).</p> <p>b) Duties of public agency. The duties of a public agency under paragraph (a) of this section include the assignment of an individual to act as a surrogate for the parents. This must include a method</p> <p>(1) For determining whether a child needs a surrogate parent; and</p> <p>(2) For assigning a surrogate parent to the child.</p> <p>c) Wards of the State. In the case of a child who is a ward of the State, the surrogate parent alternatively may be appointed by the judge overseeing the child’s case, provided that the surrogate meets the requirements in paragraphs (d)(2)(i) and (e) of this section.</p> <p>d) Criteria for selection of surrogate parents.</p> <p>(1) The public agency may select a surrogate parent in any way permitted in the State Department of Education, Office of Exceptional Children’s Policies and Procedures.</p> <p>(2) Public agencies must ensure that a person selected as a surrogate parent</p> <p>(i) Is not an employee of the SEA, the LEA, or any other agency that is involved in the education or care of the child;</p> <p>(ii) Has no personal or professional interest that conflicts with the interest of the child the surrogate parent represents; and</p> <p>(iii) Has knowledge and skills that ensure adequate representation of the child.</p> <p>e) Non employee requirement; compensation. A person otherwise qualified to be a surrogate parent under paragraph (d) of this section is not an employee of the agency solely because he or she is paid by the agency to serve as a surrogate parent.</p> <p>f) Unaccompanied homeless youth. In the case of a child who is an unaccompanied homeless youth, appropriate staff of emergency shelters, transitional shelters, independent living programs, and street outreach programs may be appointed as temporary surrogate parents without regard to paragraph (d)(2)(i) of this section, until a surrogate parent can be appointed that meets all of the requirements of paragraph (d) of this section.</p> <p>g) Surrogate parent responsibilities. The surrogate parent may represent the child in all matters relating to</p> <p>(1) The identification, evaluation, and educational placement of the child; and</p> <p>(2) The provision of FAPE to the child.</p> <p>h) SEA responsibility. The SEA must make reasonable efforts to ensure the assignment of a surrogate parent not more than 30 days after a public agency determines that the child needs a surrogate parent.</p> <p>31. <p>a) A public agency must control and administer the funds used to provide special education and related services under Secs. 300.137 through 300.139, and hold title to and administer materials, equipment, and property purchased with those funds for the uses and purposes provided in the Act.</p> <p>b) The public agency may place equipment and supplies in a private school for the period of time needed for the Part B program.</p> <p>c) The public agency must ensure that the equipment and supplies placed in a private school</p> <p>(1) Are used only for Part B purposes; and</p> <p>(2) Can be removed from the private school without remodeling the private school facility.</p> <p>d) The public agency must remove equipment and supplies from a private school if</p> <p>(1) The equipment and supplies are no longer needed for Part B purposes; or</p> <p>(2) Removal is necessary to avoid unauthorized use of the equipment and supplies for other than Part B purposes.</p> <p>e) No funds under Part B of the Act may be used for repairs, minor remodeling, or construction of private school facilities.</p> <p>H. Children With Disabilities in Private Schools Placed or Referred by Public Agencies</p> <p>1. Applicability of Secs. 300.146 through 300.147. Sections 300.146 through 300.147 apply only to children with disabilities who are or have been placed in or referred to a private school or facility by a public agency as a means of providing special education and related services.</p> <p>2. Responsibility of SEA. Each SEA must ensure that a child with a disability who is placed in or referred to a private school or facility by a public agency</p> <p>a) Is provided special education and related services</p> <p>(1) In conformance with an IEP that meets the requirements of Secs. 300.320 through 300.325; and</p> <p>(2) At no cost to the parents;</p> <p>b) Is provided an education that meets the standards that apply to education provided by the SEA and LEAs including the requirements of this part; and</p> <p>c) Has all of the rights of a child with a disability who is served by a public agency.</p> <p>3. Implementation by SEA. In implementing Section 300.146, the SEA must:</p> <p>a) Monitor compliance through procedures such as written reports, on site visits, and parent questionnaires;</p> <p>b) Disseminate copies of applicable standards to each private school and facility to which a public agency has referred or placed a child with a disability; and</p> <p>c) Provide an opportunity for those private schools and facilities to participate in the development and revision of State standards that apply to them.</p> <p>I. Children With Disabilities Enrolled by Their Parents in Private Schools When FAPE Is at Issue</p> <p>1. Placement of children by parents when FAPE is at issue.</p> <p>a) General. This part does not require an LEA to pay for the cost of education, including special education and related services, of a child with a disability at a private school or facility if that agency made FAPE available to the child and the parents elected to place the child in a private school or facility. However, the public agency must include that child in the population whose needs are addressed consistent with Secs. 300.131 through 300.144.</p> <p>b) State must develop FAPE. <p>a) General. To the extent consistent with the number and location of children with disabilities who are enrolled by their parents in private, including religious, elementary schools and secondary schools located in the school district served by the LEA, provision is made for the participation of those children in the program assisted or carried out under Part B of the Act by providing them with special education and related services, including direct services determined in accordance with Section 300.137, unless the Secretary has arranged for services to those children under the by pass provisions in Secs. 300.190 through 300.198.</p> <p>b) Services plan for parentally placed private school children with disabilities. In accordance with paragraph (a) of this section and Secs. 300.137 through 300.139, a services plan must be developed and implemented for each private school child with a disability who has been designated by the LEA in which the private school is located to receive special education and related services under this part.</p> <p>c) Record keeping. Each LEA must maintain in its records, and provide to the SEA, the following information related to parentally placed private school children covered under Secs. 300.130 through 300.144:</p> <p>(1) The number of children evaluated;</p> <p>(2) The number of children determined to be children with disabilities; and</p> <p>(3) The number of children served.</p> <p>4. Expenditures.</p> <p>a) Formula. To meet the requirement of Section 300.132(a), each LEA must spend the following on providing special education and related services (including direct services) to parentally placed private school children with disabilities:</p> <p>(1) For children between the ages of 3 and 21, an amount that is the same proportion of the LEA’s total subgrant under section 611(f) of the Act as the number of private school children with disabilities between the ages of 3 and 21 who are enrolled by their parents in private, including religious, elementary schools and secondary schools located in the school district served by the LEA, is to the total number of children with disabilities in its jurisdiction between the ages of 3 and 21.</p> <p>(2)(i) For children aged three through five, an amount that is the same proportion of the LEA’s total subgrant under section 619(g) of the Act as the number of parentally placed private school children with disabilities aged three through five who are enrolled by their parents in a private, including religious, elementary school located in the school district served by the LEA, is to the total number of children with disabilities in its jurisdiction aged three through five.</p> <p>(ii) As described in paragraph (a)(2)(i) of this section, children aged three through five are considered to be parentally placed private school children with disabilities enrolled by their parents in private, including religious, elementary schools, if they are enrolled in a private school that meets the definition of elementary school in Section 300.13.</p> <p>(3) If an LEA has not expended for equitable services all of the funds described in paragraphs (a)(1) and (a)(2) of this section by the end of the fiscal year for which Congress appropriated the funds, the LEA must obligate the remaining funds for special education and related services (including direct services) to parentally placed private school children with disabilities during a carry over period of one additional year.</p> <p>b) Calculating proportionate amount. In calculating the proportionate amount of Federal funds to be provided for parentally placed private school children with disabilities, the LEA, after timely and meaningful consultation with representatives of private schools under Section 300.134, must conduct a thorough and complete child find process to determine the number of parentally placed children with disabilities attending private schools located in the LEA.</p>	Distribute funding to another entity; Other service or product our agency must/may provide	43-243 continued... <p>a) No individual right to special education and related services. No parentally placed private school child with a disability has an individual right to receive some or all of the special education and related services that the child would receive if enrolled in a public school.</p> <p>b) Decisions.</p> <p>(1) Decisions about the services that will be provided to parentally placed private school children with disabilities under Secs. 300.130 through 300.144 must be made in accordance with paragraph (c) of this section and Section 300.134(c).</p> <p>(2) The LEA must make the final decisions with respect to the services to be provided to eligible parentally placed private school children with disabilities.</p> <p>c) Services plan for each child served under Secs. 300.130 through 300.144. If a child with a disability is enrolled in a religious or other private school by the child’s parents and will receive special education or related services from an LEA, the LEA must</p> <p>(1) Initiate and conduct meetings to develop, review, and revise a services plan for the child, in accordance with Section 300.138(b); and</p> <p>(2) Ensure that a representative of the religious or other private school attends each meeting. If the representative cannot attend, the LEA shall use other methods to ensure participation by the religious or other private school, including individual or conference telephone calls.</p> <p>9. Equitable services provided.</p> <p>a) General.</p> <p>(1) The services provided to parentally placed private school children with disabilities must be provided by personnel meeting the same standards as personnel providing services in the public schools, except that private elementary school and secondary school teachers who are providing equitable services to parentally placed private school children with disabilities do not have to meet the highly qualified special education teacher requirements of Section 300.18.</p> <p>(2) Parentally placed private school children with disabilities may receive a different amount of services than children with disabilities in public schools.</p> <p>b) Services provided in accordance with a services plan.</p> <p>(1) Each parentally placed private school child with a disability who has been designated to receive services under Section 300.132 must have a services plan that describes the specific special education and related services that the LEA will provide to the child in light of the services that the LEA has determined, through the process described in Secs. 300.134 and 300.137, it will make available to parentally placed private school children with disabilities.</p> <p>(2) The services plan must, to the extent appropriate</p> <p>(i) Meet the requirements of Section 300.320, or for a child ages three through five, meet the requirements of Section 300.323(b) with respect to the services provided; and</p> <p>(ii) Be developed, reviewed, and revised consistent with Secs. 300.321 through 300.324.</p> <p>c) Provision of equitable services.</p> <p>(1) The provision of services pursuant to this section and Secs. 300.139 through 300.143 must be provided:</p> <p>(i) By employees of a public agency; or</p> <p>(ii) Through contract by the public agency with an individual, association, agency, organization, or other entity.</p>	Distribute funding to another entity; Other service or product our agency must/may provide	43-243 continued... <p>b) Nothing in this part relieves an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a child with a disability.</p> <p>c) Consistent with Section 300.323(c), each public agency must ensure that there is no delay in implementing a child’s IEP, including any case in which the payment source for providing or paying for special education and related services to the child is being determined.</p> <p>2. Residential and alternative residence placements.</p> <p>a) If placement in a public or private residential program is necessary to provide special education and related services to a child with a disability, the program, including non medical care and room and board, must be at no cost to the parents of the child.</p> <p>b) If a child with a disability is placed by a public entity for therapeutic reasons in a public or private residential program, the responsibility for providing a FAPE to that child shall rest with the LEA wherein the residence is located. This includes children with disabilities who reside in alternative residences (such as foster homes, group homes, orphanages, residential treatment facilities, state operated healthcare facilities and state operated facilities for the treatment of mental illness or chemical dependence) that are located within the LEA.</p> <p>This does not apply to children residing in hospitals, emergency shelters, special schools, child care institutions, or private healthcare settings that are funded through other provisions and acts.</p> <p>3. Assistive technology.</p> <p>a) Each public agency must ensure that assistive technology devices or assistive technology services, or both, as those terms are defined in Secs. 300.5 and 300.6, respectively, are made available to a child with a disability if required as a part of the child’s</p> <p>(1) Special education under Section 300.36;</p> <p>(2) Related services under Section 300.34; or</p> <p>(3) Supplementary aids and services under Secs. 300.38 and 300.114(a)(2)(ii).</p> <p>b) On a case by case basis, the use of school purchased assistive technology devices in a child’s home or in other settings is required if the child’s IEP Team determines that the child needs access to those devices in order to receive FAPE.</p> <p>4. Extended school year services.</p> <p>a) General.</p> <p>(1) Each public agency must ensure that extended school year services are available as necessary to provide FAPE, consistent with paragraph (a)(2) of this section.</p> <p>(2) Extended school year services must be provided only if a child’s IEP Team determines, on an individual basis, in accordance with Secs. 300.320 through 300.324, that the services are necessary for the provision of FAPE to the child.</p> <p>(3) In implementing the requirements of this section, a public agency may not</p> <p>(i) Limit extended school year services to particular categories of disability; or</p> <p>(ii) Unilaterally limit the type, amount, or duration of those services.</p> <p>b) Definition. <p>b) The Secretary waives the requirement of section 612(a)(10)(A) of the Act and of Secs. 300.131 through 300.144 if the Secretary implements a by pass.</p> <p>2. Provisions for services under a by pass.</p> <p>a) Before implementing a by pass, the Secretary consults with appropriate public and private school officials, including SEA officials, in the affected State, and as appropriate, LEA or other public agency officials to consider matters such as</p> <p>(1) Any prohibition imposed by State law that results in the need for a by pass; and</p> <p>(2) The scope and nature of the services required by private school children with disabilities in the State, and the number of children to be served under the by pass.</p> <p>b) After determining that a by pass is required, the Secretary arranges for the provision of services to private school children with disabilities in the State, LEA or other public agency in a manner consistent with the requirements of section 612(a)(10)(A) of the Act and Secs. 300.131 through 300.144 by providing services through one or more agreements with appropriate parties.</p> <p>c) For any fiscal year that a by pass is implemented, the Secretary determines the maximum amount to be paid to the providers of services by multiplying</p> <p>(1) A per child amount determined by dividing the total amount received by the State under Part B of the Act for the fiscal year by the number of children with disabilities served in the prior year as reported to the Secretary under section 618 of the Act; by</p> <p>(2) The number of private school children with disabilities (as defined in Secs. 300.8(a) and 300.130) in the State, LEA or other public agency, as determined by the Secretary on the basis of the most recent satisfactory data available, which may include an estimate of the number of those children with disabilities.</p> <p>d) The Secretary deducts from the State's allocation under Part B of the Act the amount the Secretary determines is necessary to implement a by pass and pays that amount to the provider of services. The Secretary may withhold this amount from the State's allocation pending final resolution of any investigation or complaint that could result in a determination that a by pass must be implemented.</p> <p>3. Notice of intent to implement a by pass.</p> <p>a) Before taking any final action to implement a by pass, the Secretary provides the SEA and, as appropriate, LEA or other public agency with written notice.</p> <p>b) In the written notice, the Secretary</p> <p>(1) States the reasons for the proposed by pass in sufficient detail to allow the SEA and, as appropriate, LEA or other public agency to respond; and</p> <p>(2) Advises the SEA and, as appropriate, LEA or other public agency that it has a specific period of time (at least 45 days) from receipt of the written notice to submit written objections to the proposed by pass and that it may request in writing the opportunity for a hearing to show cause why a by pass should not be implemented.</p> <p>c) The Secretary sends the notice to the SEA and, as appropriate, LEA or other public agency by certified mail with return receipt requested.</p> <p>4. Request to show cause. The SEA, LEA or other public agency in receipt of a notice under Section 300.192 that seeks an opportunity to show cause why a by pass should not be implemented must submit a written request for a show cause hearing to the Secretary, within the specified time period in the written notice in Section 300.192(b)(2).</p> <p>5. The State may use funds the State reserves under paragraph (a) of this section for those administrative costs.</p> <p>(ii) A State must not use more than 5 percent of the funds the State reserves pursuant to paragraph (c)(1)(i) of this section for each fiscal year to support innovative and effective ways of cost sharing among consortia of LEAs.</p> <p>(3)(i) The SEA must develop, not later than 90 days after the State reserves funds under paragraph (c)(1)(i) of this section, annually review, and amend as necessary, a State plan for the high cost fund. Such State plan must</p> <p>(A) Establish, in consultation and coordination with representatives from LEAs, a definition of a high need child with a disability that, at a minimum</p> <p>(1) Addresses the financial impact a high need child with a disability has on the budget of the child's LEA; and</p> <p>(2) Ensures that the cost of the high need child with a disability is greater than 3 times the average per pupil expenditure (as defined in section 9101 of the ESEA) in that State;</p> <p>(B) Establish eligibility criteria for the participation of an LEA that, at a minimum, take into account the number and percentage of high need children with disabilities served by an LEA;</p> <p>(C) Establish criteria to ensure that placements supported by the fund are consistent with the requirements of Secs. 300.114 through 300.118;</p> <p>(D) Develop a funding mechanism that provides distributions each fiscal year to LEAs that meet the criteria developed by the State under paragraph(c)(3)(i)(B) of this section;</p> <p>(E) Establish an annual schedule by which the SEA must make its distributions from the high cost fund each fiscal year; and</p> <p>(F) If the State elects to reserve funds for supporting innovative and effective ways of cost sharing under paragraph (c)(1)(i)(B) of this section, describe how these funds will be used.</p> <p>(ii) The State must make its final State plan available to the public not less than 30 days before the beginning of the school year, including dissemination of such information on the State Web site.</p> <p>(4)(i) Each SEA must make all annual disbursements from the high cost fund established under paragraph (c)(1)(i) of this section in accordance with the State plan published pursuant to paragraph (c)(3) of this section.</p> <p>(ii) The costs associated with educating a high need child with a disability, as defined under paragraph (c)(3)(i)(A) of this section, are only those costs associated with providing direct</p> <p>special education and related services to the child that are identified in that child's IEP, including the cost of removal and based from residential placement determined necessary, consistent</p>	Distribute funding to another entity; Other service or product our agency must/may provide	43-243 continued... <p>c) State level nonsupplanting.</p> <p>(1) Except as provided in Section 300.202, funds paid to a State under Part B of the Act must be used to supplement the level of Federal, State, and local funds (including funds that are not under the direct control of the SEA or LEAs) expended for special education and related services provided to children with disabilities under Part B of the Act, and in no case to supplant those Federal, State, and local funds.</p> <p>(2) If the State provides clear and convincing evidence that all children with disabilities have available to them FAPE, the Secretary may waive, in whole or in part, the requirements of paragraph (c)(1) of this section if the Secretary concurs with the evidence provided by the State under Section 300.164.</p> <p>6. Maintenance of State financial support.</p> <p>a) General. A State must not reduce the amount of State financial support for special education and related services for children with disabilities, or otherwise made available because of the excess costs of educating those children, below the amount of that support for the preceding fiscal year.</p> <p>b) Reduction of funds for failure to maintain support. The Secretary reduces the allocation of funds under section 611 of the Act for any fiscal year following the fiscal year in which the State fails to comply with the requirement of paragraph (a) of this section by the same amount by which the State fails to meet the requirement.</p> <p>c) Waivers for exceptional or uncontrollable circumstances. The Secretary may waive the requirement of paragraph (a) of this section for a State, for one fiscal year at a time, if the Secretary determines that</p> <p>(1) Granting a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State; or</p> <p>(2) The State meets the standard in Section 300.164 for a waiver of the requirement to supplement, and not to supplant, funds received under Part B of the Act.</p> <p>d) Subsequent years. If, for any fiscal year, a State fails to meet the requirement of paragraph (a) of this section, including any year for which the State is granted a waiver under paragraph (c) of this section, the financial support required of the State in future years under paragraph (a) of this section shall be the amount that would have been required in the absence of that failure and not the reduced level of the State’s support.</p> <p>7. Waiver of requirement regarding supplementing and not supplanting with Part B funds.</p> <p>a) Except as provided under Secs. 300.202 through 300.205, funds paid to a State under Part B of the Act must be used to supplement and increase the level of Federal, State, and local funds (including funds that are not under the direct control of SEAs or LEAs) expended for special education and related services provided to children with disabilities under Part B of the Act and in no case to supplant those Federal, State, and local funds. A State may use funds it retains under Section 300.704(a) and (b) without regard to the prohibition on supplanting other funds.</p> <p>b) If a State provides clear and convincing evidence that all eligible children with disabilities throughout the State have FAPE available to them, the Secretary may waive for a period of one year in whole or in part the requirement under Section 300.162 (regarding State level nonsupplanting) if the Secretary concurs with the evidence provided by the State.</p> <p>c) If a State wishes to request a waiver under this section, it must submit to the Secretary a written request that includes</p> <p>(1) An assurance that FAPE is currently available, and will remain available throughout the period that a waiver would be in effect, to all eligible children with disabilities throughout the State, regardless of the public agency that is responsible for providing FAPE to them. D. Least Restrictive Environment (LRE) 1. LRE requirements. a) General. (1) Except as provided in Section 300.324(d)(2) (regarding children with disabilities in adult prisons), the State must have in effect policies and procedures to ensure that public agencies in the State meet the LRE requirements of this section and Secs. 300.115 through 300.120. (2) Each public agency must ensure that (i) To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are nondisabled; and (ii) Special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only if the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. b) Additional requirement State funding mechanism (1) General. (i) A State funding mechanism must not result in placements that violate the requirements of paragraph (a) of this section; and (ii) A State must not use a funding mechanism by which the State distributes funds on the basis of the type of setting in which a child is served that will result in the failure to provide a child with a disability FAPE according to the unique needs of the child, as described in the child's IEP. (2) Assurance. If the State does not have policies and procedures to ensure compliance with paragraph (b)(1) of this section, the State must provide the Secretary an assurance that the State will revise the funding mechanism as soon as feasible to ensure that the mechanism does not result in placements that violate that paragraph. 2. Continuum of alternative placements. a) Each public agency must ensure that a continuum of alternative placements is available to meet the needs of children with disabilities for special education and related services. b) The continuum required in paragraph (a) of this section must (1) Include the alternative placements listed in the definition of special education under Section 300.38 (instruction in regular classes, special classes, special schools, home instruction, and instruction in hospitals and institutions); and (2) Make provision for supplementary services (such as resource room or itinerant instruction) to be provided in conjunction with regular class placement. 3. Placements. In determining the educational placement of a child with a disability, including a preschool child with a disability, each public agency must ensure that a) The placement decision (1) Is made by a group of persons, including the parents, and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options; and (2) Is made in conformity with the LRE provisions of this subpart, including Secs. 300.114 through 300.118; b) The child's placement (1) Is determined at the earliest possible time; (2) Is determined at the least restrictive setting. S. Joint establishment of eligibility. 1. General. The SEA may require an LEA to establish its eligibility jointly with another LEA if the SEA determines that the LEA will be ineligible under this subpart because the agency will not be able to establish and maintain programs of sufficient size and scope to effectively meet the needs of children with disabilities. 2. Charter school exception. The SEA may not require a charter school that is an LEA to jointly establish its eligibility under paragraph (1) of this section unless the charter school is explicitly permitted to do so under the State's charter school statute. 3. Amount of payments. If the SEA requires the joint establishment of eligibility under paragraph (1) of this section, the total amount of funds made available to the affected LEAs must be equal to the sum of the payments that each LEA would have received under Section 300.705 if the agencies were eligible for those payments. T. Requirements for establishing eligibility. 1. Requirements for LEAs in general. LEAs that establish joint eligibility under this section must a) Adopt policies and procedures that are consistent with the State's policies and procedures under Secs. 300.101 through 300.163, and Secs. 300.165 through 300.174; and b) Be jointly responsible for implementing programs that receive assistance under Part B of the Act. 2. Requirements for educational service agencies in general. If an educational service agency is required by State law to carry out programs under Part B of the Act, the joint responsibilities given to LEAs under Part B of the Act a) Do not apply to the administration and disbursement of any payments received by that educational service agency; and b) Must be carried out only by that educational service agency. 3. Additional requirement. Notwithstanding any other provision of Secs. 300.223 through 300.224, an educational service agency must provide for the education of children with disabilities in the least restrictive environment, as required by Section 300.112. U. Early intervening services. 1. General. An LEA may not use more than 15 percent of the amount the LEA receives under Part B of the Act for any fiscal year, less any amount reduced by the LEA pursuant to Section 300.205, if any, in combination with other amounts (which may include amounts other than education funds), to develop and implement coordinated, early intervening services, which may include interagency financing structures, for students in kindergarten through grade 12 (with a particular emphasis on students in kindergarten through grade three) who are not currently identified as needing special education or related services, but who need additional academic and behavioral support to succeed in a general education environment. (See Appendix D for examples of how Section 300.205(d), regarding local maintenance of effort, and Section 300.226(a) affect one another.) 2. Activities. In implementing coordinated, early intervening services under this section, an LEA may carry out activities that include a) Professional development (which may be provided by entities other than LEAs) for teachers and other school staff to enable such personnel to deliver scientifically based academic and behavioral interventions, including scientifically based literacy instruction, and, where appropriate, instruction on the use of adaptive and instructional software; and b) Providing educational and behavioral evaluations, services, and supports, including scientifically based literacy instruction. 3. Construction. Nothing in this section shall be construed to either limit or create a right to FAPE under Part B of the Act or to delay appropriate evaluation of a child suspected of having a disability. <p>VII. Virtual Education Program Course Costs</p> <p>A. The SBE will determine when and if the virtual education program may charge fees and tuition. If program funds are either reduced or unavailable, the virtual education program may charge a fee to students . The virtual education program may charge a fee to students so long as the fee does not exceed the per pupil cost of the program. Students eligible for free and reduced lunch will not be charged.</p> <p>B. In addition, the virtual education program may contract with districts/schools to provide a course(s) to a class of students enrolled in that course during a specific period of the school day and/or districts/schools that wish to guarantee that their students are served regardless of their priority.</p> <p>VIII. Virtual Education Program Instructors</p> <p>A. Instructor Employment</p> <p>1. The SCDE is responsible for employing all virtual education program instructors.</p> <p>2. Instructors may be employed either as SCDE classified staff or as SCDE contracted adjunct staff.</p> <p>B. Instructor Qualifications</p> <p>1. A virtual education program instructor must either hold a valid teaching certificate (with attendant training, if required) in the subject area he or she is teaching or receive special approval from the SCDE on the basis of his or her credentials.</p> <p>2. An in state virtual education program instructor who does not hold a valid South Carolina teaching certificate or who has not been employed by a South Carolina public school district in the last five years must undergo a criminal records check by the South Carolina Law Enforcement Division. An out of state virtual education program instructor must undergo any criminal records check that the SCDE determines to be necessary.</p> <p>C. Instructor Requirements</p> <p>1. Virtual education program instructors must successfully complete all virtual education program pre service and in service training requirements.</p> <p>2. Training topics must include the development and organization of online courses; the technical aspects of online course delivery; the management of virtual classrooms; and the monitoring and assessment of student performance, progress, and achievement.</p> <p>D. Instructor Evaluation</p> <p>1. Virtual education program instructors who are SCDE classified staff will be evaluated in accordance with state laws and regulations. Virtual education program instructors who are SCDE contracted adjunct staff employed as temporary employees will be evaluated on the basis of the same criteria as are SCDE classified staff.</p> <p>2. Virtual education program instructors must meet all applicable Assisting, Developing, and Evaluating Professional Teaching (ADEPT) requirements.</p> <p>E. Instructor Loads</p> <p>1. I. DEFINITIONS (A) A “charter school” means a public, nonreligious, nonhome based, nonprofit corporation forming a school that operates by sponsorship of a public school district, the South Carolina Public Charter School District, or a public or independent institution of higher learning, but is accountable to the board of trustees, or in the case of technical colleges, the area commission, of the sponsor which grants its charter. Nothing in this chapter prohibits charter schools from offering virtual services pursuant to state law and subsequent regulations defining virtual schools. (B) “Applicant” means the person who or nonprofit corporate entity that desires to form a charter school and files the necessary application with the South Carolina Public Charter School District Board of Trustees, the local school board of trustees in which the charter school is to be located, or the board of trustees or area commission of a public or independent institution of higher learning. The applicant also must be the person who or the nonprofit corporate entity that applies to the Secretary of State to organize the charter school as a nonprofit corporation. (C) “Sponsor” means the South Carolina Public Charter School District Board of Trustees; the local school board of trustees in which the charter school is to be located, as provided by law; a public institution of higher learning, as defined in Section 59 103 5; or an independent institution of higher learning, as defined in Section 59 113 50, from which the charter school applicant requested its charter and which granted approval for the charter school’s existence. Only those public or independent institutions of higher learning, as defined in this subsection, who register with the South Carolina Department of Education may serve as charter school sponsors, and the department shall maintain a directory of those institutions. The sponsor of a charter school is the charter school’s local education agency (LEA) and a charter school is a school within that LEA. The sponsor retains responsibility for special education and shall ensure that students enrolled in its charter schools are served in a manner consistent with LEA obligations under applicable federal, state, and local law. (D) “Charter committee” means the governing body of a charter school formed by the applicant to govern through the application process and until the election of a board of directors is held. After the election, the board of directors of the corporation must be organized as the governing body and the charter committee is dissolved. (E) “Certified teacher” means a person currently certified by the State of South Carolina to teach in a public elementary or secondary school or who currently meets the qualifications outlined in Sections 59 27 10 and 59 25 115. (F) “Noncertified teacher” means an individual considered appropriately qualified for the subject matter taught and who has completed at least one year of study at an accredited college or university and meets the qualifications outlined in Section 59 25 115. (G) “Charter school contract” means a fixed term, renewable contract between a charter school and a sponsor that outlines the roles, powers, responsibilities, and performance expectations for each party to the contract. (H) “Resident public school” means the school, other than a charter school, within whose attendance boundaries the charter school student’s custodial parent or legal guardian resides.” (I) “Local school district” means any school district in the state except the South Carolina Public Charter School District and does not include special school districts. (J) “Scholastic year” means the year that begins on the first day of July of each year and ends on the thirtieth day of June following. II. <p>Certificate A Authorizes an individual to operate any school bus owned or leased by the State, a local school agency, a private contractor, a private school, or a childcare facility for the purpose of transporting school students.</p> <p>Certificate B Authorizes an individual to only operate an MFSAB owned or leased by a local school agency, a private contractor, a private school, or a childcare facility for the purpose of transporting school students.</p> <p>Certificate C Authorizes an individual to operate a school bus owned or leased by a private school or a childcare facility when the school bus is an FFSB. Additionally, the individual is authorized to operate an MFSAB owned or leased by a local school agency, a private contractor, a private school, or a childcare facility for the purpose of transporting school students.</p> <p>Certificate categories B and C are divided into two sub classifications: commercial vehicles and non commercial vehicles. The non commercial classification is established to certify individuals to only operate a school bus that is not classified as a Commercial Motor Vehicle by the South Carolina Department of Motor Vehicles (SCDMV).</p> <p>In order to obtain any one of the SCDE School Bus Driver’s Certificates, either an A, B, or C, an individual seeking certification or renewal must successfully complete all requirements established by this regulation and the related tests of the SCDE and SCDMV. Certificates are only issued by the SCDE.</p> <p>The SCDE School Bus Driver Certification Program includes requirements that are common to all three (3) certificate categories plus requirements that are unique to a driver certificate category.</p> <p>The common requirements that all drivers must satisfy for issuance and renewal of an SCDE School Bus Driver’s Certificate are as follows.</p> <p>1. Driver candidates must not have or have had in the past twelve (12) months more than four (4) points against his/her driver license or driving Motor Vehicle Record (MVR).</p> <p>2. Driver candidates shall successfully complete the SCDE School Bus Driver’s Classroom Training Program.</p> <p>3. Driver candidates shall have a physical examination administered by a qualified medical examiner; the driver must pass the examination every two years, or more frequently if directed by the medical examiner. The physical examination shall be administered using an “SCDE Medical Examination Report for Commercial Driver Fitness Determination” form provided by the South Carolina Department of Education or the United States Department of Transportation “Medical Examination Report” form. The driver candidate must provide the certificate testing administrator his or her qualifying Medical Examination Report prior to taking the school bus driver physical performance test and the commercial driver’s license skills test. The school bus driver candidate must provide a copy of the qualifying Medical Examination Report to his or her employer. An employer may require additional physical examinations as the employer determines to be appropriate. The State assumes no responsibility for the cost incurred by the employer or driver for the physical examinations required by this regulation.</p> <p>4. Driver candidates shall successfully pass the SCDE School Bus Driver Physical Performance Tests.</p> <p>5. Driver candidates shall successfully complete a minimum of 10 hours of SCDE Behind the Wheel Road Skills Training, for initial issuance only.</p> <p>6. Driver candidates shall pass the SCDE Behind the Wheel Road Skills Examination.</p> <p>7. Drivers must show proof that they are covered by and will continue to be covered by a substance abuse program. The program must comply with state and Federal laws requiring drivers to participate in a drug and alcohol testing program encompassing at a minimum: (1) a substance abuse policy; (2) a substance abuse education program; (3) substance abuse testing (including pre employment, reasonable suspension, post accident, and random selection testing); and (4) a substance abuse referral assistance program. The substance abuse testing program shall comply with the U. S. Department of Transportation Regulation, Title 49, Chapter III, Section 382 et al., and Federal Highway Administration for testing drivers of commercial vehicles.</p>	Distribute funding to another entity; Other service or product our agency must/may provide	43-80 continued... <p>(a) Elementary and middle schools—(1) Choice of indicator. To determine AYP, consistent with §200.14(e), each State must use at least one other academic indicator for public elementary schools and at least one other academic indicator for public middle schools, such as those in paragraph (c) of this section.</p> <p>(2) Goals. A State may, but is not required to, increase the goals of its other academic indicators over the course of the timeline under §200.15.</p> <p>(3) Reporting. A State and its LEAs must report under section 1111(h) of the Act (annual report cards) performance on the academic indicators for elementary and middle schools at the school, LEA, and State levels in the aggregate and disaggregated by each subgroup described in §200.13(b)(7)(ii).</p> <p>(4) Determining AYP. A State—</p> <p>(i) Must disaggregate its other academic indicators for elementary and middle schools by each subgroup described in §200.13(b)(7)(ii) for purposes of determining AYP under §200.20(b)(2) (“safe harbor”) and as required under section 1111(b)(2)(C)(vii) of the Act (additional academic indicators under paragraph (c) of this section); but (ii) Need not disaggregate those indicators for determining AYP under §200.20(a)(1)(ii) (meeting the State's annual measurable objectives).</p> <p>(b) High schools—(1) Graduation rate. Consistent with paragraphs (b)(4) and (b)(5) of this section regarding reporting and determining AYP, respectively, each State must calculate a graduation rate, defined as follows, for all public high schools in the State:</p> <p>(i)(A) A State must calculate a “four-year adjusted cohort graduation rate,” defined as the number of students who graduate in four years with a regular high school diploma divided by the number of students who form the adjusted cohort for that graduating class.</p> <p>(B) For those high schools that start after grade nine, the cohort must be calculated based on the earliest high school grade.</p> <p>(ii) The term “adjusted cohort” means the students who enter grade 9 (or the earliest high school grade) and any students who transfer into the cohort in grades 9 through 12 minus any students removed from the cohort.</p> <p>(A) The term “students who transfer into the cohort” means the students who enroll after the beginning of the entering cohort's first year in high school, up to and including in grade 12.</p> <p>(B) To remove a student from the cohort, a school or LEA must confirm in writing that the student transferred out, emigrated to another country, or is deceased.</p>	Requires a service	Adequate Yearly Progress (AYP) ; §200.19 Other academic indicators	Federal	Statute

(a) General. For each LEA not on the Census list (hereinafter referred to as a “new” LEA), an SEA must determine the number of formula children and the number of children ages 5 to 17, inclusive, in that LEA. (b) Determining LEA eligibility. An SEA must determine basic grant, concentration grant, targeted grant, and education finance incentive grant eligibility for each new LEA and re-determine eligibility for the LEAs on the Census list, as appropriate, based on the number of formula children and children ages 5 to 17, inclusive, determined in paragraph (a) of this section. (c) Adjusting LEA allocations. An SEA must adjust the LEA allocations calculated by the Secretary to determine allocations for eligible new LEAs based on the number of formula children determined in paragraph (a) of this section. (a) General. (1) Except as authorized under paragraph (c) of this section and §200.100(d)(2), an SEA may not reduce the allocation of an eligible LEA below the hold-harmless amounts established under paragraph (a)(4) of this section. (2) The hold-harmless protection limits the maximum reduction of an LEA's allocation compared to the LEA's allocation for the preceding year. (3) Except as provided in §200.100(d), an SEA must apply the hold-harmless requirement separately for basic grants, concentration grants, targeted grants, and education finance incentive grants as described in paragraph (a)(4) of this section. (4) Under section 1122(c) of the ESEA, the hold-harmless percentage varies based on the LEA's proportion of formula children, as shown in the following table: LEA's number of formula children ages 5 to 17, inclusive, as a percentage of its total population of children ages 5 to 17, inclusive Hold-harmless percentage Applicable grant formulas (i) 30% or more (ii) 15% or more but less than 30% (iii) Less than 15% 95 90 85 Basic Grants, Concentration Grants, Targeted Grants, and Education Finance Incentive Grants. (b) Targeted grants and education finance incentive grants. The number of formula children used to determine the hold-harmless percentage is the number before applying the weights described in section 1125 and section 1125A of the ESEA. (c) Adjustment for insufficient funds. If the amounts made available to the State are insufficient to pay the full amount that each LEA is eligible to receive under paragraph (a)(4) of this section, the SEA must ratably reduce the allocations for all LEAs in the State to the amount available. (d) Eligibility for hold-harmless protection. (1) An LEA must meet the eligibility requirements for a basic grant, targeted grant, or education finance incentive grant under §200.71 in order for the applicable hold-harmless provision to apply. (2) An LEA not meeting the eligibility requirements for a concentration grant under §200.71 must be paid its hold-harmless amount for four consecutive years. <p>D. Application and Submission Information</p> <p>1. Address to Request Application Package—Required. Potential applicants must be told how to get application forms, kits, or other materials needed to apply (if this announcement contains everything needed, this section need only say so). An Internet address where the materials can be accessed is acceptable. However, since high-speed Internet access is not yet universally available for downloading documents, and applicants may have additional accessibility requirements, there also should be a way for potential applicants to request paper copies of materials, such as a U.S. Postal Service mailing address, telephone or FAX number, Telephone Device for the Deaf (TDD), Text Telephone (TTY) number, and/or Federal Information Relay Service (FIRS) number.</p> <p>2. Content and Form of Application Submission—Required. This section must identify the required content of an application and the forms or formats that an applicant must use to submit it. If any requirements are stated elsewhere because they are general requirements that apply to multiple programs or funding opportunities, this section should refer to where those requirements may be found. This section also should include required forms or formats as part of the announcement or state where the applicant may obtain them.</p> <p>This section should specifically address content and form or format requirements for:</p> <p>i. Pre-applications, letters of intent, or white papers required or encouraged (see Section D.4), including any limitations on the number of pages or other formatting requirements similar to those for full applications.</p> <p>ii. The application as a whole. For all submissions, this would include any limitations on the number of pages, font size and typeface, margins, paper size, number of copies, and sequence or assembly requirements. If electronic submission is permitted or required, this could include special requirements for formatting or signatures.</p> <p>iii. Component pieces of the application (e.g., if all copies of the application must bear original signatures on the face page or the program narrative may not exceed 10 pages). This includes any pieces that may be submitted separately by third parties (e.g., references or letters confirming commitments from third parties that will be contributing a portion of any required cost sharing).</p> <p>iv. Information that successful applicants must submit after notification of intent to make a Federal award, but prior to a Federal award. This could include evidence of compliance with requirements relating to human subjects or information needed to comply with the National Environmental Policy Act (NEPA) (42 U.S.C. 4321-4370h).</p> <p>3. Unique entity identifier and System for Award Management (SAM)—Required.</p> <p><i>This announcement must state clearly that each applicant (unless the applicant is an individual or Federal awarding agency that is exempt from these requirements under 2 CFR 525.440(h))</i></p>	Requires a service	Appendix I; Appendix I to Part 200—Full Text of Notice of Funding Opportunity continued...	Federal	Statute	
<p>E. Application Review Information</p> <p>1. Criteria—Required. This section must address the criteria that the Federal awarding agency will use to evaluate applications. This includes the merit and other review criteria that evaluators will use to judge applications, including any statutory, regulatory, or other preferences (e.g., minority status or Native American tribal preferences) that will be applied in the review process. These criteria are distinct from eligibility criteria that are addressed before an application is accepted for review and any program policy or other factors that are applied during the selection process, after the review process is completed. The intent is to make the application process transparent so applicants can make informed decisions when preparing their applications to maximize fairness of the process. The announcement should clearly describe all criteria, including any sub-criteria. If criteria vary in importance, the announcement should specify the relative percentages, weights, or other means used to distinguish among them. For statutory, regulatory, or other preferences, the announcement should provide a detailed explanation of those preferences with an explicit indication of their effect (e.g., whether they result in additional points being assigned).</p> <p>If an applicant's proposed cost sharing will be considered in the review process (as opposed to being an eligibility criterion described in Section C.2), the announcement must specifically address how it will be considered (e.g., to assign a certain number of additional points to applicants who offer cost sharing, or to break ties among applications with equivalent scores after evaluation against all other factors). If cost sharing will not be considered in the evaluation, the announcement should say so, so that there is no ambiguity for potential applicants. Vague statements that cost sharing is encouraged, without clarification as to what that means, are unhelpful to applicants. It also is important that the announcement be clear about any restrictions on the types of cost (e.g., in-kind contributions) that are acceptable as cost sharing.</p> <p>2. Review and Selection Process—Required. This section may vary in the level of detail provided. The announcement must list any program policy or other factors or elements, other than merit criteria, that the selecting official may use in selecting applications for Federal award (e.g., geographical dispersion, program balance, or diversity). The Federal awarding agency may also include other appropriate details. For example, this section may indicate who is responsible for evaluation against the merit criteria (e.g., peers external to the Federal awarding agency or Federal awarding agency personnel) and/or who makes the final selections for Federal awards. If there is a multi-phase review process (e.g., an external panel advising internal Federal awarding agency personnel who make final recommendations to the deciding official), the announcement may describe the phases. It also may include: the number of people on an evaluation panel and how it operates, the way reviewers are selected, reviewer qualifications, and the way that conflicts of interest are avoided. With respect to electronic methods for providing information about funding opportunities or accepting applicants' submissions of information, each Federal awarding agency is responsible for compliance with Section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d).</p> <p>In addition, if the Federal awarding agency permits applicants to nominate suggested reviewers of their applications or suggest those they feel may be inappropriate due to a conflict of interest, that information should be included in this section.</p> <p>3. Anticipated Announcement and Federal Award Dates—Optional. This section is intended to provide applicants with information they can use for planning purposes. If there is a single application deadline followed by the simultaneous review of all applications, the Federal awarding agency may include in this section information about the anticipated dates for</p>	Requires a service	Appendix I; Appendix I to Part 200—Full Text of Notice of Funding Opportunity continued... <p>The full text of the notice of funding opportunity is organized in sections. The required format outlined in this appendix indicates immediately following the title of each section whether that section is required in every announcement or is a Federal awarding agency option. The format is designed so that similar types of information will appear in the same sections in announcements of different Federal funding opportunities. Toward that end, there is text in each of the following sections to describe the types of information that a Federal awarding agency would include in that section of an actual announcement.</p> <p>A Federal awarding agency that wishes to include information that the format does not specifically discuss may address that subject in whatever section(s) is most appropriate. For example, if a Federal awarding agency chooses to address performance goals in the announcement, it might do so in the funding opportunity description, the application content, or the reporting requirements.</p> <p>Similarly, when this format calls for a type of information to be in a particular section, a Federal awarding agency wishing to address that subject in other sections may elect to repeat the information in those sections or use cross references between the sections (there should be hyperlinks for cross-references in any electronic versions of the announcement). For example, a Federal awarding agency may want to include Section A information about the types of non-Federal entities who are eligible to apply. The format specifies a standard location for that information in Section C.1 but does not preclude repeating the information in Section A or creating a cross reference between Section A and C.1, as long as a potential applicant can find the information quickly and easily from the standard location.</p> <p>The sections of the full text of the announcement are described in the following paragraphs.</p> <p>A. Program Description—Required This section contains the full program description of the funding opportunity. It may be as long as needed to adequately communicate to potential applicants the areas in which funding may be provided. It describes the Federal awarding agency's funding priorities or the technical or focus areas in which the Federal awarding agency intends to provide assistance. As appropriate, it may include any program history (e.g., whether this is a new program or a new or changed area of program emphasis). This section may communicate indicators of successful projects (e.g., if the program encourages collaborative efforts) and may include examples of projects that have been funded previously. This section also may include other information the Federal awarding agency deems necessary, and must at a minimum include citations for authorizing statutes and regulations for the funding opportunity.</p> <p>B. Federal Award Information—Required This section provides sufficient information to help an applicant make an informed decision about whether to submit a proposal. Relevant information could include the total amount of funding that the Federal awarding agency expects to award through the announcement; the anticipated number of Federal awards; the expected amounts of individual Federal awards (which may be a range); the amount of funding per Federal award, on average, experienced in previous years; and the anticipated start dates and periods of performance for new Federal awards. This section also should describe the application format and any other information that is necessary to assist applicants in preparing their proposals.</p>	Requires a service	Appendix I; Appendix I to Part 200—Full Text of Notice of Funding Opportunity	Federal	Statute	
<p>In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.</p> <p>(A) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.</p> <p>(B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.</p> <p>(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”</p> <p>(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.</p> <p>(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to comply with the wages of four mechanics and laborers on the basis of a standard workweek of 40 hours. <p>6. Provisional and Final Rates for Indirect (F&A) Costs</p> <p>Where the cognizant agency for indirect costs determines that cost experience and other pertinent facts do not justify the use of predetermined rates, or a fixed rate with a carry-forward, or if the parties cannot agree on an equitable rate, a provisional rate must be established. To prevent substantial overpayment or underpayment, the provisional rate may be adjusted by the cognizant agency for indirect costs during the institution's fiscal year. Predetermined or fixed rates may replace provisional rates at any time prior to the close of the institution's fiscal year. If a provisional rate is not replaced by a predetermined or fixed rate prior to the end of the institution's fiscal year, a final rate will be established and upward or downward adjustments will be made based on the actual allowable costs incurred for the period involved.</p> <p>7. Fixed Rates for the Life of the Sponsored Agreement</p> <p>Except as provided in paragraph (c)(1) of §200.414 Indirect (F&A) costs, Federal agencies must use the negotiated rates, must paragraph (b)(1) for indirect (F&A) costs in effect at the time of the initial award throughout the life of the Federal award. Award levels for Federal awards may not be adjusted in future years as a result of changes in negotiated rates. “Negotiated rates” per the rate agreement include final, fixed, and predetermined rates and exclude provisional rates. “Life” for the purpose of this subsection means each competitive segment of a project. A competitive segment is a period of years approved by the Federal awarding agency at the time of the Federal award. If negotiated rate agreements do not extend through the life of the Federal award at the time of the initial award, then the negotiated rate for the last year of the Federal award must be extended through the end of the life of the Federal award.</p> <p>b. Except as provided in §200.414 Indirect (F&A) costs, when an educational institution does not have a negotiated rate with the Federal Government at the time of an award (because the educational institution is a new recipient or the parties cannot reach agreement on a rate), the provisional rate used at the time of the award must be adjusted once a rate is negotiated and approved by the cognizant agency for indirect costs.</p> <p>8. Limitation on Reimbursement of Administrative Costs</p> <p>a. Notwithstanding the provisions of subsection C.1.a, the administrative costs charged to Federal awards awarded or amended (including continuation and renewal awards) with effective dates beginning on or after the start of the institution's first fiscal year which begins on or after October 1, 1991, must be limited to 26% of modified total direct costs (as defined in subsection 2) for the total of General Administration and General Expenses, Departmental Administration, Sponsored Projects Administration, and Student Administration and Services (including their allocable share of depreciation, interest costs, operation and maintenance expenses, and fringe benefits costs, as provided by Section B, Identification and assignment of indirect (F&A) costs, and all other types of expenditures not listed specifically under one of the subcategories of facilities in Section B.</p> <p>b. Institutions should not change their accounting or cost allocation methods if the effect is to change the charging of a particular type of cost from F&A to direct, or to reclassify costs, or increase allocations from the administrative pools identified in paragraph B.1 of this Appendix to the other F&A cost pools or fringe benefits. Cognizant agencies for indirect cost are authorized to allow changes where an institution's charging practices are at variance with acceptable practices followed by a substantial majority of other institutions.</p>	Requires a service	Appendix III; Appendix III to Part 200—Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Institutions of Higher Education (IHEs) continued... <p>7. Sponsored Projects Administration</p> <p>a. The expenses under this heading are limited to those incurred by a separate organization(s) established primarily to administer sponsored projects, including such functions as grant and contract administration (Federal and non-Federal), special security, purchasing, personnel, administration, and editing and publishing of research and other reports. They include the salaries and expenses of the head of such organization, assistants, and immediate staff, together with the salaries and expenses of personnel engaged in supporting activities maintained by the organization, such as stock rooms, print shops, and the like. This category also includes an allocable share of fringe benefit costs, general administration and general expenses, operation and maintenance expenses, and depreciation. Appropriate adjustments will be made for services provided to other functions or organizations.</p> <p>b. In the absence of the alternatives provided for in Section A.2.d, the expenses included in this category must be allocated to the major functions of the institution under which the sponsored projects are conducted on the basis of the modified total cost of sponsored projects.</p> <p>c. An appropriate adjustment must be made to eliminate any duplicate charges to Federal awards when this category includes similar or identical activities as those included in the general administration and general expense category or other indirect (F&A) cost items, such as accounting, procurement, or personnel administration.</p> <p>8. Library Expenses</p> <p>a. The expenses under this heading are those that have been incurred for the operation of the library, including the cost of books and library materials purchased for the library, less any items of library income that qualify as applicable credits under §200.406 Applicable credits. The library expense category should also include the fringe benefits applicable to the salaries and wages included therein, an appropriate share of general administration and general expense, operation and maintenance expense, and depreciation. Costs incurred in the purchases of rare books (museum-type books) with no value to Federal awards should not be allocated to them.</p> <p>b. In the absence of the alternatives provided for in Section A.2.d, the expenses included in this category must be allocated first on the basis of primary categories of users, including students, professional employees, and other users.</p> <p>(1) The student category must consist of full-time equivalent students enrolled at the institution, regardless of whether they earn credits toward a degree or certificate.</p> <p>(2) The professional employee category must consist of all faculty members and other professional employees of the institution, on a full-time equivalent basis. This category may also include post-doctorate fellows and graduate students.</p> <p>(3) The other users category must consist of a reasonable factor as determined by institutional records to account for all other users of library facilities.</p>	Requires a service	Appendix III; Appendix III to Part 200—Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Institutions of Higher Education (IHEs) continued... <p>A. General</p> <p>This appendix provides criteria for identifying and computing indirect (or indirect (F&A)) rates at IHEs (institutions). Indirect (F&A) costs are those that are incurred for common or joint objectives and therefore cannot be identified readily and specifically with a particular sponsored project, an instructional activity, or any other institutional activity. See subsection B.1, Definition of Facilities and Administration, for a discussion of the components of indirect (F&A) costs.</p> <p>1. Major Functions of an Institution</p> <p>Refers to instruction, organized research, other sponsored activities and other institutional activities as defined in this section:</p> <p>a. Instruction means the teaching and training activities of an institution. Except for research training as provided in subsection b, this term includes all teaching and training activities, whether they are offered for credits toward a degree or certificate or on a non-credit basis, and whether they are offered through regular academic departments or separate divisions, such as a summer school division or an extension division. Also considered part of this major function are departmental research, and, where agreed to, university research.</p> <p>(1) Sponsored instruction and training means specific instructional or training activity established by grant, contract, or cooperative agreement. For purposes of the cost principles, this activity may be considered a major function even though an institution's accounting treatment may include it in the instruction function.</p> <p>(2) Departmental research means research, development and scholarly activities that are not organized research and, consequently, are not separately budgeted and accounted for. Departmental research, for purposes of this document, is not considered as a major function, but as a part of the instruction function of the institution.</p> <p>(3) Only mandatory cost sharing or cost sharing specifically committed in the project budget must be included in the organized research base for computing the indirect (F&A) cost rate or reflected in any allocation of indirect costs. Salary costs above statutory limits are not considered cost sharing.</p> <p>b. Organized research means all research and development activities of an institution that are separately budgeted and accounted for. It includes:</p> <p>(1) Sponsored research means all research and development activities that are sponsored by Federal and non-Federal agencies and organizations. This term includes activities involving the training of individuals in research techniques (commonly called research training) where such activities utilize the same facilities as other research and development activities and where such activities are not included in the instruction function.</p> <p>(2) University research means all research and development activities that are separately budgeted and accounted for by the institution under an internal application of institutional funds. University research for purposes of this document must be combined with sponsored research under the function of sponsored research.</p>	Requires a service	Appendix III; Appendix III to Part 200—Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Institutions of Higher Education (IHEs)	Federal	Statute	
<p>3. Multiple Allocation Base Method</p> <p>a. General. Where an organization's indirect costs benefit its major functions in varying degrees, indirect costs must be accumulated into separate cost groupings, as described in subparagraph b. Each grouping must then be allocated individually to benefitting functions by means of a base which best measures the relative benefits. The default allocation bases by cost pool are described in section B.3.c of this Appendix.</p> <p>b. Identification of indirect costs. Cost groupings must be established so as to permit the allocation of each grouping on the basis of benefits provided to the major functions. Each grouping must constitute a pool of expenses that are of like character in terms of functions they benefit and in terms of the allocation base which best measures the relative benefits provided to each function. The groupings are classified within the two broad categories: "Facilities" and "Administration," as described in section A.3 of this Appendix. The indirect cost pools are defined as follows:</p> <p>(1) Depreciation. The expenses under this heading are the portion of the costs of the organization's buildings, capital improvements to land and buildings, and equipment which are computed in accordance with §200.436 Depreciation.</p> <p>(2) Interest. Interest on debt associated with certain buildings, equipment and capital improvements are computed in accordance with §200.449 Interest.</p> <p>(3) Operation and maintenance expenses. The expenses under this heading are those that have been incurred for the administration, operation, maintenance, preservation, and protection of the organization's physical plant. They include expenses normally incurred for such items as: janitorial and utility services; repairs and ordinary or normal alterations of buildings, furniture and equipment; care of grounds; maintenance and operation of buildings and other plant facilities; security; earthquake and disaster preparedness; environmental safety; hazardous waste disposal; property, liability and other insurance relating to property; space and capital leasing; facility planning and management; and central receiving. The operation and maintenance expenses category must also include its allocable share of fringe benefit costs, depreciation, and interest costs.</p> <p>(4) General administration and general expenses. The expenses under this heading are those that have been incurred for the overall general executive and administrative offices of the organization and other expenses of a general nature which do not relate solely to any major function of the organization. This category must also include its allocable share of fringe benefit costs, operation and maintenance expense, depreciation, and interest costs. Examples of this category include central offices, such as the director's office, the office of finance, business services, budget and planning, personnel, safety and risk management, general counsel, management information systems, and library costs.</p> <p>In developing this cost pool, special care should be exercised to ensure that costs incurred for the same purpose in like circumstances are treated consistently as either direct or indirect costs. For example, salaries of technical staff, project supplies, project publication, telephone toll charges, computer costs, travel costs, and specialized services costs must be treated as direct costs because identifiable to a particular program. The salaries and wages of administrative and general clerical staff should generally be treated as indirect costs. <p>5. Special Indirect Cost Rates</p> <p>In some instances, a single indirect cost rate for all activities of an organization or for each major function of the organization may not be appropriate, since it would not take into account those different factors which may substantially affect the indirect costs applicable to a particular segment of work. For this purpose, a particular segment of work may be that performed under a single Federal award or it may consist of work under a group of Federal awards performed in a common environment. These factors may include the physical location of the work, the level of administrative support required, the nature of the facilities or other resources employed, the scientific disciplines or technical skills involved, the organizational arrangements used, or any combination thereof. When a particular segment of work is performed in an environment which appears to generate a significantly different level of indirect costs, provisions should be made for a separate indirect cost pool applicable to such work. The separate indirect cost pool should be developed during the course of the regular allocation process, and the separate indirect cost rate resulting therefrom should be used, provided it is determined that (i) the rate differs significantly from that which would have been obtained under sections B.2, B.3, and B.4 of this Appendix, and (ii) the volume of work to which the rate would apply is material.</p> <p>C. Negotiation and Approval of Indirect Cost Rates</p> <p>1. Definitions</p> <p>As used in this section, the following terms have the meanings set forth in this section:</p> <p>a. Cognizant agency for indirect costs means the Federal agency responsible for negotiating and approving indirect cost rates for a nonprofit organization on behalf of all Federal agencies.</p> <p>b. Predetermined rate means an indirect cost rate, applicable to a specified current or future period, usually the organization's fiscal year. The rate is based on an estimate of the costs to be incurred during the period. A predetermined rate is not subject to adjustment.</p> <p>c. Fixed rate means an indirect cost rate which has the same characteristics as a predetermined rate, except that the difference between the estimated costs and the actual costs of the period covered by the rate is carried forward as an adjustment to the rate computation of a subsequent period.</p> <p>d. Final rate means an indirect cost rate applicable to a specified past period which is based on the actual costs of the period. A final rate is not subject to adjustment.</p> <p>e. Provisional rate or billing rate means a temporary indirect cost rate applicable to a specified period which is used for funding, interim reimbursement, and reporting indirect costs on Federal awards pending the establishment of a final rate for the period.</p> <p>f. Indirect cost proposal means the documentation prepared by an organization to substantiate its claim for the reimbursement of indirect costs. This proposal provides the basis for the continued negotiation leading to the establishment of an organization's indirect cost rate.</p>	Distribute funding to another entity	Appendix IV; Appendix IV to Part 200—Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Nonprofit Organizations Continued... <p>A. General</p> <p>1. Indirect costs are those that have been incurred for common or joint objectives and cannot be readily identified with a particular final cost objective. Direct cost of minor amounts may be treated as indirect costs under the conditions described in §200.413 Direct costs paragraph (d) of this Part. After direct costs have been determined and assigned directly to awards or other work as appropriate, indirect costs are those remaining to be allocated to benefitting cost objectives. A cost may not be allocated to a Federal award as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been assigned to a Federal award as a direct cost.</p> <p>“Major nonprofit organizations” are defined in §200.414 Indirect (F&A) costs. See indirect cost rate reporting requirements in sections B.2.e and B.3.g of this Appendix.</p> <p>B. Allocation of Indirect Costs and Determination of Indirect Cost Rates</p> <p>1. General</p> <p>a. If a nonprofit organization has only one major function, or where all its major functions benefit from its indirect costs to approximately the same degree, the allocation of indirect costs and the computation of an indirect cost rate may be accomplished through simplified allocation procedures, as described in section B.2 of this Appendix.</p> <p>b. If an organization has several major functions which benefit from its indirect costs in varying degrees, allocation of indirect costs may require the accumulation of such costs into separate cost groupings which then are allocated individually to benefitting functions by means of a base which best measures the relative degree of benefit. The indirect costs allocated to each function are then distributed to individual Federal awards and other activities included in that function by means of an indirect cost rate(s).</p> <p>c. The determination of what constitutes an organization's major functions will depend on its purpose in being; the types of services it renders to the public, its clients, and its members; and the amount of effort it devotes to such activities as fundraising, public information and membership activities.</p> <p>d. Specific methods for allocating indirect costs and computing indirect cost rates along with the conditions under which each method should be used are described in section B.2 through B.5 of this Appendix.</p> <p>e. The base period for the allocation of indirect costs is the period in which such costs are incurred and accumulated for allocation to work performed in that period. The base period normally should coincide with the organization's fiscal year but, in any event, must be so selected as to avoid inequities in the allocation of the costs.</p> <p>2. Simplified Allocation Method</p> <p>a. Where an organization's major functions benefit from its indirect costs to approximately the same degree, the allocation of indirect costs may be accomplished by (i) separating the indirect costs into those that are incurred in the direct and (ii) dividing the total allowable indirect costs into two equal parts, one for each of the two categories. <p>F. Negotiation and Approval of Central Service Plans</p> <p>1. Federal Cognizant Agency for Indirect Costs Assignments for Cost Negotiation</p> <p>In general, unless different arrangements are agreed to by the concerned Federal agencies, for central service cost allocation plans, the cognizant agency responsible for review and approval is the Federal agency with the largest dollar value of total Federal awards with a governmental unit. For indirect cost rates and departmental indirect cost allocation plans, the cognizant agency is the Federal agency with the largest dollar value of direct Federal awards with a governmental unit or component, as appropriate. Once designated as the cognizant agency for indirect costs, the Federal agency must remain so for a period of five years. In addition, the following Federal agencies continue to be responsible for the indicated governmental entities:</p> <p>Department of Health and Human Services—Public assistance and state-wide cost allocation plans for all states (including the District of Columbia and Puerto Rico), state and local hospitals, libraries and health districts.</p> <p>Department of the Interior—Indian tribal governments, territorial governments, and state and local park and recreational districts.</p> <p>Department of Labor—State and local labor departments.</p> <p>Department of Education—School districts and state and local education agencies.</p> <p>Department of Agriculture—State and local agriculture departments.</p> <p>Department of Transportation—State and local airport and port authorities and transit districts.</p> <p>Department of Commerce—State and local economic development districts.</p> <p>Department of Housing and Urban Development—State and local housing and development districts.</p> <p>Environmental Protection Agency—State and local water and sewer districts.</p> <p>2. Review</p> <p>All proposed central service cost allocation plans that are required to be submitted will be reviewed, negotiated and approved by the cognizant agency for indirect costs. <p>A. General</p> <p>1. Most governmental units provide certain services, such as motor pools, computer centers, purchasing, accounting, etc., to operating agencies on a centralized basis. Since federally-supported awards are performed within the individual operating agencies, there needs to be a process whereby these central service costs can be identified and assigned to benefitted activities on a reasonable and consistent basis. The central service cost allocation plan provides that process. All costs and other data used to distribute the costs included in the plan should be supported by formal accounting and other records that will support the propriety of the costs assigned to Federal awards.</p> <p>2. Guidelines and illustrations of central service cost allocation plans are provided in a brochure published by the Department of Health and Human Services entitled “A Guide for State, Local and Indian Tribal Governments: Cost Principles and Procedures for Developing Cost Allocation Plans and Indirect Cost Rates for Agreements with the Federal Government.” A copy of this brochure may be obtained from the HHS Cost Allocation Services or at their Web site at https://rates.psc.gov.</p> <p>B. Definitions</p> <p>1. Agency or operating agency means an organizational unit or sub-division within a governmental unit that is responsible for the performance or administration of Federal awards or activities of the governmental unit.</p> <p>2. Allocated central services means central services that benefit operating agencies but are not billed to the agencies on a fee-for-service or similar basis. These costs are allocated to benefitted agencies on some reasonable basis. Examples of such services might include general accounting, personnel administration, purchasing, etc.</p> <p>3. Billed central services means central services that are billed to benefitted agencies or programs on an individual fee-for-service or similar basis. Typical examples of billed central services include computer services, transportation services, insurance, and fringe benefits.</p> <p>4. Cognizant agency for indirect costs is defined in §200.19 Cognizant agency for indirect costs of this Part. The determination of cognizant agency for indirect costs for states and local governments is described in section F.1, Negotiation and Approval of Central Service Plans.</p> <p>5. Major local government means local government that receives more than \$100 million in direct Federal awards subject to this Part.</p> <p>C. Scope of the Central Service Cost Allocation Plans</p> <p>The central service cost allocation plan will include all central service costs that will be claimed (either as a billed or an allocated cost) under Federal awards and will be documented as described in section E. Costs of central services omitted from the plan will not be reimbursed.</p>	Distribute funding to another entity	Appendix V; Appendix V to Part 200—State/Local Governmentwide Central Service Cost Allocation Plans	Federal	Statute

<p>A. General</p> <p>Federally-financed programs administered by state public assistance agencies are funded predominately by the Department of Health and Human Services (HHS). In support of its stewardship requirements, HHS has published requirements for the development, documentation, submission, negotiation, and approval of public assistance cost allocation plans in Subpart E of 45 CFR Part 95. All administrative costs (direct and indirect) are normally charged to Federal awards by implementing the public assistance cost allocation plan. This Appendix extends these requirements to all Federal awarding agencies whose programs are administered by a state public assistance agency. Major federally-financed programs typically administered by state public assistance agencies include: Temporary Aid to Needy Families (TANF), Medicaid, Food Stamps, Child Support Enforcement, Adoption Assistance and Foster Care, and Social Services Block Grant.</p> <p>B. Definitions</p> <p>1. State public assistance agency means a state agency administering or supervising the administration of one or more public assistance programs operated by the state as identified in Subpart E of 45 CFR Part 95. For the purpose of this Appendix, these programs include all programs administered by the state public assistance agency.</p> <p>2. State public assistance agency costs means all costs incurred by, or allocable to, the state public assistance agency, except expenditures for financial assistance, medical contractor payments, food stamps, and payments for services and goods provided directly to program recipients.</p> <p>C. Policy</p> <p>State public assistance agencies will develop, document and implement, and the Federal Government will review, negotiate, and approve, public assistance cost allocation plans in accordance with Subpart E of 45 CFR Part 95. The plan will include all programs administered by the state public assistance agency. Where a letter of approval or disapproval is transmitted to a state public assistance agency in accordance with Subpart E, the letter will apply to all Federal agencies and programs. The remaining sections of this Appendix (except for the requirement for certification) summarize the provisions of Subpart E of 45 CFR Part 95.</p> <p>D. Submission, Documentation, and Approval of Public Assistance Cost Allocation Plans</p> <p>1. State public assistance agencies are required to promptly submit amendments to the cost allocation plan to HHS for review and approval.</p> <p>2. Under the coordination process outlined in section E, Review of Implementation of Approved Plans, affected Federal agencies will review all new plans and plan amendments and provide comments, as appropriate, to HHS. The effective date of the plan or plan amendment will be the first day of the calendar quarter following the event that required the amendment, unless another date is specifically approved by HHS. HHS, as the cognizant agency for indirect costs acting on behalf of all affected Federal agencies, will, as necessary, conduct negotiations with the state public assistance agency and will inform the state agency of the action taken on the plan or plan amendment.</p>	Distribute funding to another entity	Appendix VI; Appendix VI to Part 200—Public Assistance Cost Allocation Plans	Federal	Statute	
<p>4. Special Indirect Cost Rates</p> <p>a. In some instances, a single indirect cost rate for all activities of a non-Federal entity or for each major function of the agency may not be appropriate. It may not take into account those different factors which may substantially affect the indirect costs applicable to a particular program or group of programs. The factors may include the physical location of the work, the level of administrative support required, the nature of the facilities or other resources employed, the organizational arrangements used, or any combination thereof. When a particular Federal award is carried out in an environment which appears to generate a significantly different level of indirect costs, provisions should be made for a separate indirect cost pool applicable to that Federal award. The separate indirect cost pool should be developed during the course of the regular allocation process, and the separate indirect cost rate resulting therefrom should be used, provided that: (1) The rate differs significantly from the rate which would have been developed under paragraphs (C)(2) and (C)(3) of this Appendix, and (2) the Federal award to which the rate would apply is material in amount.</p> <p>b. Where Federal statutes restrict the reimbursement of certain indirect costs, it may be necessary to develop a special rate for the affected Federal award. Where a “restricted rate” is required, the same procedure for developing a non-restricted rate will be used except for the additional step of the elimination from the indirect cost pool those costs for which the law prohibits reimbursement.</p> <p>D. Submission and Documentation of Proposals</p> <p>1. Submission of Indirect Cost Rate Proposals</p> <p>a. All departments or agencies of the governmental unit desiring to claim indirect costs under Federal awards must prepare an indirect cost rate proposal and related documentation to support those costs. The proposal and related documentation must be retained for audit in accordance with the records retention requirements contained in §200.333 Retention Requirements for Records.</p> <p>b. A governmental department or agency unit that receives more than \$35 million in direct Federal funding must submit its indirect cost rate proposal to its cognizant agency for indirect costs. Other governmental department or agency must develop an indirect cost proposal in accordance with the requirements of this Part and maintain the proposal and related supporting documentation for audit. These governmental departments or agencies are not required to submit their proposals unless they are specifically requested to do so by the cognizant agency for indirect costs. Where a non-Federal entity only receives funds as a subrecipient, the pass-through entity will be responsible for negotiating and/or monitoring the subrecipient's indirect costs.</p> <p>c. Each Indian tribal government desiring reimbursement of indirect costs must submit its indirect cost proposal to the Department of the Interior (its cognizant agency for indirect costs).</p> <p>d. Indirect cost proposals must be developed (and, when required, submitted) within six months after the close of the governmental unit's fiscal year, unless an exception is approved by the cognizant agency for indirect costs. If the proposal is not submitted within the six-month period, the proposal must be submitted by that time; the indirect cost proposal may be</p>	Distribute funding to another entity	Appendix VII; Appendix VII to Part 200—States and Local Government and Indian Tribe Indirect Cost Proposals Continued... <p>A. General</p> <p>1. Indirect costs are those that have been incurred for common or joint purposes. These costs benefit more than one cost objective and cannot be readily identified with a particular final cost objective without effort disproportionate to the results achieved. After direct costs have been determined and assigned directly to Federal awards and other activities as appropriate, indirect costs are those remaining to be allocated to benefitted cost objectives. A cost may not be allocated to a Federal award as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been assigned to a Federal award as a direct cost.</p> <p>2. Indirect costs include (a) the indirect costs originating in each department or agency of the governmental unit carrying out Federal awards and (b) the costs of central governmental services distributed through the central service cost allocation plan (as described in Appendix V to Part 200—State/Local Government and Indian Tribe-Wide Central Service Cost Allocation Plans) and not otherwise treated as direct costs.</p> <p>3. Indirect costs are normally charged to Federal awards by the use of an indirect cost rate. A separate indirect cost rate(s) is usually necessary for each department or agency of the governmental unit claiming indirect costs under Federal awards. Guidelines and illustrations of indirect cost proposals are provided in a brochure published by the Department of Health and Human Services entitled “A Guide for States and Local Government Agencies: Cost Principles and Procedures for Establishing Cost Allocation Plans and Indirect Cost Rates for Grants and Contracts with the Federal Government.” A copy of this brochure may be obtained from the HHS Cost Allocation Services or at their Web site at https://rates.psc.gov.</p> <p>4. Because of the diverse characteristics and accounting practices of governmental units, the types of costs which may be classified as indirect costs cannot be specified in all situations. However, typical examples of indirect costs may include certain state/local-wide central service costs, general administration of the non-Federal entity accounting and personnel services performed within the non-Federal entity, depreciation on buildings and equipment, the costs of operating and maintaining facilities.</p> <p>5. This Appendix does not apply to state public assistance agencies. These agencies should refer instead to Appendix VI to Part 200—Public Assistance Cost Allocation Plans.</p> <p>B. Definitions</p> <p>1. Base means the accumulated direct costs (normally either total direct salaries and wages or total direct costs exclusive of any extraordinary or distorting expenditures) used to distribute indirect costs to individual Federal awards. The direct cost base selected should result in each Federal award bearing a fair share of the indirect costs in reasonable relation to the benefits received from the costs.</p> <p>2. Base period for the allocation of indirect costs is the period in which such costs are incurred and accumulated for allocation to activities performed in that period. The base period normally should coincide with the governmental unit’s fiscal year, but in any event, must be so selected as to avoid inequities in the allocation of costs.</p>	Distribute funding to another entity	Appendix VII; Appendix VII to Part 200—States and Local Government and Indian Tribe Indirect Cost Proposals	Federal	Statute

The South Carolina State Board of Education requires that all teacher education programs meet the standards as established by a national accreditation association with which the South Carolina Department of Education has a partnership agreement. For State Board of Education approval, public institutions must seek and receive national accreditation. Private institutions may seek national accreditation or meet national standards for State Board of Education approval. The South Carolina Department of Education will develop guidelines to assist teacher education programs to meet the national standards. Statutory authority to determine accreditation decisions for and impose sanctions against teacher education programs is granted to the State Board of Education.	Requires a service	Article 10. I. Tests administered by or through the State Board of Education shall include but are not limited to: A. The statewide tests; as defined in the State Board of Education Regulation 43 262 including field tests and pilot tests; B. Examinations for admission to teacher education program and teacher certification examinations; C. Examinations for admission to programs such as the gifted and talented program; D. The High School Equivalency Program test (GED). II. As used in this regulation, “local school board” means the governing board of a public school district as well as those of special school districts, special schools, and institutions that utilize tests administered by or through the State Board of Education. III. Each local school board must develop and adopt a district test security policy. The policy must provide for the security of the materials during testing and the storage of all secure tests and test materials, before, during, and after testing. Before and after testing all materials must be stored at a location(s) in the district under lock and key. This also applies to district owned materials that are the same as those used in any State operated testing or assessment program. Throughout the time testing materials are under the control of the school district, tests must be secured under lock and key when not in use for approved test administration activities. IV. Each District Superintendent must designate annually one individual in each district for each mandated assessment who will be the sole individual in the district authorized to procure test instruments that are utilized in testing programs administered by or through the State Board of Education. The name of the designated individual must be provided to the State Department of Education (SDE) in writing. When the testing program involves procurement of materials available commercially, the designated individual must be the sole individual in the district authorized to procure commercial test instruments which are utilized in testing programs administered by or through the State Board of Education. V. State owned test materials and district owned materials that are the same as those utilized in any State mandated testing program must not be used for census testing in the grades included in the State mandated program(s) except on testing dates specified by the State Department of Education. VI. Individuals must adhere to all procedures specified in all operating manuals governing the mandated testing programs. Manuals are provided by or through the SDE. VII. A. The State Board of Education may invalidate test scores that reflect improbable gains and that cannot be satisfactorily explained through changes in student populations or instruction; B. In cases where test results are invalidated because of a breach of security or action of the State Board of Education, any programmatic, evaluative, or certification criteria dependent upon the data will be deemed to not have been met. VIII. Any individual(s) who knowingly engage(s) in any activity that results in the invalidation of scores derived from teacher certification examinations, the examinations for admission to teacher education programs, and/or the High School Equivalency Program test (GED) forfeits all opportunities to retake the test(s). IX. Any knowing involvement in the presentation of forged, counterfeit, or altered identification for the purpose of obtaining admission to a test administration site for any of the tests administered by or through the State Board of Education will be considered a breach of test security within the meaning of S.C. Code Ann. Section 59 1 445 (1990). Any individual(s) who knowingly cause(s) or allow(s) the presentation of forged, counterfeit, or altered identification for the purpose of obtaining admission to any test administration site specified in this paragraph forfeits all opportunities to retake the test(s). X. Each of the following is considered a breach of test security which invalidates the validity of the information made on the basis of test data, and as such, requires no remedy: Each school district shall employ a chief administrative officer who serves as the executive officer of the board of trustees and the professional leader of the school district. Administrators serving as area or district superintendents for the first time after June 30, 1968, shall hold a superintendent’s certificate. Annually, by October 15, the chairman of the district board of trustees shall request an out of field permit from the Office of Teacher Education and Certification for a superintendent not properly certified. <p>I. PURPOSE</p> <p>The State Board of Education, through the South Carolina Department of Education, is required to adopt statewide performance standards and criteria that shall serve as a foundation for all processes used for assisting, developing, and evaluating principals employed in the school districts of this state. School districts shall use the standards and procedures adopted by the State Board of Education for the purposes of conducting evaluations and guiding the professional development of principals. Districts are to consider evaluation results in making decisions regarding principal development, compensation, promotion, retention, and removal.</p> <p>The South Carolina Department of Education shall ensure the implementation of the principal evaluation in the school districts.</p> <p>Principals must be evaluated using the Performance Standards and Criteria for Principal Evaluation adopted by the State Board of Education. Additional performance standards and criteria may be established by the superintendent. As required by S.C. Code Ann. Section 59 24 30, the principal’s annual Professional Development Plan (PDP) shall be established on the basis of the PADEPP Performance Standards and Criteria and the school’s renewal plan.</p> <p>II. DEFINITIONS FOR THE PURPOSES OF THIS EVALUATION PROGRAM</p> <p>A. PRINCIPAL: A principal is the chief administrative head or director of an elementary, middle, or secondary school or of a vocational, technical, special education, or alternative school. Induction principals are those serving for the first time as building level principals. These principals are considered probationary until they have completed the requirements of the Principal Induction Program (PIP) and have received an overall rating of Proficient or Exemplary on the PADEPP evaluation instrument in the second year of employment as a principal.</p> <p>B. EVALUATOR: The evaluator is the district superintendent and/or the superintendent’s designee. All evaluators must have successfully completed the Office of School Leadership’s (OSL) Program for Assisting, Developing, and Evaluating Principal Performance (PADEPP) training before evaluating principals.</p> <p>C. EVALUATION INSTRUMENT: The evaluation instrument developed by the South Carolina Department of Education is based upon the PADEPP Performance Standards and Criteria and is available from the Office of School Leadership. In lieu of the state instrument, districts may request permission to use an alternative evaluation process that meets state requirements and national standards. This instrument must be approved by the South Carolina Department of Education and the State Board of Education.</p> <p>D. EVALUATION CYCLE: The evaluation cycle shall be consistent with the school year as defined by law. After the induction year, principals shall be evaluated annually. A full evaluation using all PADEPP Performance Standards will be conducted every other year. Principal evaluations on years between full evaluations will include Performance Standard 2 Instructional Leadership, Performance Standards rated the previous year as “Needs Improvement”, and any additional Performance Standards identified for growth in the Principal’s Professional Development Plan (PDP). Full evaluations may, of course, be conducted every year, if the superintendent chooses to do so.</p> <p>III. PROGRAM IMPLEMENTATION</p> <p>A. PRINCIPALS WITH TIER 1 CERTIFICATION</p> <p>(1) First year principals shall participate in an induction program as provided for in State Board of Education Regulation 43 167, “Principal Induction Program.” The superintendent or his or her designee shall provide the first year principal with written and oral feedback relative to each performance standard and criterion. Principals are to receive this feedback at least at mid year and end of year conferences. The superintendent or his or her designee will observe, collect relevant data, consult with the first year principal on a regular and consistent basis, and provide the first year principal with an informal written evaluation.</p> <p>(2) Second year principals will enter the evaluation cycle. Upon completing the South Carolina Principal Induction Program (PIP) in year 4 and receiving an overall rating of Proficient or</p>	Requires a service	Article 13. <p>A. School Safety Assessment</p> <p>1. The State Department of Education shall develop a Model Safe Schools Checklist designed to assess schools’ safety strengths and weaknesses. The checklist must include items addressing the following topics:</p> <p>a. the existence of a comprehensive safety plan;</p> <p>b. communication of discipline policies and procedures;</p> <p>c. intra agency and interagency emergency planning;</p> <p>d. recording of disruptive incidents;</p> <p>e. training of staff and students;</p> <p>f. assessment of buildings and grounds;</p> <p>g. procedures for handling visitors;</p> <p>h. assignment of personnel in emergencies;</p> <p>i. emergency communication and management procedures; and</p> <p>j. transportation rules and accident procedures.</p> <p>2. The State Department of Education shall submit the checklist to the State Board of Education for approval prior to dissemination to the school districts. The checklist may be revised on an annual basis by the State Board of Education in compliance with relevant provisions of the Safe Schools Act of 1990.</p> <p>3. Prior to September 30 of each school year, the State Department of Education shall disseminate a copy of the model safe schools checklist to every public school district in the state.</p> <p>4. School districts shall be advised by the Department of Education of the requirement to use a safe schools checklist in compliance with Section 59 5 65, S.C. Code of Laws, 1976. This safety assessment should be part of the comprehensive needs assessment conducted for school improvement purposes in compliance with Section 59 20 60(4)(d), S.C. Code of Laws, 1976. In particular, a safe schools check list should be utilized in determining “school climate” needs, one of the six indicators of school effectiveness.</p> <p>B. First Aid Supplies</p> <p>Each school shall provide adequate first aid supplies and equipment.</p> <p>C. Support for Authorities</p> <p>The Board urges all citizens to continue their active and vigorous support of the local school and civil authorities in insuring the personal safety and security of all students and teachers.</p> <p>D. Emergency and Disaster Plans</p> <p>A plan shall be designed to provide for the protection and welfare of students in the event of any disaster (tornado, hurricane, fire, etc.) which threatens to involve the school community. Each school shall conduct at least one emergency drill within the first month of school to insure safety against such disasters.</p> <p>E. Guidelines will be developed by the State Department of Education which will refer to statutory provisions relating to school safety, as well as additional information. The State Department of Education will review and update these guidelines as needed.</p>	Requires a service	Article 13. General School Administration; 43-166 Student and School Safety. <p>A. Purpose</p> <p>The purpose of the Principal Induction Program is to add one component of many strategies which are to be combined by the districts to meet the intent of the Education Accountability Act to improve teaching and learning so that students are equipped with a strong academic foundation. The Principal Induction Program will assist public school districts in providing support and professional development for first year principals.</p> <p>The State Board of Education recognizes that a school district makes one of its most important personnel decisions when it appoints a principal. The Board also recognizes the value of formal induction programs that provide novice school principals with an academy that focuses on developing and refining the leadership skills necessary to help their faculties provide the most effective instructional programs possible. Therefore, the following regulations have been developed to facilitate the implementation of the South Carolina Principals Induction Program.</p> <p>B. Definitions</p> <p>1. The Principal Induction Program is a yearlong program (July to June) of support and professional development for new principals in which instructional leadership skills, use of effective schools research, and planning for curricular improvement through the analysis of test scores are central components of the curriculum.</p> <p>2. A principal is the chief administrator or head building administrator of any public elementary or secondary school or specialized education unit as defined by the local school district, or the chief administrator of an occupational education center.</p> <p>3. A Principal Induction Program mentor is an experienced, practicing building level principal or director selected by the school district superintendent designee to provide support and assistance to new principals.</p> <p>C. Participation</p> <p>1. Beginning with the school year 1999 2000, any person appointed to serve for the first time as a building level principal, director of a specialized education unit, or occupational education center director must participate in the Principal Induction Program.</p> <p>2. Principals appointed after the Principal Induction Program Summer Institute held for a week in July must participate in a make up session in September and in Induction Program activities for the remainder of that school year.</p> <p>D. Program Design and Content</p> <p>The Principal Induction Program must consist of New Principals’ Academy activities provided by the State Department of Education and school district orientation activities provided by the individual school districts as follows:</p> <p>1. The combination of time for New Principals’ Academy and district activities must not be less than twelve days: five days for the New Principals’ Academy Summer Institute, three days for New Principals’ Academy follow up meetings, two days for district orientation activities, and two days for professional development related to the individual new principal’s Professional Development Plan.</p> <p>2. Districts developing their own program in lieu of the program offered by the Leadership Academy must secure approval of the program from the South Carolina Leadership Academy.</p> <p>3. Each district must design a district orientation for new principals. Activities should include, but are not limited to, fiscal/budgetary policies and procedures, plant maintenance procedures, special education policies, student support services, outside agency services available in the district, curriculum review, personnel and resources, human resources policies and procedures, and other district policies.</p>	Requires a service	Article 13. <p>I. School Meals</p> <p>Federal law specifically, the National School Lunch Act (42 U.S.C. Section 1758(f), the National School Lunch Program (7 C.F.R. Section 210.10), and the School Breakfast Program (7 C.F.R. Section 220.8) regulates the nutritional quality of foods served in the nation’s school meal programs. For a school meal program to receive USDA subsidies, school meals must meet nutrition standards for saturated fat, vitamins, minerals, protein, calories, and portion sizes.</p> <p>A. School food service meals should be made attractive to students by appealing to their taste preferences and meeting their cultural needs. Therefore, school districts must:</p> <p>1. Offer a choice of entr&eacute;es at lunch a minimum of two in elementary (K 5) schools (one choice may be an entr&eacute;e salad).</p> <p>2. Encourage input regarding the selection of food items in elementary (K 5) schools to be offered in the school meal programs by promoting and encouraging student and parent participation in taste testing events, in menu review panels, and in online recipe reviewing.</p> <p>3. Require that school cafeteria managers meet with student advisory committees in grades four through five a minimum of twice each year.</p> <p>4. Allow students to purchase at &agrave; la carte prices additional servings of any food item that is part of a reimbursable school meal (serving sizes should be comparable to those of the meal components).</p> <p>B. School food service meals should not only provide the optimal nutrition that students need for growth, development, and academic achievement but should also support the development of healthful eating behaviors in students, including their learning to eat a variety of foods. Therefore, school districts must:</p> <p>1. Offer a minimum of two milk choices (1 percent fat and nonfat milk) for all grade levels at breakfast and lunch. Whole milk is no longer required by USDA regulations.</p> <p>2. Offer a low fat meal choice (30 percent or less of calories from fat) at every meal.</p> <p>3. Provide low fat and nonfat salad dressings.</p> <p>4. Provide information on calories, percentages of fat, and serving sizes of school meal items to help children select appropriate portions of food.</p> <p>5. Offer a minimum of four choices of fruits and vegetables daily, including fresh fruits and vegetables in season, in elementary (K 5) schools (salad bars or prepackaged salads may be included). Students can take two to four servings based on the school district’s discretion.</p> <p>6. Offer whole grain foods in all programs in elementary (K 5) schools, whenever possible, to meet bread and cereal requirements.</p> <p>7. Encourage preschool, kindergarten, and elementary students to try a variety of foods by serving the full reimbursable meal.</p> <p>II. Other Foods and Beverages (Competitive Foods)</p> <p>A. All foods sold at any K 5 public school site should not only provide the optimal nutrition that students need for growth, development, and academic achievement but should also support the development of healthful eating behaviors in students. Therefore, school districts must:</p> <p>1. Ensure that one serving of snacks, sweets, and side dishes has no more than 30 percent of calories from fat, less than 10 percent of calories from saturated fat, no more than 1 percent of calories from trans fatty acids, and no more than 35 percent of added sugar by weight. (Note: Nuts, seeds, and some cheeses are exceptions. Although more than 30 percent of their calories come from fat, these foods can be considered appropriate and nutritious snacks when served in small portions.)</p> <p>2. Limit single serving food items sold to students to the following maximum portion sizes: 1.25 ounces for snacks (includes baked chips, crackers, popcorn, cereal, trail mix, nuts, seeds, dried fruits, etc.); 3 ounces for drinking beverages; 3 ounces for hot food items (except soups, souffl&eacute;s, etc.); 4 ounces for frozen desserts, including ice cream; 8 ounces for yogurt.</p>	Requires a service	Article 14. I. Expectations for School Resource Officers in South Carolina Public Schools School campuses are learning environments where public education students are prepared for success in college, careers, and citizenship. School resource officers are necessary to provide law enforcement and police services to assist in providing a safe learning environment. School resource officers shall act in accordance with policies and procedures of police departments, sheriff’s offices, and other law enforcement agencies to enforce state laws and county and municipal ordinances. II. Resource Officers Defined A school resource officer is a sworn law enforcement officer, pursuant to the requirements of any jurisdiction of South Carolina, who has completed the basic course of instruction, as provided or recognized by the National Association of School Resource Officers or the South Carolina Criminal Justice Academy, and who is assigned to one or more school districts within this state to have as a primary duty the responsibility to act as a law enforcement officer, advisor, and teacher for that school district. A school resource officer has statewide jurisdiction to arrest any persons committing crimes in connection with a school activity or school-sponsored event. III. Role of the School Resource Officer A. Law Enforcement Officer As sworn law enforcement officials, school resource officers have a major role in campus security. School resource officers shall not only be called to respond to criminal incidents, but also to assist in emergency crisis planning, building security, and training school personnel on handling crisis situations. It is important for school administrators to establish and maintain close partnerships with school resource officers, as they are valuable resources for providing a safe school environment. B. Law-Related Educator Teachers and staff shall utilize school resource officers within the classroom to help design and present law-related topics regarding the role of law enforcement in our society. C. Community Liaison School administrators shall encourage school resource officers’ visibility within the school community, as well as attendance and participation at school functions, to build working relationships with school personnel, students, and parents. <p>Palmetto Unified School District No. 1 (PUSD) was established in 1981 by the South Carolina General Assembly, pursuant to S.C. Code Ann. Section 24 25 10, to provide educational services to inmates through a statewide school district. PUSD as a sanctioned school district is also mandated to comply with the regulations of the State Board of Education (SBE) unless otherwise noted in this regulation.</p> <p>I. District Organization</p> <p>The PUSD shall provide a defined educational program that complies with standards prescribed for the Board of Trustees, district operations, secondary grades, and adult education, unless otherwise noted in this regulation.</p> <p>A. Due to the uniqueness of the school population served by the PUSD (i.e., the large number of students over the public school age of 21 and age disparity within each institution), the operation of a dual program of secondary and adult education for the majority of the district’s schools is necessary. The following classifications will be recognized as the organizational patterns for school operation within the district:</p> <p>Secondary (Grades 9 12)</p> <p>Adult Education (Level 1, Level 2, High School Equivalency Programs)</p> <p>B. Students of public school age (17 21) are assigned under pupil classification system as set forth in the Education Finance Act (EFA) as either secondary students (grades 9 12), students enrolled in a high school equivalency program, students with disabilities, or career and technology education (CATE) students. Students who become twenty one years old after September 1 of the school year will remain under the secondary grade pupil classification for the entire school year. Students over public school age will be assigned to the adult education program.</p> <p>C. Accredited schools shall operate a minimum of 1,170 instructional hours for all students. Exercises for issuing diplomas to graduates shall be scheduled at the discretion of the PUSD. High school diploma credits will be awarded per Regulation 43 234, Defined Program, Grades 9 12 and Graduation Requirements.</p> <p>II. District Governance</p> <p>A. Board of Trustees</p> <p>1. The school district Board of Trustees must ensure quality schooling by providing rigorous, relevant instructional programs for all students.</p> <p>2. The PUSD shall be under the control and management of its Board of Trustees. With the consent of the agency director, the Board of Trustees shall operate as the executory agent for the schools under its jurisdiction and shall perform administrative functions as stated in S.C. Code Ann. Section 24 25 70, Powers and Duties of School Boards.</p> <p>B. Board Policies</p> <p>Written school board policies, cooperatively developed by employees, administrative staff, and the Board of Trustees, are essential for successful operation of the district’s school system. School board policies establishing the guidelines and responsibilities shall outline the relationship of board members, the superintendent, and staff; provide understanding and clarity of purpose; and facilitate administration. Copies of the school board policies shall be filed on the district’s web page.</p> <p>C. <p>A. Summer school programs are provided for the following purposes: to deliver academic assistance to students in grades three through eight under the Education Accountability Act of 1998 (EAA), to promote students in grades one through eight, or to award Carnegie units of credit toward meeting the requirements for a state high school diploma. Other school services offered during the summer are not considered summer school programs under this regulation. Gifted and Talented programs are required to meet the provisions of State Board of Education Regulation 43 220, Gifted and Talented.</p> <p>B. Instruction offered in summer programs must meet the same rigor and standards required during the regular school year. A district summer school program must be directed by a staff member with administrative certification as a district wide program or school site program. Each school in a district wide program must designate a lead teacher. The final accreditation status of the summer school program will be reflected in the overall district rating for the next year.</p> <p>(1) Qualifications of Teachers: Kindergarten, Grades 1 12: The qualifications of each teacher shall be the same as those for the regular term.</p> <p>(2) Organization and Administration: Kindergarten, Grades 1 8: (a) Pupil teacher ratio shall not exceed 25:1 in each classroom for grades K 5, or 30:1 in each classroom for grades 6 8. (b) For students in grades 3 8, a summer school program designed for academic assistance under the Educational Accountability Act of 1998 (EAA) will be no less than 30 instructional hours. For students in grades K, 1, and 2, not on academic plans established by EAA, the districts may determine the length of the school day and the number of days scheduled. (c) Summer school programs operated for students who are earning Carnegie units of credit must meet all the requirements established for grades 9 12.</p> <p>(3) Organization and Administration: Grades 9 12. (a) Pupil teacher ratio shall not exceed 30:1 in each classroom. (b) All students taking a course for one unit of credit must receive at least 120 hours of instruction in that subject area. (c) No teacher shall be assigned to teach more than one subject or one level of the same subject during one period for credit. (Exception: Two consecutive levels of coursework in the same subject area may be taught during one period if all students are repeating a course and the combined membership does not exceed 15 students.) (d) The recommended number of units of credit that a student may earn during one summer school session is two. However, a student may earn more than two credits with prior approval from the school principal. <p>I. Students who cannot attend public school because of illness, accident, or pregnancy, even with the aid of transportation, are eligible for medical homebound or hospitalized instruction.</p> <p>(A) A physician must certify that the student is unable to attend school but may profit from instruction given in the home or hospital.</p> <p>(B) Any student participating in a program of medical homebound instruction or hospitalized instruction must be approved by the district superintendent or his or her designee on standardized forms provided by the State Department of Education.</p> <p>(C) A South Carolina school district may count in membership a pupil who is compelled to reside outside the State to receive medical services provided the teacher is certificated by the Department of Education in the state where services are rendered.</p> <p>(D) All approved forms must be maintained by the district for documentation.</p> <p>II. A student is eligible for medical homebound instruction (1) on the day following his or her last day of school attendance or (2) on the first day of the regular nine month academic year of the school in which he or she is enrolled and would otherwise be in attendance. The student remains eligible (1) until the day before he or she returns to school or (2) until the last day of the regular academic year in the school year he or she would normally be enrolled, whichever occurs first.</p> <p>III. The State Department of Education shall fund a maximum of five periods per week of medical homebound instruction pursuant to the Education Finance Act (EFA).</p> <p>(A) A day of instruction must be based on the student’s individual need but may be no less than fifty minutes to qualify for state funding.</p> <p>(B) There is no limit to the amount of instruction that may be provided with funds other than state funds.</p> <p>(C) If more instruction is needed, the school district must provide the additional funds.</p> <p>IV. Should an approved student not be provided the medical homebound instruction that he or she is entitled to receive, the student is eligible to have the medical homebound instruction made up by the district.</p> <p>(A) This make up may occur during the student’s remaining eligibility for medical homebound instruction or may occur after the student returns to school provided the make up periods are not during the regular school day.</p> <p>(B) State funding for medical homebound instruction is available until the last day of the regular school year. <p>A. General Requirements</p> <p>These criteria for entry into programs of special education for students with disabilities will be used by all members of the multidisciplinary team, who may include school psychologists, speech language therapists, and other persons responsible for the identification and evaluation of students with disabilities.</p> <p>The federal definitions for all categories of disabilities have been used, as included in the Individuals with Disabilities Act (IDEA). All examiners, however, must be appropriately credentialed or licensed and should have completed training that is directly relevant to the assessment procedure being conducted. Examiners may administer supplementary measures such as curriculum based assessments to gain additional information.</p> <p>All evaluation procedures must ensure that the following minimal requirements are met:</p> <ol style="list-style-type: none">1. Tests and other evaluation materials used to assess a student suspected of having a disability are selected and administered so as not to be discriminatory on a racial or cultural basis and are provided and administered in the student’s native language or other mode of communication unless it is clearly unfeasible to use that language or any mode of communication.2. Materials and procedures used to assess a student with limited English proficiency are selected and administered to ensure that they measure the extent to which the student has a disability and needs special education, rather than measuring the student’s English language skills.3. A variety of assessment tools and strategies are used to gather relevant functional and developmental information about the student, including information provided by the parent and information related to enabling the student to be involved in and progress in the general curriculum (or for a preschool child to participate in appropriate activities) that may assist in determining whether the student is one with a disability and what the content of the student’s IEP should be.4. Any standardized tests that are given to a student have been validated for the specific purpose for which they are used and are administered by trained and knowledgeable personnel in accordance with any instructions provided by the producer of the tests. If an assessment is not conducted under standard conditions, a description of the extent to which it varied from standard conditions, such as the qualifications of the person administering the test or the method of test administration, must be included in the evaluation report.5. Tests and other evaluation materials include those tailored to assess specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient.6. Tests are selected and administered so as best to ensure that if a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student’s aptitude or achievement level, or whatever other factors the test purports to measure, rather than reflecting the student’s impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure).7. No single procedure is used as the sole criterion for determining whether a student has a disability and for determining an appropriate educational program for the student.8. The student is assessed in all areas related to the suspected disability, including, if appropriate, his or her health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities.9. In the assessment of each student with a disability, the methods of evaluation are sufficiently comprehensive to identify all of the student’s special education and related services needs, whether or not they are commonly linked to the category in which the student is suspected of having a disability.10. Each school district/agency uses technically sound instruments that may assess the relative contribution of cognitive and behavioral factors in addition to physical or developmental factors. <p>I. To participate in interscholastic activities, students in grades 9-12 must have passed at least four academic courses, including each unit the student takes that is required for graduation, with an overall passing average in the preceding semester. Academic courses must be defined as those courses of instruction for which credit toward high school graduation is given. These may be required or approved electives.</p> <p>A. An ineligible student shall not be allowed to participate in any interscholastic activity.</p> <p>B. Interscholastic activities shall be defined as all school sponsored activities for which preparation occurs outside of the regular school day. Individuals or members of groups involved in activities which include out of school practice on more than one occasion weekly shall meet eligibility requirements.</p> <p>C. Academic course shall be defined as any approved course of instruction in the secondary curriculum, required or elective, for which one unit of credit or its equivalent is awarded on a yearly basis, or one half unit of credit or its equivalent is awarded on a semester basis. If more than one unit of credit is awarded on a yearly basis in a particular subject, this subject shall count as more than one academic course. (Example: A subject taught for three units of credit shall be considered the equivalent of three academic courses.)</p> <p>D. To be eligible in the first semester, each student must have passed four academic courses that were completed during the second semester of the previous school year.</p> <p>E. To be eligible in the second semester, each student in grades 9 through 12 must pass at least four academic courses during the first semester.</p> <p>F. Those courses specifically mandated for a high school diploma shall be considered required courses. A course may not be considered as an elective until all requirements in that subject area have been met. When a student is enrolled in more than four required courses, he must pass four required courses to be eligible for interscholastic activities. When a student is enrolled in four or less required courses, he must pass each required course.</p> <p>G. Credit courses used for eligibility purposes must be courses that are applicable as credit toward a state high school diploma. If a student has met or is meeting all requirements for graduation and is enrolled in college credit courses, these college credit courses may be used to meet eligibility requirements.</p> <p>H. Credits earned in a summer school approved by the State Department of Education may be applied toward first semester eligibility if all other requirements of this regulation are met. Academic deficiencies may not be made up through enrollment in correspondence courses or adult education programs.</p> <p>I. <p>I. Overview of the Virtual Education Program</p> <p>A. The State Board of Education (SBE) is authorized under S.C. Code Ann. Sections 59 16 10 through 59 16 80 to “establish the virtual education program to ensure consistent high quality education for the students of South Carolina utilizing technology delivered courses.” These procedural regulations are based on that legislation.</p> <p>B. The virtual education legislation makes the following stipulations:</p> <ol style="list-style-type: none">1. Any public, private, or homeschooled student legally residing in South Carolina who is twenty one years of age or younger is eligible to enroll in the virtual education program.2. A private school or homeschooled student enrolled in the virtual education program is not entitled to receive any of the services or privileges that are available to public school students other than the right to receive an appropriate unit of credit for a completed course.3. The virtual education program is not a school but a program; therefore, it is not authorized by statute to issue a state high school diploma. <p>C. These regulations which are predicated on the virtual education program statute, other state statutes, and SBE regulations are subject to modification by the South Carolina Department of Education (SCDE) only if those statutes or regulations are amended.</p> <p>II. <p>I. STATEWIDE ASSESSMENT PROGRAM</p> <p>A. The Education Accountability Act of 1998 (EAA), S.C. Code Ann. Section 59 18 310 (Supp. 2008), and the No Child Left Behind Act of 2001, 20 U.S.C. Section 6301, et seq. (2002) (NCLB) require that the State Board of Education develop or adopt a statewide assessment program in certain grades and selected content/skill areas.</p> <p>B. The statewide assessment program will involve testing public school students at selected grade levels and in selected content and skill areas at times specified by the South Carolina Department of Education. The grade(s) and content/skill areas to be included in the assessment program are identified by the EAA, NCLB, and State Board of Education regulations. The statewide assessment program includes</p> <p>Palmetto Assessment of State Standards (PASS),</p> <p>South Carolina Alternate Assessment (SC Alt),</p> <p>Exit Examination, and</p> <p>End of Course Tests.</p> <p>C. The program is funded through an annual appropriation included in the South Carolina General Appropriations Act. The request for such funding is included in the annual budget request of the State Superintendent of Education. Continued operation of the program is contingent upon the availability of funds.</p> <p>D. Responsibilities of the South Carolina Department of Education for assessments in which school districts are required to participate.</p> <p>1. Supply all necessary test materials, scoring, and standard score reports at no cost to the local school districts.</p> <p>2. Pay all shipping costs for the transportation of test materials and score reports between the Department, school districts, and scoring service(s).</p> <p>3. Provide workshops on test administration, interpretation, and utilization for district test coordinators and other selected staff.</p> <p>4. <p>I. Legislation</p> <p>In order to comply with the South Carolina Education Improvement Act of 1984 and the Early Childhood Development and Academic Assistance Act of 1993 school districts may establish and provide for the education of three and four year old children who have predicted significant readiness deficiencies. The legislation requires that each district will provide for at least a half day early childhood development program for four year old children. Districts have the option of serving three year old children.</p> <p>Each district shall provide at least one program for four year old children and may serve identified three year old children who have significant readiness deficiencies.</p> <p>Districts and schools shall integrate the planning and direction of the half day program with the Early Childhood Initiative.</p> <p>II. Plan for Enrollment</p> <p>A. Public Notification of Program Availability</p> <p>School districts shall attempt to contact parents or guardians of children who will reach age three or four on or before September 1 and who have potential for later school failure. The district shall make substantial efforts to publicize the availability of the program for four year olds, and for three year olds if appropriate.</p> <p>B. Criteria for Enrollment</p> <p>Each district shall develop criteria for the enrollment of children who have predicted significant readiness deficiencies. These criteria shall include the following:</p> <p>1. A screening instrument approved by the State Department of Education for use in determining each child’s developmental level,</p> <p>2. An entrance age requirement which specifies a child must be three if the program serves three year olds, or four years of age on or before September 1 of the applicable school year,</p> <p>3. Legal birth certificate issued by the Department of Health and Environmental Control or other appropriate authorized agency,</p> <p>4. South Carolina Certificate of Immunization,</p> <p>5. Comprehensive Health Appraisal if deemed necessary or appropriate.</p> <p>III. Coordination</p> <p>In the event that a local advisory committee exists in a community to coordinate early childhood education and development, school districts shall consult with the committee in planning and developing services to make maximum use of resources and avoid duplication of effort. When a local advisory committee does not exist, the school district shall identify available early childhood development and education resources in order to avoid duplication of public services. This may include Headstart and other Child Development Block Grant Programs.</p> <p>IV. Program Description</p> <p>A. Organization</p> <p>A developmental educational program in a classroom setting shall be the major component of the program.</p> <p>B. Program Length</p> <p>The classroom program shall operate five days a week (or the equivalent) for at least 2 1/2 hours of instructional time, exclusive of breakfast, lunch and transportation. Program year will include 190 days of operation for staff (180 days service to children) subject to the same conditions for waiver of make up days as prescribed by state law.</p> <p><i>C. I. Program Goals II. Requirements III. Program Components Family literacy uses a more holistic and integrated approach to serving families. Districts must use this approach for families requiring more intense experiences to change intergenerational patterns associated with low literacy and undereducation. The South Carolina definition is consistent with federal legislation. Family literacy is clearly and consistently defined in the Adult Education and Family Literacy Act of 1998, Even Start, Head Start and the Reading Excellence Acts. These acts define “family literacy services” as services that are of sufficient intensity in terms of hours, and of sufficient duration, to make sustainable changes in a family, and that integrate all of the following activities: Districts must participate in evaluation efforts coordinated by the State Department of Education. This will include tracking children of participating parents through first grade to determine the program’s impact on school readiness. The evaluation should include a variety of other indicators, such as IV. Service Delivery Methods The methods for service delivery will vary in specific type, mix, and intensity according to community needs and priorities. V. Funding VI. Coordination Collaboration and coordination with other local agencies and community organizations must be integrated into all phases of program development, design, and implementation. School districts must consult with a local advisory committee to plan and develop parenting and family literacy services to maximize resources and avoid duplication of effort. This may include district early childhood, adult education, literacy, Success By 6, Head Start, Department of Social Services, and other community services. VII. Professional Development The State Department of Education will provide or coordinate activities to train parent educators in developing and implementing parenting and family literacy initiatives. Nationally validated program and curriculum training, such as Parents As Teachers, Motherread, Parent Home Child, etc., must be included. Appropriate ongoing staff development activities must be incorporated in the district’s Strategic Plan as required by Act 135. VIII. Guidelines Additional information relating to the implementation of this regulation, including service delivery methods, developmental screening instruments, and at risk factors/criteria is contained in the “Guidelines for Implementing Parenting/Family Literacy Programs,” available at the State Department of Education. The State Board of Education will review and update the “Guidelines” as needed. HISTORY: Added by State Register Volume 24, Issue No. 6, eff June 23, 2000.	Requires a service	Article 19. I. Program Goals A. To place an emphasis on early childhood education and prevention. B. To focus the state’s resources on academic success and prevention of academic problems. C. To establish the expectation that by providing extra assistance and learning time, all children will be prepared for the fourth grade. D. To promote the advancement of developmentally appropriate curriculum. E. To promote coordinated programs from preschool through grade three which are supportive of the curriculum for grades four through twelve. F. To allow districts and schools greater flexibility in providing targeted, coordinated programs of student assistance. G. To plan for accelerating the performance of students performing below their peers. II. Requirements A. Districts and schools shall develop and implement a developmentally appropriate curriculum model from pre school through grade three. If alternatives to the options listed in the guidelines are chosen for use in the Early Childhood Assistance Programs, they should be based on the needs assessment performed as a part of the district and/or school comprehensive plan and on strategies found to be effective in research. B. Schools shall establish programs of activities for assisting children and their parents with the transitions between the various levels of schooling. C. Districts and schools shall integrate the planning and direction of the half day program for four year olds with other early childhood initiatives. D. Districts and schools shall integrate the planning and direction of the parenting/family literacy program established in Section 59 1 450 with the early childhood initiatives. E. Districts and schools shall design methods of assessing the efficacy of the early childhood programs or strategies implemented. F. Districts and schools shall demonstrate coordination of the program or strategies implemented with federally funded early childhood programs. G. Districts and schools shall demonstrate the interrelationship of the various components of the early childhood initiatives for grades K 3 and the academic assistance programs for grades 4 12. H. Districts and schools shall implement a program that expands and improves early child development activities. I. Districts and schools shall implement an Early Childhood Assistance program that plans for accelerating the performance of students performing below their peers. III. Funding The General Assembly shall determine an appropriation level for the funding. A. The number of students in kindergarten through grade three who are eligible for the federal free and reduced price lunch program will generate funds at a specified add on weight. B. Funds generated shall be used to provide needed academic assistance to any student in these grades. C. Funds may be used to support other components of the early child development initiative as detailed in each district/school’s comprehensive plan. D. Districts may request a waiver from the State Board of Education to use a portion of the funds generated by students in kindergarten through grade three for students in grades four through twelve, if such a change promotes better coordination of state and federal funds. E. Allocation of the funds generated to support the implementation of the early childhood initiatives is subject to the approval of the state board of education.	Requires a service	Article 20. <p>The federal Stewart B. McKinney Homeless Assistance Act requires that each state implement a state level process to review district level decisions regarding the enrollment of a homeless child or an unaccompanied youth. An unaccompanied youth or the parent or guardian of a homeless child may request that the state conduct a review of a school district’s final decision regarding an enrollment issue. The contact person at the State Department of Education is the coordinator for the Office of Coordinator for Education of Homeless Children and Youth. Under no circumstances must resolution of a dispute delay the school enrollment of an unaccompanied youth or a homeless child. <p>I. Lawful and Unlawful Absences</p> <p>School districts must adopt policies to define and list lawful and unlawful absences.</p> <p>(A) Lawful absences include but are not limited to</p> <p>(1) absences caused by a student’s own illness and whose attendance in school would endanger his or her health or the health of others,</p> <p>(2) absences due to an illness or death in the student’s immediate family,</p> <p>(3) absences due to a recognized religious holiday of the student’s faith, and</p> <p>(4) absences due to activities that are approved in advance by the principal.</p> <p>(B) Unlawful absences include but are not limited to</p> <p>(1) absences of a student without the knowledge of his or her parents, or</p> <p>(2) absences of a student without acceptable cause with the knowledge of his or her parents.</p> <p>(C) Suspension is not to be counted as an unlawful absence for truancy purposes.</p> <p>II. Truancy</p> <p>The State Board of Education recognizes that truancy is primarily an educational issue and that all reasonable, educationally sound, corrective actions should be undertaken by the school district prior to resorting to the juvenile justice system.</p> <p>(A) Truant</p> <p>A child ages 6 to 17 years meets the definition of a truant when the child has three consecutive unlawful absences or a total of five unlawful absences.</p> <p>(B) Habitual Truant</p> <p>A “habitual” truant is a child age 12 to 17 years who fails to comply with the intervention plan developed by the school, the child, and the parent(s) or guardian(s) and who accumulates two or more additional unlawful absences. This child may need court intervention and an initial truancy petition may be filed. The written intervention plan, and documentation of non compliance, must be attached to the truancy petition asking for court intervention.</p> <p>(C) Chronic Truant</p> <p>A “chronic” truant is a child ages 12 to 17 years who has been through the school intervention process, has reached the level of a “habitual” truant, has been referred to Family Court and placed on an order to attend school, and continues to accumulate unlawful absences. Should other community alternatives and referrals fail to remedy the attendance problem, the “chronic” truant may be referred to the Family Court for violation of a previous court order. All school intervention plans existing to this point for this child and family must accompany the Contempt of Court petition as well as a written recommendation from the school to the court on action the court should take.</p> <p>III. Intervention Plans</p> <p>(A) Each district must develop a policy relating to requirements for intervention. The district plan for improving students’ attendance must be in accordance with any applicable statutes.</p> <p>(B) Once a child is determined to be truant as defined in Section II(A), school officials must make every reasonable effort to meet with the parent(s) or guardian(s) to identify the reasons for the student’s non-attendance. These efforts should include telephone calls and home visits. Both district and parent/guardian signatures are required on all written assessments and reports.</p>	Requires a service	Article 20. <p>I. At Risk Student Definition</p> <p>A. A student at risk of dropping out of school is any student who, because of his or her individual needs, requires temporary or ongoing intervention in order to achieve in school and to graduate with meaningful options for his or her future.</p> <p>B. Students depending on their degree of resiliency and connectedness to caring adults in the home, in the community, and/or at school may respond differently to those things frequently cited as barriers, predictors, or indicators of being “at risk.” Therefore, educators and other responsible adults working with students should consider the whole child, who might have both short term and long term needs requiring intervention.</p> <p>II. At Risk Student Indicators, Predictors, and Barriers</p> <p>The South Carolina Education and Economic Development Act mandates the promulgation of State Board of Education regulations outlining specific objective criteria for districts to use in identifying students who may be poorly prepared for the next level of study or who are at risk of dropping out of school. The Act calls for these criteria to include diagnostic assessments for districts to use in order to identify the strengths and weaknesses of individual students in the core academic areas.</p> <p>A. Poor academic performance generally, a grade point average of 2.0 or lower on a 4.0 scale in the core content areas is a significant predictor that districts must consider in identifying at risk students. Careful consideration should be given to students demonstrating declining academic performance. School districts are encouraged to carefully review a variety of assessments, including the following, in diagnosing students’ academic difficulties and selecting appropriate short term and long term interventions:</p> <p>1. Palmetto Assessment of State Standards (PASS) test results,</p> <p>2. High School Assessment Program (HSAP) test results,</p> <p>3. Preliminary Scholastic Assessment Test (PSAT) or PLAN test results,</p> <p>4. district or school adopted CAI (computer aided instruction) assessments,</p> <p>5. end of course examination results,</p> <p>6. classroom level assessments related to the state’s academic standards, and</p> <p>7. other district approved diagnostic assessments.</p> <p>B. The following are among the specific behaviors and characteristics that school districts must consider as indicators, predictors, and barriers in identifying at risk students:</p> <p>1. being overage for their grade level due to retention attributable to risk factors such as a high rate of absences and truancy;</p> <p>2. showing a lack of effort or interest in their academic work;</p> <p>3. working an excessive number of hours per day or week;</p> <p>4. having a history of discipline problems leading to suspension, expulsion, and/or probation;</p> <p>5. showing or expressing feelings of being disconnected from the school environment;</p> <p>6. showing evidence of physical and/or emotional abuse;</p> <p>7. coming from and/or living in a disadvantaged socioeconomic environment;</p> <p>8. living in a home situation that does not include at least one parent.</p>	Requires a service	Article 23. <p>I. Expectations for Student Conduct in South Carolina Public Schools</p> <p>Students in the public schools of South Carolina enjoy the same basic rights of United States citizenship as do other United States citizens. The rights of students are supported by the responsibility to insure that the rights of others are respected. This regulation is adopted with the intent to better assure that the opportunity to enjoy the benefits of public education is available to all those attending the public schools of the state of South Carolina.</p> <p>II. Previously Adopted School District Discipline Policies</p> <p>This regulation is established as a uniform system of minimum disciplinary enforcement for the school districts of South Carolina. School districts, which previously have adopted discipline policies that are consistent with and contain the elements included in this regulation, may retain their local policies as adopted.</p> <p>III. Levels of Student Misconduct</p> <p>A. The levels of student misconduct considered in this regulation are arranged by degrees of seriousness. The levels are arranged from the least serious to the most serious.</p> <p>B. Three levels of student misconduct are identified: disorderly conduct, disruptive conduct, and criminal conduct. The levels are defined in this regulation.</p> <p>C. This regulation includes a listing of possible sanctions for the three levels of student misconduct. As the levels increase in seriousness, the severity of possible disciplinary sanctions increases.</p> <p>D. Suggested sanctions within the Level I misconduct category range from verbal reprimand to in school suspension. Level II misconduct includes sanctions ranging from temporary removal from class to expulsion, while Level III misconduct includes sanctions ranging from out of school suspension to appropriate action within the criminal justice system.</p> <p>E. A local school board, in its discretion, may authorize more stringent standards than those contained in this regulation.</p> <p>IV. Minimum Standards</p> <p>A. Disorderly Conduct Level I</p> <p>1. Disorderly conduct is defined as those activities engaged in by student(s) which tend to impede orderly classroom procedures or instructional activities, orderly operation of the school, or the frequency or seriousness of which disturb the classroom or school. The provisions of this regulation apply not only to within school activities, but also to student conduct on school bus transportation vehicles, and other school sponsored activities.</p> <p>2. Acts of disorderly conduct may include, but are not limited to:</p> <p>a. Classroom tardiness;</p> <p>b. Cheating on examinations or classroom assignments;</p> <p>c. Lying;</p> <p>d. Acting in a manner so as to interfere with the instructional process;</p> <p>e. Abusive language between or among students;</p> <p>f. Failure to complete assignments or carry out directions;</p> <p>g. Use of forged notes or excuses;</p>	Requires a service	Article 23. <p>I. Each school district shall provide the defined program approved by the State Board of Education that complies with standards prescribed for the boards of trustees; district operations; elementary grades; middle grades; secondary grades; career and technology education centers; summer school programs; and adult education. If a school district's defined program is evaluated as failing to comply with prescribed standards, it shall be considered as offering a program that is deficient in meeting local educational needs and such failure shall be indicated in the status of the accreditation classification.</p> <p>II. State Board of Education Approval Procedures: To be accredited by the State Board of Education, a school district or school shall obtain approval for the school district's or school's educational program by one of the following procedures.</p> <p>A. Option 1. Accreditation through the South Carolina Department of Education (SCDE). Meet the standards in the defined program and all current statutes and regulations as prescribed by the State Board of Education and General Assembly determined by the SCDE through the procedures described below. With regard to special schools, the following documents contain the full text of accreditation standards adopted by the State Board of Education. The documents are on file in the Offices of the South Carolina Department of Education and the South Carolina Legislative Council:</p> <p>Defined Minimum Program for the John de la Howe School</p> <p>Defined Minimum Program for the South Carolina School for the Deaf and the Blind</p> <p>Defined Minimum Program for the South Carolina Wil Lou Gray Opportunity School</p> <p>Defined Minimum Program for the South Carolina Department of Juvenile Justice</p> <p>B. Option 2. Accreditation through an Accrediting Entity Accepted by Higher Education. Submit documentation to the State Board of Education that the district and schools meet all accreditation standards and are considered fully accredited by an accrediting entity accepted by higher education (i.e., AdvancED/Southern Association of Colleges and Schools (SACS)). Use of an accrediting entity other than AdvancED will require approval by the State Board of Education. All deficiencies identified through desk or on site monitoring must be resolved prior to the district or school utilizing Option 2. If district's or school's accreditation rating becomes less than fully accredited when utilizing Option 2, the district or school will automatically be reviewed by the South Carolina Department of Education's Option 1 procedures. A list of schools and/or districts selecting Option 2 for accreditation will be included in the SCDE's Annual Report of the Accreditation of School Districts in South Carolina to the State Board of Education.</p> <p>III. Option 1 accreditation procedures for each school district or school not submitting documentation of Option 2 accreditation:</p> <p>A. On or before October 15, data assurances documenting the compliance of standards for boards of trustees; district operations; elementary grades; middle grades; secondary grades; career and technology education; summer school programs; and adult education will be submitted to the South Carolina Department of Education.</p> <p>B. The South Carolina Department of Education will process the accreditation data and identify existing deficiencies for the following educational units: (1) Boards of Trustees, (2) District Operations, (3) Elementary Grades, (4) Middle Grades, (5) Secondary Grades, (6) Summer School Programs, (7) Career and Technology Education, and (8) Adult Education. Accreditation data will also be collected annually through desk and on site monitoring of selected schools and districts. The listings of deficiencies will be reviewed by South Carolina Department of Education staff and results of the preliminary analysis indicating existing deficiencies will be provided to districts and schools for verification.</p> <p>C. The preliminary analysis data shall result in the SCDE assigning one of the following accreditation preliminary classifications no later than February 1:</p> <p><i>Accredited</i> (All elements indicate that a district/school is in compliance with the standards for a defined program and with all current statutes and regulations as prescribed by the State</p>	Requires a service	Article 23. <p>I. Requirements for Certification</p> <p>The applicant must meet all requirements for certification that are in effect in the current application year (July 1 June 30). The responsibility for providing accurate and complete documentation of eligibility for certification is that of the applicant. To qualify for certification in South Carolina, the applicant must fulfill the following requirements:</p> <p>A. Earn a bachelor’s or master’s degree either from an institution that has a state approved teacher education program and is accredited for general collegiate purposes by a regional accreditation association, or from a South Carolina institution that has programs approved for teacher education by the State Board of Education, or from an institution that has programs approved for teacher education by the National Council for Accreditation of Teacher Education (NCATE). Professional education credit must be earned through an institution that has a teacher education program approved for initial certification.</p> <p>1. Graduate degrees acceptable for certificate advancement include academic or professional degrees in the field of education or in an academic area for which a corresponding or relevant teaching area is authorized by the State Board of Education.</p> <p>2. All credit at the graduate level must be earned through the graduate school of an institution that is accredited for general collegiate purposes by a regional accreditation association and that has a regular graduate division that meets regional accreditation requirements. Graduate credit can also be earned through a South Carolina institution that has graduate programs approved for teacher education by the State Board of Education or through an institution that has graduate programs approved for teacher education by the National Council for Accreditation of Teacher Education (NCATE).</p> <p>B. Submit the required teacher area examination score(s) as adopted by the State Board of Education for purposes of certification. Effective July 1, 2006, the required score on the examination of general professional knowledge (pedagogy) as adopted by the State Board of Education for purposes of certification will be required for initial certification. Until that date, the general professional knowledge (pedagogy) examination will be required only for professional certification.</p> <p>C. Be at least eighteen years of age.</p> <p>D. Undergo a criminal records check by the South Carolina Law Enforcement Division and a national criminal records check supported by fingerprints conducted by the Federal Bureau of Investigation. If the applicant does not complete the initial certification process within eighteen months from the original date of application, the FBI fingerprint process must be repeated. Eligible applicants who have prior arrests and/or convictions must undergo a review by the State Board of Education and be approved before a certificate can be issued to them. Background checks from other states are not transferable to South Carolina.</p> <p>II. Acceptable Credits</p> <p>A. All credits are computed by semester hours; three quarter hours are equivalent to two semester hours.</p> <p>B. Duplicate credit will not be allowed for courses with the same title unless approved by the Office of Teacher Certification of the State Department of Education.</p> <p>III. Out of State Applicants</p> <p>A. To be eligible for a South Carolina teaching certificate, the out of state applicant must submit the teaching area examination score(s) and the score on the examination of general professional knowledge (pedagogy) that are required for certification in the state in which he or she holds a valid standard out of state certificate. If no tests were required for certification in the state where the individual holds a valid standard certificate, the applicant for South Carolina certification must submit the required teaching area examination score(s) as adopted by the State Board of Education for purposes of certification. If the applicant has less than twenty courses on the approved list teaching areas in the state, then the last seven years in the state.</p>	Requires a service	Article 3. <p>I. Required Documentation</p> <p>The Office of Teacher Certification requires the following forms of documentation from applicants for teacher certification:</p> <p>A. Application Form. The applicant must submit the completed State Department of Education application form.</p> <p>B. Recommendation Form. The applicant must include a completed “Verification of College Preparation: Recommendation for Teacher Certificate” form, signed by the dean or a designated college official.</p> <p>C. College Transcripts. The applicant must submit complete and official transcript(s). Each transcript must bear the official seal of the institution, the signature of the designated official, the type of degree earned, if any, and the date awarded. Only official transcripts will be accepted for certification purposes. Electronically transmitted transcripts from the individual college will be accepted as the technology becomes available in the State Department of Education.</p> <p>D. Examination Scores. The applicant must submit the required teaching area examination score(s) as adopted by the State Board of Education for purposes of certification. Effective July 1, 2006, the required score on the examination of general professional knowledge (pedagogy) as adopted by the State Board of Education for purposes of certification will be required for initial certification. Until that date, the general professional knowledge (pedagogy) exam will be required only for professional certification. Only official score reports will be accepted.</p> <p>E. Experience Verification. The applicant must submit appropriate verification of previous teaching experience.</p> <p>F. FBI Fingerprint Card and Background Check. The applicant must submit an FBI fingerprint card and must undergo a criminal records check by the South Carolina Law Enforcement Division and a national criminal records check supported by fingerprints conducted by the FBI. If the applicant does not complete the initial certification process within eighteen months from the original date of application, the FBI fingerprint process must be repeated. Eligible applicants who have prior arrests and/or convictions must undergo a review by the State Board of Education and be approved before a certificate can be issued to them. Background checks from other states or agencies are not transferable to South Carolina.</p> <p>II. Application and Evaluation Fee</p> <p>The applicant must submit to the Office of Teacher Certification a nonrefundable fee for the evaluation and processing of each of his or her applications.</p> <p>III. Effective Date of Credential</p> <p>A. The effective date of the credential will be based upon the date of receipt of the complete certification application by the Office of Teacher Certification and/or request for additional area(s) of certification, certification renewal, or certificate advancement. An incomplete application will be considered active for a period of twelve months. If after twelve months the applicant has not submitted all required documentation, the application will be archived.</p> <p>B. If the applicant becomes eligible for an initial certificate, certificate advancement, or certification renewal, requests received by the Office of Teacher Certification on or before November 1 will become effective July 1 of the current school year. For requests from November 2 through April 30, changes become effective when the requirements are met, provided that full documentation, including the request, is received by the Office of Teacher Certification within forty five days after the applicant has fulfilled all requirement(s). Requests received forty five days or more after eligibility will be effective the date the request is received. Requests received after April 30 are effective on the following July 1.</p> <p>C. If an applicant holding a graded certificate or warrant qualifies for a professional certificate as the result of attaining the minimum qualifying score on the required certification examination, the upgraded credential will become effective the semester following the date of examination As a result of the authorization of the federal No Child Left Behind Act of 2001 (P.L. 107-110), graded certificates and warrants will become invalid at the end of the 2005-06 school year.</p>	Requires a service	Article 3. The total number of years an individual has held any type of temporary credential issued by the South Carolina Department of Education will be deducted from the normal five year period of the professional certificate at the time of issue.</p> <p>IV. To renew a professional certificate, educators must comply with all applicable guidelines relative to certificate renewal options and criteria, renewal credits, and verification requirements, in accordance with the current Certificate Renewal Plan, as developed by the Office of Teacher Certification and approved by the State Board of Education, as follows:</p> <p>(A) An applicant who is employed in a position that requires educator certification must maintain verification of having earned a minimum of 120 renewal credits during the certificate's five year validity period. Renewal credits may be earned through professional activities that directly relate to the educator's professional growth and development plan, support the goals of the employing educational entity, and promote student achievement, as required by Regulation 43 205.1, Assisting, Developing, and Evaluating Professional Teaching (ADEPT), and Regulation 43 165.1, Program for Assisting, Developing, and Evaluating Principal Performance (ADEPP).</p> <p>(B) An applicant who is not employed in a position that requires educator certification but who chooses to maintain a current certificate must submit verification of having earned a minimum of 120 renewal credits during the certificate's five year validity period. Renewal credits may be earned through professional activities that directly relate to the educator's current area(s) of certification or to a formal program of study (master's, specialist, or doctorate) in a certification area in which the educator is officially enrolled.</p> <p>V. Educators who do not hold a master's degree must earn a minimum of sixty renewal credits of the 120 credits required during each five year validity period by completing at least three semester hours of college credit at the graduate level. These credits must be earned from a national or regionally accredited college or university or through a college or university that has graduate programs approved for teacher education by the State Board of Education.</p> <p>VI. Renewal credits earned in state identified areas of critical needs may be applied toward certificate renewal.</p> <p>VII. Applicants must comply with current State Department of Education approved Certificate Renewal Plan guidelines relative to obtaining, verifying, and submitting renewal credits. Applicants also are responsible for paying any required fee for credential renewal to the Office of Teacher Certification.</p> <p>VIII. Credit will not be allowed for a renewal activity that is repeated unless the activity has received prior written approval in writing from the Office of Teacher Certification.</p> <p>IX. Regulations governing effective dates of renewed certificates will be the same as those for initial and revised certificates, as specified in State Board of Education Regulation 43 52.</p> <p>X. A South Carolina professional teaching credential that has been expired</p> <p>(A) for less than five (5) years may be extended upon written request from the educator to the Office of Teacher Certification. This nonrenewable extension is valid for one (1) year, during which time the school district or educator must submit verification that the educator has fulfilled all current requirements for renewal of the Professional Certificate. Upon verification that all requirements have been met, the Professional Certificate will be renewed for the remainder of the validation period (i.e., four additional years).</p> <p>(B) for more than five (5) years, but less than ten (10) years, may be extended for a maximum of one (1) year at the written request of the school district that intends to employ the educator. During this one year extension, the school district or educator must submit verification that the educator has met all current requirements for renewal of the Professional Certificate. Upon verification that all requirements have been met, the Professional Certificate will be renewed for the remainder of the validation period (i.e., four additional years).</p> <p>(C) for more than ten (10) years, will expire and the educator will need to reapply for initial certification and the current requirements for certification to state minimum requirements.</p>	Requires a service	Article 3. Pursuant to Sections 59 5 60 and 59 31 550, the State Board of Education shall have the responsibility and duty to adopt the instructional materials used for instruction in the free public schools of South Carolina subject to the provisions of the sections that follow. South Carolina contract statutes and any other applicable State laws guide the instructional materials adoption process. SECTION 2. Instructional Materials Evaluation Criteria General criteria governing the adoption of instructional materials shall be developed and revised by the State Department of Education and presented to the State Board of Education. Specific subject criteria are contained in the grade level education standards adopted by the State Board as well as each curriculum framework, occupational education core curriculum, and other program area materials which are not addressed within the standards and or curriculum framework and shall be used in the evaluation process. SECTION 3. Instructional Materials Advisory Committee The State Board of Education shall appoint, with the recommendation of the State Superintendent of Education, an Instructional Materials Advisory Committee. The Committee shall consist of fifteen members; six members who are actively engaged in teaching in South Carolina public schools; eight members who are actively engaged in school work either administratively or supervisory, at least one from each congressional district and two at large; and one lay citizen, preferably a former member of the State Board of Education. It is the intention of the State Board that the Committee membership include members whose interests reflect the needs of all students served by the educational system. Seven of the members shall be appointed for a term of two years; eight shall be appointed for a term of four years. Thereafter, the term of all appointed members shall be four years. The Committee shall be facilitated by appropriate staff members from offices of the State Department of Education. The duties of the Advisory Committee shall be to study continually the Instructional Materials Review, Selection, and Distribution Process and make recommendations to the State Board of Education through the State Superintendent of Education as to changes needed in the process to meet the needs of students, schools, and school districts for instructional materials. The Committee should address: recommendations in regard to exercising options in existing contracts; recommendations in regard to renegotiating expiring contracts; and recommendations for prioritization of purchases should funds not be available. The Committee shall give careful attention to new and improved methods of presenting instructional materials. The Committee is authorized to secure the assistance and advice of consultants. Special consideration should be given to consultants from within the state. The Instructional Materials Advisory Committee shall meet annually at the call of the Chair. Additional meetings, when necessary, may be held at the call of the Chair, a majority of its members, on request by the State Board of Education, or the State Superintendent of Education. However, the State Board of Education reserves the right to limit the number of official meetings this Committee may hold in one school year. The Instructional Materials Advisory Committee may make curriculum reports when in its judgment such reports are deemed advisable. The Committee shall report to the State Board of Education not later than May of each year any changes needed to be made in the Instructional Materials Review, Selection, and Distribution Process during the following school year. SECTION 4. Instructional Materials Review Panels Established The State Board of Education shall appoint, with the recommendation of the State Superintendent of Education, Instructional Materials Review Panel or Panels for each area for which a curriculum framework has been adopted by the State Board of Education, occupational education core curriculum, or other program areas not addressed within a curriculum framework. <p>A. Sample copies of instructional materials, textbooks, and supplementary materials furnished to members of the Instructional Materials Review Panels shall remain in possession of panel members until the adoption process has been completed. State Board of Education action on recommendations from the panels will be considered as the completion of the adopted cycle in a given year. Samples furnished by publishers shall be handled in the following manner:</p> <p>1. The publisher shall notify the State Department of Education of its intent to reclaim samples when official bids are submitted.</p> <p>2. Each publisher electing to reclaim samples must arrange for collecting samples at its own expense from panel members within 30 days after the State Board of Education has approved the adoption.</p> <p>3. Where publishers do not elect to reclaim samples or fail to collect the materials according to the procedures set forth in the policy, panel members may use them in their own work, donate them to public schools, state supported institutions, or charitable non profit organizations.</p> <p>4. A panel member or employee of the State Department of Education shall not dispose of any instructional material samples or supplementary materials for profit or personal gain.</p> <p>5. Samples furnished to the State Department of Education that are not adopted may be reclaimed at the publisher’s expense by mail or picked up by the publisher’s representative within 30 days after the adoption. Any samples not collected after 30 days may be donated to public schools, state supported institutions, or charitable non profit organizations but may not be sold.</p> <p>6. A sample copy of all adopted instructional materials including workbooks and other supplemental materials shall be stored at the State Department of Education for the duration of the contract with its publisher.</p> <p>7. Samples of materials stored at the State Department of Education, with expired contracts, be sent to the Central Depository for donating to public schools, state supported institutions, charitable non profit organizations, or disposing/recycling but may not be sold.</p> <p>B. Samples of Non Textbook Materials</p> <p>1. A publisher may propose in writing to the instructional materials adoption program coordinator an alternative plan for sampling of non textbook materials (kits, software, Internet based programs, etc.). If the proposal is approved by the program coordinator such sampling shall be deemed acceptable for meeting State Board of Education sampling requirements.</p> <p>2. Samples under the approved alternative plan must be reclaimed from panel members in the same manner as traditional samples as stated in A.2. of this policy. Unless excluded by the alternative plan, the State Department of Education shall retain non textbook samples of adopted materials and access to adopted Internet programs for the duration of the contract with its publishers.</p> <p>HISTORY: Amended by State Register Volume 27, Issue No. 5, eff May 23, 2003.</p>	Requires a service	Article 6. <p>A. The school district board of trustees shall be responsible to the State Board of Education for the supervision of the school transportation program in the district. This shall include the recruitment of school bus drivers, employment and dismissal of school bus drivers, supervision of school bus drivers and the pupils being transported, proposed routing of buses, accurate transportation records as to mileage, number of pupils transported pursuant to Section 59 67 100, driver's time reports, school bus safety, and enforcing all other transportation regulations. The recruitment and employment of school bus drivers and supervisory personnel is the responsibility of the school district board of trustees. The transportation of pupils is an integral and essential part of the school program, and teachers and administrative personnel shall be assigned to school bus duties in the interest of the transportation program.</p> <p>B. Transportation on regular school bus routes is authorized for public school pupils. Public school pupils include three year to five year old pupils that are disabled, kindergarten pupils in half day programs, and the K 12 regularly enrolled students during the 180 day school year. Three and four year old children attending public school sponsored kindergarten or child development programs must be permitted to ride state owned buses to the extent funds are made available by the General Assembly. Special programs operated and/or sponsored by the governing body of the school district may use school buses as long as transportation services are paid for by the school district at no cost to the State and do not disrupt school bus maintenance servicing or regular school bus routes. A special program is any education or other program sponsored by the school district that is not a program required by State statute or regulation to be operated by the school district. A student that is disabled shall be accompanied by an aide if the student's Individual Education Program so specifies. Assignment of buses for new routes will be made on the basis of actual need. Justification must be submitted showing that all buses presently assigned to the district or area are being used to the maximum before additional equipment can be assigned.</p> <p>To enhance school bus routing effectiveness, kindergarten pupils shall be assigned to morning or afternoon sessions on the basis of where they live.</p> <p>C. The State shall not be required to operate buses for high school, junior high school, middle school, and elementary school pupils separately. Approval of separate transportation will be given only when such transportation can be accomplished with the same number of buses and approximately the same mileage. The schedule of work and the opening and closing hours for all schools served by the same buses must be arranged so as to facilitate a maximum amount of school work and at the same time permit the operation of a satisfactory and economical transportation program. School districts shall stagger school opening times when feasible to maximize the use of the school bus transportation system.</p> <p>D. Five year old through grade 12 public school pupils that have temporary physical handicaps or have a chronic disorder of lengthy duration may have their parents or guardians apply for these students to receive special school bus transportation services. The application process is as follows:</p> <ol style="list-style-type: none">1. Secure appropriate forms from the District Superintendent.2. Have the pupil examined by a licensed medical doctor and receive a written statement from the licensed medical doctor to the effect that without special school bus transportation service, unusual hardship will be experienced by the pupil in walking the required distance to the regular route.3. Submit the statement from the licensed medical doctor to the District Superintendent for approval.4. The District Superintendent shall submit the health statement with a Request For Special School Bus Transportation Service approval to the local representative of the State Department of Education. Approval by the State Department of Education shall be required before a change in a school bus route for this purpose becomes official.5. Approval for such a change in school bus routes shall terminate at the time the pupil no longer qualifies for special school bus transportation service, or when the pupil for whom the service was intended has moved residences. <p>E. Such organizations, which shall be designated regional councils of government, may include political subdivisions of other states. The studies and recommendations by such organizations shall be made on behalf of and directed to the participating governments and other governmental instrumentalities which operate programs within the jurisdiction of the participating governments.</p> <p>The legislature may authorize participating governments to provide financial support for facilities and services required to implement recommendations of such organizations which are accepted and approved by the governing bodies of the participating political subdivisions. Such organizations shall not have the power to levy taxes. Local funds for the support of such organizations shall consist of contributions from the participating political subdivisions as may be authorized and granted by their respective governing bodies. In procuring audit services, the auditee must follow the procurement standards prescribed by the Procurement Standards in §§200.317 Procurement by states through 20.326 Contract provisions of Subpart D- Post Federal Award Requirements of this part or the FAR (48 CFR part 42), as applicable. When procuring audit services, the objective is to obtain high-quality audits. In requesting proposals for audit services, the objectives and scope of the audit must be made clear and the non-Federal entity must request a copy of the audit organization's peer review report which the auditor is required to provide under GAGAS. Factors to be considered in evaluating each proposal for audit services include the responsiveness to the request for proposal, relevant experience, availability of staff with professional qualifications and technical abilities, the results of peer and external quality control reviews, and price. Whenever possible, the auditee must make positive efforts to utilize small businesses, minority-owned firms, and women's business enterprises, in procuring audit services as stated in §200.321 Contracting with small and minority businesses, women's business enterprises, and labor surplus area firms, or the FAR (48 CFR part 42), as applicable.</p> <p>(b) Restriction on auditor preparing indirect cost proposals. An auditor who prepares the indirect cost proposal or cost allocation plan may not also be selected to perform the audit required by this part when the indirect costs recovered by the auditee during the prior year exceeded \$1 million. This restriction applies to the base year used in the preparation of the indirect cost proposal or cost allocation plan and any subsequent years in which the resulting indirect cost agreement or cost allocation plan is used to recover costs.</p> <p>(c) Use of Federal auditors. Federal auditors may perform all or part of the work required under this part if they comply fully with the requirements of this part.</p>	Requires a service	Auditees ; §200.509 Auditor selection	Federal	Statute	
<p>(a) Financial statements. The auditee must prepare financial statements that reflect its financial position, results of operations or changes in net assets, and, where appropriate, cash flows for the fiscal year audited. The financial statements must be for the same organizational unit and fiscal year that is chosen to meet the requirements of this part. However, non-Federal entity-wide financial statements may also include departments, agencies, and other organizational units that have separate audits in accordance with §200.514 Scope of audit, paragraph (a) and prepare separate financial statements.</p> <p>(b) Schedule of expenditures of Federal awards. The auditee must also prepare a schedule of expenditures of Federal awards for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with §200.502 Basis for determining Federal awards expended. While not required, the auditee may choose to provide information requested by Federal awarding agencies and pass-through entities to make the schedule easier to use. For example, when a Federal program has multiple Federal award years, the auditee may list the amount of Federal awards expended for each Federal award year separately. At a minimum, the schedule must:</p> <p>(1) List individual Federal programs by Federal agency. For a cluster of programs, provide the cluster name, list individual Federal programs within the cluster of programs, and provide the applicable Federal agency name. For R&D, total Federal awards expended must be shown either by individual Federal award or by Federal agency and major subdivision within the Federal agency. For example, the National Institutes of Health is a major subdivision in the Department of Health and Human Services.</p> <p>(2) For Federal awards received as a subrecipient, the name of the pass-through entity and identifying number assigned by the pass-through entity must be included.</p> <p>(3) Provide total Federal awards expended for each individual Federal program and the CFDA number or other identifying number when the CFDA information is not available. For a cluster of programs also provide the total for the cluster.</p> <p>(4) Include the total amount provided to subrecipients from each Federal program.</p> <p>(5) For loan or loan guarantee programs described in §200.502 Basis for determining Federal awards expended, paragraph (b), identify in the notes to the schedule the balances outstanding at the end of the audit period. This is in addition to including the total Federal awards expended for loan or loan guarantee programs in the schedule.</p> <p>(6) Include notes that describe that significant accounting policies used in preparing the schedule, and note whether or not the auditee elected to use the 10% de minimis cost rate as covered in §200.414 Indirect (F&A) costs.</p>	Requires a service	Auditees ; §200.510 Financial statements	Federal	Statute

<p>(a) General. The auditee is responsible for follow-up and corrective action on all audit findings. As part of this responsibility, the auditee must prepare a summary schedule of prior audit findings. The auditee must also prepare a corrective action plan for current year audit findings. The summary schedule of prior audit findings and the corrective action plan must include the reference numbers the auditor assigns to audit findings under §200.516 Audit findings, paragraph (c). Since the summary schedule may include audit findings from multiple years, it must include the fiscal year in which the finding initially occurred. The corrective action plan and summary schedule of prior audit findings must include findings relating to the financial statements which are required to be reported in accordance with GAGAS.</p> <p>(b) Summary schedule of prior audit findings. The summary schedule of prior audit findings must report the status of all audit findings included in the prior audit's schedule of findings and questioned costs. The summary schedule must also include audit findings reported in the prior audit's summary schedule of prior audit findings except audit findings listed as corrected in accordance with paragraph (b)(1) of this section, or no longer valid or not warranting further action in accordance with paragraph (b)(3) of this section.</p> <p>(1) When audit findings were fully corrected, the summary schedule need only list the audit findings and state that corrective action was taken.</p> <p>(2) When audit findings were not corrected or were only partially corrected, the summary schedule must describe the reasons for the finding's recurrence and planned corrective action, and any partial corrective action taken. When corrective action taken is significantly different from corrective action previously reported in a corrective action plan or in the Federal agency's or pass-through entity's management decision, the summary schedule must provide an explanation.</p> <p>(3) When the auditee believes the audit findings are no longer valid or do not warrant further action, the reasons for this position must be described in the summary schedule. A valid reason for considering an audit finding as not warranting further action is that all of the following have occurred:</p> <p>(i) Two years have passed since the audit report in which the finding occurred was submitted to the FAC;</p> <p>(ii) The Federal agency or pass-through entity is not currently following up with the auditee on the audit finding; and</p> <p>(iii) A management decision was not issued.</p> <p>(c) Corrective action plan. At the completion of the audit, the auditee must prepare, in a document separate from the auditor's findings described in §200.516 Audit findings, a corrective action plan to address each audit finding included in the current year auditor's reports. The corrective action plan must provide the name(s) of the contact person(s) responsible for corrective action, the corrective action planned, and the anticipated completion date. If the auditee does not agree with the audit findings or believes corrective action is not required, the auditee must state the reasons for this position and the anticipated completion date.</p>	Requires a service	Auditees ; §200.511 Audit findings follow-up	Federal	Statute	
<p>(a) General. (1) The audit must be completed and the data collection form described in paragraph (b) of this section and reporting package described in paragraph (c) of this section must be submitted within the earlier of 30 calendar days after receipt of the auditor's report(s), or nine months after the end of the audit period. If the due date falls on a Saturday, Sunday, or Federal holiday, the reporting package is due the next business day.</p> <p>(2) Unless restricted by Federal statutes or regulations, the auditee must make copies available for public inspection. Auditees and auditors must ensure that their respective parts of the reporting package do not include protected personally identifiable information.</p> <p>(b) Data Collection. The FAC is the repository of record for Subpart F—Audit Requirements of this part reporting packages and the data collection form. All Federal agencies, pass-through entities and others interested in a reporting package and data collection form must obtain it by accessing the FAC.</p> <p>(1) The auditee must submit required data elements described in Appendix X to Part 200—Data Collection Form (Form SF-SAC), which state whether the audit was completed in accordance with this part and provides information about the auditee, its Federal programs, and the results of the audit. The data must include information available from the audit required by this part that is necessary for Federal agencies to use the audit to ensure integrity for Federal programs. The data elements and format must be approved by OMB, available from the FAC, and include collections of information from the reporting package described in paragraph (c) of this section. A senior level representative of the auditee (e.g., state controller, director of finance, chief executive officer, or chief financial officer) must sign a statement to be included as part of the data collection that says that the auditee complied with the requirements of this part, the data were prepared in accordance with this part (and the instructions accompanying the form), the reporting package does not include protected personally identifiable information, the information included in its entirety is accurate and complete, and that the FAC is authorized to make the reporting package and the form publicly available on a Web site.</p> <p>(2) Exception for Indian Tribes and Tribal Organizations. An auditee that is an Indian tribe or a tribal organization (as defined in the Indian Self-Determination, Education and Assistance Act (ISDEAA), 25 U.S.C. 450b(l)) may opt not to authorize the FAC to make the reporting package publicly available on a Web site, by excluding the authorization for the FAC publication in the statement described in paragraph (b)(1) of this section. If this option is exercised, the auditee becomes responsible for submitting the reporting package directly to any pass-through entities through which it has received a Federal award and to pass-through entities for which the summary schedule of prior audit findings reported the status of any findings related to Federal awards that the pass-through entity provided. Unless restricted by Federal statute or regulation, if the auditee opts not to authorize publication, it must make copies of the reporting package available for public inspection.</p> <p>(3) Using the information included in the reporting package described in paragraph (c) of this section, the auditor must complete the applicable data elements of the data collection form. The auditor must sign a statement to be included as part of the data collection form that indicates, at a minimum, the source of the information included in the form, the auditor's responsibility for the information, that the form is not a substitute for the reporting package described in paragraph (c) of this section, and that the content of the form is limited to the information required by the form.</p>	Report our agency must/may provide	Auditees ; §200.512 Report submission	Federal	Statute

<p>(a) General. The audit must be conducted in accordance with GAGAS. The audit must cover the entire operations of the auditee, or, at the option of the auditee, such audit must include a series of audits that cover departments, agencies, and other organizational units that expended or otherwise administered Federal awards during such audit period, provided that each such audit must encompass the financial statements and schedule of expenditures of Federal awards for each such department, agency, and other organizational unit, which must be considered to be a non-Federal entity. The financial statements and schedule of expenditures of Federal awards must be for the same audit period.</p> <p>(b) Financial statements. The auditor must determine whether the financial statements of the auditee are presented fairly in all material respects in accordance with generally accepted accounting principles. The auditor must also determine whether the schedule of expenditures of Federal awards is stated fairly in all material respects in relation to the auditee's financial statements as a whole.</p> <p>(c) Internal control. (1) The compliance supplement provides guidance on internal controls over Federal programs based upon the guidance in Standards for Internal Control in the Federal Government issued by the Comptroller General of the United States and the Internal Control—Integrated Framework, issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).</p> <p>(2) In addition to the requirements of GAGAS, the auditor must perform procedures to obtain an understanding of internal control over Federal programs sufficient to plan the audit to support a low assessed level of control risk of noncompliance for major programs.</p> <p>(3) Except as provided in paragraph (c)(4) of this section, the auditor must:</p> <p>(i) Plan the testing of internal control over compliance for major programs to support a low assessed level of control risk for the assertions relevant to the compliance requirements for each major program; and</p> <p>(ii) Perform testing of internal control as planned in paragraph (c)(3)(i) of this section.</p> <p>(4) When internal control over some or all of the compliance requirements for a major program are likely to be ineffective in preventing or detecting noncompliance, the planning and performing of testing described in paragraph (c)(3) of this section are not required for those compliance requirements. However, the auditor must report a significant deficiency or material weakness in accordance with §200.516 Audit findings, assess the related control risk at the maximum, and consider whether additional compliance tests are required because of ineffective internal control.</p>	Requires a service	Auditors ; §200.514 Scope of audit	Federal	Statute	
<p>The auditor's report(s) may be in the form of either combined or separate reports and may be organized differently from the manner presented in this section. The auditor's report(s) must state that the audit was conducted in accordance with this part and include the following:</p> <p>(a) An opinion (or disclaimer of opinion) as to whether the financial statements are presented fairly in all material respects in accordance with generally accepted accounting principles and an opinion (or disclaimer of opinion) as to whether the schedule of expenditures of Federal awards is fairly stated in all material respects in relation to the financial statements as a whole.</p> <p>(b) A report on internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements. This report must describe the scope of testing of internal control and compliance and the results of the tests, and, where applicable, it will refer to the separate schedule of findings and questioned costs described in paragraph (d) of this section.</p> <p>(c) A report on compliance for each major program and a report on internal control over compliance. This report must describe the scope of testing of internal control over compliance, include an opinion or disclaimer of opinion as to whether the auditee complied with Federal statutes, regulations, and the terms and conditions of Federal awards which could have a direct and material effect on each major program and refer to the separate schedule of findings and questioned costs described in paragraph (d) of this section.</p> <p>(d) A schedule of findings and questioned costs which must include the following three components:</p> <p>(1) A summary of the auditor's results, which must include:</p> <p>(i) The type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP (i.e., unmodified opinion, qualified opinion, adverse opinion, or disclaimer of opinion);</p> <p>(ii) Where applicable, a statement about whether significant deficiencies or material weaknesses in internal control were disclosed by the audit of the financial statements;</p> <p>(iii) A statement as to whether the audit disclosed any noncompliance that is material to the financial statements of the auditee;</p> <p>(iv) Where applicable, a statement about whether significant deficiencies or material weaknesses in internal control over major programs were disclosed by the audit;</p>	Report our agency must/may provide	Auditors ; §200.515 Audit reporting	Federal	Statute

<p>(a) Audit findings reported. The auditor must report the following as audit findings in a schedule of findings and questioned costs:</p> <p>(1) Significant deficiencies and material weaknesses in internal control over major programs and significant instances of abuse relating to major programs. The auditor's determination of whether a deficiency in internal control is a significant deficiency or material weakness for the purpose of reporting an audit finding is in relation to a type of compliance requirement for a major program identified in the Compliance Supplement.</p> <p>(2) Material noncompliance with the provisions of Federal statutes, regulations, or the terms and conditions of Federal awards related to a major program. The auditor's determination of whether a noncompliance with the provisions of Federal statutes, regulations, or the terms and conditions of Federal awards is material for the purpose of reporting an audit finding is in relation to a type of compliance requirement for a major program identified in the compliance supplement.</p> <p>(3) Known questioned costs that are greater than \$25,000 for a type of compliance requirement for a major program. Known questioned costs are those specifically identified by the auditor. In evaluating the effect of questioned costs on the opinion on compliance, the auditor considers the best estimate of total costs questioned (likely questioned costs), not just the questioned costs specifically identified (known questioned costs). The auditor must also report known questioned costs when likely questioned costs are greater than \$25,000 for a type of compliance requirement for a major program. In reporting questioned costs, the auditor must include information to provide proper perspective for judging the prevalence and consequences of the questioned costs.</p> <p>(4) Known questioned costs that are greater than \$25,000 for a Federal program which is not audited as a major program. Except for audit follow-up, the auditor is not required under this part to perform audit procedures for such a Federal program; therefore, the auditor will normally not find questioned costs for a program that is not audited as a major program. However, if the auditor does become aware of questioned costs for a Federal program that is not audited as a major program (e.g., as part of audit follow-up or other audit procedures) and the known questioned costs are greater than \$25,000, then the auditor must report this as an audit finding.</p> <p>(5) The circumstances concerning why the auditor's report on compliance for each major program is other than an unmodified opinion, unless such circumstances are otherwise reported as audit findings in the schedule of findings and questioned costs for Federal awards.</p> <p>(6) Known or likely fraud affecting a Federal award, unless such fraud is otherwise reported as an audit finding in the schedule of findings and questioned costs for Federal awards. This paragraph does not require the auditor to report publicly information which could compromise investigative or legal proceedings or to make an additional reporting when the auditor confirms that the fraud was reported outside the auditor's reports under the direct reporting requirements of GAGAS.</p>	Requires a service	Auditors ; §200.516 Audit findings	Federal	Statute	
<p>(a) Retention of audit documentation. The auditor must retain audit documentation and reports for a minimum of three years after the date of issuance of the auditor's report(s) to the auditee, unless the auditor is notified in writing by the cognizant agency for audit, oversight agency for audit, cognizant agency for indirect costs, or pass-through entity to extend the retention period. When the auditor is aware that the Federal agency, pass-through entity, or auditee is contesting an audit finding, the auditor must contact the parties contesting the audit finding for guidance prior to destruction of the audit documentation and reports.</p> <p>(b) Access to audit documentation. Audit documentation must be made available upon request to the cognizant or oversight agency for audit or its designee, cognizant agency for indirect cost, a Federal agency, or GAO at the completion of the audit, as part of a quality review, to resolve audit findings, or to carry out oversight responsibilities consistent with the purposes of this part. Access to audit documentation includes the right of Federal agencies to obtain copies of audit documentation, as is reasonable and necessary.</p>	Requires a service	Auditors ; §200.517 Audit documentation	Federal	Statute

<p>(a) General. The auditor must use a risk-based approach to determine which Federal programs are major programs. This risk-based approach must include consideration of: current and prior audit experience, oversight by Federal agencies and pass-through entities, and the inherent risk of the Federal program. The process in paragraphs (b) through (h) of this section must be followed.</p> <p>(b) Step one.(1) The auditor must identify the larger Federal programs, which must be labeled Type A programs. Type A programs are defined as Federal programs with Federal awards expended during the audit period exceeding the levels outlined in the table in this paragraph (b)(1):</p> <p>Total Federal awards expended Type A/B threshold Equal to or exceed \$750,000 but less than or equal to \$25 million \$750,000. Exceed \$25 million but less than or equal to \$100 million Total Federal awards expended times .03. Exceed \$100 million but less than or equal to \$1 billion \$3 million. Exceed \$1 billion but less than or equal to \$10 billion Total Federal awards expended times .003. Exceed \$10 billion but less than or equal to \$20 billion \$30 million. Exceed \$20 billion Total Federal awards expended times .0015.</p> <p>(2) Federal programs not labeled Type A under paragraph (b)(1) of this section must be labeled Type B programs.</p> <p>(3) The inclusion of large loan and loan guarantees (loans) must not result in the exclusion of other programs as Type A programs. When a Federal program providing loans exceeds four times the largest non-loan program it is considered a large loan program, and the auditor must consider this Federal program as a Type A program and exclude its values in determining other Type A programs. This recalculation of the Type A program is performed after removing the total of all large loan programs. For the purposes of this paragraph a program is only considered to be a Federal program providing loans if the value of Federal awards expended for loans within the program comprises fifty percent or more of the total Federal awards expended for the program. A cluster of programs is treated as one program and the value of Federal awards expended under a loan program is determined as described in §200.502 Basis for determining Federal awards expended.</p> <p>(4) For biennial audits permitted under §200.504 Frequency of audits, the determination of Type A and Type B programs must be based upon the Federal awards expended during the two-year period.</p> <p>(c) Step two. (1) The auditor must identify Type A programs which are low-risk. In making this determination, the auditor must consider whether the requirements in §200.519 Criteria for</p>	Not related to agency deliverable	Auditors ; §200.518 Major program determination	Federal	Statute	
<p>(a) General. The auditor's determination should be based on an overall evaluation of the risk of noncompliance occurring that could be material to the Federal program. The auditor must consider criteria, such as described in paragraphs (b), (c), and (d) of this section, to identify risk in Federal programs. Also, as part of the risk analysis, the auditor may wish to discuss a particular Federal program with auditee management and the Federal agency or pass-through entity.</p> <p>(b) Current and prior audit experience. (1) Weaknesses in internal control over Federal programs would indicate higher risk. Consideration should be given to the control environment over Federal programs and such factors as the expectation of management's adherence to Federal statutes, regulations, and the terms and conditions of Federal awards and the competence and experience of personnel who administer the Federal programs.</p> <p>(i) A Federal program administered under multiple internal control structures may have higher risk. When assessing risk in a large single audit, the auditor must consider whether weaknesses are isolated in a single operating unit (e.g., one college campus) or pervasive throughout the entity.</p> <p>(ii) When significant parts of a Federal program are passed through to subrecipients, a weak system for monitoring subrecipients would indicate higher risk.</p> <p>(2) Prior audit findings would indicate higher risk, particularly when the situations identified in the audit findings could have a significant impact on a Federal program or have not been corrected.</p> <p>(3) Federal programs not recently audited as major programs may be of higher risk than Federal programs recently audited as major programs without audit findings.</p> <p>(c) Oversight exercised by Federal agencies and pass-through entities. (1) Oversight exercised by Federal agencies or pass-through entities could be used to assess risk. For example, recent monitoring or other reviews performed by an oversight entity that disclosed no significant problems would indicate lower risk, whereas monitoring that disclosed significant problems would indicate higher risk.</p> <p>(2) Federal agencies, with the concurrence of OMB, may identify Federal programs that are higher risk. OMB will provide this identification in the compliance supplement.</p> <p>(d) Inherent risk of the Federal program. (1) The nature of a Federal program may indicate risk. Consideration should be given to the complexity of the program and the extent to which the Federal program contracts for goods and services. For example, Federal programs that disburse funds through third party contracts or have eligibility criteria may be of higher risk. Federal programs primarily involving staff payroll costs may have high risk for noncompliance with requirements of §200.430 Compensation—personal services, but otherwise be at low risk.</p>	Not related to agency deliverable	Auditors ; §200.519 Criteria for Federal program risk	Federal	Statute

<p>(a) Audit required. A non-Federal entity that expends \$750,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of this part.</p> <p>(b) Single audit. A non-Federal entity that expends \$750,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single audit conducted in accordance with §200.514 Scope of audit except when it elects to have a program-specific audit conducted in accordance with paragraph (c) of this section.</p> <p>(c) Program-specific audit election. When an auditee expends Federal awards under only one Federal program (excluding R&D) and the Federal program's statutes, regulations, or the terms and conditions of the Federal award do not require a financial statement audit of the auditee, the auditee may elect to have a program-specific audit conducted in accordance with §200.507 Program-specific audits. A program-specific audit may not be elected for R&D unless all of the Federal awards expended were received from the same Federal agency, or the same Federal agency and the same pass-through entity, and that Federal agency, or pass-through entity in the case of a subrecipient, approves in advance a program-specific audit.</p> <p>(d) Exemption when Federal awards expended are less than \$750,000. A non-Federal entity that expends less than \$750,000 during the non-Federal entity's fiscal year in Federal awards is exempt from Federal audit requirements for that year, except as noted in §200.503 Relation to other audit requirements, but records must be available for review or audit by appropriate officials of the Federal agency, pass-through entity, and Government Accountability Office (GAO).</p> <p>(e) Federally Funded Research and Development Centers (FFRDC). Management of an auditee that owns or operates a FFRDC may elect to treat the FFRDC as a separate entity for purposes of this part.</p> <p>(f) Subrecipients and Contractors. An auditee may simultaneously be a recipient, a subrecipient, and a contractor. Federal awards expended as a recipient or a subrecipient are subject to audit under this part. The payments received for goods or services provided as a contractor are not Federal awards. Section §200.330 Subrecipient and contractor determinations sets forth the considerations in determining whether payments constitute a Federal award or a payment for goods or services provided as a contractor.</p> <p>(g) Compliance responsibility for contractors. In most cases, the auditee's compliance responsibility for contractors is only to ensure that the procurement, receipt, and payment for goods and services comply with Federal statutes, regulations, and the terms and conditions of Federal awards. Federal award compliance requirements normally do not pass through to contractors. However, the auditee is responsible for ensuring compliance for procurement transactions which are structured such that the contractor is responsible for program compliance or the contractor's records must be reviewed to determine program compliance. Also, when these procurement transactions relate to a major program, the scope of the audit must include determining whether these transactions are in compliance with Federal statutes, regulations, and the terms and conditions of Federal awards.</p>	Requires a service	Audits ; §200.501 Audit requirements	Federal	Statute

Description	Purpose	Law Number	Jurisdiction	Type	Notes
<p>(a) Determining Federal awards expended. The determination of when a Federal award is expended must be based on when the activity related to the Federal award occurs. Generally, the activity pertains to events that require the non-Federal entity to comply with Federal statutes, regulations, and the terms and conditions of Federal awards, such as: expenditure/expense transactions associated with awards including grants, cost-reimbursement contracts under the FAR, compacts with Indian Tribes, cooperative agreements, and direct appropriations; the disbursement of funds to subrecipients; the use of loan proceeds under loan and loan guarantee programs; the receipt of property; the receipt of surplus property; the receipt or use of program income; the distribution or use of food commodities; the disbursement of amounts entitling the non-Federal entity to an interest subsidy; and the period when insurance is in force.</p> <p>(b) Loan and loan guarantees (loans). Since the Federal Government is at risk for loans until the debt is repaid, the following guidelines must be used to calculate the value of Federal awards expended under loan programs, except as noted in paragraphs (c) and (d) of this section:</p> <p>(1) Value of new loans made or received during the audit period; plus</p> <p>(2) Beginning of the audit period balance of loans from previous years for which the Federal Government imposes continuing compliance requirements; plus</p> <p>(3) Any interest subsidy, cash, or administrative cost allowance received.</p> <p>(c) Loan and loan guarantees (loans) at IHEs. When loans are made to students of an IHE but the IHE does not make the loans, then only the value of loans made during the audit period must be considered Federal awards expended in that audit period. The balance of loans for previous audit periods is not included as Federal awards expended because the lender accounts for the prior balances.</p> <p>(d) Prior loan and loan guarantees (loans). Loans, the proceeds of which were received and expended in prior years, are not considered Federal awards expended under this part when the Federal statutes, regulations, and the terms and conditions of Federal awards pertaining to such loans impose no continuing compliance requirements other than to repay the loans.</p> <p>(e) Endowment funds. The cumulative balance of Federal awards for endowment funds that are federally restricted are considered Federal awards expended in each audit period in which the funds are still restricted.</p> <p>(f) Free rent. Free rent received by itself is not considered a Federal award expended under this part. However, free rent received as part of a Federal award to carry out a Federal program must be included in determining Federal awards expended and subject to audit under this part.</p>	Requires a service	Audits ; §200.502 Basis for determining Federal awards expended	Federal	Statute	
<p>(a) An audit conducted in accordance with this part must be in lieu of any financial audit of Federal awards which a non-Federal entity is required to undergo under any other Federal statute or regulation. To the extent that such audit provides a Federal agency with the information it requires to carry out its responsibilities under Federal statute or regulation, a Federal agency must rely upon and use that information.</p> <p>(b) Notwithstanding subsection (a), a Federal agency, Inspectors General, or GAO may conduct or arrange for additional audits which are necessary to carry out its responsibilities under Federal statute or regulation. The provisions of this part do not authorize any non-Federal entity to constrain, in any manner, such Federal agency from carrying out or arranging for such additional audits, except that the Federal agency must plan such audits to not be duplicative of other audits of Federal awards. Prior to commencing such an audit, the Federal agency or pass-through entity must review the FAC for recent audits submitted by the non-Federal entity, and to the extent such audits meet a Federal agency or pass-through entity's needs, the Federal agency or pass-through entity must rely upon and use such audits. Any additional audits must be planned and performed in such a way as to build upon work performed, including the audit documentation, sampling, and testing already performed, by other auditors.</p> <p>(c) The provisions of this part do not limit the authority of Federal agencies to conduct, or arrange for the conduct of, audits and evaluations of Federal awards, nor limit the authority of any Federal agency Inspector General or other Federal official. For example, requirements that may be applicable under the FAR or CAS and the terms and conditions of a cost-reimbursement contract may include additional applicable audits to be conducted or arranged for by Federal agencies.</p> <p>(d) Federal agency to pay for additional audits. A Federal agency that conducts or arranges for additional audits must, consistent with other applicable Federal statutes and regulations, arrange for funding the full cost of such additional audits.</p> <p>(e) Request for a program to be audited as a major program. A Federal awarding agency may request that an auditee have a particular Federal program audited as a major program in lieu of the Federal awarding agency conducting or arranging for the additional audits. To allow for planning, such requests should be made at least 180 calendar days prior to the end of the fiscal year to be audited. The auditee, after consultation with its auditor, should promptly respond to such a request by informing the Federal awarding agency whether the program would otherwise be audited as a major program using the risk-based audit approach described in §200.518 Major program determination and, if not, the estimated incremental cost. The Federal awarding agency must then promptly confirm to the auditee whether it wants the program audited as a major program. If the program is to be audited as a major program based upon this Federal awarding agency request, and the Federal awarding agency agrees to pay the full incremental costs, then the auditee must have the program audited as a major program. Except for the provisions for biennial audits provided in paragraphs (a) and (b) of this section, audits required by this part must be performed annually. Any biennial audit must cover both years within the biennial period. (a) A state, local government, or Indian tribe that is required by constitution or statute, in effect on January 1, 1987, to undergo its audits less frequently than annually, is permitted to undergo its audits pursuant to this part biennially. This requirement must still be in effect for the biennial period. (a) Program-specific audit guide available. In many cases, a program-specific audit guide will be available to provide specific guidance to the auditor with respect to internal controls, compliance requirements, suggested audit procedures, and audit reporting requirements. A listing of current program-specific audit guides can be found in the compliance supplement beginning with the 2014 supplement including Federal awarding agency contact information and a Web site where a copy of the guide can be obtained. When a current program-specific audit guide is available, the auditor must follow GAGAS and the guide when performing a program-specific audit. (b) Program-specific audit guide not available. (1) When a current program-specific audit guide is not available, the auditee and auditor must have basically the same responsibilities for the Federal program as they would have for an audit of a major program in a single audit. (2) The auditee must prepare the financial statement(s) for the Federal program that includes, at a minimum, a schedule of expenditures of Federal awards for the program and notes that describe the significant accounting policies used in preparing the schedule, a summary schedule of prior audit findings consistent with the requirements of §200.511 Audit findings follow-up, paragraph (b), and a corrective action plan consistent with the requirements of §200.511 Audit findings follow-up, paragraph (c). (3) The auditor must: (i) Perform an audit of the financial statement(s) for the Federal program in accordance with GAGAS; (ii) Obtain an understanding of internal controls and perform tests of internal controls over the Federal program consistent with the requirements of §200.514 Scope of audit, paragraph (c) for a major program; (iii) Perform procedures to determine whether the auditee has complied with Federal statutes, regulations, and the terms and conditions of Federal awards that could have a direct and material effect on the Federal program consistent with the requirements of §200.514 Scope of audit, paragraph (d) for a major program; (iv) Follow up on prior audit findings, perform procedures to assess the reasonableness of the summary schedule of prior audit findings prepared by the auditee in accordance with the requirements of §200.511 Audit findings follow-up, and report, as a current year audit finding, when the auditor concludes that the summary schedule of prior audit findings materially misrepresents the status of any prior audit finding; and (v) Report any audit findings consistent with the requirements of §200.516 Audit findings. Except where otherwise authorized by statute, costs must meet the following general criteria in order to be allowable under Federal awards: (a) Be necessary and reasonable for the performance of the Federal award and be allocable thereto under these principles. (b) Conform to any limitations or exclusions set forth in these principles or in the Federal award as to types or amount of cost items. (c) Be consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the non-Federal entity. (d) Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost. (e) Be determined in accordance with generally accepted accounting principles (GAAP), except, for state and local governments and Indian tribes only, as otherwise provided for in this part. (f) Not be included as a cost or used to meet cost sharing or matching requirements of any other federally-financed program in either the current or a prior period. See also §200.306 Cost sharing or matching paragraph (b). (g) Be adequately documented. A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost. The question of reasonableness is particularly important when the non-Federal entity is predominantly federally-funded. In determining reasonableness of a given cost, consideration must be given to: (a) Whether the cost is of a type generally recognized as ordinary and necessary for the operation of the non-Federal entity or the proper and efficient performance of the Federal award. (b) The restraints or requirements imposed by such factors as: sound business practices; arm's-length bargaining; Federal, state, local, tribal, and other laws and regulations; and terms and conditions of the Federal award. (c) Market prices for comparable goods or services for the geographic area. (d) Whether the individuals concerned acted with prudence in the circumstances considering their responsibilities to the non-Federal entity, its employees, where applicable its students or membership, the public at large, and the Federal Government. (e) Whether the non-Federal entity significantly deviates from its established practices and policies regarding the incurrence of costs, which may unjustifiably increase the Federal award's cost. <p>(a) A cost is allocable to a particular Federal award or other cost objective if the goods or services involved are chargeable or assignable to that Federal award or cost objective in accordance with relative benefits received. This standard is met if the cost:</p> <p>(1) Is incurred specifically for the Federal award;</p> <p>(2) Benefits both the Federal award and other work of the non-Federal entity and can be distributed in proportions that may be approximated using reasonable methods; and</p> <p>(3) Is necessary to the overall operation of the non-Federal entity and is assignable in part to the Federal award in accordance with the principles in this subpart.</p> <p>(b) All activities which benefit from the non-Federal entity's indirect (F&A) cost, including unallowable activities and donated services by the non-Federal entity or third parties, will receive an appropriate allocation of indirect costs.</p> <p>(c) Any cost allocable to a particular Federal award under the principles provided for in this part may not be charged to other Federal awards to overcome fund deficiencies, to avoid restrictions imposed by Federal statutes, regulations, or terms and conditions of the Federal awards, or for other reasons. However, this prohibition would not preclude the non-Federal entity from shifting costs that are allowable under two or more Federal awards in accordance with existing Federal statutes, regulations, or the terms and conditions of the Federal awards.</p> <p>(d) Direct cost allocation principles. If a cost benefits two or more projects or activities in proportions that can be determined without undue effort or cost, the cost must be allocated to the projects based on the proportional benefit. If a cost benefits two or more projects or activities in proportions that cannot be determined because of the interrelationship of the work involved, then, notwithstanding paragraph (c) of this section, the costs may be allocated or transferred to benefitted projects on any reasonable documented basis. Where the purchase of equipment or other capital asset is specifically authorized under a Federal award, the costs are assignable to the Federal award regardless of the use that may be made of the equipment or other capital asset involved when no longer needed for the purpose for which it was originally required. See also §§200.310 Insurance coverage through 200.316 Property trust relationship and 200.439 Equipment and other capital expenditures.</p> <p>(e) If the contract is subject to CAS, costs must be allocated to the contract pursuant to the Cost Accounting Standards. To the extent that CAS is applicable, the allocation of costs in accordance with CAS takes precedence over the allocation provisions in this part.</p>	Requires a service	Basic Considerations ; \$200.405 Allocable costs	Federal	Statute	
<p>(a) Applicable credits refer to those receipts or reduction-of-expenditure-type transactions that offset or reduce expense items allocable to the Federal award as direct or indirect (F&A) costs. Examples of such transactions are: purchase discounts, rebates or allowances, recoveries or indemnities on losses, insurance refunds or rebates, and adjustments of overpayments or erroneous charges. To the extent that such credits accruing to or received by the non-Federal entity relate to allowable costs, they must be credited to the Federal award either as a cost reduction or cash refund, as appropriate.</p> <p>(b) In some instances, the amounts received from the Federal Government to finance activities or service operations of the non-Federal entity should be treated as applicable credits. Specifically, the concept of netting such credit items (including any amounts used to meet cost sharing or matching requirements) must be recognized in determining the rates or amounts to be charged to the Federal award. <p>Under any given Federal award, the reasonableness and allocability of certain items of costs may be difficult to determine. In order to avoid subsequent disallowance or dispute based on unreasonableness or nonallocability, the non-Federal entity may seek the prior written approval of the cognizant agency for indirect costs or the Federal awarding agency in advance of the incurrence of special or unusual costs. Prior written approval should include the timeframe or scope of the agreement. The absence of prior written approval on any element of cost will not, in itself, affect the reasonableness or allocability of that element, unless prior approval is specifically required for allowability as described under certain circumstances in the following sections of this part:</p> <p>(a) §200.201 Use of grant agreements (including fixed amount awards), cooperative agreements, and contracts, paragraph (b)(5);</p> <p>(b) §200.306 Cost sharing or matching;</p> <p>(c) §200.307 Program income;</p> <p>(d) §200.308 Revision of budget and program plans;</p> <p>(e) §200.311 Real property;</p> <p>(f) §200.313 Equipment;</p> <p>(g) §200.332 Fixed amount subawards;</p> <p>(h) §200.413 Direct costs, paragraph (c);</p> <p>(i) §200.430 Compensation—personal services, paragraph (h);</p> <p>(j) §200.431 Compensation—fringe benefits;</p> <p>(k) §200.438 Entertainment costs;</p> <p>§200.439 Equipment and other capital assets;</p>	Not related to agency deliverable	Basic Considerations ; §200.407 Prior written approval (prior approval)	Federal	Statute

<p>In addition to the basic considerations regarding the allowability of costs highlighted in this subtitle, other subtitles in this part describe special considerations and requirements applicable to states, local governments, Indian tribes, and IHEs. In addition, certain provisions among the items of cost in this subpart, are only applicable to certain types of non-Federal entities, as specified in the following sections:</p> <p>(a) Direct and Indirect (F&A) Costs (§§200.412 Classification of costs through 200.415 Required certifications) of this subpart;</p> <p>(b) Special Considerations for States, Local Governments and Indian Tribes (§§200.416 Cost allocation plans and indirect cost proposals and 200.417 Interagency service) of this subpart; and</p> <p>(c) Special Considerations for Institutions of Higher Education (§§200.418 Costs incurred by states and local governments and 200.419 Cost accounting standards and disclosure statement) of this subpart.</p>	Not related to agency deliverable	Basic Considerations ; §200.409 Special considerations	Federal	Statute

These adjustments or refunds are designed to correct the proposals used to establish the rates and do not constitute a reopening of the rate negotiation. The adjustments or refunds will be made regardless of the type of rate negotiated (predetermined, final, fixed, or provisional).</p> <p>(b) For rates covering a future fiscal year of the non-Federal entity, the unallowable costs will be removed from the indirect (F&A) cost pools and the rates appropriately adjusted.</p> <p>(c) For rates covering a past period, the Federal share of the unallowable costs will be computed for each year involved and a cash refund (including interest chargeable in accordance with applicable regulations) will be made to the Federal Government. (a) Program performance information (1) In general The Secretary shall collect performance information about, and report on, the condition of career and technical education and on the effectiveness of State and local programs, services, and activities carried out under this subchapter in order to provide the Secretary and Congress, as well as Federal, State, local, and tribal agencies, with information relevant to improvement in the quality and effectiveness of career and technical education. The Secretary shall report annually to Congress on the Secretary’s aggregate analysis of performance information collected each year pursuant to this subchapter, including an analysis of performance data regarding special populations. (2) Compatibility The Secretary shall, to the extent feasible, ensure that the performance information system is compatible with other Federal information systems. (3) Assessments As a regular part of its assessments, the National Center for Education Statistics shall collect and report information on career and technical education for a nationally representative sample of students. Such assessment may include international comparisons in the aggregate. (b) Miscellaneous provisions (1) Collection of information at reasonable cost The Secretary shall take such action as may be necessary to secure at reasonable cost the information required by this subchapter. To ensure reasonable cost, the Secretary, in consultation with the National Center for Education Statistics, the Office of Career, Technical, and Adult Education, and an entity assisted under section 2328 of this title (if applicable), shall determine the methodology to be used and the frequency with which information is to be collected. (2) Cooperation of States All eligible agencies receiving assistance under this chapter shall cooperate with the Secretary in implementing the information systems developed pursuant to this chapter. (c) Single plan for research, development, dissemination, evaluation, and assessment (1) In general The Secretary may, directly or through grants, contracts, or cooperative agreements, carry out research, development, dissemination, evaluation and assessment, capacity building, and technical assistance with regard to the career and technical education programs under this chapter. The Secretary shall develop a single plan for such activities. (2) PlanSuch plan shall— (A) identify the career and technical education activities described in paragraph (1) that the Secretary will carry out under this section; (B) describe how the Secretary will evaluate such career and technical education activities in accordance with subsection (d)(2); and (C) include such other information as the Secretary determines to be appropriate. (SDE-EIA: Career and Technical Equipment Funding) Funds appropriated for Modernize Career and Technical Equipment will be distributed to school districts and multi-district career centers based on the prior year actual student enrollment for career and technology education courses, with no district or multi-district career center receiving less than \$50,000. Funds may be expended for the purchase of career and technical equipment, the up fitting of facilities and the purchase of consumables. Each district must include in the district plan submitted to the Office of Career and Technology Education information on other career and technical equipment available. The district must include, at a minimum, equipment located at the career center and at the technical college, information on the alignment of equipment to current industry jobs and needs in the state as recommended by career and technical program advisory committees. District plans must include charter schools within the school district offering at least one career and technical education completer program. School districts and career centers may carry forward unexpended funds to be used for the same intended purposes to up fit career and technical facilities and replace career and technical program consumables. (SDE-EIA: National Board Certification Incentive) Public school classroom teachers, to include teachers employed at the special schools or classroom teachers who work with classroom teachers, to include teachers employed at the special schools who are certified by the State Board of Education and who have been certified by the National Board for Professional Teaching Standards or completed the application process prior to July 1, 2010 shall be paid a \$7,500 salary supplement beginning July first in the year following the year of achieving certification, beginning with 2009 applicants. The special schools include the Governors School for Science and Math, Governors School for the Arts and Humanities, Wil Lou Gray Opportunity School, John de la Howe School, School for the Deaf and the Blind, Department of Juvenile Justice and Palmetto Unified School District 1. The \$7,500 salary supplement shall be added to the annual pay of the teacher for the length of the national certificate. However, the \$7,500 supplement shall be adjusted on a pro rata basis for the teachers FTE and paid to the teacher in accordance with the districts payroll procedure. In addition, teachers who have applied prior to July 1, 2010 and are certified by the National Board for Professional Teaching Standards shall enter a recertification cycle for their South Carolina certificate consistent with the recertification cycle for national board certification. National board certified teachers who have been certified by the National Board for Professional Teaching Standards or completed the application process prior to July 1, 2010 moving to this State who hold a valid standard certificate from their sending state are exempted from initial certification requirements and are eligible for a professional teaching certificate and continuing contract status. Their recertification cycle will be consistent with national board certification. For the current fiscal year the salary supplement will be \$5,000 for public school classroom teachers, to include teachers employed at the special schools or classroom teachers who work with classroom teachers, to include teachers employed at the special schools who are certified by the State Board of Education and who complete the application process on or after July 1, 2010, beginning in the year of achieving certification and applies uniformly to all teachers covered under Section 59-26-85(A)(2) of the 1976 Code. The special schools include the Governors School for Science and Math, Governors School for the Arts and Humanities, Wil Lou Gray Opportunity School, John de la Howe School, School for the Deaf and the Blind, Department of Juvenile Justice and Palmetto Unified School District 1. The \$5,000 salary supplement shall be added to the annual pay of the teacher, not to exceed the lesser of, the length of one national certificate cycle. However, the \$5,000 supplement shall be adjusted on a pro rata basis for the teachers FTE and paid to the teacher in accordance with the districts payroll procedure. Fiscal Year 2017-18 shall be the final year for eligible teachers to submit the initial application and fee for NBPTS and be eligible to receive the state supplement upon achieving certification. (SDE-EIA: Technical Assistance) In order to best meet the needs of underperforming schools, funds appropriated for technical assistance must be used to provide intensive support to schools and districts with an absolute rating of below average or at-risk on the most recent annual school report card or with the lowest percentages of students meeting state standards on state assessments on the most recent state assessments or with the lowest high school graduation rates. The department will create a system of tiers of technical assistance for low-performing schools and districts that will receive technical assistance. The tiers will be determined by factors that include, but are not limited to, length of time performance of the school or district has been at-risk/below average, annual achievement ratings, annual growth ratings, school or district accreditation, and/or financial risk status. The tiers of technical assistance may include a per student allocation, placement of a principal mentor, transformation coach, instructional leader, replacement of the principal, reconstitution of a school, and declaration of a state of emergency. Low-performing schools and districts shall be placed within the tiered technical assistance framework not later than December fifteenth. Low-performing schools shall receive a diagnostic review through the department. In addition, newly identified low-performing schools and districts must be reviewed by an External Review Team in the year of designation, and every third year thereafter. These reports shall be made available on the Department of Education's website; any information pertaining to personnel matters or containing personally identifiable information shall be exempted. Based upon the recommendations in the review(s), low-performing schools and districts must develop and submit to the Department of Education an updated school renewal or district strategic plan outlining goals for improvements. The amended plans must address specific strategies designed to increase student achievement and must include measures to evaluate the success of implementation of the plan. With the funds appropriated to the Department of Education, and any experts placed in the school or district for technical assistance services, the department will assist low-performing schools and districts in designing and implementing the strategies and measurement identified in the amended plans and in brokering for technical assistance personnel as stipulated in the plan. In addition, the department must monitor student academic achievement and progress on implementation and report their findings to the Chairman of the Senate Finance Committee, the Chairman of the House Ways and Means Committee, the Chairman of the Senate Education Committee, the Chairman of the House Education and Public Works Committee, the local legislative delegation, and the Governor in the fall following the school or district designation as low-performing. If the school or school district does not provide the evaluation information necessary to determine effective use, the principal of the school or the district superintendent may be subject to receiving a public reprimand by the State Board of Education if it is determined that those individuals are responsible for the failure to provide the required information. Funds must be used by the department for implementation and delivery of technical assistance services. Using previous report card data and monitoring reports on the status of implementation of the school renewal plan, the department shall identify priority schools. Funds appropriated for technical assistance shall be used by the department to work with those schools identified as low-performing and to support priority schools under the tiered system. These funds shall not be transferred to any other funding category by the school district without prior approval of the State Superintendent of Education and funds are not subject to agency flexibility provisions. Reconstitution means the redesign or reorganization of the school, which may include the declaration that all positions in the school are considered vacant. Certified staff currently employed in priority schools must undergo an evaluation in the spring following the school's identification as a priority school and must meet determined goals to be rehired and continue their employment at that school. Educators who were employed at a school that is being reconstituted prior to July 2009, and to whom the employment and dismissal laws apply will not lose their rights in the reconstitution. If they are not rehired or are not assigned to another school in the school district they have the opportunity for a hearing. However, employment and dismissal laws shall not apply to educators who are employed in the district and assigned to the priority schools July 1, 2009, in the event of a reconstitution of the school in which the school is reconstituted. These individuals are not eligible for the same or similar positions of the school district staff. Additionally, the reconstitution of the school is not a transfer of the school district staff. (SDE-EIA: Full-Day 4K) Eligible students residing in a school district that met the poverty level for participation in the prior school year are eligible to participate in the South Carolina Early Reading Development and Education Program in the current school year. Public and private providers shall be funded for instructional costs at a rate of \$4,422 per student enrolled. Eligible students enrolling during the school year or withdrawing during the school year shall be funded on a pro rata basis determined by the length of their enrollment. Private providers transporting eligible children to and from school shall also be eligible for a reimbursement of \$563 per eligible child transported. All providers who are reimbursed are required to retain records as required by their fiscal agent. New providers participating for the first time in the current fiscal year and enrolling between one and six eligible children shall be eligible to receive up to \$1,000 per child in materials and equipment funding, with providers enrolling seven or more such children eligible for funding not to exceed \$10,000. Providers receiving equipment funding are expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years will require the provider to return a portion of the equipment allocation at a level determined by the Department of Education and the Office of First Steps to School Readiness. Funding to providers is contingent upon receipt of data as requested by the Department of Education and the Office of First Steps. The Department of Education shall only provide funding for public school students whose complete records have been entered into PowerSchool and end of year adjustments shall be based on the one hundred and thirty-five day student average daily membership. Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department, during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual audit findings to the General Assembly no later than December 1. Likewise, in the event the Office of First Steps determines that the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations for the current fiscal year to account for the findings. Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of the South Carolina Child Development Education Pilot Program and to issue findings in a report to the General Assembly by January fifteenth of each year. To aid in this evaluation, the Education Oversight Committee shall determine the data necessary and both public and private providers are required to submit the necessary data as a condition of continued participation in and funding of the program. This data shall include developmentally appropriate measures of student progress. Additionally, the Department of Education shall issue a unique student identifier for each child receiving services from a private provider. The Department of Education shall be responsible for the collection and maintenance of data on the public state funded full day and half-day four-year-old kindergarten programs. The Office of First Steps to School Readiness shall be responsible for the collection and maintenance of data on the state funded programs provided through private providers. The Education Oversight Committee shall use this data and all other collected and maintained data necessary to conduct a research based review of the program's implementation and assessment of student success in the early elementary grades. (SDE-EIA: IDEA Maintenance of Effort) Prior to the dispersal of funds appropriated in Section VIII.A.1. Aid to Districts according to Proviso 1A.31 for the current fiscal year, in the event that there is a reduction in state funds or there are changes in the Education Finance Act/Base Student Cost formula that would reduce support for children with disabilities, the Department of Education is authorized to utilize funds appropriated in Section VIII.A.1. Aid to Districts to ensure maintenance of state financial support for the IDEA. The department shall distribute these funds using the current fiscal year one hundred thirty-five day Average Daily Membership or as directed by the United States Department of Education. Funds provided for these purposes may not be transferred to any other purpose and therefore are not subject to flexibility. For continued compliance with the federal maintenance of state financial support requirements of the IDEA, funding for children with disabilities must, to the extent practicable, be held harmless to budget cuts or reductions to the extent those funds are required to meet federal maintenance of state financial support requirements under the IDEA. In the event cuts to funds that are needed to maintain fiscal effort are necessary, when administering such cuts, the department must not reduce funding to support children with disabilities who qualify for services under the IDEA in a manner that is disproportionate to the level of overall reduction to state programs in general. By December 1, the department must submit an estimate of the IDEA maintenance of state financial support requirement to the General Assembly and the Governor. For the current fiscal year, the department may carry forward IDEA Maintenance of Effort funds from the prior fiscal year and expend them in the same manner. (SDE-EIA: Career Cluster Industry Partnerships) From the funds appropriated to the Department of Education, \$800,000 must be provided as direct grants to the private sector statewide trade association or educational foundation providing nationally certified programs in career and technology education representing the automotive, construction, engineering, healthcare, mechanical contracting/construction, and hospitality tourism career clusters. Organizations applying for a grant must do so by July thirty-first and the Department of Education must award a minimum of one grant of at least \$150,000 in at least four of these specified career clusters to be used exclusively for career and technology education. The recipient industry organization must conduct end-of-course exams graded by a national industry organization and must include in their grant request how the money will be spent in direct support of students to further industry-specific career technology education; a description and history of their program nationally and within South Carolina; estimates of future employment growth in their industry; and the national scope of their program. By August first of the following year, the organization must submit to the department a report detailing how the grant increased industry/employer awareness; the number of increased schools using the industry-based curriculum and partnered with the industry organization; the increased number of students in the program; and an overview and analysis of the organization's statewide student competition. The grant must be used for career awareness programs for that industry cluster; statewide student competitions leading to national competitions; teacher development and training; post-secondary scholarships in industry-specific degree programs; student recruitment into that career cluster programs; programs to educate middle and high school Career or Guidance Counselors about the industry; service to disadvantaged youth; and administering business/employer awareness and partnerships which help lead to experience-based, career-oriented experiences including internships, apprenticeships, mentoring, co-op education and service learning. The Office of Career and Technology Education of the department will develop goals with each career cluster on the number of new schools using the industry-based curriculum and partnered with that career cluster organization. These funds may not be used to supplant or replace, in whole or in part, other existing resources/assets sourced outside the present grant being used to provide the same services or programs. Organizations may carry-over grants for up to three years when a large project is identified in the grant application to be used at a future date; otherwise excess funds must be returned to the state. Organizations awarded must submit a semi-annual programmatic and financial report on the last day of December in addition to the final report due August first that has been audited by a third party accounting firm. (SDE-EIA: Teacher Salaries/SE Average) The projected Southeastern average teacher salary shall be the average of the average teachers' salaries of the southeastern states as projected by the Revenue and Fiscal Affairs Office. For the current school year the Southeastern average teacher salary is projected to be \$51,966. The General Assembly remains desirous of raising the average teacher salary in South Carolina through incremental increases over the next few years so as to make such equivalent to the national average teacher salary. The statewide minimum teacher salary schedule used in Fiscal Year 2016-17 will continue to be used in Fiscal Year 2017-18. Additionally, for the current fiscal year, a local school district board of trustees must increase the salary compensation for all eligible certified teachers employed by the district by no less than one year of experience credit using the district salary schedule utilized the prior fiscal year as the basis for providing the step. Application of this provision must be applied uniformly for all eligible certified teachers. Funds appropriated in Part IA, Section 1, VIII.C.2. for Teacher Salaries must be used to increase salaries of those teachers eligible pursuant to Section 59-20-50(4)(b), to include classroom teachers, librarians, guidance counselors, psychologists, social workers, occupational and physical therapists, school nurses, orientation/mobility instructors, and audiologists in the school districts of the state. (SDE-EIA: Teacher Salaries/State Agencies) Each state agency which does not contain a school district but has instructional personnel shall receive an appropriation as recommended by the Education Oversight Committee and funded by the General Assembly for teacher salaries based on the following formula: Each state agency shall receive such funds as are necessary to adjust the pay of all instructional personnel to the appropriate salary provided by the salary schedules of the school district in which the agency is located. Instructional personnel may include all positions which would be eligible for EIA supplements in a public school district, and may at the discretion of the state agency, be defined to cover curriculum development specialists, educational testing psychologists, psychological and guidance counselors, and principals. The twelve-month agricultural teachers located at Clemson University are to be included in this allocation of funds for base salary increases. The South Carolina Governor's School for the Arts and Humanities and the South Carolina Governor's School for Science and Mathematics are authorized to increase the salaries of instructional personnel by an amount equal to the percentage increase given by the School District in which they are both located. (SDE-EIA: EOC Partnerships for Innovation) Of the funds appropriated or carried forward from the prior fiscal year, the Education Oversight Committee is directed to participate in public-private partnerships to promote innovative ways to transform the assessment of public education in South Carolina that support increased student achievement in reading and college and career readiness. The Education Oversight Committee may provide financial support to districts and to public-private partnerships for planning and support to implement, sustain and evaluate the innovation and to develop a matrix and measurements of student academic success based on evidence-based models. These funds may also be used to support the innovative delivery of science, technology, and genetic education and exposure to career opportunities in science, including mobile science laboratory programs, to students enrolled in the Abbeville equity school districts and students in high poverty schools. These funds may also focus on creating public-private literacy partnerships utilizing a 2:1 matching funds provision when the initiative employs research-based methods, has demonstrated success in increasing reading proficiency of struggling readers, and works directly with high poverty schools and districts. The committee will work to expand the engagement of stakeholders including state agencies and boards like the Educational Television Commission, businesses, and higher education institutions. The committee shall annually report to the General Assembly on the measurement results. The Education Oversight Committee and the Department of Education shall recommend to the Senate Finance Committee and to the House Ways and Means Committee a plan to develop and implement a strategic grants process for reviewing, awarding, and monitoring innovative education strategies in schools and districts. The plan would identify the process and priority areas for funding that address the educational needs of the state. (SDE-EIA: Rural Teacher Recruiting Incentive) (A) There is created a program within the South Carolina Center for Educator Recruitment, Retention, and Advancement (CERRA) to recruit and retain classroom educators in rural and underserved districts experiencing excessive turnover of classroom teachers on an annual basis. (B) During the current fiscal year CERRA shall publish eligibility requirements and applications for individual educators, school districts, and institutions of higher education not inconsistent with existing licensure requirements for each, but also including: (1) Eligible districts identified by CERRA as experiencing greater than eleven percent average annual teacher turnover, as reported on the districts' five most recent district report cards issued by the South Carolina Department of Education, may make application to participate in the program. (2) Individuals eligible for incentives shall be willing to provide instructional services in an eligible district in exchange for participation in an incentive detailed in item (C) of this section, pursuant to the obligations and restrictions stated for each. (3) Institutions of higher education eligible to receive education funding as a component of recruiting incentives created pursuant to item (C) of this section shall not be excluded from participation in Teaching Fellows Program. (4) Any incentives requiring individuals to relocate into an eligible district to provide instructional services shall not be made available to individuals providing instructional services in other eligible districts. (C) Pursuant to item (A), CERRA shall develop a set of incentives including, but not limited to, salary supplements, education subsidies, loan forgiveness, professional development, and mentorship to be provided to classroom educators that offer instructional services in eligible districts and shall provide incentive options for eligible individuals at all stages of their careers, including high-school and college or university students interested in entering the teaching profession and including individuals entering the field through an alternative certification pathway to include, but not limited to, PACE, ABCTE, Teach for American and CATE Work-Based Certification. At a minimum, the incentives shall include: (1) South Carolina Teachers Loan forgiveness at a rate of one year for every two years of service as a teacher in an eligible district, unless otherwise eligible for a greater forgiveness rate under the guidelines of the South Carolina Teachers Loan Program. (2) Development of a program for forgiveness of undergraduate student loans, not to exceed \$5,000 per year, for up to 7 years, for teachers participating in this incentive that achieve certification through an alternative pathway or who have a loan from an institution other than the South Carolina Student Loan Corporation or program other than the South Carolina Teachers Loan Program. (3) Development of a forgivable loan program for individuals pursuing graduate coursework in furtherance of a teaching career, including enrollment in graduate-level coursework necessary to seek additional credentialing or certification relevant to the participant's teaching practice, or individuals seeking an alternative pathway to certification as a teacher. (4) Support for the establishment and maintenance of a teaching mentorship program, including salary supplements for teaching mentors not to exceed \$2,500 per year. (5) Other technical support and recruiting incentives as developed by CERRA in conjunction with the Department of Education and the Education Oversight Committee consistent with the objectives of this section. (D) Pursuant to item (A), CERRA shall develop a set of incentives including, but not limited to, salary supplements, education subsidies, loan forgiveness, professional development, and mentorship to be provided to classroom educators that offer instructional services in eligible districts and shall provide incentive options for eligible individuals at all stages of their careers, including high-school and college or university students interested in entering the teaching profession and including individuals entering the field through an alternative certification pathway to include, but not limited to, PACE, ABCTE, Teach for American and CATE Work-Based Certification. (SDE-EIA: CHE/Teacher Recruitment) Of the funds appropriated in Part IA, Section 1, VIII.E. for the Teacher Recruitment Program, the South Carolina Commission on Higher Education shall distribute a total of ninety-two percent to the Center for Educator Recruitment, Retention, and Advancement (CERRA-South Carolina) for a state teacher recruitment program, of which at least seventy-eight percent must be used for the Teaching Fellows Program specifically to provide scholarships for future teachers, and of which twenty-two percent must be used for other aspects of the state teacher recruitment program, including the Teacher Cadet Program and \$166,302 which must be used for specific programs to recruit minority teachers: and shall distribute eight percent to South Carolina State University to be used only for the operation of a minority teacher recruitment program and therefore shall not be used for the operation of their established general education programs. Working with districts with an absolute rating of At-Risk or Below Average, CERRA will provide shared initiatives to recruit and retain teachers to schools in these districts. CERRA will report annually by October first to the Education Oversight Committee and the Department of Education on the success of the recruitment and retention efforts in these schools. The South Carolina Commission on Higher Education shall ensure that all funds are used to promote teacher recruitment on a statewide basis, shall ensure the continued coordination of efforts among the three teacher recruitment projects, shall review the use of funds and shall have prior program and budget approval. The South Carolina State University program, in consultation with the Commission on Higher Education, shall extend beyond the geographic area it currently serves. Annually, the Commission on Higher Education shall evaluate the effectiveness of each of the teacher recruitment projects and shall report its findings and its program and budget recommendations to the House and Senate Education Committees, the State Board of Education and the Education Oversight Committee by October first annually, in a format agreed upon by the Education Oversight Committee and the Department of Education. With the funds appropriated CERRA shall also appoint and maintain the South Carolina Teacher Loan Advisory Committee. The Committee shall be composed of one member representing each of the following: (1) Commission on Higher Education; (2) State Board of Education; (3) Education Oversight Committee; (4) Center for Educator Recruitment, Retention, and Advancement; (5) South Carolina Student Loan Corporation; (6) South Carolina Association of Student Financial Aid Administrators; (7) a local school district human resources officer; (8) a public higher education institution with an approved teacher education program; and (9) a private higher education institution with an approved teacher education program. (SDE-EIA: Reading/Literacy Coaches) (A) Funds appropriated for Reading/Literacy Coaches must be allocated to school districts by the Department of Education as follows: (1) for each elementary school in which twenty percent or more of the students scored below "meets expectations" on the reading sub score of the English language arts test in the most recent year for which such data are available, the school district shall be eligible to receive the lesser of up to \$62,730 or the actual cost of salary and benefits for a full-time reading/literacy coach; and (2) for each elementary school in which fewer than twenty percent of the students scored as referenced in (A)(1), the school district shall be eligible to receive the lesser of up to \$31,365 or fifty percent of the actual cost of salary and benefits for a full-time reading/literacy coach. A school district must provide local support for state funds provided under this paragraph. School districts may use existing local funds currently used for reading assistance as the local support. (B) By accepting these funds, a school district warrants that they will not be used to supplant existing school district expenditures, except for districts that either are currently, or in the prior fiscal year, were paying for reading/literacy coaches with local funds. A district may, however, assign a reading/literacy coach to a primary school rather than to the elementary school to improve the early literacy skills of young children. (C) Funds appropriated for reading/literacy Coaches are intended to be used to provide elementary schools with reading/literacy coaches who shall serve according to the provisions in Chapter 155 of Title 59. (D) Schools and districts accepting funding to support a coaching position agree that the reading/literacy coach must not serve as an administrator. If the department finds that school districts are using these funds for administrative costs as defined in statute they must withhold that districts remaining balance of funds allocated pursuant to this proviso. (E) The Department of Education must publish guidelines that define the minimum qualifications for a reading/literacy coach. These guidelines must deem any licensed/certified teacher qualified if, at a minimum, he or she: (1) holds a bachelor's degree or higher and an add-on endorsement for literacy coach or literacy specialist; or (2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or (3) holds a master's degree or higher in reading or a closely-related field. Within these guidelines, the Department of Education must assist districts in identifying a reading/literacy coach in the event that the school is not successful in identifying and directly employing a qualified candidate. The provisions of subsection (A), including the local support requirements, shall also apply to any allocations made pursuant to this paragraph. (F) The Department of Education must develop procedures for monitoring the use of funds appropriated for reading/literacy coaches to ensure they are applied to their intended uses and are not redirected for other purposes. The Department of Education may receive up to \$100,000 of the funds appropriated for reading/literacy coaches in order to implement this program, provided that this allocation does not exceed the department's actual costs. (G) Prior to the close of the current fiscal year, any unspent or unallocated funds for reading/literacy coaches shall be used to fund Summer Reading Camps. (H) The Department of Education shall require: (1) any school district receiving funding under subsection (A) to identify the name and qualifications of the supported reading/literacy coach; as well as the school in which the coach is assigned; and (2) any school district receiving funding under subsection (A) to report to the department the name and qualifications of the supported reading/literacy coach; as well as the school in which the coach is assigned. (SDE-EIA: Digital Instructional Materials) The Department of Education shall create an instructional materials list composed of those items (print and/or digital) that have received State Board of Education approval through the normal adoption process. The department shall continue to work with the publishers of instructional materials to ensure that districts who wish to receive both the digital version and class sets of textbooks may be awarded that option. Funds appropriated for the purchase of textbooks and other instructional materials may be used for reimbursing school districts to offset the costs of refurbishing science kits on the state-adopted textbook inventory, purchasing new kits from the central textbook depository, or a combination of refurbishment and purchase. The refurbishing cost of kits may not exceed the cost of the state-adopted refurbishing kits plus a reasonable amount for shipping and handling. Costs for staff development, personnel costs, equipment, or other costs associated with refurbishing kits on state inventory are not allowable costs. Funds provided for Instructional Materials may be carried forward from the prior fiscal year into the current fiscal year to be expended for the same purposes by the department, school districts, and special schools. (SDE-EIA: 4K Early Literacy Competencies Assessments) Of the funds carried forward from the full-day 4K program from the previous fiscal year, the Department of Education is authorized to expend up to \$800,000 on assessments and professional development to analyze the early literacy competencies of children in publicly funded prekindergarten. The department shall manage the administration of assessments that analyze the early literacy and language development of children in publicly funded prekindergarten as done in the prior fiscal year. Each school district and private provider participating in a publicly funded prekindergarten program will administer one of the formative assessments selected by the department to each child eligible for and enrolled in a publicly funded prekindergarten program during the first forty-five days of the school year and during the last forty-five days of the school year. Accommodations that do not invalidate the results of these assessments must be provided in the manner set forth by the student's Individualized Education Program or 504 Accommodations Plan. The department will provide the assessment data to the Education Oversight Committee. The results of the assessment and the developmental intervention strategies recommended or services needed to address the child's identified needs must also be provided, in writing, to the parent or guardian. The assessment may not be used to deny a student to admission to prekindergarten. Furthermore, up to \$2,000,000 of the funds appropriated for half-day programs for four-year-olds and funds carried forward from assessment must be expended by the Department of Education to administer the Kindergarten Readiness Assessment (KRA) to each child entering kindergarten in the public schools. The assessment of kindergarten students must be administered at a minimum of once during the first forty-five days of the school year with the results collected by the department. The results of the assessments and the developmental intervention strategies recommended or services needed to address each child's identified needs must also be provided, in writing, to the parent or guardian. The assessment may not be used to deny a student admission to kindergarten. Accommodations that do not invalidate the results of these assessments must be provided in the manner set forth by the student's Individualized Education Program or 504 Accommodations Plan. Districts are given the option of designating up to two days of the one hundred eighty day school calendar to administer the assessment to kindergarten students. The department will also provide the results of the assessment of kindergarten students to the Education Oversight Committee. With available funds, the department will also provide or secure training for appropriate educators in how to administer the assessment. For all students assessed with the Kindergarten Readiness Assessment (KRA), the Department of Education is required to collect data from schools and school districts on the prior early learning experience of each student. The data would include whether the kindergartener had attended in the prior school year a Head Start program, a South Carolina Early Reading Development and Education Program in a public school or a private center, a half-day 4K program in a public school, a full-day 4K program in a public school, a child care center (registered faith-based, registered family home, group home, or exempt provider) or informal child care. Develop a plan that must be presented to the local board on a form created by SDE. Plans must be submitted no later than July 25th to SBE and notice must be given no later than August 15th. Funds distributed to school districts or allocated to schools must not supplant existing supply money paid to teachers from other sources. If a school district requires receipts for tax purposes the receipts may not be required before December thirty-first. Districts that do not wish to require receipts may have teachers retain the receipts and certify for the district they have received the allocation for purchase of teaching supplies and/or materials and that they have purchased or will purchase supplies and/or materials during the fiscal year for the amount of the allocation. Districts shall not have an audit exception related to non-retention of receipts in any instances where a similar instrument is utilized. Any district requiring receipts must notify any teacher from whom receipts have not been submitted between November twenty-fifth and December sixth that receipts must be submitted to the district. Districts may not add any additional requirement not listed herein related to this reimbursement. Any classroom teacher, including a classroom teacher at a South Carolina private school, that is not eligible for the reimbursement allowed by this provision, may claim a refundable income tax credit on the teacher's 2017 tax return, provided that the return or any amended return claiming the credit is filed prior to the end of the fiscal year. The credit is equal to two hundred seventy-five dollars, or the amount the teacher expends on teacher supplies and materials, whichever is less. If any expenditures eligible for a credit are made after December thirty-first, the teacher may include the expenditures on his initial return or may file an amended 2017 return claiming the credit, so long as the return or amended return is filed in this fiscal year. <p>(SDE: School Districts and Special Schools Flexibility) All school districts and special schools of this State may transfer and expend funds among appropriated state general fund revenues, Education Improvement Act funds, Education Lottery Act funds, and funds received from the Children's Education Endowment Fund for school facilities and fixed equipment assistance, to ensure the delivery of academic and arts instruction to students. However, a school district may not transfer funds allocated specifically for state level maintenance of effort requirements under IDEA, funds allocated specifically for state level maintenance of effort requirement for federal program, funds provided for the Education and Economic Development Act, funds provided for Career and Technology Education, nor required for debt service or bonded indebtedness. All school districts and special schools of this State may suspend professional staffing ratios and expenditure regulations and guidelines at the sub-function and service area level, except for four-year old programs and programs serving students with disabilities who have Individualized Education Programs.</p> <p>In order for a school district to take advantage of the flexibility provisions, at least seventy-five percent of the school district's per pupil expenditures must be utilized within the In\$ite categories of instruction, instructional support, and only transportation, food service, and safety within non-instruction pupil services. No portion of the seventy-five percent may be used for facilities, business services, debt service, capital outlay, program management, and leadership services, as defined by In\$ite. The school district shall report to the Department of Education the actual percentage of its per pupil expenditures used for classroom instruction, instructional support, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June thirtieth. Salaries of on-site principals must be included in the calculation of the district's per pupil expenditures.</p> <p>"In\$ite" means the financial analysis model for education programs utilized by the Department of Education.</p> <p>School districts are encouraged to reduce expenditures by means, including, but not limited to, limiting the number of low enrollment courses, reducing travel for the staff and the school district's board, reducing and limiting activities requiring dues and memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and expanding virtual instruction.</p> <p>School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.</p> <p>Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil allocation due to them for each categorical program.</p> <p>Quarterly throughout the current fiscal year, the chairman of each school district's board and the superintendent of each school district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken. The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting, and the certification must be conspicuously posted on the internet website maintained by the school district.</p> <p>For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the most economical type of bus fuel.</p> <p>For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school districts based on weighted pupil units.</p> <p>School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars, from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made available for public viewing and downloading. <p>(SDE: EFA Formula/Base Student Cost Inflation Factor) To the extent possible within available funds, it is the intent of the General Assembly to provide for one hundred percent of full implementation of the Education Finance Act to include an inflation factor projected by the Revenue and Fiscal Affairs Office to match inflation wages of public school employees in the Southeast. The base student cost for the current fiscal year has been determined to be \$2,425. For the current fiscal year, the total pupil count is projected to be 721,401. The average per pupil funding is projected to be \$6,120 state, of which \$2,339 comes from the EFA, \$1,294 federal, and \$5,726 local. This is an average total funding level of \$13,140 excluding revenues of local bond issues. For the current fiscal year the South Carolina Public Charter School District and any institution of higher education sponsoring a public charter school shall receive and distribute state EFA funds to the charter school as determined by one hundred percent of the current year's base student cost, as funded by the General Assembly multiplied by the weighted students pupils enrolled in the charter school, which must be subject to adjustment for student attendance.</p> <p>The Revenue and Fiscal Affairs Office, must post in a prominent place on their website for each school district projections, including the per pupil state, federal and local revenues, excluding revenues of local bond issues, for the current fiscal year. Also, as soon as practicable, upon determining the exact numbers regarding pupil count and funding, the Revenue and Fiscal Affairs Office, shall also post on their website the one hundred thirty-five day average daily membership for each school district and per pupil state, federal and local revenues, excluding revenues of local bond issues, based on the most recent audited financial statement as reported annually pursuant to Section 59-17-100. The Department of Education and the Education Oversight Committee shall provide in a prominent place on their internet websites a link to the information posted by the Revenue and Fiscal Affairs Office, including the projected numbers and the exact numbers.</p> <p>For the current fiscal year, the pupil classification weightings are as follows:</p> <p>(1) K-12 pupils or base students including homebound students 1.00</p> <p>Students served in licensed residential treatment facilities (RTFs) for children and adolescents as defined under Section 44-7-130 of the 1976 Code shall receive a weighting of 2.10.</p> <p>(2) Weights for students with disabilities as prescribed in Section 59-20-40(1)(c) Special Programs</p> <p>(3) Precareer and Career Technology 1.29</p> <p>(4) Additional weights for personalized instruction:</p> <p>(A) Gifted and Talented 0.15</p> <p>(B) Academic Assistance 0.15</p> <p>(C) Limited English Proficiency 0.20</p> <p>(D) Pupils in Poverty 0.20</p> <p>(E) Dual Credit Enrollment 0.15</p> <p>No local match is required for the additional weightings for personalized instruction in the current school year. <p>(SDE: School District Furlough) Should there be a midyear reduction in state funding to the districts, school districts may institute employee furlough programs for district-level and school-level professional staff. Before any of these employees may be furloughed, the chairman of the governing body of the school district must certify that all fund flexibility provided by the General Assembly has been utilized by the district and that the furlough is necessary to avoid a year-end deficit and a reduction in force. The certification must include a detailed report by the superintendent of the specific action taken by the district to avoid a year-end deficit. The certification and report must be in writing and delivered to the State Superintendent of Education and a copy must be forwarded to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.</p> <p>The local school district board of trustees may implement a furlough of personnel once certification to the State Superintendent documents all funding flexibility has been exhausted and continued year-end deficits exist. Local school boards of trustees shall have the authority to authorize furloughs of these employees in the manner in which it sees fit. However, instructional personnel may be furloughed for up to five non-instructional days if not prohibited by an applicable employment contract with the district and provided district administrators are furloughed for twice the number of days. District administrators may only be furloughed on non-instructional days and may not be furloughed for a period exceeding ten days. District administrators shall be defined by the Department of Education using the Professional Certified Staff (PCS) System. For individuals not coded in PCS, the determination shall be made based upon whether the individual performs the functions outlined in position codes identified by the department as administration. Educators who would have received a year's experience credit had a furlough not been implemented, shall not have their experience credit negatively impacted because of a furlough implementation.</p> <p>During any furlough, affected employees shall be entitled to participate in the same benefits as otherwise available to them except for receiving their salaries. As to those benefits that require employer and employee contributions, including, but not limited to, contributions to the South Carolina Retirement System or the optional retirement program, the district will be responsible for making both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the employee remains solely responsible for making those contributions. Placement of an employee on furlough under this provision does not constitute a grievance or appeal under any employee grievance procedure. The district may allocate the employee's reduction in pay over the balance of the fiscal year for payroll purposes regardless of the pay period within which the furlough occurs.</p> <p>Each local school district must prominently post on the district's internet website and make available for public viewing and downloading the most recent version of the school district's policy manual and administrative rule manual.</p> <p>This proviso shall not abrogate the terms of any contract between any school district and its employees.</p>	Report our agency must/may provide	Department of Education; 1.31	State	2018-19 Proviso

(SDE: EFA - Formula) The amount appropriated in Part IA, Section 1 for "Education Finance Act" shall be the maximum paid under the provisions of Act 163 of 1977 (the South Carolina Education Finance Act of 1977) to the aggregate of all recipients. The South Carolina Education Department shall develop formulas to determine the state and required local funding as stipulated in the South Carolina Education Finance Act of 1977. Such formulas shall require the approval of the State Board of Education and the State Fiscal Accountability Authority. After computing the EFA allocations for all districts, the department shall determine whether any districts' minimum required local revenue exceeds the districts' total EFA Foundation Program. When such instance is found, the department shall adjust the index of taxing ability to reflect a local effort equal to the cost of the districts' EFA Foundation Program. The districts' weighted pupil units are to be included in determination of the funds needed for implementation of the Education Finance Act statewide. In the event that the formulas as devised by the Department of Education and approved by the State Board of Education and the State Fiscal Accountability Authority should provide for distribution to the various school districts totaling more than the amount appropriated for such purposes, subject to the provisions of this proviso, the Department of Education shall reduce each school district entitlement by an equal amount per weighted pupil so as to bring the total disbursements into conformity with the total funds appropriated for this purpose. If a reduction is required in the state's contribution, the required local funding shall be reduced by the proportionate share of local funds per weighted pupil unit. The Department of Education shall continually monitor the distribution of funds under the provisions of the Education Finance Act and shall make periodic adjustments to disbursements to ensure the aggregate of such disbursements do not exceed the appropriated funds. (SDE: Residential Treatment Facilities Student Enrollment and Funding) Each South Carolina resident of lawful school age residing in licensed residential treatment facilities (RTFs) for children and adolescents identified on the State Qualified Providers list and meets the requirements of Section 44-7-130 of the 1976 Code, (students) shall be entitled to receive educational services from the school district in which the RTF is located (facility school district). The responsibility for providing appropriate educational programs and services for these students, both with and without disabilities, who are referred, authorized, or placed by the State is vested in the facility school districts. For purposes of this proviso, an authorization must be pursuant to a physician's determination of medical necessity. If clinically appropriate, the facility school district, the RTF, and the parent or guardian of a student referred or placed in a RTF may consider the appropriateness of providing the student's education program virtually through enrollment in either the facility district's virtual program, the South Carolina virtual school program provided through the Department of Education (Virtual SC), or a virtual charter school authorized by the South Carolina Public Charter School District, or a virtual charter school authorized by an approved institute of higher education. This decision should be made jointly with the best interest of the student and what is clinically indicated being considered. A facility school district must provide the necessary educational programs and services directly to the student at the RTF's facility, provided that the RTF facility provides and maintains comparable adequate space for the educational programs and services consistent with all federal and state least restrictive environment requirements. Adequate space shall include appropriate electrical support and Internet accessibility. Unless the parent or legal guardian of the student seeks to continue the student's enrollment in the resident school district under a medical homebound instruction program and the district approves, if appropriate, then, under these circumstances, the facility school district shall enroll the student and assume full legal and financial responsibility for the educational services including enrolling the student, approving the student's entry into a medical homebound instructional program, if appropriate, and receiving and expending funds, unless the resident school district undertakes to carry out its educational responsibilities for the student directly. Alternatively, a facility school district may choose to provide the necessary educational programs and services by contracting with the RTF provided that the RTF agrees to provide educational services to the student at the RTF's facility. Under these circumstances, the facility school district must enroll the student and pay the RTF for the educational services provided. If the facility school district determines the educational program being offered by the RTF does not meet the educational standards outlines in the contract, the facility district shall be justified in terminating the contract. The facility school districts are entitled to receive the base student cost multiplied by the Education Finance Act pupil weighting for Homebound pupils of 2.10, as set forth in Section 59-20-40 of the 1976 Code and any eligible categorical and federal funds. These funds may be retained by the facility school districts for the purpose of providing the educational programs and services directly to students referred or placed by the State or the facility school districts may use these funds to reimburse RTFs for the educational programs and services provided directly by the RTFs. A facility school district is entitled to reimbursement from a resident school district for the difference between (1) the reasonable costs expended for the educational services provided directly by the facility school district or the amount paid to the RTF and (2) the aggregate amount of federal and state funding received by the facility school district for that student. However, the reimbursement rate may not exceed \$45 per student per day. Facility school districts providing the educational services shall notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving educational services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided the facility district has provided a copy of the invoice to both the District Superintendent and the finance office of the resident district being invoiced. Should the facility school district be unable to reach agreement with the resident school district regarding reasonable costs differences, the facility school district shall notify the Department of Education, Office of General Counsel. (SDE: Full-Day 4K) Eligible students residing in a school district that met the poverty level for participation in the prior school year are eligible to participate in the South Carolina Early Reading Development and Education Program in the current school year. Public and private providers shall be funded for instructional costs at a rate of \$4,422 per student enrolled. Eligible students enrolling during the school year or withdrawing during the school year shall be funded on a pro rata basis determined by the length of their enrollment. Private providers transporting eligible children to and from school shall also be eligible for a reimbursement of \$563 per eligible child transported. All providers who are reimbursed are required to retain records as required by their fiscal agent. New providers participating for the first time in the current fiscal year and enrolling between one and six eligible children shall be eligible to receive up to \$1,000 per child in materials and equipment funding, with providers enrolling seven or more such children eligible for funding not to exceed \$10,000. Providers receiving equipment funding are expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years will require the provider to return a portion of the equipment allocation at a level determined by the Department of Education and the Office of First Steps to School Readiness. Funding to providers is contingent upon receipt of data as requested by the Department of Education and the Office of First Steps. The Department of Education shall only provide funding for public school students whose complete records have been entered into PowerSchool and end of year adjustments shall be based on the one hundred and thirty-five day student average daily membership. Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department, during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual audit findings to the General Assembly no later than December 1. Likewise, in the event the Office of First Steps determines that the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations for the current fiscal year to account for the findings. Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of the South Carolina Child Development Education Pilot Program and to issue findings in a report to the General Assembly by January fifteenth of each year. To aid in this evaluation, the Education Oversight Committee shall determine the data necessary and both public and private providers are required to submit the necessary data as a condition of continued participation in and funding of the program. This data shall include developmentally appropriate measures of student progress. Additionally, the Department of Education shall issue a unique student identifier for each child receiving services from a private provider. The Department of Education shall be responsible for the collection and maintenance of data on the public state funded full day and half-day four-year-old kindergarten programs. The Office of First Steps to School Readiness shall be responsible for the collection and maintenance of data on the state funded programs provided through private providers. The Education Oversight Committee shall use this data and all other collected and maintained data necessary to conduct a research based review of the program's implementation and assessment of student success in the early elementary grades. (SDE: Summer Reading Camps) For the current fiscal year, funds appropriated for summer reading camps must be allocated as follows: (1) up to twenty percent to the Department of Education to provide bus transportation for students attending the camps; (2) \$700,000 allocated to the department to provide grants to support community partnerships whereby community organizations shall partner with local school districts to provide enrichment activities as part of after school programs or summer reading camps that utilize volunteers, mentors or tutors to provide instructional support to struggling readers in elementary schools that have a poverty index of forty percent or greater based on the poverty index utilized the prior fiscal year that was student eligibility for the free or reduced price lunch program and Medicaid. All mentors and tutors that are a part of these after school programs or summer reading camps must have passed a SLED criminal background check. Participant to volunteer or teacher ratio must conform to that of the school district in which the program is located; and (3) the remainder on a per pupil allocation to each school district based on the number of students who substantially failed to demonstrate third-grade reading proficiency as indicated on the prior year's state assessment as defined by Section 59-155-120 (10) of the 1976 Code. Summer reading camps must be at least six weeks in duration with a minimum of four days of instruction per week and four hours of instruction per day, or the equivalent minimum hours of instruction in the summer. School transportation shall be provided. The camps must be taught by compensated teachers who have at least an add-on literacy endorsement or who have documented and demonstrated substantial success in helping students comprehend grade-level texts. The Department of Education shall assist districts that cannot find qualified teachers to work in the summer camps. Districts may also choose to contract for the services of qualified instructors or collaborate with one or more districts to provide a summer reading camp. Schools and school districts are encouraged to partner with county or school libraries, institutions of higher learning, community organizations, faith-based institutions, businesses, pediatric and family practice medical personnel, and other groups to provide volunteers, mentors, tutors, space, or other support to assist with the provision of the summer reading camps. In the current school year, any student in third grade who substantially fails to demonstrate third-grade reading proficiency by the end of the school year must be offered the opportunity to attend a summer reading camp at no cost to the parent or guardian. The purpose of the reading camp is to provide students who are significantly below third-grade reading proficiency with the opportunity to receive quality, intensive instructional services and support. A district may also include in the summer reading camps students who are not exhibiting reading proficiency at any grade and may charge fees for these students to attend the summer reading camps based on a sliding scale pursuant to Section 59-19-90, except where a child is found to be reading below grade level in the first, second or third grade. A parent or guardian of a student who does not substantially demonstrate proficiency in comprehending texts appropriate for his grade level must make the final decision regarding the student's participation in the summer reading camp. <p>SDE: Interscholastic Athletic Association Dues) A public school district supported by state funds shall not use any funds or permit any school within the district to use any funds to join, affiliate with, pay dues or fees to, or in any way financially support any interscholastic athletic association, body, or entity unless the constitution, rules, or policies of the association, body, or entity contain the following:</p> <p>(1) a range of sanctions that may be applied to a student, coach, team, or program and that takes into account factors such as the seriousness, frequency, and other relevant factors when there is a violation of the constitution, bylaws, rules, or other governing provisions of the association, body, or entity;</p> <p>(2) (a) guarantees that private or charter schools are afforded the same rights and privileges that are enjoyed by all other members of the association, body, or entity. A private or charter school may not be expelled from or have its membership unreasonably withheld by the association, body, or entity or restricted in its ability to participate in interscholastic athletics including, but not limited to, state playoffs or championships based solely on its status as a private school or charter school. The association, body, or entity shall set reasonable standards for private or charter school admission. A private or charter school denied membership must be provided, in writing within five business days, the reason or reasons for rejection of its application for membership;</p> <p>(b) guarantees that a South Carolina home school athletic team that is a member of a home school athletic association may not be denied access to preseason and regular season interscholastic athletics including, but not limited to, jamborees and invitational tournaments, based solely on its status as a home school athletic team; other rules or policies of the association, body, or entity would apply;</p> <p>(3) (a) an appeals process in which appeals of the association, body, or entity are made to a disinterested third-body appellate panel which consists of seven members who serve four year terms, with one person appointed by the delegation of each congressional district;</p> <p>(b) a member of the panel serves until his successor is appointed and qualifies. A vacancy on the panel is filled in the manner of the original appointment;</p> <p>(c) members of the appellate panel do not concurrently serve as officers of the association, body, or entity and may not have served as a member of the executive committee within the last three years. Principals and superintendents are able to appeal a ruling of the association, body, or entity to the panel. The appellate panel also must provide the final ruling in any appeal brought against a decision of the association, body, or entity;</p> <p>(4) a procedure in place for emergency appeals to be held and decided upon in an expedited manner if the normal appellate process would prohibit the participation of a student, team, program, or school in an athletic event, to include practices;</p> <p>(5) provisions, implemented within one year after the effective date of this section, that require the composition of the executive committee of the association, body, or entity be geographically representative of this State.</p> <p>In the event an association, body, or entity fails to include one of the items listed in this proviso, public school districts and schools must end their affiliation with the association, body, or entity prior to the beginning of the upcoming school year and are prohibited from paying dues or fees to the association, body, or entity.</p>	Requires a service	Department of Education; 1.6	State	2018-19 Proviso	
<p>(SDE: Governor's Schools Informational Access to Students) For the current fiscal year, school districts must permit both the Governor's School for the Arts and Humanities and the Governor's School for Science and Mathematics to collaborate with individual schools and their staff to share information with students and families about the educational opportunities offered at the respective Governor's Schools, through avenues including school visits, informational presentations, and posters. By June thirtieth, of the current fiscal year, the Governor's School for the Arts and Humanities and the Governor's School for Science and Mathematics must report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee the results of these Informational Access efforts. Further, the two Governor's Schools will work with districts, the Department of Education and School Report Card administrators, to ensure that SAT scores of current Governor's Schools' students are included in the School Report Card of those students' resident schools and districts.</p>	Not related to agency deliverable	Department of Education; 1.61	State	2018-19 Proviso	
<p>(SDE: Reading/Literacy Coaches) (A) Funds appropriated for Reading/Literacy Coaches must be allocated to school districts by the Department of Education as follows:</p> <p>(1) for each elementary school in which twenty percent or more of the students scored below "meets expectations" on the reading sub score of the English language arts test in the most recent year for which such data are available, the school district shall be eligible to receive the lesser of up to \$62,730 or the actual cost of salary and benefits for a full-time reading/literacy coach; and</p> <p>(2) for each elementary school in which fewer than twenty percent of the students scored as referenced in (A)(1), the school district shall be eligible to receive the lesser of up to \$31,365 or fifty percent of the actual cost of salary and benefits for a full-time reading/literacy coach. A school district must provide local support for state funds provided under this paragraph. School districts may use existing local funds currently used for reading assistance as the local support.</p> <p>(B) By accepting these funds, a school district warrants that they will not be used to supplant existing school district expenditures, except for districts that either are currently, or in the prior fiscal year, were paying for reading/literacy coaches with local funds. A district may, however, assign a reading/literacy coach to a primary school rather than to the elementary school to improve the early literacy skills of young children.</p> <p>(C) Funds appropriated for reading/literacy Coaches are intended to be used to provide elementary schools with reading/literacy coaches who shall serve according to the provisions in Chapter 155 of Title 59.</p> <p>(D) Schools and districts accepting funding to support a coaching position agree that the reading/literacy coach must not serve as an administrator. If the department finds that school districts are using these funds for administrative costs as defined in statute they must withhold that districts remaining balance of funds allocated pursuant to this proviso.</p> <p>(E) The Department of Education must publish guidelines that define the minimum qualifications for a reading/literacy coach. These guidelines must deem any licensed/certified teacher qualified if, at a minimum, he or she:</p> <p>(1) holds a bachelor's degree or higher and an add-on endorsement for literacy coach or literacy specialist; or</p> <p>(2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or</p> <p>(3) holds a master's degree or higher in reading or a closely-related field.</p> <p>Within these guidelines, the Department of Education must assist districts in identifying a reading/literacy coach in the event that the school is not successful in identifying and directly employing a qualified candidate. The provisions of subsection (A), including the local support requirements, shall also apply to any allocations made pursuant to this paragraph.</p> <p>(F) The Department of Education must develop procedures for monitoring the use of funds appropriated for reading/literacy coaches to ensure they are applied to their intended uses and are not redirected for other purposes. The Department of Education may receive up to \$100,000 of the funds appropriated for reading/literacy coaches in order to implement this program, provided that this allocation does not exceed the department's actual costs.</p> <p>(G) Prior to the close of the current fiscal year, any unspent or unallocated funds for reading/literacy coaches shall be used to fund Summer Reading Camps.</p> <p>(H) The Department of Education shall require:</p> <p>(1) any school district receiving funding under subsection (A) to identify the name and qualifications of the supported reading/literacy coach; as well as the school in which the coach is assigned; and</p> <p>(2) any school district receiving funding under subsection (A) to account for the specific requests and uses of such funds.</p>	Requires a service	Department of Education; 1.62	State	2018-19 Proviso	Guidelines

(SDE: South Carolina Community Block Grants for Education Pilot Program) There is created the South Carolina Community Block Grants for Education Pilot Program. The purpose of this matching grants program is to encourage and sustain partnerships between a community and its local public school district or school for the implementation of innovative, state-of-the-art education initiatives and models to improve student learning. The initiatives and models funded by the grant must be well designed, based on strong evidence of effectiveness, and have a history of improved student performance. The General Assembly finds that the success offered by these initiatives and programs is assured best when vigorous community support is integral to their development and implementation. It is the intent of this proviso to encourage public school and district communities and their entrepreneurial public educators to undertake state-of-the-art initiatives to improve student learning and to share the results of these efforts with the state's public education community. As used in this proviso: (1) "Community" is defined as a group of parents, educators, and individuals from business, faith groups, elected officials, nonprofit organizations and others who support the public school district or school in its efforts to provide an outstanding education for each child. As applied to the schools impacted within a district or an individual school, "community" includes the school faculty and the School Improvement Council as established in Section 59-20-60 of the 1976 Code; (2) "Poverty" is defined as the percent of students eligible in the prior year for the free and reduced price lunch program and or Medicaid; and (3) "Achievement" is as established by the Education Oversight Committee for the report card ratings developed pursuant to Section 59-18-900 of the 1976 Code. The Executive Director of the Education Oversight Committee is directed to appoint an independent grants committee to develop the process for awarding the grants including the application procedure, selection process, and matching grant formula. The grants committee will be comprised of seven members, three members selected from the education community and four members from the business community. The chairman of the committee will be selected by the committee members at the first meeting of the grants committee. The grants committee will review and select the recipients of the Community Block Grants for Education. The criteria for awarding the grants must include, but are not limited to: (1) the establishment and continuation of a robust community advisory committee to leverage funding, expertise, and other resources to assist the district or school throughout the implementation of the initiatives funded through the Block Grant Program; (2) a demonstrated ability to meet the match throughout the granting period; (3) a demonstrated ability to implement the initiative or model as set forth in the application; and (4) an explanation of the manner in which the initiative supports the district's or school's strategic plan required by Section 59-18-1310 of the 1976 Code. In addition, the district or school, with input from the community advisory committee, must include: (1) a comprehensive plan to examine delivery implementation and measure impact of the model; (2) a report on implementation problems and successes and impact of the innovation or model; and (3) evidence of support for the project from the school district administration when an individual school applies for a grant. The match required from a grant recipient is based on the poverty of the district or school. No matching amount will exceed more than seventy percent of the grant request or be less than ten percent of the request. The match shall be based on the poverty of the district or school, not the poverty of the state.	Not related to agency deliverable	Department of Education; 1.65	State	2018-19 Proviso

By August first, the Office of First Steps is directed to allocate any additional unexpended CDEPP funds from the prior fiscal year and any CDEPP funds carried forward from prior fiscal years that were transferred to the restricted account for the following purpose: Education Oversight Committee - \$1,000,000 for the South Carolina Community Block Grants for Education Pilot Program. If carry forward funds are less than the amounts appropriated, funding for the items listed herein shall be reduced on a pro rata basis. If by August first, the Department of Education or the Office of First Steps determines there will be funds available, funds shall be allocated on a per pupil basis for districts eligible for participation first, who have a documented waiting list, then to districts to increase the length of the program to a maximum of eight and a half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund summer enrollment the program funding shall conform to the funding in this act for full year programs, however shall be reduced on a pro rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per day and shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated amount contained in this Act and end of year adjustments shall be based on the one hundred and thirty five day student average daily membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty days. Funds may also be used to provide professional development and quality evaluations of programs. No later than April 1, the Department of Education and the Office of First Steps must report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the amount of money used for professional development as well as the types of professional development offered and the number of participants. (SDE: Educational Responsibility/Foster Care) The responsibility for providing a free and appropriate public education program for all children including disabled students is vested in the public school district wherein a child of lawful school age resides in a foster home, group home, orphanage, or a state operated health care facility including a facility for treatment of mental illness or chemical dependence and habilitation centers for persons with intellectual disabilities or persons with related conditions located within the jurisdiction of the school district or alternative residences. The districts concerned may agree upon acceptable local cost reimbursement. If no agreement is reached, districts providing education shall receive from the district where the child last resided before placement in a facility an additional amount equivalent to the statewide average of the local base student cost multiplied by the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. If a child from out of state is residing in a facility owned and/or operated by a for profit entity, the district providing educational services shall be reimbursed by the for profit entity the local district's local support per weighted pupil above the statewide average base student cost multiplied by the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. This also applies to John de la Howe School who also has the authority to seek reimbursement in any situation that the school district has participation in the placement of the student. John de la Howe School shall be reimbursed the local district's local support per weighted pupil above the statewide average base student cost multiplied by the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. Participation will be evidenced by a written agreement from the IEP team or 504 team, written referral, or the school district initiating the placement process. School districts providing the education shall notify the nonresident district in writing within forty-five calendar days that a student from the nonresident district is receiving education services pursuant to the provisions of the proviso. The notice shall also contain the student's name, date of birth, and disabling condition if available. If appropriate financial arrangements cannot be effected between institutions of the state, including independent school districts under the authority of the Department of Disabilities and Special Needs, and school districts, institutions receiving educational appropriations shall pay the local base student cost multiplied by the appropriate pupil weighting. Children residing in institutions of state agencies shall be educated with nondisabled children in the public school districts if appropriate to their educational needs. Such institutions shall determine, on an individual basis, which children residing in the institution might be eligible to receive appropriate educational services in a public school setting. Once these children are identified, the institution shall convene an IEP meeting with officials of the public school district in which the institution is located. If it is determined by the committee that the least restrictive environment in which to implement the child's IEP is a public school setting, then the school district in which the institution is located must provide the educational services. However, that school district may enter into contractual agreements with any other school district having schools located within a forty-five mile radius of the institution. The cost for educating such children shall be allocated in the following manner: the school district where the child last resided before being placed in an institution shall pay to the school district providing the educational services an amount equivalent to the statewide average of the local base student cost multiplied by the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act; the school district providing the educational services shall be able to count the child for all funding sources, both state and federal. The institution and school district, through contractual agreements, will address the special education and related services to be provided to students. Should the school district wherein the institution is located determine that the child cannot be appropriately served in a public school setting, then the institution may request a due process hearing pursuant to the procedures provided for in the Individuals with Disabilities Education Act. The agreed upon acceptable local cost reimbursement or the additional amount equivalent to the statewide average of the local base student cost multiplied by the appropriate pupil weighting set forth in Section 59-20-40, for instructional services provided to out-of-district students, shall be paid within sixty days of billing, provided the billing district has provided a copy of the invoice to both the Superintendent and the finance office of the district being invoiced. Should the district not pay within sixty days, the billing district can seek relief from the Department of Education. The department shall withhold SFA funding until the bill is paid from the district or until the state has received the funding for that district. Newly created and/or newly approved private providers proposing to expand service to ten or more CERDEP eligible children in communities enrolling less than 80% of eligible students in a public, private, or Head Start setting during the prior fiscal year, may apply for up to \$30,000 in one-time supplemental, needs-based incentives designed to address building renovations, documented as necessary to bring proposed classrooms into compliance with licensing regulations, materials and staffing costs, and/or other obstacles currently preventing their participation in the First Steps 4K program. The First Steps Board of Trustees shall develop and approve an application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers to program participation. Providers receiving this one-time supplement are expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years will require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School Readiness. There is no universal rule for classifying certain costs as either direct or indirect (F&A) under every accounting system. A cost may be direct with respect to some specific service or function, but indirect with respect to the Federal award or other final cost objective. Therefore, it is essential that each item of cost incurred for the same purpose be treated consistently in like circumstances either as a direct or an indirect (F&A) cost in order to avoid possible double-charging of Federal awards. Guidelines for determining direct and indirect (F&A) costs charged to Federal awards are provided in this subpart. Description	Purpose	Law Number	Jurisdiction	Type	Notes
<p>(a) General. Direct costs are those costs that can be identified specifically with a particular final cost objective, such as a Federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy. Costs incurred for the same purpose in like circumstances must be treated consistently as either direct or indirect (F&A) costs. See also §200.405 Allocable costs.</p> <p>(b) Application to Federal awards. Identification with the Federal award rather than the nature of the goods and services involved is the determining factor in distinguishing direct from indirect (F&A) costs of Federal awards. Typical costs charged directly to a Federal award are the compensation of employees who work on that award, their related fringe benefit costs, the costs of materials and other items of expense incurred for the Federal award. If directly related to a specific award, certain costs that otherwise would be treated as indirect costs may also include extraordinary utility consumption, the cost of materials supplied from stock or services rendered by specialized facilities or other institutional service operations.</p> <p>(c) The salaries of administrative and clerical staff should normally be treated as indirect (F&A) costs. Direct charging of these costs may be appropriate only if all of the following conditions are met:</p> <p>(1) Administrative or clerical services are integral to a project or activity;</p> <p>(2) Individuals involved can be specifically identified with the project or activity;</p> <p>(3) Such costs are explicitly included in the budget or have the prior written approval of the Federal awarding agency; and</p> <p>(4) The costs are not also recovered as indirect costs.</p> <p>(d) Minor items. Any direct cost of minor amount may be treated as an indirect (F&A) cost for reasons of practicality where such accounting treatment for that item of cost is consistently applied to all Federal and non-Federal cost objectives.</p> <p>(e) The costs of certain activities are not allowable as charges to Federal awards. However, even though these costs are unallowable for purposes of computing charges to Federal awards, they nonetheless must be treated as direct costs for purposes of determining indirect (F&A) cost rates and be allocated their equitable share of the non-Federal entity's indirect costs if they represent activities which:</p> <p>(1) Include the salaries of personnel,</p>	Requires a service	Direct and Indirect (F&A) Costs ; §200.413 Direct costs	Federal	Statute	
<p>(a) Facilities and Administration Classification. For major IHEs and major nonprofit organizations, indirect (F&A) costs must be classified within two broad categories: “Facilities” and “Administration.” “Facilities” is defined as depreciation on buildings, equipment and capital improvement, interest on debt associated with certain buildings, equipment and capital improvements, and operations and maintenance expenses. “Administration” is defined as general administration and general expenses such as the director's office, accounting, personnel and all other types of expenditures not listed specifically under one of the subcategories of “Facilities” (including cross allocations from other pools, where applicable). For nonprofit organizations, library expenses are included in the “Administration” category; for institutions of higher education, they are included in the “Facilities” category. Major IHEs are defined as those required to use the Standard Format for Submission as noted in Appendix III to Part 200—Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Institutions of Higher Education (IHEs) paragraph C. 11. Major nonprofit organizations are those which receive more than \$10 million dollars in direct Federal funding.</p> <p>(b) Diversity of nonprofit organizations. Because of the diverse characteristics and accounting practices of nonprofit organizations, it is not possible to specify the types of cost which may be classified as indirect (F&A) cost in all situations. Identification with a Federal award rather than the nature of the goods and services involved is the determining factor in distinguishing direct from indirect (F&A) costs of Federal awards. However, typical examples of indirect (F&A) cost for many nonprofit organizations may include depreciation on buildings and equipment, the costs of operating and maintaining facilities, and general administration and general expenses, such as the salaries and expenses of executive officers, personnel administration, and accounting.</p> <p>(c) Federal Agency Acceptance of Negotiated Indirect Cost Rates. (See also §200.306 Cost sharing or matching.)</p> <p>(1) The negotiated rates must be accepted by all Federal awarding agencies. A Federal awarding agency may use a rate different from the negotiated rate for a class of Federal awards or a single Federal award only when required by Federal statute or regulation, or when approved by a Federal awarding agency head or delegate based on documented justification as described in paragraph (c)(3) of this section.</p> <p>(2) The Federal awarding agency head or delegate must notify OMB of any approved deviations.</p> <p>(3) The Federal awarding agency must implement, and make publicly available, the policies, procedures and general decision making criteria that their programs will follow to seek and justify deviations from negotiated rates.</p> <p>(4) As required under §200.203 Notices of funding opportunities, the Federal awarding agency must include in the notice of funding opportunity the policies relating to indirect cost rate reimbursement, matching, or cost share as approved under paragraph (e)(1) of this section. As appropriate, the Federal agency should incorporate discussion of these policies into Federal awarding agency outreach activities with non-Federal entities prior to the posting of a notice of funding opportunity.</p>	Requires a service	Direct and Indirect (F&A) Costs ; §200.414 Indirect (F&A) costs	Federal	Statute

<p>Required certifications include:</p> <p>(a) To assure that expenditures are proper and in accordance with the terms and conditions of the Federal award and approved project budgets, the annual and final fiscal reports or vouchers requesting payment under the agreements must include a certification, signed by an official who is authorized to legally bind the non-Federal entity, which reads as follows: “By signing this report, I certify to the best of my knowledge and belief that the report is true, complete, and accurate, and the expenditures, disbursements and cash receipts are for the purposes and objectives set forth in the terms and conditions of the Federal award. I am aware that any false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal, civil or administrative penalties for fraud, false statements, false claims or otherwise. (U.S. Code Title 18, Section 1001 and Title 31, Sections 3729-3730 and 3801-3812).”</p> <p>(b) Certification of cost allocation plan or indirect (F&A) cost rate proposal. Each cost allocation plan or indirect (F&A) cost rate proposal must comply with the following:</p> <p>(1) A proposal to establish a cost allocation plan or an indirect (F&A) cost rate, whether submitted to a Federal cognizant agency for indirect costs or maintained on file by the non-Federal entity, must be certified by the non-Federal entity using the Certificate of Cost Allocation Plan or Certificate of Indirect Costs as set forth in Appendices III through VII, and Appendix IX. The certificate must be signed on behalf of the non-Federal entity by an individual at a level no lower than vice president or chief financial officer of the non-Federal entity that submits the proposal.</p> <p>(2) Unless the non-Federal entity has elected the option under §200.414 Indirect (F&A) costs, paragraph (f), the Federal Government may either disallow all indirect (F&A) costs or unilaterally establish such a plan or rate when the non-Federal entity fails to submit a certified proposal for establishing such a plan or rate in accordance with the requirements. Such a plan or rate may be based upon audited historical data or such other data that have been furnished to the cognizant agency for indirect costs and for which it can be demonstrated that all unallowable costs have been excluded. When a cost allocation plan or indirect cost rate is unilaterally established by the Federal Government because the non-Federal entity failed to submit a certified proposal, the plan or rate established will be set to ensure that potentially unallowable costs will not be reimbursed.</p> <p>(c) Certifications by non-profit organizations as appropriate that they did not meet the definition of a major nonprofit organization as defined in §200.414 Indirect (F&A) costs, paragraph (a).</p> <p>(d) See also §200.450 Lobbying for another required certification.</p>	Requires a service	Direct and Indirect (F&A) Costs ; §200.415 Required certifications	Federal	Statute	
<p>(a)(1) Cognizant agency for audit responsibilities. A non-Federal entity expending more than \$50 million a year in Federal awards must have a cognizant agency for audit. The designated cognizant agency for audit must be the Federal awarding agency that provides the predominant amount of direct funding to a non-Federal entity unless OMB designates a specific cognizant agency for audit.</p> <p>(2) To provide for continuity of cognizance, the determination of the predominant amount of direct funding must be based upon direct Federal awards expended in the non-Federal entity's fiscal years ending in 2009, 2014, 2019 and every fifth year thereafter. For example, audit cognizance for periods ending in 2011 through 2015 will be determined based on Federal awards expended in 2009.</p> <p>(3) Notwithstanding the manner in which audit cognizance is determined, a Federal awarding agency with cognizance for an auditee may reassign cognizance to another Federal awarding agency that provides substantial funding and agrees to be the cognizant agency for audit. Within 30 calendar days after any reassignment, both the old and the new cognizant agency for audit must provide notice of the change to the FAC, the auditee, and, if known, the auditor. The cognizant agency for audit must:</p> <p>(i) Provide technical audit advice and liaison assistance to auditees and auditors.</p> <p>(ii) Obtain or conduct quality control reviews on selected audits made by non-Federal auditors, and provide the results to other interested organizations. Cooperate and provide support to the Federal agency designated by OMB to lead a governmentwide project to determine the quality of single audits by providing a statistically reliable estimate of the extent that single audits conform to applicable requirements, standards, and procedures; and to make recommendations to address noted audit quality issues, including recommendations for any changes to applicable requirements, standards and procedures indicated by the results of the project. This governmentwide audit quality project must be performed once every 6 years beginning in 2018 or at such other interval as determined by OMB, and the results must be public.</p> <p>(iii) Promptly inform other affected Federal agencies and appropriate Federal law enforcement officials of any direct reporting by the auditee or its auditor required by GAGAS or statutes and regulations.</p> <p>(iv) Advise the community of independent auditors of any noteworthy or important factual trends related to the quality of audits stemming from quality control reviews. Significant problems or quality issues consistently identified through quality control reviews of audit reports must be referred to appropriate state licensing agencies and professional bodies.</p> <p>(v) Advise the auditor, Federal awarding agencies, and, where appropriate, the auditee of any deficiencies found in the audits when the deficiencies require corrective action by the auditor. When advised of deficiencies, the auditee must work with the auditor to take corrective action. If corrective action is not taken, the cognizant agency for audit must notify the auditee, the auditor, and applicable Federal awarding agencies and pass through notification of the facts and make recommendations for follow-up action. Major findings requiring corrective action must be reported to the Federal awarding agency and the cognizant agency for audit.</p>	Not related to agency deliverable	Federal Agencies ; §200.513 Responsibilities	Federal	Statute

This section provides principles to be applied in establishing the allowability of certain items involved in determining cost, in addition to the requirements of Subtitle II. Basic Considerations of this subpart. These principles apply whether or not a particular item of cost is properly treated as direct cost or indirect (F&A) cost. Failure to mention a particular item of cost is not intended to imply that it is either allowable or unallowable; rather, determination as to allowability in each case should be based on the treatment provided for similar or related items of cost, and based on the principles described in §§200.402 Composition of costs through 200.411 Adjustment of previously negotiated indirect (F&A) cost rates containing unallowable costs. In case of a discrepancy between the provisions of a specific Federal award and the provisions below, the Federal award governs. Criteria outlined in §200.403 Factors affecting allowability of costs must be applied in determining allowability. See also §200.102 Exceptions. <p>(a) General. Compensation for personal services includes all remuneration, paid currently or accrued, for services of employees rendered during the period of performance under the Federal award, including but not necessarily limited to wages and salaries. Compensation for personal services may also include fringe benefits which are addressed in §200.431 Compensation—fringe benefits. Costs of compensation are allowable to the extent that they satisfy the specific requirements of this part, and that the total compensation for individual employees:</p> <p>(1) Is reasonable for the services rendered and conforms to the established written policy of the non-Federal entity consistently applied to both Federal and non-Federal activities;</p> <p>(2) Follows an appointment made in accordance with a non-Federal entity's laws and/or rules or written policies and meets the requirements of Federal statute, where applicable; and</p> <p>(3) Is determined and supported as provided in paragraph (i) of this section, Standards for Documentation of Personnel Expenses, when applicable.</p> <p>(b) Reasonableness. Compensation for employees engaged in work on Federal awards will be considered reasonable to the extent that it is consistent with that paid for similar work in other activities of the non-Federal entity. In cases where the kinds of employees required for Federal awards are not found in the other activities of the non-Federal entity, compensation will be considered reasonable to the extent that it is comparable to that paid for similar work in the labor market in which the non-Federal entity competes for the kind of employees involved.</p> <p>(c) Professional activities outside the non-Federal entity. Unless an arrangement is specifically authorized by a Federal awarding agency, a non-Federal entity must follow its written non-Federal entity-wide policies and practices concerning the permissible extent of professional services that can be provided outside the non-Federal entity for non-organizational compensation. Where such non-Federal entity-wide written policies do not exist or do not adequately define the permissible extent of consulting or other non-organizational activities undertaken for extra outside pay, the Federal Government may require that the effort of professional staff working on Federal awards be allocated between:</p> <p>(1) Non-Federal entity activities, and</p> <p>(2) Non-organizational professional activities. If the Federal awarding agency considers the extent of non-organizational professional effort excessive or inconsistent with the conflicts-of-interest terms and conditions of the Federal award, appropriate arrangements governing compensation will be negotiated on a case-by-case basis.</p> <p>(d) Unallowable costs. (1) Costs which are unallowable under other sections of these principles must not be allowable under this section solely on the basis that they constitute personnel compensation.</p>	Not related to agency deliverable	General Provisions for Selected Items of Cost ; §200.430 Compensation—personal services	Federal	Statute	
<p>(a) Fringe benefits are allowances and services provided by employers to their employees as compensation in addition to regular salaries and wages. Fringe benefits include, but are not limited to, the costs of leave (vacation, family-related, sick or military), employee insurance, pensions, and unemployment benefit plans. Except as provided elsewhere in these principles, the costs of fringe benefits are allowable provided that the benefits are reasonable and are required by law, non-Federal entity-employee agreement, or an established policy of the non-Federal entity.</p> <p>(b) Leave. The cost of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if all of the following criteria are met:</p> <p>(1) They are provided under established written leave policies;</p> <p>(2) The costs are equitably allocated to all related activities, including Federal awards; and,</p> <p>(3) The accounting basis (cash or accrual) selected for costing each type of leave is consistently followed by the non-Federal entity or specified grouping of employees.</p> <p>(i) When a non-Federal entity uses the cash basis of accounting, the cost of leave is recognized in the period that the leave is taken and paid for. Payments for unused leave when an employee retires or terminates employment are allowable in the year of payment.</p> <p>(ii) The accrual basis may be only used for those types of leave for which a liability as defined by GAAP exists when the leave is earned. When a non-Federal entity uses the accrual basis of accounting, allowable leave costs are the lesser of the amount accrued or funded.</p> <p>(c) The cost of fringe benefits in the form of employer contributions or expenses for social security; employee life, health, unemployment, and worker's compensation insurance (except as indicated in §200.447 Insurance and indemnification); pension plan costs (see paragraph (i) of this section); and other similar benefits are allowable, provided such benefits are granted under established written policies. Such benefits, must be allocated to Federal awards and all other activities in a manner consistent with the pattern of benefits attributable to the individuals or group(s) of employees whose salaries and wages are chargeable to such Federal awards and other activities, and charged as direct or indirect costs in accordance with the non-Federal entity's accounting practices.</p> <p>(d) Fringe benefits may be assigned to cost objectives by identifying specific benefits to specific individual employees or by allocating on the basis of entity-wide salaries and wages of the employees receiving the benefits. When the allocation method is used, separate allocations must be made to selective groupings of employees, unless the non-Federal entity demonstrates that costs in relation to salaries and wages do not differ significantly for different groupings of employees.</p>	Not related to agency deliverable	General Provisions for Selected Items of Cost ; §200.431 Compensation—fringe benefits	Federal	Statute

A conference is defined as a meeting, retreat, seminar, symposium, workshop or event whose primary purpose is the dissemination of technical information beyond the non-Federal entity and is necessary and reasonable for successful performance under the Federal award. Allowable conference costs paid by the non-Federal entity as a sponsor or host of the conference may include rental of facilities, speakers' fees, costs of meals and refreshments, local transportation, and other items incidental to such conferences unless further restricted by the terms and conditions of the Federal award. As needed, the costs of identifying, but not providing, locally available dependent-care resources are allowable. Conference hosts/sponsors must exercise discretion and judgment in ensuring that conference costs are appropriate, necessary and managed in a manner that minimizes costs to the Federal award. The Federal awarding agency may authorize exceptions where appropriate for programs including Indian tribes, children, and the elderly. See also §§200.438 Entertainment costs, 200.456 Participant support costs, 200.474 Travel costs, and 200.475 Trustees. <p>(a) Contingency is that part of a budget estimate of future costs (typically of large construction projects, IT systems, or other items as approved by the Federal awarding agency) which is associated with possible events or conditions arising from causes the precise outcome of which is indeterminable at the time of estimate, and that experience shows will likely result, in aggregate, in additional costs for the approved activity or project. Amounts for major project scope changes, unforeseen risks, or extraordinary events may not be included.</p> <p>(b) It is permissible for contingency amounts other than those excluded in paragraph (a) of this section to be explicitly included in budget estimates, to the extent they are necessary to improve the precision of those estimates. Amounts must be estimated using broadly-accepted cost estimating methodologies, specified in the budget documentation of the Federal award, and accepted by the Federal awarding agency. As such, contingency amounts are to be included in the Federal award. In order for actual costs incurred to be allowable, they must comply with the cost principles and other requirements in this part (see also §§200.300 Statutory and national policy requirements through 200.309 Period of performance of Subpart D of this part and 200.403 Factors affecting allowability of costs); be necessary and reasonable for proper and efficient accomplishment of project or program objectives, and be verifiable from the non-Federal entity's records.</p> <p>(c) Payments made by the Federal awarding agency to the non-Federal entity's "contingency reserve" or any similar payment made for events the occurrence of which cannot be foretold with certainty as to the time or intensity, or with an assurance of their happening, are unallowable, except as noted in §§200.431 Compensation—fringe benefits regarding self-insurance, pensions, severance and post-retirement health costs and 200.447 Insurance and indemnification.</p>	Not related to agency deliverable	General Provisions for Selected Items of Cost ; §200.433 Contingency provisions	Federal	Statute	
<p>(a) Costs of contributions and donations, including cash, property, and services, from the non-Federal entity to other entities, are unallowable.</p> <p>(b) The value of services and property donated to the non-Federal entity may not be charged to the Federal award either as a direct or indirect (F&A) cost. The value of donated services and property may be used to meet cost sharing or matching requirements (see §200.306 Cost sharing or matching). Depreciation on donated assets is permitted in accordance with §200.436 Depreciation, as long as the donated property is not counted towards cost sharing or matching requirements.</p> <p>(c) Services donated or volunteered to the non-Federal entity may be furnished to a non-Federal entity by professional and technical personnel, consultants, and other skilled and unskilled labor. The value of these services may not be charged to the Federal award either as a direct or indirect cost. However, the value of donated services may be used to meet cost sharing or matching requirements in accordance with the provisions of §200.306 Cost sharing or matching.</p> <p>(d) To the extent feasible, services donated to the non-Federal entity will be supported by the same methods used to support the allocability of regular personnel services.</p> <p>(e) The following provisions apply to nonprofit organizations. The value of services donated to the nonprofit organization utilized in the performance of a direct cost activity must be considered in the determination of the non-Federal entity's indirect cost rate(s) and, accordingly, must be allocated a proportionate share of applicable indirect costs when the following circumstances exist:</p> <p>(1) The aggregate value of the services is material;</p> <p>(2) The services are supported by a significant amount of the indirect costs incurred by the non-Federal entity;</p> <p>(i) In those instances where there is no basis for determining the fair market value of the services rendered, the non-Federal entity and the cognizant agency for indirect costs must negotiate an appropriate allocation of indirect cost to the services.</p> <p>(ii) Where donated services directly benefit a project supported by the Federal award, the indirect costs allocated to the services will be considered as a part of the total costs of the project. Such indirect costs may be reimbursed under the Federal award or used to meet cost sharing or matching requirements.</p> <p>(f) Fair market value of donated services must be computed as described in §200.306 Cost sharing or matching.</p>	Not related to agency deliverable	General Provisions for Selected Items of Cost ; §200.434 Contributions and donations	Federal	Statute

<p>(a) Depreciation is the method for allocating the cost of fixed assets to periods benefitting from asset use. The non-Federal entity may be compensated for the use of its buildings, capital improvements, equipment, and software projects capitalized in accordance with GAAP, provided that they are used, needed in the non-Federal entity's activities, and properly allocated to Federal awards. Such compensation must be made by computing depreciation.</p> <p>(b) The allocation for depreciation must be made in accordance with Appendices III through IX.</p> <p>(c) Depreciation is computed applying the following rules. The computation of depreciation must be based on the acquisition cost of the assets involved. For an asset donated to the non-Federal entity by a third party, its fair market value at the time of the donation must be considered as the acquisition cost. Such assets may be depreciated or claimed as matching but not both. For the purpose of computing depreciation, the acquisition cost will exclude:</p> <p>(1) The cost of land;</p> <p>(2) Any portion of the cost of buildings and equipment borne by or donated by the Federal Government, irrespective of where title was originally vested or where it is presently located;</p> <p>(3) Any portion of the cost of buildings and equipment contributed by or for the non-Federal entity where law or agreement prohibits recovery; and</p> <p>(4) Any asset acquired solely for the performance of a non-Federal award.</p> <p>(d) When computing depreciation charges, the following must be observed:</p> <p>(1) The period of useful service or useful life established in each case for usable capital assets must take into consideration such factors as type of construction, nature of the equipment, technological developments in the particular area, historical data, and the renewal and replacement policies followed for the individual items or classes of assets involved.</p> <p>(2) The depreciation method used to charge the cost of an asset (or group of assets) to accounting periods must reflect the pattern of consumption of the asset during its useful life. In the absence of clear evidence indicating that the expected consumption of the asset will be significantly greater in the early portions than in the later portions of its useful life, the straight-line method must be presumed to be the appropriate method. Depreciation methods once used may not be changed unless approved in advance by the cognizant agency. The depreciation methods used to calculate the depreciation amounts for indirect (F&A) rate purposes must be the same methods used by the non-Federal entity for its financial statements.</p>	Not related to agency deliverable	General Provisions for Selected Items of Cost ; §200.436 Depreciation	Federal	Statute

<p>(a) As used in this section the following terms have the meanings set forth in this section:</p> <p>(1) Facilities means land and buildings or any portion thereof, equipment individually or collectively, or any other tangible capital asset, wherever located, and whether owned or leased by the non-Federal entity.</p> <p>(2) Idle facilities means completely unused facilities that are excess to the non-Federal entity's current needs.</p> <p>(3) Idle capacity means the unused capacity of partially used facilities. It is the difference between:</p> <p>(i) That which a facility could achieve under 100 percent operating time on a one-shift basis less operating interruptions resulting from time lost for repairs, setups, unsatisfactory materials, and other normal delays and;</p> <p>(ii) The extent to which the facility was actually used to meet demands during the accounting period. A multi-shift basis should be used if it can be shown that this amount of usage would normally be expected for the type of facility involved.</p> <p>(4) Cost of idle facilities or idle capacity means costs such as maintenance, repair, housing, rent, and other related costs, e.g., insurance, interest, and depreciation. These costs could include the costs of idle public safety emergency facilities, telecommunications, or information technology system capacity that is built to withstand major fluctuations in load, e.g., consolidated data centers.</p> <p>(b) The costs of idle facilities are unallowable except to the extent that:</p> <p>(1) They are necessary to meet workload requirements which may fluctuate and are allocated appropriately to all benefiting programs; or</p> <p>(2) Although not necessary to meet fluctuations in workload, they were necessary when acquired and are now idle because of changes in program requirements, efforts to achieve more economical operations, reorganization, termination, or other causes which could not have been reasonably foreseen. Under the exception stated in this subsection, costs of idle facilities are allowable for a reasonable period of time, ordinarily not to exceed one year, depending on the initiative taken to use, lease, or dispose of such facilities.</p> <p>(c) The costs of idle capacity are normal costs of doing business and are a factor in the normal fluctuations of usage or indirect cost rates from period to period. The cost of such insurance when the non-Federal entity is identified as the beneficiary is unallowable.</p> <p>(5) Insurance against defects. Costs of insurance with respect to any costs incurred to correct defects in the non-Federal entity's materials or workmanship are unallowable.</p> <p>(6) Medical liability (malpractice) insurance. Medical liability insurance is an allowable cost of Federal research programs only to the extent that the Federal research programs involve human subjects or training of participants in research techniques. Medical liability insurance costs must be treated as a direct cost and must be assigned to individual projects based on the manner in which the insurer allocates the risk to the population covered by the insurance.</p> <p>(c) Actual losses which could have been covered by permissible insurance (through a self-insurance program or otherwise) are unallowable, unless expressly provided for in the Federal award. (a) Subject to paragraphs (b) and (c) of this section, and provided that the size of the staff recruited and maintained is in keeping with workload requirements, costs of “help wanted” advertising, operating costs of an employment office necessary to secure and maintain an adequate staff, costs of operating an aptitude and educational testing program, travel costs of employees while engaged in recruiting personnel, travel costs of applicants for interviews for prospective employment, and relocation costs incurred incident to recruitment of new employees, are allowable to the extent that such costs are incurred pursuant to the non-Federal entity's standard recruitment program. Where the non-Federal entity uses employment agencies, costs not in excess of standard commercial rates for such services are allowable. (b) Special emoluments, fringe benefits, and salary allowances incurred to attract professional personnel that do not meet the test of reasonableness or do not conform with the established practices of the non-Federal entity, are unallowable. (c) Where relocation costs incurred incident to recruitment of a new employee have been funded in whole or in part to a Federal award, and the newly hired employee resigns for reasons within the employee's control within 12 months after hire, the non-Federal entity will be required to refund or credit the Federal share of such relocation costs to the Federal Government. <p>(a) Relocation costs are costs incident to the permanent change of duty assignment (for an indefinite period or for a stated period of not less than 12 months) of an existing employee or upon recruitment of a new employee. Relocation costs are allowable, subject to the limitations described in paragraphs (b), (c), and (d) of this section, provided that:</p> <p>(1) The move is for the benefit of the employer.</p> <p>(2) Reimbursement to the employee is in accordance with an established written policy consistently followed by the employer.</p> <p>(3) The reimbursement does not exceed the employee's actual (or reasonably estimated) expenses.</p> <p>(b) Allowable relocation costs for current employees are limited to the following:</p> <p>(1) The costs of transportation of the employee, members of his or her immediate family and his household, and personal effects to the new location.</p> <p>(2) The costs of finding a new home, such as advance trips by employees and spouses to locate living quarters and temporary lodging during the transition period, up to maximum period of 30 calendar days.</p> <p>(3) Closing costs, such as brokerage, legal, and appraisal fees, incident to the disposition of the employee's former home. These costs, together with those described in (4), are limited to 8 per cent of the sales price of the employee's former home.</p> <p>(4) The continuing costs of ownership (for up to six months) of the vacant former home after the settlement or lease date of the employee's new permanent home, such as maintenance of buildings and grounds (exclusive of fixing-up expenses), utilities, taxes, and property insurance.</p> <p>(5) Other necessary and reasonable expenses normally incident to relocation, such as the costs of canceling an unexpired lease, transportation of personal property, and purchasing insurance against loss of or damages to personal property. The cost of canceling an unexpired lease is limited to three times the monthly rental.</p> <p>(c) Allowable relocation costs for new employees are limited to those described in paragraphs (b)(1) and (2) of this section. When relocation costs incurred incident to the recruitment of new employees have been charged to a Federal award and the employee resigns for reasons within the employee's control within 12 months after hire, the non-Federal entity must refund or credit the Federal Government for its share of the cost. <p>(a) Subject to the limitations described in paragraphs (b) through (d) of this section, rental costs are allowable to the extent that the rates are reasonable in light of such factors as: rental costs of comparable property, if any; market conditions in the area; alternatives available; and the type, life expectancy, condition, and value of the property leased. Rental arrangements should be reviewed periodically to determine if circumstances have changed and other options are available.</p> <p>(b) Rental costs under “sale and lease back” arrangements are allowable only up to the amount that would be allowed had the non-Federal entity continued to own the property. This amount would include expenses such as depreciation, maintenance, taxes, and insurance.</p> <p>(c) Rental costs under “less-than-arm's-length” leases are allowable only up to the amount (as explained in paragraph (b) of this section). For this purpose, a less-than-arm's-length lease is one under which one party to the lease agreement is able to control or substantially influence the actions of the other. <p>(a) General. Travel costs are the expenses for transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business of the non-Federal entity. Such costs may be charged on an actual cost basis, on a per diem or mileage basis in lieu of actual costs incurred, or on a combination of the two, provided the method used is applied to an entire trip and not to selected days of the trip, and results in charges consistent with those normally allowed in like circumstances in the non-Federal entity's non-federally-funded activities and in accordance with non-Federal entity's written travel reimbursement policies. Notwithstanding the provisions of §200.444 General costs of government, travel costs of officials covered by that section are allowable with the prior written approval of the Federal awarding agency or pass-through entity when they are specifically related to the Federal award.</p> <p>(b) Lodging and subsistence. Costs incurred by employees and officers for travel, including costs of lodging, other subsistence, and incidental expenses, must be considered reasonable and otherwise allowable only to the extent such costs do not exceed charges normally allowed by the non-Federal entity in its regular operations as the result of the non-Federal entity's written travel policy. In addition, if these costs are charged directly to the Federal award documentation must justify that:</p> <p>(1) Participation of the individual is necessary to the Federal award; and</p> <p>(2) The costs are reasonable and consistent with non-Federal entity's established travel policy.</p> <p>(c)(1) Temporary dependent care costs (as dependent is defined in 26 U.S.C. 152) above and beyond regular dependent care that directly results from travel to conferences is allowable provided that:</p> <p>(i) The costs are a direct result of the individual's travel for the Federal award;</p> <p>(ii) The costs are consistent with the non-Federal entity's documented travel policy for all entity travel; and</p> <p>(iii) Are only temporary during the travel period.</p> <p>(2) Travel costs for dependents are unallowable, except for travel of duration of six months or more with prior approval of the Federal awarding agency. See also §200.432 Conferences.</p> <p>(d) In the absence of an acceptable, written non-Federal entity policy regarding travel costs, the rates and amounts established under 5 U.S.C. 5701-11, ("Travel and Subsistence Expenses; Mileage Allowances"), or by the Administrator of General Services, or by the President (or his or her designee) pursuant to any provisions of such subchapter must apply to travel under Federal award (48 CFR 31.205-15(c)).</p> <p>Travel and subsistence costs of trustees (or directors) at IHEs and nonprofit organizations are allowable. (a) Definition. “Corrective action” means action by an LEA that— (1) Substantially and directly responds to— (i) The consistent academic failure of a school that led the LEA to identify the school for corrective action; and (ii) Any underlying staffing, curriculum, or other problems in the school; (2) Is designed to increase substantially the likelihood that each group of students described in §200.13(b)(7) and enrolled in the school will meet or exceed the State's proficient levels of achievement as measured by the State assessment system; and (3) Is consistent with State law. (b) Requirements. If an LEA identifies a school for corrective action, in accordance with §200.33, the LEA must do the following: (1) Continue to provide all students enrolled in the school with the option to transfer to another public school in accordance with §200.44. (2) Continue to ensure that the school receives technical assistance consistent with the requirements of §200.40. (3) Make available supplemental educational services in accordance with §200.45. (4) Take at least one of the following corrective actions: (i) Replace the school staff who are relevant to the school's failure to make AYP. (ii) Institute and fully implement a new curriculum, including the provision of appropriate professional development for all relevant staff, that— (A) Is grounded in scientifically based research; and	Not related to agency deliverable	LEA and School Improvement ; §200.41 School improvement plan	Federal	Statute	
(a)(1) Not later than three months after an LEA has identified a school for improvement under §200.32, the school must develop or revise a school improvement plan for approval by the LEA. (2) The school must consult with parents, school staff, the LEA, and outside experts in developing or revising its school improvement plan. (b) The school improvement plan must cover a 2-year period. (c) The school improvement plan must— (1) Specify the responsibilities of the school, the LEA, and the SEA serving the school under the plan, including the technical assistance to be provided by the LEA under §200.40; (2)(i) Incorporate strategies, grounded in scientifically based research, that will strengthen instruction in the core academic subjects at the school and address the specific academic issues that caused the LEA to identify the school for improvement; and (ii) May include a strategy for implementing a comprehensive school reform model described in section 1606 of the ESEA; (3) With regard to the school's core academic subjects, adopt policies and practices most likely to ensure that all groups of students described in §200.13(b)(7) and enrolled in the school will meet the State's proficient level of achievement, as measured by the State's assessment system, not later than the 2013-2014 school year; (4) Establish measurable goals that— (i) Address the specific reasons for the school's failure to make adequate progress; and (ii) Promote, for each group of students described in §200.13(b)(7) and enrolled in the school, continuous and substantial progress that ensures that all these groups meet the State's annual measurable objectives described in §200.18; (5) Provide an assurance that the school will spend not less than 10 percent of the allocation it receives under subpart A of this part for each year that the school is in school improvement status, for the purpose of providing high-quality professional development to the school's teachers, principal, and, as appropriate, other instructional staff, consistent with section 6401(3)(A) of the ESEA; that	Not related to agency deliverable	LEA and School Improvement ; §200.41 School improvement plan	Federal	Statute

<p>(a) Transition requirements for public school choice and supplemental educational services. (1) Except as described in §§200.32(d) and 200.33(c), if a school was in school improvement or subject to corrective action on January 7, 2002, the SEA must ensure that the LEA for that school provides public school choice in accordance with §200.44 not later than the first day of the 2002-2003 school year.</p> <p>(2) Except as described in §§200.32(d) and 200.33(c), if a school was in school improvement status for two or more consecutive school years or subject to corrective action on January 7, 2002, the SEA must ensure that the LEA for that school makes available supplemental educational services in accordance with §200.45 not later than the first day of the 2002-2003 school year.</p> <p>(b) State reservation of funds for school improvement. (1) In accordance with §200.100(a), an SEA must reserve 2 percent of the amount it receives under this part for fiscal years 2002 and 2003, and 4 percent of the amount it receives under this part for fiscal years 2004 through 2007, to—</p> <p>(i) Support local school improvement activities;</p> <p>(ii) Provide technical assistance to schools identified for improvement, corrective action, or restructuring; and</p> <p>(iii) Provide technical assistance to LEAs that the SEA has identified for improvement or corrective action in accordance with §200.50.</p> <p>(2) Of the amount it reserves under paragraph (b)(1) of this section, the SEA must—</p> <p>(i) Allocate not less than 95 percent directly to LEAs serving schools identified for improvement, corrective action, and restructuring to support improvement activities; or</p> <p>(ii) With the approval of the LEA, directly provide for these improvement activities or arrange to provide them through such entities as school support teams or educational service agencies.</p> <p>(3) In providing assistance to LEAs under paragraph (b)(2) of this section, the SEA must give priority to LEAs that—</p> <p>(i) Serve the lowest-achieving schools;</p>	Requires a service	LEA and School Improvement ; §200.48 Funding for choice-related transportation and supplemental educational services	Federal	Statute	
<p>(a) State review. (1) An SEA must annually review the progress of each LEA in its State that receives funds under subpart A of this part to determine whether—</p> <p>(i) The LEA's schools served under this part are making AYP, as defined under §§200.13 through 200.20, toward meeting the State's student academic achievement standards; and</p> <p>(ii) The LEA is carrying out its responsibilities under this part with respect to school improvement, technical assistance, parental involvement, and professional development.</p> <p>(2) In reviewing the progress of an LEA, the SEA may, in the case of targeted assistance schools served by the LEA, consider the progress only of the students served or eligible for services under this subpart, provided the students selected for services in such schools are those with the greatest need for special assistance, consistent with the requirements of section 1115 of the ESEA.</p> <p>(b) Rewards. If an LEA has exceeded AYP as defined under §§200.13 through 200.20 for two consecutive years, the SEA may—</p> <p>(1) Reserve funds in accordance with §200.100(c); and</p> <p>(2) Make rewards of the kinds described under section 1117 of the ESEA.</p> <p>(c) Opportunity for review of LEA-level data. (1) Before identifying an LEA for improvement or corrective action, the SEA must provide the LEA with an opportunity to review the data, including academic assessment data, on which the SEA has based the proposed identification.</p> <p>(2)(i) If the LEA believes that the proposed identification is in error for statistical or other substantive reasons, the LEA may provide supporting evidence to the SEA.</p> <p>(ii) The SEA must consider the evidence before making a final determination not later than 30 days after it has provided the LEA with the opportunity to review the data under paragraph (c)(1) of this section.</p> <p>(d) Identification for improvement. (1)(i) The SEA must identify for improvement an LEA that, for two consecutive years, including the period immediately before January 8, 2002, fails to make AYP as defined in the SEA's plan under section 1111(b)(2) of the ESEA.</p> <p>(ii) In identifying LEAs for improvement, an SEA—</p>	Requires a service	LEA and School Improvement ; §200.49 SEA responsibilities for school improvement, corrective action, and restructuring	Federal	Statute

<p>(a) In general. (1) An SEA must—</p> <p>(i) Communicate with parents throughout the review of an LEA under §200.50; and</p> <p>(ii) Ensure that, regardless of the method or media used, it provides information to parents—</p> <p>(A) In an understandable and uniform format, including alternative formats upon request; and</p> <p>(B) To the extent practicable, in a language that parents can understand.</p> <p>(2) The SEA must provide information to the parents of each student enrolled in a school served by the LEA—</p> <p>(i) Directly, through such means as regular mail or e-mail, except that if an SEA does not have access to individual student addresses, it may provide information to the LEA or school for distribution to parents; and</p> <p>(ii) Through broader means of dissemination such as the Internet, the media, and public agencies serving the student population and their families.</p> <p>(3) All communications must respect the privacy of students and their families.</p> <p>(b) Results of review. The SEA must promptly publicize and disseminate to the LEAs, teachers and other staff, the parents of each student enrolled in a school served by the LEA, students, and the community the results of its review under §200.50, including statistically sound disaggregated results in accordance with §§200.2 and 200.7.</p> <p>(c) Identification for improvement or corrective action. If the SEA identifies an LEA for improvement or subjects the LEA to corrective action, the SEA must promptly provide to the parents of each student enrolled in a school served by the LEA—</p> <p>(1) The reasons for the identification; and</p> <p>(2) An explanation of how parents can participate in improving the LEA.</p>	Requires a service	LEA and School Improvement ; §200.50 SEA review of LEA progress	Federal	Statute	
<p>(a) Improvement plan. (1) Not later than 3 months after an SEA has identified an LEA for improvement under §200.50(d), the LEA must develop or revise an LEA improvement plan.</p> <p>(2) The LEA must consult with parents, school staff, and others in developing or revising its improvement plan.</p> <p>(3) The LEA improvement plan must—</p> <p>(i) Incorporate strategies, grounded in scientifically based research, that will strengthen instruction in core academic subjects in schools served by the LEA;</p> <p>(ii) Identify actions that have the greatest likelihood of improving the achievement of participating children in meeting the State's student academic achievement standards;</p> <p>(iii) Address the professional development needs of the instructional staff serving the LEA by committing to spend for professional development not less than 10 percent of the funds received by the LEA under subpart A of this part for each fiscal year in which the SEA identifies the LEA for improvement. These funds—</p> <p>(A) May include funds reserved by schools for professional development under §200.41(c)(5); but</p> <p>(B) May not include funds reserved for professional development under section 1119 of the ESEA;</p> <p>(iv) Include specific measurable achievement goals and targets—</p> <p>(A) For each of the groups of students under §200.13(b)(7); and</p> <p>(B) That are consistent with AYP as defined under §§200.13 through 200.20;</p> <p>(v) Address—</p> <p>(A) The fundamental teaching and learning needs in the schools of the LEA; and</p> <p>(B) The specific academic problems of low-achieving students, including a determination of why the LEA's previous plan failed to bring about increased student academic achievement;</p>	Requires a service	LEA and School Improvement ; §200.51 Notice of SEA action	Federal	Statute

<p>(a) General. The management decision must clearly state whether or not the audit finding is sustained, the reasons for the decision, and the expected auditee action to repay disallowed costs, make financial adjustments, or take other action. If the auditee has not completed corrective action, a timetable for follow-up should be given. Prior to issuing the management decision, the Federal agency or pass-through entity may request additional information or documentation from the auditee, including a request for auditor assurance related to the documentation, as a way of mitigating disallowed costs. The management decision should describe any appeal process available to the auditee. While not required, the Federal agency or pass-through entity may also issue a management decision on findings relating to the financial statements which are required to be reported in accordance with GAGAS.</p> <p>(b) Federal agency. As provided in §200.513 Responsibilities, paragraph (a)(7), the cognizant agency for audit must be responsible for coordinating a management decision for audit findings that affect the programs of more than one Federal agency. As provided in §200.513 Responsibilities, paragraph (c)(3), a Federal awarding agency is responsible for issuing a management decision for findings that relate to Federal awards it makes to non-Federal entities.</p> <p>(c) Pass-through entity. As provided in §200.331 Requirements for pass-through entities, paragraph (d), the pass-through entity must be responsible for issuing a management decision for audit findings that relate to Federal awards it makes to subrecipients.</p> <p>(d) Time requirements. The Federal awarding agency or pass-through entity responsible for issuing a management decision must do so within six months of acceptance of the audit report by the FAC. The auditee must initiate and proceed with corrective action as rapidly as possible and corrective action should begin no later than upon receipt of the audit report.</p> <p>(e) Reference numbers. <p>(a) Academic standards in general. A State must adopt challenging academic content standards and aligned academic achievement standards that will be used by the State, its local educational agencies (LEAs), and its schools to carry out this subpart. These academic standards must -</p> <p>(1) Be the same academic content standards and aligned academic achievement standards that the State applies to all public schools and public school students in the State, including the public schools and public school students served under this subpart, except as provided in paragraph (d) of this section, which applies only to the State's academic achievement standards;</p> <p>(2) With respect to the academic achievement standards, include the same knowledge, skills, and levels of achievement expected of all public school students in the State, except as provided in paragraph (d) of this section; and</p> <p>(3) Include at least mathematics, reading/language arts, and science, and may include other subjects determined by the State.</p>	Requires a service	PART 200—TITLE I—IMPROVING THE ACADEMIC ACHIEVEMENT OF THE DISADVANTAGED; PART 200—TITLE I—IMPROVING THE ACADEMIC ACHIEVEMENT OF THE DISADVANTAGED	Federal	Statute	
<p>(a) State participation. Beginning in the 2002-2003 school year, each State that receives funds under subpart A of this part must participate in biennial State academic assessments of fourth and eighth grade reading and mathematics under the State National Assessment of Educational Progress (NAEP), if the Department pays the costs of administering those assessments.</p> <p>(b) Local participation. In accordance with section 1112(b)(1)(F) of the Elementary and Secondary Education Act of 1965 (ESEA), and notwithstanding section 411(d)(1) of the National Education Statistics Act of 1994, an LEA that receives funds under subpart A of this part must participate, if selected, in the State-NAEP assessments referred to in paragraph (a) of this section.</p> <p>(c) Report cards. Each State and LEA must report on its annual State and LEA report card, respectively, the most recent available academic achievement results in grades four and eight on the State's NAEP reading and mathematics assessments under paragraph (a) of this section. The report cards must include—</p> <p>(1) The percentage of students at each achievement level reported on the NAEP in the aggregate and, for State report cards, disaggregated for each subgroup described in §200.13(b)(7)(ii); and</p> <p>(2) The participation rates for students with disabilities and for limited English proficient students.</p>	Requires a service	Participation in National Assessment of Educational Progress (NAEP) ; §200.11 Participation in NAEP	Federal	Statute

Where the accomplishments of the Federal award can be quantified, a computation of the cost (for example, related to units of accomplishment) may be required if that information will be useful. <p>(a) The non-Federal entity must use its own documented procurement procedures which reflect applicable State, local, and tribal laws and regulations, provided that the procurements conform to applicable Federal law and the standards identified in this part.</p> <p>(b) Non-Federal entities must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.</p> <p>(c)(1) The non-Federal entity must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts. No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of the non-Federal entity may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, non-Federal entities may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the non-Federal entity.</p> <p>(2) If the non-Federal entity has a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe, the non-Federal entity must also maintain written standards of conduct covering organizational conflicts of interest. Organizational conflicts of interest means that because of relationships with a parent company, affiliate, or subsidiary organization, the non-Federal entity is unable or appears to be unable to be impartial in conducting a procurement action involving a related organization.</p> <p>(d) The non-Federal entity's procedures must avoid acquisition of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.</p> <p>(e) To foster greater economy and efficiency, and in accordance with efforts to promote cost-effective use of shared services across the Federal Government, the non-Federal entity is encouraged to enter into state and local intergovernmental agreements or inter-entity agreements where appropriate for procurement or use of common or shared goods and services.</p> <p>(f) The non-Federal entity is encouraged to use Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.</p> <p>(g) The non-Federal entity is encouraged to use value engineering clauses in contracts for construction projects of sufficient size to offer reasonable opportunities for cost reductions.</p>	Requires a service	Procurement Standards ; §200.318 General procurement standards	Federal	Statute	
<p>(a) All procurement transactions must be conducted in a manner providing full and open competition consistent with the standards of this section. In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, or invitations for bids or requests for proposals must be excluded from competing for such procurements. Some of the situations considered to be restrictive of competition include but are not limited to:</p> <p>(1) Placing unreasonable requirements on firms in order for them to qualify to do business;</p> <p>(2) Requiring unnecessary experience and excessive bonding;</p> <p>(3) Noncompetitive pricing practices between firms or between affiliated companies;</p> <p>(4) Noncompetitive contracts to consultants that are on retainer contracts;</p> <p>(5) Organizational conflicts of interest;</p> <p>(6) Specifying only a “brand name” product instead of allowing “an equal” product to be offered and describing the performance or other relevant requirements of the procurement; and</p> <p>(7) Any arbitrary action in the procurement process.</p> <p>(b) The non-Federal entity must conduct procurements in a manner that prohibits the use of statutorily or administratively imposed state, local, or tribal geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Nothing in this section preempts state licensing laws. When contracting for architectural and engineering (A/E) services, geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.</p> <p>(c) The non-Federal entity must have written procedures for procurement transactions. These procedures must ensure that all solicitations:</p> <p>(1) Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description must not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. <p>The non-Federal entity must use one of the following methods of procurement.</p> <p>(a) Procurement by micro-purchases. Procurement by micro-purchase is the acquisition of supplies or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold (\$200.67 Micro-purchase). To the extent practicable, the non-Federal entity must distribute micro-purchases equitably among qualified suppliers. Micro-purchases may be awarded without soliciting competitive quotations if the non-Federal entity considers the price to be reasonable.</p> <p>(b) Procurement by small purchase procedures. Small purchase procedures are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than the Simplified Acquisition Threshold. If small purchase procedures are used, price or rate quotations must be obtained from an adequate number of qualified sources.</p> <p>(c) Procurement by sealed bids (formal advertising). Bids are publicly solicited and a firm fixed price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bid method is the preferred method for procuring construction, if the conditions in paragraph (c)(1) of this section apply.</p> <p>(1) In order for sealed bidding to be feasible, the following conditions should be present:</p> <p>(i) A complete, adequate, and realistic specification or purchase description is available;</p> <p>(ii) Two or more responsible bidders are willing and able to compete effectively for the business; and</p> <p>(iii) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.</p> <p>(2) If sealed bids are used, the following requirements apply:</p> <p>(i) Bids must be solicited from an adequate number of known suppliers, providing them sufficient response time prior to the date set for opening the bids, for state, local, and tribal governments, the invitation for bids must be publically advertised;</p> <p>(ii) The invitation for bids, which will include any specifications and pertinent attachments, must define the items or services in order for the bidder to properly respond;</p>	Requires a service	Procurement Standards ; §200.320 Methods of procurement to be followed	Federal	Statute

<p>(a) The non-Federal entity must perform a cost or price analysis in connection with every procurement action in excess of the Simplified Acquisition Threshold including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, the non-Federal entity must make independent estimates before receiving bids or proposals.</p> <p>(b) The non-Federal entity must negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration must be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.</p> <p>(c) Costs or prices based on estimated costs for contracts under the Federal award are allowable only to the extent that costs incurred or cost estimates included in negotiated prices would be allowable for the non-Federal entity under Subpart E—Cost Principles of this part. This review generally will take place prior to the time the specification is incorporated into a solicitation document. However, if the non-Federal entity desires to have the review accomplished after a solicitation has been developed, the Federal awarding agency or pass-through entity may still review the specifications, with such review usually limited to the technical aspects of the proposed purchase.</p> <p>(b) The non-Federal entity must make available upon request, for the Federal awarding agency or pass-through entity pre-procurement review, procurement documents, such as requests for proposals or invitations for bids, or independent cost estimates, when:</p> <p>(1) The non-Federal entity's procurement procedures or operation fails to comply with the procurement standards in this part;</p> <p>(2) The procurement is expected to exceed the Simplified Acquisition Threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation;</p> <p>(3) The procurement, which is expected to exceed the Simplified Acquisition Threshold, specifies a “brand name” product;</p> <p>(4) The proposed contract is more than the Simplified Acquisition Threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or</p> <p>(5) A proposed contract modification changes the scope of a contract or increases the contract amount by more than the Simplified Acquisition Threshold.</p> <p>(c) The non-Federal entity is exempt from the pre-procurement review in paragraph (b) of this section if the Federal awarding agency or pass-through entity determines that its procurement systems comply with the standards of this part.</p> <p>(1) The non-Federal entity may request that its procurement system be reviewed by the Federal awarding agency or pass-through entity to determine whether its system meets these standards in order for its system to be certified. Generally, these reviews must occur where there is continuous high-dollar funding, and third party contracts are awarded on a regular basis;</p> <p>(2) The non-Federal entity may self-certify its procurement system. The “bid guarantee” must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual documents as may be required within the time specified.</p> <p>(b) A performance bond on the part of the contractor for 100 percent of the contract price. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the contractor’s obligations under such contract.</p> <p>(c) A payment bond on the part of the contractor for 100 percent of the contract price. (a) Title. Subject to the obligations and conditions set forth in this section, title to real property acquired or improved under a Federal award will vest upon acquisition in the non-Federal entity. (b) Use. Except as otherwise provided by Federal statutes or by the Federal awarding agency, real property will be used for the originally authorized purpose as long as needed for that purpose, during which time the non-Federal entity must not dispose of or encumber its title or other interests. (c) Disposition. When real property is no longer needed for the originally authorized purpose, the non-Federal entity must obtain disposition instructions from the Federal awarding agency or pass-through entity. The instructions must provide for one of the following alternatives: (1) Retain title after compensating the Federal awarding agency. The amount paid to the Federal awarding agency will be computed by applying the Federal awarding agency's percentage of participation in the cost of the original purchase (and costs of any improvements) to the fair market value of the property. However, in those situations where the non-Federal entity is disposing of real property acquired or improved with a Federal award and acquiring replacement real property under the same Federal award, the net proceeds from the disposition may be used as an offset to the cost of the replacement property. (2) Sell the property and compensate the Federal awarding agency. The amount due to the Federal awarding agency will be calculated by applying the Federal awarding agency's percentage of participation in the cost of the original purchase (and cost of any improvements) to the proceeds of the sale after deduction of any actual and reasonable selling and fixing-up expenses. If the Federal award has not been closed out, the net proceeds from sale may be offset against the original cost of the property. When the non-Federal entity is directed to sell property, sales procedures must be followed that provide for competition to the extent practicable and result in the highest possible return. (3) Transfer title to the Federal awarding agency or to a third party designated/approved by the Federal awarding agency. The non-Federal entity is entitled to be paid an amount calculated by applying the non-Federal entity's percentage of participation in the purchase of the real property (and cost of any improvements) to the current fair market value of the property. (a) Title to federally-owned property remains vested in the Federal Government. The non-Federal entity must submit annually an inventory listing of federally-owned property in its custody to the Federal awarding agency. Upon completion of the Federal award or when the property is no longer needed, the non-Federal entity must report the property to the Federal awarding agency for further Federal agency utilization. (b) If the Federal awarding agency has no further need for the property, it must declare the property excess and report it for disposal to the appropriate Federal disposal authority, unless the Federal awarding agency has statutory authority to dispose of the property by alternative methods (e.g., the authority provided by the Federal Technology Transfer Act (15 U.S.C. 3710 (i))) to donate research equipment to educational and non-profit organizations in accordance with Executive Order 12999, “Educational Technology: Ensuring Opportunity for All Children in the Next Century.”). The Federal awarding agency must issue appropriate instructions to the non-Federal entity. (c) Exempt federally-owned property means property acquired under a Federal award where the Federal awarding agency has chosen to vest title to the property to the non-Federal entity without further obligation to the Federal Government, based upon the explicit terms and conditions of the Federal award. The Federal awarding agency may exercise this option when statutory authority exists. <p>Financial records, supporting documents, statistical records, and all other non-Federal entity records pertinent to a Federal award must be retained for a period of three years from the date of submission of the final expenditure report or, for Federal awards that are renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report, respectively, as reported to the Federal awarding agency or pass-through entity in the case of a subrecipient. Federal awarding agencies and pass-through entities must not impose any other record retention requirements upon non-Federal entities. The only exceptions are the following:</p> <p>(a) If any litigation, claim, or audit is started before the expiration of the 3-year period, the records must be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken.</p> <p>(b) When the non-Federal entity is notified in writing by the Federal awarding agency, cognizant agency for audit, oversight agency for audit, cognizant agency for indirect costs, or pass-through entity to extend the retention period.</p> <p>(c) Records for real property and equipment acquired with Federal funds must be retained for 3 years after final disposition.</p> <p>(d) When records are transferred to or maintained by the Federal awarding agency or pass-through entity, the 3-year retention requirement is not applicable to the non-Federal entity.</p> <p>(e) Records for program income transactions after the period of performance. In some cases recipients must report program income after the period of performance. Where there is such a requirement, the retention period for the records pertaining to the earning of the program income starts from the end of the non-Federal entity's fiscal year in which the program income is earned.</p> <p>(f) Indirect cost rate proposals and cost allocations plans. This paragraph applies to the following types of documents and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).</p> <p>(1) If submitted for negotiation. If the proposal, plan, or other computation is required to be submitted to the Federal Government (or to the pass-through entity) to form the basis for negotiation of the rate, then the 3-year retention period for its supporting records starts from the date of such submission.</p> <p>(2) If not submitted for negotiation. If the proposal, plan, or other computation is not required to be submitted to the Federal Government (or to the pass-through entity) for negotiation purposes, then the 3-year retention period for the proposal, plan, or computation and its supporting records starts from the end of the fiscal year (or other accounting period) covered by the proposal, plan, or computation.</p>	Requires a service	Record Retention and Access ; §200.333 Retention requirements for records	Federal	Statute

<p>In accordance with the May 2013 Executive Order on Making Open and Machine Readable the New Default for Government Information, the Federal awarding agency and the non-Federal entity should, whenever practicable, collect, transmit, and store Federal award-related information in open and machine readable formats rather than in closed formats or on paper. The Federal awarding agency or pass-through entity must always provide or accept paper versions of Federal award-related information to and from the non-Federal entity upon request. If paper copies are submitted, the Federal awarding agency or pass-through entity must not require more than an original and two copies. When original records are electronic and cannot be altered, there is no need to create and retain paper copies. (a) Purpose. (1) The purpose of a schoolwide program is to improve academic achievement throughout a school so that all students, particularly the lowest-achieving students, demonstrate proficiency related to the State's academic standards under §200.1. (2) The improved achievement is to result from improving the entire educational program of the school. (b) Eligibility. (1) A school may operate a schoolwide program if— (i) The school's LEA determines that the school serves an eligible attendance area or is a participating school under section 1113 of the ESEA; and (ii) For the initial year of the schoolwide program— (A) The school serves a school attendance area in which not less than 40 percent of the children are from low-income families; or (B) Not less than 40 percent of the children enrolled in the school are from low-income families. (2) In determining the percentage of children from low-income families under paragraph (b)(1)(ii) of this section, the LEA may use a measure of poverty that is different from the measure or measures of poverty used by the LEA to identify and rank school attendance areas for eligibility and participation under subpart A of this part. (c) Participating students and services. A school operating a schoolwide program is not required to— (1) Identify particular children as eligible to participate; or (2) As required under section 1120A(b) of the ESEA, provide services that supplement, and do not supplant, the services participating children would otherwise receive if they were not participating in a program under subpart A of this part. (d) Supplemental funds. A school operating a schoolwide program must use funds available under subpart A of this part and under any other Federal program included under paragraph (e) of this section and §200.29 only to supplement the total amount of funds that would, in the absence of the Federal funds, be made available from non-Federal sources for that school, including funds needed to provide services that are required by law for children with disabilities and children with limited English proficiency. Purpose of chapter. It is the purpose of the General Assembly in this chapter: (1) to place an emphasis on early childhood education and prevention while promoting assistance for students at every grade level which is more flexible and tailored to individual needs and learning styles; (2) to focus the state’s resources on academic success and prevention of academic problems; (3) to establish the expectation that by providing extra assistance and learning time that enables young students to attain essential skills and success all children will be prepared for the fourth grade and all students will graduate from high school with their peers; (4) to promote the advancement of developmentally appropriate curriculum and coordinated programs from preschool through grade three which are supportive of the curriculum for grades four through twelve; and (5) to allow districts and schools greater flexibility in providing targeted, coordinated programs of student assistance.	Not related to agency deliverable	Section 59 139 05	State	Statute	
Districts and schools to design plan; what plan must include; early childhood development initiative; academic assistance initiative; staff training; goals; progress review; school improvement council input; peer review; requests for funds. (A) The State Board of Education, through the Department of Education and in consultation with the Education Oversight Committee, shall develop and implement regulations requiring that beginning in school year 1993 94 and by school year 1994 95, each school district, in coordination with its schools, and each school in the district shall design a comprehensive, long range plan with annual updates to carry out the purposes of this chapter. To that end, the plans shall: (1) establish an early childhood initiative which integrates the planning and direction of the half day program for four year olds established in Section 59 5 65, the parenting program established in Section 59 1 450, the early childhood assistance program established in Section 59 139 20, school practices in kindergarten through grade three, and any other federal, state, or district programs for preschool children in the district in order to better focus on the needs of this student population; (2) develop an academic assistance initiative to support students with academic difficulties in grades four through twelve so they are able to progress academically and move through school with their peers; and (3) provide staff training, upon appropriation of funds by the General Assembly for this purpose, to prepare and train teachers and administrators in the teaching techniques and strategies needed to implement the district and school plan. (B) The State Board of Education, through the Department of Education, shall establish criteria by regulation for the comprehensive plan and the annual updates to be prepared by each district and school so that the plans address, but are not limited to, the interrelationship of the various components of the early child development initiative and the academic assistance initiative, strategies to be implemented for expanding and improving early child development activities, plans for accelerating the performance of students performing below their peers, methods of assessing the efficacy of these strategies, and the coordination of the strategies with federally funded programs. However, in every instance, district and school plans should be derived from strategies found to be effective in education research. The plans must contain performance goals, interim performance goals, and time lines for progress. The methods of assessing the efficacy of the strategies must provide data regarding the impact of the strategies and whether they should be continued, modified, or terminated. (C) The design for the early child development initiative must include: (1) the formation and implementation of the parenting/family literacy component which addresses, but is not limited to, collaboration in each district with health and human service agencies, and adult education programs, as well as the other components of the early child development initiative; (2) the development and implementation of a developmentally appropriate curriculum from early childhood education through grade three. Options available to districts and schools in designing the early childhood assistance component include: (a) expanded kindergarten day; (b) reduction in kindergarten pupil teacher ratio; (c) floating teachers in grades one through three assigned to work with students with academic difficulties; (d) multiage grouping for four and five year olds;	Distribute funding to another entity; Other service or product our agency must/may provide	Section 59 139 10	State	Statute	Develop regulations and plans
Use of SACS Plan by Southern Association of Colleges and Schools accredited institutions. A school accredited by the Southern Association of Colleges and Schools (SACS) may substitute the SACS five year plan and annual updates for the comprehensive plan and updates required by Section 59 139 10(B), provided that all requirements for information and evaluation and the participation requirements for the community and School Improvement Council are met as mandated in Chapters 18 and 139 of Title 59. Beginning with 2001, with approval by the State Board of Education, a school district may request to have its combined strategic plan/accountability system cycle required by Chapters 18 and 139 adjusted to coincide with its schools’ SACS review. Extension of completion dates of certain long range, comprehensive plans. Notwithstanding any other provision of law, the stipulated completion dates of the long range, comprehensive plans required by Chapter 139 of Title 59 of the 1976 Code may be extended until the end of school year 1994 95 upon approval from the State Board of Education. Districts requesting such a waiver must outline how the extension will improve the planning and implementation of Act 135 of 1993 and provide the expected date of completion. Before implementation of the plans, the plans must be submitted to the State Department of Education to be subjected to the peer review process; districts wishing to submit their plans before the required or expected completion date may do so. For 1994 95 schools and districts shall implement strategies for academic assistance to students experiencing difficulties in kindergarten through grade twelve. For school year 1993 94, schools may submit either the improvement plans consistent with state department guidelines or its five year plan. Appropriations for academic assistance initiative; uses of funds; matching of weighted pupil units. Beginning in fiscal year 1994 95 in the annual general appropriations act, the General Assembly shall determine an appropriation level for the academic assistance initiative. The State Board of Education through the Department of Education shall promulgate regulations to implement a system to provide a pro rata matching of the weighted pupil units pursuant to Section 59 20 40 to the pupils in the districts of the State as follows: (1) early childhood assistance for students in kindergarten through grade three who are eligible for the federal free and reduced price lunch program at a weight of .26; (2) grade four through twelve academic assistance for students in these grades who score below minimum basic skills act standards in reading, mathematics, or writing, or their equivalent, at a weight of .114. Funds generated by kindergarten through grade three students must be used by the districts and schools to provide to any student in these grades needed academic assistance. The assistance may be for short, intensive periods or for longer, on going assistance as needed by each student. Based upon the district and school plans provided for in Section 59 139 10, a portion of these funds may be used to support other components of the early child development initiative in order to better prepare children for entering school. Further, districts may request a waiver from the State Board of Education to use a portion of the funds generated by students in kindergarten through grade three for students in grades four through twelve, if such a change promotes better coordination of state and federal funds provided for programs for these children. Funds generated by students in grades four through twelve must be used to provide any student with needed academic assistance with an emphasis on assistance at the time of need and on accelerating the progress of students performing below their peers. The assistance may be for short, intensive periods or for longer, on going assistance as needed by the student. Enhanced opportunities for learning must be emphasized. In reviewing the districts’ plans, provided for in Section 59 139 10, the State Board of Education shall stress district and school flexibility in addressing student needs. Evaluating fulfillment of purposes of chapter; assessments of students, schools, and districts; sharing of results. The State Board of Education, through the State Department of Education and in consultation with the Education Oversight Committee, shall establish an assessment system to evaluate the degree to which the purposes of this chapter are met. To that end, the State Board of Education, through the Department of Education shall: (1) develop or adapt a developmentally appropriate assessment program to be administered to all public school students by the end of grade three that is designed to measure a student’s strengths and weaknesses in skills required to perform academic work considered to be at the fourth grade level. Information on each student’s progress and on areas in need of improvement must be provided to the student’s parent and fourth grade teacher. Aggregated information on student progress must be given to the students’ kindergarten through third grade schools so that deficiencies in the schools’ academic programs can be addressed; (2) review the performance of students on the eighth grade basic skills assessment test pursuant to Section 59 30 10, or its equivalent, for progress in meeting the skill levels required by these examinations. Student data must be aggregated by the schools the students attended so that programs’ deficiencies can be addressed; (3) review the data on students overage for grade in each school at grades four and nine; (4) monitor the performance of schools and districts so that continuing weaknesses in the programs preparing students for the fourth grade and ninth grade shall receive special assistance from the Department of Education; and (5) propose other methods or measures for assessing how well the purposes of this chapter are met. National education goals. (A) The State Department of Education shall formulate an implementation plan to accomplish the following national education goals as applicable to South Carolina, which are: (1) By the year 2000, all children in America will start school ready to learn. (2) By the year 2000, the high school graduation rate will increase to at least ninety percent. (3) By the year 2000, American students will leave grades four, eight, and twelve having demonstrated competency over challenging subject matter including English, mathematics, science, history, and geography, and every school in America will ensure that all students learn to use their minds well, so they may be prepared for responsible citizenship, further learning, and productive employment in our modern economy. The South Carolina goals also include the areas of foreign languages, health and physical education, arts and humanities, and occupational education as part of this goal. (4) By the year 2000, U.S. students will be first in the world in science and mathematics achievement. (5) By the year 2000, every adult American will be literate and will possess the knowledge and skills necessary to compete in a global economy and exercise the rights and responsibilities of citizenship. (6) By the year 2000, every school in America will be free of drugs and violence and will offer a disciplined environment conducive of learning. The Department of Education, building upon the South Carolina Total Quality Education Framework for Change and the South Carolina Goals Panel Report shall formulate this plan, which must focus on equity, productivity, and interagency collaboration to meet the National Goals by the year 2000. The plan at a minimum shall address: (a) a review of the Education Finance Act and a Defined Maximum Program; (b) a review of the Education Improvement Act and Target 2000; (c) an alignment of the plan with the national goals; (d) an identification of sources and reallocation of funds and revenue; (e) accountability measures for state agencies, local school districts, and local communities; (f) a system which connects funding costs with school performance effectiveness; (g) a system for coordinating interagency funds to support health, social, and education services to children and families; and (h) a system for coordinating funds with technical colleges and higher education to support lifelong learning. The Education Improvement Act is to be included in this review, but all EIA funds must be used only for new reforms and innovations and not for regular ongoing operations at schools, although after this review the reforms and innovations for which these funds were dedicated may be different than originally provided. (B) In formulating this plan the Department of Education shall coordinate its efforts with the South Carolina Business Education Partnership for Excellence in Education, to include its planning committee and outreach committee and also the accountability committee of the Business Education Subcommittee. Input must be solicited from the State Board of Education, South Carolina Education Goals Panel, EIA Education Oversight Committee, Human Services Coordinating Council, South Carolina Business Center for Education, Chamber of Commerce, South Carolina School Boards Association, South Carolina Association of School Administrators, South Carolina Parent-Teacher Association, and the South Carolina Education Endowment Fund. Allocation of funds to school districts. (A) Funds made available under this chapter must be allocated annually to the school districts in the following manner: (1) thirty five percent of the funds allocated annually to the several school districts for facilities' needs must be allocated on a per pupil basis using the weighted pupil units of each district for the preceding year; (2) thirty five percent must be allocated according to the preceding year's Education Finance Act (EFA) formula; (3) fifteen percent of the funds allocated annually to the several school districts for facilities' needs must be distributed based on a standardized assessment of the districts' needs for facilities using a uniform estimate of costs as established in Section 59 144 120. Individual district allotments must be based on the district facilities need relative to the state total facilities need; (4) fifteen percent of the funds allocated annually to the school districts must be distributed based on equalized effort defined as the prior five years' average expenditures for capital projects and debt service, including lease purchase obligations, for school instructional facilities divided by the average assessed value of all property subject to ad valorem school taxation and adjusted to reflect an equalized per pupil mill value. Individual district allotments must be based on a district's equalized effort relative to the state total equalized effort. The amount included for lease purchase obligations shall not include the costs of utilities or operation and maintenance of the leased facility; (5) a district's annual allotment must be the sum of the four amounts calculated as provided in this section. Funds from a district's allotment shall be made available as needed once approval is received from the State Board of Education pursuant to Chapter 23 of this title. (B) The Department of Juvenile Justice, the Wil Lou Gray Opportunity School, the John de la Howe School, and the South Carolina School for the Deaf and the Blind also shall be annually allocated funds from the Children's Education Endowment Fund for facilities' needs on a per pupil basis using weighted pupil units for one hundred percent of their allocations. State Board of Education responsibilities. The State Board of Education responsibilities in regard to this chapter include: (1) developing policies, guidelines, and standards for a uniform assessment of facilities' needs and standardized cost allowances for estimating the cost in meeting these needs in order to provide for a systematic reporting of each district's needs to be used in calculating the allotment of funds under Section 59 144 100. Any standardized cost allowances must take into account regional variances that are beyond the control of individual districts. Facilities' needs include, but are not limited to, facility need capacity and condition, space requirements, program standards, and pupil growth. Costs allowances shall be developed to include such measures as costs per square foot, costs per pupil, or costs per teaching unit with such costs adjusted annually to reflect changes in the cost of labor and materials. These standards and cost allowances are to be used only for providing a uniform reporting of districts' needs for formula allotment purposes and are not intended to limit district options in determining the most appropriate manner in which to meet individual district needs; and (2) adopting policies, standards, and regulations to ensure the accuracy of district reporting required under this chapter and the use of funds disbursed under this chapter. Funds for permanent school facilities and fixed equipment. Funds made available through this chapter must be used for permanent school instructional facilities and fixed equipment including the costs for construction, improvement, enlargement, or renovation of public school facilities. The district may use its fiscal year 1996 97 allocation for payment of debt service provided that the debt service relates to school facilities as defined herein. In subsequent years, after all construction and renovation needs identified in a district’s school facilities improvement plan have been met, the district may request to use its allocation for payment of debt service provided the debt service relates to school facilities as defined herein. As used in this chapter, “school facilities” only includes facilities necessary for instructional and related purposes including, but not limited to, classrooms, libraries, media centers, laboratories, cafeterias, physical education spaces, related interior and exterior facilities, and the conduit, wiring, and powering of hardware installations for classroom computers or for area network systems. “School facilities” does not include unimproved real property, centralized district administration facilities, portable classrooms, or other facilities, including those normally identified with interscholastic sports activities. However, for fiscal year 1996 97 only, “school facilities” includes portable classrooms. As used in this chapter, fixed equipment means a fixture as defined in Section 36 9 313(1)(a). The committee must be composed of: (1) one member who is serving on a public school board, appointed by the State Board of Education upon the recommendation of the South Carolina School Boards Association; (2) one member who is serving as a public school superintendent, or district financial administrator, appointed by the State Board of Education upon the recommendation of the South Carolina Association of School Administrators; (3) one member who is serving as a public school principal, career and technology center director, or school administrator, appointed by the State Board of Education; (4) one public school teacher with a minimum of fifteen years service, appointed by the State Board of Education upon the recommendation of the South Carolina Education Association; (5) one public school teacher with a minimum of fifteen years service, appointed by the State Board of Education upon the recommendation of the Palmetto State Teachers Association; (6) two members appointed by the State Superintendent of Education; and (7) five private sector business persons, who hold no public office, one appointed by the Governor, one appointed by the Chairman of the Senate Finance Committee, one appointed by the Chairman of the House Ways and Means Committee, one appointed by the Chairman of the House Education and Public Works Committee, and one appointed by the Chairman of the Senate Education Committee. (B) Committee members shall serve three year terms except that of those initially appointed, four shall serve initial terms of one year, four shall serve initial terms of two years, and four shall serve initial terms of three years, these initial terms to be determined by lot at the first meeting of the committee. A member of the committee may not serve on the Education Improvement Act Education Oversight Committee, the Business Education Partnership for Excellence in Education, or the Business Education Subcommittee while serving on the committee created under this section. A committee member shall attend at least eighty percent of the meetings of the committee in each fiscal year or be replaced. A vacancy must be filled in the manner of original appointment. (C) The State Board shall promulgate regulations and establish procedures to administer the program. The regulations must limit individual cash awards to twenty five percent of the cost savings for one fiscal year or five thousand dollars, whichever is less. An employee may not receive an award for an idea that could have been implemented by the employee through his normal job duties. An employee of the State Department of Education may participate in the program. (D) The State Department of Education shall provide administrative support for the program. The State Board of Education shall waive or modify its regulations when appropriate and necessary to achieve cost savings. (E) The General Assembly shall provide funds to initiate and support the program. Two years after initial implementation of the program, the program must be self supporting. Sale of state school facilities bonds. State school facilities bonds must be sold by the Governor and the State Treasurer upon sealed proposals, after publication of notice of the sale one or more times at least seven days before the sale, in a financial paper published in New York City which regularly publishes notices of sale of state or municipal bonds. The state school facilities bonds may be awarded only to the lowest interest cost bidder, but the right is reserved to reject all bids and to readvertise the state school facilities bonds for sale. For the purpose of bringing about successful sales of the bonds, the State Budget and Control Board may do all things ordinarily and customarily done in connection with the sale of state or municipal bonds. All expenses incident to the sale of the bonds must be paid from the proceeds of the sale of the bonds.	Not related to agency deliverable	Section 59 146 130	State	Statute	
Proceeds of sale of state school facilities bonds. The proceeds of the sale of state school facilities bonds must be received by the State Treasurer and applied by the State Treasurer to the purposes for which issued, except that the accrued interest, if any, must be used to discharge in part the first interest to become due on the bonds, but the purchasers of the bonds are not liable for the proper application of the proceeds to the purposes for which they are intended. (4) “Readiness assessment” means assessments used to analyze students’ literacy, mathematical, physical, social, and emotional behavioral competencies in prekindergarten or kindergarten. (5) “Reading interventions” means individual or group assistance in the classroom and supplemental support based on curricular and instructional decisions made by classroom teachers who have proven effectiveness in teaching reading and an add on literacy endorsement or reading/literacy coaches who meet the minimum qualifications established in guidelines published by the Department of Education. (6) “Reading portfolio” means an organized collection of evidence and assessments documenting that the student has demonstrated mastery of the state standards in reading equal to at least a level above the lowest achievement level on the state reading assessment. (7) “Reading proficiency” means the ability of students to meet state reading standards in kindergarten through grade twelve, demonstrated by readiness, formative, or summative assessments. (8) “Reading proficiency skills” means the ability to understand how written language works at the word, sentence, paragraph, and text level and mastery of the skills, strategies, and oral and written language needed to comprehend grade level texts. (9) “Research based formative assessment” means assessments used within the school year to analyze strengths and weaknesses in reading comprehension of students individually to adapt instruction to meet student needs, make decisions about appropriate intervention services, and inform placement and instructional planning for the next grade level. (10) “Substantially fails to demonstrate third grade reading proficiency” means a student who does not demonstrate reading proficiency at the end of the third grade as indicated by scoring at the lowest achievement level on the statewide summative reading assessment that equates to Not Met 1 on the Palmetto Assessment of State Standards (PASS). (11) “Summative assessment” means state approved assessments administered in grades three through eight and any statewide assessment used in grades nine through twelve to determine student mastery of grade level or content standards. (12) “Summer reading camp” means an educational program offered in the summer by each local school district or consortia of school districts for students who are unable to comprehend grade level texts and who qualify for mandatory retention. (13) “Third grade reading proficiency” means the ability to read grade level texts by the end of a student’s third grade year as demonstrated by the results of state approved assessments administered to third grade students, or through other assessments as noted in this chapter and adopted by the board. (14) “Writing proficiency skills” means the ability to communicate information, analysis, and persuasive points of view effectively in writing.	Requires a service	Section 59 155 120	State	Statute

Duties of Office. The Read to Succeed Office must guide and support districts and collaborate with university teacher training programs to increase reading proficiency through the following functions, including, but not limited to: (1) providing professional development to teachers, school principals, and other administrative staff on reading and writing instruction and reading assessment that informs instruction; (2) providing professional development to teachers, school principals, and other administrative staff on reading and writing in content areas; (3) working collaboratively with institutions of higher learning offering courses in reading and writing and those institutions of higher education offering accredited master’s degrees in reading literacy to design coursework leading to a literacy teacher add on endorsement by the State; (4) providing professional development in reading and coaching for already certified reading/literacy coaches and literacy teachers; (5) developing information and resources that school districts can use to provide workshops for parents about how they can support their children as readers and writers; (6) assisting school districts in the development and implementation of their district reading proficiency plans for research based reading instruction programs and assisting each of their schools to develop its own implementation plan aligned with the district and state plans; (7) annually designing content and questions for and review and approve the reading proficiency plan of each district; (8) monitor and report to the State Board of Education the yearly success rate of summer reading camps. Districts must provide statistical data to include the: (a) number of students enrolled in camps; (b) number of students by grade level who successfully complete the camps; (c) number of third graders promoted to fourth grade; (d) number of third graders retained; and (e) total expenditure made on operating the camps by source of funds to include in kind donations; and (9) provide an annual report to the General Assembly regarding the implementation of the South Carolina Read to Succeed Act and the State and the district’s progress toward ensuring that at least ninety five percent of all students are reading at grade level. State Reading Proficiency Plan. (A)(1) The department, with approval by the State Board of Education, shall develop, implement, evaluate, and continuously refine a comprehensive state plan to improve reading achievement in public schools. The State Reading Proficiency Plan must be approved by the board by June 15, 2015, and must include, but not be limited to, sections addressing the following components: (a) reading process; (b) professional development to increase teacher reading expertise; (c) professional development to increase reading expertise and literacy leadership of principals and assistant principals; (d) reading instruction; (e) reading assessment; (f) discipline specific literacy; (g) writing; (h) support for struggling readers; (i) early childhood interventions; (j) family support of literacy development; (k) district guidance and support for reading proficiency; (l) state guidance and support for reading proficiency; (m) accountability; and (n) urgency to improve reading proficiency. (2) The state plan must be based on reading research and proven effective practices, applied to the conditions prevailing in reading literacy education in this State, with special emphasis on addressing instructional and institutional deficiencies that can be remedied through faithful implementation of research based practices. The plan must provide standards, format, and guidance for districts to use to develop and annually update their plans, as well as to present and explain the research based rationale for state level actions to be taken. The plan must be updated annually and must incorporate a state reading proficiency progress report. (3) The state plan must include specific details and explanations for all substantial uses of state, local, and federal funds promoting reading literacy and best judgment estimates of the cost of research supported, thoroughly analyzed proposals for initiation, expansion, or modification of major funding programs addressing reading and writing. Analyses of funding requirements must be prepared by the department for incorporation into the plan. (B)(1) Beginning in Fiscal Year 2015 2016, each district must prepare a comprehensive annual reading proficiency plan for prekindergarten through twelfth grade consistent with the plan by responding to questions and presenting specific information and data in a format specified by the Read to Succeed Office. Each district’s PK 12 reading proficiency plan must present the rationale and details of its blueprint for action and support at the district, school, and classroom levels. Each district shall develop a comprehensive plan for supporting the progress of students as readers and writers, monitoring the impact of its plan, and using data to make improvements and to inform its plan for the subsequent years. <p>Readiness assessment.</p> <p>(A) With the enactment of this chapter, the State Superintendent of Education shall ensure that every student entering publically funded prekindergarten and kindergarten beginning in Fiscal Year 2014 2015 will be administered a readiness assessment by the forty fifth day of the school year. Initially the assessment shall focus on early language and literacy development. Beginning in Fiscal Year 2016 2017, the assessment must assess each child’s early language and literacy development, mathematical thinking, physical well being, and social emotional development. The assessment may include multiple assessments, all of which must be approved by the board. The approved assessments of academic readiness must be aligned with first and second grade standards for English/language arts and mathematics. The purpose of the assessment is to provide teachers and parents or guardians with information to address the readiness needs of each student, especially by identifying language, cognitive, social, emotional, health problems, and concerning appropriate instruction for each child. The results of the assessment and the developmental intervention strategies recommended to address the child’s identified needs must be provided, in writing, to the parent or guardian. Reading instructional strategies and developmental activities for children whose oral language skills are assessed to be below the norm of their peers in the State must be aligned with the district’s reading proficiency plan for addressing the readiness needs of each student. The results of each assessment also must be reported to the Read to Succeed Office.</p> <p>(B) Any student enrolled in prekindergarten, kindergarten, first grade, second grade, or third grade who is substantially not demonstrating proficiency in reading, based upon formal diagnostic assessments or through teacher observations, must be provided intensive in class and supplemental reading intervention immediately upon determination. The intensive interventions must be provided as individualized and small group assistance based on the analysis of assessment data. All sustained interventions must be aligned with the district’s reading proficiency plan. These interventions must be at least thirty minutes in duration and be in addition to ninety minutes of daily reading and writing instruction provided to all students in kindergarten through grade three. The district must continue to provide intensive in class intervention and at least thirty minutes of supplemental intervention until the student can comprehend and write text at grade level independently. In addition, the parent or guardian of the student must be notified, in writing, of the child’s inability to read grade level texts, the interventions to be provided, and the child’s reading abilities at the end of the planned interventions. The results of the initial assessments and progress monitoring also must be provided to the Read to Succeed Office.</p> <p>(C) Programs that focus on early childhood literacy development in the State are required to promote:</p> <p>(1) parent training and support for parent involvement in developing children’s literacy; and</p> <p>(2) development of oral language, print awareness, and emergent writing; and are encouraged to promote community literacy including, but not limited to, primary health care providers, faith based organizations, county libraries, and service organizations.</p> <p>(D) Districts that fail to provide reports on summer reading camps pursuant to Section 59 155 130(8) are ineligible to receive state funding for summer reading camps for the following fiscal year; however, districts must continue to operate summer reading camps as defined in this act.</p>	Requires a service	Section 59 155 150	State	Statute	Readiness assessment requirements
<p>Mandatory retention.</p> <p>(A) Beginning with the 2017 2018 School Year, a student must be retained in the third grade if the student fails to demonstrate reading proficiency at the end of the third grade as indicated by scoring at the lowest achievement level on the state summative reading assessment that equates to Not Met 1 on the Palmetto Assessment of State Standards (PASS). A student may be exempt for good cause from the mandatory retention but shall continue to receive instructional support and services and reading intervention appropriate for their age and reading level. Good cause exemptions include students:</p> <p>(1) with limited English proficiency and less than two years of instruction in English as a Second Language program;</p> <p>(2) with disabilities whose individual education plan indicates the use of alternative assessments or alternative reading interventions and students with disabilities whose Individual Education Plan or Section 504 Plan reflects that the student has received intensive remediation in reading for more than two years but still does not substantially demonstrate reading proficiency;</p> <p>(3) who demonstrate third grade reading proficiency on an alternative assessment approved by the board and which teachers may administer following the administration of the state assessment of reading;</p> <p>(4) who have received two years of reading intervention and were previously retained;</p> <p>(5) who through a reading portfolio document, the student’s mastery of the state standards in reading equal to at least a level above the lowest achievement level on the state reading assessment. Such evidence must be an organized collection of the student’s mastery of the state English/language arts standards that are assessed by the grade three state reading assessment. The Read to Succeed Office shall develop the assessment tool for the student portfolio; however, the student portfolio must meet the following minimum criteria:</p> <p>(a) be selected by the student’s English/language arts teacher or summer reading camp instructor;</p> <p>(b) be an accurate picture of the student’s ability and only include student work that has been independently produced in the classroom;</p> <p>(c) include evidence that the benchmarks assessed by the grade three state reading assessment have been met. Evidence is to include multiple choice items and passages that are approximately sixty percent literary text and forty percent information text, and that are between one hundred and seven hundred words with an average of five hundred words. Such evidence could include chapter or unit tests from the district or school’s adopted core reading curriculum that are aligned with the state English/language arts standards or teacher prepared assessments;</p> <p>(d) be an organized collection of evidence of the student’s mastery of the English/language arts state standards that are assessed by the grade three state reading assessment. For each benchmark there must be at least three examples of mastery as demonstrated by a grade of seventy percent or above; and</p> <p>(e) be signed by the teacher and the principal as an accurate assessment of the required reading skills; and</p> <p>(6) who successfully participate in a summer reading camp at the conclusion of the third grade year and demonstrate through either a reading portfolio or through a norm referenced, alternative assessment, selected from a list of norm referenced, alternative assessments approved by the Read to Succeed Office for use in the summer reading camps, that the student’s mastery of the state standards in reading is equal to at least a level above the lowest level on the state reading assessment.</p> <p>(B) The superintendent of the local school district must determine whether a student in the district may be exempt from the mandatory retention by taking all of the following steps:</p> <p>(1) The teacher of each student eligible for exemption must submit to the principal documentation on the assessed exemption and evidence that exemption of the student is appropriate.</p>	Requires a service	Section 59 155 160	State	Statute

<p>Reading comprehension of print and nonprint texts authentic to content area.</p> <p>(A) To help students develop and apply their reading and writing skills across the school day in all the academic disciplines, including, but not limited to, English/language arts, mathematics, science, social studies, the arts, career and technology education, and physical and health education, teachers of these content areas at all grade levels must focus on helping students comprehend print and nonprint texts authentic to the content area. The Read to Succeed Program is intended to institutionalize in the public schools a comprehensive system to promote high achievement in the content areas described in this chapter through extensive reading and writing. Research based practices must be employed to promote comprehension skills through, but not limited to:</p> <p>(1) vocabulary;</p> <p>(2) connotation of words;</p> <p>(3) connotations of words in context with adjoining or prior text;</p> <p>(4) concepts from prior text;</p> <p>(5) personal background knowledge;</p> <p>(6) ability to interpret meaning through sentence structure features;</p> <p>(7) questioning;</p> <p>(8) visualization; and</p> <p>(9) discussion of text with peers.</p> <p>(B) These practices must be mastered by teachers through high quality training and addressed through well designed and effectively executed assessment and instruction implemented with fidelity to research based instructional practices presented in the state, district, and school reading plans. All teachers, administrators, and support staff must be trained adequately in reading comprehension in order to perform effectively their roles enabling each student to become proficient in content area reading and writing.</p> <p>(C) During Fiscal Year 2014 2015, the Read to Succeed Office shall establish a set of essential competencies that describe what certified teachers at the early childhood, elementary, middle or secondary levels must know and be able to do so that all students can comprehend grade level texts. These competencies, developed collaboratively with the faculty of higher education institutions and based on research and national standards, must then be incorporated into the coursework required by Section 59 155 180. The Read to Succeed Office, in collaboration with South Carolina Educational Television, shall provide professional development courses to ensure that educators have access to multiple avenues of receiving endorsements.</p>	Requires a service	Section 59 155 170	State	Statute	
<p>Pre service and in service teacher education programs.</p> <p>(A) As a student progresses through school, reading comprehension in content areas such as science, mathematics, social studies, English/language arts, career and technology education, and the arts is critical to the student’s academic success. Therefore, to improve the academic success of all students in prekindergarten through grade twelve, the State shall strengthen its pre service and in service teacher education programs.</p> <p>(B)(1) Beginning with students entering a teacher education program in the fall semester of the 2016 2017 School Year, all pre service teacher education programs including MAT degree programs must require all candidates seeking certification at the early childhood or elementary level to complete a twelve credit hour sequence in literacy that includes a school based practicum and ensures that candidates grasp the theory, research, and practices that support and guide the teaching of reading. The six components of the reading process that are comprehension, oral language, phonological awareness, phonics, fluency, and vocabulary will provide the focus for this sequence to ensure that all teacher candidates are skilled in diagnosing a child’s reading problems and are capable of providing an effective intervention. All teacher preparation programs must be approved for licensure by the State Department of Education to ensure that all teacher education candidates possess the knowledge and skills to assist effectively all children in becoming proficient readers. The General Assembly is not mandating an increase in the number of credit hours required for teacher candidates, but is requiring that pre service teacher education programs prioritize their missions and resources so all early and elementary education teachers have the knowledge and skills to provide effective instruction in reading and numeracy to all students.</p> <p>(2) Beginning with students entering a teacher education program in the fall semester of the 2016 2017 School Year, all pre service teacher education programs, including MAT degree programs, must require all candidates seeking certification at the middle or secondary level to complete a six credit hour sequence in literacy that includes a course in the foundations of literacy and a course in content area reading. All middle and secondary teacher preparation programs must be approved by the department to ensure that all teacher candidates possess the necessary knowledge and skills to assist effectively all adolescents in becoming proficient readers. The General Assembly is not mandating an increase in the number of semester hours required for teacher candidates but rather is requiring that pre service teacher education programs prioritize their mission and resources so all middle and secondary education teachers have the knowledge and skills to provide effective instruction in reading and numeracy to all students.</p> <p>(C)(1) To ensure that practicing professionals possess the knowledge and skills necessary to assist all children and adolescents in becoming proficient readers, multiple pathways are needed for developing this capacity.</p> <p>(2) A reading/literacy coach shall be employed in each elementary school. Reading coaches shall serve as job embedded, stable resources for professional development throughout schools in order to generate improvement in reading and literacy instruction and student achievement. Reading coaches shall support and provide initial and ongoing professional development to teachers based on an analysis of student assessment and the provision of differentiated instruction and intensive intervention. The reading coach shall:</p> <p>(a) model effective instructional strategies for teachers by working weekly with students in whole, and small groups, or individually;</p> <p>(b) facilitate study groups;</p> <p>(c) train teachers in data analysis and using data to differentiate instruction;</p> <p>(d) coaching and mentoring colleagues;</p> <p>(e) work with teachers to ensure that research based reading programs are implemented with fidelity;</p> <p>(f) work with all teachers (including content area and elective areas) at the school to ensure and to maximize time for these teachers activities and roles that will have the greatest impact on student achievement.</p>	Requires a service	Section 59 155 180	State	Statute	
<p>Local school districts.</p> <p>Local school districts are encouraged to create family school community partnerships that focus on increasing the volume of reading, in school and at home, during the year and at home and in the community over the summer. Schools and districts should partner with county libraries, community organizations, local arts organizations, faith based institutions, pediatric and family practice medical personnel, businesses, and other groups to provide volunteers, mentors, or tutors to assist with the provision of instructional supports, services, and books that enhance reading development and proficiency. A district shall include specific actions taken to accomplish the requirements of this section in its reading proficiency plan.</p>	Requires a service	Section 59 155 190	State	Statute

Promotion of reading and writing habits and skills development. The Read to Succeed Office and each school district must plan for and act decisively to engage the families of students as full participating partners in promoting the reading and writing habits and skills development of their children. With support from the Read to Succeed Office, districts and individual schools shall provide families with information about how children progress as readers and writers and how they can support this progress. This family support must include providing time for their child to read, as well as reading to the child. To ensure that all families have access to a considerable number and diverse range of books appealing to their children, schools should develop plans for enhancing home libraries and for accessing books from county libraries and school libraries and to inform families about their child’s ability to comprehend grade level texts and how to interpret information about reading that is sent home. The districts and schools shall help families learn about reading and writing through open houses, South Carolina Educational Television, video and audio tapes, websites, and school family events and collaborations that help link the home and school of the student. The information should enable family members to understand the reading and writing skills required for graduation and essential for success in a career. South Carolina Child Early Reading Development and Education Program. There is created the South Carolina Child Early Reading Development and Education Program which is a full day, four year old kindergarten program for at risk children which must be made available to qualified children in all public school districts within the State. The program must focus on: (1) a comprehensive, systemic approach to reading that follows the State Reading Proficiency Plan and the district’s comprehensive annual reading proficiency plan, both adopted pursuant to Chapter 155, Title 59; (2) successfully completing the readiness assessment administered pursuant to Section 59 155 150; (3) the developmental and learning support that children must have in order to be ready for school; (4) incorporating parenting education, including educating the parents as to methods that may assist the child pursuant to Section 59 155 110, 59 155 130, and 59 155 140; and (5) identifying community and civic organizations that can support early literacy efforts. Trial districts. (A)(1) The South Carolina Child Early Reading Development and Education Program first must be made available to eligible children from the following eight trial districts in Abbeville County School District et al vs. South Carolina: Allendale, Dillon 2, Florence 4, Hampton 2, Jasper, Lee, Marion 7, and Orangeburg 3. (2) With any funds remaining after funding the eight trial districts, the program must be expanded to the remaining plaintiff school districts in Abbeville County School District et al vs. South Carolina and then expanded to eligible children residing in school districts with a poverty index of ninety percent or greater. Priority must be given to implementing the program first in those of the plaintiff districts which participated in the pilot program during the 2006 2007 School Year, then in the plaintiff districts having proportionally the largest population of underserved at risk four year old children. (3) With any funds remaining after funding the school districts delineated in items (1) and (2), the program must be expanded statewide. The General Assembly, in the annual general appropriations bill, shall set forth the priority schedule, the funding, and the manner in which the program is expanded. (B) Unexpended funds from the prior fiscal year for this program shall be carried forward and shall remain in the program. In rare instances, students with documented kindergarten readiness barriers, especially reading barriers, may be permitted to enroll for a second year, or at age five, at the discretion of the Department of Education for students being served by a public provider or at the discretion of the Office of South Carolina First Steps to School Readiness for students being served by a private provider. Eligibility for enrollment in program. (A) Each child residing in the program’s district, who has attained the age of four years on or before September first of the school year and meets the at risk criteria, is eligible for enrollment in the South Carolina Child Early Reading Development and Education Program for one year. (B)(1) The parent of each eligible child may enroll the child in one of the following programs: (a) a school year four year old kindergarten program delivered by an approved public provider; or (b) a school year four year old kindergarten program delivered by an approved private provider. (2) The parent enrolling a child must complete and submit an application to the approved provider of choice. The application must be submitted on forms and must be accompanied by a copy of the child’s birth certificate, immunization documentation, and documentation of the student’s eligibility as evidenced by family income documentation showing an annual family income of one hundred eighty five percent or less of the federal poverty guidelines as promulgated annually by the United States Department of Health and Human Services or a statement of Medicaid eligibility. (3) In submitting an application for enrollment, the parent agrees to comply with provider attendance policies during the school year. The attendance policy must state that the program consists of six and one half hours of instructional time daily and operates for a period of not less than one hundred eighty days a year. Pursuant to program guidelines, noncompliance with attendance policies may result in removal from the program. (C)(1) No parent is required to pay tuition or fees solely for the purpose of enrolling in or attending the program established under this chapter. Nothing in this chapter prohibits charging fees for childcare that may be provided outside the times of the instructional day provided in these programs. (2) If by October first of the school year at least seventy five percent of the total number of children eligible for the Child Early Reading Development and Education Program in a district or county are projected to be enrolled in that program, Head Start, or ABC Child Care Program as determined by the Department of Education and the Office of First Steps, Child Early Reading Development and Education Program providers may then enroll pay lunch children who score at or below the twenty fifth national percentile on two of the three DIAL 3 subscales and may receive reimbursement for these children if funds are available. Application for school providers. (A) Public school providers participating in the South Carolina Child Early Reading Development and Education Program must submit an application to the Department of Education. Private providers participating in the South Carolina Child Early Reading Development and Education Program must submit an application to the Office of First Steps. The application must be submitted on the forms prescribed, contain assurances that the provider meets all program criteria set forth in this section, and will comply with all reporting and assessment requirements. (B) Providers shall: (1) comply with all federal and state laws and constitutional provisions prohibiting discrimination on the basis of disability, race, creed, color, gender, national origin, religion, ancestry, or need for special education services; (2) comply with all state and local health and safety laws and codes; (3) comply with all state laws that apply regarding criminal background checks for employees and exclude from employment any individual not permitted by state law to work with children; (4) be accountable for meeting the educational needs of the child and report at least quarterly to the parent or guardian on his progress; (5) comply with all program, reporting, and assessment criteria required of providers; (6) maintain individual student records for each child enrolled in the program, including, but not limited to, assessment data, health data, records of teacher observations, and records of parent or guardian and teacher conferences; (7) designate whether extended day services will be offered to the parents and guardians of children participating in the program; (8) be approved, registered, or licensed by the Department of Social Services; and (9) comply with all state and federal laws and requirements specific to program providers. (C) Providers may limit student enrollment based upon space available, but, if enrollment exceeds available space, providers shall enroll children with first priority given to children with the lowest scores on an approved prekindergarten readiness assessment. Private providers must not be required to expand their programs to accommodate all children desiring enrollment, but are encouraged to keep a waiting list for students they are unable to serve because of space limitations. Providers to offer complete educational program. (A) Providers of the South Carolina Child Early Reading Development and Education Program shall offer a complete educational program in accordance with age appropriate instructional practice and a research based preschool curriculum aligned with school success. The program must focus on: (1) a comprehensive, systemic approach to reading that follows the State Reading Proficiency Plan and the district’s comprehensive annual reading proficiency plan, both adopted pursuant to Chapter 155, Title 59; (2) successfully completing the readiness assessment administered pursuant to Section 59 155 150; (3) the developmental and learning support that children must have in order to be ready for school; (4) incorporating parenting education, including educating the parents as to methods that may assist the child pursuant to Section 59 155 110, 59 155 130, and 59 155 140, including strengthening parent involvement in the learning process with an emphasis on interactive literacy; and (5) identifying community and civic organizations that can support early literacy efforts. (B) Providers shall offer high quality, center based programs, including, but not limited to, the following: (1) employ a lead teacher with a two year degree in early childhood education or related field or be granted a waiver of this requirement from the Department of Education for public schools or from the Office of First Steps to School Readiness for private centers; (2) employ an education assistant with pre service or in service training in early childhood education; (3) maintain classrooms with at least ten four year old children, but no more than twenty four year old children, with an adult to child ratio of 1:10. With classrooms having a minimum of ten children, the 1:10 ratio must be a lead teacher to child ratio. Waivers of the minimum class size requirement may be granted by the South Carolina Department of Education for public providers or by the Office of First Steps to School Readiness for private providers on a case by case basis; (4) offer a full day, center based program with six and one half hours of instruction daily for one hundred eighty school days; (5) provide an approved research based preschool curriculum that focuses on critical child development skills, especially early literacy, numeracy, and social and emotional development; (6) engage parents’ participation in their child’s educational experience that shall include a minimum of two documented conferences for each year; and (7) adhere to professional development requirements outlined in this chapter. Classroom requirements; lead teacher; education assistants. (A) Every classroom providing services to four year old children established pursuant to this chapter must have a qualified lead teacher and an education assistant as needed to maintain an adult to child ratio of 1:10. (B)(1) In classrooms in private centers, the lead teacher must have at least a two year degree in early childhood education or a related field and who is enrolled and is demonstrating progress toward the completion of a teacher education program within four years. (2) In classrooms in public schools, the lead teacher must meet state requirements pertaining to certification. (C) All education assistants in private centers and public schools must have the minimum of a high school diploma or the equivalent, and at least two years of experience working with children under five years old. The assistant must have completed the Early Childhood Development Credential (ECD) 101 or enroll and complete this course within twelve months of hire. Providers may request waivers to the ECD 101 requirement for those assistants who have demonstrated sufficient experience in teaching children five years old and younger. The providers must request this waiver in writing to First Steps or the Department of Education, as applicable, and provide appropriate documentation as to the qualifications of the teaching assistant. Professional development. The General Assembly recognizes there is a strong relationship between the skills and preparation of prekindergarten instructors and the educational outcomes of students. To improve these educational outcomes, participating providers shall require all personnel providing instruction and classroom support to students participating in the South Carolina Child Early Reading Development and Education Program to participate annually in a minimum of fifteen hours of professional development, including, teaching children from poverty. Professional development should provide instruction in strategies and techniques to address the age appropriate progress of prekindergarten students in developing emergent literacy skills, including, but not limited to, oral communication, knowledge of print and letters, phonemic and phonological awareness, and vocabulary and comprehension development. Eligibility for transportation funds. Both public and private providers are eligible for transportation funds for the transportation of children to and from school. Nothing in this section prohibits providers from contracting with another entity to provide transportation services provided the entities adhere to the requirements of Section 56 5 195. Providers must not be responsible for transporting students attending programs outside the district lines. Parents choosing program providers located outside of their resident district shall be responsible for transportation. When transporting four year old child development students, providers shall make every effort to transport them with students of similar ages attending the same school. Of the amount appropriated for the program, not more than one hundred eighty five dollars for each student may be retained by the Department of Education for the purposes of transporting four year old students. This amount annually must be increased by the same projected rate of inflation as determined by the Office of Research and Statistics of the Revenue and Fiscal Affairs Office for the Education Finance Act. Legislative findings. (A) The General Assembly finds that: (1) through the use of technology, South Carolina can create educational opportunities for the students of this State that may not exist without such technology; and (2) using technology to deliver instruction can provide effective alternatives for credit recovery, meeting graduation requirements, resolving scheduling conflicts, delivering curriculum content when there is a shortage of certified personnel, providing a more flexible and individualized instructional pace, and offering low incidence courses. (B) It is the purpose of the General Assembly, in this chapter to establish the South Carolina Virtual School Program to ensure consistent high quality education for the students of South Carolina utilizing technology delivered courses. Conversion to charter school; employees; occupancy; sponsors; unlawful reprisals. (A)(1) Subject to item (2), an existing public school may be converted into a charter school if two thirds of the faculty and instructional staff employed at the school and two thirds of all voting parents or legal guardians of students enrolled in the school agree to the filing of an application with the local school board of trustees for the conversion and formation of that school into a charter school. Parents or legal guardians of students enrolled in the school must be given the opportunity to vote on the conversion. Parents or guardians of a student shall have one vote for each student enrolled in the school seeking conversion. The application must be submitted pursuant to Section 59 40 70(A)(5) by the principal of that school or his designee who must be considered the applicant. The application must include all information required of other applications pursuant to this chapter. The local school board of trustees shall approve or disapprove this application in the same manner it approves or disapproves other applications. The existence of another charter granting authority must not be grounds for disapproving a school desiring to convert to a charter school. (2)(a) In addition to the vote requirements required in item (1), if a proposed conversion school has outstanding general obligation bond debt owed on it and that debt is resulting from an ordinance originally authorizing the bonds, and the original authorization was no more than ten years prior to the proposed conversion, and the bonds were specifically issued for the construction or improvement of the proposed conversion school, the school may be converted into a charter school only upon a majority vote of the local school board of trustees. (b) In addition to the vote requirements required in item (1), if a proposed conversion school has outstanding general obligation bond debt owed on it and that debt is resulting from a referendum originally authorizing the bonds, and the original authorization was no more than ten years prior to the proposed conversion, and the bonds were specifically issued for the construction or improvement of the proposed conversion school, the school may be converted into a charter school only upon a two thirds vote of the local school board of trustees. (B) A converted charter school shall offer at least the same grades, or nongraded education appropriate for the same ages and education levels of pupils, as offered by the school immediately before conversion, and also may provide additional grades and further educational offerings. (C) All students enrolled in the school at the time of conversion must be given priority enrollment. Thereafter, students who reside within the former attendance area of that public school must be given enrollment priority. (D) All employees of a converted school shall remain employees of the local school district, the South Carolina Public Charter School District, or the public or independent institution of higher learning sponsor with the same compensation and benefits including any future increases. The converted charter school quarterly shall reimburse the local school district, the South Carolina Public Charter School District, or the public or independent institution of higher learning sponsor for the compensation and employer contribution benefits paid to or on behalf of these employees and also provide to the sponsor any reports, forms, or data necessary for maintaining retirement coverage and providing South Carolina Retirement Systems benefits to converted school employees. The provisions of Article 5, Chapter 25, Title 59 apply to the employment and dismissal of teachers at a converted school. (E) For the duration of a converted charter school’s contract with a sponsor, a converted charter school shall have the right to retain occupancy and use of the school’s facility or facilities and all equipment, furniture, and supplies that were available to the school before it converted, in the same manner as before the school converted, with no additional fees or charges. (F) The South Carolina Public Charter School District or a public or independent institution of higher learning may not sponsor a public school to convert to a charter school. However, the South Carolina Public Charter School District or a public or independent institution of higher learning may sponsor a converted charter school renewal if the charter school has not committed a material violation of the provisions specified in subsection (C) of Section 59 40 110 and the local school district board of trustees refuses to renew the charter. In such cases, the charter school shall continue to receive local funding pursuant to Section 59 40 140(A). The employee on leave from a local school district employed by a charter school shall accrue benefits and credits in the South Carolina Retirement Systems. The charter school shall remit to the Retirement Systems the employer contributions required by law for participating employers. The employee shall make the employee contributions to the Retirement Systems required by law and the contributions must be picked up in accordance with Section 9 1 1020. The South Carolina Retirement Systems may impose reasonable requirements to administer this section. (C) The provisions of this section do not apply to teachers and other employees of a converted school whose employment relation is governed by Section 59 40 100. Funds; services; reports. (A) A local school board of trustees sponsor shall distribute state, county, and school district funds to a charter school as determined by the following formula: the previous year's audited total general fund revenues, divided by the previous year's weighted students, then increased by the Education Finance Act inflation factor, pursuant to Section 59 20 40, for the years following the audited expenditures, then multiplied by the weighted students enrolled in the charter school, which will be subject to adjustment for student attendance and state budget allocations based on the same criteria as the local school district. These amounts must be verified by the State Department of Education before the first disbursement of funds. All state and local funding must be distributed by the local school district to the charter school monthly beginning July first following approval of the charter school application and must continue to be disbursed to the charter school for the duration of its charter and for the duration of any subsequent renewals. After verification of student attendance on the fifth day of school at the beginning of each school year, the State Department of Education shall distribute funds to school districts with charter schools: (i) having approved incremental growth and expansion as provided in their charter application; or (ii) for opening of new charter schools in the current fiscal year. These funds must be released to districts on behalf of their charter schools no later than fifteen days after receipt of verified enrollment. Districts shall provide this funding to eligible charters no later than thirty days after receipt from the Department of Education. Necessary adjustments due to enrollment changes must be made pursuant to the Education Finance Act. (B) The South Carolina Public Charter School District or public or independent institution of higher learning sponsor shall receive and distribute state funds to the charter school as provided by the General Assembly. (C) During the year of the charter school's operation, as received, and to the extent allowed by federal law, a sponsor shall distribute to the charter school federal funds which are allocated to the sponsor on the basis of the number of special characteristics of the students attending the charter school. These amounts must be verified by the State Department of Education before the first disbursement of funds. (D) Notwithstanding subsection (C), the proportionate share of state and federal resources generated by students or staff serving them must be directed to the sponsor. After receipt of federal or state categorical aid funds, sponsors shall, within ten business days, supply to the charter school the proportional share of each categorical fund for which the charter school qualifies. If the sponsor fails to do so, the Department of Education may fine the sponsor an amount equivalent to the withheld amounts. Fines imposed must be remitted to the charter school from which the amounts were withheld. (E) All services centrally or otherwise provided by the sponsor including, but not limited to, food services, custodial services, maintenance, curriculum, media services, libraries, and warehousing are subject to negotiation between a charter school and the sponsor and must be outlined in the contract required pursuant to Section 59 40 70(F), except as otherwise provided or required by law. (F) All awards, grants, or gifts collected by a charter school must be retained by the charter school. (G) The governing body of a charter school is authorized to accept gifts, donations, or grants of any kind made to the charter school and to expend or use the gifts, donations, or grants in accordance with the conditions prescribed by the donor. A gift or donation must not be required for admission. However, a gift, donation, or grant must not be accepted by the governing board if subject to a condition contrary to law or contrary to the terms of the contract between the charter school and the governing body. All gifts, donations, or grants must be reported to the sponsor in their annual audit report as required in Section 59 40 50(B)(3). Students attending charter schools outside district of residence. A child who resides in a school district other than the one where a charter school is located may attend a charter school outside his district of residence; however, the receiving charter school shall have authority to grant or deny permission for the student to attend pursuant to Sections 59 40 40(2)(b) and 59 40 50(B)(7) and (8) according to the terms of the charter after in district children have been given priority in enrollment. However, the out of district enrollment shall not exceed twenty percent of the total enrollment of the charter school without the approval of the sponsoring district board of trustees. The district sending children to the charter school under the terms of this section must be notified immediately of the transferring students. Out of district students must be considered based on the order in which their applications are received. If the twenty percent out of district enrollment is from one school district, then the sending district must concur with any additional students transferring from that district to attend the charter school. The charter school to which the child is transferring shall be eligible for state and federal funding according to the formula defined in Section 59 40 140(A), (B), and (C), as applicable. However, this section does not apply to a charter school sponsored by the South Carolina Public Charter School District Board of Trustees. Annual listing of buildings suitable for charter school use. The Department of Education shall make available, upon request, a list of vacant and unused buildings and vacant and unused portions of buildings that are owned by school districts in this State and that may be suitable for the operation of a charter school. The department shall make the list available to applicants for charter schools and to existing charter schools. The list must include the address of each building, a short description of the building, and the name of the owner of the building. Nothing in this section requires the owner of a building on the list to sell or lease the building or a portion of the building to a charter school or to any other school or to any other prospective buyer or tenant. However, if a school district declares a building surplus and chooses to sell or lease the building, a charter school's board of directors or a charter committee operating or applying within the district must be given the first refusal to purchase or lease the building under the same or better terms and conditions as it would be offered to the public. Facility revolving loan program. There is created in the state treasury the Charter School Facility Revolving Loan Program. This loan program is comprised of federal funds obtained by the state for charter school facilities, other funds appropriated or transferred to the fund by the state, and privately donated funds. Funds deposited to the Charter School Facility Revolving Loan Program must remain available for the purposes of the program until appropriated or reverted by the General Assembly. The State Treasurer may approve loans from monies in the Charter School Revolving Loan Program to a charter school, upon application by the charter school. Money loaned to a charter school pursuant to this section must be used for construction, purchase, renovation, and maintenance of public charter school facilities. The State Treasurer shall establish guidelines and procedures for application, approval, allocation, and repayment regarding loans from these monies. South Carolina Public Charter School District. (A) The South Carolina Public Charter School District is created as a public body. The South Carolina Public Charter School District must be considered a local education agency and is eligible to receive state and federal funds and grants available for public charter schools and other schools to the same degree as other local education agencies. The South Carolina Public Charter School District may not have a local tax base and may not receive local property taxes. This prohibition does not extend to local funds received by the district on behalf of sponsored charter schools pursuant to Section 59 40 140(B). (B) The geographical boundaries of the South Carolina Public Charter School District are the same as the boundaries of the State of South Carolina. Board of trustees; membership; powers and duties. (A) The South Carolina Public Charter School District must be governed by a board of trustees consisting of not more than nine members: (1) two appointed by the Governor; (2) one appointed by the Speaker of the House of Representatives; (3) one appointed by the President Pro Tempore of the Senate; and (4) five to be appointed by the Governor upon the recommendation of the: (a) South Carolina Association of School Administrators; (b) South Carolina Chamber of Commerce; (c) South Carolina Education Oversight Committee; (d) South Carolina School Boards Association; and (e) South Carolina Alliance of Black Educators. The seven members appointed by the Governor pursuant to this subsection are subject to advice and consent of the Senate. Membership of the committee must reflect representatives from each of the entities in item (4) or their designee as reflected in their recommendation. Each member of the board of trustees shall serve terms of three years, except that, for the initial members, two appointed by the Governor, one by the Speaker of the House, and one by the President Pro Tempore of the Senate, shall serve terms of one year and three appointed by the Governor shall serve terms of two years. A member of the board may be removed after appointment pursuant to Section 1 3 240. In making appointments, every effort must be made to ensure that all geographic areas of the State are represented and that the membership reflects urban and rural areas of the State as well as the ethnic diversity of the State. (B) The South Carolina Public Charter School District Board of Trustees has the same powers, rights, and responsibilities with respect to charter schools as other school district boards of trustees of this State including, but not limited to, sponsoring charter schools and applying for federal charter school grants, except that the South Carolina Public Charter School District Board of Trustees may not offer application for a charter school, issue bonds, or levy taxes. (C) The South Carolina Public Charter School District Board of Trustees annually shall elect a chairman and other officers, as it considers necessary from among its membership. (D) Members of the South Carolina Public Charter School District Board of Trustees are not eligible to receive compensation but are eligible for per diem, mileage, and subsistence as provided by law for members of state boards, committees, and commissions. (E) The South Carolina Public Charter School District Board of Trustees shall: (1) exercise general supervision over public charter schools sponsored by the district; (2) grant charter status to qualifying applicants for public charter schools pursuant to this chapter; (3) adopt and use an official seal in the authentication of its acts; (4) keep a record of its proceedings; (F) adopt a seal of government. Intent of General Assembly. (A) In authorizing charter schools, it is the intent of the General Assembly to create a legitimate avenue for parents, teachers, and community members to take responsible risks and create new, innovative, and more flexible ways of educating all children within the public school system. The General Assembly seeks to create an atmosphere in South Carolina’s public school systems where research and development in producing different learning opportunities are actively pursued and where classroom teachers are given the flexibility to innovate and the responsibility to be accountable. As such, the provisions of this chapter should be interpreted liberally to support the findings and goals of this chapter and to advance a renewed commitment by the State of South Carolina to the mission, goals, and diversity of public education. (B) It is the intent of the General Assembly that creation of this chapter encourages cultural diversity, educational improvement, and academic excellence. Further, it is not the intent of the General Assembly to create a segregated school system but to continue to promote educational improvement and excellence in South Carolina. Definitions. As used in this chapter: (1) A “charter school” means a public, nonreligious, nonhome based, nonprofit corporation forming a school that operates by sponsorship of a public school district, the South Carolina Public Charter School District, or a public or independent institution of higher learning, but is accountable to the board of trustees, or in the case of technical colleges, the area commission, of the sponsor which grants its charter. Nothing in this chapter prohibits charter schools from offering virtual services pursuant to state law and subsequent regulations defining virtual schools. (2) A charter school: (a) is, for purposes of state law and the state constitution, considered a public school and part of the South Carolina Public Charter School District, the local school district in which it is located, or is sponsored by a public or independent institution of higher learning; (b) is subject to all federal and state laws and constitutional provisions prohibiting discrimination on the basis of disability, race, creed, color, gender, national origin, religion, ancestry, or need for special education services; however, an applicant may seek to form a single gender charter school without regard to the gender makeup of that proposed charter school; (c) must be administered and governed by a governing body in a manner agreed to by the charter school applicant and the sponsor, the governing body to be selected as provided in Section 59 40 50(B)(9); (d) may not charge tuition or other charges pursuant to Section 59 19 90(8) except as may be allowed by the sponsor and is comparable to the charges of the local school district in which the charter school is located; (e) is subject to the same fixed asset inventory requirements as are traditional public schools. (3) “Applicant” means the person who or nonprofit corporate entity that desires to form a charter school and files the necessary application with the South Carolina Public Charter School District Board of Trustees, the local school board of trustees in which the charter school is to be located, or the board of trustees or area commission of a public or independent institution of higher learning. The applicant also must be the person who or the nonprofit corporate entity that applies to the Secretary of State to organize the charter school as a nonprofit corporation. (4) “Sponsor” means the South Carolina Public Charter School District Board of Trustees, the local school board of trustees in which the charter school is to be located, as provided by law, a public institution of higher learning as defined in Section 59 103 5, or an independent institution of higher learning as defined in Section 59 113 50, from which the charter school applicant requested its charter and which granted approval for the charter school’s existence. Only those public or independent institutions of higher learning, as defined in this subsection, who register with the South Carolina Department of Education may serve as charter school sponsors, and the department shall maintain a directory of those institutions. The sponsor of a charter school is the charter school’s Local Education Agency (LEA) and a charter school is a school within that LEA. The sponsor retains responsibility for special education and shall ensure that students enrolled in its charter schools are served in a manner consistent with LEA obligations under applicable federal, state, and local law. (5) “Certified teacher” means a person currently certified by the State of South Carolina to teach in a public elementary or secondary school or who currently meets the qualifications outlined in Sections 59 27 10 and 59 25 115. (6) “Student” means a person who is currently enrolled in a public elementary or secondary school or who is currently enrolled in a public or independent institution of higher learning. <p>Exemption; powers and duties; admission to charter school.</p> <p>(A) Except as otherwise provided in this chapter, a charter school is exempt from all provisions of law and regulations applicable to a public school, a school board, or a district, although a charter school may elect to comply with one or more of these provisions of law or regulations.</p> <p>(B) A charter school must:</p> <p>(1) adhere to the same health, safety, civil rights, and disability rights requirements as are applied to public schools operating in the same school district or, in the case of the South Carolina Public Charter School District or a public or independent institution of higher learning sponsor, the local school district in which the charter school is located;</p> <p>(2) meet, but may exceed, the same minimum student attendance requirements as are applied to public schools;</p> <p>(3) adhere to the same financial audits, audit procedures, and audit requirements as are applied to public schools;</p> <p>(4) be considered a school district for purposes of tort liability under South Carolina law, except that the tort immunity does not include acts of intentional or wilful racial discrimination by the governing body or employees of the charter school. Employees of charter schools must be relieved of personal liability for any tort or contract related to their school to the same extent that employees of traditional public schools in their school district or, in the case of the South Carolina Public Charter School District or a public or independent institution of higher learning sponsor, the local school district in which the charter school is located are relieved;</p> <p>(5) in its discretion hire noncertified teachers in a ratio of up to twenty five percent of its entire teacher staff; however, if it is a converted charter school, it shall hire in its discretion noncertified teachers in a ratio of up to ten percent of its entire teacher staff. However, in either a new or converted charter school, a teacher teaching in the core academic areas as defined by the federal No Child Left Behind law must be certified in those areas or possess a baccalaureate or graduate degree in the subject he or she is hired to teach. Part time noncertified teachers are considered pro rata in calculating this percentage based on the hours which they are expected to teach;</p> <p>(6) hire or contract for, in its discretion, administrative staff to oversee the daily operation of the school. At least one of the administrative staff must be certified or experienced in the field of school administration;</p> <p>(7) admit all children eligible to attend public school to a charter school, subject to space limitations, except in the case of an application to create a single gender charter school. However, it is required that the racial composition of the charter school enrollment reflect that of the local school district in which the charter school is located or that of the targeted student population of the local school district that the charter school proposes to serve, to be defined for the purposes of this chapter as differing by no more than twenty percent from that population. This requirement is also subject to the provisions of Section 59 40 70(D). If the number of applications exceeds the capacity of a program, class, grade level, or building, students must be accepted by lot, and there is no appeal to the sponsor;</p> <p>(8) not limit or deny admission or show preference in admission decisions to any individual or group of individuals, except in the case of an application to create a single gender charter school, in which case gender may be the only reason to show preference or deny admission to the school; a charter school may give enrollment priority to a sibling of a pupil currently enrolled and attending, or who, within the last six years, attended the school for at least one complete academic year. A public charter school shall give enrollment preference to students enrolled in the public charter school the previous school year. An enrollment preference for returning students excludes those students from entering into a lottery. A charter school also may give priority to children of a charter school employee and children of the charter committee, if priority enrollment for children of employees and of the charter committee does not result in the enrollment of the child of a charter school employee or child of a charter committee being placed in a school district in which the child is not currently enrolled.</p>	Requires a service	Section 59 40 50	State	Statute	
<p>Sponsor powers; retention of funds.</p> <p>(A) In order to promote the quality of charter school outcomes and oversight, the charter school sponsor shall adopt national industry standards of quality charter schools and shall authorize and implement practices consistent with those standards.</p> <p>(B) A charter school sponsor shall:</p> <p>(1) approve charter applications that meet the requirements specified in Sections 59 40 50 and 59 40 60;</p> <p>(2) decline to approve charter applications according to Section 59 40 70(C);</p> <p>(3) negotiate and execute sound charter contracts with each approved charter school;</p> <p>(4) monitor, in accordance with charter contract terms, the performance and legal/fiscal compliance of charter schools to include collecting and analyzing data to support ongoing evaluation according to the charter contract;</p> <p>(5) conduct or require oversight activities that enable the sponsor to fulfill its responsibilities outlined in this chapter, including conducting appropriate inquiries and investigations, only if those activities are consistent with the intent of this chapter, adhere to the terms of the charter contact, and do not unduly inhibit the autonomy granted to public charter schools;</p> <p>(6) collect, in accordance with Section 59 40 140(H), an annual report from each of its sponsored charter schools and submit the reports to the Department of Education;</p> <p>(7) notify the charter school of perceived problems if its performance or legal compliance appears to be unsatisfactory and provide reasonable opportunity for the school to remedy the problem, unless the problem warrants revocation and revocation timeframes apply;</p> <p>(8) take appropriate corrective actions or exercise sanctions short of revocation in response to apparent deficiencies in charter school performance or legal compliance. These actions or sanctions may include requiring a school to develop and execute a corrective action plan within a specified timeframe;</p> <p>(9) determine whether each charter contract merits renewal, nonrenewal, or revocation;</p> <p>(10) provide to parents and the general public information about charter schools authorized by the sponsor as an enrollment option within the district in which the charter school is located to the same extent and through the same means as the district in which the charter school is located provides and publicizes information about all public schools in the district. A charter school shall notify its sponsor of its enrollment procedures and dates of its enrollment period no less than sixty days before the first day of its enrollment period; and</p> <p>(11) permanently close any charter school at the conclusion of the school year after receiving the lowest performance level rating as defined by the federal accountability system for three consecutive years in accordance with Section 59 40 110(E).</p> <p>(C) The South Carolina Public Charter School District may retain no more than two percent of the total state appropriations for each charter school it authorizes to cover the costs for overseeing its charter schools. The sponsor's administrative fee does not include costs incurred in delivering services that a charter school may purchase at its discretion from the sponsor. Charter application; revision; formation of charter school; charter committee; application requirements. (A) An approved charter application constitutes an agreement between the charter school and the sponsor. (B) A contract between the charter school and the sponsor must be executed and must reflect all provisions outlined in the application as well as the roles, powers, responsibilities, and performance expectations for each party to the contract. A contract must include the proposed enrollment procedures and dates of the enrollment period of the charter school. All agreements regarding the release of the charter school from school district policies must be contained in the contract. The Department of Education shall develop a contract template to be used by charter schools and the sponsor. The template must serve as a foundation for the development of a contract between the charter school and the sponsor. (C) A material revision of the terms of the contract between the charter school and the sponsor may be made only with the approval of both parties. (D) Except as provided in subsection (F), an applicant who wishes to form a charter school shall: (1) organize the charter school as a nonprofit corporation pursuant to the laws of this State; (2) form a charter committee for the charter school which includes one or more teachers; and (3) submit a letter of intent and a written charter school application to the board of trustees or area commission from which the committee is seeking sponsorship. (E) A charter committee is responsible for and has the power to: (1) submit a letter of intent and an application to operate as a charter school, sign a charter school contract, and ensure compliance with all of the requirements for charter schools provided by law; (2) employ and contract with teachers and nonteaching employees, contract for services, and develop pay scales, performance criteria, and discharge policies for its employees. All teachers whether certified or noncertified must undergo the background checks and other investigations required for certified teachers, as provided by law, before they may teach in the charter school; and (3) decide all other matters related to the operation of the charter school, including budgeting, curriculum, and operating procedures. (F) The charter school application, based on an application template with compliance guidelines developed by the State Department of Education, must include: (1) an executive summary, not to exceed two pages; (2) the mission statement of the charter school, which must be consistent with the principles of the General Assembly’s purposes pursuant to Section 59 40 20; (3) the goals, objectives, and academic performance standards to be achieved by the charter school, and a description of the charter school’s admission policies and procedures; (4) evidence that an adequate number of parents or legal guardians with students eligible to attend the proposed school pursuant to Section 59 40 50 support the formation of a charter school and justify the projected per pupil allocation in the application budget; (5) a description of the charter school’s educational program, including how it will meet or exceed the academic performance standards and expectations, including academic standards adopted by the State Board of Education and how the instructional design, learning environment, class size and structure, curriculum, and teaching methods enable each pupil to achieve these standards; (6) a description of the charter school’s plan for evaluating pupil achievement and progress toward accomplishment of the school’s achievement standards in addition to state standards to the timeline for meeting these standards and the process for determining if the pupil achievement falls below the standards	Requires a service	Section 59 40 60	State	Statute	Produce contract template to be used by charter school and sponsor
Online or computer instruction; requirements; enrollment in South Carolina Virtual School Program. (A) If the governing body of a charter school offers as part of its curriculum a program of online or computer instruction, this information shall be included in the application and the governing body shall be required to: (1) provide each student enrolled in the program with a course or courses of online or computer instruction approved by the charter school’s sponsor that must meet or exceed the South Carolina content and grade specific standards. Students enrolled in the program of online or computer instruction must receive all instructional materials required for the student’s program; (2) ensure that the persons who operate the program on a day to day basis comply with and carry out all applicable requirements, statutes, regulations, rules, and policies of the charter school; (3) ensure that each course offered through the program is taught by a teacher meeting the requirements of Section 59 40 50; (4) ensure that a parent or legal guardian of each student verifies the number of hours of educational activities completed by the student each school year; (5) adopt a plan by which it will provide: (a) frequent, ongoing monitoring to ensure and verify that each student is participating in the program, including proctored assessment(s) per semester in core subjects graded or evaluated by the teacher, and at least bi weekly parent teacher conferences in person or by telephone; (b) regular instructional opportunities in real time that are directly related to the school’s curricular objectives, including, but not limited to, meetings with teachers and educational field trips and outings; (c) verification of ongoing student attendance in the program; (d) verification of ongoing student progress and performance in each course as documented by ongoing assessments and examples of student coursework; (6) administer to all students in a proctored setting all applicable assessments as required by the South Carolina Education Accountability Act. (B) Nothing in this section shall prohibit a charter school that provides a program of online or computer instruction from reimbursing families of enrolled students for costs associated with their Internet connection for use in the program. (C) A charter school shall provide no more than seventy five percent of a student’s core academic instruction in kindergarten through twelfth grade via an online or computer instruction program. The twenty five percent of the student’s core academic instruction may be met through the regular instructional opportunities outlined in subitem (A)(5)(b). (D) Charter school students may enroll in the Department of Education’s virtual education program pursuant to program requirements. (E) Private or homeschool students choosing to take courses from a virtual charter school may not be provided instructional materials, or any other materials associated with receiving instruction through a program of online or computer instruction at the state’s expense. (F) Only students enrolled in the charter school as a full time student shall be reported in the charter school’s average daily membership to the State Department of Education for the purposes of receiving state or federal funds. Private and homeschool students may not be included in the student weighted pupil units or average daily membership reported to the State Department of Education for the purposes of receiving state or federal funds. Application requirements; hearing; appeal. (A)(1) An applicant shall submit a letter of intent at least ninety days before submitting an application to the board of trustees or area commission from which it is seeking sponsorship and a copy to the South Carolina Department of Education. (2) An applicant shall submit the application to the board of trustees or area commission from which it is seeking sponsorship and one copy to the South Carolina Department of Education. In the case of the South Carolina Public Charter School District or a public or independent institution of higher learning sponsor, the applicant shall provide notice of the application to the local school board of trustees in which the charter school will be located for informational purposes only. The school district or the public or independent institution of higher learning from which the applicant is seeking sponsorship may request clarifying information from the applicant. The State Department of Education shall provide guidance on compliance to both sponsors and applicants. (3) The applicant shall notify the local delegation of a county in which a proposed charter school is to be located upon submission of a charter school application and also shall provide a copy of the charter school application upon request by a member of the local delegation. (B) The board of trustees or area commission from which the applicant is seeking sponsorship shall rule on the application for a charter school in a public hearing, upon reasonable public notice, within ninety days after receiving the application. If there is no ruling within ninety days, the application is considered approved. Once the application has been approved by the board of trustees or area commission, the charter school may open at the beginning of the following year. However, before a charter school may open, the State Department of Education shall verify the accuracy of the financial data for the school within forty five days after approval. (C) A board of trustees or area commission shall deny an application only if the application does not meet the requirements specified in Section 59 40 50 or 59 40 60, fails to meet the spirit and intent of this chapter, or adversely affects, as defined in regulation, the other students in the district in which the charter school is to be located, or if, based on the totality of information provided by the applicant, the board of trustees or area commission determines that the applicant has failed to demonstrate a substantial likelihood that it has the capacity to establish a viable school based on national industry standards of quality charter school authorization. It shall provide, within ten days, a written explanation of the reasons for denial, citing specific standards related to provisions of Section 59 40 50 or 59 40 60 that the application violates. This written explanation immediately must be sent to the charter committee and filed with the State Board of Education. (D) In the event that the racial composition of an applicant's or charter school's enrollment differs from the enrollment of the local school district in which the charter school is to be located or the targeted student population of the local school district by more than twenty percent, despite its best efforts, the board of trustees or area commission from which the applicant is seeking sponsorship shall consider the applicant's or the charter school's recruitment efforts and racial composition of the applicant pool in determining whether the applicant or charter school is operating in a nondiscriminatory manner. A finding by the board of trustees or area commission that the applicant or charter school is operating in a racially discriminatory manner justifies the denial of a charter school application or the revocation of a charter as provided in this section or in Section 59 40 110, as may be applicable. A finding by the board of trustees or area commission that the applicant is not operating in a racially discriminatory manner justifies approval of the charter without regard to the racial percentage requirement if the application is acceptable in all other aspects. (E) If the board of trustees or area commission from which the applicant is seeking sponsorship denies a charter school application, the charter applicant may appeal the denial to the Administrative Law Court pursuant to Section 59 40 90. Removal of sponsor or member of district or governing board; prosecution. (A) A member of the South Carolina Public Charter School District or of the governing board or sponsor of the charter school who is indicted in any court for any crime, or has waived the indictment if permitted by law, may be suspended by the Governor, who shall appoint another in his stead until he is acquitted. In case of conviction, the office must be declared vacant by the Governor and the vacancy filled as provided by law. (B) A member of the South Carolina Public Charter School District or of the governing board of the charter school who is guilty of malfeasance, misfeasance, incompetency, absenteeism, conflicts of interest, misconduct, persistent neglect of duty in office, or incapacity may be removed from office by the Governor. Before removing the officer, the Governor shall inform him in writing of the specific charges brought against him and give him an opportunity on reasonable notice to be heard. (C) Whenever it appears to the satisfaction of the Governor that probable cause exists to charge a member of the South Carolina Public Charter School District or of the governing board of the charter school who has the custody of public or trust funds with embezzlement or the appropriation of public or trust funds to private use, then the Governor shall direct his immediate prosecution by the proper officer. Definitions. The following words and phrases as used in this chapter shall, unless a different meaning is plainly required by the context, have the following meanings: (a) "School child" shall mean any person between the ages of six and twenty whose domicile is with his or her parent within the State and who is otherwise qualified to attend the public schools of any school district in which he or she resides. (b) "Parent" shall mean the natural or adoptive parent or the guardian having legal custody of a child eligible and entitled to receive a scholarship grant under this chapter who is actually paying or who will pay the tuition cost of attendance of such child at a school which qualifies such child to receive a grant under the terms of this chapter. (c) "Private school" shall mean a private or independent elementary or high school which is not operated or controlled by any church, synagogue, sect or other religious organization or institution. Grants payable from appropriations. The State scholarship grants provided for in Section 59 41 20 shall be payable from funds appropriated by the General Assembly for the payment thereof.	Not related to agency deliverable	Section 59 41 30	State	Statute	
School districts shall provide supplements to grants; levy of taxes. It shall be a prerequisite to the grant above permitted that the local school district in which the school child resides make available a grant of local funds to such school child and to that end the trustees of each school district within the State are hereby authorized to appropriate funds in addition to the State scholarship grants provided for in Section 59 41 20 in such amount that is equal to the per pupil cost to the school district exclusive of all State funds received for such purposes. The trustees of each school district are authorized to levy taxes where the school district has the power to tax, to raise funds for the payment of such local supplements to the State scholarship grants. The State Board of Education shall render such assistance to the trustees as may be necessary to determine annual per pupil expenditures of the school district for the purpose of fixing the amount of any supplement to be paid under this section. Powers of State Board of Education. (A) The State Board of Education may: (1) make and enforce regulations for the organization, conduct, and supervision of adult basic and adult secondary (GED, alternate testing, and high school diploma) education; (2) determine the qualifications of teachers and issue teaching certificates for teaching adult basic and adult secondary (GED, alternate testing, and high school diploma) education classes; (3) determine the tuition which may be required of persons attending adult basic and adult secondary (GED, alternate testing, and high school diploma) education classes; (4) determine the subjects which may be taught in adult basic and adult secondary (GED, alternate testing, and high school diploma) education classes. (B) The State Board of Education is also responsible for the administration, coordination, and management of adult basic and adult secondary (GED, alternate testing, and high school diploma) education for the purpose of facilitating and coordinating adult basic and adult secondary (GED, alternate testing, and high school diploma) education programs for South Carolina adults whose level of educational attainment is below high school, as prescribed by state and federal laws and regulations. The State Board of Education and the local school districts are responsible for effective coordination and utilization of literacy councils, the technical education system, the educational television network, nonprofit groups, business and industry representatives, and other state and local agencies and private persons interested in adult basic and adult secondary (GED, alternate testing, and high school diploma) education programs to deliver programs to the state's undereducated adult population. (C) Any funds distributed by the State Board of Education for local literacy councils or programs must be made available to those councils or programs either in kind or in money. In accordance with the Interstate Compact on Educational Opportunity for Military Children, there is created the South Carolina Council on the Interstate Compact on Educational Opportunity for Military Children, referred to in this section as “council”. (A) The council consists of the following eleven members: (1) the Governor or his designee; (2) one member appointed by the Governor to represent military installations in the State; (3) two members of the House of Representatives appointed by the Speaker of the House; (4) two members of the Senate appointed by the President Pro Tempore of the Senate; (5) two members appointed by the State Superintendent of Education, to include a superintendent of a school district with a high concentration of military families and a member of a military family with experience in the educational challenges that military children face; (6) the State Board of Education chair and chair elect; and (7) the State Superintendent of Education or his designee, who shall serve as chair. (B) Appointments must be made no later than September 1, 2010, at which time the chair shall call the first meeting. Elected members serve terms coterminous with their terms of office. Citizen members serve at the pleasure of the individual making the appointment. All members may be reappointed. Appointments to fill vacancies, other than by expiration of a term, must be made for the unexpired terms. Vacancies must be filled in the same manner as the original appointments. (C) The council shall meet on the call of the chairman and, at a minimum, shall meet annually. A majority of members constitutes a quorum. The council may consider any matters related to the Interstate Compact on Educational Opportunity for Military Children or the general activities and business of the organization and has the authority to represent the State in all actions of the compact. (D) The State Superintendent of Education, in coordination with the council, shall appoint or designate a military family education liaison as provided by Article VIII of the Interstate Compact on Educational Opportunity for Military Children. (E) The council members serve without compensation. All members must be reimbursed for all reasonable and necessary expenses incurred in the performance of their duties. The costs of expenses of the legislative members incurred in the performance of their duties must be paid from appropriations to the representative body. The costs of expenses of nonlegislative citizen members incurred in the performance of their duties must be paid from funds as provided for this purpose in the annual appropriations act. (F) The chairman of the council shall submit electronically to the Governor and the General Assembly an executive summary of the interim activity and work of the council no later than the first day of regular session of the General Assembly following the first full year of the council’s creation. Thereafter an executive summary must be electronically submitted biennially to the Clerk of the House of Representatives and the Clerk of the Senate and must be posted on the General Assembly’s website. Interstate Compact on Educational Opportunity for Military Children. The Interstate Compact on Educational Opportunity for Military Children is enacted into law and entered into with all other jurisdictions legally joining in the compact in the form substantially as follows: INTERSTATE COMPACT ON EDUCATIONAL OPPORTUNITY FOR MILITARY CHILDREN ARTICLE I PURPOSE It is the purpose of this compact to remove barriers to educational success imposed on children of military families because of frequent moves and deployment of their parents by: A. Facilitating the timely enrollment of children of military families and ensuring that they are not placed at a disadvantage due to difficulty in the transfer of education records from the previous school districts or variations in entrance/age requirements. B. Facilitating the student placement process through which children of military families are not disadvantaged by variations in attendance requirements, scheduling, sequencing, grading, course content, or assessment. C. Facilitating the qualification and eligibility for enrollment, educational programs, and participation in extracurricular academic, athletic, and social activities. D. Facilitating the on time graduation of children of military families. E. Providing for the promulgation and enforcement of administrative rules implementing the provisions of this compact. F. Providing for the uniform collection and sharing of information between and among member states, schools, and military families under this compact. G. Progress reports of area occupational advisory committees and State Occupational Training Advisory Committee. After one year from the effective date of this chapter, each area occupational advisory committee shall make a written progress report to the State Occupational Training Advisory Committee. The report must indicate the progress of area technical college commissions and local school boards in reaching the agreement required by Section 59 54 50 and specifically identify issues, if any, delaying final agreement. The State Occupational Training Advisory Committee shall report area technical college commissions and local school boards that have not made appropriate progress toward reaching an agreement to the Governor, General Assembly, State Board of Education, and the State Board for Technical and Comprehensive Education. Based upon a review of the written reports required of the area occupational advisory committees by Section 59 54 40, the memoranda of agreement, and other pertinent information, the State Occupational Training Advisory Committee shall report to the Governor and General Assembly upon the cooperation, articulation, and coordination between technical college commissions and local school boards. The State Occupational Training Advisory Committee shall make its report within one year of the execution of memoranda of agreement between all affected technical college commissions and local school boards or within three years of the effective date of this chapter, whichever comes first. The report is not limited to but must specifically identify technical college commissions and local school boards whose agreements have not achieved coordination and articulation, specify the deficiencies, and make recommendations for removing deficiencies. The report of the State Occupational Training Advisory Committee shall contain the written responses, if any, of the State Board of Education, the State Board for Technical and Comprehensive Education, technical college commissions, and local school boards to the State Occupational Training Advisory Committee's findings. In 1989 90 and every two years thereafter, the State Occupational Training Advisory Committee shall monitor the implementation of the memoranda of agreement and assess the cooperation, coordination, and articulation between technical college commissions and local school boards in a report to the Governor and General Assembly. Creation of area occupational training advisory committees; responsibilities; membership and meetings; expenses; reporting requirements; dissolution. (A) An area occupational training advisory committee is created for each of the service areas presently established by the State Board for Technical and Comprehensive Education for the various technical colleges. The purpose of the Area Occupational Training Advisory Committee is to increase coordination, articulation, and effectiveness among the various career, technical, occupational, and adult education and economic development programs in that area. (B) Each area occupational training advisory committee shall have the responsibility of assuring that each area technical college commission and appropriate local school boards shall enter into memoranda of agreement that demonstrates the following: (1) cooperation between the technical college and the career and technology school in the planning and delivery of adult career and technology education; (2) articulation of secondary career and technology courses to post secondary courses in the curricula of the technical college; (3) coordination among local boards with other local community agencies, literacy councils, private and nonprofit groups in planning and delivering adult basic education, adult secondary education, and literacy programs. (C) The membership of each area occupational training advisory committee is as follows: (1) two private sector representatives from the area technical college commission, appointed by the State Board for Technical and Comprehensive Education; (2) two professional representatives from the area technical college, appointed by the State Board for Technical and Comprehensive Education; (3) one private sector representative from the governing or advisory board for career and technology education programs in the area, appointed by the State Board of Education; (4) one faculty member or administrator for career and technology education programs in the area, appointed by the State Board of Education; (5) two school superintendents in the area, appointed by the State Board of Education; (6) two private sector representatives from the area, appointed by the Secretary of Commerce; (7) two private sector representatives from the area, appointed by the Governor. (D) With the joint approval of the State Board for Technical and Comprehensive Education, the State Board of Education, and the Secretary of Commerce, an area occupational job training advisory committee may expand its membership in the manner approved by these boards or councils in order to respond to particular local needs. (E) Each advisory committee shall elect a chairman and such other officers as they consider necessary, the chairman to be elected from among the private sector representatives on the committee. Each committee must meet within ninety days following the effective date of this chapter and the Governor’s Office working through the state technical education system and the Department of Education shall convene the first meeting. (F) Committee and staff expenses must be paid by the technical college within the service area. (G) Vacancies on each advisory committee must be filled by appointment in the same manner of original appointment. (H) The members of each area advisory committee so appointed shall serve until the advisory committee is dissolved as provided in this section. (I) Each area occupational advisory committee must prepare a written report analyzing the cooperation, articulation, and coordination achieved in the memoranda of agreement between technical college commissions and local school boards. Implementation of career guidance program model in high school; counseling of students; declaration of area of academic focus within cluster of study. During the 2007 08 school year, each public high school shall implement a career guidance program model or prototype as developed or approved by the State Department of Education. At least annually after that, certified school guidance counselors and career specialists, under their supervision, shall counsel students during the ninth and tenth grades to further define their career cluster goals and individual graduation plans, and before the end of the second semester of the tenth grade, tenth grade students shall have declared an area of academic focus within a cluster of study. Throughout high school, students must be provided guidance activities and career awareness programs that combine counseling on career options and experiential learning with academic planning to assist students in fulfilling their individual graduation plans. In order to maximize the number of clusters offered, a school district is to ensure that each high school within the district offers a variety of clusters. A student may transfer to a high school offering that student’s career cluster if not offered by the high school in his attendance zone. Regulations for identifying at risk students; model programs. By July 2007, the State Board of Education shall promulgate regulations outlining specific objective criteria for districts to use in the identification of students at risk for being poorly prepared for the next level of study or for dropping out of school. The criteria must include diagnostic assessments to identify strengths and weaknesses in the core academic areas. The process for identifying these students must be closely monitored by the State Department of Education in collaboration with school districts to ensure that students are being properly identified and provided timely, appropriate guidance and assistance and to ensure that no group is disproportionately represented. The regulations also must include evidence based model programs for at risk students designed to ensure that these students have an opportunity to graduate with a state high school diploma. By the 2007 08 school year, each high school of the State shall implement one or more of these programs to ensure that these students receive the opportunity to complete the necessary requirements to graduate with a state high school diploma and build skills to prepare them to enter the job market successfully. The regulation also must include an evaluation of model programs in place in each high school to ensure the programs are providing students an opportunity to graduate with a state high school diploma. Development of curriculum based on career cluster system; individual graduation plans; role of school districts. (A) The Department of Education shall develop a curriculum, aligned with state content standards, organized around a career cluster system that must provide students with both strong academics and real world problem solving skills. Students must be provided individualized educational, academic, and career oriented choices and greater exposure to career information and opportunities. This system must promote the involvement and cooperative effort of parents, teachers, and school counselors in assisting students in making these choices, in setting career goals, and in developing individual graduation plans to achieve these goals. (B) School districts must lay the foundation for the clusters of study system in elementary school by providing career awareness activities. In the middle grades programs must allow students to identify career interests and abilities and align them with clusters of study for the development of individual graduation plans. Finally, high school students must be provided guidance and curricula that will enable them to complete successfully their individual graduation plans, preparing them for a seamless transition to relevant employment, further training, or postsecondary study. Review of articulation agreements between school districts and institutions of higher learning. (A) By September 2005, the Commission on Higher Education shall convene the Advisory Committee on Academic Programs to address articulation agreements between school districts and public institutions of higher education in South Carolina to provide seamless pathways for adequately prepared students to move from high school directly into institutions of higher education. The committee shall review, revise, and recommend secondary to postsecondary articulation agreements and promote the development of measures to certify equivalency in content and rigor for all courses included in articulation agreements. The advisory committee shall include representatives from the research institutions, four year comprehensive teaching institutions, two year regional campuses, and technical colleges. The committee, for purposes pursuant to this chapter, shall include representation from the State Department of Education, and school district administrators, to include curriculum coordinators and guidance personnel. (B) By July 2006, the Advisory Committee on Academic Programs shall make recommendations to the Commission on Higher Education regarding coursework that is acceptable statewide for dual enrollment to be accepted in transfer within a related course of study. Dual enrollment college courses offered to high school students by two year and four year colleges and universities must be equivalent in content and rigor to the equivalent college courses offered to college students and taught by appropriately credentialed faculty. Related policies and procedures established by the Commission on Higher Education for dual enrollment and guidelines for offering dual enrollment coursework and articulation to two year and four year colleges and universities for awarding of credit must be followed. (C) The advisory committee, in collaboration with the Department of Education, shall coordinate work to study the content and rigor of high school courses in order to provide a seamless pathway to postsecondary education. Participation in interscholastic activities of public school district by home school, charter school, and Governor’s school students. (A) As used in this section: (1) “Charter school student” is a child enrolled in a charter school established pursuant to Chapter 40, Title 59. (2) “Governor’s school student” is a child enrolled at a Governor’s school established pursuant to this title. (3) “Home school student” is a child taught in accordance with Section 59 65 40, 59 65 45, or 59 65 47 and has been taught in accordance with one of these sections for a full academic year prior to participating in an interscholastic activity pursuant to this section. (4) “Interscholastic activities” includes, but is not limited to, athletics, music, speech, and other extracurricular activities. (B) Individual Governor’s school students and home school students may not be denied by a school district the opportunity to participate in interscholastic activities if the: (1) student meets all school district eligibility requirements with the exception of the: (a) school district’s school or class attendance requirements; and (b) class and enrollment requirements of the associations administering the interscholastic activities; (2) student’s teacher, in the case of a Governor’s school student, certifies by submitting an affidavit to the school district that the student fully complies with the law and any attendance, class, or enrollment requirements for a Governor’s school. In addition, a charter school student’s teacher, in the same manner required by this subsection for a Governor’s school student, also must certify by affidavit to the student’s school district that the student fully complies with the law and any attendance, class, or enrollment requirements for a charter school in order for the student to participate in interscholastic activities in the manner permitted by Chapter 40 of this title; (3) student participating in interscholastic activities: (a) resides within the attendance boundaries of the school for which the student participates; or (b) in the case of a Governor’s school student, resides or attends a Governor’s school within the attendance boundaries of the school for which the student participates; and (4) student notifies the superintendent of the school district in writing of his intent to participate in the interscholastic activity as a representative of the school before the beginning date of the season for the activity in which he wishes to participate. (C) A public school student who has been unable to maintain academic eligibility is ineligible to participate in interscholastic activities as a charter school student, Governor’s school student, or home school student for the following semester. To establish eligibility for subsequent school years, the student’s teacher shall certify by submitting an affidavit to the school district that the student meets the relevant policies of the school at which the student wishes to participate. (D) A Governor’s school student or home school student is required to fulfill the same responsibilities and standards of behavior and performance, including related practice requirements, of other students participating in the interscholastic activities of the team or squad and is required to meet the same standards for acceptance on the team or squad. (E) A Governor’s school may not be denied by a school district the opportunity to have a team representing the school participate in interscholastic activities if the team meets the same eligibility requirements of other teams. An individual Governor’s school student may not participate in an interscholastic activity of a public school district if the school that the student is enrolled in has a team or squad participating in that interscholastic activity. (F) A school district must certify to the superintendent that a Governor’s school student is eligible to participate in interscholastic activities if the student is eligible to participate in interscholastic activities as a Governor’s school student. Definitions. As used in this article: (1) “Harassment, intimidation, or bullying” means a gesture, an electronic communication, or a written, verbal, physical, or sexual act that is reasonably perceived to have the effect of: (a) harming a student physically or emotionally or damaging a student’s property, or placing a student in reasonable fear of personal harm or property damage; or (b) insulting or demeaning a student or group of students causing substantial disruption in, or substantial interference with, the orderly operation of the school. (2) “School” means in a classroom, on school premises, on a school bus or other school related vehicle, at an official school bus stop, at a school sponsored activity or event whether or not it is held on school premises, or at another program or function where the school is responsible for the child. Prohibited conduct; reports by witnesses. (A) A person may not engage in: (1) harassment, intimidation, or bullying; or (2) reprisal, retaliation, or false accusation against a victim, witness, or one with reliable information about an act of harassment, intimidation, or bullying. (B) A school employee, student, or volunteer who witnesses, or has reliable information that a student has been subject to harassment, intimidation, or bullying shall report the incident to the appropriate school official. Alternative school programs established. The General Assembly finds that a child who does not complete his education is greatly limited in obtaining employment, achieving his full potential, and becoming a productive member of society. It is, therefore, the intent of this article to encourage district school boards throughout the State to establish alternative school programs. These programs shall be designed to provide appropriate services to students who for behavioral or academic reasons are not benefiting from the regular school program or may be interfering with the learning of others. It is further the intent of this article that cooperative agreements may be developed among school districts in order to implement innovative exemplary programs.	Requires a service	Section 59 63 1300	State	Statute	
Alternative school programs; individual or cooperative programs; funding; sites. School districts which choose to establish, maintain, and operate, either individually or as a cooperative agreement among districts, alternative school programs shall be eligible for funding provided by the General Assembly for this purpose. The program must be operated at a site separate from other schools unless operated at a time when those schools are not in session or in another building on campus which would provide complete separation from other students. However, an existing alternative school program located in a defined area within a building which provides complete separation from other students and which otherwise meets the criteria established herein may continue at this site if the location is approved by the Department of Education. Provided, that a school district or consortium may apply for a waiver to the site requirement for a new program if it demonstrates to the satisfaction of the State Department of Education that no separate site is available and the cost of temporary classroom space cannot be justified, then the alternative school program may be established in a defined area within a building which provides complete separation from other students if the location is approved by the Department of Education. This waiver may be granted for a period of two years. In order for the district or consortium to reapply for a waiver, they must outline efforts made to acquire a separate facility. Referral or placement of students in alternative school programs. Eligible alternative school programs shall be provided for, but not limited to, students in grades 6 12 as follows: (1) Students referred for voluntary attendance at the alternative school program and meeting the district criteria to attend based upon a documented need for the attention and assistance beyond that of a traditional program as established by the academic history of the student, including the student’s academic plan as required in Section 59 18 500, and following other policies and procedures for documenting need established by the district board of trustees. (2) Students referred for voluntary attendance at the alternative school program and meeting the district criteria to attend based upon a documented need for the program due to habitual exhibitions of disruptive behavior in violation of the student conduct policies and behavior codes approved by the school board of trustees. Districts must establish clear guidelines and procedures for the referral of any student into an alternative school program and before a decision is made to assign a student to an alternative school program, a determination must be made that the written and distributed academic and disciplinary policies of the district have been followed. (3) Students placed in an alternative school program by the district board of trustees as an option to suspension or expulsion or by the dispositive order of a family court judge, with the consent of the local board of trustees. However, before a student may be placed in an alternative school program, a determination must be made by the local board that the written and distributed disciplinary policy of the district has been followed. Districts must establish clear guidelines and procedures for the placement of any student into an alternative school program and at a minimum they shall prescribe due process procedures for placement actions. When students are being considered for placement in an alternative school program, districts must consider the requirements of the Federal Individuals with Disabilities Education Act (IDEA). If a student placed by the board of trustees in an alternative school program enrolls in another school district before the expiration of the period of placement, the board of trustees of the district requiring the placement shall provide to the district in which the student enrolls, at the same time other records of the student are provided, information concerning the student’s placement in an alternative school program. Upon review of the information, the district in which the student enrolls may continue an alternative education program placement or may allow the student to attend regular classes without completing the period of the placement. Discretion of school board. Nothing in this article shall abrogate the authority of any public school district and its governing board to take such disciplinary action as it is otherwise empowered by law to take against any student for misconduct including, but not limited to, expulsion, and nothing in this chapter shall require that any student be assigned to such an alternative school. These decisions shall rest solely in the discretion of the district and school board, regardless of the offense, record of the child, or other information presented from any source. Scheduling, administrative structure, curriculum and setting. Within the requirements of Section 59 1 440, alternative school programs may differ from traditional education programs and schools in scheduling, administrative structure, curriculum, or setting and state requirements may be waived in these areas if such waiver assists the alternative school in meeting its purpose. Eligibility for funding. To be eligible for funding, a district or consortium must submit a plan for the program which includes: (a) mission statement; (b) the policy for the basis of enrollment in the school; (c) location of the alternative school program; and (d) description of how the school will focus on the educational and behavioral needs of the students. This description must include strategies for individual student instruction plans, evaluations at regular intervals of the student’s educational and behavioral progress, instructional methods in meeting academic achievement standards in the core academic areas, provisions for a low pupil teacher ratio, utilization of available technology, strict codes of student conduct, counseling, strategies to gain strong parental input and support, strategies to ensure students will adapt to a regular school setting upon departure from the alternative school program, and student time lines for meeting the academic and conduct standards set. The alternative program may be provided in conjunction with the adult education program, where appropriate. Goals, interim goals, and data collection for program evaluation must be a part of the program plan. The instructional program should enable students to make the transition to a regular school program, earn a high school diploma or GED, or seek postsecondary education. Steps should be taken to ensure that credit earned by students participating in the alternative school program can be transferred to other public schools in the State; provided, nothing herein shall prohibit school districts and/or the South Carolina Department of Education from establishing and providing new and innovative programs as may be authorized otherwise under law to meet the unique needs of alternative school students who otherwise might drop out of school or never be able successfully to complete the requirements for a diploma. Transportation. A school district or consortium shall determine what, if any, transportation shall be provided to students attending an alternative school in accordance with written district guidelines.	Requires a service	Section 59 63 1360	State	Statute	
Teachers at alternative school programs; staff development. Each school district or consortium shall establish procedures for ensuring that teachers assigned to alternative school programs possess the pedagogical and content related skills necessary to meet the needs of the student population served by the school. Each school board also shall ensure that adequate staff development activities are available for alternative school program faculty and staff and ensure that the faculty and staff participate in these activities. The State Department of Education in consultation with other appropriate entities shall provide assistance to school districts in the development of staff development programs which include best practices. These programs shall be made available to all district teachers.	Requires a service	Section 59 63 1370	State	Statute	
Funding for alternative school programs. A school district shall allocate to an alternative school program the same per student expenditure to include federal, state, and local funds that would be allocated to the student’s school if the student were attending the student’s regularly assigned school. This shall include any appropriate special education funding. Districts or consortia meeting the eligibility requirements for alternative school funding shall receive an annual base funding minimum of \$30,000 or up to \$200,000 depending on the student population of the district; however, districts forming consortia will have as their base funding an amount equal to the total of the individual district’s base funding, not to exceed \$350,000. The State Department of Education, for the purposes of establishing base funding, shall group districts according to their average daily membership and assign the amount of base funding that districts in a grouping would receive for eligible programs. Unobligated funds from state appropriations for base funding which become available during a fiscal year may be redistributed on a per pupil basis to eligible programs in countywide districts receiving base funding of less than \$100,000; however, this redistributed funding shall not become part of the base funding for the following year. Increases in fiscal year 2000 2001 funding over the fiscal year 1999 2000 recurring and nonrecurring funding shall be used to increase countywide districts’ base funding by fifty percent and this new amount shall constitute their base funding. It is the intent of the General Assembly that, after meeting the funding requirements for base funding, eligible programs, beginning with school year 2000 2001, shall also receive per pupil funding based on the average daily membership of the students served by the program at an Education Finance Act weighting of 1.49 and beginning with school year 2001 2002 a weighting of 1.74. Per pupil funds for the alternative school program shall be distributed through the Education Finance Act formula provided for in Section 59 20 40. Beginning with school year 2002 2003, every district or district consortium shall provide alternative school opportunities for their students in grades 6 12, provided that state funding for alternative school programs is not reduced below the appropriation received in fiscal year 2001 2002. These funds shall be used for the establishment, maintenance, and operation of alternative schools programs. Funds also may be used to provide for staff development needs pursuant to Section 59 63 1370. Districts or consortia developing plans for the establishment of an alternative school shall be eligible for a planning grant of no more than \$5,000 if criteria established by the State Board of Education are met.	Distribute funding to another entity	Section 59 63 1380	State	Statute	
Regulations; annual review. The State Board of Education shall promulgate regulations for establishment, maintenance, and operation of alternative school programs to include clear procedures for annual review of the implementation and progress of the alternative school program and a three year cycle evaluation shall examine the success of this initiative. If an annual review or the evaluation finds a program is not making progress to carry out the alternative school plan or meeting the locally established measures of success, the Department of Education shall provide technical assistance and future funding may be terminated. Local school districts to adopt policies prohibiting harassment; required components; model policies by State Board of Education; bullying prevention programs. (A) Before January 1, 2007, each local school district shall adopt a policy prohibiting harassment, intimidation, or bullying at school. The school district shall involve parents and guardians, school employees, volunteers, students, administrators, and community representatives in the process of creating the policy. (B) The policy must include, but not be limited to, the following components: (1) a statement prohibiting harassment, intimidation, or bullying of a student; (2) a definition of harassment, intimidation, or bullying no less inclusive than the definition in Section 59 63 120; (3) a description of appropriate student behavior; (4) consequences and appropriate remedial actions for persons committing acts of harassment, intimidation, or bullying, and for persons engaging in reprisal or retaliation; (5) procedures for reporting acts of harassment, intimidation, or bullying, to include a provision for reporting anonymously. However, formal disciplinary action must not be taken solely on the basis of an anonymous report. The procedures must identify the appropriate school personnel responsible for taking the report and investigating the complaint; (6) procedures for prompt investigation of reports of serious violations and complaints; (7) a statement that prohibits reprisal or retaliation against a person who reports an act of harassment, intimidation, or bullying; (8) consequences and appropriate remedial action for persons found to have falsely accused another; (9) a process for discussing the district's harassment, intimidation, or bullying policy with students; and (10) a statement of how the policy is to be publicized, including notice that the policy applies to participation in school sponsored functions. (C) To assist local school districts in developing policies for the prevention of harassment, intimidation, or bullying, the State Board of Education shall develop model policies applicable to grades kindergarten through twelve. Additionally, the State Board of Education shall develop teacher preparation program standards on the identification and prevention of bullying. The model policies and standards must be developed no later than September 1, 2006. (D) The local school board shall ensure that the school district's policy developed pursuant to this article is included in the school district's publication of the comprehensive rules, procedures, and standards of conduct for schools and in the student's handbook. (E) Information regarding a local school district policy against harassment, intimidation, or bullying must be incorporated into a school's employee training program. Training also should be provided to school volunteers who have significant contact with students. (F) Schools and school districts are encouraged to establish bullying prevention programs and other initiatives involving school staff, students, administrators, volunteers, parents, law enforcement, and community members. Review; technical assistance. The State Department of Education shall review alternative school plans for eligibility for funding and provide technical assistance for planning, establishing, and implementing an alternative school based on best practice. The department shall assist any district or consortia whose plan does not meet the eligibility criteria; however, no funding will be approved until the plan ensures implementation of appropriate services for students served by the alternative school.	Distribute funding to another entity	Section 59 63 1400	State	Statute	
Availability of civil or criminal redress; immunity of reporting school employee or volunteer. (A) This article must not be interpreted to prevent a victim from seeking redress pursuant to another available civil or criminal law. This section does not create or alter tort liability. (B) A school employee or volunteer who promptly reports an incident of harassment, intimidation, or bullying to the appropriate school official designated by the local school district's policy, and who makes this report in compliance with the procedures in the district's policy, is immune from a cause of action for damages arising from failure to remedy the reported incident. Age of attendance. It is not lawful for any person who is less than five or more than twenty one years of age to attend any of the public schools of this State, including kindergarten, except that: (1) Persons over twenty one years of age may attend night schools; (2) When a pupil is in the graduating class and becomes twenty one years of age before graduation, he is permitted to complete the term if otherwise qualified to do so; (3) Students may enter kindergarten in the public schools of this State if they will attain the age of five on or before September first of the applicable school year or have substantially initiated a public school kindergarten program in another state that has a different attendance age requirement from South Carolina; (4) Students may not enter the first grade in the public schools of this State unless they will attain the age of six on or before September first of the applicable school year or have substantially initiated a first grade program in another state that has a different attendance age requirement from South Carolina or have attended a public school kindergarten program for one full school year; (5) The restrictions in this section may be waived by the local board of school trustees in any proper case. However, that if the provisions of items (3) and (4) of this section are not complied with, the school district is not entitled to receive any state aid for any students who fail to meet these requirements; (6) Four year olds may attend optional child development programs and all three year old, four year old, and five year old children with disabilities in accordance with their individual education program, may participate in any public education preschool program, including optional child development programs. Children with disabilities served in four year old optional child development programs may be counted for funding under both funding sources. Grounds for which trustees may expel, suspend, or transfer pupils; petition for readmission; expulsion, suspension, or transfer. (A) Any district board of trustees may authorize or order the expulsion, suspension, or transfer of any pupil for the commission of any crime, gross immorality, gross misbehavior, persistent disobedience, or for violation of written rules and promulgated regulations established by the district board, county board, or the State Board of Education, or when the presence of the pupil is detrimental to the best interest of the school. Each expelled pupil has the right to petition for readmission for the succeeding school year. Expulsion or suspension must be construed to prohibit a pupil from entering the school or school grounds, except for a prearranged conference with an administrator, attending any day or night school functions, or riding a school bus. The provisions of this section do not preclude enrollment and attendance in any adult or night school. (B) A district board of trustees shall not authorize or order the expulsion, suspension, or transfer of any pupil for a violation of Section 59 150 250(B). Barring enrollment of student; grounds; notice and hearing; duration of bar. (A) In determining whether or not a student meets the standards of conduct and behavior promulgated by the board of trustees necessary for first time enrollment and attendance in a school in the district, the board shall consider nonschool records, the student’s disciplinary records in any school in which the student was previously enrolled as these records relate to the adjudication of delinquency in any jurisdiction, within or without this State, of violations or activities which constitute violent crimes under Section 16 1 60, adjudications for assault and battery of a high and aggravated nature, the unlawful use or possession of weapons, or the unlawful sale of drugs whether or not considered to be drug trafficking. Based on this consideration of the student’s record, the board may bar his enrollment in the schools of the district. (B) If the board bars a student from enrolling pursuant to this section, notice must be provided to the student’s parent or legal guardian and the student is entitled to a hearing and all other procedural rights afforded under state law to a student subject to expulsion. (C) The bar to enrollment allowed by this section applies for a maximum of one year. After the bar is lifted, a student may reapply for enrollment and the board shall order the student enrolled if he otherwise meets enrollment criteria. Notices of suspensions; conferences with parents or guardian. When a pupil is suspended from a class or a school, the administrator shall notify, in writing, the parents or legal guardian of the pupil, giving the reason for such suspension and setting a time and place when the administrator shall be available for a conference with the parents or guardian. The conference shall be set within three days of the date of the suspension. After the conference the parents or legal guardian may appeal the suspension to the board of trustees or to its authorized agent.	Requires a service	Section 59 63 230	State	Statute	
Expulsion of student determined to have brought firearm to school. The district board must expel for no less than one year a student who is determined to have brought a firearm to a school or any setting under the jurisdiction of a local board of trustees. The expulsion must follow the procedures established pursuant to Section 59 63 240. The one year expulsion is subject to modification by the district superintendent of education on a case by case basis. Students expelled pursuant to this section are not precluded from receiving educational services in an alternative setting. Each local board of trustees is to establish a policy which requires the student to be referred to the local county office of the Department of Juvenile Justice or its representative. Expulsion for remainder of year; hearings. The board may expel for the remainder of the school year a pupil for any of the reasons listed in Section 59 63 210. If procedures for expulsion are initiated, the parents or legal guardian of the pupil shall be notified in writing of the time and the place of a hearing either before the board or a person or committee designated by the board. At the hearing the parents or legal guardian shall have the right to legal counsel and to all other regular legal rights including the right to question all witnesses. If the hearing is held by any authority other than the board of trustees, the right to appeal the decision to the board is reserved to either party. The hearing shall take place within fifteen days of the written notification at a time and place designated by the board and a decision shall be rendered within ten days of the hearing. The pupil may be suspended from school and all school activities during the time of the expulsion procedures. The action of the board may be appealed to the proper court. The board may permanently expel any incorrigible pupil.	Requires a service	Section 59 63 240	State	Statute

Student hazing prohibited; definitions. (A) For purposes of this section: (1) “Student” means a person enrolled in a public education institution. (2) “Superior student” means a student who has attended a state university, college, or other public education institution longer than another student or who has an official position giving authority over another student. (3) “Subordinate student” means a person who attends a public education institution who is not defined as a “superior student” in item (2). (4) “Hazing” means the wrongful striking, laying open hand upon, threatening with violence, or offering to do bodily harm by a superior student to a subordinate student with intent to punish or injure the subordinate student, or other unauthorized treatment by the superior student of a subordinate student of a tyrannical, abusive, shameful, insulting, or humiliating nature. (B) Hazing at all public education institutions is prohibited. When an investigation has disclosed substantial evidence that a student has committed an act or acts of hazing, the student may be dismissed, expelled, suspended, or punished as the principal considers appropriate. Requirements to enroll child in public school; affidavit; penalties for providing false information. (A) The school district may require an adult seeking to enroll a child who resides with the adult pursuant to Section 59 63 31(1)(c) to accept responsibility for making educational decisions concerning the child. These educational decisions may include, but not be limited to, receiving notices of discipline pursuant to Sections 59 63 230 and 59 63 240, attending conferences with school staff, and granting permission for athletic activities, field trips, and other activities as required. (B) The school district also must require an adult to complete and sign an affidavit: (1) confirming the qualifications set out in Section 59 63 31(1)(c) establishing residency of the child in the school district; (2) attesting that the child’s claim of residency in the district is not primarily related to attendance at a particular school within the district; and (3) accepting responsibility for educational decisions for the child. (C) Upon receipt of the affidavit provided for in subsection (B), the child must be admitted to an appropriate school pending the results of any further procedures for determining eligibility for attendance within the school district. (D) If it is found that information contained in the affidavit provided for in subsection (B) is false, the child must be removed from the school after notice of an opportunity to appeal the removal pursuant to the appropriate district grievance policy. (E) If it is found that a person wilfully and knowingly has provided false information in the affidavit provided for in subsection (B) to enroll a child in a school district for which the child is not eligible, the maker of the false affidavit is guilty of a misdemeanor and, upon conviction, must be fined an amount not to exceed two hundred dollars or imprisoned for not more than thirty days and also must be required to pay to the school district an amount equal to the cost to the district of educating the child during the period of enrollment. Repayment does not include funds paid by the State. Student’s conviction or delinquency adjudication for certain offenses; notification of senior administrator at student’s school; placement of information in permanent school records. Notwithstanding any other provision of law: (1) When a student who is convicted of or adjudicated delinquent for assault and battery against school personnel, as defined in Section 16 3 612, assault and battery of a high and aggravated nature committed on school grounds or at a school sponsored event against any person affiliated with the school in an official capacity, a violent offense as defined in Section 16 1 60, an offense in which a weapon as defined in Section 59 63 370 was used, or for distribution or trafficking in unlawful drugs as defined in Article 3, Chapter 53 of Title 44 is assigned to the Department of Juvenile Justice, the Department of Corrections, or to the Department of Probation, Parole, and Pardon Services, that agency is required to provide immediate notice of the student’s conviction or adjudication to the senior administrator of the school in which the student is enrolled, intends to be enrolled, or was last enrolled. These agencies are authorized to request information concerning school enrollment from a student convicted of or adjudicated delinquent for an offense listed in this item. (2) When a student convicted of or adjudicated delinquent for an offense listed in item (1) of this section is not sentenced to incarceration or probation, the presiding judge shall as part of his sentence order the clerk of the municipal, magistrate, or general sessions court to provide, within ten days, notification of the student’s sentence to the appropriate school district for inclusion in the student’s permanent record. If the student is under the jurisdiction of the family court and is not referred to the Department of Juvenile Justice, the prosecuting agency must provide notification within ten days to the appropriate school district. (3) An administrator notified pursuant to this section is required to notify each teacher or instructor in whose class the student is enrolled of a student’s conviction of or adjudication for an offense listed in item (1) of this section. This notification must be made to the appropriate teachers or instructors every year the student is enrolled in school. (4) If a student is convicted of or adjudicated delinquent for an offense listed in item (1) of this section, information concerning the conviction or adjudication and sentencing must be placed in the student’s permanent school record and must be forwarded with the student’s permanent school records if the student transfers to another school or school district. Transfer of students from Fairfield County School District to Chester County School District; provision for payment of funds; State Superintendent of Education to settle disputes. (A) The General Assembly finds that numerous public school students reside in Fairfield County School District but are entitled to attend the schools of Chester County School District pursuant to Section 59 63 480. The General Assembly finds it necessary to provide by law for uniform arrangements between Fairfield County School District and Chester County School District pertaining to these students. (B) A student who qualifies for transfer pursuant to Section 59 63 480 may be admitted, and remain enrolled, by Chester County School District upon proof of eligibility as Chester County School District finds acceptable. A roster of these students must be kept current by Chester County School District and sent to Fairfield County School District as and when updated. (1) Each fiscal year, for each pupil authorized to transfer from Fairfield County School District to Chester County School District pursuant to Section 59 63 480 and actually enrolled in a public school of Chester County School District, the Fairfield County Treasurer, on behalf of and from funds of the Fairfield County School District, shall pay Chester County School District one hundred and three percent of Chester County School District’s prior year local revenue per pupil for school operating purposes as reported in Chester County School District’s annual audit for the immediately preceding fiscal year. (2) As used in this section, “prior year local revenue per pupil for school operating purposes” includes any state reimbursement paid for property tax exemptions from Chester County School District ad valorem taxes including, but not limited to, all payments pursuant to Section 11 11 156. (C) Upon invoice, the Fairfield County Treasurer, on behalf of and from the funds of the Fairfield County School District, shall pay Chester County School District the amount determined pursuant to subsection (B)(1) of this section. Payment to Chester County School District must be completed before the fifteenth day of February in each fiscal year. If the Fairfield County Treasurer fails to pay this invoice by the fifteenth day of February, the South Carolina Department of Education, upon application by Chester County School District, out of the funds otherwise meant for the next Education Finance Act disbursement to Fairfield County School District, shall pay the invoice on behalf of Fairfield County School District. Any undisputed amounts must be paid when due. (D) Chester County School District may consider payments pursuant to this act to be anticipated ad valorem taxation for purposes of Subsection 7, Section 15, Article X of the South Carolina Constitution, relating to tax anticipation notes. (E) The State Superintendent of Education shall settle any dispute between Chester County School District and Fairfield County School District arising from the implementation and administration of this act by the school districts and the State Department of Education. (F) For the 2009 2010 school and the fiscal year only, the Fairfield County Treasurer, on behalf of and from the funds of the Fairfield County School District, shall pay the Chester County School District an amount calculated pursuant to items (B)(1) and (2) of this section on account of the pupils enrolled in the Chester County School District from Fairfield County pursuant to Section 59 63 480 for the 2009 2010 school year. This amount must be invoiced by the Chester County School District promptly upon the effective date of this section, and must be paid no later than June 30, 2010, or the delinquency provisions of subsection (C) apply to the payment. Class size reduction; funding; facilities. School districts which choose to reduce class size to fifteen to one in grades one through three shall be eligible for funding for the reduced pupil teacher ratios from funds provided by the General Assembly for this purpose. Funding for schools in districts designated as impaired or for schools rated as unsatisfactory on the accountability ratings will receive priority in the distribution of funds. Funding for the impaired district schools and schools ranked unsatisfactory will be allocated based on the average daily membership in grades one through three in those schools for implementing reduced class size of fifteen to one in those grades. Other school districts will receive funding allocated based on free and reduced lunch eligible students. Local match is required for the lower ratio funding based on the Education Finance Act formula. Boards of trustees of each school district may implement the lower pupil teacher ratios on a school by school, grade by grade, or class by class basis. District boards of trustees implementing the reduced ratios must establish policies to give priority to reduce the ratios in schools with the highest number of students eligible for the federal free and reduced lunch program, and these students must be given priority in implementing the reduced class size. Unobligated funds from state appropriations which become available to a district during a fiscal year shall be redistributed to fund additional teachers on a prorated basis. Districts choosing to implement the reduced class size must track the students served in classes with a 15:1 ratio for three years so that the impact of smaller class size can be evaluated. The Department of Education, working with the Accountability Division, will develop a plan for evaluating the impact of this initiative and report to the Education Oversight Committee no later than December 1, 2001. School districts must document the use of these funds to reduce class size and the State Department of Education will conduct audits to confirm appropriate use of class size reduction funding. As used in this section, “teacher” refers to an employee possessing a professional certificate issued by the State Department of Education whose full time responsibility is instruction of students. Pupil teacher ratio is based on average daily membership. Portable or other temporary classroom space may be used to meet any facilities needs for reducing class size to fifteen to one, and notwithstanding the provisions of Section 59 144 30, funding derived from the Children’s Education Endowment Fund may be used to acquire such portable or temporary facilities. Publication of guidelines regarding concussions; removal from play for concussion; immunity; definitions. (A) The South Carolina Department of Health and Environmental Control, in consultation with the State Department of Education, shall post on its website nationally recognized guidelines and procedures regarding the identification and management of suspected concussions in student athletes. The Department of Health and Environmental Control also shall post on its website model policies that incorporate best practices guidelines for the identification, management, and return to play decisions for concussions reflective of current scientific and medical literature developed by resources from or members of sports medicine community organizations including, but not limited to, the Brain Injury Association of South Carolina, the South Carolina Medical Association, the South Carolina Athletic Trainer’s Association, the National Federation of High Schools, the Centers for Disease Control and Prevention, and the American Academy of Pediatrics. Guidelines developed pursuant to this section apply to South Carolina High School League sanctioned events. (B) A local school district shall develop guidelines and procedures based on the model guidelines and procedures referenced in subsection (A). (C) Each year prior to participation in athletics, each school district shall provide to all coaches, volunteers, student athletes, and their parents or legal guardian, an information sheet on concussions which informs of the nature and risk of concussion and brain injury, including the risks associated with continuing to play after a concussion or brain injury. The parent or legal guardian’s receipt of the information sheet must be documented in writing or by electronic means before the student athlete is permitted to participate in an athletic competition or practice. (D)(1) If a coach, athletic trainer, official, or physician suspects that a student athlete, under the control of the coach, athletic trainer, official, or physician, has sustained a concussion or brain injury in a practice or in an athletic competition, the student athlete shall be removed from practice or competition at that time. (2) A student athlete who has been removed from play may return to play if, as a result of evaluating the student athlete on site, the athletic trainer, physician, physician assistant pursuant to scope of practice guidelines, or nurse practitioner pursuant to a written protocol determines in his best professional judgment that the student athlete does not have any signs or symptoms of a concussion or brain injury. (3) A student athlete who has been removed from play and evaluated and who is suspected of having a concussion or brain injury may not return to play until the student athlete has received written medical clearance by a physician. (4) In addition to posting information regarding the recognition and management of concussions in student athletes, the Department of Health and Environmental Control, in consultation with health care provider organizations, shall post on its website continuing education opportunities in concussion evaluation and management available to providers making such medical determinations. Such information must be posted by the department upon receipt from a participating health care organization. (5) The athletic trainer, physician, physician assistant, or nurse practitioner who evaluates the student athlete during practice or an athletic competition and authorizes the student athlete to return to play is not liable for civil damages resulting from an act or omission in rendering this decision, other than acts or omissions constituting gross negligence or wilful, wanton misconduct. This immunity applies to an athletic trainer, physician, physician assistant, or nurse practitioner serving as a volunteer. Development of policies governing individual health care plans for students with special health care needs; definitions; written statements. (A) As used in this section: (1) “medication” is defined as medication prescribed by a health care provider contained in the original packaging with the appropriate pharmacy label or in a secure package containing a note from the prescribing physician or pharmacist that appropriately identifies the medicine; (2) “monitoring device” is defined as implements prescribed by a health care provider for monitoring a chronic health condition; and (3) “individual health care plan” (IHP) is defined as a plan of care designed specifically for an individual student to provide for meeting the health monitoring and care of the student during the school day or at school sponsored functions. (B) Each school district shall adopt a policy requiring that students with special health care needs have individual health care plans. This policy must provide for the authorization of a student to self monitor and self administer medication as prescribed by the student’s health care provider unless there is sufficient evidence that unsupervised self monitoring or self medicating would seriously jeopardize the safety of the student or others. The policy must include, but is not limited to: (1) a requirement that the student’s parent or legal guardian provide to the school: (a) written authorization from the parent or legal guardian for the student to self monitor and self administer medication; and (b) a written statement from the student’s health care practitioner who prescribed the medication verifying that the student has a medical condition and has been instructed and demonstrates competency in self monitoring or self administration of medications, or both. (2) authorization for a student to possess on his person and administer medication while: (a) in the classroom and in any area of the school or school grounds; (b) at a school sponsored activity; (c) in transit to or from school or school sponsored activities; or (d) during before school or after school activities on school operated property. (C) The statements required in subsection (B)(1) must be kept on file in the office of the school nurse or school administrator. (D)(1) The State Department of Education shall develop guidelines for required components of a written student individual health care plan which must be developed with input from and with the approval of: (a) the student’s health care practitioner who prescribed the medication; (b) the parent or legal guardian; (c) the student, if appropriate; and (d) the school nurse or other designated school staff member. (2) If a student qualifies for a Federal 504 medical accommodations plan, that process must meet the requirements for the state required individual health plan. (3) The parent or guardian and the student, if appropriate, shall authorize the school to share the student’s individual health care plan with school staff who have a legitimate need for knowledge of the information. Exceptions. The provisions of this article do not apply to: (a) A child who has graduated from high school or has received the equivalent of a high school education from a school approved by the State Board of Education, member school of South Carolina Independent Schools' Association, a private school in existence at the time of the passage of this article, or a member school of the South Carolina Association of Christian Schools; (b) A child who obtains a certificate from a psychologist certified by the State Department of Education or from a licensed physician stating that he is unable to attend school because of a physical or mental disability, provided there are no suitable special classes available for such child in the school district where he resides; (c) A child who has completed the eighth grade and who is determined by the court to be legally and gainfully employed whose employment is further determined by such court to be necessary for the maintenance of his home; (d) [Reserved] (e) A student who has a child and who is granted a temporary waiver from attendance by the district's attendance supervisor or his designee. The district attendance supervisor may grant a temporary waiver only if he determines that suitable day care is unavailable. The student must consult with the district supervisor or his designee in a timely manner to consider all available day care options or the district shall consider the student to be in violation of this chapter. (f) A child who has reached the age of sixteen years and whose further attendance in school, vocational school, or available special classes is determined by a court of competent jurisdiction to be disruptive to the educational program of the school, unproductive of further learning, or not in the best interest of the child, and who is authorized by the court to enter into suitable gainful employment under the supervision of the court until age seventeen is attained. However, prior to being exempted from the provisions of this article, the court may first require that the child concerned be examined physically and tested mentally to assist the court to determine whether or not gainful employment would be more suitable for the child than continued attendance in school. The examination and testing must be conducted by the Department of Youth Services or by any local agency which the court determines to be appropriate. The court shall revoke the exemption provided in this item upon a finding that the child fails to continue in his employment until reaching the age of seventeen years. Home schooling programs. (A) Parents or guardians may teach their children at home if the instruction is approved by the district board of trustees of the district in which the children reside. A district board of trustees shall approve home schooling programs which meet the following standards: (1) the parent: (a) holds at least a high school diploma or the equivalent general educational development (GED) certificate and, beginning in the 1989 90 school year, attains a passing score on the basic skills examination developed pursuant to Section 59 26 20(b)(1) after the State Department of Education has validated the test for use with home schooling parents; or (b) has earned a baccalaureate degree; (2) the instructional day is at least four and one half hours, excluding lunch and recesses, and the instructional year is at least one hundred eighty days; (3) the curriculum includes, but is not limited to, the basic instructional areas of reading, writing, mathematics, science, and social studies and in grades seven through twelve, composition and literature; (4) as evidence that a student is receiving regular instruction, the parent shall present a system for maintaining and maintain the following records for inspection upon reasonable notice by a representative of the school district: (a) a plan book, diary, or other written record indicating subjects taught and activities in which the student and parent engage; (b) a portfolio of samples of the student’s academic work; and (c) a record of evaluations of the student’s academic progress. A semiannual progress report including attendance records and individualized assessments of the student’s academic progress in each of the basic instructional areas specified in item (3) must be submitted to the school district. (5) students must have access to library facilities; (6) students must participate in the annual statewide testing program and the Basic Skills Assessment Program approved by the State Board of Education for their appropriate grade level. The tests must be administered by a certified school district employee either with public school students or by special arrangement at the student’s place of instruction, at the parent’s option. The parent is responsible for paying the test administrator if the test is administered at the student’s home; and (7) parents must agree in writing to hold the district, the district board of trustees and the district’s employees harmless for any educational deficiencies of the student sustained as a result of home instruction. At any time the school district determines that the parent is not maintaining the home school program in keeping with the standards specified in this section the district board of trustees shall notify the parent to correct the deficiencies within thirty days. If the deficiencies are not corrected within thirty days, the district board of trustees may withdraw its approval. (B) The district board of trustees shall provide for an application process which elicits the information necessary for processing the home schooling request, including a description of the program, the texts and materials to be used, the methods of program evaluation, and the place of instruction. Parents must be notified in advance of the date, place, and time of the meeting at which the application is considered by the board and parents may be heard at the meeting. School safety coordinator grant program; funding; requirements. (A) The General Assembly annually shall provide funds in the general appropriations act to be awarded to school districts which choose to employ safety coordinators in accordance with this section. State funds may be awarded for not more than one safety coordinator for each county. The amount of the award for a county for fiscal year 1995 96 may not exceed twenty five thousand dollars, except for counties which are designated as economically distressed pursuant to Section 41 43 180. Economically distressed counties participating in the program shall receive additional state funds for fiscal year 1995 96 in the amount of five thousand five hundred dollars. The amount which may be awarded for a county, including the additional state funds for economically distressed counties, must be increased each fiscal year after 1995 96 by the same percentage as the average teacher salary. (B) An award of state funds to school districts under this program is contingent upon a district or group of districts jointly matching the state grant with an equal amount of funds and in kind contributions; however, school districts located primarily within an economically distressed county are not required to match any portion of the state grant. Additionally, funds only may be awarded where the duties of the safety coordinator relate exclusively to school and district safety functions. It is the intent of the General Assembly that the safety coordinator have a strong background in law enforcement, safety matters, or coordination of relevant services. (C) If a county consists of more than one school district, any or all school districts within the county may apply jointly for funds for a safety coordinator. Each participating school district must provide a portion of the local matching funds based upon the relationship the district’s student membership bears to the total student membership of all participating districts within the county. Nonparticipating school districts in multi district counties may begin participation in the program by contributing to the local match in the same manner as those school districts originally participating in the program. (D) When more than one school district in a multi district county is provided funds under this section, the safety coordinator must be an employee of the school district with the largest student membership during the immediately preceding school year, unless the participating school districts have a memorandum of agreement providing otherwise; however, the safety coordinator must provide services to all participating school districts. (E) For purposes of this section, “student membership” means the cumulative one hundred thirty five day average daily membership during the immediately preceding school year. Seating space; aisle; seats; number and location of pupils. Sufficient seating space must be provided so far as practicable for each passenger transported inside each school bus, an aisle in the school bus must not be less than twelve inches in width and all seats must be securely fastened to the floor or body of the vehicle. All students must be within the body of the bus at all times while the bus is in motion. Students are not permitted any place outside the bus and may not ride with heads or arms protruding through open windows. The number of students assigned to a school bus must not be greater than the manufacturer certified seating capacity, and all passengers transported must have adequate seating area to comply with the occupant protection performance standards required in the Federal Motor Vehicle Safety Standards. Provided, however, that a limited number of excess passengers on regular routes may be permitted until the bus routes can be adjusted to accommodate the overload but not to exceed twenty school days. Training and certification of drivers. (A)(1) Only a person who has been certified by the State Board of Education may drive a school bus, as defined in Section 59 67 10, when transporting preprimary, primary, or secondary students to or from school. (2) When transporting public school students, a driver operating a bus owned by the State, a local school agency, or by a private contractor that is in compliance with Section 56 5 2770 and the National School Bus chrome yellow requirements in Section 59 67 30 must possess a School Bus Driver’s Certificate A, as established by the State Board of Education. A driver awarded a school bus driver’s certificate pursuant to Section 59 67 470 shall be issued the School Bus Driver’s Certificate A. (3) When transporting public school students, a driver operating a bus owned by a local school agency or by a private contractor that is not in compliance with either Section 56 5 2770 or the National School Bus chrome yellow requirements in Section 59 67 30 must possess a School Bus Driver’s Certificate B, as established by the State Board of Education. A driver who possesses a School Bus Driver’s Certificate B may not use traffic control devices permitted in Section 56 5 2770. (B) Any person transporting ten or more preprimary, primary, or secondary students to or from school, school related activities, or childcare in a vehicle with enabled traffic control devices must receive training as to the proper operation of these traffic control devices. The State Department of Education shall establish an appropriate level of driver certification.	Requires a service	Section 59 67 108	State	Statute	Establish appropriate level of driver certification

Inspection of buses. (A)(1) All publicly owned or leased school buses, including buses owned or leased by a public school district, must be inspected annually in compliance with either the State Department of Education’s annual school bus inspection program or the federal Department of Transportation annual inspection program if the standards of the federal inspection program meet or exceed the standards of the state’s program. The State Department of Education shall assist school districts using the Department of Education’s program by providing the training and certification of a limited number of personnel designated by a school district to perform the inspection, providing the inspection manuals and forms, and supplying the inspection certificate stickers for the school buses. The State Department of Education’s assistance must be free of charge. Any savings resulting from the ability to be inspected by either the State Department of Education or the federal Department of Transportation shall be expended on accountability programs set forth in Chapter 18 of this title. (2) All privately owned vehicles designed and used to transport ten or more preprimary, primary, or secondary students to or from school, school related activities, or childcare must be inspected annually. Inspections for these privately owned vehicles must comply with applicable federal inspection requirements. A copy of the vehicle inspection report must be kept on these vehicles at all times. (3) The owner or lessee of a school bus shall be solely responsible for the implementation and accountability of school bus inspections. (B) All school buses are subject to inspection at any time or place by officers of the State Transport Police or inspection forces. A school bus may not continue in operation in the transportation of students when the annual inspection is more than twelve months old or the school bus is found to be unsafe after any inspection until the unsafe conditions disclosed by the inspection have been corrected. Extent of transportation to be provided. (A) The State, acting through the State Board of Education, assumes no obligation to transport any student to or from school who lives within one and one half miles of the school he attends, nor to provide transportation services extending within three tenths of a mile walking distance of the residence of any student, nor to furnish transportation for any student who attends a school outside the school attendance zone in which the student resides when the same grade is taught in an appropriate school that is located within the school district in which the student resides. The State shall bear the cost of transporting students to regularly organized instructional classes in the school attendance area for which state required school credit is given. The State is not responsible for any additional transportation that is not authorized by state law or regulation. (B) The State may assume the obligation of transporting students living within one and one half miles of their schools and within three tenths of a mile walking distance of their residences when it is for the health and safety of the students where hazardous traffic conditions are involved, provided funds are appropriated annually by the General Assembly for this purpose. In these cases, the local school district shall apply in writing to the State Department of Education for the State to assume the financial responsibility for this transportation, provided funds are appropriated annually by the General Assembly for this purpose. If funds are not appropriated by the General Assembly, then neither the State nor a local school district is required to assume this obligation. Highway and railroad traffic hazardous criteria must be established by the school district governing body and must address the safety of the walk zone as it relates to the location of the school to the student’s residence, the traffic patterns, speeds and volume on roadways and railroads, the existence of sidewalks or other walk paths, the student’s age, available crossing control systems and personnel, and other factors considered pertinent. The districts shall weigh the need for state hazardous transportation funds by giving priority to students who are least familiar with traffic movement and the complexity of the traffic hazards. The Department of Education shall equitably allocate appropriated funds to the district for hazardous transportation services, provided funds are appropriated by the General Assembly for this purpose. The department shall receive each district’s applications for transportation within a hazardous area and apply these against the district’s allocation until available funds are exhausted. When available state funds are exhausted, the remaining costs are the responsibility of the respective district, if the local school district has elected to assume this obligation. If funds are not appropriated by the General Assembly, then neither the State nor a local school district shall be required to assume this obligation. (C) Notwithstanding the provisions of subsection (A), the State shall transport and bear the cost of transporting three and four year old students attending public school programs to their residences at the conclusion of a morning child development session and from their residences to an afternoon child development session. (D) The State shall provide school transportation service as closely and safely as practicable, to the residence of each unescorted student who is eligible to receive state funded school transportation service and who is enrolled in a full day four year old child development program or kindergarten through the second grade, provided funds are appropriated annually by the General Assembly for this purpose. The State shall provide school transportation service within two tenths of a mile of each unescorted student’s residence who is eligible to receive state funded school transportation service and who is enrolled in third through fifth grade provided funds are appropriated annually by the General Assembly for this purpose. The special provisions of unescorted students in child development through fifth grade are limited to service documented in the annual route plan. If funds are not appropriated by the General Assembly, then neither the State nor a local school district is required to assume this obligation. Any unescorted stop made pursuant to this subsection is deemed in compliance with any applicable regulation as determined by the State Department of Education. (E) An unescorted student is defined as a student who has no adult or responsible older person available to accompany him to or from the school bus stop for the purpose of providing transportation and whose transportation may be provided pursuant to the provisions of this section if the transportation to meet the unescorted criteria is established by and requested pursuant to the annual route plan. Boats operated by the State Department of Education for transportation of school children from Sandy Island to mainland schools also may be used to transport, on a space available basis only, any Sandy Island resident. A person requesting boat transportation shall present his residence verification to the employee or representative of the State Department of Education who is in charge of the particular boat. The term “resident” as used herein means a person with an official residential address on Sandy Island. Use of these boats by residents shall be only on a space available basis and only at such time as the boat is being otherwise operated on official business. School children in every case shall be given priority of carriage. Provided, that other trips on the Sandy Island boat may be approved by the county school district, in which case the operations, logistics, and all costs shall be borne by the school district to the extent that funds are available. The school district may contract with a third party to operate the ferry and manage the logistics associated with the other trips. Persons who are not residents of Sandy Island may be allowed to be transported by the boat when accompanied by a resident. Any person authorized for transportation pursuant to the provisions of this section shall, prior to boarding, execute a “covenant not to sue” the State of South Carolina or any agency thereof, on a form approved by the State Department of Education. Nothing in this section shall be construed as a waiver of the state’s general immunity from liability and suit.	Requires a service	Section 59 67 535	State	Statute	Transportation of students
Supplies and maintenance of State owned buses; maintenance and supply stations. The Department of Transportation shall be responsible for providing all supplies required for the operation of state owned school buses and for maintaining them in efficient and safe mechanical condition. The department shall be reimbursed periodically by the State Board of Education for expenditures incident to the operation and maintenance of buses, but no charge by, or reimbursement to, the Department of Transportation shall be made except to cover direct and additional expenses incurred by the department on account of the performance of this service. Provided, however, that the Board of Education shall have authority to establish and operate maintenance and supply stations, on an experimental or permanent basis, if it should be determined to be of advantage to the State, and in connection therewith to acquire real property by purchase or lease. Parents and other adult school volunteers or employees authorized to ride route school buses on space available basis. Parents and other adult school volunteers or employees may ride route school buses on a space available basis. Parents and other adults also may ride school buses in conjunction with special programs that are sponsored by the local school district. This use of route school buses shall be in accordance with local school district board policies and programs. School districts may not re route school buses in order to accommodate the pickup of adults authorized to ride school buses as provided by this section. The State is not responsible for any costs associated with parents and other adults riding school buses in conjunction with special programs. The provisions of this section shall not be construed as a waiver or abrogation of the state’s limited immunity from liability and suit under the State Tort Claims Act. Replacement cycle; funding. (A) With funds appropriated by the General Assembly for school bus purchases, the State Board of Education shall implement a school bus replacement cycle to replace approximately one fifteenth of the fleet each year with new school buses, resulting in a complete replacement of the fleet every fifteen years. These funds must not be used for school bus maintenance or fuel. (B) With funds appropriated by the General Assembly for transportation grant programs, the department shall establish a grant program to fund transportation of students to alternate public schools including, but not limited to, vocational second and third choice schools, magnet schools, montessori schools, international baccalaureate schools, and English as a second language schools. Those districts having alternate public schools may apply to the department for grant funds to pay for the additional cost of transporting students to these schools. If funds are not appropriated by the General Assembly for this purpose, then neither the State nor a local school district is required to assume this obligation. Contracts of insurance on State owned school buses. (1) The Director of the Division of General Services, with the approval of the State Budget and Control Board, shall provide insurance coverage on all state owned school buses which are operated under the authority of, and which are being used for the purposes of, Article 3 of this chapter. Such insurance contracts must be provided either through commercial carriers or through the insurance reserve funds of the Division of General Services. The insurance contracts shall provide at least the following benefits: (a) for the lawful occupant of any such school bus who suffers bodily injuries or death, a death benefit of not less than fifty thousand dollars; (b) for the lawful occupant of any such school bus who suffers bodily injuries, an amount sufficient to defray the cost of hospitalization, surgery, dentistry, medicine, and all other medical expenses up to three thousand dollars or such amount as promulgated by regulation of the Department of Education; (c) additional coverage must also be provided for the following named perils: (i) for the loss of both hands or both feet or sight of both eyes, fifty thousand dollars; (ii) for loss of one hand and one foot, thirty thousand dollars; (iii) for loss of either hand or foot and sight of one eye, thirty thousand dollars; and (iv) for loss of either hand or foot or sight of one eye, thirty thousand dollars. (2) The benefits provided for in subsection (1) shall exist without regard to fault or negligence. The insurance shall cover any accident which occurs: (a) while getting on a school bus; (b) while riding within a school bus; (c) by being thrown from within a school bus; (d) while getting off a school bus; (e) by being run down, struck, or run over while crossing a public highway while approaching or leaving a school bus at the point of loading or unloading; or (f) by being run down, struck, or run over by any moving vehicle while en route between home and the point of loading or en route between the point of unloading and home. (3)(a) For any action or claim for damages brought under the provisions of Chapter 78 of Title 15 of the 1976 Code, the liability may not exceed the following limits: (i) Except as provided in Section 59 67 710(3)(a)(iii), no person may recover in any action or claim brought hereunder a sum exceeding two hundred fifty thousand dollars because of loss arising from a single occurrence regardless of the number of agencies or political subdivisions involved. (ii) Except as provided in Section 59 67 710(3)(a)(iv), the total sum recovered hereunder arising out of a single occurrence may not exceed five hundred thousand dollars regardless of the number of agencies or political subdivisions or claims or actions involved. (iii) No person may recover in any action or claim brought hereunder against any governmental entity and caused by the tort of any licensed physician or dentist, employed by a governmental entity and acting within the scope of his profession, a sum exceeding one million dollars because of loss arising from a single occurrence regardless of the number of agencies or political subdivisions involved. (iv) The total sum recovered hereunder arising out of a single occurrence of liability of any governmental entity for any tort caused by any licensed physician or dentist, employed by a governmental entity and acting within the scope of his profession, a sum exceeding one million dollars because of loss arising from a single occurrence regardless of the number of agencies or political subdivisions involved. General obligation bonds; transfers from state general fund to make payments on bonded indebtedness of school districts; maximum amount allowed for transfers. (A) This section applies to existing and future general obligation bonds issued by an operating school unit. For purposes of this section, general obligation bonds are obligations expressly secured by the full faith, credit, and taxing power of the operating school unit that issues the bonds. (B) The county treasurer of a county in which any operating school unit has outstanding general obligation bonds shall notify the State Treasurer on the fifteenth day prior to the due date of any payment of principal or interest on the bonds if the county treasurer does not have on deposit, or there is not on deposit with a paying agent, the sum required to make that payment. If the county treasurer or paying agent does not have on deposit the sum required to make that payment on the third business day prior to the due date, the State Treasurer shall transfer to the county treasurer from the general fund of the State the sum necessary to enable the county treasurer or paying agent to make payment of principal and interest then coming due. However, the total amount to be advanced to operating school units for this purpose in any fiscal year may not exceed the amount appropriated in that year under the Education Finance Act. Immediately upon receipt of the sum from the State Treasurer on a bond for which a paying agent other than the county treasurer has been appointed, the county treasurer shall transfer to the paying agent all amounts required to effect punctual payment of the sum due. The State Treasurer shall withhold from the operating school unit from the next and subsequent distributions of any revenue to that operating school unit sufficient monies necessary to reimburse the general fund of the State for the sums applied to pay the principal and interest on the bonds and for the investment earnings that would have been received on the monies advanced from the general fund. In addition, the State Treasurer may direct the county treasurer to apply to the payment due on the bonds any monies being held by the county treasurer in any fund, other than the sinking fund, derived from state revenue for the operating school unit. (C) The amounts forwarded to any county treasurer by the State Treasurer under subsection (B) must be applied by the county treasurer or paying agent solely to the payment of the principal of or interest on the bonds. The State Treasurer shall notify the State Department of Education, the county auditor, and the superintendent of the operating school unit of payments made and sums withheld pursuant to this section. (D) Whenever the State Treasurer makes a payment to a county treasurer pursuant to subsection (B) and withholds sums from revenue to the operating school unit pursuant to this section, or directs a county treasurer to apply monies for this purpose, the county treasurer shall pay to the operating school unit all collections of property taxes levied for the payment of the operating school unit's general obligation bonds until the sums so withheld or applied have been paid by the county treasurer to the operating school unit from such tax levies. (E) A county auditor in any county in which the provisions of subsection (B) have been implemented for the payment of principal and interest on the general obligation bonds of an operating school unit shall adjust the millage levied for the payment of those bonds in the next fiscal year to the level necessary to provide for the punctual payment of all sums due during that year and shall file a report with the State Treasurer demonstrating compliance with this subsection not later than five business days after setting the millage for this fiscal year. Duties of State Treasurer. Upon adoption of the resolution, a copy shall be transmitted to the State Treasurer together with a concise statement showing the principal and estimated interest payments to become due on the bonds to be issued. If the State Treasurer determines (a) that sufficient funds can reasonably be expected to accrue to the school district from State revenues otherwise applicable to the school district for other purposes to provide debt service on the bonds, (b) that the resolution provides adequate assurance that ad valorem taxes will be levied annually on all taxable property within the school district sufficient to pay the principal and interest on the bonds as they become due and (c) that an interest savings can be expected to result from his approval of the resolution, the State Treasurer shall approve the resolution by signing it. It is not the intent of this section to give the State Treasurer authority to approve or disapprove a local bond issue.	Not related to agency deliverable	Section 59 71 320	State	Statute	
Rules and regulations. The State Treasurer is hereby authorized to prescribe rules and regulations (a) requiring the filing of such information as he deems pertinent with respect to bonds to be sold with the provision authorized by Section 1 of 1973 Act No. 378, (b) requiring school districts issuing bonds to provide him with an analysis of each annual tax levy to be made therein before it is imposed, (c) providing for the immediate withholding of any funds due to a school district which fails to impose adequate millage for debt service, or which fails to perform any of the terms and provisions contained in any such resolution or to comply with any such rules and regulations. Levy of additional tax. The State Comptroller is directed in any year to levy and the State Treasurer is directed to collect in any school district which does not levy adequate millage for that year, to provide debt service to become due on bonds sold with the provision authorized by Section 1 of 1973 Act No. 378, an ad valorem tax on all taxable property in the school district without limit as to rate or amount sufficient to pay the principal of and interest on the bonds as they become due, including all bonds and coupons paid by him pursuant to Section 2 of 1973 Act No 378. A notice of such tax levy shall be provided to the district board by March first.	Not related to agency deliverable	Section 59 71 340	State	Statute	
Election. The election hereby required shall be ordered by the authorities, who shall fix the date thereof and prescribe the form of the notice of the holding of the election. Advices of the action thus taken by the authorities shall be transmitted to the commissioners of election for the county, or counties, wherein the election is to be held. It shall thereupon become the duty of the commissioners of election to conduct the election so ordered. To that end, the commissioners of election shall prescribe the form of ballot, arrange for voting places in each precinct, or any part of a precinct, constituting all or a portion of the operating school unit, appoint managers, and receive the returns of the election. After duly canvassing the returns, the commissioners of election shall declare the results thereof and certify such results to the authorities. Limits on aggregates of indebtedness; maturity date. The aggregate outstanding principal indebtedness on account of bonds issued for capital improvements and other purposes, after deducting that part of any sinking fund applicable to the retirement of bonds issued for such purposes, shall never exceed one hundred thirty seven million, five hundred thousand dollars. The aggregate outstanding principal indebtedness on account of bonds issued to acquire the school bus equipment authorized by the provisions of Article 3 of Chapter 67 of this Title, after deducting that part of any sinking fund applicable to the retirement of bonds issued for such purpose, shall never exceed nine million dollars. Within such limits, State school bonds may be issued from time to time under the conditions prescribed by this article, but in no event to mature later than July 1, 1991.	Not related to agency deliverable	Section 59 71 420	State	Statute	
Request for issuance of bonds. Before any State school bonds are issued, the State Board of Education shall transmit to the Governor and to the State Treasurer a request for the issuance thereof and shall embody in such request: (a) A schedule showing the aggregate of bonds issued pursuant to previous requests, the purposes for which they were issued, the annual payments required to retire such bonds, the interest thereon and the amount of sinking fund applicable to the retirement of such outstanding bonds, apportioned in accordance with the requirement of Section 59 71 570; (b) the amount of bonds sought to be issued; (c) a schedule showing future annual principal requirements and estimated annual interest requirements on the bonds requested to be issued; (d) a schedule showing (i) the estimated total funds required to cover applications for capital improvements and other purposes to be approved by the Board in that fiscal year; (ii) the amount of funds then available to apply on such applications and; (iii) the remaining amount required to cover such applications, being the amount for which it is proposed that State school bonds be issued. Form of bonds; registration. State school bonds issued pursuant to this article may be in the form of negotiable coupon bonds, payable to bearer, with the privilege to the holder of having them registered in his name on the books of the State Treasurer as to principal only, or as to both principal and interest, and such principal, or both principal and interest, as the case may be, thus made payable to the registered holder, subject to such conditions as the State Treasurer may prescribe. State school bonds so registered as to principal in the name of the holder may thereafter be registered as payable to bearer and made payable accordingly. State school bonds may also be issued as fully registered bonds with both principal and interest thereof made payable only to the registered holder. Such fully registered bonds shall be subject to transfer under such conditions as the State Treasurer may prescribe. Such fully registered bonds may, if the proceedings authorizing their issuance so provide, be convertible into negotiable coupon bonds with the attributes set forth in the first paragraph of this section. Interest; maturities; redemption. State school bonds shall bear interest, payable semiannually, at a rate or rates not exceeding the maximum interest rate specified in the Board's request for the issuance thereof. Each issue of State school bonds shall mature in annual series or installments, the first of which annual series or installments shall mature not more than ten years after the date of the bonds and the last not more than twenty four years after such date. The installments or series may be equal or unequal in amount. State school bonds may, in the discretion of the Board, be made subject to redemption at par and accrued interest, plus such redemption premium as it shall approve and on such occasions as it may specify in its request for the issuance of such bonds. State school bonds shall not be redeemable before maturity unless they contain a statement to that effect.	Not related to agency deliverable	Section 59 71 480	State	Statute

Notice of election. Notice of the holding of such an election shall be given by publication thereof, in some newspaper published in the county wherein the operating school unit is located, at least once not less than fifteen days prior to the occasion set for the holding of such election. If the operating school unit lies partly in one county and partly in another the publication required by this section shall be made in both counties. Such notice shall state: (1) The occasion of the holding of the election; (2) The location of the several polling places; (3) The qualifications imposed upon persons desirous of voting; (4) The amount of bonds to be issued; and (5) A brief description of the purpose for which the proceeds of the bonds shall be applied. Sale of bonds. State school bonds whose proceeds are to be applied exclusively to the purchase of school bus equipment may be privately placed, if the terms and conditions of such disposition shall be approved by resolution duly adopted by the State Budget and Control Board. All other State school bonds shall be sold by the Governor and the State Treasurer upon sealed proposals, after publication of notice of such sale one or more times at least ten days before such sale, in a newspaper of general circulation in the State and also in a financial paper published in New York City which regularly publishes notices of sale of state or municipal bonds. The bonds shall be awarded to the highest bidder at a price not less than par and accrued interest to the date of delivery, but the right shall be reserved to reject all bids and to readvertise the bonds for sale. For the purpose of bringing about successful sales of such bonds, the Board may do all things ordinarily and customarily done in connection with the sale of State or municipal bonds. Disposition of proceeds of sale. The proceeds of the sale of State school bonds shall be received by the State Treasurer and placed by him to the credit of the State Board of Education, except that the premium, if any, shall be placed in the sinking fund established by Section 59 71 570 and the accrued interest, if any, shall be used to discharge in part the first interest to become due on such bonds. On the occasion that he receives the proceeds of State school bonds from the purchasers, the State Treasurer shall segregate that part of the proceeds which are intended for allocation to school districts for capital improvements and other purposes from that portion intended for the purchase of school bus equipment, but the purchasers of such bonds shall in no wise be liable for the proper application of the proceeds to the purposes for which they are intended. The State Board of Education shall in turn credit each of the several school districts with its proportionate share of the proceeds of the bonds applicable to capital improvements and other purposes, each district's share being determined in the ratio of its public school enrollment to the enrollment of the State as a whole. Sinking fund payments. If the annual principal payment on account of outstanding bonds be less than five per cent of the aggregate of all bonds outstanding, there shall be placed in the sinking fund hereby established for the retirement of State school bonds such sum as is the difference between five per cent of the outstanding State school bonds and the amount retired by way of principal of such outstanding bonds during such year. The sinking fund shall be duly apportioned between debt existing by reason of borrowings for advances to the school districts or operating units of the several counties and debt existing by reason of borrowings to defray the cost of acquiring school bus equipment, in the proportion that each bears to the total of State school bonds outstanding. Notwithstanding the preceding paragraph, the remaining balance in the Sinking Fund as of July first, 1981, shall be remitted to the General Fund of the State. Standards established; status reports to parents; decrease in student to physical education teacher ratio. (A) The goal of this article is to provide every elementary student with the equivalent of thirty minutes of physical activity daily. Beginning in the 2006 07 school year, students in kindergarten through fifth grade must be provided a minimum of one hundred fifty minutes a week of physical education and physical activity. In 2006 07, a minimum of sixty minutes a week must be provided in physical education, and as Section 59 10 20 is phased in, the minimum time for physical education must be increased to ninety minutes a week. The certified physical education teacher to student ratio is designed to provide students in kindergarten through fifth grade with scheduled physical education either every day or on alternate days throughout the school year and must be based on the South Carolina Physical Education Curriculum Standards. The student to teacher ratio in a physical education class may not exceed the average student to teacher ratio of 28 to 1. An individual student's fitness status must be reported to his parent or guardian during a student's fifth grade, eighth grade, and high school physical education courses. The physical activity must be planned and coordinated by the Physical Education Activity Director pursuant to Section 59 10 30. (B) A student may be exempted from these physical education and activity requirements required by subsection (A) by seeking a waiver as outlined in Section 59 29 80(B). (C) During each year of implementation of the reduced student to physical education teacher ratio, each district shall report to the State Department of Education by June fifteenth, the number of minutes of physical education instruction and the minutes of additional physical activity students receive daily with a total for the week. The report must be listed by elementary school and by individual class and grade level. The State Department of Education shall provide a summary of this information to the General Assembly by December first of each year of implementation. (D) The implementation of decreased student to teacher ratio and increased instruction in physical education pursuant to Section 59 10 20 is not intended to replace or reduce time dedicated to instruction in the arts taught by certified arts specialists. <p>Parent education programs. The State Board of Education, through the Department of Education and in consultation with the Education Oversight Committee, shall promulgate regulations for establishing parenting/family literacy programs to support parents in their role as the principal teachers of their preschool children. The programs must provide parent education to parents and guardians who have children ages birth through five years and who choose to participate in the programs and must include intensive and special efforts to recruit parents or guardians whose children are at risk for school failure. The program or programs also should include developmental screening for children and offer parents of children from birth through five years opportunities to improve their education if the parents do not possess a high school diploma or equivalent certificate.</p> <p>The State Board of Education, through the Department of Education and after consultation with the Education Oversight Committee, shall promulgate regulations to implement parenting/family literacy programs in all school districts or consortia of school districts. Priority must be given to serving those parents whose children are considered at risk for school failure according to criteria established by the State Board of Education. From funds appropriated for the programs, an adequate number of those parenting programs funded under the Target 2000 Act shall receive priority in funding for fiscal years 1993 94 and 1994 95 and must be funded at no less than the level received in fiscal year 1992 93 contingent upon their agreeing to provide technical assistance to other districts and schools planning and implementing parenting/family literacy programs in concert with the Department of Education's technical assistance process required in this chapter. Only those projects whose evaluations show them to be most effective may be selected based on criteria developed by the State Department of Education in consultation with the Education Oversight Committee.</p> <p>Beginning in fiscal year 1995 96 for districts with Target 2000 Act parenting programs and in fiscal year 1993 94 for all other school districts and district consortia, funding must be allocated to districts and consortia serving more than two thousand pupils on a base amount of not less than forty thousand dollars with any additional appropriation to be distributed based on the number of free and reduced price lunch eligible students in grades one through three in a district or consortium relative to the total free and reduced price lunch eligible students in grades one through three in the State. The programs developed in each district and consortium may draw upon lessons learned from parenting programs funded under this section.</p> <p>The State Board of Education, through the Department of Education, in developing the regulations for this program shall consult with representatives of the Department of Health and Environmental Control, Department of Social Services, the South Carolina State Library, and Health and Human Services Finance Commission, and with adult education and early childhood specialists. In developing the regulations, the State Board and State Department of Education shall consider the guidelines developed for the Target 2000 Act parenting programs and any available evaluation data.</p> <p>By December, 1993, the chairman of the Human Services Coordinating Council shall convene a committee consisting of supervisors of programs dealing with early childhood and parenting from the Department of Education, Department of Health and Environmental Control, the Department of Social Services, the South Carolina State Library, and the Health and Human Services Finance Commission; at least one representative from each of these agencies who administer these programs at the county and district level; and adult education and early childhood specialists. The Executive Director of the Finance Commission shall chair this committee. By July 1, 1994, this committee shall report to the Education Oversight Committee and the Joint Committee on Children ways to better coordinate programs for parenting and literacy and recommend changes to each agency's state regulations or provisions of law which would better promote coordination of programs. The Department of Health and Environmental Control, the Department of Social Services, and the Health and Human Services Finance Commission shall direct their employees at the county and district levels to cooperate with school district officials in establishing parenting/family literacy programs.</p>	Report our agency must/may provide;	Section 59-1-450	State	Statute	Board, Commission, or Committee on which someone from our agency may/must serve
<p>Parental involvement program; parent/teacher conferences. (A) The State Department of Education shall develop a parental involvement program for use in elementary and secondary schools with grades four through eight. The purpose of the program is to improve parental participation in their child's school progress, ensure a smooth transition between the various levels of schooling and phases of education, increase communication between the school, parent, and child, provide greater accountability between the parent, school, and child, and lessen the possibility on all levels that parents are only provided opportunity to react to problems involving their child after such problems occur.</p> <p>(B) The parental involvement program should include such activities as regular visitation by parents to their child's school, involving parents, teachers, and administrators in school training sessions on such issues as communication between the school, parent, and child, student discipline, importance of homework, the taking and understanding of standardized testing and test scores, and general literacy.</p> <p>(C) Teachers shall maintain a record signed by the parent and teacher of parent conferences annually that identify the date, time, and response of parent/teacher conferences.</p>	Distribute funding to another entity	Section 59-1-454	State	Statute	
<p>Distribution of funds for deferred compensation.</p> <p>Funds appropriated by the General Assembly for a deferred compensation employer matching contribution must be distributed by the State Department of Education to school districts for the purpose of providing an employer matching contribution for eligible school district employees making contributions to deferred compensation plans offered by the South Carolina Deferred Compensation Commission or, after December 31, 2013, the South Carolina Public Employee Benefit Authority, or other approved and qualified plans of other providers. These funds must be distributed in a manner consistent with the provisions of Section 8 23 110. Data use and governance policy. (A) The provisions of this section must be known and may be cited as the “South Carolina Department of Education Data Use and Governance Policy”. (B) The policy of the State Department of Education with respect to use and governance of student data is to ensure that all data collected, managed, stored, transmitted, used, reported, and destroyed by the department is done so in a way to preserve and protect individual and collective privacy rights and ensure confidentiality and security of collected data. In developing this policy, the State strives to: (1) maintain compliance with the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. Section 1232g, at a minimum; and (2) be mindful that the appropriate use of data is essential to accelerating student learning, program and financial effectiveness and efficiency, and policy development. (C) The State Department of Education shall not collect individual student data directly from students or families, except as required to meet its obligations under the Individuals with Disabilities Education Act. Each student is assigned a unique student identifier upon enrollment into the student management system to ensure compliance with the privacy rights of the student and his parents or guardians. No personally identifiable individual student data may be shared in federally required reporting. (D) All data elements collected and transferred from the South Carolina State Department of Education to the United States Department of Education must be based on the reporting requirements contained in EDFacts as provided by the United States Department of Education, or other federal laws and regulations, and only may include aggregated data with no personally identifiable data. (E) Data collected by the State Department of Education must be maintained within a secure infrastructure environment. Access to this data must be limited to preidentified staff who are granted clearance related to their job responsibilities of federal reporting, state financial management, program assessment, and policy development. Training in data security and student privacy laws must be provided to these specific individuals on a regular basis in order to maintain their data use clearance along with a signed Data Use Policy assurance of confidentiality and privacy. (F) The State Department of Education shall maintain a managed external data request procedure managed through a Data Governance Committee. Each external data request is measured against a predetermined set of qualifiers that includes, but must not be limited to, applicability to the goals of the State Board of Education, data availability, report format ability, cost of report development, and adherence to FERPA requirements. (G) Each school district in this State shall adopt, maintain, and comply with a locally adopted student records governance and use policy. These policies and their implementation shall be monitored by the State Department of Education in a manner prescribed by the department through policy. Grant program to enhance teaching of grade specific standards and increase K 5 performance in core academic areas; criteria. The State Department of Education shall implement a schoolwide grant program to enhance the teaching of the grade specific standards adopted by the State Board of Education and to increase the academic performance of students in grades K 5 in the core academic areas of reading, mathematics, social studies, and science. The grant shall include an evaluation component to measure the success of increasing student performance and the teaching of the standards. Of the reading, mathematics, social studies, and science appropriation for this purpose from lottery proceeds each year, \$500,000 must be used for teacher in service training and professional development related to Project Read. The awarding of grants shall be based upon their ability to promote the goals of providing every student with the competencies to: (1) read, view, and listen to complex information in the English language; (2) write and speak effectively in the English language; (3) solve problems by applying mathematics; (4) conduct research and communicate findings; (5) understand and apply scientific concepts; (6) obtain a working knowledge of world, United States, and South Carolina history, government, economics, and geography; and (7) use information to make decisions. Additionally, grants shall be awarded based upon the likelihood that receiving such grants shall strengthen the above referenced skills and increase the academic performance of students in the core academic areas. In the awarding of grants every effort should be made to ensure that all geographic areas of the State are represented. First priority shall be given to acceptable grants from schools rated as below average or unsatisfactory and grants designed to increase academic performance of historically underachieving students. Virtual education program; eligibility to enroll; grades; exams; computer equipment and internet access. (A) The State Board of Education is authorized to establish a virtual education program to provide South Carolina students access to distance, online, or virtual learning courses offered for an initial unit of credit. Additionally, the virtual education program shall offer access to credit recovery programs for students who have been identified by a school district as not having received credit for a course previously taken or for students who have been identified by a school district as not likely to receive credit for a course in which the student is currently enrolled. Students may enroll in courses for credit recovery based on policies established by the State Board of Education. The virtual education program shall not award a South Carolina High School diploma. (B) A public, private, or homeschool student residing in South Carolina who is twenty one years of age or younger must be eligible to enroll in the virtual education program. A private school or home school student enrolled in the virtual education program must not be entitled to any rights, privileges, courses, activities, or services available to a public school student other than receiving an appropriate unit of credit for a completed course. (C) Local school districts shall accurately transcribe a student’s final numeric grade to the student’s permanent record and transcript. Home school students and private school students shall receive a certified grade report indicating date, course, and final numeric grade from the virtual education program or an entity approved by the State Board of Education. (D) Students enrolled in an online course for a unit of credit must be administered final exams and appropriate state assessments in a proctored environment. (E) It is not the responsibility of the school, district, or state to provide home computer equipment and Internet access for enrollment in courses provided by the virtual education program. However, nothing in this section shall prohibit a school or district from providing home computer equipment or Internet access to students enrolled in the virtual education program. Housing and management of program; standards for courses; instructor certification and training. (A) The South Carolina Virtual School Program shall be housed in and managed by the State Department of Education. The department may contract for distance learning courses, develop courses, or approve courses submitted by entities. (B) Each course offered for a unit of credit shall be reviewed for correlation with the state adopted academic standards prior to being offered. (C) All distance, online, or virtual learning courses offered for a unit of credit must be aligned with the state adopted academic standards, include appropriate course materials, and be approved by the State Department of Education. (D) Instructors must hold a valid teaching certificate in each content area being taught or receive approval from the State Department of Education to teach the course. (E) All virtual schoolteachers must receive appropriate preservice and in service training pertaining to the organization, classroom management, technical aspects, monitoring of student assessment, and other pertinent training from the State Department of Education. Definitions As used in this chapter: (1) “Distance learning” means the acquisition of knowledge and skills through mediated information and instruction, encompassing all technologies and other forms of learning at a distance. Distance learning includes online and virtual courses. (2) “Online learning” means learning delivered by web based or internet based technologies. (3) “Proctored” means directly monitored by an adult authorized by the South Carolina Virtual School Program. (4) “Virtual classroom” means the online learning space where students and instructors interact. (5) “School year” means the one hundred eighty days of student instruction required pursuant to Section 59 1 420 and student instruction received as part of a summer school program. (6) “Credit recovery” means self paced, semester long courses that target learning in areas of greatest weakness, allowing nontraditional or at risk students to rapidly complete courses, recover credits, and progress to graduation. Performance based accountability system for public education established; “accountability” defined. The General Assembly finds that South Carolinians have a commitment to public education and a conviction that high expectations for all students are vital components for improving academic achievement. It is the purpose of the General Assembly in this chapter to establish a performance based accountability system for public education which focuses on improving teaching and learning so that students are equipped with a strong academic foundation. Accountability, as defined by this chapter, means acceptance of the responsibility for improving student performance and taking actions to improve classroom practice and school performance by the Governor, the General Assembly, the State Department of Education, colleges and universities, local school boards, administrators, teachers, parents, students, and the community.	Requires a service	Section 59-18-100	State	Statute	
Objectives. The system is to: (1) use academic achievement standards to push schools and students toward higher performance by aligning the state assessment to those standards and linking policies and criteria for performance standards, accreditation, reporting, school rewards, and targeted assistance; (2) provide an annual report card with a performance indicator system that is logical, reasonable, fair, challenging, and technically defensible, which furnishes clear and specific information about school and district academic performance and other performance to parents and the public; (3) require all districts to establish local accountability systems to stimulate quality teaching and learning practices and target assistance to low performing schools; (4) provide resources to strengthen the process of teaching and learning in the classroom to improve student performance and reduce gaps in performance; (5) support professional development as integral to improvement and to the actual work of teachers and school staff; and (6) expand the ability to evaluate the system and to conduct in depth studies on implementation, efficiency, and the effectiveness of academic improvement efforts. Palmetto Gold and Silver Awards Program established; criteria. The State Board of Education, working with the division and the Department of Education, must establish the Palmetto Gold and Silver Awards Program to recognize and reward schools for academic achievement and for closing the achievement gap. Awards will be established for schools attaining high levels of absolute performance, for schools attaining high rates of growth, and for schools making substantial progress in closing the achievement gap between disaggregated groups. The award program must base improved performance on longitudinally matched student data and may include such additional criteria as: (1) student attendance; (2) teacher attendance; (3) graduation rates; and (4) other factors promoting or maintaining high levels of achievement and performance. Schools shall be rewarded according to specific criteria established by the division. In defining eligibility for a reward for high levels of performance, student performance should exceed expected levels of improvement. The State Board of Education shall promulgate regulations to ensure districts of the State utilize these funds to improve or maintain exceptional performance according to their school’s plans established in Section 59 139 10. Funds may be utilized for professional development support. Special schools for the academically talented are not eligible to receive an award pursuant to the provisions of this section unless they have demonstrated improvement and high absolute achievement for three years immediately preceding. Grant of flexibility of receiving exemption from regulations; criteria; continuation of and removal from flexibility status. (A) Notwithstanding any other provision of law, a school is given the flexibility of receiving exemptions from those regulations and statutory provisions governing the defined program provided that, during a three year period, the following criteria are satisfied: (1) the school has twice been a recipient of a Palmetto Gold or Silver Award, pursuant to Section 59 18 1100; (2) the school has met annual improvement standards for subgroups of students in reading and mathematics; and (3) the school has exhibited no recurring accreditation deficiencies. (B) Schools receiving flexibility status are released from those regulations and statutory provisions referred to above including, but not limited to, regulations and statutory provisions on class scheduling, class structure, and staffing. (C) To continue to receive flexibility pursuant to this section, a school must annually exhibit school improvement at or above the state average as computed in the school recognition program pursuant to Section 59 18 1100 and must meet the gains required for subgroups of students in reading and mathematics. A school which does not requalify for flexibility status due to extenuating circumstances may apply to the State Board of Education for an extension of this status for one year. (D) In the event that a school is removed from flexibility status, the school is not subject to regulations and statutory provisions exempted under this section until the beginning of the school year following notification of the change in status by the State Department of Education. Subsequent monitoring by the State Department of Education in a school that is removed from flexibility status shall not include a review of program records exempted under this section for the period that the school has received flexibility status or for the school year during which the school was notified of its removal from flexibility status. Grant of flexibility of exemption from regulations and statutes to school designated as school/district at risk; extension to other schools. (A) Notwithstanding any other provision of law, a school designated as school/district at risk while in such status is given the flexibility of receiving exemptions from those regulations and statutory provisions governing the defined program or other State Board of Education regulations, dealing with the core academic areas as outlined in Section 59 18 120, provided that the review team recommends such flexibility to the State Board of Education. (B) Other schools may receive flexibility when their school renewal plan explains why such exemptions are expected to improve the academic performance of the students and the plan meets the approval by the State Board of Education. To continue to receive flexibility pursuant to this section, a school must annually exhibit overall school improvement as outlined in its revised plan and must meet the gains set for subgroups of students in content areas included in the accountability assessments. A school which does not requalify for flexibility status due to extenuating circumstances may apply to the State Board of Education for an extension of this status for one year according to the provisions of Section 59 18 1110(D). Use of funds appropriated for professional development. (A) Notwithstanding another provision of law to the contrary, funds appropriated for professional development must be used for certificated instructional and instructional leadership personnel in grades kindergarten through twelve in the academic areas for which State Board of Education standard documents have been approved to better link instruction and lesson plans to the standards and to statewide adopted readiness assessment tests, to develop classroom assessments consistent with the standards and testing measures, and to analyze assessment results for needed modification in instructional strategies. No more than five percent of funds appropriated for professional development may be retained by the State Department of Education for administration of the program; however, a district may choose to purchase professional development services provided by the State Department of Education with the funds allocated to the districts for professional development. Funds also may be expended for certificated instructional and instructional leadership personnel in grades six through twelve to achieve competency in teaching reading to students who score below proficient on the reading component of assessment tests. (B) Two hundred fifty thousand dollars of the funds allocated to professional development must be provided to the State Department of Education to implement successfully the South Carolina Readiness Assessment by creating a validation process for teachers to ensure reliable administration of the assessment, providing professional development on effective utilization, and establishing the relationship between the readiness measure and third grade standards based assessments. Multi day work sessions must be provided around the State during the summer, fall, and winter using staff development days and teacher workdays. Two of the remaining professional development days must be set aside for the specific purpose of preparing and opening schools. District instructional leaders, regional service centers, consortia, development personnel, university faculty, contracted providers, and the resources of the Educational Television Network may be used to implement the professional development initiative. Teachers participating in the program shall receive credit toward recertification according to State Board of Education guidelines. Funds provided for professional development on standards may be carried forward into the current fiscal year to be expended for the same purpose. No less than twenty five percent of the funds allocated for professional development may be expended on the teaching of reading, which includes teaching reading across content areas in grades three through eight. Definitions. As used in this chapter: (1) "Oversight Committee" means the Education Oversight Committee established in Section 59 6 10. (2) "Standards based assessment" means an assessment where an individual's performance is compared to specific performance standards and not to the performance of other students. (3) "Disaggregated data" means data broken out for specific groups within the total student population, such as by race, gender, level of poverty, limited English proficiency status, disability status, or other groups as required by federal statutes or regulations. (4) "Longitudinally matched student data" means examining the performance of a single student or a group of students by considering their test scores over time. (5) "Academic achievement standards" means statements of expectations for student learning. (6) "Department" means the State Department of Education. (7) "Absolute performance" means the rating a school will receive based on the percentage of students meeting standard on the state's standards based assessment. (8) "Growth" means the rating a school will receive based on longitudinally matched student data comparing current performance to the previous year's for the purpose of determining student academic growth. (9) "Objective and reliable statewide assessment" means assessments that yield consistent results and that measure the cognitive knowledge and skills specified in the state approved academic standards and do not include questions relative to personal opinions, feelings, or attitudes and are not biased with regard to race, gender, or socioeconomic status. The assessments must include a writing assessment and multiple choice questions designed to reflect a range of cognitive abilities beyond the knowledge level. Constructed response questions may be included as a component of the writing assessment. (10) "Division of Accountability" means the special unit within the oversight committee established in Section 59 6 100. (11) "Formative assessment" means assessments used within the school year to analyze general strengths and weaknesses in learning and instruction, to understand the performance of students individually and across achievement categories, to adapt instruction to meet students' needs, and to consider placement and planning for the next grade level. Data and performance from the formative assessments must not be used in the calculation of school or district ratings.	Not related to agency deliverable	Section 59-18-120	State	Statute	
District accountability system; development and review. The State Board of Education, based on recommendations of the division, must develop regulations requiring that each district board of trustees must establish and annually review a performance based accountability system, or modify its existing accountability system, to reinforce the state accountability system. Parents, teachers, and principals must be involved in the development, annual review, and revisions of the accountability system established by the district. The board of trustees shall ensure that a district accountability plan be developed, reviewed, and revised annually. In order to stimulate constant improvement in the process of teaching and learning in each school and to target additional local assistance for a school when its students' performance is low or shows little improvement, the district accountability system must build on the district and school activities and plans required in Section 59 139 10. In keeping with the emphasis on school accountability, principals should be actively involved in the selection, discipline, and dismissal of personnel in their particular school. The date the school improvement reports must be provided to parents is changed to February first. The Department of Education shall offer technical support to any district requesting assistance in the development of an accountability plan. Furthermore, the department must conduct a review of accountability plans as part of the peer review process required in Section 59 139 10(H) to ensure strategies are contained in the plans that shall maximize student learning. Schools rated below average or school/district at risk; renewal plan and compensation packages; notice to parents and publication in newspaper; department support; regional workshops. (A) When a school receives a rating of below average or school/district at risk, the following actions must be undertaken by the school, the district, and the board of trustees: (1) The faculty of the school with the leadership of the principal must review its renewal plan and revise it with the assistance of the school improvement council established in Section 59 20 60. The revised plan should look at every aspect of schooling, and must outline activities that, when implemented, can reasonably be expected to improve student performance and increase the rate of student progress. The plan must include actions consistent with each of the alternative researched based technical assistance criteria as approved by the Education Oversight Committee and the State Department of Education and consistent with the external review team report. The plan should provide a clear, coherent plan for professional development, which has been designed by the faculty, that is ongoing, job related, and keyed to improving teaching and learning. A school renewal plan must address professional development activities that are directly related to instruction in the core subject areas and may include the use of funds appropriated for technical assistance to provide compensation incentives in the form of salary supplements to classroom teachers who are certified by the State Board of Education. The purpose of the compensation packages is to improve student achievement and to improve the recruitment and retention of teachers with advanced degrees in schools designated as below average or school/district at risk. If the school renewal plan is approved, the school shall be permitted to use technical assistance funds to provide the salary supplements. A time line for implementation of the activities and the goals to be achieved must be included. (2) Once the revised plan is developed, the district superintendent and the local board of trustees shall review the school’s strategic plan to determine if the plan focuses on strategies to increase student academic performance. Once the district board has approved the plan, it must delineate the strategies and support the district will give the plan. (3) After the approval of the revised plan, the principals’ and teachers’ professional growth plans, as required by Section 59 26 40 and Section 59 24 40, should be reviewed and amended to reflect the professional development needs identified in the revised plan and must establish individual improvement criteria on the performance dimensions for the next evaluation. (4) The school, in conjunction with the district board, must inform the parents of children attending the school of the ratings received and must outline the steps in the revised plan to improve performance, including the support which the board of trustees has agreed to give the plan. This information must go to the parents no later than February first. This information also must be advertised in at least one South Carolina daily newspaper of general circulation in the area. This notice must be published within ninety days of receipt of the report cards issued by the State Department of Education and must be a minimum of two columns by ten inches (four and one half by ten inches) with at least a twenty four point bold headline. The notice must include the following information: name of school district, name of superintendent, district office telephone number, name of school, name of principal, telephone number of school, school’s absolute performance rating and growth performance rating on student academic performance, and strategies which must be taken by the district and school to improve student performance. (5) Upon a review of the revised plan to ensure it contains sufficiently high standards and expectations for improvement, the Department of Education is to delineate the activities, support, services, and technical assistance it will make available to support the school’s plan and sustain improvement over time. Schools meeting the criteria established pursuant to Section 59 18 1550 will be eligible for the grant programs created by that section. (B) The Department of Education shall provide regional workshops to assist schools in formulating school renewal plans based on best practices that positively improve student achievement. The chairman of the local board of education or a board member designee, the superintendent or district instructional leader, and the principal of any school receiving technical assistance funds must attend at least one of the regional workshops. Implementation of external review team process; activities and recommendations. (A) When a school receives a rating of school/district at risk or upon the request of a school rated below average, an external review team process must be implemented by the Department of Education to examine school and district educational programs, actions, and activities. The Education Oversight Committee, in consultation with the State Department of Education, shall develop the criteria for the identification of persons to serve as members of an external review team which shall include representatives from selected school districts, respected retired educators, State Department of Education staff, higher education representatives, parents from the district, and business representatives. (B) The activities of the external review team may include: (1) examining all facets of school operations, focusing on strengths and weaknesses, determining the extent to which the instructional program is aligned with the content standards, and recommendations which draw upon strategies from those who have been successful in raising academic achievement in schools with similar student characteristics; (2) consulting with parents, community members, and members of the School Improvement Council to gather additional information on the strengths and weaknesses of the school; (3) identifying personnel changes, if any, that are needed at the school and/or district level and discuss such findings with the board; (4) working with school staff, central offices, and local boards of trustees in the design of the school’s plan, implementation strategies, and professional development training that can reasonably be expected to improve student performance and increase the rate of student progress in that school; (5) identifying needed support from the district, the State Department of Education, and other sources for targeted long term technical assistance; (6) reporting its recommendations, no later than three months after the school receives the designation of school/district at risk to the school, the district board of trustees, and the State Board of Education; and (7) reporting annually to the local board of trustees and state board over the next four years, or as deemed necessary by the state board, on the district’s and school’s progress in implementing the plans and recommendations and in improving student performance. (C) Within thirty days, the Department of Education must notify the principal, the superintendent, and the district board of trustees of the recommendations approved by the State Board of Education. After the approval of the recommendations, the department shall delineate the activities, support, services, and technical assistance it will provide to the school. With the approval of the state board, this assistance will continue for at least three years, or as determined to be needed by the review committee to sustain improvement. Declaration of emergency; hearing; courses of action. If the recommendations approved by the state board, the district’s plan, or the school’s revised plan are not satisfactorily implemented by the school rated school/district at risk and its school district according to the time line developed by the State Board of Education or if student academic performance has not met expected progress, the principal, district superintendent, and members of the board of trustees must appear before the State Board of Education to outline the reasons why a state of emergency should not be declared in the school. The state superintendent, after consulting with the external review committee and with the approval of the State Board of Education, shall be granted the authority to take any of the following actions: (1) furnish continuing advice and technical assistance in implementing the recommendations of the State Board of Education; (2) declare a state of emergency in the school and replace the school’s principal; or (3) declare a state of emergency in the school and assume management of the school. Teacher and principal specialists; recruitment, eligibility, duties, and incentives. (A) Teacher specialists on site may be assigned to an elementary, middle, or high school designated as below average or school/district at risk. Teacher specialists may be placed across grade levels and across subject areas when placement meets program criteria based on external review team recommendations, need, number of teachers receiving support, certification, and experience of the specialist. The Department of Education, in consultation with the Division of Accountability, shall develop a program for the identification, selection, and training of teachers with a history of exemplary student academic achievement to serve as teacher specialists on site. Retired educators may be considered for specialists. (B) In order to sustain improvement and help implement the review team’s recommendations, the specialists will teach and work with the school faculty on a regular basis throughout the school year for up to three years, or as recommended by the review team and approved by the state board. Teacher specialists are limited to three years of service at one school unless the specialist submits application for an extension, the application is accepted by the State Department of Education, and placement is made. Upon acceptance and placement, the specialist can receive the salary and supplement for two additional years but is no longer attached to the home district or guaranteed placement in the home district upon leaving the teacher specialist program. Teacher specialists must teach a minimum of three hours per day on average in team teaching or teaching classes. Teacher specialists shall not be assigned administrative duties or other responsibilities outside the scope of this section. The specialists will assist the school in gaining knowledge of best practices and well validated alternatives, demonstrate effective teaching, act as coach for improving classroom practices, give support and training to identify needed changes in classroom instructional strategies based upon analyses of assessment data, and support teachers in acquiring new skills. School districts are asked to cooperate in releasing employees for full time or part time employment as a teacher specialist. (C) To encourage and recruit teachers for assignment to below average and school/district at risk schools, those assigned to such schools will receive their salary and a supplement equal to fifty percent of the current southeastern average teacher salary as projected by the Office of Research and Statistics of the Revenue and Fiscal Affairs Office. The salary and supplement is to be paid by the State for three years. Teacher specialists may be employed, pursuant to subsection (B), as a component of the technical assistance strategy. (D) In order to attract a pool of qualified applicants to work in low performing schools, the Education Oversight Committee, in consultation with the South Carolina Department of Education, shall develop criteria for the identification, selection, and training of principals with a history of exemplary student academic achievement. Retired educators may be considered for a principal specialist position. A principal specialist may be hired for a school designated as school/district at risk, if the district board of trustees chooses to replace the principal of that school. The principal specialist will assist the school in gaining knowledge of best practices and well validated alternatives in carrying out the recommendations of the review team. The specialist will demonstrate effective leadership for improving classroom practices, assist in the analyses of assessment data, work with individual members of the faculty emphasizing needed changes in classroom instructional strategies based upon analyses of assessment data, and support teachers in acquiring new skills designed to increase academic performance. School districts are asked to cooperate in releasing employees for full time or part time employment as a principal specialist. (E) In order to attract a pool of qualified principals to work in low performing schools, the principal specialists hired in such schools will receive their salary and a supplement equal to 1.25 times the supplement amount calculated for teachers. Principal specialists may be employed as a component of the technical assistance strategy for two years. A principal specialist may be continued for a third year if requested by the local school board, recommended by the external review team, and approved by the State Board of Education. If employed for the third year, technical assistance funds may only be used for payment of the principal specialist salary supplement. <i>(F) The school districts to be provided with technical assistance for high schools are designated by the South Carolina Department of Education to Section 9.</i>	Board, commission, or committee on which someone from our agency must/may serve	Section 59-18-1530	State	Statute

Grant programs for schools designated as below average and for schools designated as unsatisfactory; funding. (A) The State Board of Education, working with the Accountability Division and the Department of Education, must establish grant programs for schools designated as below average and for schools designated as unsatisfactory. A school designated as below average will qualify for a grant to undertake needed retraining of school faculty and administration once the revised plan is determined by the State Department of Education to meet the criteria on high standards and effective activities. In order to implement the school district and school renewal plan, a school must be eligible to receive the technical assistance funding over the next three years in order to implement fully systemic reform and to provide opportunity for building local education capacity. Should student performance not improve, any revisions to the plan must meet high standards prior to renewal of the grant. The revised plan must be reviewed by the district board of trustees and the State Department of Education to determine what other actions, if any, need to be taken. Technical assistance funds previously received must be expended based on the revised plan. If deficient use is determined, those deficiencies must be identified, noted, and corrective action taken before additional funding will be given. (B) A public school assistance fund must be established as a separate fund within the state general fund for the purpose of providing financial support to assist poorly performing schools. The fund may consist of grants, gifts, and donations from any public or private source or monies that may be appropriated by the General Assembly for this purpose. Income from the fund shall be retained in the fund. All funds may be carried forward from fiscal year to fiscal year. The State Treasurer shall invest the monies in this fund in the same manner as other funds under his control are invested. The State Board of Education, in consultation with the commission, shall administer and authorize any disbursements from the fund. The State Board of Education shall promulgate regulations to implement the provisions of this section.	Distribute funding to another entity	Section 59-18-1550	State	Statute

Designation of state of emergency in school district designated as school/district at risk; remedial actions. (A) If recommendations approved by the State Board of Education are not satisfactorily implemented by the school district according to the time line developed by the State Board of Education, or if student performance has not made the expected progress and the school district is designated as school/district at risk, the district superintendent and members of the board of trustees shall appear before the State Board of Education to outline the reasons why a state of emergency must not be declared in the district. (B) The state superintendent, with the approval of the State Board of Education, is granted authority to: (1) furnish continuing advice and technical assistance in implementing the recommendations of the State Board of Education to include establishing and conducting a training program for the district board of trustees and the district superintendent to focus on roles and actions in support of increases in student achievement; (2) mediate personnel matters between the district board and district superintendent when the State Board of Education is informed by majority vote of the board or the superintendent that the district board is considering dismissal of the superintendent, and the parties agree to mediation; (3) recommend to the Governor that the office of superintendent be declared vacant. If the Governor declares the office vacant, the state superintendent may furnish an interim replacement until the vacancy is filled by the district board of trustees. District boards of trustees negotiating contracts for the superintendency shall include a provision that the contract is void should the Governor declare that office of superintendency vacant pursuant to this section. This contract provision does not apply to existing contracts but to new contracts or renewal of contracts; and (4) declare a state of emergency in the school district and assume management of the school district. (C) The district board of trustees may appoint at least two nonvoting members to the board from a pool nominated by the Education Oversight Committee and the State Department of Education. The appointed members shall have demonstrated high levels of knowledge, commitment, and public service, must be recruited and trained for service as appointed board members by the Education Oversight Committee and the State Department of Education, and shall represent the interests of the State Board of Education on the district board. Compensation for the nonvoting members must be paid by the State Board of Education in an amount equal to the compensation paid to the voting members of the district board. Reallocation of technical assistance funding. Notwithstanding any other provision of law, and in order to provide assistance at the beginning of the school year, schools may qualify for technical assistance based on the criteria established by the Education Oversight Committee for school ratings and on the most recently available end of year assessment scores. In order to best meet the needs of low performing schools, the funding provided for technical assistance under the Education Accountability Act may be reallocated among the programs and purposes specified in this section. The State Department of Education shall establish criteria for reviewing and assisting schools rated school/district at risk or below average. Funds must be expended on strategies and activities expressly outlined in the school plan. The activities may include, but are not limited to, teacher specialist, principal specialist, curriculum specialist, principal leader, principal mentor, professional development, compensation incentives, homework centers, formative assessments, or comprehensive school reform efforts. (A) Notwithstanding any other provision of law, the State Board of Education, through the Department of Education, is required to develop or adopt a statewide assessment program to promote student learning and to measure student performance on state standards and: (1) identify areas in which students, schools, or school districts need additional support; (2) indicate the academic achievement for schools, districts, and the State; (3) satisfy federal reporting requirements; and (4) provide professional development to educators. Assessments required to be developed or adopted pursuant to the provisions of this section or chapter must be objective and reliable. (B)(1) The statewide assessment program must include the subjects of English/language arts, mathematics, science, and social studies in grades three through eight, as delineated in Section 59 18 320(B), to be first administered in 2009, and end of course tests for gateway courses awarded units of credit in English/language arts, mathematics, science, and social studies. Student performance targets must be established following the 2009 administration. The assessment program must be used for school and school district accountability purposes beginning with the 2008 2009 school year. The publication of the annual school and school district report card may be delayed for the 2008 2009 school year until no later than February 15, 2010. A student’s score on an end of year assessment may not be the sole criterion for placing the student on academic probation, retaining the student in his current grade, or requiring the student to attend summer school. Beginning with the graduating class of 2010, students are required to pass a high school credit course in science and a course in United States history in which end of course examinations are administered to receive the state high school diploma. Beginning with the graduating class of 2015, students are no longer required to meet the exit examination requirements set forth in this section and State Regulation to earn a South Carolina high school diploma. (2) A person who is no longer enrolled in a public school and who previously failed to receive a high school diploma or was denied graduation solely for failing to meet the exit exam requirements pursuant to this section and State Regulation may petition the local school board to determine the student’s eligibility to receive a high school diploma pursuant to this chapter. The local school board will transmit diploma requests to the South Carolina Department of Education in accordance with department procedures. Petitions under this section must be submitted to the local school district by December 31, 2015. Students receiving diplomas in accordance with this section shall not be counted as graduates in the graduation rate calculations for affected schools and districts, either retroactively or in current or future calculations. On or before January 31, 2017, the South Carolina Department of Education shall report to the State Board of Education and the General Assembly the number of diplomas granted, by school district, under the provision. The State Board of Education shall remove any conflicting requirement and promulgate conforming changes in its applicable regulations. The department shall advertise the provisions of this item in at least one daily newspaper of general circulation in the area of each school district within forty five days after this enactment. At a minimum, this notice must consist of two columns measuring at least ten inches in length and measuring at least four and one half inches in combined width, and include: (a) a headline printed in at least a twenty four point font that is boldfaced; (b) an explanation of who qualifies for the petitioning option; (c) an explanation of the petition process; (d) a contact name and phone number and	Report our agency must/may provide	Section 59-18-310	State	Statute

Review of field test; general administration of test; accommodations for students with disabilities; adoption of new standards. (A) After the first statewide field test of the assessment program in each of the four academic areas, and after the field tests of the end of course assessments of high school credit courses, the Education Oversight Committee, established in Section 59 6 10, will review the state assessment program and the course assessments for alignment with the state standards, level of difficulty and validity, and for the ability to differentiate levels of achievement, and will make recommendations for needed changes, if any. The review will be provided to the State Board of Education, the State Department of Education, the Governor, the Senate Education Committee, and the House Education and Public Works Committee as soon as feasible after the field tests. The Department of Education will then report to the Education Oversight Committee no later than one month after receiving the reports on the changes made to the assessments to comply with the recommendations. (B) After review and approval by the Education Oversight Committee, the standards based assessment of mathematics, English/language arts, social studies, and science will be administered to all public school students in grades three through eight, to include those students as required by the federal Individuals with Disabilities Education Improvement Act and by Title 1 of the Elementary and Secondary Education Act. To reduce the number of days of testing, to the extent possible, field test items must be embedded with the annual assessments. In accordance with the requirements of the federal No Child Left Behind Act, science assessments must be administered annually to all students in one elementary and one middle school grade. The State Department of Education shall develop a sampling plan to administer science and social studies assessments to all other elementary and middle school students. The plan shall provide for all students and both content areas to be assessed annually; however, individual students, except in census testing grades, are not required to take both tests. In the sampling plan, approximately half of the assessments must be administered in science and the other half in social studies in each class. To ensure that school districts maintain the high standard of accountability established in the Education Accountability Act, performance level results reported on school and district report cards must meet consistently high levels in all four core content areas. The core areas must remain consistent with the following percentage weightings established and approved by the Education Oversight Committee: in grades three through five, thirty percent each for English/language arts and math, and twenty percent each for science and social studies; and in grades six through eight, twenty five percent each for English/language arts and math, and twenty five percent each for science and social studies. For students with documented disabilities, the assessments developed by the Department of Education shall include the appropriate modifications and accommodations with necessary supplemental devices as outlined in a student’s Individualized Education Program and as stated in the Administrative Guidelines and Procedures for Testing Students with Documented Disabilities. (C) After review and approval by the Education Oversight Committee, the end of course assessments of high school credit courses will be administered to all public school students as they complete each course. (D) Any new standards and assessments required to be developed and adopted by the State Board of Education, through the Department of Education for use as an accountability measure, must be developed and adopted upon the advice and consent of the Education Oversight Committee. College and career readiness assessment; summative assessment. (A) All students entering the eleventh grade for the first time in school year 2014 2015 and subsequent years must be administered a college and career readiness assessment as required by the federal Individuals with Disabilities Education Improvement Act and by Title 1 of the Elementary and Secondary Education Act and that is from a provider secured by the department. In addition, all students entering the eleventh grade for the first time in school year 2014 2015 and subsequent years must be administered a WorkKeys assessment. The results of the assessments must be provided to each student, their respective schools, and to the State to: (1) assist students, parents, teachers, and guidance counselors in developing individual graduation plans and in selecting courses aligned with each student’s future ambitions; (2) promote South Carolina’s Work Ready Communities initiative; and (3) meet federal and state accountability requirements. (B) Students subsequently may use the results of these assessments to apply to college or to enter careers. The results must be added as part of each student’s permanent record and maintained at the department for at least ten years. The purpose of the results is to provide instructional information to assist students, parents, and teachers to plan for each student’s course selection. This course selection might include remediation courses, dual enrollment courses, advanced placement courses, internships, or other options during the remaining semesters in high school. (C)(1) To maintain a comprehensive and cohesive assessment system that signals a student’s preparedness for the next educational level and ultimately culminates in a clear indication of a student’s preparedness for postsecondary success in a college or career and to satisfy federal and state accountability purposes, the Executive Director of the State Budget and Control Board, with the advice and consent of the special assessment panel, shall direct the procurement of a summative assessment system for the 2014 2015 school year, and subsequent years as provided in item (3). The procurement must be completed before September 30, 2014. The summative assessment must be administered to all students in grades three through eight, and if funds are available, administered to students in grades nine and ten. The summative assessment must assess students in English/language arts and mathematics, including those students as required by the federal Individuals with Disabilities Education Act and by Title I of the Elementary and Secondary Education Act. For purposes of this subsection, “English/language arts” includes English, reading, and writing skills as required by existing state standards. The assessment must be a rigorous, achievement assessment that measures student mastery of the state standards, that provides timely reporting of results to educators, parents, and students, and that measures each student’s progress toward college and career readiness. Therefore, the assessment or assessments must meet all of the following minimum requirements: (a) compares performance of students in South Carolina to other students’ performance on comparable standards in other states with the ability to link the scales of the South Carolina assessment to the scales from other assessments measuring those comparable standards; (b) be a vertically scaled, benchmarked, standards based system of summative assessments; (c) measures a student’s preparedness for the next level of their educational matriculation and individual student performance against the state standards in English/language arts, reading, writing, and mathematics and student growth; (d) documents student progress toward national college and career readiness benchmarks derived from empirical research and state standards; (e) establishes at least four student achievement levels; (f) includes various test questions including, but not limited to, multiple choice, constructed response, and selected response, that require students to demonstrate their understanding	Requires a service	Section 59-18-325	State	Statute	
Coordination and annual administration of National Assessment of Education Progress (NAEP). The State Department of Education is directed to coordinate the annual administration of the National Assessment of Education Progress (NAEP) to obtain an indication of student and school performance relative to national performance levels. PSAT or PLAN tests of tenth grade students; availability; use of results. High schools shall offer state funded PSAT or PLAN tests to each tenth grade student in order to assess and identify curricular areas that need to be strengthened and reenforced. Schools and districts shall use these assessments as diagnostic tools to provide academic assistance to students whose scores reflect the need for such assistance. Schools and districts shall use these assessments to provide guidance and direction for parents and students as they plan for postsecondary experiences. Cyclical review of state standards and assessments; analysis of assessment results. (A) The State Board of Education, in consultation with the Education Oversight Committee, shall provide for a cyclical review by academic area of the state standards and assessments to ensure that the standards and assessments are maintaining high expectations for learning and teaching. At a minimum, each academic area should be reviewed and updated every seven years. After each academic area is reviewed, a report on the recommended revisions must be presented to the Education Oversight Committee and the State Board of Education for consideration. The previous content standards shall remain in effect until the recommended revisions are adopted pursuant to Section 59 18 355. As a part of the review, a task force of parents, business and industry persons, community leaders, and educators, to include special education teachers, shall examine the standards and assessment system to determine rigor and relevancy. (B) For the purpose of developing new college and career readiness English/language arts and mathematics state content standards, a cyclical review must be performed pursuant to subsection (A) for English/language arts and mathematics state content standards not developed by the South Carolina Department of Education. The review must begin on or before January 1, 2015, and the new college and career readiness state content standards must be implemented for the 2015 2016 school year. (C) The State Department of Education annually shall convene a team of curriculum experts to analyze the results of the assessments, including performance item by item. This analysis must yield a plan for disseminating additional information about the assessment results and instruction and the information must be disseminated to districts not later than January fifteenth of the subsequent year. Content standards revisions, approval by Education Oversight Committee and General Assembly required. (A)(1) A revision to a state content standard recommended pursuant to Section 59 18 350(A), as well as a new standard or a change in a current standard that the State Board of Education otherwise considers for approval as an accountability measure, may not be adopted and implemented without the: (a) advice and consent of the Education Oversight Committee; and (b) approval by a Joint Resolution of the General Assembly. (2) General Assembly approval required by item (1)(b) does not apply to a revision recommended pursuant to Section 59 18 350(A), other approval of a new standard, and other changes to an old standard if the revision, new standard, or changed standard is developed by the State Department of Education. (B) A revision to an assessment recommended pursuant to Section 59 18 350(A), as well as a new assessment or a change in a current assessment that the State Board of Education otherwise considers for approval as an accountability measure, may not be adopted and implemented without the advice and consent of the Education Oversight Committee. (C) Upon initiating a change to an existing standard, including a cyclical review, the Education Oversight Committee and the Department of Education shall provide notice of their plans and intent to the General Assembly and the Governor. (D) Nothing in this section may be interpreted to prevent the Department of Education, Board of Education, and Education Oversight Committee from considering best practices in education standards and assessments while developing its own standards and assessments. Dissemination of assessment results. Beginning with the 2010 assessment administration, the Department of Education is directed to provide assessment results annually on individual students and schools by August first, in a manner and format that is easily understood by parents and the public. In addition, the school assessment results must be presented in a format easily understood by the faculty and in a manner that is useful for curriculum review and instructional improvement. The department is to provide longitudinally matched student data from the standards based assessments and include information on the performance of subgroups of students within the school. The department must work with the Division of Accountability in developing the formats of the assessment results. Schools and districts are responsible for disseminating this information to parents. Development of comprehensive annual report cards; academic performance ratings; promulgation of regulations. (A) The Education Oversight Committee, working with the State Board of Education, is directed to establish a comprehensive annual report card, its format, and an executive summary of the report card to report on the performance for the individual primary, elementary, middle, high schools, and school districts of the State. The comprehensive report card must be in a reader friendly format, using graphics whenever possible, published on the state, district, and school website, and, upon request, printed by the school districts. The school's ratings on academic performance must be emphasized and an explanation of their significance for the school and the district also must be reported. The annual report card must serve at least five purposes: (1) inform parents and the public about the school's performance; (2) assist in addressing the strengths and weaknesses within a particular school; (3) recognize schools with high performance; (4) evaluate and focus resources on schools with low performance; and (5) meet federal report card requirements. (B) The Education Oversight Committee, working with the State Board of Education and a broad based group of stakeholders, including, but not limited to, parents, business and industry persons, community leaders, and educators, shall determine the criteria for and establish five academic performance ratings of excellent, good, average, below average, and school/district at risk. Schools and districts shall receive a rating for absolute and growth performance. Only the scores of students enrolled in the school at the time of the forty five day enrollment count shall be used to determine the absolute and growth ratings. Graduation rates must be used as an additional accountability measure for high schools and school districts. The Oversight Committee, working with the State Board of Education, shall establish three student performance indicators which will be those considered to be useful for assessing a school's overall performance and appropriate for the grade levels within the school. The student performance levels are: Not Met, Met, and Exemplary. "Not Met" means that the student did not meet the grade level standard. "Met" means the student met the grade level standard. "Exemplary" means the student demonstrated exemplary performance in meeting the grade level standard. For purposes of reporting as required by federal statute, "proficiency" shall include students performing at Met or Exemplary. (C) In setting the criteria for the academic performance ratings and the performance indicators, the Education Oversight Committee shall report the performance by subgroups of students in the school and schools similar in student characteristics. Criteria must use established guidelines for statistical analysis and build on current data reporting practices. (D) The comprehensive report card must include a comprehensive set of performance indicators with information on comparisons, trends, needs, and performance over time which is helpful to parents and the public in evaluating the school. Special efforts are to be made to ensure that the information contained in the report card is provided in an easily understood manner and a reader friendly format. This information should also provide a context for the performance of the school. Where appropriate, the data should yield disaggregated results to schools and districts in planning for improvement. The report card should include information in such areas as programs and curriculum, school leadership, community and parent support, faculty qualifications, evaluations of the school by parents, teachers, and students. In addition, the report card must contain other criteria including, but not limited to, information on promotion and retention ratios, disciplinary climate, dropout ratios, dropout reduction data, student and teacher ratios, and attendance data. (E) After reviewing the school's performance on statewide assessments, the principal, in conjunction with the School Improvement Council established in Section 59 20 60, must write an executive summary of the school's performance for the school district and the state. The executive summary shall be printed in black and white, be no more than two pages, use graphical displays whenever possible, and contain National Assessment of Educational Progress (NAEP) scores as well as national scores. The report card summary must be made available to all parents of the school and the school district.	Report our agency must/may provide	Section 59-18-900	State	Statute	
Cyclical review of accountability system; stakeholders. Beginning in 2013, the Education Oversight Committee, working with the State Board of Education and a broad based group of stakeholders, selected by the Education Oversight Committee, shall conduct a comprehensive cyclical review of the accountability system at least every five years and shall provide the General Assembly with a report on the findings and recommended actions to improve the accountability system and to accelerate improvements in student and school performance. The stakeholders must include the State Superintendent of Education and the Governor, or the Governor's designee. The other stakeholders include, but are not limited to, parents, business and industry persons, community leaders, and educators. Report card requirements for charter, alternative, and career and technology schools. A charter school established pursuant to Chapter 40, Title 59 shall report the data requested by the Department of Education necessary to generate a report card. The Department of Education shall utilize this data to issue a report card with performance ratings to parents and the public containing the ratings and explaining its significance and providing other information similar to that required of other schools in this section. The performance of students attending charter schools sponsored by the South Carolina Public Charter School District must be included in the overall performance ratings of the South Carolina Public Charter School District. The performance of students attending a charter school authorized by a local school district must be reflected on a separate line on the school district's report card and must not be included in the overall performance ratings of the local school district, unless there is a mutual agreement to include the scores in the local school district ratings. An alternative school is included in the requirements of this chapter; however, the purpose of an alternative school must be taken into consideration in determining its performance rating. The Education Oversight Committee, working with the State Board of Education and the School to Work Advisory Council, shall develop a report card for career and technology schools. Executive summary of report cards; date for issuance; advertising results. (A) The State Department of Education must issue the executive summary of the report card annually to all schools and districts of the State no later than November first. The executive summary shall be printed in black and white, be no more than two pages, use graphical displays whenever possible, and contain National Assessment of Educational Progress (NAEP) scores as well as national scores. The report card summary must be made available to all parents of the school and the school district. (B) The school, in conjunction with the district board, also must inform the community of the school's report card by advertising the results in at least one South Carolina daily newspaper of general circulation in the area. This notice must be published within forty five days of receipt of the report cards issued by the State Department of Education and must be a minimum of two columns by ten inches (four and one half by ten inches) with at least a twenty four point bold headline. (C) If an audited newspaper of general circulation in a school district's geographic area has previously published the entire school report card results as a news item, the requirement of subsection (B) may be waived. Definitions. As used in this chapter: (1) “Foundation program” means the program proposed to establish substantially equitable current operation funding levels for programs for South Carolina’s public school students, regardless of their geographic location, after the students are transported to school and housed in school plants. (2) “Educational programs or elements of programs not included in the foundation program” means: (a) “Transportation”, which shall mean transportation to and from public schools for the students of South Carolina’s public schools provided by state, local or federal funds, or a combination thereof. (b) “Capital outlay”, which shall mean those funds used for the construction, improving, equipping, renovating or major repairing of school buildings or other school facilities, or the cost of acquisition of land whereon to construct or establish such school facilities in accordance with the definition provided in Section 59 21 310. (c) “Pilot programs”, which shall mean programs of a pilot or experimental nature usually designed for special purposes and for a specified period of time other than those included in the foundation program. (d) “Adult education”, which shall mean public education dealing primarily with students above eighteen years of age not enrolled as full time public school students and not classified as students of technical schools, colleges or universities of the State. (e) “Text books”, which shall mean books distributed under that system of rental and free text books now operated by the Department of Education. (f) “Food service programs”, which shall mean those programs dealing directly with the nutritional welfare of the student, such as the school lunch and school breakfast programs. (g) “Employee benefits”, which shall mean those benefits received by employees of the state public school systems and paid at least in part by the State, such as retirement, social security and health insurance. (3) “Index of taxpaying ability” means an index of a local district’s relative fiscal capacity in relation to that of all other districts of the State based on the full market value of all taxable property of the district assessed on the basis of property classification assessment ratios set forth in Article 3, Chapter 43 of Title 12 for the second completed taxable year preceding the fiscal year in which the index is used and these assessments must be the audited assessments by school district contained in the annual report submitted yearly to the Comptroller General’s office. The county auditor shall provide fiscal year end audited assessments of real and personal property to the Property Division of the Department of Revenue for each of the school districts of the county for the second completed taxable year preceding the fiscal year in which the index is used not later than October first of each year. The index must be used to calculate each district’s share of the revenue to be raised locally for the foundation program. The index must include an imputed value for the property tax base implicitly generating impact aid revenue. The property tax base must be imputed at two thirds the average ratio of all true value assessed property value statewide to prior year local revenue statewide in the foundation program, the resulting product multiplied times the average impact aid receipts during the prior three years. If impact aid receipts during the federal fiscal year are less than the average receipts for the prior three years, then state aid to the impact aid districts must be adjusted in the final payment for the state fiscal year. If the State Department of Education determines from fiscal simulations that the school finance system does not meet requirements of Section 5(D) of P. L. 81 874, the Department of Revenue shall exclude an imputed value of impact aid receipts from the index of taxpaying ability. The index must be determined annually by the Department of Revenue from sales ratio data based on the most recent studies made which correspond with the base year assessments as determined by the county auditor pursuant to Section 43 43 250 for assessed property within each school district. The base year is the second completed taxable year preceding the fiscal year.	Not related to agency deliverable	Section 59-20-20	State	Statute	
Index of taxpaying ability calculation. When an appeal of the assessed value of property assessed pursuant to Section 12 43 220(a) extends for more than two years and the amount in dispute is more than thirty percent of the total of assessed value of property in the school district in which the property under appeal is located, the index of taxpaying ability for the school district must be calculated using the value asserted by the taxpayer in the appeal. If the final settlement of the appeal provides for an assessed value greater than the value asserted in the taxpayer’s appeal, the local school district, within twelve months, must remit to the general fund of the State any additional funds received from the State Department of Education due to the utilization of the value of the facility asserted in the taxpayer’s appeal. Any funds remitted to the general fund of the State pursuant to this section are considered current fiscal year funds appropriated under the Education Finance Act and must be included in the next distribution of such funds to school districts. Index of taxpaying ability as applied to area in which a tax increment financing plan is in effect. For the purposes of computing the ‘index of taxpaying ability’ pursuant to item (3) of Section 3 of Act 163 of 1977 (South Carolina Education Finance Act) for any area in which tax increment financing plan is in effect the value to be used shall be the original assessed value plus any portion of the captured assessed value which is distributed among taxing authorities pursuant to Section 31 8 120. Declaration of legislative purpose. It is the purpose of the General Assembly in this chapter: (1) To guarantee to each student in the public schools of South Carolina the availability of at least minimum educational programs and services appropriate to his needs, and which are substantially equal to those available to other students with similar needs and reasonably comparable from a program standpoint to those students of all other classifications, notwithstanding geographic differences and varying local economic factors. (2) To encourage school district initiative in seeking more effective and efficient means of achieving the goals of the various programs. (3) To establish a procedure for the distribution of a specified portion of the state education funds so as to ensure that the funds are provided on the basis of need to the extent set forth by this chapter in order to guarantee a minimum level of funding for each weighted pupil unit in the State. (4) To make it possible for each school district to provide the defined minimum program within approximately five years from July 2, 1978, and to do so with an equal local tax effort. (5) To establish a reasonable balance between the portion of the funds to be paid by the State and the portion of the funds to be paid by the districts collectively in support of the foundation program. For the initial stage of this program the proportionate state share of the funds for this program shall be approximately seventy percent statewide and the remainder of the program shall be financed from local revenue sources. (6) To require each local school district to contribute its fair share to the required local effort, which is to be in direct proportion to its relative taxpaying ability. (7) To ensure that tax dollars spent in public schools are utilized effectively and to ensure that adequate programs serve all children of the State. <p>Determination of annual allocations. The annual allocation to each school district for the operation of the foundation program as it relates to the school district shall be determined as follows:</p> <p>(1) Computation of the basic amount to be included for current operation in the foundation program:</p> <p>(a) Each school district shall maintain a program membership of each school by compiling the student membership of each classification. The cumulative one hundred thirty five day average daily membership of each school district by program classification will determine its monetary entitlement. The district’s average daily membership (ADM) will be computed, currently maintained, and reported in accordance with the regulations of the State Board of Education. Funds for the state’s portion of the per pupil cost of the foundation program shall be disbursed monthly to the various school districts. End of year adjustments in state funds shall be made based on the one hundred thirty five day student average daily membership in each classification.</p> <p>(b) The base student cost shall be established annually by the General Assembly. The base student cost shall be established in such a manner that five years after July 2, 1978, the funding level shall approximate the cost of the defined minimum program as set forth by the State Board of Education.</p> <p>Each year the Office of Research and Statistics of the Revenue and Fiscal Affairs Office shall submit to the Legislature an estimate of the projected rate of inflation for the fiscal year to be budgeted, and the base student cost shall be adjusted to incorporate the inflated cost of providing the Defined Minimum Program.</p> <p>(c) Weightings, used to provide for relative cost differences, between programs for different students are established in order that funds may be equitably distributed on the basis of pupil needs. The criteria for qualifications for each special classification must be established by the State Board of Education according to definitions established in this article and in accordance with Sections 59 21 510, 59 35 10, 59 53 1860, and 59 53 1900. <p>Certain requirements shall be met; salary schedules. (1) Notwithstanding the computations prescribed in Section 59 20 40, the level of state contributions to each district shall not be reduced to a per pupil level of foundation program funds below that per pupil level of state funding of programs for the fiscal years prior to implementation of this chapter which will be incorporated in the foundation program.</p> <p>Provided, no district shall receive annually an increase in state funds less than the full rate of the inflationary adjustment in the base student cost specified in Section 59 20 40(1)(b). This increase shall be computed annually over and above the amount actually received from the State for the foundation program in the prior fiscal year.</p> <p>Provided, further, after the fiscal year 1982 83 no district shall receive annually an increase in state funds less than four fifths of the inflationary adjustment in the base student cost specified in Section 59 20 40(1)(b). This increase shall be computed annually over and above the amount actually received from the State for the foundation program in the prior fiscal year.</p> <p>Beginning July 1, 1994, no additional school district shall receive hold harmless funds under this subsection due to decreases in student numbers or upward adjustments in the index of taxing ability.</p> <p>(2) Notwithstanding any provisions of this chapter, any local school district may increase the local effort above the foundation program funding level as deemed necessary to meet the aspirations of the people of the district.</p> <p>(3) Eighty five percent of the funds appropriated through state and local effort for each weighted classification shall be spent in direct and indirect aid in the specific area of the program planned to serve those children who generated the funds. Districts expending less than the required eighty five percent of the appropriated amount shall be subject to a penalty the following fiscal year in the amount equal to the difference between the amount spent and the required eighty five percent figure.</p> <p>However, this requirement shall not apply to the funds generated by children in the pupil classification “Speech Handicapped Pupils”.</p> <p>(4)(a) Each school district shall pay each certified teacher or administrator an annual salary at least equal to the salary stated in the statewide minimum salary schedule for the person’s experience and class. No teacher or administrator employed in the same position, over the same time period, shall receive less total salary, including any normal incremental increase, than that teacher or administrator received for the fiscal year before the implementation of this article.</p> <p>(b) The state minimum salary schedule must be based on the state minimum salary schedule index in effect as of July 1, 1984. In Fiscal Year 1985, the 1.000 figure in the index is \$14,172. (This figure is based on a 10.27% increase pursuant to the South Carolina Education Improvement Act of 1984.) Beginning with Fiscal Year 1986, the 1.000 figure in the index must be adjusted on a schedule to stay at the southeastern average as projected by the Office of Research and Statistic of the Revenue and Fiscal Affairs Office and provided to the Budget and Control Board and General Assembly during their deliberations on the annual appropriations bill. The southeastern average teacher salary is the average of the average teachers’ salaries of the southeastern states. In projecting the southeastern average, the office shall include in the South Carolina base teacher salary all local teacher supplements and all incentive pay. Under this schedule, school districts are required to maintain local salary supplements per teacher no less than their prior fiscal level. In Fiscal Year 1986 and thereafter teacher pay raises through adjustments in the state’s minimum salary schedule may be provided only to teachers who demonstrate minimum knowledge proficiency by meeting one of the following criteria:</p> <p>(1) holding a valid professional certificate;</p> <p>(2) having a score of 425 or greater on the Commons Examination of the National Teachers Examinations;</p> <p>(3) meeting the minimum qualifying score on the appropriate area teaching examination;</p>	Not related to agency deliverable	Section 59-20-50	State	Statute

Spending priority; audits; evaluations and reports; statewide testing programs; Innovation Initiative; improvement councils; Education Finance Review Committee. (1) School districts shall give first spending priority of funds allocated under this chapter to full implementation of the defined minimum program. (2) The State Board of Education shall audit the programmatic and fiscal aspects of this chapter, including the degree to which a school meets all prescribed standards of the defined minimum program and shall report the results in the Annual Report of the State Superintendent of Education. Schools which have been classified as ‘dropped’ by the defined minimum program accreditation procedures are not eligible for funding in the following fiscal year until an acceptable plan to eliminate the deficiencies is submitted and approved by the State Board of Education. (3) Each school district board of trustees shall cause the district and each school in the district to develop comprehensive five year plans with annual updates to outline the District and School Improvement Plans. Districts which have not begun a strategic planning cycle must do so and develop a plan no later than the 1994 95 school year. Districts which have undertaken such a planning process may continue in their planning cycle as long as the process meets the intent of this section and the long range plans developed or under development can be amended to encompass the requirements of this section. For school year 1993 94, districts may submit either the improvement plan consistent with State Department guidelines or their five year comprehensive plan. The State Board of Education shall recommend a format for the plans which will be flexible and adaptable to local planning needs while encompassing certain state mandates, including the early childhood and academic assistance initiative plans pursuant to Section 59 139 10. All district and school plans must be reviewed and approved by the board of trustees. The District Plan should integrate the needs, goals, objectives, strategies, and evaluation methods outlined in the School Plans. Measures of effectiveness must include outcome and process indicators of improvement and must provide data regarding what difference the strategies have made. Staff professional development must be a priority in the development and implementation of the plans and must be based on an assessment of needs. Long and short range goals, objectives, strategies, and time lines need to be included. (4) Each plan shall provide for an Innovation Initiative, designed to encourage innovative and comprehensive approaches based on strategies identified in the research literature to be effective. The Innovation Initiative must be utilized by school districts to implement innovative approaches designed to improve student learning and accelerate the performance of all students. Funds may be expended on strategies in one or more of the following four categories: (a) new approaches to what and how students learn by changing schooling in ways that provide a creative, flexible, and challenging education for all students, especially for those at risk. Performance based outcomes which support a pedagogy of thinking and active approaches for learning must be supported; (b) applying different teaching methods permitting professional educators at every level to focus on educational success for all students and on critical thinking skills and providing the necessary support for educational successes are encouraged; (c) redefining how schools operate resulting in the decentralization of authority to the school site and allowing those closest to the students the flexibility to design the most appropriate education location and practice; (d) creating appropriate relationships between schools and other social service agencies by improving relationships between the school and community agencies (health, social, mental health), parents and the business community, and by establishing procedures that cooperatively focus the resources of the greater community upon barriers to success in school, particularly in the areas of early childhood and parenting programs, after school programs, and adolescent services. Funds for the Innovation Initiative must be allocated to district board members. 50 percent support shall be provided to the Education Finance Act Council. At Furnishing by State Board of Education of services and training activities to support school improvement councils. The State Board of Education, acting through the existing School Council Assistance Project at the University of South Carolina, shall provide services and training activities to support school improvement councils and their efforts in preparing an annual school improvement report as required in this section. Disposition and allocation of revenues; special vote required to amend or repeal this section. (A) The revenue derived from Sections 12 36 2620(1) and 12 36 2630(1) must be remitted to the State Treasurer to be credited to the state public school building fund for the purposes provided for in Article 3 of Chapter 21 of Title 59 and any sum above that amount must be placed to the credit of the general fund of the State and must be used for school purposes only. (B) The revenue derived from Sections 12 36 2620(2), 12 36 2630(2), and 12 36 2640(2) must be deposited by the State Treasurer in the South Carolina Education Improvement Act of 1984 Fund as a fund separate and distinct from the general fund of the State. All unappropriated money in this fund and earning on investments from this fund must remain part of the separate fund and must not be deposited in the general fund except as provided for in this section. Money from this fund may be spent only for elementary and secondary school purposes. Any change in the management or use of this fund for other than elementary and secondary education is permitted only by a two thirds vote provided in this section. (C)(1) Upon implementation of the provisions of this section by law, the law may not be amended or repealed except by special vote provided in this section. (2) For purposes of this subsection, a special vote means an affirmative two thirds vote of the total membership of the Senate and an affirmative two thirds vote of the total membership of the House of Representatives. All monies appropriated from the Education Improvement Act of 1984 Fund which are disbursed by the State Department of Education must be appropriated in one division of the section in the annual general appropriations act making appropriations for the State Department of Education. Guidelines for development of program; promulgation of regulations; distribution of funds to school districts on per principal basis. The school principal incentive program must be developed based on the following guidelines: (1) The State Board of Education shall identify incentive criteria in school year 1984 85. The State Board shall cause no more than three programs to be developed or selected in nine school districts in school year 1985 86. Pilot testing of no more than these three programs must occur in nine school districts, designated by the State Board upon the recommendation of the Education Oversight Committee, in school year 1986 87 and by regulation implemented statewide beginning with school year 1987 88. (2) No school principals shall receive funds under the incentive program unless the individual meets or exceeds all eligibility standards set out in the district’s program. (3) Prior to the 1987 88 school year, the State Board, with the assistance of an advisory committee it appoints, and acting through the State Department of Education, shall establish by regulation an incentive program for rewarding and retaining principals who demonstrate superior performance and productivity. (4) The incentive program shall include: (a) evaluation for instructional leadership performance as it related to improved student learning and development; (b) evaluation by a team which includes school administrators, teachers, and peers; (c) evidence of self improvement through advanced training; (d) meaningful participation of school principals in the development of the plan; and (e) working with student teachers whenever possible. (5) Funds for the school principal incentive program must be distributed to the school districts of the State on a per principal basis. Principal incentive rewards may not exceed five thousand dollars a principal. The State Board of Education shall promulgate regulations that ensure that the districts of the state utilize the funds in an appropriate manner and establish a procedure for redistributing funds from districts that do not require all of their allocations. All school administrators shall develop an on-going individual professional development plan with annual updates which is appropriate for their role or position. This plan shall support both their individual growth and organizational needs. Organizational needs must be defined by the districts' strategic plans or school renewal plans. Individuals completing the assessment for instructional leadership will develop their professional development plan on the basis of that assessment. The Department of Education shall assist school administrators in carrying out their professional development plans by reviewing the school and district plans and providing or brokering programs and services in the areas identified for professional development. Development and adoption of statewide performance standards for principals; annual evaluation of principals; training program for principals receiving unsatisfactory rating. For the purposes of assisting, developing, and evaluating principals, the State Board of Education, through the State Department of Education, shall adopt criteria and statewide performance standards which shall serve as a foundation for all processes used for assisting, developing, and evaluating principals employed in the school districts of this State. The State Department of Education shall select or cause to be developed and the State Board of Education shall promulgate regulations for the evaluation of the performance of all principals based on those criteria and standards. School districts shall use the standards and procedures adopted by the State Board of Education for the purpose of evaluating all principals at least once every three years. The State Department of Education shall ensure that the criteria and standards are valid and reliable and are appropriately administered. Evaluation results must be provided in writing and a professional development plan established based on the principal’s strengths and weaknesses and taking into consideration the school’s strategic plan for improvement for the purpose of improving the principal’s performance. Any principal whose performance on an evaluation is rated unsatisfactory must be evaluated again within one year. Nothing in this section limits or prohibits school districts from setting additional and more stringent standards for the evaluation of principals. A satisfactory rating on the evaluation is one of several criteria for overall performance evaluation and is not sufficient for reemployment as a principal by a school district. The State Department of Education shall review the implementation of the principal evaluation in the school districts for the purpose of providing technical assistance and ensuring the evaluations are appropriately administered. The provisions of this section must be implemented according to the following schedule: 1997 98 school year: Identification of criteria and standards; 1998 99 school year: Development and testing of criteria, standards, and procedures in selected districts; 1999 2000 school year: Statewide implementation. Continuous professional development programs. By January 1, 1999, the South Carolina Department of Education’s Leadership Academy shall develop, in cooperation with school districts, district consortia, and state supported institutions of higher education, continuous professional development programs which meet national standards for professional development and focus on the improvement of teaching and learning. By July 1, 1999, programs funded with state funds must meet these standards and must provide training, modeling, and coaching on effective instructional leadership as it pertains to instructional leadership and school based improvement, including instruction on the importance of school improvement councils and ways administrators may make school improvement councils an active force in school improvement. The training must be developed and conducted in collaboration with the School Council Assistance Project.	Requires a service	Section 59-24-50	State	Statute

Principals’ Executive Institute (PEI); program design task force; purpose; governing regulations; focus. The State Department of Education shall establish a Principals’ Executive Institute (PEI) with the funds appropriated for that purpose. (1) A task force appointed by the State Superintendent of Education shall begin on or before July 1, 1999, to design this program so that the first class of participants shall begin during school year 1999 2000. The task force shall include, but is not limited to, representatives from the State Department of Education, business leaders, university faculty, district superintendents, school principals, South Carolina Teachers of the Year, representatives from professional organizations, members of the Education Oversight Committee, and appropriate legislative staff. (2) The purpose of the PEI is to provide professional development to South Carolinas principals in management and school leadership skills. (3) By January 1, 2000, the State Board of Education shall establish regulations governing the operation of the PEI. (4) The focus of the first year of the Principals’ Executive Institute shall be to serve the twenty seven principals from impaired schools and other experienced principals as identified by the South Carolina Leadership Academy of the Department of Education and as approved by the local public school districts which employ such principals. (5) The creation of the Principals’ Executive Institute shall not duplicate the State Department of Educations Leadership Academy programs but shall provide intensive, in depth training in business principles and concepts as they relate to school management and the training and developmental programs for principals mandated under the 1998 Education Accountability Act. Notice of dismissal; conduct of hearing. No teacher shall be dismissed unless written notice specifying the cause of dismissal is first given the teacher by the District Board of Trustees and an opportunity for a hearing has been afforded the teacher. Such written notice shall include the fact that a hearing before the board is available to the teacher upon request provided, such request is made in writing within fifteen days as prescribed by Section 59 25 470. Any such hearing shall be public unless the teacher requests in writing that it be private. The District Board of Trustees may issue subpoenas requiring the attendance of witnesses at any hearing and, at the request of the teacher against whom a charge is made, shall issue such subpoenas, but it may limit the number of witnesses to be subpoenaed in behalf of the teacher to not more than ten. All testimony at any hearing shall be taken under oath. Any member of the board may administer oaths to witnesses. The board shall cause a record of the proceedings to be kept and shall employ a competent reporter to take stenographic or stenotype notes of all of the testimony. If the board's decision is favorable to the teacher, the board shall pay the cost of the reporter's attendance and services at the hearing. Powers and duties of court of common pleas; warrant for production of witnesses. The court of common pleas shall, on application of the district board, enforce by proper proceedings the attendance and testimony of witnesses and the production and examination of books, papers and records and shall have the power to punish as for contempt of court, by a fine or imprisonment or both, the unexcused failure or refusal to attend and give testimony or produce books, papers and records as may have been required in any subpoena issued by the district board. The district board may issue to the sheriff of the county in which any hearing is held a warrant requiring him to produce at the hearing any witness who shall have ignored or failed to comply with any subpoena issued by the district board and duly served upon such witness. Such a warrant shall authorize the sheriff to arrest and produce at the hearing such witness, and it shall be his duty to do so; but the failure of a witness so to appear in response to any such subpoena may be excused on the same grounds as provided by law in the courts of this State as to the attendance of witnesses and jurors. Unprofessional conduct; breach of contract. Any teacher who fails to comply with the provisions of his contract without the written consent of the school board shall be deemed guilty of unprofessional conduct. A breach of contract resulting from the execution of an employment contract with another board within the State without the consent of the board first employing the teacher makes void any subsequent contract with any other school district in South Carolina for the same employment period. Upon the formal complaint of the school board, substantiated by conclusive evidence, the State board shall suspend or revoke the teacher's certificate, for a period not to exceed one calendar year. State education agencies in other states with reciprocal certification agreements shall be notified of the revocation of the certificate. Complaint filed with county board. Such teacher may at any time, during the period for which he has been employed, file with the county board of education of the county in which the school is located a complaint in writing which shall set forth briefly the manner and method by which the alleged discrimination is claimed to have occurred. Any number of teachers that are employed by the same school district may join in the filing of a complaint.	Not related to agency deliverable	Section 59-25-720	State	Statute	
Hearing on complaint. Upon the filing of such complaint, the county board of education shall fix a date for the hearing thereof and at least ten days prior to the date fixed shall notify the complainant and the board of trustees of the school district in which the teacher is employed of the time and place of such hearing. It shall set forth in such notice the grounds of such alleged discrimination.	Not related to agency deliverable	Section 59-25-730	State	Statute	
Process and procedure shall be summary and simple. The process and procedure under this article shall be as summary and simple as reasonably may be. The county board of education shall have the power, for the purpose of this article, to subpoena witnesses, to administer oaths and to examine such parts of any books and records as relate to the questions involved. Any party to such proceedings may cause to be taken the depositions of witnesses within or without the State and either by commission or de bene esse. Such depositions shall be taken in accordance with and subject to the same provisions, conditions and restrictions as apply to the taking of like depositions in civil actions at law in the court of common pleas, and the same rules with respect to the giving of notice to the opposite party, the taking and transcribing of testimony, the transmission and certification thereof and matters of practice relating thereto shall apply. Appeal to State Board of Education. Within thirty days after the receipt of any such notice of such decision of the county board, any party thereto shall have the right to appeal to the State Board of Education by filing a notice of appeal, stating the grounds thereof, with the county board of education. Upon such appeal being filed, the county board, within thirty days thereafter, shall file a full and complete certified transcript of the proceedings had before it with the State Board of Education. Upon receipt of such appeal, the State Board of Education shall fix a time and place for the hearing thereof and give notice, by registered mail, to the parties involved. Such appeal shall be heard upon the transcript of the proceedings from the county board and such other investigation and additional testimony as the State Board may elect to take, all of which, if taken, shall be reported and made a part of the record. The State Board of Education shall review all questions of law and fact and, in determining the matter, exercise its discretion as an original duty imposed upon it. Intent; guidelines for implementation. It is the intent of this chapter to provide for a fair, cohesive, and comprehensive system for the training, certification, initial employment, evaluation, and continuous professional development of public educators in this State. The following guidelines, which further constitute the intent of this chapter must be adhered to by all state and local officials, agencies, and boards in interpreting and implementing the provisions of this chapter so that the system provided for herein shall: (a) upgrade the standards for educators in this State in a fair, professional, and reasonable manner; (b) assure that prospective teachers have basic reading, mathematics, and writing skills; (c) improve the educator training programs and the evaluation procedures for those programs; (d) assure that prospective teachers know and understand their teaching areas and are given assistance toward the achievement of their potential; (e) assure that school districts implement a comprehensive system for assisting, developing, and evaluating teachers employed at all contract levels. Youth suicide prevention teacher training. (A) Beginning with the 2013 2014 school year, the Department of Education shall require two hours of training in youth suicide awareness and prevention as a requirement for the renewal of credentials of individuals employed in a middle school or high school as defined in Section 59 1 150. The required training shall count toward the one hundred twenty renewal credits specified in Department of Education regulations for renewal of credentials. (B)(1) The department shall develop guidelines suitable for training and materials that may be used by schools and districts; however districts may approve materials to be used in providing training for employees. (2) The training required in this section may be accomplished through self review of suicide prevention materials that meet guidelines developed by the Department of Education. (C) No person shall have a cause of action for any loss or damage caused by any act or omission resulting from the implementation of the provisions of this section or resulting from any training, or lack of training, required by this section unless the loss or damage was caused by wilful or wanton misconduct. The training, or lack of training, required by the provisions of this section must not be construed to impose any specific duty of care. Duties of State Board of Education and Commission on Higher Education. The State Board of Education, through the State Department of Education, and the Commission on Higher Education shall: (a) develop and implement a plan for the continuous evaluation and upgrading of standards for program approval of undergraduate and graduate education training programs of colleges and universities in this State; (b) adopt policies and procedures which result in visiting teams with a balanced composition of teachers, administrators, and higher education faculties; (c) establish program approval procedures which shall assure that all members of visiting teams which review and approve undergraduate and graduate education programs have attended training programs in program approval procedures within two years prior to service on such teams; (d) render advice and aid to departments and colleges of education concerning their curricula, program approval standards, and results on the examinations provided for in this chapter; (e) adopt program approval standards so that all colleges and universities in this State that offer undergraduate degrees in education shall require that students successfully complete the basic skills examination that is developed in compliance with this chapter before final admittance into the undergraduate teacher education program. These program approval standards shall include, but not be limited to, the following: (1) A student initially may take the basic skills examination during his first or second year in college. (2) Students may be allowed to take the examination no more than four times. (3) If a student has not passed the examination, he may not be conditionally admitted to a teacher education program after December 1, 1996. After December 1, 1996, any person who has failed to achieve a passing score on all sections of the examination after two attempts may retake for a third time any test section not passed in the manner allowed by this section. The person shall first complete a remedial or developmental course from a post secondary institution in the subject area of any test section not passed and provide satisfactory evidence of completion of this required remedial or developmental course to the State Superintendent of Education. A third administration of the examination then may be given to this person. If the person fails to pass the examination after the third attempt, after a period of three years, he may take the examination or any sections not passed for a fourth time under the same terms and conditions provided by this section of persons desiring to take the examination for a third time. Provided, that in addition to the above approval standards, beginning in 1984 85, additional and upgraded approval standards must be developed, in consultation with the Commission on Higher Education, and promulgated by the State Board of Education for these teacher education programs. (f) administer the basic skills examination provided for in this section three times a year; (g) report the results of the examination to the colleges, universities, and student in such form that he will be provided specific information about his strengths and weaknesses and given consultation to assist in improving his performance; (h) adopt program approval standards so that all colleges and universities in this State that offer undergraduate degrees in education shall require that students pursuing courses leading to teacher certification successfully complete one semester of student teaching and other field experiences and teacher development techniques directly related to practical classroom situations; (i) adopt program approval standards whereby each student teacher must be evaluated and assisted by a representative or representatives of the college or university in which the student teacher is enrolled. Evaluation and assistance processes shall be locally developed, selected by colleges, universities in accordance with State Board of Education regulations. Cognitive assessments for teachers and teacher certification; examinations; regulations. (A) In the area of cognitive assessments for teachers and teacher certification, the State Board of Education, acting through the State Department of Education, shall: (1) adopt a basic skills examination in reading, writing, and mathematics that is suitable for determining whether students may be admitted fully into an undergraduate teacher education program. The examination must be designed so that results are reported in a form that shall provide colleges, universities, and students with specific information about his strengths and weaknesses. Procedures, test questions, and information from existing examinations must be validated in accordance with current legal requirements. The passing score on the examination shall be set at a level that reflects the degree of competency in the basic skills that, in the judgment of the State Board of Education, a prospective school teacher reasonably is expected to achieve; (2) adopt nationally recognized teaching examinations that measure the cognitive teaching area competencies desired for initial job assignments in typical elementary and secondary schools in this State. The examinations shall contain a minimum amount of common or general knowledge questions. They shall be designed so that results are reported in a form that provide a student with specific information about the student’s strengths and weaknesses. Procedures, test questions, and information from existing examinations and lists of validated teacher competencies are used to the maximum extent in the development of the examinations. An examination that is completely developed by an organization other than the special project may be considered for use as a whole only if the State Board of Education concludes that the development and maintenance of a specific area test is impractical or would necessitate exorbitant expenses. The examinations must be validated. The teaching examinations must be developed or selected only for those areas in which State Board of Education approved area examinations are not available; (3) use nationally recognized specific teaching area examinations approved by the State Board of Education for certification purposes. The qualifying scores on the area examinations shall be set at the same level at which they are now set. The State Board of Education shall examine these levels to determine if adjustments are required. Periodic examinations shall be made to assure the validity of qualifying scores. The qualifying scores may be adjusted if new legal requirements or validity studies indicate the adjustments are necessary. In an area in which an area teaching examination approved by the State Board of Education is not available, the state board shall use the teaching examinations developed in accordance with this section for certification purposes as soon as those examinations are prepared, validated, and ready for use; (4) report the results of the teaching examinations to the student in written form that provides specific information about the student’s strengths and weaknesses. Every effort must be made to report the results of the area examinations and common examinations in written form that provides specific information about the student’s strengths and weaknesses; (5) report to each teacher training institution in the State the performance of the institution’s graduates on the teaching examinations. The report to the institution must be in a form that assists the institution in further identifying strengths and weaknesses in its teacher training programs; (6) provide for the security and integrity of the tests that are administered under the certification program as currently provided by the State Department of Education; (7) award a teaching certificate to a person who successfully completes the scholastic requirements for teaching at an approved college or university and the examination he is required to take for certification purposes; (8) award a conditional teaching certificate to a person eligible to hold a teaching certificate who does not qualify for full certification under item (7) above provided the person has earned a bachelor’s degree from an accredited college or university with a major in a certification area for which the board has determined there exists a critical shortage of teachers, and the person has been recommended by the State Board of Education for certification. Induction, annual and continuing contracts; evaluations; termination of employment for annual contract teacher; hearing. (A) A person who receives a teaching certificate as provided in Section 59 26 30 may be employed by a school district under a nonrenewable induction contract. School districts shall comply with procedures and requirements promulgated by the State Board of Education relating to aid, supervision, and evaluation of persons teaching under an induction contract. Teachers working under an induction contract must be paid at least the beginning salary on the state minimum salary schedule. (B) Each school district shall provide teachers employed under induction contracts with a formalized induction program developed or adopted in accordance with State Board of Education regulations. (C) At the end of each year of the three year induction period, the district may employ the teacher under another induction contract, an annual contract, or may terminate his employment. If employment is terminated, the teacher may seek employment in another school district at the induction contract level. At the end of the three year induction contract period, a teacher shall become eligible for employment at the annual contract level. At the discretion of the local school district in which the induction teacher was employed, the district may employ the teacher under an annual contract or the district may terminate his employment. If employment is terminated, the teacher may seek employment in another school district at the annual contract level. A person must not be employed as an induction teacher for more than three years. This subsection does not preclude his employment under an emergency certificate in extraordinary circumstances if the employment is approved by the State Board of Education. During the induction contract period, the employment dismissal provisions of Article 3, Chapter 19 and Article 5, Chapter 25 of this title do not apply. (D) Annual contract teachers must be evaluated or assisted with procedures developed or adopted by the local school district in accordance with State Board of Education regulations. Teachers employed under an annual contract also must complete an individualized professional growth plan established by the school or district. Professional growth plans must be supportive of district strategic plans and school renewal plans. Teachers must not be employed under an annual contract for more than four years, in accordance with State Board of Education regulations. (E) During the first annual contract year, at the discretion of the school district in which the teacher is employed, the annual contract teacher either must complete the formal evaluation process or be provided diagnostic assistance. During subsequent annual contract years, teachers must be evaluated or assisted in accordance with State Board of Education regulations. Teachers are eligible to receive diagnostic assistance during only one annual contract year. (F) Once an annual contract teacher has successfully completed the formal evaluation process, met the criteria set by the local board of trustees, and satisfied requirements established by the State Board of Education for the professional teaching certificate, the teacher becomes eligible for employment at the continuing contract level. At the discretion of the school district in which the teacher is employed, the district may employ the teacher under a continuing contract or terminate the teacher’s employment. If employment is terminated, the teacher may seek employment in another school district. At the discretion of the next hiring district, the teacher may be employed at the annual or continuing contract level. An annual contract teacher who has completed successfully the evaluation process and met the criteria set by the local board of trustees, but who has not yet satisfied all requirements established by the State Board of Education for the professional teaching certificate, is eligible for employment under a subsequent annual contract, with evaluation being either formal or informal, at the discretion of the local school district. At the discretion of the school district in which the teacher is employed, the district may employ the teacher under an annual contract or terminate the teacher’s employment. If employment is terminated, the teacher may seek employment in another school district at the annual contract level. Creation and membership of Educator Improvement Task Force; duties and powers. (a) There is created as an agency of state government the South Carolina Educator Improvement Task Force composed of thirteen members. The State Superintendent of Education with the advice and consent of the State Board of Education shall appoint six members, one of whom may be himself, one of whom must be a public school teacher and one of whom must be a public school administrator. The Governor shall appoint seven members, one from each congressional district and not less than two of whom must be employed at state institutions of higher education and not less than one of whom is a member of a local school board. A vacancy must be filled in the manner of the original appointment. The members shall receive per diem, mileage, and subsistence as provided by law for members of state boards, committees, and commissions to be paid from funds appropriated for the operation of the State Department of Education. Every consideration must be given to insure appropriate racial balance in appointments. (b) The Task Force shall organize by electing such other officers as it deems necessary. Bylaws may be adopted by a majority vote as deemed necessary. (c) The powers and duties of the Task Force shall be as follows: (1) Employ as director of the special project a person who has specific skills and experience to carry out the requirements of this chapter. (2) Exercise supervision over the special project to insure that the intent of this chapter is carried out. (3) Seek input from the public and other state agencies concerning the implementation of this chapter. (4) Confer periodically with the State Board of Education and submit a final report to the Board concerning the implementation of this chapter. The report shall include a plan for the implementation of the responsibilities assigned to the Task Force by this chapter. The Board shall approve or disapprove the implementation plan within forty five days. If the Board disapproves the plan, it shall submit the reasons for disapproval to the Chairman of the Task Force within fifteen days, and the Task Force shall, after consideration of the reasons for the disapproval, submit a revised implementation plan or the original plan with justification therefor to the State Board of Education within thirty days. If the Board then disapproves the original or revised plan, the Chairman of the Task Force and the Chairman of the Board shall within thirty days call a joint meeting and a majority vote of the Board and Task Force shall determine the plan to be implemented. (5) Report to the Governor, the State Board of Education, the Chairman of the Senate Education Committee and the Chairman of the House Education and Public Works Committee by March 1, 1980, and annually thereafter, on the status of the implementation of this chapter. The annual report shall include any recommendations for legislative or executive action to facilitate achieving the intent of this chapter. (6) Provide advice to the Board of Education and Commission on Higher Education concerning actions that may be needed to upgrade teacher training programs or otherwise facilitate progress toward achieving the intent of this chapter. Such advice shall include a determination of the minimum financial support per provisional and annual contract teacher that should be provided to local school districts by the General Assembly to compensate the districts for the additional duties imposed upon them by the provisions of this chapter. (d) The Task Force shall terminate July 1, 1982, and may be extended only by a vote of two thirds of the members of the House present and voting and two thirds of the members of the Senate present and voting. If any of the implementation dates set forth in this chapter are extended by the General Assembly, the termination date of the Task Force may be extended for the same length of time by a majority vote of the members of the House and a majority vote of the members of the Senate. Interstate Agreement on Qualification of Educational Personnel adopted; terms of Agreement. The Interstate Agreement on Qualification of Educational Personnel is hereby adopted by the State of South Carolina and entered into with all jurisdictions legally joining therein, in the form substantially as follows: Interstate Agreement on Qualification of Educational Personnel ARTICLE 1 Purpose, Findings, and Policy 1. The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end. 2. The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower. ARTICLE 2 Definitions As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise: 1. "Educational personnel" means persons who must meet requirements pursuant to state law or state board of education regulation as a condition of employment in educational programs. 2. "Designated state official" means the education official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this agreement. 3. "Accept," or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state. 4. "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico. 5. "Originating State" means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Article 3. 6. "Receiving State" means a state (and the subdivision thereof, if any) which accepts the educational personnel in accordance with the terms of a contract made pursuant to Article 3. South Carolina Financial Literacy Initiative established. There is established the South Carolina Financial Literacy Initiative, a comprehensive, results oriented program for improving financial literacy by providing public and private funds for teachers and schools to provide high quality financial literacy education for students in kindergarten through twelfth grade.	Not related to agency deliverable	Section 59-29-440	State	Statute	
Purpose. The purpose of the Financial Literacy Initiative is to develop, promote, and assist efforts of agencies, private providers, and public and private organizations and entities, at the state level, to collaborate and cooperate in order to focus and intensify services, assure the most efficient use of all available resources, and eliminate duplication of efforts to serve the financial literacy needs of students, teachers, and schools. The South Carolina Financial Literacy Board of Trustees shall assure that collaboration and the sharing and maximizing of resources are occurring before funding for the grants, as provided for in this chapter, is made available.	Not related to agency deliverable	Section 59-29-450	State	Statute	
Goals. The goals for the South Carolina Financial Literacy Initiative are to: (1) provide students in kindergarten through twelfth grade with tools they will need in the real world to manage their finances; (2) increase comprehensive services so students have reduced risk for financial failure after high school; and (3) promote high quality programs that provide instruction on pertinent financial literacy issues pursuant to Section 59 29 410. South Carolina Financial Literacy Board of Trustees established; acceptance of gifts; administration of trust. (A) There is established the South Carolina Financial Literacy Board of Trustees, an eleemosynary corporation, which shall oversee the South Carolina Financial Literacy Initiative, a broad range of innovative financial literacy services to meet critical needs of South Carolina’s students in kindergarten through twelfth grade through the awarding of grants to school districts as provided for in Section 59 29 530. (B) The board may accept gifts, bequests, and grants from a person or foundation. The trust and grants from the trust shall supplement and augment, but not take the place of, services provided by local, state, or federal agencies. The board of trustees shall carry out activities necessary to administer the trust including assessing service needs and gaps, soliciting proposals to address identified service needs, and establishing criteria for the awarding of grants. Board membership; terms; vacancies. (A) The South Carolina Financial Literacy Board of Trustees must be chaired by the State Superintendent of Education who shall serve as an ex officio voting member of the board. The board is composed of eight voting members to be appointed by the Superintendent of Education. Initial appointments must be made by the Superintendent of Education with members representing areas of financial literacy instruction. Subsequent appointments must be made by the Superintendent of Education from a slate presented by the sitting members of the board. (B) The terms of the members are for four years and until their successors are appointed and qualify, except of those first appointed. When making the initial appointments, the Superintendent of Education shall designate half of his appointments to serve two year terms only. (C) Vacancies for any reason must be filled in the manner of the original appointment for the unexpired term. No member shall serve more than two terms or eight years, whichever is longer. Members who miss more than three consecutive meetings without excuse or members who resign must be replaced in the same manner as their predecessor. Members may be paid per diem, mileage, and subsistence as established by the board not to exceed standards provided by law for boards, committees, and commissions. A complete report of the activities of the Financial Literacy Board of Trustees must be made annually to the General Assembly and the State Auditor.	Board, commission, or committee on which someone from our agency must/may serve	Section 59-29-480	State	Statute	
Powers and duties. To carry out its assigned functions, the board is authorized, but not limited to: (1) develop a comprehensive long range initiative for improving the financial literacy of students in kindergarten through twelfth grade; (2) promulgate regulations, establish guidelines, policies, and procedures for implementation of the South Carolina Financial Literacy Initiative; (3) provide oversight on the implementation of the South Carolina Financial Literacy Initiative at the state and school district levels; (4) establish criteria and procedures for awarding grants from the Financial Literacy Trust; (5) create an annual revision of school district needs assessments and identify assets from other funding sources; (6) assess and develop recommendations for increasing the efficiency and effectiveness of financial literacy programs and funding and other programs and funding sources, as allowable, as necessary to carry out the Financial Literacy Initiative, including additional fiscal strategies, redeployment of state resources, and development of new programs; (7) establish results oriented measures and objectives and assess whether services provided are meeting the goals and achieving the results established for the Financial Literacy Initiative; (8) receive gifts, bequests, and devises for deposit in the Financial Literacy Trust; and (9) report annually to the General Assembly by January first on activities and progress to include recommendations for changes and legislative initiatives and results of program evaluations. Required subjects; traffic laws. The State Department of Education and the trustees of the State institutions of higher learning shall establish and require to be taught in the respective schools under their control a course of instruction on the traffic laws of this State. Such course of instruction shall be by lectures.	Requires a service	Section 59-29-50	State	Statute	Establish course of instruction on State traffic laws
Employment of Director of the Financial Literacy Office and staff. The South Carolina Financial Literacy Board of Trustees may employ, by a majority vote, a Director of the Financial Literacy Office and other staff as necessary to carry out the South Carolina Financial Literacy Initiative and other duties and responsibilities as assigned by the board. The director, with the approval of the board, may hire staff necessary to carry out the provisions of the initiative.	Not related to agency deliverable	Section 59-29-500	State	Statute	
Acceptance of nongovernmental grants, gifts, and donations; administration of funds. (A) No state funds may be used to support or operate the Financial Literacy Initiative. This prohibition does not prevent the Department of Education from housing the offices of the Financial Literacy Initiative. A separate fund must be established to accept nongovernmental grants, gifts, and donations from a public or private source for the South Carolina Financial Literacy Trust. All funds may be carried forward from fiscal year to fiscal year. The State Treasurer shall invest the monies in the Financial Literacy Trust in the same manner as other funds under his control are invested and all interest derived from the investment of these funds shall remain in the trust. The South Carolina Financial Literacy Board of Trustees shall administer and authorize any disbursements from the trust. Private individuals and groups shall be encouraged to contribute to this endeavor. (B) All interest derived from the investment of the funds in subsection (A) shall remain a part of the trust.	Not related to agency deliverable	Section 59-29-510	State	Statute	
Office of South Carolina Financial Literacy established. Within the Department of Education, an Office of South Carolina Financial Literacy is established. The office shall: (1) provide to the board information on best practice, successful strategies, model programs, and financing mechanisms; (2) provide technical assistance and recommendations regarding grant proposals and improvement in meeting goals; (3) recommend to the board the applicants meeting the criteria for Financial Literacy grants to be awarded; (4) submit an annual report to the board by December first, which includes, but is not limited to, the statewide needs and resources available to meet the goals and purposes of the Financial Literacy Initiative, the ongoing progress and results of the Financial Literacy Initiative, fiscal information on the expenditure of funds, and recommendations and legislative proposals to further implement the South Carolina Financial Literacy Initiative; (5) provide for on going data collection and contract for an in depth performance audit due January 1, 2010, and every three years thereafter, to ensure that statewide goals and requirements of the Financial Literacy Initiative are being met; and (6) coordinate the Financial Literacy Initiative with all other state, federal, and local public and private efforts to promote and improve financial literacy.	Distribute funding to another entity	Section 59-29-520	State	Statute	
Applications for grants; factors considered. (A) To obtain a grant, a school district shall submit an application to the Financial Literacy Office in a format specified by the Financial Literacy Board of Trustees. The application shall include, as appropriate to the level of grant applied for, the level of funding requested, a description of needs of the school, assets and resources available, and the proposed strategies to address needs as they relate to the goals of the Financial Literacy Initiative. (B) The allocations for the grants must take into consideration the quality of the grant proposal; the percentage of students who are eligible for the free and reduced price lunch program; and average per capita income. The criteria also must take into account the standing of the geographical area in relation to the statewide Kids Count indicators.	Requires a service	Section 59-29-530	State	Statute	
Use of grant funds. Grants provided to school districts must be used to address the financial literacy needs of students in kindergarten through twelfth grade. Grant funds may not supplant current expenditures by counties or state agencies for financial literacy, and may not be used where other state or federal funding sources are available or could be made available. In awarding grants, every effort must be made to ensure that all geographic areas of the State are represented.	Not related to agency deliverable	Section 59-29-540	State	Statute

Instruction on Black history. The State Board of Education shall examine the current status of the teaching of South Carolina History. By the 1989 1990 school year, each public school of the State must instruct students in the history of the black people as a regular part of its history and social studies courses. The State Board of Education shall establish regulations for the adoption of history and social studies textbooks which incorporate black history and shall, through the State Department of Education, assist the school districts in developing and locating suitable printed materials and other aids for instruction in black history. The State Board of Education shall examine curricular material for grades 1 6 to determine the level of emphasis on the relationship of agriculture and other industries to the South Carolina economy. Disbursement of and accountability for funds; penalties. (A) Schools shall demonstrate to the Financial Literacy Office the accountability of funds distributed pursuant to this chapter. (B) Disbursements may be made only on the written authorization of the individual designated by the school district and only for the purposes specified. A person violating this section is guilty of a misdemeanor and, upon conviction, must be fined five thousand dollars or imprisoned for six months, or both. (C) The offenses of misuse, misappropriation, and embezzlement of public funds, apply to this chapter.	Not related to agency deliverable	Section 59-29-560	State	Statute	
Evaluating progress toward goals; grantee participation; reports. (A) The Financial Literacy Board of Trustees shall establish internal evaluation policies and procedures for an annual review of the implementation of strategies and progress toward the interim goals and benchmarks. In instances where no progress has been made, the Financial Literacy Board shall provide targeted assistance or the board may terminate the grant. In addition, a program evaluation of the Financial Literacy Initiatives at the state and local levels must be conducted every three years by an independent, external evaluator under contract with the Financial Literacy Board of Trustees. However, the selected evaluator must be approved, and the evaluation overseen, by a committee consisting of three members, one appointed by the Financial Literacy Board, one appointed by the Chairman of the Senate Education Committee, and one appointed by the Chairman of the House Education and Public Works Committee. These committee members must be professionally recognized as proficient in accounting, finance, banking, tax, insurance, or a closely related field. The first report must be provided no later than January 1, 2010. (B) Grantees shall agree to participate in an evaluation in order to receive a Financial Literacy grant. Subsequent grant approval and grant allocations must be dependent, in part, on the results of the evaluations. If an evaluation finds no progress has been made in meeting goals or implementing strategies as agreed to in the grant, the grant must be terminated. (C) The purpose of the evaluation is to assess progress toward achieving the Financial Literacy goals and to determine the impact of the initiative on students at the state and local levels. The impact assessment shall include, but is not limited to, end of course evaluations and projects. During the course of the evaluation, if an evaluator determines that a state agency has failed to comply with the coordination and collaboration provisions as required in this chapter, the final report must reflect that information. Program evaluation reports must be reported to the General Assembly no later than three months after conclusion of the evaluation.	Not related to agency deliverable	Section 59-29-570	State	Statute

Courses in physical education; ROTC programs. (A) There shall be established and provided in all the public schools of this State physical education, training and instruction of pupils of both sexes, and every pupil attending any school, in so far as he is physically fit and able to do so, shall take the course or courses provided by this section. Suitable modified courses shall be provided for students physically or mentally unable or unfit to take the course or courses prescribed for normal pupils. However, in any public school which offers a military or naval ROTC program sponsored by one of the military services of the United States, training in such a program may be deemed equivalent to physical education instruction, and may be accepted in lieu of such instruction for all purposes, academic or nonacademic, as may hereinafter be provided. (B) A student may be exempted from physical education requirements by seeking a waiver from the local school board of trustees. The local board may grant such a request based on the following criteria: (1) The student must present a statement by his attending physician indicating that participation in physical education will jeopardize the student’s health and well being; or (2)(a) The parent and student must show that the student’s attending physical education classes will violate their religious beliefs and would not be merely a matter of personal objection; and (b) the parent or student must be members of a recognized religious faith that objects to physical education as part of its official doctrine or creed. The local board shall encourage the student to take, as an alternative to physical education, appropriate instruction in health education or other instruction in lifestyle modification if an exemption is granted pursuant to this section. Election, bond and compensation of State Superintendent of Education. The State Superintendent of Education shall be elected at each general election in the same manner as other State officers and shall enter upon the duties of his office at the time prescribed by law. Before entering upon the duties of his office he shall give bond for the use of the State in the penal sum of five thousand dollars, with good and sufficient sureties, to be approved by the Governor, conditioned for the faithful and impartial performance of the duties of his office, and he shall also, at the time of giving bond, take and subscribe the oath prescribed in Section 26 of Article III of the Constitution of the State, which shall be endorsed upon the back of the bond. The bond shall be filed with the Secretary of State, and by him recorded and, when so recorded, shall be filed with the State Treasurer. The Superintendent of Education shall receive as compensation for his services such sum as the General Assembly shall by law provide, payable monthly out of the State Treasury, and his traveling expenses, not exceeding three hundred dollars, shall be paid out of the State Treasury upon duly itemized accounts rendered by him. Allocation of Qualified School Construction Bonds authorized by American Recovery Act of 2009 among school districts. (A)(1) Issuance authority for Qualified School Construction Bonds (QSCB) obligations allotted to the State pursuant to the provisions of 26 U.S.C. Section 54F(d)(1) and any issuance authority allocated pursuant to 26 U.S.C. Section 54F(d)(2) to school districts of the State and not used by them shall be allocated by the State Superintendent of Education to one or more of the school districts, or county boards of education on behalf of one or more school districts of the State. In that regard, the State Superintendent of Education shall allocate sixty percent of the state’s QSCB issuance authority to or on behalf of school districts having the lowest capital financing resources, measured in terms of assessed value per pupil, not to exceed twenty million dollars per school district and forty percent of the state’s QSCB issuance authority to or on behalf of school districts having an ability to expeditiously issue bonds demonstrated through a high credit rating and timely start and completion of a project, not to exceed ten million dollars per school district. Any remaining QSCB allocations shall be awarded on a pro rata basis to school districts that originally requested more than the maximum amount in a QSCB allocation. School districts allocated issuance authority under 26 U.S.C. Section 54F(d)(2)(E)(i) are not eligible for allocation of issuance authority under this paragraph (A). When two or more school districts are proposing a joint construction rehabilitation of a qualified project, the priority level for the project must be based on the priority level of the joint partner having the lowest assessed value per pupil. (2) The State may not issue a QSCB obligation. For purposes of Article X, Section 15, of the South Carolina Constitution, a QSCB obligation shall be considered general obligation debt. A school district may not use the proceeds of a QSCB obligation for the purposes stated in Section 14003(b) of the American Recovery and Reinvestment Act of 2009. (B) The State Superintendent of Education is authorized to establish for each allocation of issuance authority a schedule for issuance of QSCB obligations, giving due regard for the time required to initiate and hold bond referendums, and may reallocate issuance authority or any portion of issuance authority to another school district or county board of education if the schedule is not kept. (C) Issuance authority allocated pursuant to this section but not utilized may be reallocated by the State Superintendent of Education in accordance with this section. (D) Assessed value for purposes of this section means the assessed value of all taxable property, excluding property subject to a fee in lieu of tax. State institutions of higher learning authorized to establish textbook rental systems. Any State institution of higher learning may, in the discretion of its board of trustees or other governing body, set up a textbook rental system in the same manner as is provided in Section 59 31 210 for school districts and may choose or purchase its own textbooks. All funds received by such institutions from rental of books belonging to such institutions shall be retained by them respectively.	Not related to agency deliverable	Section 59-31-250	State	Statute	
School districts and counties authorized to establish rental or free textbook systems. Nothing contained in this article shall abrogate the power to set up rental or free textbook systems of any school district or county that may have such right, and all rentals received by any such district or county from rental of books belonging to such district or county shall be retained by such district or county. And school districts enrolling five thousand or more school pupils shall have the right to set up rental or free textbook systems and choose and purchase their own textbooks. All rentals received by such districts from rental of books belonging to such districts shall be retained by such districts. But any such county or school district having its own rental or free textbook system shall be entitled to receive all benefits under the rental library provisions of this article. Definitions. As used in this chapter: (1) “Comprehensive health education” means health education in a school setting that is planned and carried out with the purpose of maintaining, reinforcing, or enhancing the health, health related skills, and health attitudes and practices of children and youth that are conducive to their good health and that promote wellness, health maintenance, and disease prevention. It includes age appropriate, sequential instruction in health either as part of existing courses or as a special course. (2) “Reproductive health education” means instruction in human physiology, conception, prenatal care and development, childbirth, and postnatal care, but does not include instruction concerning sexual practices outside marriage or practices unrelated to reproduction except within the context of the risk of disease. Abstinence and the risks associated with sexual activity outside of marriage must be strongly emphasized. (3) “Family life education” means instruction intended to: (a) develop an understanding of the physical, mental, emotional, social, economic, and psychological aspects of close personal relationships and an understanding of the physiological, psychological, and cultural foundations of human development; (b) provide instruction that will support the development of responsible personal values and behavior and aid in establishing a strong family life for themselves in the future and emphasize the responsibilities of marriage. (c) provide instruction as to the laws of this State relating to the sexual conduct of minors, including criminal sexual conduct. (4) “Pregnancy prevention education” means instruction intended to: (a) stress the importance of abstaining from sexual activity until marriage; (b) help students develop skills to enable them to resist peer pressure and abstain from sexual activity; (c) explain methods of contraception and the risks and benefits of each method. Abortion must not be included as a method of birth control. Instruction explaining the methods of contraception must not be included in any education program for grades kindergarten through fifth. Contraceptive information must be given in the context of future family planning. (5) “Local school board” means the governing board of public school districts as well as those of other state supported institutions which provide educational services to students at the elementary and secondary school level. For purposes of this chapter, programs or services provided by the Department of Health and Environmental Control in educational settings must be approved by the local school board. (6) “Board” means the State Board of Education. (7) “Department” means the State Department of Education.	Requires a service	Section 59-32-10	State	Statute

Selection or adoption of instruction units by state board required. (A) Before August 1, 1988, the board, through the department, shall select or develop an instructional unit with separate components addressing the subjects of reproductive health education, family life education, pregnancy prevention education, and sexually transmitted diseases and make the instructional unit available to local school districts. The board, through the department, also shall make available information about other programs developed by other states upon request of a local school district. (B) In addition to the provisions of subsection (A), before September 1, 2015, the board, through the department, shall select or develop instructional units in sexual abuse and assault awareness and prevention, with separate units appropriate for each age level from four year old kindergarten through twelfth grade. Local school boards to implement comprehensive health education program; guidelines and restrictions. (A) Pursuant to guidelines developed by the board, each local school board shall implement the following program of instruction: (1) Beginning with the 1988 89 school year, for grades kindergarten through five, instruction in comprehensive health education must include the following subjects: community health, consumer health, environmental health, growth and development, nutritional health, personal health, prevention and control of diseases and disorders, safety and accident prevention, substance use and abuse, dental health, and mental and emotional health. Sexually transmitted diseases as defined in the annual Department of Health and Environmental Control List of Reportable Diseases are to be excluded from instruction on the prevention and control of diseases and disorders. At the discretion of the local board, age appropriate instruction in reproductive health may be included. (2) Beginning with the 1988 89 school year, for grades six through eight, instruction in comprehensive health must include the following subjects: community health, consumer health, environmental health, growth and development, nutritional health, personal health, prevention and control of diseases and disorders, safety and accident prevention, substance use and abuse, dental health, mental and emotional health, and reproductive health education. Sexually transmitted diseases are to be included as a part of instruction. At the discretion of the local board, instruction in family life education or pregnancy prevention education or both may be included, but instruction in these subjects may not include an explanation of the methods of contraception before the sixth grade. (3) Beginning with the 1989 90 school year, at least one time during the four years of grades nine through twelve, each student shall receive instruction in comprehensive health education, including at least seven hundred fifty minutes of reproductive health education and pregnancy prevention education. (4) The South Carolina Educational Television Commission shall work with the department in developing instructional programs and materials that may be available to the school districts. Films and other materials may be designed for the purpose of explaining bodily functions or the human reproductive process. These materials may not contain actual or simulated portrayals of sexual activities or sexual intercourse. (5) The program of instruction provided for in this section may not include a discussion of alternate sexual lifestyles from heterosexual relationships including, but not limited to, homosexual relationships except in the context of instruction concerning sexually transmitted diseases. (6) In grades nine through twelve, students must also be given appropriate instruction that adoption is a positive alternative. (B) Local school boards may use the instructional unit made available by the board pursuant to Section 59 32 20, or local boards may develop or select their own instructional materials addressing the subjects of reproductive health education, family life education, and pregnancy prevention education. To assist in the selection of components and curriculum materials, each local school board shall appoint a thirteen member local advisory committee consisting of two parents, three clergy, two health professionals, two teachers, two students, one being the president of the student body of a high school, and two other persons not employed by the local school district. (C) The time required for health instruction for students in kindergarten through eighth grade must not be reduced below the level required during the 1986 87 school year. Health instruction for students in grades nine through twelve may be given either as part of an existing course or as a special course. (D) No contraceptive device or contraceptive medication may be distributed in or on the school grounds of any public elementary or secondary school. No school district may contract with any contraceptive provider for their distribution in or on the school grounds. Legislative findings; declaration of purpose. The General Assembly finds that it is necessary and proper to provide an appropriate education for all handicapped children and youth enrolled in public schools or eligible for enrollment therein. It further finds that this purpose can best be accomplished through implementation of an intensive five year plan to expand and improve existing programs for exceptional children in the public schools. The purpose of this chapter is to provide for the mandatory establishment of educational and training services and facilities for handicapped children in the public schools, between the ages designated in Section 59 63 20, who cannot be trained adequately without special educational facilities and services. Establishment and operation of programs by school districts; contracts between districts; special arrangements for multiple handicapped children. The board of trustees of each school district shall, upon approval of its district’s plan by the State Department of Education, establish and operate a program which will insure an appropriate education for each handicapped child resident within the district and shall maintain adequate records of the training and services provided and the children participating in the program. When a school district cannot satisfy the requirements of this section by providing for the education of its resident handicapped children because of insufficient numbers, the district may contract with other districts within the State or school systems or public or private institutions or agencies within or without the State which maintain approved special educational facilities; provided, that such institutions or agencies shall accept applicable children into the program regardless of color, race, sex, or religion. The sending district must document this lack of numbers and receive prior approval from the State Department of Education. The sending district may contract and pay the receiving district or institution the per capita cost of instruction, special equipment and special services not reimbursed to the receiving district by State, Federal and other moneys plus the cost of transportation and of maintenance if the nonresident children must reside away from their homes. The district which enters into such nonresident contract arrangements, which are approved by the State Department of Education, shall be reimbursed by the department for tuition, fees, transportation and books, not to exceed the per pupil cost of educating a handicapped child of identical age in the public schools. Legislative declaration of policy as to residential and nonresidential programs. The General Assembly declares that the public policy of this State is to provide, when feasible, the resources, assistance, coordination, and support necessary to enable the handicapped person to receive an education within the context of his home and community. Where individuals have previously been placed in residential treatment centers it is recognized that the services and programs to be provided under this chapter will offer new resources for the care and training of such individuals at home. The governing agencies of such residential programs are encouraged to investigate the resources to be provided by this chapter and, where appropriate, work closely with the family, guardian, or other responsible agent to effect the meaningful return of institutionalized persons to the more normal environment of their homes and communities. At the same time, the General Assembly directs responsible agencies administering residential programs not to view this chapter as reason for the indiscriminate return home of current institutional residents. In no instance shall the governing agency of such residential center return a person to his home without the advance, written consent of his parent, guardian, or other responsible party. However, where the parent, guardian, or other responsible party shall oppose the recommendation of the agency administering the residential program to return the individual to his home, the agency, based upon professional judgment, may place the individual in other nonresidential programs such as foster homes, community residences, halfway residences, or other similar services designed to promote the growth and development of the handicapped individual. Subpoena power of hearing officers; placement of handicapped children in alternative programs. Notwithstanding any other provision of law: Duly appointed hearing officers of local school districts and other state operated programs shall have the power of subpoena consistent with the requirements and regulations of Public Law 94 142. Regarding handicapped children placed in alternative programs for non educational reasons: (1) No agency of the State shall place handicapped children of lawful school age in residential, institutional or foster home settings without insuring that such children shall have available to them a free and appropriate public education in conformance with the provisions of Public Law 94 142. (2) In placing children determined to be handicapped by State Board of Education regulations, state agencies must procure, except in emergency situations, advance approval by the State Department of Education. The Department shall insure that an appropriate Individual Education Plan shall be developed by the pupil's home school district and that the proposed educational placement meets all the provisions of Public Law 94 142. Regarding handicapped children placed in other programs for educational reasons, when local school districts must place handicapped children of lawful school age in programs external to the child's home district for educational reasons, the district making the placement shall insure that such placement shall be at no cost to parent or child including room, board, education and related services and non medical care. Definitions. As used in this chapter: (1) "Blind student" means an individual who is eligible for special education services and who: (a) has a visual acuity of 20/200 or less in the better eye with correcting lenses or has a limited field of vision such that the widest diameter subtends an angular distance of no greater than twenty degrees; or (b) has a medically indicated expectation of visual deterioration. (2) "Braille" means the system of reading and writing through touch commonly known as standard English Braille. (3) "Individualized education program" means a written statement developed for a student eligible for special education services pursuant to Section 602(a)(20) of Part A of the Individuals with Disabilities Education Act, 20 U.S.C. Section 1401(a).	Not related to agency deliverable	Section 59-34-20	State	Statute	
Entitlement to individualized education program; assessment; instruction in braille. Each legally blind student must be identified and offered an individualized education program (IEP) in consultation with a parent or legal guardian. While braille is not required, it is presumed that the need for braille reading and writing are valuable skills to be considered in the student's transition plan toward continuing in higher education and in broadening job and career opportunities. No child who is legally blind may be denied the opportunity to receive instructions in braille reading and writing on the basis that the child has the ability to read and write print. Each student must be given an assessment which must include an evaluation of the need for braille skills to be designed by the State Department of Education, and shall include strengths and deficits. The purpose of the assessment is to determine the most appropriate reading and writing media for the individual child and does not require the use of braille if other special education services are appropriate. Nothing in this section requires the inclusion of braille in a legally blind student's IEP.	Requires a service	Section 59-34-30	State	Statute

Sufficiency of instruction required; particulars of individualized education program. Instruction in braille reading and writing must be sufficient to enable each blind student to communicate effectively and efficiently with the same level of proficiency expected of the student’s peers of comparable ability and grade level. The student’s individualized education program must specify: (1) the results obtained from the assessment required pursuant to Section 59 34 30; (2) how braille will be implemented as the primary mode for learning through integration with other classroom activities; (3) the date on which braille instruction will commence; (4) the length of the period of instruction and the frequency and duration of each instructional session; (5) the level of competency in braille reading and writing to be achieved by the end of the period and the objective assessment measures to be used; and (6) if a decision has been made pursuant to the assessment that braille instruction or use is not required for the student then a specification of the evidence used to determine that the absence of braille instruction or use will not impair the student’s ability to read and write effectively. Kindergarten classes shall be provided. The board of trustees of each school district shall establish and provide kindergartens for children within its jurisdiction. All children in the five year old kindergarten program must be counted in the average daily membership of any public school district when public school funds are to be apportioned to the several school districts. State aid for the five year old kindergarten program must be distributed through the formula provided for in the “Education Finance Act” (Act 163 of 1977). Beginning with school year 1998 99, school districts shall offer an extended day five year old kindergarten program to all requesting parents and shall be eligible for funding for the extended day equal to the EFA weight for a child attending a half day five year old kindergarten program. Local match is required for the extended day funding. The State Board of Education may waive the full day kindergarten requirement for a particular school district on an annual basis upon application of the district if the board finds the school district does not have available space and the cost of temporary classroom space cannot be justified. Parents of children who are eligible to attend the extended day five year old kindergarten may elect the half day program for their children. Parents intending to enroll their eligible children in a full day kindergarten program must notify the district by January thirty first of the year of the anticipated enrollment date. Parents moving into the district after the notification date may apply for full day kindergarten, and the district shall enroll such child in its full day program on a space available basis. Any parent or guardian of a child eligible for kindergarten may elect for their child or ward not to attend kindergarten pursuant to Section 59 65 10. Definitions. As used in this chapter: (1) “Preschool disabilities program” means the special education and related services provided in accordance with Public Law 94 142, as amended; (2) “Preschool children with disabilities” means children ages three, four, and five whose developmental progress is delayed to the extent that a program of special education is required to ensure their adequate preparation for school age experiences. This includes four year old vision and hearing impaired children and five year old children with disabilities previously included under Section 59 21 510. Eligibility must be noncategorical and must provide for children who are experiencing developmental delays in one or more of the following areas: cognitive ability, social ability, emotional ability, perceptual ability, visual ability, hearing ability, motor ability, speech language ability, and other health impairments. (3) “State advisory council” means the state advisory council on the Education of Children with Disabilities established in compliance with Public Law 94 142, as amended. The advisory council must be expanded to include permanent representation by state agencies listed in Section 59 36 20 that provide services for preschool children with disabilities, ages birth through five, and the Chairperson of the Interagency Coordinating Council (ICC) for P.L. 99 457. Additionally, a subcommittee of the advisory council must be established to address educational programs and services for preschool children with disabilities. The chairperson of the ICC and the advisory council, or their designee; state agencies designated from those listed in Section 59 36 20; at least two parents; one representative from daycare programs; one representative from HeadStart; and two local education agency representatives form the committee, all of whom, with the exception of the Chair of the ICC, shall be selected by a majority vote of the advisory council. A staff member from the Department of Education will be assigned to provide assistance to the council and the subcommittee as needed.	Not related to agency deliverable	Section 59-36-10	State	Statute	
Comprehensive system of special education and services; mandate of Individuals with Disabilities Education Act; agencies and persons responsible; inter agency cooperation; level of services; costs of services; resolving disagreements. The State Board of Education and the State Department of Education are responsible for establishing a comprehensive system of special education and related services and for ensuring that the requirements of the Federal Individuals with Disabilities Education Act are carried out. Other state agencies which provide services for children with disabilities are directed to cooperate in the establishment and support of the system. Agencies with responsibilities under this chapter include: the Department of Mental Retardation, the School for the Deaf and the Blind, the Commission for the Blind, the Department of Health and Environmental Control, the Department of Mental Health, the State Department of Social Services, Continuum of Care, and the State Department of Education. All public education programs for children with disabilities within the State, including all programs administered by any other state or local agency, are under the general supervision of the persons responsible for education programs for children with disabilities in the State Department of Education and must meet the standards of the State Board of Education. No provision of this section or of this chapter may be construed to limit the responsibilities of agencies other than the Department of Education from providing or paying for some or all of the cost of services to be provided the state’s children with disabilities and the level of service must, at a minimum, be similar to that provided individuals with similar needs. If agencies are unable to agree on responsibilities for a particular child, the issue must be decided by the Children’s Case Resolution System, Article 11, Chapter 11, Title 63. Policies, standards, and procedures to ensure appropriate education; consultant; evaluation and placement of students; certification and credentials of personnel. The State Board of Education, with input from the state advisory council, shall establish policies, standards, and procedures necessary to ensure that a free and appropriate education is available in the least restrictive environment and that a smooth transition from early intervention programs or initial entry into preschool programs occurs for children with disabilities. The Department of Education shall employ at least a full time consultant in preschool education for children with disabilities. The board shall establish evaluation and placement procedures for students with disabilities who participate in the programs established under this chapter and shall determine certification requirements for teachers and appropriate credentials for all other personnel delivering education or related services in these programs. Boards of school districts to provide programs; arrangements with other districts and agencies; transportation; individualized education programs; transition. The board of trustees of each school district shall provide a free appropriate public education consistent with Part B of the Individuals with Disabilities Education Act for all preschool children with disabilities residing in the district. Working with other agencies, the districts may enter into agreements with other districts or agencies, public or private, which maintain approved special education programs or who operate noneducational programs in which special education programming or related services might be provided by the district. In order to facilitate the implementation of this responsibility, each district shall arrange transportation for all children enrolled in preschool programs for children with disabilities who require transportation. Beginning on their third birthday, preschool children with disabilities meeting the placement criteria developed by the State Department of Education must have available a special education program, including related services, if needed. Local education agencies must evaluate a child in accordance with criteria established by the Department of Education and develop an individualized education program within timelines that allow placement to occur on the third birthday. Evaluations conducted by other professionals or agencies within the last six months may be accepted and used in developing the initial individualized education program so as to ensure a timely initiation of that program and to avoid overtesting of the child. When children turn three between the ending date of one school year and the beginning date of the subsequent school year, an evaluation must be conducted and an individualized education program must be developed within timelines that allow for placement to occur on the beginning date of the subsequent school year. However, if the individualized education plan team determines that there is a need for summer services, these services may be provided before the beginning of the school year. School districts must adhere to the policies and procedures established by the State Department of Education to ensure a smooth transition from the early intervention services provided to infants and toddlers under Section 44 7 2510, et seq. (BabyNet) to the district preschool program. Early intervention service coordinators, parents of children with disabilities who are ready to enter preschool programming, or representatives of agencies or other entities providing services to a child with disabilities must notify a school district at least fourteen calendar days before a transition meeting. At least ninety days before the date on which a child becomes eligible for the preschool program, school district personnel must participate in a transition meeting requested by early intervention case managers, or representatives of agencies or other entities providing services to the child. School district procedures and responsibilities; Department of Social Services responsibilities; educational and school placement decisions; transfer of credits and grades; court appearances treated as excused absences; Department access to school records; adult advocates. (A) Each school district shall have in place procedures to ensure seamless transitions between schools and school districts for children upon notice that a child is in foster care. School districts shall consider maintaining a child in foster care in the same school if it is in the child’s best interest. A school district must not place additional enrollment requirements on a child based solely on the fact that the child is in foster care. (B) Each school district shall: (1) facilitate the immediate enrollment of a child in foster care residing in a foster home, group living facility, or any other setting that is located within the district or area served by the district; (2) assist a child in foster care transferring from one district to another by ensuring proper transfer of records; (3) request school records within two school days of placement into a school and transfer records within two school days of receiving a request for school records. (C) The Department of Social Services immediately shall enroll the child in school, maintaining the child in the same school if possible, and shall provide a copy of the court order to the school district to be included in the student’s school record. (D) Educational and school placement decisions for children in foster care must be made to ensure that each child immediately is placed in the least restrictive educational program and has access to all academic resources, services, and extracurricular and enrichment activities that are available to all students. (E) Each school district shall accept for credit full or partial course work satisfactorily completed by a child in foster care while attending a public school, nonpublic school, or nonsectarian school in accordance with state and district policies or regulations. (F) Each school district shall ensure that when a decision to change the foster home placement of a child is made by the court or the Department of Social Services and the child must change schools, the grades and credits of that child must be calculated as of the date the child left school, and the child’s grades must not be lowered as a result of these circumstances. (G) Each school district shall ensure that if a child in foster care is absent from school due to a certified court appearance or related court ordered activity including, but not limited to, court ordered treatment services, these absences must be counted as excused absences upon submission of appropriate documentation. If these absences exceed the limit provided for by law, the school administrator shall allow the child an opportunity to make up all assignments and required seat time. (H) Each school district, subject to federal law, may permit an authorized representative of the Department of Social Services to have access to the school records of a child in foster care for the purpose of fulfilling educational case management responsibilities required by law and to assist with the school transfer or placement of the child. (I) The Department of Social Services shall ensure that children in foster care have a willing and available adult to advocate for their best educational interests, and school districts shall acknowledge and accept this person’s role in advocating for educational services necessary to meet each child’s needs. The number of units required for a state high school diploma is twenty units as prescribed by the State Board of Education. Beginning in the 1986 87 academic year, a minimum of three units must be earned in mathematics and a minimum of two units must be earned in science. (B) One unit in computer science, if approved by the State Department of Education for this purpose, may be counted toward the mathematics requirement. (C) Students who earn one unit in science and six or more units in a specific occupational service area will meet the science requirements for a state high school diploma. Career and technology programs operating on a 3 2 1 structure may count pre career and technology education as one of the six required units. (D) Beginning with the ninth grade class of school year 1997 98, the number of units required for a high school diploma is twenty four units as prescribed by the State Board of Education by regulation, with one additional unit required in mathematics, science, and computer science to include keyboarding. For students in a college preparatory track, as defined by the state board, one additional unit must be earned in a foreign language; and for students in a track designed to enter the work force, as defined by the state board, one additional career and technology unit must be earned. Beginning with the ninth grade class of school year 1997 98, if a student counts one unit of computer science toward his mathematics requirement as permitted above, one additional unit of computer science must be earned. Elective credit for released time classes in religious instruction. (A) A school district board of trustees may award high school students no more than two elective Carnegie units for the completion of released time classes in religious instruction as specified in Section 59 1 460 if: (1) for the purpose of awarding elective Carnegie units, the released time classes in religious instruction are evaluated on the basis of purely secular criteria that are substantially the same criteria used to evaluate similar classes at established private high schools for the purpose of determining whether a student transferring to a public high school from a private high school will be awarded elective Carnegie units for such classes. However, any criteria that released time classes must be taken at an accredited private school is not applicable for the purpose of awarding Carnegie unit credits for released time classes; and (2) the decision to award elective Carnegie units is neutral as to, and does not involve any test for, religious content or denominational affiliation. (B) For the purpose of subsection (A)(1), secular criteria may include, but are not limited to, the following: (1) number of hours of classroom instruction time; (2) review of the course syllabus which reflects the course requirements and materials used; (3) methods of assessment used in the course; and (4) whether the course was taught by a certified teacher. Interscholastic activities; requirements for participation; monitoring; participation by handicapped; waiver. To participate in interscholastic activities, students in grades nine through twelve must achieve an overall passing average and either: (1) pass at least four academic courses, including each unit the student takes that is required for graduation; or (2) pass a total of five academic courses. Students must satisfy these conditions in the semester preceding participation in the interscholastic activity, if the interscholastic activity occurs completely within one semester or in the semester preceding the first semester of participation in an interscholastic activity if the interscholastic activity occurs over two consecutive semesters and is under the jurisdiction of the South Carolina High School League. Academic courses are those courses of instruction for which credit toward high school graduation is given. These may be required or approved electives. All activities currently under the jurisdiction of the South Carolina High School League remain in effect. The monitoring of all other interscholastic activities is the responsibility of the local boards of trustees. Those students diagnosed as handicapped in accordance with the criteria established by the State Board of Education and satisfying the requirements of their Individual Education Plan (IEP) as required by Public Law 94 142 are permitted to participate in interscholastic activities. A local school board of trustees may impose more stringent standards than those contained in this section for participation in interscholastic activities by students in grades nine through twelve. The State Board of Education may grant a waiver of the requirements of this section. This waiver may be granted only when a written statement from a school district superintendent and athletic director has been received stating that a student’s ineligibility to participate in interscholastic activities is due to misinformation concerning eligibility requirements being provided by district personnel. Governor’s Institute of Reading; functions; funding. (A) The General Assembly finds that: (1) reading is the most important academic skill and the basis for success in school and work; (2) test results indicate that a significant portion of South Carolina students score below the fiftieth percentile on nationally normed achievement tests; and (3) it is necessary and proper to establish a comprehensive long term commitment to improve reading as well as overall academic performance. (B) There is created within the State Department of Education the Governor’s Institute of Reading. The purpose of the institute is to create a collaborative effort to mobilize education, business, and community resources to ensure that all children learn to read independently and well by the end of the third grade. The purpose of the institute also is to mobilize efforts to improve the reading abilities of students in the middle grades and accelerate the learning of students reading below grade level. The Governor’s Institute of Reading is based upon a collaborative effort of education professionals and reading experts and designed to promote reading in every school district. To accomplish this mission, the institute shall: (1) review the best practices in the teaching of reading; (2) provide teachers with professional development and support for implementing best practices in the teaching of reading; and (3) award competitive grants to school districts for designing and providing a comprehensive approach to reading instruction based on best practices. The State Board of Education shall develop guidelines for administering and allocating funds for the Governor’s Institute of Reading. Grants must be awarded, beginning with fiscal year 1999 2000, to districts for implementing programs designed to achieve exemplary reading. Powers and responsibilities of State Board of Education. The State Board of Education shall have the power and responsibility to: (1) Establish on or before August 15, 1985, regulations prescribing minimum standards of conduct and behavior that must be met by all pupils as a condition to the right of pupils to attend the public schools of the State. The rules shall take into account the necessity of proper conduct on the part of all pupils in order that the welfare of the greatest possible number of pupils shall be promoted notwithstanding that the rules may result in suspension or expulsion of pupils, provided, however, that disciplinary procedures shall be in compliance with Public Law 94 142. (2) Promulgate on or before August 15, 1985, regulations prescribing a uniform system of minimum enforcement by the various school districts of the rules of conduct and behavior. (3) Promulgate rules prescribing scholastic standards of achievement. The rules shall take into account the necessity for scholastic progress in order that the welfare of the greatest possible number of pupils shall be promoted. School districts may impose additional standards of conduct and may impose additional penalties for the violation of such standards of behavior, provided, however, that disciplinary procedures shall be in compliance with Public Law 94 142; (4) Establish on or before July 1, 1985, regulations prescribing a uniform system of enforcement by the various school districts of the state compulsory attendance laws and regulations promulgated pursuant to Section 59 65 90. (5) Promulgate regulations to ensure that all secondary schools, with the exception of career and technology schools and secondary schools whose enrollment is entirely handicapped, offer a clearly defined college preparatory program as specified by the State Board of Education. (6) Promulgate regulations to ensure that each school district in its secondary school or career and technology center shall establish clearly defined career and technology programs designed to provide meaningful employment. (7) By January 1, 1986, establish criteria for promotion of students to the next higher grade. In grades 1, 2, 3, 6, and 8, a student's performance on the Basic Skills Test of reading shall constitute twenty five percent of the assessment of his achievement in reading and his performance on the Basic Skills Test of mathematics shall constitute twenty five percent of the assessment of his achievement in mathematics. The State Board of Education shall specify other measures of student performance in each of these subjects which shall constitute the remaining seventy five percent of the student's assessment. Any student who fails to meet the criteria established by the Board for promotion to the next higher grade must be retained in his current grade or assigned to a remedial program in the summer or in the next year. Students assigned to the remedial program must meet the minimum criteria established by the Board for his current grade at the conclusion of the remedial program to be promoted to the next higher grade. All handicapped students as defined by federal and state statutes and regulations are subject to the provisions of this section unless the student's individual education plan (IEP) as required by Public Law 94 142 defines alternative goals and promotion standards. Nothing in this subitem shall prohibit the governing bodies of the school districts of this State from establishing higher standards for the promotion of students. (8) Develop and implement regulations requiring all school districts to provide at least one half day early childhood development programs for four year old children who have predicted significant readiness deficiencies and whose parents voluntarily allow participation. The regulations must require intensive and special efforts to recruit children whose participation is difficult to obtain. Business Education Partnership for Excellence in Education; Business Education Subcommittee. (A) There is created the Business Education Partnership for Excellence in Education and a permanent standing subcommittee of the partnership for the purpose of reviewing the implementation of the South Carolina Education Improvement Act of 1984 and recommending other major education initiatives. The Business Education Partnership for Excellence in Education consists of the following persons: (1) Thirty two prominent civic and business leaders of which fourteen are appointed by the Governor; six appointed by the State Superintendent of Education; three appointed by the Speaker of the House of Representatives; three appointed by the President of the Senate; three appointed by the Chairman of the Education and Public Works Committee of the House of Representatives; and three appointed by the Chairman of the Education Committee of the Senate; (2) Twenty educators of which eight are appointed by the State Superintendent of Education; four appointed by the Governor; two appointed by the Speaker of the House of Representatives; two appointed by the President of the Senate; two appointed by the Chairman of the Education and Public Works Committee of the House of Representatives; and two appointed by the Chairman of the Education Committee of the Senate; (3) Lieutenant Governor or his designee; (4) Chairman of the Committee on Children or his designee; (5) Chairman of the Education Oversight Committee or his designee; (6) The Governor and State Superintendent of Education shall serve as ex officio members. The term of office of the members of the Business Education Partnership must be four years except that of those first appointed an equal number must serve terms of two, three, and four years respectively as determined by lot. Except in those cases where the term of a member of the Business Education Subcommittee has not expired, no member of the Business Education Partnership may serve more than two consecutive terms. The number of appointments provided for in items (1) and (2) above must be reduced proportionately by the membership requirements of subsection (B). The chairman of the Business Education Partnership for Excellence in Education must be elected by the members of the partnership and must be chosen from among the thirty two business and civic leaders serving on the partnership. The Business Education Partnership must meet at the call of the chairman but not less than quarterly. The Governor must preside at all regular and special meetings of the partnership in which he is in attendance; at those meetings at which the Governor is not in attendance the State Superintendent of Education must preside, and in the absence of the Superintendent, the chairman of the partnership must preside. The partnership in conjunction with the State Department of Education may cause to be held statewide public forums for the purpose of fostering open discussions regarding the impact of the Education Improvement Act on the state's education system and education reform in general. (B) The Business Education Partnership must establish a permanent standing subcommittee called the Business Education Subcommittee. The subcommittee must be composed of sixteen members of the Business Education Partnership elected by the Business Education Partnership. The composition of the subcommittee must be: (1) ten civic and business leaders; and (2) six educators. The subcommittee shall serve as the joint Business Education Subcommittee and as the Business Education Subcommittee commencing on the effective date of this	Not related to agency deliverable	Section 59-6-15	State	Statute	
Leadership network. The State Board of Education in consultation with the Business Education Subcommittee shall appoint a leadership network of representatives from the private sector. The leadership network shall assist the State Board of Education business education partnership program by: (1) promoting business education partnerships, (2) evaluating business education partnerships, (3) disseminating the benefits of business education partnerships, and (4) formulating recommendations on goals and activities for the business education partnership program. The leadership network shall meet at least quarterly and make regular reports to the Business Education Subcommittee, State Board of Education, and Education Oversight Committee. Public Accountability Division. The State Board of Education and State Superintendent of Education must establish within the State Department of Education a special unit at the division level called the Public Accountability Division. This special unit must be eliminated on July 1, 1991. The unit head shall hold a position comparable to a deputy superintendent and must be under the direct supervision of and shall report to the State Superintendent of Education. The deputy superintendent must provide all reports to the Governor, Education Oversight Committee, Business Education Partnership for Excellence in Education, Business Education Subcommittee, and State Board of Education, and respond to any inquiries for information. The Business Education Subcommittee shall serve as a screening committee for the selection of the unit head. The screening committee shall recommend for consideration three applicants. Final selection of the unit head must be made by the State Superintendent of Education after consulting with the Governor. All other positions must be filled following current state personnel and State Department of Education employment procedures. The new unit is responsible for planning, monitoring, and reviewing programs developed under the Education Improvement Act and shall provide information, recommendations, and an annual assessment of the Education Improvement Act to the Governor, Education Oversight Committee, and Business Education Subcommittee. The operating procedures for the new unit are the same as the operating procedures for the three established divisions in the State Department of Education. The Business Education Subcommittee shall review and approve all products produced by the new unit and make recommendations to the State Board of Education for final approval. ARTICLE II DEFINITIONS As used in this compact, unless the context clearly requires a different construction: A. “Active duty” means: full time duty status in the active uniformed service of the United States, including members of the National Guard and Reserve on active duty orders pursuant to U.S.C. Section 1209 and 1211. B. “Children of military families” means: school aged children, enrolled in Kindergarten through Twelfth grade, in the household of an active duty member. C. “Compact commissioner” means: the voting representative of each compacting state appointed pursuant to Article VIII of this compact. D. “Deployment” means: the period one month prior to the service members’ departure from their home station on military orders through six months after return to their home station. E. “Educational records” means: those official records, files, and data directly related to a student and maintained by the school or local education agency, including, but not limited to, records encompassing all the material kept in the student’s cumulative folder, such as general identifying data, records of attendance and of academic work completed, records of achievement and results of evaluative tests, health data, disciplinary status, test protocols, and individualized education programs. F. “Extracurricular activities” means: a voluntary activity sponsored by the school or local education agency or an organization sanctioned by the local education agency. Extracurricular activities include, but are not limited to, preparation for and involvement in public performances, contests, athletic competitions, demonstrations, displays, and club activities. G. “Interstate Commission on Educational Opportunity for Military Children” means: the commission that is created under Article IX of this compact, which is generally referred to as Interstate Commission. H. “Local education agency” means: a public authority legally constituted by the State as an administrative agency to provide control of and direction for Kindergarten through Twelfth grade public educational institutions. I. “Member state” means: a state that has enacted this compact. J. “Military installation” means: a base, camp, post, station, yard, center, homeport facility for any ship, or other activity under the jurisdiction of the Department of Defense, including any leased facility, which is located within any of the several states, the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, the Northern Marianas Islands and any other U.S. Territory. Such term does not include any facility used primarily for civil works, rivers and harbors projects, or flood control projects. K. “Nonmember state” means: a state that has not enacted this compact. L. “Receiving state” means: the state to which a child of a military family is sent, brought, or caused to be sent or brought. M. “Rule” means: a written statement by the Interstate Commission promulgated pursuant to Article XII of this compact that is of general applicability, implements, interprets or prescribes a policy or provision of the compact, or an organizational, procedural, or practice requirement of the Interstate Commission, and has the force and effect of statutory law in a member state, and includes the amendment, repeal, or suspension of an existing rule. N. “Sending state” means: the state from which a child of a military family is sent, brought, or caused to be sent or brought. O. “State” means: a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, the Northern Marianas Islands and any other U.S. Territory. ARTICLE IV EDUCATIONAL RECORDS & ENROLLMENT A. Unofficial or “hand carried” education records In the event that official education records cannot be released to the parents for the purpose of transfer, the custodian of the records in the sending state shall prepare and furnish to the parent a complete set of unofficial educational records containing uniform information as determined by the Interstate Commission. Upon receipt of the unofficial education records by a school in the receiving state, the school shall enroll and appropriately place the student based on the information provided in the unofficial records pending validation by the official records, as quickly as possible. B. Official education records/transcripts Simultaneous with the enrollment and conditional placement of the student, the school in the receiving state shall request the student’s official education record from the school in the sending state. Upon receipt of this request, the school in the sending state will process and furnish the official education records to the school in the receiving state within ten days or within such time as is reasonably determined under the rules promulgated by the Interstate Commission. C. Immunizations Compacting states shall give thirty days from the date of enrollment or within such time as is reasonably determined under the rules promulgated by the Interstate Commission, for students to obtain any immunizations required by the receiving state. For a series of immunizations, initial vaccinations must be obtained within thirty days or within such time as is reasonably determined under the rules promulgated by the Interstate Commission. D. Kindergarten and First grade entrance age Students shall be allowed to continue their enrollment at grade level in the receiving state commensurate with their grade level (including Kindergarten) from a local education agency in the sending state at the time of transition, regardless of age. A student that has satisfactorily completed the prerequisite grade level in the local education agency in the sending state shall be eligible for enrollment in the next highest grade level in the receiving state, regardless of age. A student transferring after the start of the school year in the receiving state shall enter the school in the receiving state on their validated level from an accredited school in the sending state. ARTICLE IX INTERSTATE COMMISSION ON EDUCATIONAL OPPORTUNITY FOR MILITARY CHILDREN The member states hereby create the “Interstate Commission on Educational Opportunity for Military Children”. The activities of the Interstate Commission are the formation of public policy and are a discretionary state function. The Interstate Commission shall: A. Be a body corporate and joint agency of the member states and shall have all the responsibilities, powers, and duties set forth herein, and such additional powers as may be conferred upon it by a subsequent concurrent action of the respective legislatures of the member states in accordance with the terms of this compact. B. Consist of one Interstate Commission voting representative from each member state who shall be that state’s compact commissioner. 1. Each member state represented at a meeting of the Interstate Commission is entitled to one vote. 2. A majority of the total member states shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the Interstate Commission. 3. A representative shall not delegate a vote to another member state. In the event the compact commissioner is unable to attend a meeting of the Interstate Commission, the Governor or State Council may delegate voting authority to another person from their state for a specified meeting. 4. The bylaws may provide for meetings of the Interstate Commission to be conducted by telecommunication or electronic communication. C. Consist of ex officio, nonvoting representatives who are members of interested organizations. Such ex officio members, as defined in the bylaws, may include, but not be limited to, members of the representative organizations of military family advocates, local education agency officials, parent and teacher groups, the U.S. Department of Defense, the Education Commission of the States, the Interstate Agreement on the Qualification of Educational Personnel and other interstate compacts affecting the education of children of military members. D. Meet at least once each calendar year. The chairperson may call additional meetings and, upon the request of a simple majority of the member states, shall call additional meetings. E. Establish an executive committee, whose members shall include the officers of the Interstate Commission and such other members of the Interstate Commission as determined by the bylaws. Members of the executive committee shall serve a one year term. Members of the executive committee shall be entitled to one vote each. The executive committee shall have the power to act on behalf of the Interstate Commission, with the exception of rulemaking, during periods when the Interstate Commission is not in session. The executive committee shall oversee the day to day activities of the administration of the compact including enforcement and compliance with the provisions of the compact, its bylaws and rules, and other such duties as deemed necessary. The U.S. Dept. of Defense, shall serve as an ex officio, nonvoting member of the executive committee. F. Establish bylaws and rules that provide for conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. The Interstate Commission may exempt from disclosure information or official records to the extent they would adversely affect personal privacy rights or proprietary interests. G. Give public notice of all meetings and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. The Interstate Commission and its committees may close a meeting, or portion thereof, where it determines by two thirds vote that an open meeting would be likely to: 1. Relate solely to the Interstate Commission’s internal personnel practices and procedures; 2. Disclose matters specifically exempted from disclosure by federal and state statute; 3. Disclose trade secrets, proprietary data, financial information which is unfiled, or any Confidential	Not related to agency deliverable	SECTION 59 46 50 Continued...	State	Statute	
ARTICLE V PLACEMENT & ATTENDANCE A. Course placement When the student transfers before or during the school year, the receiving state school shall initially honor placement of the student in educational courses based on the student’s enrollment in the sending state school and/or educational assessments conducted at the school in the sending state if the courses are offered. Course placement includes, but is not limited to, Honors, International Baccalaureate, Advanced Placement, vocational, technical and career pathways courses. Continuing the student’s academic program from the previous school and promoting placement in academically and career challenging courses should be paramount when considering placement. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses. B. Educational program placement The receiving state school shall initially honor placement of the student in educational programs based on current educational assessments conducted at the school in the sending state or participation/placement in like programs in the sending state. Such programs include, but are not limited to: 1) gifted and talented programs; and 2) English as a second language (ESL). This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student. C. Special education services 1) In compliance with the federal requirements of the Individuals with Disabilities Education Act (IDEA), 20 U. S.C.A. Section 1400, et seq, the receiving state shall initially provide comparable services to a student with disabilities based on his/her current Individualized Education Program (IEP); and 2) In compliance with the requirements of Section 504 of the Rehabilitation Act, 29 U.S.C.A. Section 21 794, and with Title II of the Americans with Disabilities Act, 42 U.S.C.A. Sections 12131 12165, the receiving state shall make reasonable accommodations and modifications to address the needs of incoming students with disabilities, subject to an existing 504 or Title II Plan, to provide the student with equal access to education. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the students. D. Placement flexibility local education agency administrative officials shall have flexibility in waiving course/program prerequisites, or other preconditions for placement in courses/programs offered under the jurisdiction of the local education agency. E. Absence as related deployment activities A student whose parent or legal guardian is an active duty member of the uniformed services, as defined by the compact, and has been called to duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting, shall be granted additional excused absences at the discretion of the local education agency superintendent to visit with his or her parent or legal guardian relative to such leave or deployment of the parent or guardian. ARTICLE VI ELIGIBILITY A. Eligibility for enrollment: 1. Special power of attorney, relative to the guardianship of a child of a military family and executed under applicable law shall be sufficient for the purposes of enrollment and all other actions requiring parental participation and consent. 2. A local education agency shall be prohibited from charging local tuition to a transitioning military child placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent. 3. A transitioning military child, placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent, may continue to attend the school in which he/she was enrolled while residing with the custodial parent. B. Eligibility for extracurricular participation State and local education agencies shall facilitate the opportunity for transitioning military children’s inclusion in extracurricular activities, regardless of application deadlines, to the extent they are otherwise qualified. ARTICLE VII GRADUATION In order to facilitate the on time graduation of children of military families states and local education agencies shall incorporate the following procedures: A. Waiver requirements. Local education agency administrative officials shall waive specific courses required for graduation if similar course work has been satisfactorily completed in another local education agency or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the local education agency shall provide an alternative means of acquiring required coursework so that graduation may occur on time. B. Exit exams. States shall accept: 1) exit or end of course exams required for graduation from the sending state; or 2) national norm referenced achievement tests; or 3) alternative testing, in lieu of testing requirements for graduation in the receiving state. In the event the above alternatives cannot be accommodated by the receiving state for a student transferring in his or her Senior year, then the provisions of Article VII, Section C shall apply. C. Transfers during Senior year. Should a military student transferring at the beginning or during his or her Senior year be ineligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency, if the student meets the graduation requirements of the sending local education agency. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on time graduation of the student in accordance with Sections (A) and (B) of this article. ARTICLE VIII STATE COORDINATION A. Each member state shall, through the creation of a State Council or use of an existing body or board, provide for the coordination among its agencies of government, local education agencies and military installations concerning the state’s participation in, and compliance with, this compact and Interstate Commission activities. While each member state may determine the membership of its own State Council, its membership must include at least: the state superintendent of education, superintendent of a school district with a high concentration of military children, representative from a military installation, one representative each from the legislative and executive branches of government, and other offices and stakeholder groups the State Council deems appropriate. A member state that does not have a school district deemed to contain a high concentration of military children may appoint a superintendent from another school district to represent local education agencies on the State Council. B. The State Council of each member state shall appoint or designate a military family education liaison to assist military families and the state in facilitating the implementation of this compact. C. The compact commissioner responsible for the administration and management of the state’s participation in the compact shall be appointed by the Governor or as otherwise determined by each member state. D. The compact commissioner and the military family education liaison designated herein shall be ex officio members of the State Council, unless either is already a full voting member of the State Council. ARTICLE X POWERS AND DUTIES OF THE INTERSTATE COMMISSION The Interstate Commission shall have the following powers: A. To provide for dispute resolution among member states. B. To promulgate rules and take all necessary actions to effect the goals, purposes, and obligations as enumerated in this compact. The rules shall have the force and effect of statutory law and shall be binding in the compact states to the extent and in the manner provided in this compact. C. To issue, upon request of a member state, advisory opinions concerning the meaning or interpretation of the interstate compact, its bylaws, rules, and actions. D. To enforce compliance with the compact provisions, the rules promulgated by the Interstate Commission, and the bylaws, using all necessary and proper means, including, but not limited to, the use of judicial process. E. To establish and maintain offices which shall be located within one or more of the member states. F. To purchase and maintain insurance and bonds. G. To borrow, accept, hire, or contract for services of personnel. H. To establish and appoint committees including, but not limited to, an executive committee as required by Article IX, Section E, which shall have the power to act on behalf of the Interstate Commission in carrying out its powers and duties hereunder. I. To elect or appoint such officers, attorneys, employees, agents, or consultants, and to fix their compensation, define their duties and determine their qualifications; and to establish the Interstate Commission’s personnel policies and programs relating to conflicts of interest, rates of compensation, and qualifications of personnel. J. To accept any and all donations and grants of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of it. K. To lease, purchase, accept contributions or donations of, or otherwise to own, hold, improve or use any property, real, personal, or mixed. L. To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed. M. To establish a budget and make expenditures. N. To adopt a seal and bylaws governing the management and operation of the Interstate Commission. O. To report annually to the legislatures, governors, judiciary, and state councils of the member states concerning the activities of the Interstate Commission during the preceding year. Such reports shall also include any recommendations that may have been adopted by the Interstate Commission. P. To coordinate education, training, and public awareness regarding the compact, its implementation and operation for officials and parents involved in such activity. Q. To establish uniform standards for the reporting, collecting, and exchanging of data. R. To maintain corporate books and records in accordance with the bylaws. S. To perform such functions as may be necessary or appropriate to achieve the purposes of this compact. T. To provide for the uniform collection and sharing of information between and among member states, schools, and military families under this compact. ARTICLE XI ORGANIZATION AND OPERATION OF THE INTERSTATE COMMISSION A. The Interstate Commission shall, by a majority of the members present and voting, within twelve months after the first Interstate Commission meeting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the compact, including, but not limited to: 1. Establishing the fiscal year of the Interstate Commission; 2. Establishing an executive committee, and such other committees as may be necessary; 3. Providing for the establishment of committees and for governing any general or specific delegation of authority or function of the Interstate Commission; 4. Providing reasonable procedures for calling and conducting meetings of the Interstate Commission, and ensuring reasonable notice of each such meeting; 5. Establishing the titles and responsibilities of the officers and staff of the Interstate Commission; 6. Providing a mechanism for concluding the operations of the Interstate Commission and the return of surplus funds that may exist upon the termination of the compact after the payment and reserving of all of its debts and obligations. 7. Providing “start up” rules for initial administration of the compact. B. The Interstate Commission shall, by a majority of the members, elect annually from among its members a chairperson, a vice chairperson, and a treasurer, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson or, in the chairperson’s absence or disability, the vice chairperson, shall preside at all meetings of the Interstate Commission. The officers so elected shall serve without compensation or remuneration from the Interstate Commission; provided that, subject to the availability of budgeted funds, the officers shall be reimbursed for ordinary and necessary costs and expenses incurred by them in the performance of their responsibilities as officers of the Interstate Commission. C. Executive Committee, Officers and Personnel 1. The executive committee shall have such authority and duties as may be set forth in the bylaws including, but not limited to: a. Managing the affairs of the Interstate Commission in a manner consistent with the bylaws and purposes of the Interstate Commission; b. Overseeing an organizational structure within, and appropriate procedures for the Interstate Commission to provide for the creation of rules, operating procedures, and administrative and technical support functions; and c. Planning, implementing, and coordinating communications and activities with other state, federal, and local government organizations in order to advance the goals of the Interstate Commission. 3. The executive committee may, subject to the approval of the Interstate Commission, appoint or retain an executive director for such period, upon such terms and conditions and for such compensation, as the Interstate Commission may deem appropriate. The executive director shall serve as secretary to the Interstate Commission, but shall not be a member of the Interstate Commission. The executive director shall hire and supervise such other persons as may be authorized by the Interstate Commission. D. The Interstate Commission’s executive director and its employees shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property, personnel, or information, or their civil liability, caused or arising out of or from the performance or non-performance of their official duties, except as such person had a reasonable	Not related to agency deliverable	SECTION 59 46 50 Continued... ARTICLE XII RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION A. Rulemaking Authority The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this act, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force or effect. B. Rulemaking Procedure Rules shall be made pursuant to a rulemaking process that substantially conforms to the “Model State Administrative Procedure Act”, of 1981, Uniform Laws Annotated, Vol. 15, p.1 (2000) as amended, as may be appropriate to the operations of the Interstate Commission. C. Not later than thirty days after a rule is promulgated, any person may file a petition for judicial review of the rule; provided, that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the Interstate Commission’s authority. D. If a majority of the legislatures of the compacting states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compacting state. ARTICLE XIII OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION A. Oversight 1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact’s purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law. 2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the Interstate Commission. 3. The Interstate Commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the Interstate Commission shall render a judgment or order void as to the Interstate Commission, this compact, or promulgated rules. B. Default, Technical Assistance, Suspension, and Termination If the Interstate Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact, or the bylaws or promulgated rules, the Interstate Commission shall: 1. Provide written notice to the defaulting state and other member states, of the nature of the default, the means of curing the default, and any action taken by the Interstate Commission. The Interstate Commission shall specify the conditions by which the defaulting state must cure its default. 2. Provide remedial training and specific technical assistance regarding the default. 3. If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the member states and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default. 4. Suspension or termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Interstate Commission to the Governor, the majority and minority leaders of the defaulting state’s legislature, and each of the member states. 5. The state which has been suspended or terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of suspension or termination including obligations, the performance of which extends beyond the effective date of suspension or termination. 6. The Interstate Commission shall not bear any costs relating to any state that has been found to be in default or which has been suspended or terminated from the compact, unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state. 7. The defaulting state may appeal the action of the Interstate Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney’s fees. C. Dispute Resolution 1. The Interstate Commission shall attempt, upon the request of a member state, to resolve disputes which are subject to the compact and which may arise among member states and between member and nonmember states. 2. The Interstate Commission shall promulgate and provide for both mediation and binding dispute resolution for disputes as appropriate.	Not related to agency deliverable	SECTION 59 46 50 Continued... ARTICLE XIV FINANCING OF THE INTERSTATE COMMISSION A. The Interstate Commission shall pay or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities. B. The Interstate Commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the Interstate Commission and its staff which must be in a total amount sufficient to cover the Interstate Commission’s annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, which shall promulgate a rule binding upon all member states. C. The Interstate Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the member states, except by and with the authority of the member state. D. The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission. ARTICLE XV MEMBER STATES, EFFECTIVE DATE, AND AMENDMENT A. Any state is eligible to become a member state. B. The compact shall become effective and binding upon legislative enactment of the compact into law by no less than ten of the states. The effective date shall be no earlier than December 1, 2007. Thereafter it shall become effective and binding as to any other member state upon enactment of the compact into law by that state. The governors of nonmember states or their designees shall be invited to participate in the activities of the Interstate Commission on a nonvoting basis prior to adoption of the compact by all states. C. The Interstate Commission may propose amendments to the compact for enactment by the member states. No amendment shall become effective and binding upon the Interstate Commission and the member states unless and until it is enacted into law by unanimous consent of the member states. ARTICLE XVI WITHDRAWAL AND DISSOLUTION A. Withdrawal 1. Once effective, the compact shall continue in force and remain binding upon each and every member state; provided that a member state may withdraw from the compact by specifically repealing the statute, which enacted the compact into law. 2. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until one year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member jurisdiction. 3. The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The Interstate Commission shall notify the other member states of the withdrawing state’s intent to withdraw within sixty days of its receipt thereof. 4. The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal. 5. Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the Interstate Commission. B. Dissolution of Compact 1. This compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one member state. 2. Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws. ARTICLE XVIII BINDING EFFECT OF COMPACT AND OTHER LAWS A. Other Laws: 1. Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with this compact. 2. All member states’ laws conflicting with this compact are superseded to the extent of the conflict. B. Binding Effect of the Compact: 1. All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Interstate Commission, are binding upon the member states. 2. All agreements between the Interstate Commission and the member states are binding in accordance with their terms. 3. In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any member state, such provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state. When a student who is eligible for special education under the Individuals with Disabilities Education Act "IDEA", 20 U.S.C. Section 1411, et seq., reaches age eighteen or is emancipated by a court of competent jurisdiction, all rights accorded to the student's parents under this article transfer to the student except as provided in Sections 59-33-330 and 59-33-340. Nothing in this article may be construed to deny an adult student eligible for special education the right to have an adult of his choice support the student in making decisions regarding the student's individualized education program.	Not related to agency deliverable	Section 59-33-320	State	Statute	
An adult student who is eligible for special education, who has not been determined to be incapacitated pursuant to Article 5, Title 62, may delegate his right to make educational decisions to another adult. An adult student may delegate educational rights by naming an agent through a duly executed power of attorney or by using a form that the State Department of Education shall develop and provide.	Requires a service	Section 59-33-330	State	Statute	
Identification of eligible adult student as incapable of communicating educational program wishes, interests, or preferences; procedures; designation of educational representative. An adult student who is eligible for special education and has not been determined to be incapacitated pursuant to Article 5, Title 62, may be identified as incapable of communicating, with or without reasonable accommodations, his wishes, interests, or preferences with respect to his educational program as early as sixty calendar days before his eighteenth birthday or sixty-five business days before an eligibility meeting, if he is undergoing initial eligibility for special education services, and also may have an educational representative designated pursuant to the following procedures: (1)(a) The student's physician, nurse practitioner, physician's assistant, psychologist, or psychiatrist must certify in writing to the local education agency in which the adult student is enrolled that he has examined or interviewed the student and, based upon this exam, finds the student incapable of communicating, with or without reasonable accommodations, his wishes, interests, or preferences regarding his educational program. The licensed professional's certification must include the date of the examination, the basis for the determination, and whether the student's incapability of communicating, with or without reasonable accommodations, his wishes, interests, or preferences with respect to his educational program is likely to last until after age twenty-one. The licensed professional's certification must remain in effect during the period the student receives educational services as an adult, regardless of whether the student transfers to another school or local education agency, if the student's subsequent local education agency is promptly provided with the documentation that the prior local education agency relied on in allowing an educational representative to participate on the student's behalf. The licensed professional referenced in this item may not be an employee of the local education agency or state education agency serving the student. (b) For the purposes of this section, a person is considered incapable of communicating, with or without reasonable accommodations, his wishes, interests, or preferences if he is unable to: (i) express, either verbally, through an interpreter, or through augmented communication devices, his wishes, interests, or preferences for his education program; or (ii) understand, even with the support from family, administrators, and experts in the field, what choices are available in a proposed education decision or program. "Support" in this context includes a wide range of disability supports, including explaining options in plain language, using interpreters, providing visual aids, providing the information more slowly, or in similar chunks, or any other method that is effective in communicating with the student with a disability. (2) Upon receiving the certification, the superintendent of the local education agency or his designee shall, within ten days, provide a copy of the designation to the student and notify him in writing that a professional has certified that he is incapable of communicating, with or without reasonable accommodations, his wishes, interests, or preferences with respect to his educational program and that an educational representative will be designated to make such decisions for him. The superintendent also shall notify the student in writing that he has a right to challenge the designation of the educational representative.	Requires a service	Section 59-33-340	State	Statute	
The educational agent or educational representative is authorized to make educational decisions for a student and has the same rights as the student to participate in the individualized educational program and to request, receive, examine, copy, and consent to the disclosure of the plan or another educational record. The educational agent or the educational representative shall participate based upon a determination of the student's preferences to the extent they can be determined. If the student's preferences cannot be determined, then the decisions must be based upon the student's best interest as determined by the educational agent or educational representative. An educational agent or educational representative who in good faith makes a decision about educational services is not subject to civil or criminal liability because of the substance of the decision. <p>As used in this section:</p> <p>(1) "Evidence-based reading instruction" means reading, writing, and spelling instruction that employs direct instruction of systematic and cumulative content, with the sequence beginning with the easiest and most basic elements, and progressing methodically to more difficult material. Each step also must be based on steps already learned. Components of evidence-based reading instruction include instruction targeting phonemic awareness, phonics, fluency, vocabulary, and comprehension.</p> <p>(2) "Dyslexia-specific intervention" means evidence-based, specialized reading, writing, and spelling instruction that is multisensory in nature, equipping students to simultaneously use multiple senses, such as vision, hearing, touch, and movement. Dyslexia-specific intervention requires greater intensity, such as smaller groups, increased frequency of instruction, and individualized progression through steps, than typical evidence-based reading instruction.</p> <p>(3) "Multi-tiered system of supports" or "MTSS" means an evidence-based model of schooling that uses data-based problem solving to integrate academic and behavioral instruction and intervention. The integrated academic and behavioral supports are delivered to students at varying intensities by means of multiple tiers based on student need. Need-driven decision making seeks to ensure that district resources reach the appropriate students at their schools at the appropriate levels to accelerate the performance of all students to fulfill the profile of the South Carolina Graduate.</p> <p>(4) "Response to Intervention" or "RTI" means the process of providing high-quality instruction and intervention matched to student needs using learning rate over time and level of performance to make important instructional decisions. To ensure efficient use of resources, schools begin with the identification of trends and patterns using schoolwide data and grade level data. Students who need instructional intervention beyond what is provided universally for positive behavior or academic content areas are provided with targeted, supplemental interventions delivered individually or in small groups at increasing levels of intensity. RTI is a process that is driven by the use of a problem-solving model and is used for the purpose of revealing what works best for groups of students and individual students, regardless of placement.</p> <p>(5) "Tiered instruction" means instruction and intervention provided with increasing intensity in response to student needs. This instruction is typically provided in an RTI process depicted as a three-tier model. Data is collected at each tier and is used to measure the efficacy of the instruction and intervention so that meaningful decisions may be made about how instruction and intervention should be maintained and layered. Tier 1 is the foundation and consists of scientific, research-based core instructional and behavioral methodologies, practices, and supports designed for all students in the general curriculum. Tier 2 consists of supplemental, targeted instruction and interventions that are provided in addition to and in alignment with effective core instruction and behavioral supports to groups of targeted students who need additional instructional support, behavioral support, or both. Tier 3 consists of intensive instructional or behavioral interventions provided in addition to and in alignment with effective core instruction with the goal of increasing an individual student's rate of progress. Tier 3 interventions are developed for individual students using a problem-solving process. Students receiving Tier 3 level supports may or may not be eligible for specially designed instruction as determined by the district with District of Education personnel.</p>	Requires a service	Section 59-33-510	State	Statute	
<p>(A)(1) The State Department of Education shall establish and provide training and support for a statewide MTSS framework that must contain a common data-based problem-solving model, on-going student assessment, and a layered continuum of supports using evidence-based practices. As part of the assessment, a universal screening process must be used to identify students who may be at risk of experiencing academic difficulties in reading, math, or writing, and who also may be at risk of experiencing difficulties in social-emotional development.</p> <p>(2) Beginning with the 2019-2020 School Year, to the extent funding is provided or that approved screening tools are available at no cost, a local school district shall use the universal screening process to screen each student in the district who is in kindergarten through first grade three times each school year and as needed in second grade as outlined in the district's universal screening procedures, and any other student as required by the department, for reading difficulties, including dyslexia, and the need for intervention.</p> <p>(3) In addition to screening required by this subsection, screening also may be requested for a student by his parent or guardian, teacher, counselor, or school psychologist.</p> <p>(B) The district, following the universal screening procedures it conducted, shall convene a school-based team to analyze screening data and progress monitoring data to assist teachers in planning and implementing appropriate instruction and evidence-based interventions for all students who, based on the screening, are at risk of experiencing academic difficulties, including those students who exhibit the characteristics of dyslexia, as provided by the department. Guidance may include suggestions of tiered interventions, dyslexia-specific interventions, academic and social-emotional supports, and supplemental technology as appropriate for the student's access to assistive technology.</p> <p>(C) If the RTI process conducted by the district indicates that a student is at risk for experiencing academic difficulties, including dyslexia, the district shall:</p> <p>(1) notify the parent or legal guardian of the student;</p> <p>(2) provide the parent or legal guardian of the student with information and resource material so that they may assist and support learning for their child;</p> <p>(3) provide the student with tiered, evidence-based intervention as defined in Section 59-33-510; and</p> <p>(4) monitor and evaluate the effectiveness of the intervention and the student's progress.</p>	Requires a service	Section 59-33-520	State	Statute

Costs incurred or paid by a state or local government on behalf of its IHEs for fringe benefit programs, such as pension costs and FICA and any other costs specifically incurred on behalf of, and in direct benefit to, the IHEs, are allowable costs of such IHEs whether or not these costs are recorded in the accounting records of the institutions, subject to the following: (a) The costs meet the requirements of §§200.402 Composition of costs through 200.411 Adjustment of previously negotiated indirect (F&A) cost rates containing unallowable costs, of this subpart; (b) The costs are properly supported by approved cost allocation plans in accordance with applicable Federal cost accounting principles in this part; and (c) The costs are not otherwise borne directly or indirectly by the Federal Government. (a) An IHE that receives aggregate Federal awards totaling \$50 million or more in Federal awards subject to this part in its most recently completed fiscal year must comply with the Cost Accounting Standards Board's cost accounting standards located at 48 CFR 9905.501, 9905.502, 9905.505, and 9905.506. CAS-covered contracts awarded to the IHEs are subject to the CAS requirements at 48 CFR 9900 through 9999 and 48 CFR part 30 (FAR Part 30). (b) Disclosure statement. An IHE that receives aggregate Federal awards totaling \$50 million or more subject to this part during its most recently completed fiscal year must disclose their cost accounting practices by filing a Disclosure Statement (DS-2), which is reproduced in Appendix III to Part 200—Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Institutions of Higher Education (IHEs). With the approval of the cognizant agency for indirect costs, an IHE may meet the DS-2 submission by submitting the DS-2 for each business unit that received \$50 million or more in Federal awards. (1) The DS-2 must be submitted to the cognizant agency for indirect costs with a copy to the IHE's cognizant agency for audit. (2) An IHE is responsible for maintaining an accurate DS-2 and complying with disclosed cost accounting practices. An IHE must file amendments to the DS-2 to the cognizant agency for indirect costs six months in advance of a disclosed practice being changed to comply with a new or modified standard, or when a practice is changed for other reasons. An IHE may proceed with implementing the change only if it has not been notified by the Federal cognizant agency for indirect costs that either a longer period will be needed for review or there are concerns with the potential change within the six months period. Amendments of a DS-2 may be submitted at any time. Resubmission of a complete, updated DS-2 is discouraged except when there are extensive changes to disclosed practices. (3) Cost and funding adjustments. Cost adjustments must be made by the cognizant agency for indirect costs if an IHE fails to comply with the cost policies in this part or fails to consistently follow its established or disclosed cost accounting practices when estimating, accumulating or reporting the costs of Federal awards, and the aggregate cost impact on Federal awards is material. The cost adjustment must normally be made on an aggregate basis for all affected Federal awards through an adjustment of the IHE's future F&A costs rates or other means considered appropriate by the cognizant agency for indirect costs. Under the terms of CAS covered contracts, adjustments in the amount of funding provided may also be required when the estimated proposal costs were not determined in accordance with established cost accounting practices. (4) Overpayments. Excess amounts paid in the aggregate by the Federal Government under Federal awards due to a noncompliant cost accounting practice used to estimate, accumulate, or report costs must be credited or refunded, as deemed appropriate by the cognizant agency for indirect costs. Interest applicable to the excess amounts paid in the aggregate during the period of noncompliance must also be determined and collected in accordance with applicable Federal agency regulations. (5) Compliant cost accounting practice changes. Changes from one compliant cost accounting practice to another compliant practice that are approved by the cognizant agency for indirect costs may require cost adjustments if the change has a material effect on Federal awards and the change is deemed appropriate by the cognizant agency for indirect costs. (a) For states, local governments and Indian tribes, certain services, such as motor pools, computer centers, purchasing, accounting, etc., are provided to operating agencies on a centralized basis. Since Federal awards are performed within the individual operating agencies, there needs to be a process whereby these central service costs can be identified and assigned to benefitted activities on a reasonable and consistent basis. The central service cost allocation plan provides that process. (b) Individual operating agencies (governmental department or agency), normally charge Federal awards for indirect costs through an indirect cost rate. A separate indirect cost rate(s) proposal for each operating agency is usually necessary to claim indirect costs under Federal awards. Indirect costs include: (1) The indirect costs originating in each department or agency of the governmental unit carrying out Federal awards and (2) The costs of central governmental services distributed through the central service cost allocation plan and not otherwise treated as direct costs. (c) The requirements for development and submission of cost allocation plans (for central service costs and public assistance programs) and indirect cost rate proposals are contained in appendices IV, V and VI to this part. <p>The following definitions apply to programs and projects operated under subpart C of this part:</p> <p>(a) Agricultural work means the production or initial processing of crops, dairy products, poultry, or livestock, as well as the cultivation or harvesting of trees. It consists of work performed for wages or personal subsistence.</p> <p>(b) Fishing work means the catching or initial processing of fish or shellfish or the raising or harvesting of fish or shellfish at fish farms. It consists of work performed for wages or personal subsistence.</p> <p>(c) In order to obtain, when used to describe why a worker moved, means that one of the purposes of the move is to seek or obtain qualifying work.</p> <p>(1) If a worker states that a purpose of the move was to seek any type of employment, i.e., the worker moved with no specific intent to find work in a particular job, the worker is deemed to have moved with a purpose of obtaining qualifying work if the worker obtains qualifying work soon after the move.</p> <p>(2) Notwithstanding the introductory text of this paragraph (c), a worker who did not obtain qualifying work soon after a move may be considered to have moved in order to obtain qualifying work only if the worker states that at least one purpose of the move was specifically to seek the qualifying work, and—</p> <p>(i) The worker is found to have a prior history of moves to obtain qualifying work; or</p> <p>(ii) There is other credible evidence that the worker actively sought qualifying work soon after the move but, for reasons beyond the worker’s control, the work was not available.</p> <p>(d) Migratory agricultural worker means a person who, in the preceding 36 months, has moved, as defined in paragraph (g), from one school district to another, or from one administrative area to another within a State that is comprised of a single school district, in order to obtain temporary employment or seasonal employment in agricultural work, including dairy work.</p> <p>(e) Migratory child means a child—</p> <p>(1) Who is a migratory agricultural worker or a migratory fisher; or</p> <p>(2) Who is the preceding 36 months, has moved, as defined in paragraph (g), from one school district to another, or from one administrative area to another within a State that is comprised of a single school district, in order to obtain temporary employment or seasonal employment in agricultural work, including dairy work.</p>	Not related to agency deliverable	Subpart B—Even Start Family Literacy Program ; \$200.80 Migrant Education Even Start Program definition	Federal	Statute	
<p>(a)(1) This part establishes uniform administrative requirements, cost principles, and audit requirements for Federal awards to non-Federal entities, as described in §200.101 Applicability. Federal awarding agencies must not impose additional or inconsistent requirements, except as provided in §§200.102 Exceptions and 200.210 Information contained in a Federal award, or unless specifically required by Federal statute, regulation, or Executive Order.</p> <p>(2) This part provides the basis for a systematic and periodic collection and uniform submission by Federal agencies of information on all Federal financial assistance programs to the Office of Management and Budget (OMB). It also establishes Federal policies related to the delivery of this information to the public, including through the use of electronic media. It prescribes the manner in which General Services Administration (GSA), OMB, and Federal agencies that administer Federal financial assistance programs are to carry out their statutory responsibilities under the Federal Program Information Act (31 U.S.C. 6101-6106).</p> <p>(b) Administrative requirements. Subparts B through D of this part set forth the uniform administrative requirements for grant and cooperative agreements, including the requirements for Federal awarding agency management of Federal grant programs before the Federal award has been made, and the requirements Federal awarding agencies may impose on non-Federal entities in the Federal award.</p> <p>(c) Cost Principles. Subpart E—Cost Principles of this part establishes principles for determining the allowable costs incurred by non-Federal entities under Federal awards. The principles are for the purpose of cost determination and are not intended to identify the circumstances or dictate the extent of Federal Government participation in the financing of a particular program or project. The principles are designed to provide that Federal awards bear their fair share of cost recognized under these principles except where restricted or prohibited by statute.</p> <p>(d) Single Audit Requirements and Audit Follow-up. Subpart F—Audit Requirements of this part is issued pursuant to the Single Audit Act Amendments of 1996, (31 U.S.C. 7501-7507). It sets forth standards for obtaining consistency and uniformity among Federal agencies for the audit of non-Federal entities expending Federal awards. These provisions also provide the policies and procedures for Federal awarding agencies and pass-through entities when using the results of these audits.</p> <p>(e) For OMB guidance to Federal awarding agencies on Challenges and Prizes, please see M-10-11 Guidance on the Use of Challenges and Prizes to Promote Open Government, issued March 8, 2010, or its successor.</p>	Not related to agency deliverable	Subpart B—General Provisions ; §200.100 Purpose	Federal	Statute

<p>(a) General applicability to Federal agencies. The requirements established in this part apply to Federal agencies that make Federal awards to non-Federal entities. These requirements are applicable to all costs related to Federal awards.</p> <p>(b)(1) Applicability to different types of Federal awards. The following table describes what portions of this part apply to which types of Federal awards. The terms and conditions of Federal awards (including this part) flow down to subawards to subrecipients unless a particular section of this part or the terms and conditions of the Federal award specifically indicate otherwise. This means that non-Federal entities must comply with requirements in this part regardless of whether the non-Federal entity is a recipient or subrecipient of a Federal award. Pass-through entities must comply with the requirements described in Subpart D—Post Federal Award Requirements of this part, §§200.330 Subrecipient and contractor determinations through 200.332 Fixed amount Subawards, but not any requirements in this part directed towards Federal awarding agencies unless the requirements of this part or the terms and conditions of the Federal award indicate otherwise.</p> <p>(2) Federal award of cost-reimbursement contract under the FAR to a non-Federal entity. When a non-Federal entity is awarded a cost-reimbursement contract, only Subpart D—Post Federal Award Requirements of this part, §§200.330 Subrecipient and contractor determinations through 200.332 Fixed amount Subawards (in addition to any FAR related requirements for subaward monitoring), Subpart E—Cost Principles of this part and Subpart F—Audit Requirements of this part are incorporated by reference into the contract. However, when the Cost Accounting Standards (CAS) are applicable to the contract, they take precedence over the requirements of this part except for Subpart F—Audit Requirements of this part when they are in conflict. In addition, costs that are made unallowable under 10 U.S.C. 2324(e) and 41 U.S.C. 4304(a) as described in the FAR subpart 31.2 and subpart 31.603 are always unallowable. For requirements other than those covered in Subpart D—Post Federal Award Requirements of this part, §§200.330 Subrecipient and contractor determinations through 200.332 Fixed amount Subawards, Subpart E—Cost Principles of this part and Subpart F—Audit Requirements of this part, the terms of the contract and the FAR apply.</p> <p>(3) With the exception of Subpart F—Audit Requirements of this part, which is required by the Single Audit Act, in any circumstances where the provisions of Federal statutes or regulations differ from the provisions of this part, the provision of the Federal statutes or regulations govern. This includes, for agreements with Indian tribes, the provisions of the Indian Self-Determination and Education and Assistance Act (ISDEAA), as amended, 25 U.S.C 450-458ddd-2.</p> <p>(c) Federal awarding agencies may apply subparts A through E of this part to for-profit entities, foreign public entities, or foreign organizations, except where the Federal awarding agency determines that the application of these subparts would be inconsistent with the international obligations of the United States or the statutes or regulations of a foreign government.</p> <p>(d) Except for §200.202 Requirement to provide public notice of Federal financial assistance programs and §§200.330 Subrecipient and contractor determinations through 200.332 Fixed amount Subawards of Subpart D—Post Federal Award Requirements of this part, the requirements in Subpart C—Pre-Federal Award Requirements and Contents of Federal Awards, Subpart D—Post Federal Award Requirements of this part, and Subpart E—Cost Principles of this part do not apply to the following programs:</p>	Requires a service	Subpart B—General Provisions ; §200.101 Applicability	Federal	Statute	
<p>(a) With the exception of Subpart F—Audit Requirements of this part, OMB may allow exceptions for classes of Federal awards or non-Federal entities subject to the requirements of this part when exceptions are not prohibited by statute. However, in the interest of maximum uniformity, exceptions from the requirements of this part will be permitted only in unusual circumstances. Exceptions for classes of Federal awards or non-Federal entities will be published on the OMB Web site at www.whitehouse.gov/omb.</p> <p>(b) Exceptions on a case-by-case basis for individual non-Federal entities may be authorized by the Federal awarding agency or cognizant agency for indirect costs, except where otherwise required by law or where OMB or other approval is expressly required by this part.</p> <p>(c) The Federal awarding agency may apply more restrictive requirements to a class of Federal awards or non-Federal entities when approved by OMB, or when, required by Federal statutes or regulations, except for the requirements in Subpart F—Audit Requirements of this part. A Federal awarding agency may apply less restrictive requirements when making fixed amount awards as defined in Subpart A—Acronyms and Definitions of this part, except for those requirements imposed by statute or in Subpart F—Audit Requirements of this part.</p> <p>(d) On a case-by-case basis, OMB will approve new strategies for Federal awards when proposed by the Federal awarding agency in accordance with OMB guidance (such as M-13-17) to develop additional evidence relevant to addressing important policy challenges or to promote cost-effectiveness in and across Federal programs. Proposals may draw on the innovative program designs discussed in M-13-17 to expand or improve the use of effective practices in delivering Federal financial assistance while also encouraging innovation in service delivery. Proposals submitted to OMB in accordance with M-13-17 may include requests to waive requirements other than those in Subpart F—Audit Requirements of this part.</p>	Not related to agency deliverable	Subpart B—General Provisions ; §200.102 Exceptions	Federal	Statute

(a) The standards set forth in this part which affect administration of Federal awards issued by Federal awarding agencies become effective once implemented by Federal awarding agencies or when any future amendment to this part becomes final. Federal awarding agencies must implement the policies and procedures applicable to Federal awards by promulgating a regulation to be effective by December 26, 2014 unless different provisions are required by statute or approved by OMB. For the procurement standards in §§200.317-200.326, non-Federal entities may continue to comply with the procurement standards in previous OMB guidance (superseded by this part as described in §200.104) for one additional fiscal year after this part goes into effect. If a non-Federal entity chooses to use the previous procurement standards for an additional fiscal year before adopting the procurement standards in this part, the non-Federal entity must document this decision in their internal procurement policies. (b) The standards set forth in Subpart F—Audit Requirements of this part and any other standards which apply directly to Federal agencies will be effective December 26, 2013 and will apply to audits of fiscal years beginning on or after December 26, 2014. The Federal awarding agency or pass-through entity may use fixed amount awards if the project scope is specific and if adequate cost, historical, or unit pricing data is available to establish a fixed amount award based on a reasonable estimate of actual cost. Payments are based on meeting specific requirements of the Federal award. Accountability is based on performance and results. Except in the case of termination before completion of the Federal award, there is no governmental review of the actual costs incurred by the non-Federal entity in performance of the award. Some of the ways in which the Federal award may be paid include, but are not limited to:</p> <p>(i) In several partial payments, the amount of each agreed upon in advance, and the “milestone” or event triggering the payment also agreed upon in advance, and set forth in the Federal award;</p> <p>(ii) On a unit price basis, for a defined unit or units, at a defined price or prices, agreed to in advance of performance of the Federal award and set forth in the Federal award; or,</p> <p>(iii) In one payment at Federal award completion.</p> <p>(2) A fixed amount award cannot be used in programs which require mandatory cost sharing or match.</p> <p>(3) The non-Federal entity must certify in writing to the Federal awarding agency or pass-through entity at the end of the Federal award that the project or activity was completed or the level of effort was expended. If the required level of activity or effort was not carried out, the amount of the Federal award must be adjusted.</p> <p>(4) Periodic reports may be established for each Federal award.</p> <p>(5) Changes in principal investigator, project leader, project partner, or scope of effort must receive the prior written approval of the Federal awarding agency or pass-through entity.</p>	Requires a service	Subpart C—Pre-Federal Award Requirements and Contents of Federal Awards ; §200.201 Use of grant agreements (including fixed amount awards), cooperative agreements, and contracts	Federal	Statute

GSA must prescribe the format for the submission.</p> <p>(3) The Federal awarding agency may not award Federal financial assistance without assigning it to a program that has been included in the CFDA as required in this section unless there are exigent circumstances requiring otherwise, such as timing requirements imposed by statute.</p> <p>(b) For each program that awards discretionary Federal awards, non-discretionary Federal awards, loans, insurance, or any other type of Federal financial assistance, the Federal awarding agency must submit the following information to GSA:</p> <p>(1) Program Description, Purpose, Goals and Measurement. A brief summary of the statutory or regulatory requirements of the program and its intended outcome. Where appropriate, the Program Description, Purpose, Goals, and Measurement should align with the strategic goals and objectives within the Federal awarding agency's performance plan and should support the Federal awarding agency's performance measurement, management, and reporting as required by Part 6 of OMB Circular A-11;</p> <p>(2) Identification of whether the program makes Federal awards on a discretionary basis or the Federal awards are prescribed by Federal statute, such as in the case of formula grants.</p> <p>(3) Projected total amount of funds available for the program. Estimates based on previous year funding are acceptable if current appropriations are not available at the time of the submission;</p> <p>(4) Anticipated Source of Available Funds: The statutory authority for funding the program and, to the extent possible, agency, sub-agency, or, if known, the specific program unit that will issue the Federal awards, and associated funding identifier (e.g., Treasury Account Symbol(s));</p> <p>(5) General Eligibility Requirements: The statutory, regulatory or other eligibility factors or considerations that determine the applicant's qualification for Federal awards under the program (e.g., type of non-Federal entity); and</p>	Not related to agency deliverable	Subpart C—Pre-Federal Award Requirements and Contents of Federal Awards ; §200.202 Requirement to provide public notice of Federal financial assistance programs	Federal	Statute

<p>(a) Prior to making a Federal award, the Federal awarding agency is required by 31 U.S.C. 3321 and 41 U.S.C. 2313 note to review information available through any OMB-designated repositories of governmentwide eligibility qualification or financial integrity information, such as SAM Exclusions and “Do Not Pay”. See also suspension and debarment requirements at 2 CFR part 180 as well as individual Federal agency suspension and debarment regulations in title 2 of the Code of Federal Regulations.</p> <p>(b) In addition, for competitive grants or cooperative agreements, the Federal awarding agency must have in place a framework for evaluating the risks posed by applicants before they receive Federal awards. This evaluation may incorporate results of the evaluation of the applicant's eligibility or the quality of its application. If the Federal awarding agency determines that a Federal award will be made, special conditions that correspond to the degree of risk assessed may be applied to the Federal award. Criteria to be evaluated must be described in the announcement of funding opportunity described in §200.203 Notices of funding opportunities.</p> <p>(c) In evaluating risks posed by applicants, the Federal awarding agency may use a risk-based approach and may consider any items such as the following:</p> <p>(1) Financial stability;</p> <p>(2) Quality of management systems and ability to meet the management standards prescribed in this part;</p> <p>(3) History of performance. The applicant's record in managing Federal awards, if it is a prior recipient of Federal awards, including timeliness of compliance with applicable reporting requirements, conformance to the terms and conditions of previous Federal awards, and if applicable, the extent to which any previously awarded amounts will be expended prior to future awards;</p> <p>(4) Reports and findings from audits performed under Subpart F—Audit Requirements of this part or the reports and findings of any other available audits; and</p> <p>(5) The applicant's ability to effectively implement statutory, regulatory, or other requirements imposed on non-Federal entities.</p> <p>(d) In addition to this review, the Federal awarding agency must comply with the guidelines on governmentwide suspension and debarment in 2 CFR part 180, and must require non-Federal entities to comply with these provisions. The Federal awarding agency must require the recipient to use OMB-approved standard information collections when providing financial and performance information. As appropriate and in accordance with above mentioned information collections, the Federal awarding agency must require the recipient to relate financial data to performance accomplishments of the Federal award. Also, in accordance with above mentioned standard information collections, and when applicable, recipients must also provide cost information to demonstrate cost effective practices (e.g., through unit cost data). The recipient's performance should be measured in a way that will help the Federal awarding agency and other non-Federal entities to improve program outcomes, share lessons learned, and spread the adoption of promising practices. The Federal awarding agency should provide recipients with clear performance goals, indicators, and milestones as described in §200.210 Information contained in a Federal award. Performance reporting frequency and content should be established to not only allow the Federal awarding agency to understand the recipient progress but also to facilitate identification of promising practices among recipients and build the evidence upon which the Federal awarding agency's program and performance decisions are made. In addition, the state's and the other non-Federal entity's financial management systems, including records documenting compliance with Federal statutes, regulations, and the terms and conditions of the Federal award, must be sufficient to permit the preparation of reports required by general and program-specific terms and conditions; and the tracing of funds to a level of expenditures adequate to establish that such funds have been used according to the Federal statutes, regulations, and the terms and conditions of the Federal award. See also §200.450 Lobbying.</p> <p>(b) The financial management system of each non-Federal entity must provide for the following (see also §§200.333 Retention requirements for records, 200.334 Requests for transfer of records, 200.335 Methods for collection, transmission and storage of information, 200.336 Access to records, and 200.337 Restrictions on public access to records):</p> <p>(1) Identification, in its accounts, of all Federal awards received and expended and the Federal programs under which they were received. Federal program and Federal award identification must include, as applicable, the CFDA title and number, Federal award identification number and year, name of the Federal agency, and name of the pass-through entity, if any.</p> <p>(2) Accurate, current, and complete disclosure of the financial results of each Federal award or program in accordance with the reporting requirements set forth in §§200.327 Financial reporting and 200.328 Monitoring and reporting program performance. If a Federal awarding agency requires reporting on an accrual basis from a recipient that maintains its records on other than an accrual basis, the recipient must not be required to establish an accrual accounting system. This recipient may develop accrual data for its reports on the basis of an analysis of the documentation on hand. Similarly, a pass-through entity must not require a subrecipient to establish an accrual accounting system and must allow the subrecipient to develop accrual data for its reports on the basis of an analysis of the documentation on hand.</p> <p>(3) Records that identify adequately the source and application of funds for federally-funded activities. These records must contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.</p> <p>(4) Effective control over, and accountability for, all funds, property, and other assets. See also §200.302 Financial management paragraph (b)(6). Except as noted elsewhere in this part, Federal agencies must require recipients to use only OMB-approved standard governmentwide information collection requests to request payment.</p> <p>(1) The non-Federal entity must be paid in advance, provided it maintains or demonstrates the willingness to maintain both written procedures that minimize the time elapsing between the transfer of funds and disbursement by the non-Federal entity, and financial management systems that meet the standards for fund control and accountability as established in this part. Advance payments to a non-Federal entity must be limited to the minimum amounts needed and be timed to be in accordance with the actual, immediate cash requirements of the non-Federal entity in carrying out the purpose of the approved program or project. The timing and amount of advance payments must be as close as is administratively feasible to the actual disbursements by the non-Federal entity for direct program or project costs and the proportionate share of any allowable indirect costs. The non-Federal entity must make timely payment to contractors in accordance with the contract provisions.</p> <p>(2) Whenever possible, advance payments must be consolidated to cover anticipated cash needs for all Federal awards made by the Federal awarding agency to the recipient.</p> <p>(i) Advance payment mechanisms include, but are not limited to, Treasury check and electronic funds transfer and must comply with applicable guidance in 31 CFR part 208.</p> <p>(ii) Non-Federal entities must be authorized to submit requests for advance payments and reimbursements at least monthly when electronic fund transfers are not used, and as often as they like when electronic transfers are used, in accordance with the provisions of the Electronic Fund Transfer Act (15 U.S.C. 1693-1693r).</p> <p>(3) Reimbursement is the preferred method when the requirements in paragraph (b) cannot be met, when the Federal awarding agency sets a specific condition per §200.207 Specific conditions, or when the non-Federal entity requests payment by reimbursement. This method may be used on any Federal award for construction, or if the major portion of the construction project is accomplished through private market financing or Federal loans, and the Federal award constitutes a minor portion of the project. <p>(a) General. Non-Federal entities are encouraged to earn income to defray program costs where appropriate.</p> <p>(b) Cost of generating program income. If authorized by Federal regulations or the Federal award, costs incidental to the generation of program income may be deducted from gross income to determine program income, provided these costs have not been charged to the Federal award.</p> <p>(c) Governmental revenues. Taxes, special assessments, levies, fines, and other such revenues raised by a non-Federal entity are not program income unless the revenues are specifically identified in the Federal award or Federal awarding agency regulations as program income.</p> <p>(d) Property. Proceeds from the sale of real property, equipment, or supplies are not program income; such proceeds will be handled in accordance with the requirements of Subpart D—Post Federal Award Requirements of this part, Property Standards §§200.311 Real property, 200.313 Equipment, and 200.314 Supplies, or as specifically identified in Federal statutes, regulations, or the terms and conditions of the Federal award.</p> <p>(e) Use of program income. If the Federal awarding agency does not specify in its regulations or the terms and conditions of the Federal award, or give prior approval for how program income is to be used, paragraph (e)(1) of this section must apply. For Federal awards made to IHEs and nonprofit research institutions, if the Federal awarding agency does not specify in its regulations or the terms and conditions of the Federal award how program income is to be used, paragraph (e)(2) of this section must apply. In specifying alternatives to paragraphs (e)(1) and (2) of this section, the Federal awarding agency may distinguish between income earned by the recipient and income earned by subrecipients and between the sources, kinds, or amounts of income. When the Federal awarding agency authorizes the approaches in paragraphs (e)(2) and (3) of this section, program income in excess of any amounts specified must also be deducted from expenditures.</p> <p>(1) Deduction. Ordinarily program income must be deducted from total allowable costs to determine the net allowable costs. Program income must be used for current costs unless the Federal awarding agency authorizes otherwise. Program income that the non-Federal entity did not anticipate at the time of the Federal award must be used to reduce the Federal award and non-Federal entity contributions rather than to increase the funds committed to the project.</p> <p>(2) Addition. With prior approval of the Federal awarding agency (except for IHEs and nonprofit research institutions, as described in paragraph (e) of this section) program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must be used for the purposes and under the conditions of the Federal award.</p> <p>(3) Cost sharing or matching. The application of these cost principles is based on the fundamental premises that: (a) The non-Federal entity is responsible for the efficient and effective administration of the Federal award through the application of sound management practices. (b) The non-Federal entity assumes responsibility for administering Federal funds in a manner consistent with underlying agreements, program objectives, and the terms and conditions of the Federal award. (c) The non-Federal entity, in recognition of its own unique combination of staff, facilities, and experience, has the primary responsibility for employing whatever form of sound organization and management techniques may be necessary in order to assure proper and efficient administration of the Federal award. (d) The application of these cost principles should require no significant changes in the internal accounting policies and practices of the non-Federal entity. However, the accounting practices of the non-Federal entity must be consistent with these cost principles and support the accumulation of costs as required by the principles, and must provide for adequate documentation to support costs charged to the Federal award. (e) In reviewing, negotiating and approving cost allocation plans or indirect cost proposals, the cognizant agency for indirect costs should generally assure that the non-Federal entity is applying these cost accounting principles on a consistent basis during their review and negotiation of indirect cost proposals. Where wide variations exist in the treatment of a given cost item by the non-Federal entity, the reasonableness and equity of such treatments should be fully considered. See §200.56 Indirect (facilities & administrative (F&A)) costs. (f) For non-Federal entities that educate and engage students in research, the dual role of students as both trainees and employees (including pre- and post-doctoral staff) contributing to the completion of Federal awards for research must be recognized in the application of these principles. (g) The non-Federal entity may not earn or keep any profit resulting from Federal financial assistance, unless explicitly authorized by the terms and conditions of the Federal award. <p>(a) General. These principles must be used in determining the allowable costs of work performed by the non-Federal entity under Federal awards. These principles also must be used by the non-Federal entity as a guide in the pricing of fixed-price contracts and subcontracts where costs are used in determining the appropriate price. The principles do not apply to:</p> <p>(1) Arrangements under which Federal financing is in the form of loans, scholarships, fellowships, traineeships, or other fixed amounts based on such items as education allowance or published tuition rates and fees.</p> <p>(2) For IHEs, capitation awards, which are awards based on case counts or number of beneficiaries according to the terms and conditions of the Federal award.</p> <p>(3) Fixed amount awards. See also Subpart A—Acronyms and Definitions, §§200.45 Fixed amount awards and 200.201 Use of grant agreements (including fixed amount awards), cooperative agreements, and contracts.</p> <p>(4) Federal awards to hospitals (see Appendix IX to Part 200—Hospital Cost Principles).</p> <p>(5) Other awards under which the non-Federal entity is not required to account to the Federal Government for actual costs incurred.</p> <p>(b) Federal Contract. Where a Federal contract awarded to a non-Federal entity is subject to the Cost Accounting Standards (CAS), it incorporates the applicable CAS clauses, Standards, and CAS administration requirements per the 48 CFR Chapter 99 and 48 CFR part 30 (FAR Part 30). CAS applies directly to the CAS-covered contract and the Cost Accounting Standards at 48 CFR parts 9904 or 9905 takes precedence over the cost principles in this Subpart E—Cost Principles of this part with respect to the allocation of costs. When a contract with a non-Federal entity is subject to full CAS coverage, the allowability of certain costs under the cost principles will be affected by the allocation provisions of the Cost Accounting Standards (e.g., CAS 414—48 CFR 9904.414, Cost of Money as an Element of the Cost of Facilities Capital, and CAS 417—48 CFR 9904.417, Cost of Money as an Element of the Cost of Capital Assets Under Construction), apply rather the allowability provisions of §200.449 Interest. In complying with those requirements, the non-Federal entity's application of cost accounting practices for estimating, accumulating, and reporting costs for other Federal awards and other cost objectives under the CAS-covered contract still must be consistent with its cost accounting practices for the CAS-covered contracts. In all cases, only one set of accounting records needs to be maintained for the allocation of costs by the non-Federal entity.</p> <p>(c) Exemptions. Some nonprofit organizations, because of their size and nature of operations, can be considered to be similar to for-profit entities for purpose of applicability of cost principles. Such nonprofit organizations must operate under Federal cost principles applicable to for-profit entities located at 48 CFR 31.2. A listing of these organizations is contained in Appendix VIII to Part 200—Nonprofit Organizations Exempted From Subpart E—Cost Principles of this part. Other organizations, as approved by the cognizant agency for indirect costs, may be added from time to time.</p>	Requires a service	Subpart E—Cost Principles General Provisions ; §200.401 Application	Federal	Statute

<p>The non-Federal entity may concurrently receive Federal awards as a recipient, a subrecipient, and a contractor, depending on the substance of its agreements with Federal awarding agencies and pass-through entities. Therefore, a pass-through entity must make case-by-case determinations whether each agreement it makes for the disbursement of Federal program funds casts the party receiving the funds in the role of a subrecipient or a contractor. The Federal awarding agency may supply and require recipients to comply with additional guidance to support these determinations provided such guidance does not conflict with this section.</p> <p>(a) Subrecipients. A subaward is for the purpose of carrying out a portion of a Federal award and creates a Federal assistance relationship with the subrecipient. See §200.92 Subaward. Characteristics which support the classification of the non-Federal entity as a subrecipient include when the non-Federal entity:</p> <p>(1) Determines who is eligible to receive what Federal assistance;</p> <p>(2) Has its performance measured in relation to whether objectives of a Federal program were met;</p> <p>(3) Has responsibility for programmatic decision making;</p> <p>(4) Is responsible for adherence to applicable Federal program requirements specified in the Federal award; and</p> <p>(5) In accordance with its agreement, uses the Federal funds to carry out a program for a public purpose specified in authorizing statute, as opposed to providing goods or services for the benefit of the pass-through entity.</p> <p>(b) Contractors. (a) General. If the SEA, after reasonable notice and an opportunity for a hearing, finds that an LEA or State agency that has been determined to be eligible under this subpart is failing to comply with any requirement described in §§300.201 through 300.213, the SEA must reduce or must not provide any further payments to the LEA or State agency until the SEA is satisfied that the LEA or State agency is complying with that requirement. (b) Notice requirement. Any State agency or LEA in receipt of a notice described in paragraph (a) of this section must, by means of public notice, take the measures necessary to bring the pendency of an action pursuant to this section to the attention of the public within the jurisdiction of the agency. (c) Consideration. (b) Charter school exception. An SEA may not require a charter school that is an LEA to jointly establish its eligibility under paragraph (a) of this section unless the charter school is explicitly permitted to do so under the State's charter school statute. (c) Amount of payments. If an SEA requires the joint establishment of eligibility under paragraph (a) of this section, the total amount of funds made available to the affected LEAs must be equal to the sum of the payments that each LEA would have received under §300.705 if the agencies were eligible for those payments. <p>(a) Effect on other regulations. All regulations, orders, or like directions heretofore issued by any officer of the Department which impose requirements designed to prohibit any discrimination against individuals on the ground of race, color, or national origin under any program to which this regulation applies, and which authorize the suspension or termination of or refusal to grant or to continue Federal financial assistance to any applicant for or recipient of assistance for failure to comply with such requirements, are hereby superseded to the extent that such discrimination is prohibited by this regulation, except that nothing in this regulation shall be deemed to relieve any person of any obligation assumed or imposed under any such superseded regulation, order, instruction, or like direction prior to the effective date of this regulation. Nothing in this regulation, however, shall be deemed to supersede any of the following (including future amendments thereof):</p> <p>(1) Executive Order 11063 and regulations issued thereunder, or any other regulations or instructions, insofar as such Order, regulations, or instructions prohibit discrimination on the ground of race, color, or national origin in any program or situation to which this regulation is inapplicable, or prohibit discrimination on any other ground; or</p> <p>(2) Requirements for Emergency School Assistance as published in 35 FR 13442 and codified as 34 CFR part 280.</p> <p>(b) Forms and instructions. The responsible Department official shall issue and promptly make available to interested persons forms and detailed instructions and procedures for effectuating this part.</p> <p>(c) Supervision and coordination. The responsible Department official may from time to time assign to officials of the Department, or to officials of other departments or agencies of the Government with the consent of such departments or agencies, responsibilities in connection with the effectuation of the purposes of title VI of the Act and this regulation (other than responsibility for review as provided in §100.10(e)), including the achievements of effective coordination and maximum uniformity within the Department and within the Executive Branch of the Government in the application of title VI and this regulation to similar programs and in similar situations. <p>This regulation applies to any program to which Federal financial assistance is authorized to be extended to a recipient under a law administered by the Department, including the Federal financial assistance listed in appendix A of this regulation. It applies to money paid, property transferred, or other Federal financial assistance extended after the effective date of the regulation pursuant to an application approved prior to such effective date. This regulation does not apply to (a) any Federal financial assistance by way of insurance or guaranty contracts, (b) money paid, property transferred, or other assistance extended before the effective date of this regulation, (c) the use of any assistance by any individual who is the ultimate beneficiary, or (d) any employment practice, or any employer, employment agency, or labor organization, except to the extent described in §100.3. The fact that a type of Federal assistance is not listed in appendix A shall not mean, if title VI of the Act is otherwise applicable, that a program is not covered. Federal financial assistance under statutes now in force or hereinafter enacted may be added to this list by notice published in the Federal Register.</p> <p>(Authority: Secs. 602, 604, Civil Rights Act of 1964; 78 Stat. 252, 253; 42 U.S.C. 2000d-1, 2000d-3)</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §100.2 Application of this regulation	Federal	Statute

<p>(a) General. (1) Every application for Federal financial assistance to which this part applies, except an application to which paragraph (b) of this section applies, and every application for Federal financial assistance to provide a facility shall, as a condition to its approval and the extension of any Federal financial assistance pursuant to the application, contain or be accompanied by an assurance that the program will be conducted or the facility operated in compliance with all requirements imposed by or pursuant to this part. In the case of an application for Federal financial assistance to provide real property or structures thereon, the assurance shall obligate the recipient, or, in the case of a subsequent transfer, the transferee, for the period during which the real property or structures are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. In the case of personal property the assurance shall obligate the recipient for the period during which he retains ownership or possession of the property. In all other cases the assurance shall obligate the recipient for the period during which Federal financial assistance is extended pursuant to the application. The responsible Department official shall specify the form of the foregoing assurances, and the extent to which like assurances will be required of subgrantees, contractors and subcontractors, transferees, successors in interest, and other participants. Any such assurance shall include provisions which give the United States a right to seek its judicial enforcement.</p> <p>(2) Where Federal financial assistance is provided in the form of a transfer of real property or interest therein from the Federal Government the instrument effecting or recording the transfer shall contain a covenant running with the land to assure nondiscrimination for the period during which the real property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. Where no transfer of property is involved but property is improved with Federal financial assistance, the recipient shall agree to include such a covenant to any subsequent transfer of the property. Where the property is obtained from the Federal Government, such covenant may also include a condition coupled with a right to be reserved by the Department to revert title to the property in the event of a breach of the covenant where, in the discretion of the responsible Department official, such a condition and right of reverter is appropriate to the statute under which the real property is obtained and to the nature of the grant and the grantee. In the event a transferee of real property proposes to mortgage or otherwise encumber the real property as security for financing construction of new, or improvement of existing, facilities on such property for the purposes for which the property was transferred, the responsible Department official may agree, upon request of the transferee and if necessary to accomplish such financing, and upon such conditions as he deems appropriate, to forbear the exercise of such right to revert title for so long as the lien of such mortgage or other encumbrance remains effective.</p> <p>(b) Continuing Federal financial assistance. Every application by a State or a State agency for continuing Federal financial assistance to which this regulation applies (including the Federal financial assistance listed in part 2 of appendix A) shall as a condition to its approval and the extension of any Federal financial assistance pursuant to the application (1) contain or be accompanied by a statement that the program is (or, in the case of a new program, will be) conducted in compliance with all requirements imposed by or pursuant to this regulation, and (2) provide or be accompanied by provision for such methods of administration for the program as are found by the responsible Department official to give reasonable assurance that the applicant and all recipients of Federal financial assistance under such program will comply with all requirements imposed by or pursuant to this regulation.</p> <p>(c) Elementary and secondary schools. L. 815 and Pub. L. 874) for construction aid and for general support of the operation of elementary or secondary schools, or in more limited support to such schools such as for the acquisition of equipment, the provision of vocational education, or the provision of guidance and counseling services, discrimination by the recipient school district in any of its elementary or secondary schools in the admission of students, or in the treatment of its students in any aspect of the educational process, is prohibited. In this and the following illustrations the prohibition of discrimination in the treatment of students or other trainees includes the prohibition of discrimination among the students or trainees in the availability or use of any academic, dormitory, eating, recreational, or other facilities of the grantee or other recipient.</p> <p>(b) In a research, training, demonstration, or other grant to a university for activities to be conducted in a graduate school, discrimination in the admission and treatment of students in the graduate school is prohibited, and the prohibition extends to the entire university.</p> <p>(c) In a training grant to a hospital or other nonacademic institution, discrimination is prohibited in the selection of individuals to be trained and in their treatment by the grantee during their training. In a research or demonstration grant to such an institution discrimination is prohibited with respect to any educational activity and any provision of medical or other services and any financial aid to individuals incident to the program.</p> <p>(d) In grants to assist in the construction of facilities for the provision of health, educational or welfare services, assurances will be required that services will be provided without discrimination, to the same extent that discrimination would be prohibited as a condition of Federal operating grants for the support of such services. Thus, as a condition of grants for the construction of academic, research, or other facilities at institutions of higher education, assurances will be required that there will be no discrimination in the admission or treatment of students.</p> <p>(e) Upon transfers of real or personal surplus property for educational uses, discrimination is prohibited to the same extent as in the case of grants for the construction of facilities or the provision of equipment for like purposes.</p> <p>(f) Each applicant for a grant for the construction of educational television facilities is required to provide an assurance that it will, in its broadcast services, give due consideration to the interests of all significant racial or ethnic groups within the population to be served by the applicant.</p> <p>(g) A recipient may not take action that is calculated to bring about indirectly what this regulation forbids it to accomplish directly. <p>(a) Cooperation and assistance. The responsible Department official shall to the fullest extent practicable seek the cooperation of recipients in obtaining compliance with this part and shall provide assistance and guidance to recipients to help them comply voluntarily with this part.</p> <p>(b) Compliance reports. Each recipient shall keep such records and submit to the responsible Department official or his designee timely, complete and accurate compliance reports at such times, and in such form and containing such information, as the responsible Department official or his designee may determine to be necessary to enable him to ascertain whether the recipient has complied or is complying with this part. For example, recipients should have available for the Department racial and ethnic data showing the extent to which members of minority groups are beneficiaries of and participants in federally-assisted programs. In the case in which a primary recipient extends Federal financial assistance to any other recipient, such other recipient shall also submit such compliance reports to the primary recipient as may be necessary to enable the primary recipient to carry out its obligations under this part.</p> <p>(c) Access to sources of information. Each recipient shall permit access by the responsible Department official or his designee during normal business hours to such of its books, records, accounts, and other sources of information, and its facilities as may be pertinent to ascertain compliance with this part. Where any information required of a recipient is in the exclusive possession of any other agency, institution or person and this agency, institution or person shall fail or refuse to furnish this information the recipient shall so certify in its report and shall set forth what efforts it has made to obtain the information. Asserted considerations of privacy or confidentiality may not operate to bar the Department from evaluating or seeking to enforce compliance with this part. Information of a confidential nature obtained in connection with compliance evaluation or enforcement shall not be disclosed except where necessary in formal enforcement proceedings or where otherwise required by law.</p> <p>(d) Information to beneficiaries and participants. Each recipient shall make available to participants, beneficiaries, and other interested persons such information regarding the provisions of this regulation and its applicability to the program for which the recipient receives Federal financial assistance, and make such information available to them in such manner, as the responsible Department official finds necessary to apprise such persons of the protections against discrimination assured them by the Act and this regulation.</p> <p>(Approved by the Office of Management and Budget under control number 1870-0500)</p> <p>(Authority: Sec. 601, 602, Civil Rights Act of 1964; 78 Stat. 252; 42 U.S.C. 2000d, 2000d-1)</p> <p>[45 FR 30918, May 9, 1980, as amended at 53 FR 49143, Dec. 6, 1988; 65 FR 68053, Nov. 13, 2000]</p>	Report our agency must/may provide	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; \$100.6 Compliance information	Federal	Statute	
<p>(a) Periodic compliance reviews. The responsible Department official or his designee shall from time to time review the practices of recipients to determine whether they are complying with this part.</p> <p>(b) Complaints. Any person who believes himself or any specific class of individuals to be subjected to discrimination prohibited by this part may by himself or by a representative file with the responsible Department official or his designee a written complaint. A complaint must be filed not later than 180 days from the date of the alleged discrimination, unless the time for filing is extended by the responsible Department official or his designee.</p> <p>(c) Investigations. The responsible Department official or his designee will make a prompt investigation whenever a compliance review, report, complaint, or any other information indicates a possible failure to comply with this part. The investigation should include, where appropriate, a review of the pertinent practices and policies of the recipient, the circumstances under which the possible noncompliance with this part occurred, and other factors relevant to a determination as to whether the recipient has failed to comply with this part.</p> <p>(d) Resolution of matters. (1) If an investigation pursuant to paragraph (c) of this section indicates a failure to comply with this part, the responsible Department official or his designee will so inform the recipient and the matter will be resolved by informal means whenever possible. If it has been determined that the matter cannot be resolved by informal means, action will be taken as provided for in §100.8.</p> <p>(2) If an investigation does not warrant action pursuant to paragraph (1) of this paragraph (d) the responsible Department official or his designee will so inform the recipient and the complainant, if any, in writing.</p> <p>(e) Intimidatory or retaliatory acts prohibited. No recipient or other person shall intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by section 601 of the Act or this part, or because he has made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding or hearing under this part. <p>(a) General. If there appears to be a failure or threatened failure to comply with this regulation, and if the noncompliance or threatened noncompliance cannot be corrected by informal means, compliance with this part may be effected by the suspension or termination of or refusal to grant or to continue Federal financial assistance or by any other means authorized by law. Such other means may include, but are not limited to, (1) a reference to the Department of Justice with a recommendation that appropriate proceedings be brought to enforce any rights of the United States under any law of the United States (including other titles of the Act), or any assurance or other contractual undertaking, and (2) any applicable proceeding under State or local law.</p> <p>(b) Noncompliance with §100.4. If an applicant fails or refuses to furnish an assurance required under §100.4 or otherwise fails or refuses to comply with a requirement imposed by or pursuant to that section Federal financial assistance may be refused in accordance with the procedures of paragraph (c) of this section. The Department shall not be required to provide assistance in such a case during the pendency of the administrative proceedings under such paragraph except that the Department shall continue assistance during the pendency of such proceedings where such assistance is due and payable pursuant to an application therefor approved prior to the effective date of this part.</p> <p>(c) Termination of or refusal to grant or to continue Federal financial assistance. No order suspending, terminating or refusing to grant or continue Federal financial assistance shall become effective until (1) the responsible Department official has advised the applicant or recipient of his failure to comply and has determined that compliance cannot be secured by voluntary means, (2) there has been an express finding on the record, after opportunity for hearing, of a failure by the applicant or recipient to comply with a requirement imposed by or pursuant to this part, (3) the expiration of 30 days after the Secretary has filed with the committee of the House and the committee of the Senate having legislative jurisdiction over the program involved, a full written report of the circumstances and the grounds for such action. Any action to suspend or terminate or to refuse to grant or to continue Federal financial assistance shall be limited to the particular political entity, or part thereof, or other applicant or recipient as to whom such a finding has been made and shall be limited in its effect to the particular program, or part thereof, in which such noncompliance has been so found.</p> <p>(d) Other means authorized by law. No action to effect compliance by any other means authorized by law shall be taken until (1) the responsible Department official has determined that compliance cannot be secured by voluntary means, (2) the recipient or other person has been notified of its failure to comply and of the action to be taken to effect compliance, and (3) the expiration of at least 10 days from the mailing of such notice to the recipient or other person. During this period of at least 10 days additional efforts shall be made to persuade the recipient or other person to comply with the regulation and to take such corrective action as may be appropriate.</p> <p>(Authority: Sec. 601, 602, Civil Rights Act of 1964; 78 Stat. 252; 42 U.S.C. 2000d, 2000d-1. <p>(a) Opportunity for hearing. Whenever an opportunity for a hearing is required by §100.8(c), reasonable notice shall be given by registered or certified mail, return receipt requested, to the affected applicant or recipient. This notice shall advise the applicant or recipient of the action proposed to be taken, the specific provision under which the proposed action against it is to be taken, and the matters of fact or law asserted as the basis for this action, and either (1) fix a date not less than 20 days after the date of such notice within which the applicant or recipient may request of the responsible Department official that the matter be scheduled for hearing or (2) advise the applicant or recipient that the matter in question has been set down for hearing at a stated place and time. The time and place so fixed shall be reasonable and shall be subject to change for cause. The complainant, if any, shall be advised of the time and place of the hearing. An applicant or recipient may waive a hearing and submit written information and argument for the record. The failure of an applicant or recipient to request a hearing for which a date has been set shall be deemed to be a waiver of the right to a hearing under section 602 of the Act and §100.8(c) of this regulation and consent to the making of a decision on the basis of such information as may be filed as the record.</p> <p>(b) Time and place of hearing. Hearings shall be held at the offices of the Department in Washington, DC, at a time fixed by the responsible Department official unless he determines that the convenience of the applicant or recipient or of the Department requires that another place be selected. Hearings shall be held before a hearing examiner designated in accordance with 5 U.S.C. 3105 and 3344 (section 11 of the Administrative Procedure Act).</p> <p>(c) Right to counsel. In all proceedings under this section, the applicant or recipient and the Department shall have the right to be represented by counsel.</p> <p>(d) Procedures, evidence, and record. (1) The hearing, decision, and any administrative review thereof shall be conducted in conformity with sections 5-8 of the Administrative Procedure Act, and in accordance with such rules of procedure as are proper (and not inconsistent with this section) relating to the conduct of the hearing, giving of notices subsequent to those provided for in paragraph (a) of this section, taking of testimony, exhibits, arguments and briefs, requests for findings, and other related matters. Both the Department and the applicant or recipient shall be entitled to introduce all relevant evidence on the issues as stated in the notice for hearing or as determined by the officer conducting the hearing at the outset of or during the hearing. Any person (other than a Government employee considered to be on official business) who, having been invited or requested to appear and testify as a witness on the Government's behalf, attends at a time and place scheduled for a hearing provided for by this part, may be reimbursed for his travel and actual expenses of attendance in an amount not to exceed the amount payable under the standardized travel regulations to a Government employee traveling on official business.</p> <p>(2) Technical rules of evidence shall not apply to hearings conducted pursuant to this part, but rules or principles designed to assure production of the most credible evidence available and to subject testimony to test by cross-examination shall be applied where reasonably necessary by the officer conducting the hearing. The hearing officer may exclude irrelevant, immaterial, or unduly repetitious evidence. All documents and other evidence offered or taken for the record shall be open to examination by the parties and opportunity shall be given to refute facts and arguments advanced on either side of the issues. A transcript shall be made of the oral evidence except to the extent the substance thereof is stipulated for the record. Within 20 days after the mailing of an initial or recommended decision, any party may file exceptions to the decision, stating reasons therefor, with the reviewing authority. Any other party may file a response thereto within 30 days after the mailing of the decision. Upon the filing of such exceptions, the reviewing authority shall review the decision and issue its own decision thereon. (a) Where the hearing is conducted by a hearing examiner who makes an initial decision, if no exceptions thereto are filed within the 20-day period specified in §101.103, such decision shall become the final decision of the Department, and shall constitute “final agency action” within the meaning of 5 U.S.C. 704 (formerly section 10(c) of the Administrative Procedure Act), subject to the provisions of §101.106. (b) Where the hearing is conducted by a hearing examiner who makes a recommended decision, or upon the filing of exceptions to a hearing examiner's initial decision, the reviewing authority shall review the recommended or initial decision and shall issue its own decision thereon, which shall become the final decision of the Department, and shall constitute “final agency action” within the meaning of 5 U.S.C. 704 (formerly section 10(c) of the Administrative Procedure Act), subject to the provisions of §101.106. (a) If any party desires to argue a case orally on exceptions or replies to exceptions to an initial or recommended decision, he shall make such request in writing. The reviewing authority may grant or deny such requests in its discretion. If granted, it will serve notice of oral argument on all parties. The notice will set forth the order of presentation, the amount of time allotted, and the time and place for argument. The names of persons who will argue should be filed with the Department hearing clerk not later than 7 days before the date set for oral argument. (b) The purpose of oral argument is to emphasize and clarify the written argument in the briefs. Reading at length from the brief or other texts is not favored. Participants should confine their arguments to points of controlling importance and to points upon which exceptions have been filed. Consolidations of appearances at oral argument by parties taking the same side will permit the parties' interests to be presented more effectively in the time allotted. (c) Pamphlets, charts, and other written material may be presented at oral argument only if such material is limited to facts already in the record and is served on all parties and filed with the Department hearing clerk at least 7 days before the argument. Within 20 days after an initial decision becomes a final decision pursuant to §101.104(a) or within 20 days of the mailing of a final decision referred to in §101.104(b), as the case may be, a party may request the Secretary to review the final decision. The Secretary may grant or deny such request, in whole or in part, or serve notice of his intent to review the decision in whole or in part upon his own motion. If the Secretary grants the requested review, or if he serves notice of intent to review upon his own motion, each party to the decision shall have 20 days following notice of the Secretary's proposed action within which to file exceptions to the decision and supporting briefs and memoranda, or briefs and memoranda in support of the decision. All briefs, exceptions, memoranda, requests, and decisions referred to in this subpart J shall be served upon amici curiae at the same times and in the same manner required for service on parties. Any written statements of position and trial briefs required of parties under §101.71 shall be served on amici.	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §101.107 Service on amici curiae	Federal	Statute	
With respect to any proceeding it is improper for any interested person to attempt to sway the judgement of the reviewing authority by undertaking to bring pressure or influence to bear upon any officer having a responsibility for a decision in the proceeding, or his decisional staff. It is improper that such interested persons or any members of the Department's staff or the presiding officer give statements to communications media, by paid advertisement or otherwise, designed to influence the judgement of any officer having a responsibility for a decision in the proceeding, or his decisional staff. It is improper for any person to solicit communications to any such officer, or his decisional staff, other than proper communications by parties or amici curiae.	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §101.112 Improper conduct	Federal	Statute	
Only persons employed by or assigned to work with the reviewing authority who perform no investigative or prosecuting function in connection with a proceeding shall communicate ex parte with the reviewing authority, or the presiding officer, or any employee or person involved in the decisional process in such proceedings with respect to the merits of that or a factually related proceeding. The reviewing authority, the presiding officer, or any employee or person involved in the decisional process of a proceeding shall communicate ex parte with respect to the merits of that or a factually related proceeding only with persons employed by or assigned to work with them and who perform no investigative or prosecuting function in connection with the proceeding.	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §101.113 Ex parte communications	Federal	Statute	
Requests for expeditious treatment of matters pending before the responsible Department official or the presiding officer are deemed communications on the merits, and are improper except when forwarded from parties to a proceeding and served upon all other parties thereto. Such communications should be in the form of a motion.	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §101.114 Expeditious treatment	Federal	Statute	
A request for information which merely inquires about the status of a proceeding without discussing issues or expressing points of view is not deemed an ex parte communication. Such requests should be directed to the Civil Rights hearing clerk. Communications with respect to minor procedural matters or inquiries or emergency requests for extensions of time are not deemed ex parte communications prohibited by §101.113. Where feasible, however, such communications should be by letter with copies to all parties. Ex parte communications between a respondent and the responsible Department official or the Secretary with respect to securing such respondent's voluntary compliance with any requirement of part 100 of this title are not prohibited.	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §101.115 Matters not prohibited	Federal	Statute	
A prohibited communication in writing received by the Secretary, the reviewing authority, or by the presiding officer, shall be made public by placing it in the correspondence file of the docket in the case and will not be considered as part of the record for decision. If the prohibited communication is received orally a memorandum setting forth its substance shall be made and filed in the correspondence section of the docket in the case. A person referred to in such memorandum may file a comment for inclusion in the docket if he considers the memorandum to be incorrect. (a) Any interested person or organization may file a petition to participate in a proceeding as an amicus curiae. Such petition shall be filed prior to the prehearing conference, or if none is held, before the commencement of the hearing, unless the petitioner shows good cause for filing the petition later. The presiding officer may grant the petition if he finds that the petitioner has a legitimate interest in the proceedings, that such participation will not unduly delay the outcome, and may contribute materially to the proper disposition thereof. An amicus curiae is not a party and may not introduce evidence at a hearing. (b) An amicus curiae may submit a statement of position to the presiding officer prior to the beginning of a hearing, and shall serve a copy on each party. The amicus curiae may submit a brief on each occasion a decision is to be made or a prior decision is subject to review. His brief shall be filed and served on each party within the time limits applicable to the party whose position he deems himself to support; or if he does not deem himself to support the position of any party, within the longest time limit applicable to any party at that particular stage of the proceedings. (c) When all parties have completed their initial examination of a witness, any amicus curiae may request the presiding officer to propound specific questions to the witness. The presiding officer, in his discretion, may grant any such request if he believes the proposed additional testimony may assist materially in elucidating factual matters at issue between the parties and will not expand the issues. All notices by a Department official, and all written motions, requests, petitions, memoranda, pleadings, exceptions, briefs, decisions, and correspondence to a Department official from a party, or vice versa, relating to a proceeding after its commencement shall be filed and served on all parties. Parties shall supply the original and two copies of documents submitted for filing. Filings shall be made with the Civil Rights hearing clerk at the address stated in the notice of hearing or notice of opportunity for hearing, during regular business hours. Regular business hours are every Monday through Friday (legal holidays in the District of Columbia excepted) from 9 a.m. to 5:30 p.m., eastern standard or daylight saving time, whichever is effective in the District of Columbia at the time. Originals only on exhibits and transcripts of testimony need be filed. For requirements of service on amici curiae, see §101.107. Requests for extension of time should be served on all parties and should set forth the reasons for the application. Applications may be granted upon a showing of good cause by the applicant. From the designation of a presiding officer until the issuance of his decision such requests should be addressed to him. Answers to such requests are permitted, if made promptly.	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §101.42 Extension of time or postponement	Federal	Statute	
For good cause, the reviewing authority or the presiding officer, with respect to matters pending before them, may reduce any time limit prescribed by the rules in this part, except as provided by law or in part 100 of this chapter. [45 FR 30931, May 9, 1980, as amended at 79 FR 76095, Dec. 19, 2014]	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §101.43 Reduction of time to file documents	Federal	Statute	
The respondent, applicant or recipient may file an answer to the notice within 20 days after service thereof. Answers shall admit or deny specifically and in detail each allegation of the notice, unless the respondent party is without knowledge, in which case his answer should so state, and the statement will be deemed a denial. Allegations of fact in the notice not denied or controverted by answer shall be deemed admitted. Matters alleged as affirmative defenses shall be separately stated and numbered. Failure of the respondent to file an answer within the 20-day period following service of the notice may be deemed an admission of all matters of fact recited in the notice.	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §101.52 Answer to notice	Federal	Statute	
The Assistant Secretary for Civil Rights may amend the notice of hearing or opportunity for hearing once as a matter of course before an answer thereto is served, and each respondent may amend his answer once as a matter of course not later than 10 days before the date fixed for hearing but in no event later than 20 days from the date of service of his original answer. Otherwise a notice or answer may be amended only by leave of the presiding officer. A respondent shall file his answer to an amended notice within the time remaining for filing the answer to the original notice or within 10 days after service of the amended notice, whichever period may be the longer, unless the presiding officer otherwise orders.	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §101.53 Amendment of notice or answer	Federal	Statute	
Within 20 days after service of a notice of opportunity for hearing which does not fix a date for hearing the respondent, either in his answer or in a separate document, may request a hearing. Failure of the respondent to request a hearing shall be deemed a waiver of the right to a hearing and to constitute his consent to the making of a decision on the basis of such information as is available. Motions and petitions shall state the relief sought, the authority relied upon, and the facts alleged. If made before or after the hearing, these matters shall be in writing. If made at the hearing, they may be stated orally; but the presiding officer may require that they be reduced to writing and filed and served on all parties in the same manner as a formal motion. Motions, answers, and replies shall be addressed to the presiding officer, if the case is pending before him. A repetitious motion will not be entertained.	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §101.56 Motions	Federal	Statute	
Within 8 days after a written motion or petition is served, or such other period as the reviewing authority or the presiding officer may fix, any party may file a response thereto. An immediate oral response may be made to an oral motion.	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §101.57 Responses to motions and petitions	Federal	Statute	
The reviewing authority or the presiding officer may not sustain or grant a written motion or petition prior to expiration of the time for filing responses thereto, but may overrule or deny such motion or petition without awaiting response: Provided, however, That prehearing conferences, hearings and decisions need not be delayed pending disposition of motions or petitions. Oral motions and petitions may be ruled on immediately. Motions and petitions submitted to the reviewing authority or the presiding officer, respectively, and not disposed of in separate rulings or in their respective decisions will be deemed denied. Oral arguments shall not be held or written motions or petitions unless the presiding officer in his discretion expressly so orders. <p>The presiding officer shall have the duty to conduct a fair hearing, to take all necessary action to avoid delay, and to maintain order. He shall have all powers necessary to these ends, including (but not limited to) the power to:</p> <p>(a) Arrange and issue notice of the date, time, and place of hearings, or, upon due notice to the parties, to change the date, time, and place of hearings previously set.</p> <p>(b) Hold conferences to settle, simplify, or fix the issues in a proceeding, or to consider other matters that may aid in the expeditious disposition of the proceeding.</p> <p>(c) Require parties and amici curiae to state their position with respect to the various issues in the proceeding.</p> <p>(d) Administer oaths and affirmations.</p> <p>(e) Rule on motions, and other procedural items on matters pending before him.</p> <p>(f) Regulate the course of the hearing and conduct of counsel therein.</p> <p>(g) Examine witnesses and direct witnesses to testify.</p> <p>(h) Receive, rule on, exclude or limit evidence.</p> <p>(i) Fix the time for filing motions, petitions, briefs, or other items in matters pending before him.</p> <p>(j) Issue initial or recommended decisions.</p> <p>(k) Take any action authorized by the rules in this part or in conformance with the provisions of 5 U.S.C. 551-559 (the Administrative Procedure Act).</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §101.63 Authority of presiding officer	Federal	Statute	
<p>(a) The hearing is directed to receiving factual evidence and expert opinion testimony related to the issues in the proceeding. Argument will not be received in evidence; rather it should be presented in statements, memoranda, or briefs, as determined by the presiding officer. Brief opening statements, which shall be limited to statement of the party's position and what he intends to prove, may be made at hearings.</p> <p>(b) Hearings for the reception of evidence will be held only in cases where issues of fact must be resolved in order to determine whether the respondent has failed to comply with one or more applicable requirements of part 100 of this title. In any case where it appears from the respondent's answer to the notice of hearing or opportunity for hearing, from his failure timely to answer, or from his admissions or stipulations in the record, that there are no matters of material fact in dispute, the reviewing authority or presiding officer may enter an order so finding, vacating the hearing date if one has been set, and fixing the time for filing briefs under §101.101. Thereafter the proceedings shall go to conclusion in accordance with subpart J of this part. The presiding officer may allow an appeal from such order in accordance with §101.86.</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §101.72 Evidentiary purpose	Federal	Statute	
Testimony shall be given orally under oath or affirmation by witnesses at the hearing; but the presiding officer, in his discretion, may require or permit that the direct testimony of any witness be prepared in writing and served on all parties in advance of the hearing. Such testimony may be adopted by the witness at the hearing, and filed as part of the record thereof. Unless authorized by the presiding officer, witnesses will not be permitted to read prepared testimony into the record. Except as provided in §§101.75 and 101.76, witnesses shall be available at the hearing for cross-examination. Proposed exhibits shall be exchanged at the prehearing conference, or otherwise prior to the hearing if the presiding officer so requires. Proposed exhibits not so exchanged may be denied admission as evidence. The authenticity of all proposed exhibits exchanged prior to hearing will be deemed admitted unless written objection thereto is filed prior to the hearing or unless good cause is shown at the hearing for failure to file such written objection.	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §101.74 Exhibits	Federal	Statute	
An affidavit is; not inadmissible as such. Unless the presiding officer fixes other time periods affidavits shall be filed and served on the parties not later than 15 days prior to the hearing; and not less than 7 days prior to hearing a party may file and serve written objection to any affidavit on the ground that he believes it necessary to test the truth of assertions therein at hearing. In such event the assertions objected to will not be received in evidence unless the affiant is made available for cross-examination, or the presiding officer determines that cross-examination is not necessary for the full and true disclosure of facts referred to in such assertions. Notwithstanding any objection, however, affidavits may be considered in the case of any respondent who waives a hearing. <p>(a) Accessibility. A recipient shall operate its program or activity so that when each part is viewed in its entirety, it is readily accessible to handicapped persons. This paragraph does not require a recipient to make each of its existing facilities or every part of a facility accessible to and usable by handicapped persons.</p> <p>(b) Methods. A recipient may comply with the requirements of paragraph (a) of this section through such means as redesign of equipment, reassignment of classes or other services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of health, welfare, or other social services at alternate accessible sites, alteration of existing facilities and construction of new facilities in conformance with the requirements of §104.23, or any other methods that result in making its program or activity accessible to handicapped persons. A recipient is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with paragraph (a) of this section. In choosing among available methods for meeting the requirement of paragraph (a) of this section, a recipient shall give priority to those methods that serve handicapped persons in the most integrated setting appropriate.</p> <p>(c) Small health, welfare, or other social service providers. If a recipient with fewer than fifteen employees that provides health, welfare, or other social services finds, after consultation with a handicapped person seeking its services, that there is no method of complying with paragraph (a) of this section other than making a significant alteration in its existing facilities, the recipient may, as an alternative, refer the handicapped person to other providers of those services that are accessible.</p> <p>(d) Time period. A recipient shall comply with the requirement of paragraph (a) of this section within sixty days of the effective date of this part except that where structural changes in facilities are necessary, such changes shall be made within three years of the effective date of this part, but in any event as expeditiously as possible.</p> <p>(e) Transition plan. In the event that structural changes to facilities are necessary to meet the requirement of paragraph (a) of this section, a recipient shall develop, within six months of the effective date of this part, a transition plan setting forth the steps necessary to complete such changes. The plan shall be developed with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons. A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum:</p> <p>(1) Identify physical obstacles in the recipient's facilities that limit the accessibility of its program or activity to handicapped persons;</p> <p>(2) Describe in detail the methods that will be used to make the facilities accessible;</p> <p>(3) Specify the schedule for taking the steps necessary to achieve full accessibility in order to comply with paragraph (a) of this section and, if the time period of the transition plan is longer than one year, identify the steps of that will be taken during each year of the transition period; and</p>	Requires a service	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §104.22 Existing facilities	Federal	Statute	
<p>(a) Design and construction. Each facility or part of a facility constructed by, on behalf of, or for the use of a recipient shall be designed and constructed in such manner that the facility or part of the facility is readily accessible to and usable by handicapped persons, if the construction was commenced after the effective date of this part.</p> <p>(b) Alteration. Each facility or part of a facility which is altered by, on behalf of, or for the use of a recipient after the effective date of this part in a manner that affects or could affect the usability of the facility or part of the facility shall, to the maximum extent feasible, be altered in such manner that the altered portion of the facility is readily accessible to and usable by handicapped persons.</p> <p>(c) Conformance with Uniform Federal Accessibility Standards. (1) Effective as of January 18, 1991, design, construction, or alteration of buildings in conformance with sections 3-8 of the Uniform Federal Accessibility Standards (UFAS) (Appendix A to 41 CFR subpart 101-19.6) shall be deemed to comply with the requirements of this section with respect to those buildings. Departures from particular technical and scoping requirements of UFAS by the use of other methods are permitted where substantially equivalent or greater access to and usability of the building is provided.</p> <p>(2) For purposes of this section, section 4.1.6(1)(g) of UFAS shall be interpreted to exempt from the requirements of UFAS only mechanical rooms and other spaces that, because of their intended use, will not require accessibility to the public or beneficiaries or result in the employment or residence therein of persons with physical handicaps.</p> <p>(3) This section does not require recipients to make building alterations that have little likelihood of being accomplished without removing or altering a load-bearing structural member.</p> <p>[45 FR 30936, May 9, 1980; 45 FR 37426, June 3, 1980, as amended at 55 FR 52138, 52141, Dec. 19, 1990]</p>	Requires a service	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §104.23 New construction	Federal	Statute	Design and construct facilities to be handicapped accessible

<p>(a) General. A recipient that operates a public elementary or secondary education program or activity shall provide a free appropriate public education to each qualified handicapped person who is in the recipient's jurisdiction, regardless of the nature or severity of the person's handicap.</p> <p>(b) Appropriate education. (1) For the purpose of this subpart, the provision of an appropriate education is the provision of regular or special education and related aids and services that (i) are designed to meet individual educational needs of handicapped persons as adequately as the needs of nonhandicapped persons are met and (ii) are based upon adherence to procedures that satisfy the requirements of §§104.34, 104.35, and 104.36.</p> <p>(2) Implementation of an Individualized Education Program developed in accordance with the Education of the Handicapped Act is one means of meeting the standard established in paragraph (b)(1)(i) of this section.</p> <p>(3) A recipient may place a handicapped person or refer such a person for aid, benefits, or services other than those that it operates or provides as its means of carrying out the requirements of this subpart. If so, the recipient remains responsible for ensuring that the requirements of this subpart are met with respect to any handicapped person so placed or referred.</p> <p>(c) Free education—(1) General. For the purpose of this section, the provision of a free education is the provision of educational and related services without cost to the handicapped person or to his or her parents or guardian, except for those fees that are imposed on non-handicapped persons or their parents or guardian. It may consist either of the provision of free services or, if a recipient places a handicapped person or refers such person for aid, benefits, or services not operated or provided by the recipient as its means of carrying out the requirements of this subpart, of payment for the costs of the aid, benefits, or services. Funds available from any public or private agency may be used to meet the requirements of this subpart. Nothing in this section shall be construed to relieve an insurer or similar third party from an otherwise valid obligation to provide or pay for services provided to a handicapped person.</p> <p>(2) Transportation. If a recipient places a handicapped person or refers such person for aid, benefits, or services not operated or provided by the recipient as its means of carrying out the requirements of this subpart, the recipient shall ensure that adequate transportation to and from the aid, benefits, or services is provided at no greater cost than would be incurred by the person or his or her parents or guardian if the person were placed in the aid, benefits, or services operated by the recipient.</p> <p>(3) Residential placement. If a public or private residential placement is necessary to provide a free appropriate public education to a handicapped person because of his or her handicap, the placement, including non-medical care and room and board, shall be provided at no cost to the person or his or her parents or guardian.</p> <p>(4) Placement of handicapped persons in private facilities. If a recipient places a handicapped person in a private facility, the recipient shall ensure that the education of the person in the private facility is comparable to the education of the person in the regular educational environment pursuant to this paragraph, it shall take into account the proximity of the alternate setting to the person's home.</p>	Requires a service	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §104.33 Free appropriate public education	Federal	Statute	
<p>(a) Academic setting. A recipient to which this subpart applies shall educate, or shall provide for the education of, each qualified handicapped person in its jurisdiction with persons who are not handicapped to the maximum extent appropriate to the needs of the handicapped person. A recipient shall place a handicapped person in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. Whenever a recipient places a person in a setting other than the regular educational environment pursuant to this paragraph, it shall take into account the proximity of the alternate setting to the person's home.</p> <p>(b) Nonacademic settings. In providing or arranging for the provision of nonacademic and extracurricular services and activities, including meals, recess periods, and the services and activities set forth in §104.37(a)(2), a recipient shall ensure that handicapped persons participate with nonhandicapped persons in such activities and services to the maximum extent appropriate to the needs of the handicapped person in question.</p> <p>(c) Comparable facilities. If a recipient, in compliance with paragraph (a) of this section, operates a facility that is identifiable as being for handicapped persons, the recipient shall ensure that the facility and the services and activities provided therein are comparable to the other facilities, services, and activities of the recipient.</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §104.34 Educational setting	Federal	Statute	Implentation of IEPs and providing FAPE to all handicapped persons

<p>(a) Preplacement evaluation. A recipient that operates a public elementary or secondary education program or activity shall conduct an evaluation in accordance with the requirements of paragraph (b) of this section of any person who, because of handicap, needs or is belived to need special education or related services before taking any action with respect to the initial placement of the person in regular or special education and any subsequent significant change in placement.</p> <p>(b) Evaluation procedures. A recipient to which this subpart applies shall establish standards and procedures for the evaluation and placement of persons who, because of handicap, need or are believed to need special education or related services which ensure that:</p> <p>(1) Tests and other evaluation materials have been validated for the specific purpose for which they are used and are administered by trained personnel in conformance with the instructions provided by their producer;</p> <p>(2) Tests and other evaluation materials include those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and</p> <p>(3) Tests are selected and administered so as best to ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever other factor the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure).</p> <p>(c) Placement procedures. In interpreting evaluation data and in making placement decisions, a recipient shall (1) draw upon information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical condition, social or cultural background, and adaptive behavior, (2) establish procedures to ensure that information obtained from all such sources is documented and carefully considered, (3) ensure that the placement decision is made by a group of persons, including persons knowledgeable about the child, the meaning of the evaluation data, and the placement options, and (4) ensure that the placement decision is made in conformity with §104.34.</p> <p>(d) Reevaluation. A recipient to which this section applies shall establish procedures, in accordance with paragraph (b) of this section, for periodic reevaluation of students who have been provided special education and related services. A reevaluation procedure consistent with the Education for the Handicapped Act is one means of meeting this requirement.</p> <p>[45 FR 30936, May 9, 1980, as amended at 65 FR 68055, Nov. 13, 2000]</p>	Requires a service	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §104.35 Evaluation and placement	Federal	Statute	
<p>A recipient that operates a public elementary or secondary education program or activity shall establish and implement, with respect to actions regarding the identification, evaluation, or educational placement of persons who, because of handicap, need or are believed to need special instruction or related services, a system of procedural safeguards that includes notice, an opportunity for the parents or guardian of the person to examine relevant records, an impartial hearing with opportunity for participation by the person's parents or guardian and representation by counsel, and a review procedure. <p>(a) General. (1) A recipient to which this subpart applies shall provide non-academic and extracurricular services and activities in such manner as is necessary to afford handicapped students an equal opportunity for participation in such services and activities.</p> <p>(2) Nonacademic and extracurricular services and activities may include counseling services, physical recreational athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the recipients, referrals to agencies which provide assistance to handicapped persons, and employment of students, including both employment by the recipient and assistance in making available outside employment.</p> <p>(b) Counseling services. A recipient to which this subpart applies that provides personal, academic, or vocational counseling, guidance, or placement services to its students shall provide these services without discrimination on the basis of handicap. The recipient shall ensure that qualified handicapped students are not counseled toward more restrictive career objectives than are nonhandicapped students with similar interests and abilities.</p> <p>(c) Physical education and athletics. (1) In providing physical education courses and athletics and similar aid, benefits, or services to any of its students, a recipient to which this subpart applies may not discriminate on the basis of handicap. A recipient that offers physical education courses or that operates or sponsors interscholastic, club, or intramural athletics shall provide to qualified handicapped students an equal opportunity for participation.</p> <p>(2) A recipient may offer to handicapped students physical education and athletic activities that are separate or different from those offered to nonhandicapped students only if separation or differentiation is consistent with the requirements of §104.34 and only if no qualified handicapped student is denied the opportunity to compete for teams or to participate in courses that are not separate or different.</p> <p>[45 FR 30936, May 9, 1980, as amended at 65 FR 68055, Nov. 13, 2000]</p>	Requires a service	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §104.37 Nonacademic services	Federal	Statute

<p>(a) Academic requirements. A recipient to which this subpart applies shall make such modifications to its academic requirements as are necessary to ensure that such requirements do not discriminate or have the effect of discriminating, on the basis of handicap, against a qualified handicapped applicant or student. Academic requirements that the recipient can demonstrate are essential to the instruction being pursued by such student or to any directly related licensing requirement will not be regarded as discriminatory within the meaning of this section. Modifications may include changes in the length of time permitted for the completion of degree requirements, substitution of specific courses required for the completion of degree requirements, and adaptation of the manner in which specific courses are conducted.</p> <p>(b) Other rules. A recipient to which this subpart applies may not impose upon handicapped students other rules, such as the prohibition of tape recorders in classrooms or of dog guides in campus buildings, that have the effect of limiting the participation of handicapped students in the recipient's education program or activity.</p> <p>(c) Course examinations. In its course examinations or other procedures for evaluating students' academic achievement, a recipient to which this subpart applies shall provide such methods for evaluating the achievement of students who have a handicap that impairs sensory, manual, or speaking skills as will best ensure that the results of the evaluation represents the student's achievement in the course, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where such skills are the factors that the test purports to measure).</p> <p>(d) Auxiliary aids. <p>(a) Physical education and athletics. (1) In providing physical education courses and athletics and similar aid, benefits, or services to any of its students, a recipient to which this subpart applies may not discriminate on the basis of handicap. A recipient that offers physical education courses or that operates or sponsors intercollegiate, club, or intramural athletics shall provide to qualified handicapped students an equal opportunity for participation in these activities.</p> <p>(2) A recipient may offer to handicapped students physical education and athletic activities that are separate or different only if separation or differentiation is consistent with the requirements of §104.43(d) and only if no qualified handicapped student is denied the opportunity to compete for teams or to participate in courses that are not separate or different.</p> <p>(b) Counseling and placement services. A recipient to which this subpart applies that provides personal, academic, or vocational counseling, guidance, or placement services to its students shall provide these services without discrimination on the basis of handicap. The recipient shall ensure that qualified handicapped students are not counseled toward more restrictive career objectives than are nonhandicapped students with similar interests and abilities. This requirement does not preclude a recipient from providing factual information about licensing and certification requirements that may present obstacles to handicapped persons in their pursuit of particular careers.</p> <p>(c) Social organizations. A recipient that provides significant assistance to fraternities, sororities, or similar organizations shall assure itself that the membership practices of such organizations do not permit discrimination otherwise prohibited by this subpart.</p> <p>[45 FR 30936, May 9, 1980, as amended at 65 FR 68055, Nov. 13, 2000]</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §104.47 Nonacademic services	Federal	Statute

<p>(a) Assurances. An applicant for Federal financial assistance to which this part applies shall submit an assurance, on a form specified by the Assistant Secretary, that the program or activity will be operated in compliance with this part. An applicant may incorporate these assurances by reference in subsequent applications to the Department.</p> <p>(b) Duration of obligation. (1) In the case of Federal financial assistance extended in the form of real property or to provide real property or structures on the property, the assurance will obligate the recipient or, in the case of a subsequent transfer, the transferee, for the period during which the real property or structures are used for the purpose for which Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.</p> <p>(2) In the case of Federal financial assistance extended to provide personal property, the assurance will obligate the recipient for the period during which it retains ownership or possession of the property.</p> <p>(3) In all other cases the assurance will obligate the recipient for the period during which Federal financial assistance is extended.</p> <p>(c) Covenants. (1) Where Federal financial assistance is provided in the form of real property or interest in the property from the Department, the instrument effecting or recording this transfer shall contain a covenant running with the land to assure nondiscrimination for the period during which the real property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.</p> <p>(2) Where no transfer of property is involved but property is purchased or improved with Federal financial assistance, the recipient shall agree to include the covenant described in paragraph (b)(2) of this section in the instrument effecting or recording any subsequent transfer of the property.</p> <p>(3) Where Federal financial assistance is provided in the form of real property or interest in the property from the Department, the covenant shall also include a condition coupled with a right to be reserved by the Department to revert title to the property in the event of a breach of the covenant. If a transferee of real property proposes to mortgage or otherwise encumber the real property as security for financing construction of new, or improvement of existing, facilities on the property for the purposes for which the property was transferred, the Assistant Secretary may, upon request of the transferee and if necessary to accomplish such financing and upon such conditions as he or she deems appropriate, agree to forbear the exercise of such right to revert title for so long as the lien of such mortgage or other encumbrance remains effective.</p> <p>[45 FR 30936, May 9, 1980, as amended at 65 FR 68054, Nov. 13, 2000]</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §104.5 Assurances required	Federal	Statute	
<p>(a) General. In providing health, welfare, or other social services or benefits, a recipient may not, on the basis of handicap:</p> <p>(1) Deny a qualified handicapped person these benefits or services;</p> <p>(2) Afford a qualified handicapped person an opportunity to receive benefits or services that is not equal to that offered nonhandicapped persons;</p> <p>(3) Provide a qualified handicapped person with benefits or services that are not as effective (as defined in §104.4(b)) as the benefits or services provided to others;</p> <p>(4) Provide benefits or services in a manner that limits or has the effect of limiting the participation of qualified handicapped persons; or</p> <p>(5) Provide different or separate benefits or services to handicapped persons except where necessary to provide qualified handicapped persons with benefits and services that are as effective as those provided to others.</p> <p>(b) Notice. A recipient that provides notice concerning benefits or services or written material concerning waivers of rights or consent to treatment shall take such steps as are necessary to ensure that qualified handicapped persons, including those with impaired sensory or speaking skills, are not denied effective notice because of their handicap.</p> <p>(c) Emergency treatment for the hearing impaired. A recipient hospital that provides health services or benefits shall establish a procedure for effective communication with persons with impaired hearing for the purpose of providing emergency health care.</p> <p>(d) Auxiliary aids. (1) A recipient to which this subpart applies that employs fifteen or more persons shall provide appropriate auxiliary aids to persons with impaired sensory, manual, or speaking skills, where necessary to afford such persons an equal opportunity to benefit from the service in question.</p> <p>(2) The Assistant Secretary may require recipients with fewer than fifteen employees to provide auxiliary aids where the provision of aids would not significantly impair the ability of the recipient to provide its benefits or services.</p> <p>(3) For the purpose of this paragraph, auxiliary aids may include brailled and taped material, interpreters, and other aids for persons with impaired hearing or vision.</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §104.52 Health, welfare, and other social services	Federal	Statute

(a) Remedial action. (1) If the Assistant Secretary finds that a recipient has discriminated against persons on the basis of handicap in violation of section 504 or this part, the recipient shall take such remedial action as the Assistant Secretary deems necessary to overcome the effects of the discrimination. (2) Where a recipient is found to have discriminated against persons on the basis of handicap in violation of section 504 or this part and where another recipient exercises control over the recipient that has discriminated, the Assistant Secretary, where appropriate, may require either or both recipients to take remedial action. (3) The Assistant Secretary may, where necessary to overcome the effects of discrimination in violation of section 504 or this part, require a recipient to take remedial action (i) with respect to handicapped persons who are no longer participants in the recipient's program or activity but who were participants in the program or activity when such discrimination occurred or (ii) with respect to handicapped persons who would have been participants in the program or activity had the discrimination not occurred. (b) Voluntary action. A recipient may take steps, in addition to any action that is required by this part, to overcome the effects of conditions that resulted in limited participation in the recipient's program or activity by qualified handicapped persons. (c) Self-evaluation. (1) A recipient shall, within one year of the effective date of this part: (i) Evaluate, with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons, its current policies and practices and the effects thereof that do not or may not meet the requirements of this part; (ii) Modify, after consultation with interested persons, including handicapped persons or organizations representing handicapped persons, any policies and practices that do not meet the requirements of this part; and (iii) Take, after consultation with interested persons, including handicapped persons or organizations representing handicapped persons, appropriate remedial steps to eliminate the effects of any discrimination that resulted from adherence to these policies and practices. (2) A recipient that employs fifteen or more persons shall, for at least three years following completion of the evaluation required under paragraph (c)(1) of this section, maintain on file, make available for public inspection, and provide to the Assistant Secretary upon request: (i) A list of the interested persons consulted,	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §104.6 Remedial action, voluntary action, and self-evaluation	Federal	Statute

Except as otherwise provided in §105.32, no qualified individual with handicaps shall, because the Department's facilities are inaccessible to or unusable by individuals with handicaps, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the Department.	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §105.31 Program accessibility: Discrimination prohibited	Federal	Statute	
(a) General. The Department shall operate each program or activity so that the program or activity, viewed in its entirety, is readily accessible to and usable by individuals with handicaps. This paragraph does not— (1) Necessarily require the Department to make each of its existing facilities accessible to and usable by individuals with handicaps; (2) In the case of historic preservation programs, require the Department to take any action that would result in a substantial impairment of significant historic features of an historic property; or (3)(i) Require the Department to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. (ii) The Department has the burden of proving that compliance with §105.32(a) would result in that alteration or those burdens. (iii) The decision that compliance would result in that alteration or those burdens must be made by the Secretary after considering all of the Department's resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. (iv) If an action would result in that alteration or those burdens, the Department shall take any other action that would not result in the alteration or burdens but would nevertheless ensure that individuals with handicaps receive the benefits and services of the program or activity. (b) Methods—(1) General. (i) The Department may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignments of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by individuals with handicaps. (ii) The Department is not required to make structural changes in existing facilities if other methods are effective in achieving compliance with this section. (iii) The Department, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157), and any regulations implementing that Act. <p>(a) Admissions to educational institutions prior to June 24, 1973, are not covered by this part.</p> <p>(b) Administratively separate units. For the purposes only of this section, §§106.16 and 106.17, and subpart C, each administratively separate unit shall be deemed to be an educational institution.</p> <p>(c) Application of subpart C. Except as provided in paragraphs (d) and (e) of this section, subpart C applies to each recipient. A recipient to which subpart C applies shall not discriminate on the basis of sex in admission or recruitment in violation of that subpart.</p> <p>(d) Educational institutions. Except as provided in paragraph (e) of this section as to recipients which are educational institutions, subpart C applies only to institutions of vocational education, professional education, graduate higher education, and public institutions of undergraduate higher education.</p> <p>(e) Public institutions of undergraduate higher education. Subpart C does not apply to any public institution of undergraduate higher education which traditionally and continually from its establishment has had a policy of admitting only students of one sex.</p> <p>(Authority: Secs. 901, 902, Education Amendments of 1972, 86 Stat. 373, 374; 20 U.S.C. 1681, 1682)</p> <p>[45 FR 30955, May 9, 1980, as amended at 45 FR 86298, Dec. 30, 1980]</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §106.15 Admissions	Federal	Statute	
<p>(a) Application. This section applies to each educational institution to which subpart C applies which:</p> <p>(1) Admitted only students of one sex as regular students as of June 23, 1972; or</p> <p>(2) Admitted only students of one sex as regular students as of June 23, 1965, but thereafter admitted as regular students, students of the sex not admitted prior to June 23, 1965.</p> <p>(b) Provision for transition plans. An educational institution to which this section applies shall not discriminate on the basis of sex in admission or recruitment in violation of subpart C unless it is carrying out a transition plan approved by the Secretary as described in §106.17, which plan provides for the elimination of such discrimination by the earliest practicable date but in no event later than June 23, 1979.</p> <p>(Authority: Secs. 901, 902, Education Amendments of 1972, 86 Stat. 373, 374; 20 U.S.C. 1681, 1682)</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §106.16 Educational institutions eligible to submit transition plans	Federal	Statute	
<p>(a) Submission of plans. An institution to which §106.16 applies and which is composed of more than one administratively separate unit may submit either a single transition plan applicable to all such units, or a separate transition plan applicable to each such unit.</p> <p>(b) Content of plans. In order to be approved by the Secretary a transition plan shall:</p> <p>(1) State the name, address, and Federal Interagency Committee on Education (FICE) Code of the educational institution submitting such plan, the administratively separate units to which the plan is applicable, and the name, address, and telephone number of the person to whom questions concerning the plan may be addressed. The person who submits the plan shall be the chief administrator or president of the institution, or another individual legally authorized to bind the institution to all actions set forth in the plan.</p> <p>(2) State whether the educational institution or administratively separate unit admits students of both sexes, as regular students and, if so, when it began to do so.</p> <p>(3) Identify and describe with respect to the educational institution or administratively separate unit any obstacles to admitting students without discrimination on the basis of sex.</p> <p>(4) Describe in detail the steps necessary to eliminate as soon as practicable each obstacle so identified and indicate the schedule for taking these steps and the individual directly responsible for their implementation.</p> <p>(5) Include estimates of the number of students, by sex, expected to apply for, be admitted to, and enter each class during the period covered by the plan.</p> <p>(c) Nondiscrimination. No policy or practice of a recipient to which §106.16 applies shall result in treatment of applicants to or students of such recipient in violation of subpart C unless such treatment is necessitated by an obstacle identified in paragraph (b) (3) of this section and a schedule for eliminating that obstacle has been provided as required by paragraph (b) (4) of this section.</p> <p>(d) Effects of past exclusion. To overcome the effects of past exclusion of students on the basis of sex, each educational institution to which §106.16 applies shall include in its transition plan, and shall implement, specific steps designed to encourage individuals of the previously excluded sex to apply for admission to such institution. Such steps shall include instituting recruitment which emphasizes the institution's commitment to enrolling students of the sex previously excluded.</p> <p>(Authority: Secs. 901, 902, Education Amendments of 1972, 86 Stat. 373, 374; 20 U.S.C. 1681, 1682)</p> <p>[45 FR 30955, May 9, 1980, as amended at 45 FR 60956, Nov. 13, 1980]</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §106.17 Transition plans	Federal	Statute

<p>(a) General standard. Except as provided for in this section or otherwise in this part, a recipient shall not provide or otherwise carry out any of its education programs or activities separately on the basis of sex, or require or refuse participation therein by any of its students on the basis of sex.</p> <p>(1) Contact sports in physical education classes. This section does not prohibit separation of students by sex within physical education classes or activities during participation in wrestling, boxing, rugby, ice hockey, football, basketball, and other sports the purpose or major activity of which involves bodily contact.</p> <p>(2) Ability grouping in physical education classes. This section does not prohibit grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to sex.</p> <p>(3) Human sexuality classes. Classes or portions of classes in elementary and secondary schools that deal primarily with human sexuality may be conducted in separate sessions for boys and girls.</p> <p>(4) Choruses. Recipients may make requirements based on vocal range or quality that may result in a chorus or choruses of one or predominantly one sex.</p> <p>(b) Classes and extracurricular activities—(1) General standard. Subject to the requirements in this paragraph, a recipient that operates a nonvocational coeducational elementary or secondary school may provide nonvocational single-sex classes or extracurricular activities, if—</p> <p>(i) Each single-sex class or extracurricular activity is based on the recipient's important objective—</p> <p>(A) To improve educational achievement of its students, through a recipient's overall established policy to provide diverse educational opportunities, provided that the single-sex nature of the class or extracurricular activity is substantially related to achieving that objective; or</p> <p>(B) To meet the particular, identified educational needs of its students, provided that the single-sex nature of the class or extracurricular activity is substantially related to achieving that objective;</p> <p>(ii) The recipient implements its objective in an evenhanded manner;</p> <p>(iii) Student enrollment in a single-sex class or extracurricular activity is completely voluntary; and</p>	Requires a service	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §106.34 Access to classes and schools	Federal	Statute

<p>(a) Counseling. A recipient shall not discriminate against any person on the basis of sex in the counseling or guidance of students or applicants for admission.</p> <p>(b) Use of appraisal and counseling materials. A recipient which uses testing or other materials for appraising or counseling students shall not use different materials for students on the basis of their sex or use materials which permit or require different treatment of students on such basis unless such different materials cover the same occupations and interest areas and the use of such different materials is shown to be essential to eliminate sex bias. Recipients shall develop and use internal procedures for ensuring that such materials do not discriminate on the basis of sex. Where the use of a counseling test or other instrument results in a substantially disproportionate number of members of one sex in any particular course of study or classification, the recipient shall take such action as is necessary to assure itself that such disproportion is not the result of discrimination in the instrument or its application.</p> <p>(c) Disproportion in classes. Where a recipient finds that a particular class contains a substantially disproportionate number of individuals of one sex, the recipient shall take such action as is necessary to assure itself that such disproportion is not the result of discrimination on the basis of sex in counseling or appraisal materials or by counselors.</p> <p>(Authority: Secs. 901, 902, Education Amendments of 1972, 86 Stat. 373, 374; 20 U.S.C. 1681, 1682)</p>	Requires a service	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §106.36 Counseling and use of appraisal and counseling materials	Federal	Statute

<p>(a) General. Every application for Federal financial assistance shall as condition of its approval contain or be accompanied by an assurance from the applicant or recipient, satisfactory to the Assistant Secretary, that the education program or activity operated by the applicant or recipient and to which this part applies will be operated in compliance with this part. An assurance of compliance with this part shall not be satisfactory to the Assistant Secretary if the applicant or recipient to whom such assurance applies fails to commit itself to take whatever remedial action is necessary in accordance with §106.3(a) to eliminate existing discrimination on the basis of sex or to eliminate the effects of past discrimination whether occurring prior or subsequent to the submission to the Assistant Secretary of such assurance.</p> <p>(b) Duration of obligation. <p>(a) General. No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, be treated differently from another person or otherwise be discriminated against in any interscholastic, intercollegiate, club or intramural athletics offered by a recipient, and no recipient shall provide any such athletics separately on such basis.</p> <p>(b) Separate teams. Notwithstanding the requirements of paragraph (a) of this section, a recipient may operate or sponsor separate teams for members of each sex where selection for such teams is based upon competitive skill or the activity involved is a contact sport. However, where a recipient operates or sponsors a team in a particular sport for members of one sex but operates or sponsors no such team for members of the other sex, and athletic opportunities for members of that sex have previously been limited, members of the excluded sex must be allowed to try-out for the team offered unless the sport involved is a contact sport. For the purposes of this part, contact sports include boxing, wrestling, rugby, ice hockey, football, basketball and other sports the purpose or major activity of which involves bodily contact.</p> <p>(c) Equal opportunity. A recipient which operates or sponsors interscholastic, intercollegiate, club or intramural athletics shall provide equal athletic opportunity for members of both sexes. In determining whether equal opportunities are available the Director will consider, among other factors:</p> <p>(1) Whether the selection of sports and levels of competition effectively accommodate the interests and abilities of members of both sexes;</p> <p>(2) The provision of equipment and supplies;</p> <p>(3) Scheduling of games and practice time;</p> <p>(4) Travel and per diem allowance;</p> <p>(5) Opportunity to receive coaching and academic tutoring;</p> <p>(6) Assignment and compensation of coaches and tutors;</p> <p>(7) Provision of locker rooms, practice and competitive facilities;</p> <p>(8) Provision of medical and training facilities and services;</p> <p>(9) Provision of housing and dining facilities and services.</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §106.41 Athletics	Federal	Statute

<p>(a) General. (1) No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination in employment, or recruitment, consideration, or selection therefor, whether full-time or part-time, under any education program or activity operated by a recipient which receives Federal financial assistance.</p> <p>(2) A recipient shall make all employment decisions in any education program or activity operated by such recipient in a nondiscriminatory manner and shall not limit, segregate, or classify applicants or employees in any way which could adversely affect any applicant's or employee's employment opportunities or status because of sex.</p> <p>(3) A recipient shall not enter into any contractual or other relationship which directly or indirectly has the effect of subjecting employees or students to discrimination prohibited by this subpart, including relationships with employment and referral agencies, with labor unions, and with organizations providing or administering fringe benefits to employees of the recipient.</p> <p>(4) A recipient shall not grant preferences to applicants for employment on the basis of attendance at any educational institution or entity which admits as students only or predominantly members of one sex, if the giving of such preferences has the effect of discriminating on the basis of sex in violation of this part.</p> <p>(b) Application. The provisions of this subpart apply to:</p> <p>(1) Recruitment, advertising, and the process of application for employment;</p> <p>(2) Hiring, upgrading, promotion, consideration for and award of tenure, demotion, transfer, layoff, termination, application of nepotism policies, right of return from layoff, and rehiring;</p> <p>(3) Rates of pay or any other form of compensation, and changes in compensation;</p> <p>(4) Job assignments, classifications and structure, including position descriptions, lines of progression, and seniority lists;</p> <p>(5) The terms of any collective bargaining agreement;</p> <p>(6) Granting and return from leaves of absence, leave for pregnancy, childbirth, false pregnancy, termination of pregnancy, leave for persons of either sex to care for children or dependents, or any other leave;</p> <p>(7) Fringe benefits available by virtue of employment, whether or not administered by the recipient;</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §106.51 Employment	Federal	Statute	
<p>A recipient shall not administer or operate any test or other criterion for any employment opportunity which has a disproportionately adverse effect on persons on the basis of sex unless:</p> <p>(a) Use of such test or other criterion is shown to predict validly successful performance in the position in question; and</p> <p>(b) Alternative tests or criteria for such purpose, which do not have such disproportionately adverse effect, are shown to be unavailable.</p> <p>(Authority: Secs. 901, 902, Education Amendments of 1972, 86 Stat. 373, 374; 20 U.S.C. 1681, 1682)</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §106.52 Employment criteria	Federal	Statute	
<p>(a) Nondiscriminatory recruitment and hiring. A recipient shall not discriminate on the basis of sex in the recruitment and hiring of employees. Where a recipient has been found to be presently discriminating on the basis of sex in the recruitment or hiring of employees, or has been found to have in the past so discriminated, the recipient shall recruit members of the sex so discriminated against so as to overcome the effects of such past or present discrimination.</p> <p>(b) Recruitment patterns. A recipient shall not recruit primarily or exclusively at entities which furnish as applicants only or predominantly members of one sex if such actions have the effect of discriminating on the basis of sex in violation of this subpart.</p> <p>(Authority: Secs. 901, 902, Education Amendments of 1972, 86 Stat. 373, 374; 20 U.S.C. 1681, 1682)</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §106.53 Recruitment	Federal	Statute	
<p>A recipient shall not make or enforce any policy or practice which, on the basis of sex:</p> <p>(a) Makes distinctions in rates of pay or other compensation;</p> <p>(b) Results in the payment of wages to employees of one sex at a rate less than that paid to employees of the opposite sex for equal work on jobs the performance of which requires equal skill, effort, and responsibility, and which are performed under similar working conditions.</p> <p>(Authority: Secs. 901, 902, Education Amendments of 1972, 86 Stat. 373, 374; 20 U.S.C. 1681, 1682)</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §106.54 Compensation	Federal	Statute

<p>A recipient shall not:</p> <p>(a) Classify a job as being for males or for females;</p> <p>(b) Maintain or establish separate lines of progression, seniority lists, career ladders, or tenure systems based on sex; or</p> <p>(c) Maintain or establish separate lines of progression, seniority systems, career ladders, or tenure systems for similar jobs, position descriptions, or job requirements which classify persons on the basis of sex, unless sex is a bona-fide occupational qualification for the positions in question as set forth in §106.61.</p> <p>(Authority: Secs. 901, 902, Education Amendments of 1972, 86 Stat. 373, 374; 20 U.S.C. 1681, 1682)</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §106.55 Job classification and structure	Federal	Statute	
<p>(a) Fringe benefits defined. For purposes of this part, fringe benefits means: Any medical, hospital, accident, life insurance or retirement benefit, service, policy or plan, any profit-sharing or bonus plan, leave, and any other benefit or service of employment not subject to the provision of §106.54.</p> <p>(b) Prohibitions. A recipient shall not:</p> <p>(1) Discriminate on the basis of sex with regard to making fringe benefits available to employees or make fringe benefits available to spouses, families, or dependents of employees differently upon the basis of the employee's sex;</p> <p>(2) Administer, operate, offer, or participate in a fringe benefit plan which does not provide either for equal periodic benefits for members of each sex, or for equal contributions to the plan by such recipient for members of each sex; or</p> <p>(3) Administer, operate, offer, or participate in a pension or retirement plan which establishes different optional or compulsory retirement ages based on sex or which otherwise discriminates in benefits on the basis of sex.</p> <p>(Authority: Secs. 901, 902, Education Amendments of 1972, 86 Stat. 373, 374; 20 U.S.C. 1681, 1682)</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §106.56 Fringe benefits	Federal	Statute	
<p>(a) General. A recipient shall not apply any policy or take any employment action:</p> <p>(1) Concerning the potential marital, parental, or family status of an employee or applicant for employment which treats persons differently on the basis of sex; or</p> <p>(2) Which is based upon whether an employee or applicant for employment is the head of household or principal wage earner in such employee's or applicant's family unit.</p> <p>(b) Pregnancy. A recipient shall not discriminate against or exclude from employment any employee or applicant for employment on the basis of pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom.</p> <p>(c) Pregnancy as a temporary disability. A recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom and any temporary disability resulting therefrom as any other temporary disability for all job related purposes, including commencement, duration and extensions of leave, payment of disability income, accrual of seniority and any other benefit or service, and reinstatement, and under any fringe benefit offered to employees by virtue of employment.</p> <p>(d) Pregnancy leave. In the case of a recipient which does not maintain a leave policy for its employees, or in the case of an employee with insufficient leave or accrued employment time to qualify for leave under such a policy, a recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy and recovery therefrom as a justification for a leave of absence without pay for a reasonable period of time, at the conclusion of which the employee shall be reinstated to the status which she held when the leave began or to a comparable position, without decrease in rate of compensation or loss of promotional opportunities, or any other right or privilege of employment.</p> <p>(Authority: Secs. 901, 902, Education Amendments of 1972, 86 Stat. 373, 374; 20 U.S.C. 1681, 1682)</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §106.57 Marital or parental status	Federal	Statute

<p>(a) General. Consistent with the requirements of paragraph (b) of this section, no covered entity shall deny equal access or a fair opportunity to meet to, or discriminate against, any group officially affiliated with the Boy Scouts or officially affiliated with any other Title 36 youth group that requests to conduct a meeting within that covered entity's designated open forum or limited public forum. No covered entity shall deny that access or opportunity or discriminate for reasons including the membership or leadership criteria or oath of allegiance to God and country of the Boy Scouts or of the Title 36 youth group.</p> <p>(b) Specific requirements—(1) Meetings. Any group officially affiliated with the Boy Scouts or officially affiliated with any other Title 36 youth group that requests to conduct a meeting in the covered entity's designated open forum or limited public forum must be given equal access to school premises or facilities to conduct meetings.</p> <p>(2) Benefits and services. Any group officially affiliated with the Boy Scouts or officially affiliated with any other Title 36 youth group that requests to conduct a meeting as described in paragraph (b)(1) of this section must be given equal access to any other benefits and services provided to one or more outside youth or community groups that are allowed to meet in that same forum. These benefits and services may include, but are not necessarily limited to, school-related means of communication, such as bulletin board notices and literature distribution, and recruitment.</p> <p>(3) Fees. Fees may be charged in connection with the access provided under the Act and this part.</p> <p>(4) Terms. Any access provided under the Act and this part to any group officially affiliated with the Boy Scouts or officially affiliated with any other Title 36 youth group, as well as any fees charged for this access, must be on terms that are no less favorable than the most favorable terms provided to one or more outside youth or community groups.</p> <p>(5) Nondiscrimination. Any decisions relevant to the provision of equal access must be made on a nondiscriminatory basis. Any determinations of which youth or community groups are outside groups must be made using objective, nondiscriminatory criteria, and these criteria must be used in a consistent, equal, and nondiscriminatory manner.</p> <p>(Authority: 20 U.S.C. 7905)</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §108.6 Equal access	Federal	Statute

For purposes of these regulations, the terms normal operation and statutory objective have the following meanings: (a) Normal operation means the operation of a program or activity without significant changes that would impair its ability to meet its objectives. (b) Statutory objective means any purpose of a program or activity expressly stated in any Federal statute, State statute, or local statute or ordinance adopted by an elected, general purpose legislative body. (Authority: 42 U.S.C. 6103)	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §110.11 Definitions of “normal operation” and “statutory objective.”	Federal	Statute	
A recipient is permitted to take an action otherwise prohibited by §110.10 if the action reasonably takes into account age as a factor necessary to the normal operation or the achievement of any statutory objective of a program or activity. An action reasonably takes into account age as a factor necessary to the normal operation or the achievement of any statutory objective of a program or activity, if— (a) Age is used as a measure or approximation of one or more other characteristics; (b) The other characteristic or characteristics must be measured or approximated in order for the normal operation of the program or activity to continue, or to achieve any statutory objective of the program or activity; (c) The other characteristic or characteristics can be reasonably measured or approximated by the use of age; and (d) The other characteristic or characteristics are impractical to measure directly on an individual basis. (Authority: 42 U.S.C. 6103)	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §110.12 Exceptions to the rules against age discrimination: Normal operation or statutory objective of any program or activity.	Federal	Statute	
A recipient is permitted to take an action otherwise prohibited by §110.10 that is based on a factor other than age, even though that action may have a disproportionate effect on persons of different ages. An action may be based on a factor other than age only if the factor bears a direct and substantial relationship to the normal operation of the program or activity or to the achievement of a statutory objective. (a) Assurances. An applicant for Federal financial assistance to which these regulations apply shall sign a written assurance, on a form specified by ED, that the program or activity will be operated in compliance with these regulations. An applicant may incorporate this assurance by reference in subsequent applications to ED. (b) Duration of obligation. (1) In the case of Federal financial assistance extended in the form of real property or to provide real property or structures on the property, the assurance will obligate the recipient or, in the case of a subsequent transfer, the transferee, for the period during which the real property or structures are used for the purpose for which Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. (2) In the case of Federal financial assistance extended to provide personal property, the assurance will obligate the recipient for the period during which it retains ownership or possession of the property. (3) In all other cases the assurance will obligate the recipient for the period during which Federal financial assistance is extended. (c) Covenants. (1) If Federal financial assistance is provided in the form of real property or interest in the property from ED, the instrument effecting or recording this transfer must contain a covenant running with the land to assure nondiscrimination for the period during which the real property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. (2) If no transfer of property is involved but property is purchased or improved with Federal financial assistance, the recipient shall agree to include the covenant described in paragraph (b)(2) of this section in the instrument effecting or recording any subsequent transfer of the property. (3) If Federal financial assistance is provided in the form of real property or interest in the property from ED, the covenant must also include a condition coupled with a right to be reserved by ED to revert title to the property in the event of a breach of the covenant. If a transferee of real property proposes to mortgage or otherwise encumber the real property as security for financing construction of new, or improvement of existing, facilities on the property for the purposes for which the property was transferred, ED may, upon request of the transferee and if necessary to accomplish that financing and upon conditions that ED deems appropriate, agree to forbear the exercise of the right to revert title for as long as the lien of the mortgage or other encumbrance remains effective. <p>(a) Initial investigation. ED investigates complaints that are unresolved after mediation or reopened because of a violation of the mediation agreement. ED uses methods during the investigation to encourage voluntary resolution of the complaint, including discussions with the complainant and recipient to establish the facts and, if possible, resolve the complaint to the mutual satisfaction of the parties. ED may seek the assistance of any involved State, local, or other Federal agency.</p> <p>(b) Formal investigation, conciliation, and hearing. If ED cannot resolve the complaint during the early stages of the investigation, ED completes the investigation of the complaint and makes formal findings. (a) General. A local eligible provider must measure the educational gains of students using only tests that the Secretary has determined are suitable for use in the NRS and that the State has identified in its assessment policy. (b) Pre-test. A local eligible provider must— (1) Administer a pre-test to measure a student's educational functioning level at intake, or as soon as possible thereafter; (2) Administer the pre-test to students at a uniform time, according to its State's assessment policy; and (3) Administer pre-tests to students in the skill areas identified in its State's assessment policy. (c) Post-test. A local eligible provider must— (1) Administer a post-test to measure a student's educational functioning level after a set time period or number of instructional hours; (2) Administer the post-test to students at a uniform time, according to its State's assessment policy; (3)(i) Administer post-tests with a secure, parallel, equated form of the same test—either traditional paper and pencil or computer-administered instruments—for which forms are constructed prior to administration to examinees to pre-test and determine the initial placement of students; or (ii) Administer post-tests with an adaptive test that uses computerized algorithms for selecting and administering items in real time; however, for such an instrument, the size of the item pool and the method of item selection must ensure negligible overlap in items across pre- and post-testing; and (4) Administer post-tests to students in the same skill areas as the pre-test. (d) Other requirements. (1) A local eligible provider must administer a test using only staff who have been trained to administer the test. (2) A local eligible provider may use the results of a test in the NRS only if the test was administered in a manner that is consistent with the State's assessment policy and the test	Requires a service	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; §462.41 How must tests be administered in order to accurately measure educational gain? <p>Subpart A—General Provisions</p> <p>Definitions—1. Recipient. Section 104.23 contains definitions used throughout the regulation.</p> <p>One comment requested that the regulation specify that nonpublic elementary and secondary schools that are not otherwise recipients do not become recipients by virtue of the fact their students participate in certain federally funded programs. The Secretary believes it unnecessary to amend the regulation in this regard, because almost identical language in the Department's regulations implementing title VI and title IX of the Education Amendments of 1972 has consistently been interpreted so as not to render such schools recipients. These schools, however, are indirectly subject to the substantive requirements of this regulation through the application of §104.4(b)(iv), which prohibits recipients from assisting agencies that discriminate on the basis of handicap in providing services to beneficiaries of the recipients' programs.</p> <p>2. Federal financial assistance. In §104.3(h), defining federal financial assistance, a clarifying change has been made: procurement contracts are specifically excluded. They are covered, however, by the Department of Labor's regulation under section 503. The Department has never considered such contracts to be contracts of assistance; the explicit exemption has been added only to avoid possible confusion.</p> <p>The proposed regulation's exemption of contracts of insurance or guaranty has been retained. A number of comments argued for its deletion on the ground that section 504, unlike title VI and title IX, contains no statutory exemption for such contracts. There is no indication, however, in the legislative history of the Rehabilitation Act of 1973 or of the amendments to that Act in 1974, that Congress intended section 504 to have a broader application, in terms of federal financial assistance, than other civil rights statutes. Indeed, Congress directed that section 504 be implemented in the same manner as titles VI and IX. In view of the long established exemption of contracts of insurance or guaranty under title VI, we think it unlikely that Congress intended section 504 to apply to such contracts.</p> <p>3. Handicapped person. Section 104.3(j), which defines the class of persons protected under the regulation, has not been substantially changed. The definition of handicapped person in paragraph (j)(1) conforms to the statutory definition of handicapped person that is applicable to section 504, as set forth in section 111(a) of the Rehabilitation Act Amendments of 1974, Pub. L. 93-516.</p> <p>The first of the three parts of the statutory and regulatory definition includes any person who has a physical or mental impairment that substantially limits one or more major life activities. Paragraph (j)(2)(i) further defines physical or mental impairments. The definition does not set forth a list of specific diseases and conditions that constitute physical or mental impairments because of the difficulty of ensuring the comprehensiveness of any such list. The term includes, however, such diseases and conditions as orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional illness, and, as discussed below, drug addiction and alcoholism.</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; Appendix A to Part 104—Analysis of Final Regulation	Federal	Statute

<p>17. Tests and selection criteria. Revised §104.13(a) prohibits employers from using test or other selection criteria that screen out or tend to screen out handicapped persons unless the test or criterion is shown to be job-related and alternative tests or criteria that do not screen out or tend to screen out as many handicapped persons are not shown by the Assistant Secretary to be available. This paragraph is an application of the principle established under title VII of the Civil Rights Act of 1964 in Griggs v. Duke Power Company, 401 U.S. 424 (1971).</p> <p>Under the proposed section, a statistical showing of adverse impact on handicapped persons was required to trigger an employer’s obligation to show that employment criteria and qualifications relating to handicap were necessary. This requirement was changed because the small number of handicapped persons taking tests would make statistical showings of “disproportionate, adverse effect” difficult and burdensome. Under the altered, more workable provision, once it is shown that an employment test substantially limits the opportunities of handicapped persons, the employer must show the test to be job-related. A recipient is no longer limited to using predictive validity studies as the method for demonstrating that a test or other selection criterion is in fact job-related. Nor, in all cases, are predictive validity studies sufficient to demonstrate that a test or criterion is job-related. In addition, §104.13(a) has been revised to place the burden on the Assistant Secretary, rather than the recipient, to identify alternate tests.</p> <p>Section 104.13(b) requires that a recipient take into account that some tests and criteria depend upon sensory, manual, or speaking skills that may not themselves be necessary to the job in question but that may make the handicapped person unable to pass the test. The recipient must select and administer tests so as best to ensure that the test will measure the handicapped person’s ability to perform on the job rather than the person’s ability to see, hear, speak, or perform manual tasks, except, of course, where such skills are the factors that the test purports to measure. For example, a person with a speech impediment may be perfectly qualified for jobs that do not or need not, with reasonable accommodation, require ability to speak clearly. Yet, if given an oral test, the person will be unable to perform in a satisfactory manner. The test results will not, therefore, predict job performance but instead will reflect impaired speech.</p> <p>18. Preemployment inquiries. Section 104.14, concerning preemployment inquiries, generated a large number of comments. Commenters representing handicapped persons strongly favored a ban on preemployment inquiries on the ground that such inquiries are often used to discriminate against handicapped persons and are not necessary to serve any legitimate interests of employers. Some recipients, on the other hand, argued that preemployment inquiries are necessary to determine qualifications of the applicant, safety hazards caused by a particular handicapping condition, and accommodations that might be required.</p> <p>The Secretary has concluded that a general prohibition of preemployment inquiries is appropriate. However, a sentence has been added to paragraph (a) to make clear that an employer may inquire into an applicant’s ability to perform job-related tasks but may not ask if the person has a handicap. For example, an employer may not ask on an employment form if an applicant is visually impaired but may ask if the person has a current driver’s license (if that is a necessary qualification for the position in question). Similarly, employers may make inquiries about an applicant’s ability to perform a job safely. Thus, an employer may not ask if an applicant is an epileptic but may ask whether the person can perform a particular job without endangering other employees.</p>	Requires a service	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; Appendix A to Part 104—Analysis of Final Regulation continued...	Federal	Statute	
<p>It is important that both handicapped persons and the public at large be aware of the obligations of recipients under section 504. Both the Department and recipients have responsibilities in this regard. Indeed the Department intends to undertake a major public information effort to inform persons of their rights under section 504 and this regulation. In §104.8 the Department has sought to impose a clear obligation on major recipients to notify beneficiaries and employees of the requirements of section 504, without dictating the precise way in which this notice must be given. At the same time, we have avoided imposing requirements on small recipients (those with fewer than fifteen employees) that would create unnecessary and counterproductive paper work burdens on them and unduly stretch the enforcement resources of the Department.</p> <p>Section 104.8(a), as simplified, requires recipients with fifteen or more employees to take appropriate steps to notify beneficiaries and employees of the recipient’s obligations under section 504. The last sentence of §104.8(a) has been revised to list possible, rather than required, means of notification. Section 104.8(b) requires recipients to include a notification of their policy of nondiscrimination in recruitment and other general information materials.</p> <p>In response to a number of comments, §104.8 has been revised to delete the requirements of publication in local newspapers, which has proved to be both troublesome and ineffective. Several commenters suggested that notification on separate forms be allowed until present stocks of publications and forms are depleted. The final regulation explicitly allows this method of compliance. The separate form should, however, be included with each significant publication or form that is distributed.</p> <p>Section 104 which prohibited the use of materials that might give the impression that a recipient excludes qualified handicapped persons from its program, has been deleted. The Department is convinced by the comments that this provision is unnecessary and difficult to apply. The Department encourages recipients, however, to include in their recruitment and other general information materials photographs of handicapped persons and ramps and other features of accessible buildings.</p> <p>Under new §104.9 the Assistant Secretary may, under certain circumstances, require recipients with fewer than fifteen employees to comply with one or more of these requirements. Thus, if experience shows a need for imposing notice or other requirements on particular recipients or classes of small recipients, the Department is prepared to expand the coverage of these sections.</p> <p>14. Inconsistent State laws. Section 104.10(a) states that compliance with the regulation is not excused by State or local laws limiting the eligibility of qualified handicapped persons to receive services or to practice an occupation. The provision thus applies only with respect to state or local laws that unjustifiably differentiate on the basis of handicap.</p> <p>Paragraph (b) further points out that the presence of limited employment opportunities in a particular profession, does not excuse a recipient from complying with the regulation. Thus, a law school could not deny admission to a blind applicant because blind lawyers may find it more difficult to find jobs than do nonhandicapped lawyers.</p>	Requires a service	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; Appendix A to Part 104—Analysis of Final Regulation continued... <p>Subpart D—Preschool, Elementary, and Secondary Education</p> <p>Subpart D sets forth requirements for nondiscrimination in preschool, elementary, secondary, and adult education programs and activities, including secondary vocational education programs. In this context, the term “adult education” refers only to those educational programs and activities for adults that are operated by elementary and secondary schools.</p> <p>The provisions of Subpart D apply to state and local educational agencies. Although the subpart applies, in general, to both public and private education programs and activities that are federally assisted, §§104.32 and 104.33 apply only to public programs and §104.39 applies only to private programs; §§104.35 and 104.36 apply both to public programs and to those private programs that include special services for handicapped students.</p> <p>Subpart B generally conforms to the standards established for the education of handicapped persons in Mills v. Board of Education of the District of Columbia, 348 F. Supp. 866 (D.D.C. 1972), Pennsylvania Association for Retarded Children v. Commonwealth of Pennsylvania, 344 F. Supp. 1257 (E.D. 1971), 343 F. Supp. 279 (E.D. Pa. 1972), and Lebanks v. Spears, 60, F.R.D. 135 (E.D. La. 1973), as well as in the Education of the Handicapped Act, as amended by Pub. L. 94-142 (the EHA).</p> <p>The basic requirements common to those cases, to the EHA, and to this regulation are (1) that handicapped persons, regardless of the nature or severity of their handicap, be provided a free appropriate public education, (2) that handicapped students be educated with nonhandicapped students to the maximum extent appropriate to their needs, (3) that educational agencies undertake to identify and locate all unserved handicapped children, (4) that evaluation procedures be improved in order to avoid the inappropriate education that results from the misclassification of students, and (5) that procedural safeguard be established to enable parents and guardians to influence decisions regarding the evaluation and placement of their children. These requirements are designed to ensure that no handicapped child is excluded from school on the basis of handicap and, if a recipient demonstrates that placement in a regular educational setting cannot be achieved satisfactorily, that the student is provided with adequate alternative services suited to the student's needs without additional cost to the student's parents or guardian. Thus, a recipient that operates a public school system must either educate handicapped children in its regular program or provide such children with an appropriate alternative education at public expense.</p> <p>It is not the intention of the Department, except in extraordinary circumstances, to review the result of individual placement and other educational decisions, so long as the school district complies with the “process” requirements of this subpart (concerning identification and location, evaluation, and due process procedures). However, the Department will place a high priority on investigating cases which may involve exclusion of a child from the education system or a pattern or practice of discriminatory placements or education.</p> <p>22. Location and notification. Section 104.32 requires public schools to take steps annually to identify and locate handicapped children who are not receiving an education and to publicize to handicapped children and their parents the rights and duties established by section 504 and this regulation. This section has been shortened without substantive change.</p> <p>23. Federal responsibility for education under §104.33(1) requires that recipients be responsible for providing a free appropriate public education to each individual handicapped person who is in the</p>	Requires a service	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; Appendix A to Part 104—Analysis of Final Regulation continued... <p>Subpart F—Health, Welfare, and Social Services</p> <p>Subpart F applies to recipients that operate health, welfare, and social service programs. The Department received fewer comments on this subpart than on others.</p> <p>Although many commented that subpart F lacked specificity, these commenters provided neither concrete suggestions nor additions. Nevertheless, some changes have been made, pursuant to comment, to clarify the obligations of recipients in specific areas. In addition, in an effort to reduce duplication in the regulation, the section governing recipients providing health services has been consolidated with the section regulating providers of welfare and social services. Since the separate provisions that appeared in the proposed regulation were almost identical, no substantive change should be inferred from their consolidation.</p> <p>Several commenters asked whether subpart F applies to vocational rehabilitation agencies whose purpose is to assist in the rehabilitation of handicapped persons. To the extent that such agencies receive financial assistance from the Department, they are covered by subpart F and all other relevant subparts of the regulation. Nothing in this regulation, however, precludes such agencies from servicing only handicapped persons. Indeed, §104.4(c) permits recipients to offer services or benefits that are limited by federal law to handicapped persons or classes of handicapped persons.</p> <p>Many comments suggested requiring state social service agencies to take an active role in the enforcement of section 504 with regard to local social service providers. The Department believes that the possibility for federal-state cooperation in the administration and enforcement of section 504 warrants further consideration.</p> <p>A number of comments also discussed whether section 504 should be read to require payment of compensation to institutionalized handicapped patients who perform services for the institution in which they reside. The Department of Labor has recently issued a proposed regulation under the Fair Labor Standards Act (FLSA) that covers the question of compensation for institutionalized persons. 42 FR 15224 (March 18, 1977). This Department will seek information and comment from the Department of Labor concerning that agency's experience administering the FLSA regulation.</p> <p>36. Health, welfare, and other social service providers. Section 104.52(a) has been expanded in several respects. The addition of new paragraph (a)(2) is intended to make clear the basic requirement of equal opportunity to receive benefits or services in the health, welfare, and social service areas. The paragraph parallels §§104.4(b)(ii) and 104.43(b). New paragraph (a)(3) requires the provision of effective benefits or services, as defined in §104.4(b)(2) (i.e., benefits or services which “afford handicapped persons equal opportunity to obtain the same result (or) to gain the same benefit * * *”).</p> <p>Section 104.52(a) also includes provisions concerning the limitation of benefits or services to handicapped persons and the subjection of handicapped persons to different eligibility standards. One common misconception about the regulation is that it would require specialized hospitals and other health care providers to treat all handicapped persons. The regulation requires such equipment. Thus, a long treatment continued not provide the nature of medical treatment to handicapped persons unless it provides such medical services to</p>	Requires a service	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; Appendix A to Part 104—Analysis of Final Regulation continued... <p>The proposed regulation would have required a complete individual reevaluation of the student each year. The Department has concluded that it is inappropriate in the section 504 regulation to require full reevaluations on such a rigid schedule. Accordingly, §104.35(c) requires periodic reevaluations and specifies that reevaluations in accordance with the EHA will constitute compliance. The proposed regulation implementing the EHA allows reevaluation at three-year intervals except under certain specified circumstances.</p> <p>Under §104.36, a recipient must establish a system of due process procedures to be afforded to parents or guardians before the recipient takes any action regarding the identification, evaluation, or educational placement of a person who, because of handicap, needs or is believed to need special education or related services. This section has been revised. Because the due process procedures of the EHA, incorporated by reference in the proposed section 504 regulation, are inappropriate for some recipients not subject to that Act, the section now specifies minimum necessary procedures: notice, a right to inspect records, an impartial hearing with a right to representation by counsel, and a review procedure. The EHA procedures remain one means of meeting the regulation's due process requirements, however, and are recommended to recipients as a model.</p> <p>26. Nonacademic services. Section 104.37 requires a recipient to provide nonacademic and extracurricular services and activities in such manner as is necessary to afford handicapped students an equal opportunity for participation. Because these services and activities are part of a recipient's education program, they must, in accordance with the provisions of §104.34, be provided in the most integrated setting appropriate.</p> <p>Revised paragraph (c)(2) does permit separation or differentiation with respect to the provision of physical education and athletics activities, but only if qualified handicapped students are also allowed the opportunity to compete for regular teams or participate in regular activities. Most handicapped students are able to participate in one or more regular physical education and athletics activities. For example, a student in a wheelchair can participate in regular archery course, as can a deaf student in a wrestling course.</p> <p>Finally, the one-year transition period provided in a proposed section was deleted in response to the almost unanimous objection of commenters to that provision.</p> <p>27. Preschool and adult education. Section 104.38 prohibits discrimination on the basis of handicap in preschool and adult education programs. Former paragraph (b), which emphasized that compensatory programs for disadvantaged children are subject to section 504, has been deleted as unnecessary, since it is comprehended by paragraph (a).</p> <p>28. Private education. Section 104.39 sets forth the requirements applicable to recipients that operate private education programs and activities. The obligations of these recipients have been changed in two significant respects: first, private schools are subject to the evaluation and due process provisions of the subpart only if they operate special education programs; second, under §104.39(b), they may charge more for providing services to handicapped students than to nonhandicapped students to the extent that additional charges can be justified by increased costs.</p> <p>Paragraph (c) of §104.39 is intended to make clear that private schools that operate special education programs and activities are not subject to the requirements of this regulation.</p>	Requires a service	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; Appendix A to Part 104—Analysis of Final Regulation continued...	Federal	Statute	Responsibilities to provide services for handicapped persons
<p>The Secretary wishes to reassure recipients that inclusion of addicts and alcoholics within the scope of the regulation will not lead to the consequences feared by many commenters. It cannot be emphasized too strongly that the statute and the regulation apply only to discrimination against qualified handicapped persons solely by reason of their handicap. The fact that drug addiction and alcoholism may be handicaps does not mean that these conditions must be ignored in determining whether an individual is qualified for services or employment opportunities. On the contrary, a recipient may hold a drug addict or alcoholic to the same standard of performance and behavior to which it holds others, even if any unsatisfactory performance or behavior is related to the person's drug addiction or alcoholism. In other words, while an alcoholic or drug addict may not be denied services or disqualified from employment solely because of his or her condition, the behavioral manifestations of the condition may be taken into account in determining whether he or she is qualified.</p> <p>With respect to the employment of a drug addict or alcoholic, if it can be shown that the addiction or alcoholism prevents successful performance of the job, the person need not be provided the employment opportunity in question. For example, in making employment decisions, a recipient may judge addicts and alcoholics on the same basis it judges all other applicants and employees. Thus, a recipient may consider—for all applicants including drug addicts and alcoholics—past personnel records, absenteeism, disruptive, abusive, or dangerous behavior, violations of rules and unsatisfactory work performance. Moreover, employers may enforce rules prohibiting the possession or use of alcohol or drugs in the work-place, provided that such rules are enforced against all employees.</p> <p>With respect to other services, the implications of coverage, of alcoholics and drug addicts are two-fold: first, no person may be excluded from services solely by reason of the presence or history of these conditions; second, to the extent that the manifestations of the condition prevent the person from meeting the basic eligibility requirements of the program or cause substantial interference with the operation of the program, the condition may be taken into consideration. Thus, a college may not exclude an addict or alcoholic as a student, on the basis of addiction or alcoholism, if the person can successfully participate in the education program and complies with the rules of the college and if his or her behavior does not impede the performance of other students.</p> <p>Of great concern to many commenters was the question of what effect the inclusion of drug addicts and alcoholics as handicapped persons would have on school disciplinary rules prohibiting the use or possession of drugs or alcohol by students. Neither such rules nor their application to drug addicts or alcoholics is prohibited by this regulation, provided that the rules are enforced evenly with respect to all students.</p> <p>5. Qualified handicapped person. Paragraph (k) of §104.3 defines the term “qualified handicapped person.” Throughout the regulation, this term is used instead of the statutory term “otherwise qualified handicapped person.” The Department believes that the omission of the word “otherwise” is necessary in order to comport with the intent of the statute because, read literally, “otherwise” qualified handicapped persons include persons who are qualified except for their handicap, rather than in spite of their handicap. Under such a literal reading, a blind person possessing all the qualifications for driving a bus except sight could be said to be “otherwise qualified” for the job of driving. Clearly, such a result was not intended by Congress. In all other respects, the terms “qualified” and “otherwise qualified” are intended to be interchangeable.</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; Appendix A to Part 104—Analysis of Final Regulation continued... <p>Editorial Note: For the text of these guidelines, see 34 CFR part 100, appendix B.</p> <p>[44 FR 17168, Mar. 21, 1979]</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; Appendix A to Part 106—Guidelines for Eliminating Discrimination and Denial of Services on the Basis of Race, Color, National Origin, Sex, and Handicap in Vocational Education Programs	Federal	Statute	
<p>B. Counseling and Prospects for Success</p> <p>Recipients that operate vocational education programs must insure that counselors do not direct or urge any student to enroll in a particular career or program, or measure or predict a student's prospects for success in any career or program based upon the student's race, color, national origin, sex, or handicap. Recipients may not counsel handicapped students toward more restrictive career objectives than nonhandicapped students with similar abilities and interests. If a vocational program disproportionately enrolls male or female students, minority or nonminority students, or handicapped students, recipients must take steps to insure that the disproportion does not result from unlawful discrimination in counseling activities.</p> <p>C. Student Recruitment Activities</p> <p>Recipients must conduct their student recruitment activities so as not to exclude or limit opportunities on the basis of race, color, national origin, sex, or handicap. Where recruitment activities involve the presentation or portrayal of vocational and career opportunities, the curricula and programs described should cover a broad range of occupational opportunities and not be limited on the basis of the race, color, national origin, sex, or handicap of the students or potential students to whom the presentation is made. Also, to the extent possible, recruiting teams should include persons of different races, national origins, sexes, and handicaps.</p> <p>D. Counseling of Students With Limited English-Speaking Ability or Hearing Impairments</p> <p>Recipients must insure that counselors can effectively communicate with national origin minority students with limited English language skills and with students who have hearing impairments. This requirement may be satisfied by having interpreters available.</p> <p>E. Promotional Activities</p> <p>Recipients may not undertake promotional efforts (including activities of school officials, counselors, and vocational staff) in a manner that creates or perpetuates stereotypes or limitations based on race, color, national origin, sex or handicap. Examples of promotional efforts are career days, parents' night, shop demonstrations, visitations by groups of prospective students and by representatives from business and industry. Materials that are part of promotional efforts may not create or perpetuate stereotypes through text or illustration. To the extent possible they should portray males or females, minorities or handicapped persons in programs and occupations in which these groups traditionally have not been represented. If a recipient's service area contains a community of national origin minority persons with limited English language skills, promotional literature must be distributed to that community in its language.</p> <p>VI. Equal Opportunity in the Vocational Education Instructional Setting</p> <p>A. Accommodations For Handicapped Students</p> <p>Recipients must place secondary level handicapped students in the regular educational environment of any vocational education program to the maximum extent appropriate to the needs of the student unless it can be demonstrated that the education of the handicapped person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. Handicapped students must be placed in programs and facilities designed for the majority to fit the majority, not the majority to fit the majority.</p>	Requires a service	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; Appendix B to Part 100—Guidelines for Eliminating Discrimination and Denial of Services on the Basis of Race, Color, National Origin, Sex, and Handicap in Vocational Education Programs continued... <p>F. Eligibility for Admission to Secondary Vocational Education Centers Based on Numerical Limits Imposed on Sending Schools A recipient may not adopt or maintain a system for admission to a secondary vocational education center or program that limits admission to a fixed number of students from each sending school included in the center's service area if such a system disproportionately excludes students from the center on the basis of race, sex, national origin or handicap. (Example: Assume 25 percent of a school district's high school students are black and that most of those black students are enrolled in one high school; the white students, 75 percent of the district's total enrollment, are generally enrolled in the five remaining high schools. This paragraph prohibits a system of admission to the secondary vocational education center that limits eligibility to a fixed and equal number of students from each of the district's six high schools.)</p> <p>G. Remedies for Violation of Eligibility Based on Numerical Limits Requirements If the Office for Civil Rights finds a violation of paragraph F, above, the recipient must implement an alternative system of admissions that does not disproportionately exclude students on the basis of race, color, national origin, sex, or handicap.</p> <p>H. Eligibility for Admission to Vocational Education Centers, Branches or Annexes Based Upon Student Option A vocational education center, branch or annex, open to all students in a service area and predominantly enrolling minority students or students of one race, national origin or sex, will be presumed unlawfully segregated if:</p> <p>(1) It was established by a recipient for members of one race, national origin or sex; or (2) it has since its construction been attended primarily by members of one race, national origin or sex; or (3) most of its program offerings have traditionally been selected predominantly by members of one race, national origin or sex.</p> <p>I. Remedies for Facility Segregation Under Student Option Plans If the conditions specified in paragraph IV-H are found and not rebutted by proof of nondiscrimination, the Office for Civil Rights will require the recipient(s) to submit a plan to remedy the segregation. The following are examples of steps that may be included in the plan, where necessary to overcome the discrimination:</p> <p>(1) Elimination of program duplication in the segregated facility and other proximate vocational facilities; (2) relocation or “clustering” of programs or courses; (3) adding programs and courses that traditionally have been identified as intended for members of a particular race, national origin or sex to schools that have traditionally served members of the other sex or traditionally served persons of a different race or national origin; (4) merger of programs into one facility through school closings or new construction; (5) intensive outreach recruitment and counseling; (6) providing free transportation to students whose enrollment would promote desegregation.</p> <p>J. <p>B. Distribution of Funds Recipients may not adopt a formula or other method for the allocation of Federal, State, or local vocational education funds that has the effect of discriminating on the basis of race, color, national origin, sex, or handicap. However, a recipient may adopt a formula or other method of allocation that uses as a factor race, color, national origin, sex, or handicap [or an index or proxy for race, color, national origin, sex, or handicap e.g., number of persons receiving Aid to Families with Dependent Children or with limited English speaking ability] if the factor is included to compensate for past discrimination or to comply with those provisions of the Vocational Education Amendments of 1976 designed to assist specified protected groups.</p> <p>C. Example of a Pattern Suggesting Unlawful Discrimination In each State it is likely that some local recipients will enroll greater proportions of minority students in vocational education than the State-wide proportion of minority students in vocational education. A funding formula or other method of allocation that results in such local recipients receiving per-pupil allocations of Federal or State vocational education funds lower than the State-wide average per-pupil allocation will be presumed unlawfully discriminatory.</p> <p>D. Distribution Through Competitive Grants or Contracts Each State agency that establishes criteria for awarding competitive vocational education grants or contracts must establish and apply the criteria without regard to the race, color, national origin, sex, or handicap of any or all of a recipient's students, except to compensate for past discrimination.</p> <p>E. Application Processes for Competitive or Discretionary Grants State agencies must disseminate information needed to satisfy the requirements of any application process for competitive or discretionary grants so that all recipients, including those having a high percentage of minority or handicapped students, are informed of and able to seek funds. State agencies that provide technical assistance for the completion of the application process must provide such assistance without discrimination against any one recipient or class of recipients.</p> <p>F. Alteration of Fund Distribution to Provide Equal Opportunity If the Office for Civil Rights finds that a recipient's system for distributing vocational education funds unlawfully discriminates on the basis of race, color, national origin, sex, or handicap, it will require the recipient to adopt an alternative nondiscriminatory method of distribution. The Office for Civil Rights may also require the recipient to compensate for the effects of its past unlawful discrimination in the distribution of funds.</p> <p>IV. Access and Admission of Students to Vocational Education Programs A. Recipient Responsibilities Criteria controlling student eligibility for admission to vocational education schools, facilities and programs may not unlawfully discriminate on the basis of race, color, national origin, sex, religion, ancestry, marital status, handicap, income, residence, or other characteristics, except to implement such discrimination as is necessary to</p>	Not related to agency deliverable	Title 34 - Part 462 - Measuring Educational Gain In The National Reporting System For Adult Education; Appendix B to Part 100—Guidelines for Eliminating Discrimination and Denial of Services on the Basis of Race, Color, National Origin, Sex, and Handicap in Vocational Education Programs continued... <p>I. Scope and Coverage</p> <p>A. Application of Guidelines</p> <p>These Guidelines apply to recipients of any Federal financial assistance from the Department of Education that offer or administer programs of vocational education or training. This includes State agency recipients.</p> <p>B. Definition of Recipient</p> <p>The definition of recipient of Federal financial assistance is established by Department regulations implementing Title VI, Title IX, and Section 504 (34 CFR 100.13(i), 106.2(h), 104.3(f).</p> <p>For the purposes of Title VI:</p> <p>The term recipient means any State, political subdivision of any State, or instrumentality of any State or political subdivision, any public or private agency, institution, or organization, or other entity, or any individual, in any State, to whom Federal financial assistance is extended, directly or through another recipient, for any program, including any successor, assignee, or transferee thereof, but such terms does not include any ultimate beneficiary [e.g., students] under any such program. (34 CFR 100.13(i)).</p> <p>For the purposes of Title IX:</p> <p>Recipient means any State or political subdivision thereof, or any instrumentality of a State or political subdivision thereof, any public or private agency, institution, or organization, or other entity, or any person to whom Federal financial assistance is extended, directly or through another recipient and which operates an education program or activity which receives or benefits from such assistance, including any subunit, successor, assignee, or transferee thereof. (34 CFR 106.2(h)).</p> <p>For the purposes of Section 504:</p> <p>Recipient means any State or its political subdivision any instrumentality of a State or its political subdivision, any public or private agency, institution, or organization, or other entity, or any person to which Federal financial assistance is extended, directly or through another recipient, including any successor, assignee, or transferee of a recipient, but excluding the ultimate beneficiary of the assistance. Except as provided in this subpart, this part 106 applies to every recipient and to the education program or activity operated by such recipient which receives Federal financial assistance. (Authority: Secs. 901, 902, Education Amendments of 1972, 86 Stat. 373, 374; 20 U.S.C. 1681, 1682) [45 FR 86298, Dec. 30, 1980, as amended at 65 FR 68056, Nov. 13, 2000]	Not related to agency deliverable	Title 34; Subpart B—Coverage §106.11 Application	Federal	Statute	
(a) General. (1) No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity to which this part applies. (2) A recipient that receives assistance under the Education of the Handicapped Act shall take positive steps to employ and advance in employment qualified handicapped persons in programs or activities assisted under that Act. (3) A recipient shall make all decisions concerning employment under any program or activity to which this part applies in a manner which ensures that discrimination on the basis of handicap does not occur and may not limit, segregate, or classify applicants or employees in any way that adversely affects their opportunities or status because of handicap. (4) A recipient may not participate in a contractual or other relationship that has the effect of subjecting qualified handicapped applicants or employees to discrimination prohibited by this subpart. The relationships referred to in this paragraph include relationships with employment and referral agencies, with labor unions, with organizations providing or administering fringe benefits to employees of the recipient, and with organizations providing training and apprenticeships. (b) Specific activities. The provisions of this subpart apply to: (1) Recruitment, advertising, and the processing of applications for employment; (2) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff and rehiring; (3) Rates of pay or any other form of compensation and changes in compensation; (4) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists; (5) Leaves of absense, sick leave, or any other leave; (6) Fringe benefits available by virtue of employment, whether or not administered by the recipient; (7) Selection and financial support for training, including apprenticeship, professional meetings, conferences, and other related activities, and selection for leaves of absence to pursue training;	Requires a service	Title 34; Subpart B—Employment Practices §104.11 Discrimination prohibited	Federal	Statute	
The rules stated in this section are subject to the exceptions contained in §§110.12 and 110.13 of these regulations. (a) General rule. No person in the United States shall, on the basis of age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. (b) Specific rules. A recipient may not, in any program or activity receiving Federal financial assistance, directly or through contractual, licensing, or other arrangements, use age distinctions or take any other actions that have the effect, on the basis of age, of— (1) Excluding individuals from, denying them the benefits of, or subjecting them to discrimination under a program or activity receiving Federal financial assistance; or (2) Denying or limiting individuals in their opportunity to participate in any program or activity receiving Federal financial assistance. (c) Other forms of discrimination. The specific forms of age discrimination listed in paragraph (b) of this section do not necessarily constitute a complete list. (a) IN GENERAL- The Secretary shall reserve for each fiscal year the greater of 5 percent or \$5,000,000 of the amount appropriated to carry out this subpart, except that in no fiscal year shall the total amount so reserved exceed \$8,000,000, to carry out the following activities: (1) To provide charter schools, either directly or through State educational agencies, with — (A) information regarding — (i) Federal funds that charter schools are eligible to receive; and (ii) other Federal programs in which charter schools may participate; and (B) assistance in applying for Federal education funds that are allocated by formula, including assistance with filing deadlines and submission of applications. (2) To provide for other evaluations or studies that include the evaluation of the impact of charter schools on student academic achievement, including information regarding — (A) students attending charter schools reported on the basis of race, age, disability, gender, limited English proficiency, and previous enrollment in public school; and (B) the professional qualifications of teachers within a charter school and the turnover of the teaching force. (3) To provide — (A) information to applicants for assistance under this subpart; (B) assistance to applicants for assistance under this subpart with the preparation of applications under section 5203; (C) assistance in the planning and startup of charter schools; (D) training and technical assistance to existing charter schools; and (E) for the dissemination to other public schools of best or promising practices in charter schools. (4) To provide (including through the use of one or more contracts that use a competitive bidding process) for the collection of information regarding the financial resources available to charter schools, including access to private capital, and to widely disseminate to charter schools any such relevant information and model descriptions of successful programs. (5) To carry out evaluations of, technical assistance for, and information dissemination regarding, the per-pupil facilities aid programs. In carrying out the evaluations, the Secretary may carry out one or more evaluations of State programs assisted under this subsection, which shall, at a minimum, address — (A) how, and the extent to which, the programs promote educational equity and excellence; and (B) the extent to which charter schools supported through the programs are — (i) held accountable to the public; (ii) effective in improving public education; and (iii) open and accessible to all students. (b) PER-PUPIL FACILITIES AID PROGRAMS- (1) DEFINITION OF PER-PUPIL FACILITIES AID PROGRAM- In this subsection, the term per-pupil facilities aid program' means a program in which a State makes payments, on a per-pupil basis, to charter schools to provide the schools with financing — (A) for the construction, renovation, or maintenance of school facilities; or (B) for the purchase of equipment for school facilities. a) IN GENERAL- For purposes of the allocation to schools by the States or their agencies of funds under part A of title I, and any other Federal funds which the Secretary allocates to States on a formula basis, the Secretary and each State educational agency shall take such measures as are necessary to ensure that every charter school receives the Federal funding for which the charter school is eligible not later than 5 months after the charter school first opens, notwithstanding the fact that the identity and characteristics of the students enrolling in that charter school are not fully and completely determined until that charter school actually opens. The measures similarly shall ensure that every charter school expanding its enrollment in any subsequent year of operation receives the Federal funding for which the charter school is eligible not later than 5 months after such expansion. (b) ADJUSTMENT AND LATE OPENINGS- (1) IN GENERAL- The measures described in subsection (a) shall include provision for appropriate adjustments, through recovery of funds or reduction of payments for the succeeding year, in cases where payments made to a charter school on the basis of estimated or projected enrollment data exceed the amounts that the school is eligible to receive on the basis of actual or final enrollment data. (2) RULE- For charter schools that first open after November 1 of any academic year, the State, in accordance with guidance provided by the Secretary and applicable Federal statutes and regulations, shall ensure that such charter schools that are eligible for the funds described in subsection (a) for such academic year have a full and fair opportunity to receive those funds during the charter schools' first year of operation. (a) General requirements—(1) General nutrition requirements. Schools must offer nutritious, well-balanced, and age-appropriate meals to all the children they serve to improve their diets and safeguard their health. (i) Requirements for lunch. School lunches offered to children age 5 or older must meet, at a minimum, the meal requirements in paragraph (b) of this section. Schools must follow a food-based menu planning approach and produce enough food to offer each child the quantities specified in the meal pattern established in paragraph (c) of this section for each age/grade group served in the school. In addition, school lunches must meet the dietary specifications in paragraph (f) of this section. Schools offering lunches to children ages 1 through 4 and infants must meet the meal pattern requirements in paragraphs (p) and (q), as applicable, of this section. Schools must make potable water available and accessible without restriction to children at no charge in the place(s) where lunches are served during the meal service. (ii) Requirements for afterschool snacks. Schools offering afterschool snacks in afterschool care programs must meet the meal pattern requirements in paragraph (o) of this section. Schools must plan and produce enough food to offer each child the minimum quantities under the meal pattern in paragraph (o) of this section. (2) Unit pricing. Schools must price each meal as a unit. Schools need to consider participation trends in an effort to provide one reimbursable lunch and, if applicable, one reimbursable afterschool snack for each child every school day. If there are leftover meals, schools may offer them to the students but cannot get Federal reimbursement for them. Schools must identify, near or at the beginning of the serving line(s), the food items that constitute the unit-priced reimbursable school meal(s). The price of a reimbursable lunch does not change if the student does not take a food item or requests smaller portions. (3) Production and menu records. Schools or school food authorities, as applicable, must keep production and menu records for the meals they produce. These records must show how the meals offered contribute to the required food components and food quantities for each age/grade group every day. Labels or manufacturer specifications for food products and ingredients used to prepare school meals must indicate zero grams of trans fat per serving (less than 0.5 grams). Schools or school food authorities must maintain records of the latest nutritional analysis of the school menus conducted by the State agency. Production and menu records must be maintained in accordance with FNS guidance. (b) Meal requirements for school lunches. School lunches for children ages 5 and older must reflect food and nutrition requirements specified by the Secretary. Compliance with these requirements is measured as follows: (1) On a daily basis: (i) Meals offered to each age/grade group must include the food components and food quantities specified in the meal pattern in paragraph (c) of this section;	Requires a service	Title 7; §210.10 Meal requirements for lunches and requirements for afterschool snacks	Federal	Statute

<p>(a) General. Any school food authority (including a State agency acting in the capacity of a school food authority) may contract with a food service management company to manage its food service operation in one or more of its schools. However, no school or school food authority may contract with a food service management company to operate an a la carte food service unless the company agrees to offer free, reduced price and paid reimbursable lunches to all eligible children. Any school food authority that employs a food service management company in the operation of its nonprofit school food service shall:</p> <p>(1) Adhere to the procurement standards specified in §210.21 when contracting with the food service management company;</p> <p>(2) Ensure that the food service operation is in conformance with the school food authority's agreement under the Program;</p> <p>(3) Monitor the food service operation through periodic on-site visits;</p> <p>(4) Retain control of the quality, extent, and general nature of its food service, and the prices to be charged the children for meals;</p> <p>(5) Retain signature authority on the State agency-school food authority agreement, free and reduced price policy statement and claims;</p> <p>(6) Ensure that all federally donated foods received by the school food authority and made available to the food service management company accrue only to the benefit of the school food authority's nonprofit school food service and are fully utilized therein;</p> <p>(7) Maintain applicable health certification and assure that all State and local regulations are being met by a food service management company preparing or serving meals at a school food authority facility;</p> <p>(8) Establish an advisory board composed of parents, teachers, and students to assist in menu planning;</p> <p>(9) Obtain written approval of invitations for bids and requests for proposals before their issuance when required by the State agency. The school food authority must incorporate all State agency required changes to its solicitation documents before issuing those documents; and</p> <p>(10) Ensure that the State agency has reviewed and approved the contract terms and that the school food authority has incorporated all State agency required changes into the contract or amendment before any contract or amendment to an existing food service management company contract is executed. <p>(a) Programs covered and methodology. Each State agency must follow the requirements of this section to conduct administrative reviews of school food authorities participating in the National School Lunch Program and the School Breakfast Program (part 220 of this chapter). These procedures must also be followed, as applicable, to conduct administrative reviews of the National School Lunch Program's Afterschool Snacks and Seamless Summer Option, the Special Milk Program (part 215 of this chapter), and the Fresh Fruit and Vegetable Program. To conduct a program review, the State agency must gather and assess information off-site and/or on-site, observe the school food service operation, and use a risk-based approach to evaluate compliance with specific program requirements.</p> <p>(b) Definitions. The following definitions are provided in alphabetical order in order to clarify State agency administrative review requirements:</p> <p>Administrative reviews means the comprehensive off-site and/or on-site evaluation of all school food authorities participating in the programs specified in paragraph (a) of this section. The term “administrative review” is used to reflect a review of both critical and general areas in accordance with paragraphs (g) and (h) of this section, as applicable for each reviewed program, and includes other areas of program operations determined by the State agency to be important to program performance.</p> <p>Critical areas means the following two performance standards described in detail in paragraph (g) of this section:</p> <p>(i) Performance Standard 1—All free, reduced price and paid school meals claimed for reimbursement are served only to children eligible for free, reduced price and paid school meals, respectively; and are counted, recorded, consolidated and reported through a system which consistently yields correct claims.</p> <p>(ii) Performance Standard 2—Reimbursable lunches meet the meal requirements in §210.10, as applicable to the age/grade group reviewed. Reimbursable breakfasts meet the meal requirements in §220.8 of this chapter, as applicable to the age/grade group reviewed.</p> <p>Day of Review means the day(s) on which the on-site review of the individual sites selected for review occurs.</p> <p>Documented corrective action means written notification required of the school food authority to certify that the corrective action required for each violation has been completed and to notify the State agency of the dates of completion. Documented corrective action may be provided at the time of the review or may be submitted to the State agency within specified timeframes.</p> <p>General areas means the areas of review specified in paragraph (h) of this section. These areas include free and reduced price process, civil rights, school food authority on-site monitoring, reporting and recordkeeping, food safety, competitive food services, water, program outreach, resource management, and other areas identified by FNS.</p>	Requires a service	Title 7; §210.18 Administrative reviews	Federal	Statute	Contract with food service management companies
<p>(a) General Program management. Each State agency shall provide an adequate number of consultative, technical and managerial personnel to administer programs and monitor performance in complying with all Program requirements.</p> <p>(1) Assurance of compliance for finances. Each State agency shall ensure that school food authorities comply with the requirements to account for all revenues and expenditures of their nonprofit school food service. School food authorities shall meet the requirements for the allowability of nonprofit school food service expenditures in accordance with this part and, 2 CFR part 200, subpart D and USDA implementing regulations 2 CFR part 400 and part 415, as applicable. All costs resulting from contracts that do not meet the requirements of this part are unallowable nonprofit school food service account expenses. When the school food authority fails to incorporate State agency required changes to solicitation or contract documents, all costs resulting from the subsequent contract award are unallowable charges to the nonprofit school food service account. The State agency shall ensure compliance with the requirements to limit net cash resources and shall provide for approval of net cash resources in excess of three months' average expenditures. Each State agency shall monitor, through review or audit or by other means, the net cash resources of the nonprofit school food service in each school food authority participating in the Program. In the event that net cash resources exceed 3 months' average expenditures for the school food authority's nonprofit school food service or such other amount as may be approved in accordance with this paragraph, the State agency may require the school food authority to reduce the price children are charged for lunches, in a manner that is consistent with the paid lunch equity provision in §210.14(e) and corresponding FNS guidance, improve food quality or take other action designed to improve the nonprofit school food service. In the absence of any such action, the State agency shall make adjustments in the rate of reimbursement under the Program. Each State agency shall ensure that school food authorities comply with the requirements for pricing paid lunches and nonprogram foods as required in §210.14(e) and §210.14(f).</p> <p>(2) Improved management practices. The State agency must work with the school food authority toward improving the school food authority's management practices where the State agency has found poor food service management practices leading to decreasing or low child participation, menu acceptance, or program efficiency. The State agency should provide training and technical assistance to the school food authority or direct the school food authority to places to obtain such resources, such as the Institute of Child Nutrition.</p> <p>(3) Program compliance. Each State agency shall require that school food authorities comply with the applicable provisions of this part. The State agency shall ensure compliance through audits, administrative reviews, technical assistance, training guidance materials or by other means.</p> <p>(4) Investigations. Each State agency shall promptly investigate complaints received or irregularities noted in connection with the operation of the Program, and shall take appropriate action to correct any irregularities. State agencies shall maintain on file, evidence of such investigations and actions. FNS and OIG may make reviews or investigations at the request of the State agency or where FNS or OIG determines reviews or investigations are appropriate.</p>	Requires a service	Title 7; §210.19 Additional responsibilities	Federal	Statute	Conduct administrative reviews of school food authorities participation in the NSLP and the SBP.

<p>(a) General. Unless otherwise exempt, audits at the State and school food authority levels shall be conducted in accordance with 2 CFR part 200, subpart F and Appendix XI (Compliance Supplement) and USDA implementing regulations 2 CFR part 400 and part 415.</p> <p>(b) Audit procedure. These requirements call for organization-wide financial and compliance audits to ascertain whether financial operations are conducted properly; financial statements are presented fairly; recipients and subrecipients comply with the laws and regulations that affect the expenditures of Federal funds; recipients and subrecipients have established procedures to meet the objectives of federally assisted programs; and recipients and subrecipients are providing accurate and reliable information concerning grant funds. States and school food authorities shall use their own procedures to arrange for and prescribe the scope of independent audits, provided that such audits comply with the requirements set forth in 2 CFR part 200, subpart F and Appendix XI, and USDA implementing regulations 2 CFR part 400 and part 415.</p>	Requires a service	Title 7; §210.22 Audits	Federal	Statute

The determination of a child's eligibility for free or reduced price lunches and meal supplements is to be made in accordance with 7 CFR part 245.</p> <p>(b) Civil rights. In the operation of the Program, no child shall be denied benefits or be otherwise discriminated against because of race, color, national origin, age, sex, or disability. State agencies and school food authorities shall comply with the requirements of: Title VI of the Civil Rights Act of 1964; title IX of the Education Amendments of 1972; section 504 of the Rehabilitation Act of 1973; the Age Discrimination Act of 1975; Department of Agriculture regulations on nondiscrimination (7 CFR parts 15, 15a, and 15b); and FNS Instruction 113-1.</p> <p>(c) Retention of records. State agencies and school food authorities may retain necessary records in their original form or on microfilm. State agency records shall be retained for a period of 3 years after the date of submission of the final Financial Status Report for the fiscal year. School food authority records shall be retained for a period of 3 years after submission of the final Claim for Reimbursement for the fiscal year. In either case, if audit findings have not been resolved, the records shall be retained beyond the 3-year period as long as required for the resolution of the issues raised by the audit.</p> <p>(d) Program evaluations. Within the States, the responsibility for the administration of the Program in schools, as defined in §210.2, shall be in the State educational agency. If the State educational agency is unable to administer the Program in public or private nonprofit residential child care institutions or nonprofit private schools, then Program administration for such schools may be assumed by FNSRO as provided in paragraph (c) of this section, or such other agency of the State as has been designated by the Governor or other appropriate executive or legislative authority of the State and approved by the Department to administer such schools. Each State agency desiring to administer the Program shall enter into a written agreement with the Department for the administration of the Program in accordance with the applicable requirements of this part; parts 235 and 245 of this chapter; parts 15, 15a, and 15b of this title, and 2 CFR part 200; USDA implementing regulations 2 CFR part 400 and part 415; and FNS instructions. (c) FNSRO. The FNSRO will administer the Program in nonprofit private schools or public or nonprofit private residential child care institutions if the State agency is prohibited by law from disbursing Federal funds paid to such schools. In addition, the FNSRO will continue to administer the Program in those States in which nonprofit private schools or public or nonprofit private residential child care institutions have been under continuous FNS administration since October 1, 1980, unless the administration of the Program in such schools is assumed by the State. The FNSRO will, in each State in which it administers the Program, assume all responsibilities of a State agency as set forth in this part and part 245 of this chapter as appropriate. References in this part to "State agency" include FNSRO, as applicable, when it is the agency administering the Program. (d) School food authorities. The school food authority shall be responsible for the administration of the Program in schools. State agencies shall ensure that school food authorities administer the Program in accordance with the applicable requirements of this part; part 245 of this chapter; parts 15, 15a, and 15b, and 3016 or 3019, as applicable, of this title and 2 CFR part 200; USDA implementing regulations 2 CFR part 400 and part 415 and FNS instructions. (a) Grant award. FNS will specify the terms and conditions of the State agency's grant in a grant award document and will generally make payments available by means of a Letter of Credit issued in favor of the State agency. The State agency shall obtain funds for reimbursement to participating school food authorities through procedures established by FNS in accordance with 2 CFR part 200, subpart D and USDA implementing regulations 2 CFR part 400 and part 415. State agencies shall limit requests for funds to such times and amounts as will permit prompt payment of claims or authorized advances. The State agency shall disburse funds received from such requests without delay for the purpose for which drawn. FNS may, at its option, reimburse a State agency by Treasury Check. FNS will pay by Treasury Check with funds available in settlement of a valid claim if payment for that claim cannot be made within the grant closeout period specified in paragraph (d) of this section. (b) Cash-in-lieu of donated foods. All Federal funds to be paid to any State in place of donated foods will be made available as provided in part 240 of this chapter. (c) Recovery of funds. FNS will recover any Federal funds made available to the State agency under this part which are in excess of obligations reported at the end of each fiscal year in accordance with the reconciliation procedures specified in paragraph (d) of this section. Such recoveries shall be reflected by a related adjustment in the State agency's Letter of Credit. (d) Substantiation and reconciliation process. Each State agency shall maintain Program records as necessary to support the reimbursement payments made to school food authorities under §§210.7 and 210.8 and the reports submitted to FNS under this paragraph. The State agency shall ensure such records are retained for a period of 3 years or as otherwise specified in §210.23(c). (1) Monthly report. Each State agency shall submit a final Report of School Program Operations (FNS-10) to FNS for each month. The final reports shall be limited to claims submitted in accordance with §210.8 of this part. For the month of October, the final report shall include the total number of children approved for free lunches, the total number of children approved for reduced price lunches, and the total number of children enrolled in participating public schools, private schools, and residential child care institutions, respectively, as of the last day of operation in October. The final reports shall be postmarked and/or submitted no later than 90 days following the last day of the month covered by the report. States shall not receive Program funds for any month for which the final report is not submitted within this time limit unless FNS grants an exception. Upward adjustments to a State's report shall not be made after 90 days from the month covered by the report unless authorized by FNS. Downward adjustments to a State's report shall always be made regardless of when it is determined that such adjustments are necessary. FNS authorization is not required for downward adjustments. Any adjustments to a State's report shall be reported to FNS in accordance with procedures established by FNS. (2) Quarterly report. Each State agency administering the National School Lunch Program shall submit quarterly reports to FNS as follows: (i) Each State agency shall submit to FNS a quarterly Financial Status Report (FNS-777) on the use of Program funds. (2) Each State agency shall submit to FNS a final Report of School Program Operations (FNS-10) for each month which shall be limited to claims submitted in accordance with §215.10(b) and which shall be postmarked and/or submitted no later than 90 days following the last day of the month covered by the report. States shall not receive Program funds for any month for which the final report is not submitted within this time limit unless FNS grants an exception. Upward adjustments to a State agency's report shall not be made after 90 days from the month covered by the report unless authorized by FNS. Downward adjustments shall always be made, without FNS authorization, regardless of when it is determined that such adjustments are necessary. Adjustments shall be reported to FNS in accordance with procedures established by FNS. Each State agency shall also submit to FNS a quarterly Financial Status Report (FNS-777) on the use of Program funds. Such reports shall be postmarked and/or submitted no later than 30 days after the end of each fiscal year quarter. Obligations shall be reported only for the fiscal year in which they occur. (a) To be entitled to reimbursement under this part, each School Food Authority shall submit to the State agency, or FNSRO where applicable, a monthly Claim for Reimbursement. (b) Claims for Reimbursement shall include data in sufficient detail to justify the reimbursement claimed and to enable the State agency to provide the Reports of School Program Operations required under §220.13(b)(2). Unless otherwise approved by FNS, the Claim for Reimbursement for any month shall include only breakfasts served in that month except if the first or last month of Program operations for any year contains 10 operating days or less, such month may be added to the Claim for Reimbursement for the appropriate adjacent month; however, Claims for Reimbursement may not combine operations occurring in two fiscal years. If a single State agency administers any combination of the Child Nutrition Programs, the SFA shall be able to use a common claim form with respect to claims for reimbursement for meals served under those programs. A final Claim for Reimbursement shall be postmarked and/or submitted to the State agency, or FNSRO where applicable, not later than 60 days following the last day of the full month covered by the claim. State agencies may establish shorter deadlines at their discretion. Claims not postmarked and/or submitted within 60 days shall not be paid with Program funds unless FNS determines that an exception should be granted. The State agency, or FNSRO where applicable, shall promptly take corrective action with respect to any Claim for Reimbursement as determined necessary through its claim review process or otherwise. In taking such corrective action, State agencies may make upward adjustments in Program funds claimed on claims filed within the 60 day deadline if such adjustments are completed within 90 days of the last day of the claim month and are reflected in the final Report of School Program Operations (FNS-10) for the claim month which is required under §220.13(b)(2). Upward adjustments in Program funds claimed which are not reflected in the final FNS-10 for the claim month shall not be made unless authorized by FNS. Downward adjustments in Program funds claimed shall always be made, without FNS authorization, regardless of when it is determined that such adjustments are necessary. (c) Where a school participates in both the National School Lunch Program and the School Breakfast Program, the State agency or FNSRO, where applicable, may authorize the submission of one claim for reimbursement to cover both programs. (d) The school food authority shall establish internal controls which ensure the accuracy of breakfast counts prior to the submission of the monthly Claim for Reimbursement. At a minimum, these internal controls shall include: an on-site review of the breakfast counting and claiming system employed by each school within the jurisdiction of the school food authority; comparisons of daily free, reduced price and paid breakfast counts against data which will assist in the identification of breakfast counts in excess of the number of free, reduced price and paid breakfasts served each day to children eligible for such breakfasts; and a system for following up on those breakfast counts which suggest the likelihood of breakfast counting problems. (1) On-site reviews. Every school year, each school food authority with more than one school shall perform no less than one on-site review of the breakfast counting and claiming system and the readily observable general areas of review identified under §210.18(h) of this chapter, as specified by FNS, for a minimum of 50 percent of schools under its jurisdiction with every school within the jurisdiction being reviewed at least once every two years. The on-site review shall take place prior to February 1 of each school year. Further, if the review discloses problems with a school's meal counting or claiming procedures or general review areas, the school food authority shall ensure that the school implements corrective action, and within 45 days of the review conduct a follow-up on-site review to determine that the corrective action resolved the problems. <p>(a) General requirements. This section contains the meal requirements applicable to school breakfasts for students in grades K through 12, and for children under the age of 5. In general, school food authorities must ensure that participating schools provide nutritious, well-balanced, and age-appropriate breakfasts to all the children they serve to improve their diet and safeguard their health.</p> <p>(1) General nutrition requirements. School breakfasts offered to children age 5 and older must meet, at a minimum, the meal requirements in paragraph (b) of this section. Schools must follow a food-based menu planning approach and produce enough food to offer each child the quantities specified in the meal pattern established in paragraph (c) of this section for each age/grade group served in the school. In addition, school breakfasts must meet the dietary specifications in paragraph (f) of this section. Schools offering breakfasts to children ages 1 to 4 and infants must meet the meal pattern requirements in paragraphs (o) and (p), as applicable, of this section. When breakfast is served in the cafeteria, schools must make potable water available and accessible without restriction to children at no charge.</p> <p>(2) Unit pricing. Schools must price each meal as a unit. The price of a reimbursable lunch does not change if the student does not take a food item or requests smaller portions. Schools must identify, near or at the beginning of the serving line(s), the food items that constitute the unit-priced reimbursable school meal(s).</p> <p>(3) Production and menu records. Schools or school food authorities, as applicable, must keep production and menu records for the meals they produce. These records must show how the meals offered contribute to the required food components and food quantities for each age/grade group every day. Labels or manufacturer specifications for food products and ingredients used to prepare school meals for students in grades K through 12 must indicate zero grams of trans fat per serving (less than 0.5 grams). Schools or school food authorities must maintain records of the latest nutritional analysis of the school menus conducted by the State agency. Production and menu records must be maintained in accordance with FNS guidance.</p> <p>(b) Meal requirements for school breakfasts. School breakfasts for children ages 5 and older must reflect food and nutrition requirements specified by the Secretary. Compliance with these requirements is measured as follows:</p> <p>(1) On a daily basis:</p> <p>(i) Meals offered to each age/grade group must include the food components and food quantities specified in the meal pattern in paragraph (c) of this section;</p> <p>(ii) Food products or ingredients used to prepare meals must contain zero grams of trans fat per serving or a minimal amount of naturally occurring trans fat as specified in paragraph (f) of this section; and</p>	Not related to agency deliverable	Title 7; §220.8 Meal requirements for breakfasts	Federal	Statute	
<p>(a) State agencies, or FNSRO's where applicable, shall make reimbursement payments to schools only in connection with breakfasts meeting the requirements of §220.8, and reported in accordance with §220.11(b) of this part. School Food Authorities shall plan for and prepare breakfasts on the basis of participation trends, with the objective of providing one breakfast per child per day. Production and participation records shall be maintained to demonstrate positive action toward this objective. In recognition of the fluctuation in participation levels which makes it difficult to precisely estimate the number of breakfasts needed and to reduce the resultant waste, any excess breakfasts that are prepared may be served to eligible children and may be claimed for reimbursement unless the State agency, or FNSRO where applicable, determines that the School Food Authority has failed to plan and prepare breakfasts with the objective of providing one breakfast per child per day. In no event shall the School Food Authority claim reimbursement for free and reduced price breakfasts in excess of the number of children approved for free and reduced price meals.</p> <p>(b) The rates of reimbursement for breakfasts served to eligible children in schools not in severe need are the applicable national average payment factors for breakfasts. The maximum rates of reimbursement for breakfasts served to eligible children in schools determined to be in severe need are those prescribed by the Secretary. National average payment factors and maximum rates of reimbursement for the School Breakfast Program shall be prescribed annually by the Secretary in the Federal Register.</p> <p>(c) The total reimbursement for breakfasts served to eligible children in schools not in severe need, and schools in severe need during the school year shall not exceed the sum of the products obtained by multiplying the total numbers of such free, reduced price and paid breakfasts, respectively, by the applicable rate of reimbursement for each type of breakfast as prescribed for the school year.</p> <p>(d) The State agency, or FNSRO where applicable, shall determine whether a school is in severe need based on the following eligibility criteria:</p> <p>(1) The school is participating in or desiring to initiate a breakfast program; and</p> <p>(2) At least 40 percent of the lunches served to students at the school in the second preceding school year were served free or at a reduced price. Schools that did not serve lunches in the second preceding year and that would like to receive reimbursement at the severe need rate may apply to their administering State agency. The administering State agency shall approve or deny such requests in accordance with guidance, issued by the Secretary, that determines that the second preceding school year requirement would otherwise have been met.</p>	Not related to agency deliverable	Title 7; §220.9 Reimbursement payments	Federal	Statute

<p>(a) Nondiscretionary SAE Funds. For each fiscal year, FNS shall allocate the following:</p> <p>(1) To each State which administers the National School Lunch, School Breakfast or Special Milk Programs an amount equal to one (1) percent of the funds expended by such State during the second preceding fiscal year under sections 4 and 11 of the National School Lunch Act, as amended, and sections 3, 4 and 17A of the Child Nutrition Act of 1966, as amended. However, the total amount allocated to any State under this paragraph shall not be less than \$200,000 or the amount allocated to the State in the fiscal year ending September 30, 1981, whichever is greater. On October 1, 2008 and each October 1 thereafter, the minimum dollar amount for a fiscal year for administrative costs shall be adjusted to reflect the percentage change between the value of the index for State and local government purchases, as published by the Bureau of Economic Analysis of the Department of Commerce, for the 12-month period ending June 30 of the second preceding fiscal year, and the value of that index for the 12-month period ending June 30 of the preceding fiscal year.</p> <p>(2) To each State which administers the Child and Adult Care Food Program an amount equal to the sum of: Twenty percent of the first \$50,000; ten percent of the next \$100,000; five percent of the next \$250,000; and two and one-half percent of any remaining funds expended within the State under section 17 of the National School Lunch Act, as amended, during the second preceding fiscal year. FNS may adjust the amount of any such allocation in accordance with changes in the size of the Child and Adult Care Food Program in a State.</p> <p>(3) For each of fiscal years 2005 through 2007 no State shall receive less than its fiscal year 2004 allocation for administrative costs for all child nutrition programs.</p> <p>(b) Discretionary SAE Funds. For each fiscal year, FNS shall provide the following additional allocations:</p> <p>(1) Allocate \$30,000 to each State which administers the Child and Adult Care Food Program (7 CFR part 226).</p> <p>(2) \$30,000 to each State which administers the Food Distribution Program (part 250 of this chapter) in schools and/or institutions which participate in programs under parts 210, 220, and 226 of this chapter; provided that the State meets the training requirements set forth in §235.11(g).</p> <p>(3) Amounts derived by application of the following four-part formula to each State agency which is allocated funds under paragraph (a) of this section:</p> <p>(i) One equal share of forty (40) percent of the funds designated by FNS for the reviews conducted under §210.18 of this title.</p> <p>(ii) The ratio of the number of School Food Authorities participating in the National School Lunch or Commodity School Programs under the jurisdiction of the State agency to such School Food Authorities in all States times twenty (20) percent of the funds designated by FNS for reviews conducted under §210.18 or of this title.</p>	Distribute funding to another entity	Title 7; §235.4 Allocation of funds to States	Federal	Statute	Enter into a written agreement with the Department for the administration of the child nutrition programs in accordance with the applicable requirements

<p>(a) Direct certification requirements. State agencies are required to meet the direct certification performance benchmarks set forth in paragraph (b) of this section for directly certifying children who are members of households receiving assistance under SNAP. A State agency that fails to meet the benchmark must develop and submit to FNS a continuous improvement plan (CIP) to fully meet the requirements of this paragraph and to improve direct certification for the following school year in accordance with the provisions in paragraphs (e), (f), and (g) of this section.</p> <p>(b) Direct certification performance benchmarks. State agencies must meet performance benchmarks for directly certifying for free school meals children who are members of households receiving assistance under SNAP. The performance benchmarks are as follows:</p> <p>(1) 80% for the school year beginning July 1, 2011;</p> <p>(2) 90% for the school year beginning July 1, 2012; and</p> <p>(3) 95% for the school year beginning July 1, 2013, and for each school year thereafter.</p> <p>(c) Data elements required for direct certification rate calculation. Each State agency must provide FNS with specific data elements each year, as follows:</p> <p>(1) Data Element #1—The number of children who are members of households receiving assistance under SNAP that are directly certified for free school meals as of the last operating day in October, collected and reported in the same manner and timeframes as specified in §245.11(i).</p> <p>(2) Data Element #2—The unduplicated count of children ages 5 to 17 years old who are members of households receiving assistance under SNAP at any time during the period July 1 through September 30. This data element must be provided by the SNAP State agency, as required under 7 CFR 272.8(a)(5), and reported to FNS and to the State agency administering the NSLP in the State by December 1st each year, in accordance with guidelines provided by FNS.</p> <p>(3) Data Element #3—The count of the number of children who are members of households receiving assistance under SNAP who attend a school operating under the provisions of 7 CFR 245.9 in a year other than the base year or that is exercising the community eligibility provision (CEP). The proxy for this data element must be established each school year through the State's data matching efforts between SNAP records and student enrollment records for these special provision schools that are operating in a non-base year or that are exercising the CEP. Such matching efforts must occur in or close to October each year, but no later than the last operating day in October. (a) Each State agency, or FNSRO where applicable, shall by July 1 of each year announce family-size income standards to be used by local educational agencies, as defined in §245.2, under the jurisdiction of such State agency, or FNSRO where applicable, in making eligibility determinations for free or reduced price meals and for free milk. Such family size income standards for free and reduced price meals and for free milk shall be in accordance with Income Eligibility Guidelines published by the Department by notice in the Federal Register. (b) Each participating local educational agency and all participating schools under its jurisdiction must adhere to the eligibility criteria specified in this part. Local educational agencies must include these eligibility criteria in their policy statement as required under §245.10 and it must be publicly announced in accordance with the provisions of §245.5. Additionally, each State agency, or FNSRO where applicable, must require that local educational agencies accept as income eligible for free meals and free milk, children who are categorically eligible for those benefits based on documentation of eligibility, as specified in §245.6 (b). (c) Each School Food Authority shall serve free and reduced price meals or free milk in the respective programs to children eligible under its eligibility criteria. When a child is not a member of a family (as defined in §245.2), the child shall be considered a family of one. In any school which participates in more than one of the child nutrition programs, eligibility shall be applied uniformly so that eligible children receive the same benefits in each program. If a child transfers from one school to another school under the jurisdiction of the same School Food Authority, his eligibility for free or reduced price meals or for free milk, if previously established, shall be transferred to, and honored by, the receiving school if it participates in the National School Lunch Program, School Breakfast Program, Special Milk Program and the School Food Authority has elected to provide free milk, or is a commodity-only school. <p>(a) General requirements—content of application and descriptive materials. Each local educational agency, as defined in §245.2, for schools participating in the National School Lunch Program, School Breakfast Program or Special Milk Program or a commodity only school, shall provide meal benefit forms for use by families in making application for free or reduced price meals or free milk for their children.</p> <p>(1) Household applications. The State agency or local educational agency must provide a form that permits a household to apply for all children in that household who attend schools in the same local educational agency. The local educational agency must provide newly enrolled students with an application and determine eligibility promptly. The local educational agency cannot require the household to submit an application for each child attending its schools. The application shall be clear and simple in design and the information requested therein shall be limited to that required to demonstrate that the household does, or does not, meet the eligibility criteria for free or reduced price meals, respectively, or for free milk, provided by the local educational agency.</p> <p>(2) Understandable communications. Any communication with households for eligibility determination purposes must be in an understandable and uniform format and to the maximum extent practicable, in a language that parents and guardians can understand.</p> <p>(3) Electronic availability. In addition to the distribution of applications and descriptive materials in paper form as provided for in this section, the local educational agency may establish a system for executing household applications electronically and using electronic signatures. The electronic submission system must comply with the disclosure requirements in this section and with technical assistance and guidance provided by FNS. Descriptive materials may also be made available electronically by the local educational agency.</p> <p>(4) Transferring eligibility status. When a student transfers to a new school district, the new local educational agency may accept the eligibility determination from the student's former local educational agency without incurring liability for the accuracy of the initial determination. As required under paragraph (c)(3) of this section, the accepting local educational agency must make changes that occur as a result of verification activities or coordinated review findings conducted in that local educational agency.</p> <p>(5) Required income information. The information requested on the application with respect to the current income of the household must be limited to:</p> <p>(i) The income received by each member identified by the household member who received the income or an indication which household members had no income; and</p> <p>(ii) The source of the income (such as earnings, wages, welfare, pensions, support payments, unemployment compensation, social security and other cash income). Other cash income includes cash amounts received or withdrawn from any source, including savings, investments, trust accounts, and other resources which are available to pay for a child's meals or milk.</p> <p>(6) Household income and asset verification. (a) Delivery. The Department arranges for delivery of donated foods from the vendor or Federal storage facility to the distributing agency's storage facility, or to a processor with which the distributing agency has entered into a contract or agreement. The Department may also deliver donated foods directly to a recipient agency, or to a storage facility or processor with which the recipient agency has entered into a contract or agreement, with the approval of the distributing agency. The Department will make every reasonable effort to arrange deliveries of donated foods based on information obtained from distributing agencies, to the extent feasible. In accordance with § 250.2, an entity that receives a shipment of donated foods directly from a USDA vendor or a Federal storage facility is referred to as the consignee. Consignees must provide a delivery address, and other information as required by FNS, as well as update this information as necessary, to ensure foods are delivered to the correct location.(b) Receipt of shipments. The distributing or recipient agency, or other consignee, must comply with all applicable Federal requirements in receiving shipments of donated foods, including procedures for the disposition of any donated foods in a shipment that are out-of-condition (as this term is defined in § 250.2), or are not in accordance with ordered amounts. The distributing or recipient agency, or other consignee, must provide notification of the receipt of donated food shipments to FNS, through electronic means, and must maintain an electronic record of receipt of all donated food shipments.(c) Replacement of donated foods. The vendor is responsible for the replacement of donated foods that are delivered out-of-condition. Such responsibility extends until expiration of the vendor warranty period included in the vendor contract with USDA. In all cases, responsibility for replacement is contingent on the determination that the foods were out-of-condition at the time of delivery. Replacement must be in-kind, unless FNS approves similar replacement (the terms in-kind and similar replacement are defined in § 250.2). If FNS determines that physical replacement of donated foods is not cost-effective or efficient, FNS may:(1) Approve payment by the vendor to the distributing or recipient agency, as appropriate, for the value of the donated foods at time of delivery (or at another value determined by FNS); or(2) Credit the distributing agency's entitlement, as feasible.(d) Payment of costs relating to shipments. The Department is responsible for payment of processing, transportation, handling, or other costs incurred up to the time of delivery of donated foods to a distributing or recipient agency, or other consignee, as the Department deems in its best interest. However, the distributing or recipient agency, or other consignee, is responsible for payment of any delivery charges that accrue as a result of such consignee's failure to comply with procedures in FNS instructions—e.g., failure to provide for the unloading of a shipment of donated foods within a designated time period.(e) Transfer of title. Title to donated foods transfers to the distributing or recipient agency, as appropriate, upon acceptance of the donated foods at the time and place of delivery. Notwithstanding transfer of title, distributing and recipient agencies must ensure compliance with the requirements of this part in the distribution, control, and use of donated foods.	Not related to agency deliverable	Title 7; §250.11 Delivery and receipt of donated food shipments.	Federal	Statute	
(a) Safe storage and control. The distributing agency or subdistributing agency (which may include commercial storage facilities under contract with either the distributing agency or subdistributing agency, as applicable), must provide facilities for the storage and control of donated foods that protect against theft, spoilage, damage, or other loss. Accordingly, such storage facilities must maintain donated foods in sanitary conditions, at the proper temperature and humidity, and with adequate air circulation. The distributing agency must ensure that storage facilities comply with all Federal, State, or local requirements relative to food safety and health and procedures for responding to a food recall, as applicable, and obtain all required health inspections.(b) Inventory management. The distributing agency must ensure that donated foods at all storage facilities used by the distributing agency (or by a subdistributing agency) are stored in a manner that permits them to be distinguished from other foods, and must ensure that a separate inventory record of donated foods is maintained. The distributing agency's system of inventory management must ensure that donated foods are distributed in a timely manner and in optimal condition. On an annual basis, the distributing agency must conduct a physical review of donated food inventories at all storage facilities used by the distributing agency (or by a subdistributing agency), and must reconcile physical and book inventories of donated foods. The distributing agency must report donated food losses to FNS, and ensure that restitution is made for such losses.(c) Inventory limitations. The distributing agency is subject to the following limitations in the amount of donated food inventories on-hand, unless FNS approval is obtained to maintain larger inventories:(1) For TEFAP, NSLP and other child nutrition programs, inventories of each category of donated food may not exceed an amount needed for a six-month period, based on an average amount of donated foods utilized in that period; and(2) For CSFP and FDPIR, inventories of each category of donated food in the food package may not exceed an amount needed for a three-month period, based on an average amount of donated food that the distributing agency can reasonably utilize in that period to meet CSFP caseload or FDPIR average participation.(d) Inventory protection. The distributing agency must obtain insurance to protect the value of donated foods at its storage facilities. The amount of such insurance must be at least equal to the average monthly value of donated food inventories at such facilities in the previous fiscal year. The distributing agency must also ensure that the following entities obtain insurance to protect the value of their donated food inventories, in the same amount required of the distributing agency in this paragraph (d):(1) Subdistributing agencies;(2) Recipient agencies in household programs that have an agreement with the distributing agency or subdistributing agency to store and distribute foods (except those recipient agencies which maintain inventories with a value of donated foods that do not exceed a defined threshold, as determined in FNS policy); and(3) Commercial storage facilities under contract with the distributing agency or with an agency identified in paragraph (d)(1) or (2) of this section.(e) Transfer of donated foods. The distributing agency may transfer donated foods from its inventories to another distributing agency, or to another program, in order to ensure that such foods may be utilized in a timely manner and in optimal condition, in accordance with this part. However, the distributing agency must request FNS approval. FNS may also require a distributing agency to transfer donated foods at the distributing agency's storage facilities or at a processor's facility, if inventories of donated foods are excessive or may not be efficiently utilized. If there is a question of food safety, or if directed by FNS, the distributing agency must obtain an inspection of donated foods by State or local health authorities, as necessary, to ensure that the donated foods are still safe and not out-of-condition before transferring them. The distributing agency is responsible for meeting any transportation or inspection costs incurred, unless it is determined by FNS that the transfer is not the result of negligence or improper action on the part of the distributing agency. The distributing agency must maintain a record of all transfers from its inventories, and of any inspections related to such transfers.(f) Commercial storage facilities or carriers. The distributing agency may obtain the services of a commercial storage facility to store and distribute donated foods, or a carrier to transport donated foods, but must do so in compliance with procurement requirements in 2 CFR part 200, subpart D, and USDA implementing regulations at 2 CFR parts 400 and 416. The distributing agency must enter into a written contract with a commercial storage facility or carrier, which may not exceed five years in duration, including any extensions or renewals. The contract must include, as a condition of award, the requirement that the facility or carrier comply with all applicable Federal, State, and local requirements and listed in 2 CFR part 200, appendix H, Contract Provisions for Non-Federal Entities. (a) Direct shipments. The distributing agency must ensure that the distribution of donated foods is conducted in the most efficient and cost-effective manner, and, to the extent practical, in accordance with the specific needs and preferences of recipient agencies. In meeting this requirement, the distributing agency must, to the extent practical, provide for:(1) Shipments of donated foods directly from USDA vendors to recipient agencies, including two or more recipient agencies acting as a collective unit (such as a school co-op), or to the commercial storage facilities of such agencies;(2) Shipments of donated foods directly from USDA vendors to processors for processing of donated foods and sale of end products to recipient agencies, in accordance with subpart C of this part; and(3) The use of split shipments, as defined in § 250.2, in arranging for delivery of donated foods to recipient agencies that cannot accept a full truckload.(b) Distributing agency storage and distribution charge. (1) If a distributing agency determines that direct shipments of donated foods, as described in paragraph (a) of this section, are impractical, it must provide for the storage of donated foods at the distributing agency level, and subsequent distribution to recipient agencies, in the most efficient and cost-effective manner possible. The distributing agency must use a commercial storage facility, in accordance with § 250.12(f), if the use of such system is determined to be more efficient and cost-effective than other available methods.(2) The distributing agency must utilize State Administrative Expense (SAE) funds in child nutrition programs, as available, to meet the costs of storing and distributing donated foods for school food authorities or other recipient agencies in child nutrition programs, and administrative costs related to such activities, in accordance with 7 CFR part 235. If SAE funds, or any other Federal or State funds received for such purpose, are insufficient to fully meet the distributing agency's costs of storing and distributing donated foods, and related administrative costs (e.g., salaries of employees engaged in such activities), the distributing agency may require school food authorities or other recipient agencies in child nutrition programs to pay a distribution charge, as defined in § 250.2, to help meet such costs. The distribution charge may cover only allowable costs, in accordance with 2 CFR part 200, subpart E, and USDA implementing regulations at 2 CFR part 400. The distributing agency must maintain a record of costs incurred in storing and distributing donated foods and related administrative costs, and the source of funds used to pay such costs.(c) FNS approval of amount of State distributing agency distribution charge to school food authorities and other recipient agencies in child nutrition programs. In determining the amount of a new distribution charge, or in increasing the amount (except for normal inflationary adjustments) or reducing the level of service provided once a distribution charge is established, the distributing agency must request FNS approval prior to implementation. Such requirement also applies to the distribution charge imposed by a commercial storage facility under contract with the distributing agency. The request for approval must be submitted to FNS at least 90 days in advance of its projected implementation, and must include justification of the newly established amount, or any increased charge or reduction in the level of service provided under an established distribution charge, and the specific costs covered under the distribution charge (e.g., storage, delivery, or administrative costs).(d) FNS review authority. FNS may reject the distributing agency's proposed new, or changes to an existing, distribution charge for school food authorities and other recipient agencies in child nutrition programs if FNS determines that the charge would not provide for distribution of donated foods in the most efficient and cost-effective manner, or may otherwise impact recipient agencies negatively. In such case, the distributing agency would be required to adjust the proposed amount or the level of service provided in its distribution charge, or consider other distribution options. FNS may also require the distributing agency to submit documentation to justify the efficiency and cost-effectiveness of its storage and distribution system at other times, and may require the distributing agency to re-evaluate such system in order to ensure compliance with the requirements in this part.	Not related to agency deliverable	Title 7; §250.13 Efficient and cost-effective distribution of donated foods.	Federal	Statute	
(a) Safe storage and control. Recipient agencies must provide facilities for the storage and control of donated foods that protect against theft, spoilage, damage, or other loss. Accordingly, such storage facilities must maintain donated foods in sanitary conditions, at the proper temperature and humidity, and with adequate air circulation. Recipient agencies must ensure that storage facilities comply with all Federal, State, or local requirements relative to food safety and health and procedures for responding to a food recall, as applicable, and obtain all required health inspections.(b) Inventory management—household programs. Recipient agencies in household programs must store donated foods in a manner that permits them to be distinguished from other foods in storage, and must maintain a separate inventory record of donated foods. Such recipient agencies' system of inventory management must ensure that donated foods are distributed to recipients in a timely manner that permits use of such foods while still in optimal condition. Such recipient agencies must notify the distributing agency of donated food losses and take further actions with respect to such food losses, as directed by the distributing agency.(c) Inventory management—child nutrition programs and charitable institutions. Recipient agencies in child nutrition programs, and those receiving donated foods as charitable institutions, in accordance with § 250.67, are not required to store donated foods in a manner that distinguishes them from purchased foods or other foods, or to maintain a separate inventory record of donated foods—i.e., they may utilize single inventory management, as defined in § 250.2. For such recipient agencies, donated foods are subject to the same safeguards and effective management practices as other foods. Accordingly, recipient agencies in child nutrition programs and those receiving donated foods as charitable institutions (regardless of the inventory management system utilized), are not required to separately monitor and report donated food use, distribution, or loss to the distributing agency, unless there is evidence indicating that donated food loss has occurred as a result of theft or fraud.(d) Transfer of donated foods to another recipient agency. A recipient agency operating a household program must request approval from the distributing agency to transfer donated foods at its storage facilities to another recipient agency. The distributing agency may approve such transfer to another recipient agency in the same household program (e.g., the transfer of TEFAP foods from one food pantry to another) without FNS approval. However, the distributing agency must receive FNS approval to permit a recipient agency in a household program to transfer donated foods to a recipient agency in a different program (e.g., the transfer of TEFAP foods from a food pantry to a CSFP local agency), even if the same recipient agency administers both programs. A recipient agency operating a child nutrition program, or receiving donated foods as a charitable institution, in accordance with § 250.67, may transfer donated foods to another recipient agency or charitable organization without approval from the distributing agency or FNS. However, the recipient agency must still maintain records of donated food inventories.(e) Commercial storage facilities. Recipient agencies may obtain the services of commercial storage facilities to store and distribute donated foods, but must do so in compliance with procurement requirements in 2 CFR part 200, subpart D, and USDA implementing regulations at 2 CFR parts 400 and 416, as applicable. Recipient agencies must ensure that commercial storage facilities comply with all of the applicable requirements in this section regarding the storage and inventory management of donated foods. (a) Out-of-condition donated foods at the distributing agency level. The distributing agency must ensure that donated foods that are out-of-condition, as defined in § 250.2, at any of its storage facilities are removed, destroyed, or otherwise disposed of, in accordance with FNS instruction and State or local requirements pertaining to food safety and health. The distributing agency must obtain an inspection of donated foods by State or local health authorities to determine their safety and condition, as necessary, or as directed by FNS. Out-of-condition donated foods may be sold (e.g., to a salvage company), if permitted by FNS and State or local laws or regulations.(b) Out-of-condition donated foods at the recipient agency level. Recipient agencies in household programs must report out-of-condition donated foods at their storage facilities to the distributing agency, in accordance with § 250.14(b), and must ensure that such donated foods are removed, destroyed, or otherwise disposed of, in accordance with FNS instruction and State or local requirements pertaining to food safety and health. The distributing agency must ensure that such recipient agencies obtain an inspection of donated foods by State or local health authorities to determine their safety and condition, as necessary, or as directed by FNS. For charitable institutions, in accordance with § 250.67, and recipient agencies in child nutrition programs, donated foods must be treated as other foods when safety is in question. Consequently, such recipient agencies must comply with State or local requirements in determining the safety of foods (including donated foods), and in their destruction or other disposition. However, they are not required to report such actions to the distributing agency.(c) Food recalls. The distributing or recipient agency, as appropriate, must follow all applicable Federal, State or local requirements for donated foods subject to a food recall, as this term is defined in § 250.2. Further, in the event of a recall, Departmental guidance is provided, including procedures or instructions for all parties in responding to a food recall, replacement of recalled donated foods, and reimbursement of specific costs incurred as a result of such actions.(d) Complaints relating to donated foods. The distributing agency must inform recipient agencies of the preferred method of receiving complaints regarding donated foods. Complaints received from recipients, recipient agencies, or other entities relating to donated foods must be resolved in an expeditious manner, and in accordance with applicable requirements in this part. However, the distributing agency may not dispose of any donated food that is the subject of a complaint prior to guidance and authorization from FNS. Any complaints regarding product quality or specifications, or suggested product improvements, must be submitted to FNS through the established FNS donated foods complaint system for tracking purposes. If complaints may not be resolved at the State level, the distributing agency must provide information regarding the complaint to FNS. The distributing agency must maintain a record of its investigations and other actions with respect to complaints relating to donated foods. (a) Distributing agency responsibilities. The distributing agency must ensure that restitution is made for the loss of donated foods, or for the loss or improper use of funds provided for, or obtained as an incident of, the distribution of donated foods. The distributing agency must identify, and seek restitution from, parties responsible for the loss, and implement corrective actions to prevent future losses.(b) FNS claim actions. FNS may initiate and pursue claims against the distributing agency or other entities for the loss of donated foods, or for the loss or improper use of funds provided for, or obtained as an incident of, the distribution of donated foods. FNS may also initiate and pursue claims against the distributing agency for failure to take required claim actions against other parties. FNS may, on behalf of the Department, compromise, forgive, suspend, or waive a claim. FNS may, at its option, require assignment to it of any claim arising from the distribution of donated foods. (a) Distribution charge. The distributing agency must use funds obtained from the distribution charge imposed on recipient agencies in child nutrition programs, in accordance with § 250.13(b), to meet the costs of storing and distributing donated foods or related administrative costs, consistent with the limitations on the use of funds provided under a Federal grant in 2 CFR part 200, subparts D and E, and USDA implementing regulations at 2 CFR parts 400 and 416. The distributing agency must maintain such funds in an operating account, separate from other funds obtained incidental to donated food distribution. The amount of funds maintained at any time in the operating account may not exceed the distributing agency's highest expenditure from that account over any three-month period in the previous school or fiscal year, unless the distributing agency receives FNS approval to maintain a larger amount of funds in such account. Unless such approval is granted, funds in excess of the established limit must be used to reduce the distribution charge imposed on recipient agencies, or to provide appropriate reimbursement to such agencies. The distributing agency may not use funds obtained from the distribution charge to purchase foods to replace donated food losses or to pay claims to make restitution for donated food losses.(b) Processing and food service management company contracts. School food authorities must use funds obtained from processors in processing of donated foods into end products (e.g., through rebates for the value of such donated foods), or from food service management companies in crediting for the value of donated foods received, in support of the nonprofit school food service, in accordance with § 210.14 of this chapter. Other recipient agencies must use such funds in accordance with the requirements in paragraph (c) of this section.(c) Claims and other sources. The distributing agency must ensure that funds collected in payment of claims for donated food losses are used only for the payment of expenses of the food distribution program. The first priority for the use of funds collected in a claim for the loss of donated foods is the purchase of replacement foods for use in the program in which the loss occurred. If the purchase of replacement foods is not feasible, funds collected in a claim for the loss of donated foods must be used to pay allowable administrative costs incurred in the storage and distribution of donated foods. The distributing agency, or recipient agency, must use funds obtained from sources incidental to donated food distribution (except as otherwise indicated in this section) to pay administrative costs incurred in the storage and distribution of donated foods, consistent with the limitations on the use of funds provided under a Federal grant in 2 CFR part 200, subparts D and E, and USDA implementing regulations at 2 CFR parts 400 and 416. The distributing agency must maintain funds obtained from claims and other sources included in this paragraph (c) in a donated food account (separate from the operating account maintained in accordance with paragraph (a) of this section), and must obtain FNS prior approval for any single deposit into, or expenditure from, such account in excess of \$25,000. Distributing and recipient agencies must maintain records of funds obtained and expended in accordance with this paragraph (c). Examples of funds applicable to the provisions in this paragraph (c) include funds accrued from:(1) The salvage of out-of-condition donated foods.(2) The sale of donated food containers, pallets, or packing materials.(3) Payments by processors for failure to meet processing yields or other cause.(d) Prohibitions. The distributing agency may not use funds obtained incidental to donated food distribution to meet State matching requirements for Federal administrative funds provided in household programs, or in place of State Administrative Expense (SAE) funds provided in accordance with 7 CFR part 235.(e) Buy American. When funds obtained in accordance with this section are used to purchase foods in the commercial market, a distributing or recipient agency in the continental United States, and in Hawaii, must, to the maximum extent practical, purchase only domestic foods or food products. Such requirement is also applicable to food purchases made with the cash-in-lieu-of-donated foods provided in NSLP and CACFP, in accordance with §§ 250.56(e) and 250.61(c). For the purposes of this section, domestic foods or food products are:(1) Agricultural commodities that are produced in the United States; or(2) Food products that are processed in the United States substantially using agricultural commodities that are produced in the United States. (a) Inventory and distribution of donated foods. The distributing agency must submit to FNS reports relating to the inventory and distribution of donated foods in this paragraph (a) or in other regulations applicable to specific programs. Such reports must be submitted in accordance with the timeframes established for each respective form. For donated foods received in FDPIR, the distributing agency must submit form FNS-152, Monthly Distribution of Donated Foods to Family Units. For donated foods received in TEFAP, NSLP, or other child nutrition programs, the distributing agency must submit form FNS-155, the Inventory Management Register.(b) Processor performance reports. Processors must submit monthly performance reports to the distributing agency, in accordance with § 250.30(m). Such reports must include the information listed in § 250.30(m).(c) Disasters and situations of distress. The distributing agency must submit to FNS a report of the types and amounts of donated foods used from distributing or recipient agency storage facilities in disasters and situations of distress, and a request for replacement of such foods, using electronic form FNS-292A, Report of Commodity Distribution for Disaster Relief, in accordance with §§ 250.69 and 250.70. The report must be submitted within 45 days of the termination of such assistance.(d) Other information. The distributing agency must submit other information, as requested by FNS, in order to ensure compliance with requirements in this part. For example, FNS may require the distributing agency to submit information with respect to its assessment of the distribution charge, or to justify the efficiency and cost-effectiveness of its distribution system, in accordance with § 250.13(c) and (d). (a) Required records. Distributing agencies, recipient agencies, and other entities must maintain records of agreements and contracts, reports, audits, and claim actions, funds obtained as an incident of donated food distribution, and other records specifically required in this part or in other Departmental regulations, as applicable. In addition, distributing agencies must keep a record of the value of donated foods each of its school food authorities receives, in accordance with § 250.58(e), and records to demonstrate compliance with the professional standards for distributing agency directors established in § 235.11(g). Processors must also maintain records documenting the sale of end products to recipient agencies, including the sale of such end products by distributors, and must submit monthly performance reports, in accordance with § 250.30(m). Specific recordkeeping requirements relating to the use of donated foods in contracts with food service management companies are included in § 250.54. Failure of the distributing agency, recipient agency, processor, or other entity to comply with recordkeeping requirements must be considered prima facie evidence of improper distribution or loss of donated foods and may result in a claim against such party for the loss or misuse of donated foods, in accordance with § 250.16, or in other sanctions or corrective actions.(b) Retention of records. Records relating to requirements for donated foods must be retained for a period of three years from the close of the fiscal or school year to which they pertain. However, records pertaining to claims or audits that remain unresolved in this period of time must be retained until such actions have been resolved. 2 CFR part 200 means the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards published by OMB. The Part reference covers applicable: Acronyms and Definitions (subpart A), General Provisions (subpart B), Post Federal Award Requirements (subpart D), Cost Principles (subpart E), and Audit Requirements (subpart F). (NOTE: Pre-Federal Award Requirements and Contents of Federal Awards (subpart C) do not apply to the National School Lunch Program).ACL means the Administration for Community Living, which is the DHHS agency that administers NSIP.Administering agency means a State agency that has been approved by the Department to administer a food assistance program. If such agency is also responsible for the distribution of donated foods, it is referred to as the distributing agency in this part.Adult care institution means a nonresidential adult day care center that participates independently in CACFP, or that participates as a sponsoring organization, and that may receive donated foods or cash-in-lieu of donated foods, in accordance with an agreement with the distributing agency.Bonus foods means Section 32, Section 416, and Section 709 donated foods, as defined in this section, which are purchased under surplus removal or price support authority, and provided to distributing agencies in addition to legislatively authorized levels of assistance.CACFP means the Child and Adult Care Food Program.Carrier means a commercial enterprise that transports donated foods from one location to another, but does not store such foods.Charitable institutions means public institutions or private nonprofit organizations that provide a meal service on a regular basis to predominantly eligible persons in the same place without marked changes. Some types of charitable institutions are included in§ 250.67.Child care institution means a nonresidential child care center that participates independently in CACFP, or that participates as a sponsoring organization, in accordance with an agreement with the distributing agency.Child nutrition program means NSLP, CACFP, SFSP, or SBP.Commodity offer value means the minimum value of donated foods that the distributing agency must offer to a school food authority participating in NSLP each school year. The commodity offer value is equal to the national per-meal value of donated food assistance multiplied by the number of reimbursable lunches served by the school food authority in the previous school year.Commodity school means a school that operates a nonprofit food service, in accordance with 7 CFR part 210, but that receives additional donated food assistance rather than the cash assistance available to it under Section 4 of the Richard B. Russell National School Lunch Act (42 U.S.C. 1753).Consignee means an entity (e.g., the distributing or recipient agency, a commercial storage facility, or a processor) that receives a shipment of donated foods from a vendor or Federal storage facility.Contract value of the donated foods means the price assigned by the Department to a donated food which must reflect the Department's current acquisition price. This may alternatively be referred to as the USDA purchase price.Contracting agency means the distributing agency, subdistributing agency, or recipient agency which enters into a processing contract.CSFP means the Commodity Supplemental Food Program.Department means the United States Department of Agriculture (USDA).DHHS means the United States Department of Health and Human Services.Disaster means a Presidentially declared disaster or emergency, in accordance with Section 412 or 413 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5179-5180), in which Federal assistance, including donated food assistance, may be provided to persons in need of such assistance as a result of the disaster or emergency.Disaster organization means an organization authorized by FNS or a distributing agency, when appropriate, to provide assistance to survivors of a disaster or a situation of distress.Distributing agency means a State agency selected by the Governor of the State or the State legislature to distribute donated foods in the State, in accordance with an agreement with FNS, and with the requirements in this part and other Federal regulations, as applicable (e.g., a State agency distributing donated foods in CSFP must comply with requirements in 7 CFR part 247). Indian Tribal Organizations may act as a distributing agency in the distribution of donated foods on, or near, Indian reservations, as provided for in applicable Federal regulations (e.g., 7 CFR part 253 or 254 for FDPIR). A distributing agency may also be referred to as a State distributing agency.Distribution charge means the cumulative charge imposed by distributing agencies on school food authorities to help meet the costs of storing and distributing donated foods, and administrative costs related to such activities.Distributor means a commercial food purveyor or handler who is independent of a processor and charges and bills for the distribution of donated foods and for the costs of handling and bills for the transportation of donated foods to the recipient agency.Donated foods means food donated to the USDA for distribution to food assistance programs. (a) Requirements for distributing and recipient agencies. Audit requirements for State or local government agencies and nonprofit organizations that receive Federal awards or grants (including distributing and recipient agencies under this part) are included in 2 CFR part 200, subpart F and appendix XI, Compliance Supplement, and USDA implementing regulations at 2 CFR part 400. In accordance with such regulations, the value of Federal grants or awards expended in a fiscal year determine if the distributing or recipient agency is required to obtain an audit in that year. The value of donated foods must be considered as part of the Federal grants or awards in determining if an audit is required. FNS provides guidance for distributing and recipient agencies in valuing donated foods for audit purposes, and in determining whether an audit must be obtained.(b) Requirements for processors. In-State processors must obtain an independent certified public accountant (CPA) audit in the first year that they receive donated foods for processing, while multi-State processors must obtain such an audit in each of the first two years that they receive donated foods for processing. After this initial requirement period, in-State and multi-State processors must obtain an independent CPA audit at a frequency determined by the average value of donated foods received for processing per year, as indicated in this paragraph (b). The value of donated foods used in determining if an audit is required must be the contract value of the donated foods, as defined in § 250.2. The audit must determine that the processor's performance is in compliance with the requirements in this part, and must be conducted in accordance with procedures in the FNS Audit Guide for Processors. All processors must pay for audits required in this paragraph (b). An in-State or multi-State processor must obtain an audit:(1) Annually, if it receives, on average, more than \$5,000,000 in donated foods for processing per year;(2) Every two years, if it receives, on average, between \$1,000,000 and \$5,000,000 in donated foods for processing per year; or(3) Every three years, if it receives, on average, less than \$1,000,000 in donated foods for processing per year.(c) Post-audit actions required of processors. In-State processors must submit a copy of the audit to the distributing agency for review by December 31st of each year in which an audit is required. The distributing agency must ensure that in-State processors provide a corrective action plan with timelines for correcting deficiencies identified in the audit, and must ensure that such deficiencies are corrected. Multi-State processors must submit a copy of the audit, and a corrective action plan with timelines for correcting deficiencies identified in the audit, as appropriate, to FNS for review by December 31st of each year in which an audit is required. FNS may conduct an audit or investigation of a processor to ensure correction of deficiencies, in accordance with § 250.3(b).(d) Failure to meet audit requirements. If a distributing agency or recipient agency fails to obtain the required audit, or fails to correct deficiencies identified in the audit, FNS may withhold, suspend, or terminate the Federal award. If an in-State processor fails to obtain the required audit, or fails to correct deficiencies identified in the audit, a distributing or recipient agency may terminate the processing agreement, and may not extend or renew such an agreement. Additionally, FNS may prohibit the further distribution of donated foods to such processor. If a multi-State processor fails to obtain a required audit, or fails to correct deficiencies identified in the audit, FNS may terminate the processing agreement. Additionally, FNS may prohibit the further distribution of donated foods to such processor.	Not related to agency deliverable	Title 7; §250.20 Audit requirements.	Federal	Statute

(a) Scope of review requirements. The distributing agency must ensure that subdistributing agencies, recipient agencies, and other entities comply with applicable requirements in this part, and in other Federal regulations, through the on-site reviews required in paragraph (b) of this section, and the review of required reports or audits. However, the distributing agency is not responsible for the review of school food authorities and other recipient agencies in child nutrition programs. The State administering agency is responsible for the review of such recipient agencies, in accordance with review requirements of part 210 of this chapter.(b) On-site reviews. The distributing agency must conduct an on-site review of:(1) Charitable institutions, whenever the distributing agency identifies actual or probable deficiencies in the use of donated foods by such institutions, through audits, investigations, complaints, or any other information;(2) Storage facilities at the distributing agency level (including commercial storage facilities under contract with the distributing or subdistributing agency), on an annual basis; and(3) Subdistributing and recipient agencies in CSFP, TEFAP, and FDPIR, in accordance with 7 CFR parts 247, 251, and 253, respectively.(c) Identification and correction of deficiencies. The distributing agency must inform each subdistributing agency, recipient agency, or other entity of any deficiencies identified in its reviews, and recommend specific actions to correct such deficiencies. The distributing agency must ensure that such agencies or entities implement corrective actions to correct deficiencies in a timely manner. (a) Performance standards. The distributing agency must meet the basic performance standards included in this paragraph (a) in the ordering, distribution, processing, if applicable, and control of donated foods. Some of the performance standards apply only to distributing agencies that distribute donated foods in NSLP or other child nutrition programs, as indicated. However, the identification of specific performance standards does not diminish the responsibility of the distributing agency to meet other requirements in this part. In meeting basic performance standards, the distributing agency must:(1) Provide recipient agencies with information on donated food availability, assistance levels, values, product specifications, and processing options, as requested;(2) Implement a request-driven ordering system, in accordance with § 250.10(a), and, for child nutrition programs, § 250.58(a);(3) Offer school food authorities in NSLP, at a minimum, the commodity offer value of donated foods, in accordance with § 250.58;(4) Provide for the storage, distribution, and control of donated foods in accordance with all Federal, State, or local requirements relating to food safety and health;(5) Provide for the distribution of donated foods in the most efficient and cost-effective manner, including, to the extent practical, direct shipments from vendors to recipient agencies or processors, and the use of split shipments;(6) Use SAE funds, or other Federal or State funds, as available, in paying State storage and distribution costs for child nutrition programs, and impose a distribution charge on recipient agencies in child nutrition programs only to the extent that such funds are insufficient to meet applicable costs;(7) Provide for the processing of donated foods, at the request of school food authorities, in accordance with subpart C of this part, including the testing of end products with school food authorities, and the solicitation of acceptability input, when procuring end products on behalf of school food authorities or otherwise limiting the procurement of end products; and(8) Provide recipient agencies information regarding the preferred method for submission of donated foods complaints to the distributing agency and act expeditiously to resolve submitted complaints.(b) Corrective action plan. The distributing agency must submit a corrective action plan to FNS whenever it is found to be substantially out of compliance with the performance standards in paragraph (a) of this section, or with other requirements in this part. The plan must identify the corrective actions to be taken, and the timeframe for completion of such actions. The plan must be submitted to FNS within 60 days after the distributing agency receives notification from FNS of a deficiency.(c) Termination or suspension. FNS may terminate or suspend all, or part, of the distributing agency's participation in the distribution of donated foods, or in a food distribution program, for failure to comply with requirements in this part, with other applicable Federal regulations, or with its written agreement with FNS. FNS may also take other actions, as appropriate, including prosecution under applicable Federal statutes.	Not related to agency deliverable	Title 7; §250.22 Distributing agency performance standards.	Federal	Statute	
(a) Food and Nutrition Service. Within the Department, Food and Nutrition Service (FNS) must act on behalf of the Department to administer the distribution of donated foods to distributing agencies for further distribution and use at the State level, in accordance with the requirements of this part.(b) Audits or inspections. The Department, the Comptroller General of the United States, or any of their authorized representatives, may conduct audits or inspections of distributing, subdistributing, or recipient agencies, or the commercial enterprises with which they have contracts or agreements, in order to determine compliance with the requirements of this part, or with other applicable Federal regulations.(c) Suspension or termination. Whenever it is determined that a distributing agency has materially failed to comply with the provisions of this part, or with other applicable Federal regulations, FNS may suspend or terminate the distribution of donated foods, or the provision of administrative funds, to the distributing agency. FNS must provide written notification of such suspension or termination of assistance, including the reasons for the action and the effective date. The distributing agency may appeal a suspension or termination of assistance if such appeal is provided for in Federal regulations applicable to a specific food assistance program (e.g., as provided for in § 253.5(l) of this chapter for FDPIR). FNS may also take other actions, as appropriate, including prosecution under applicable Federal statutes.	Not related to agency deliverable	Title 7; §250.3 Administration	Federal	Statute	
(a) Crediting for donated foods. In both fixed-price and cost-reimbursable contracts, the food service management company must credit the recipient agency for the value of all donated foods received for use in the recipient agency's meal service in a school year or fiscal year (including both entitlement and bonus foods). Such requirement includes crediting for the value of donated foods contained in processed end products if the food service management company's contract requires it to:(1) Procure processed end products on behalf of the recipient agency; or(2) Act as an intermediary in passing the donated food value in processed end products on to the recipient agency.(b) Method and frequency of crediting. The recipient agency may permit crediting for the value of donated foods through invoice reductions, refunds, discounts, or other means. However, all forms of crediting must provide clear documentation of the value received from the donated foods—e.g., by separate line item entries on invoices. If provided for in a fixed-price contract, the recipient agency may permit a food service management company to pre-credit for donated foods. In pre-crediting, a deduction for the value of donated foods is included in the established fixed price per meal. However, the recipient agency must ensure that the food service management company provides an additional credit for any donated foods not accounted for in the fixed price per meal—e.g., for donated foods that are not made available until later in the year. In cost-reimbursable contracts, crediting may be performed by disclosure; i.e., the food service management company credits the recipient agency for the value of donated foods by disclosing, in its billing for food costs submitted to the recipient agency, the savings resulting from the receipt of donated foods for the billing period. In all cases, the recipient agency must require crediting to be performed not less frequently than annually, and must ensure that the specified method of valuation of donated foods permits crediting to be achieved in the required time period. A school food authority must also ensure that the method, and timing, of crediting does not cause its cash resources to exceed the limits established in 7 CFR 210.9(b)(2).(c) Donated food values required in crediting. The recipient agency must ensure that, in crediting it for the value of donated foods, the food service management company uses the donated food values determined by the distributing agency, in accordance with § 250.58(e), or, if approved by the distributing agency, donated food values determined by an alternate means of the recipient agency's choosing. For example, the recipient agency may, with the approval of the distributing agency, specify that the value will be the average price per pound for a food, or for a group or category of foods (e.g., all frozen foods or cereal products), as listed in market journals over a specified period of time. However, the method of determining the donated food values to be used in crediting must be included in procurement documents and in the contract, and must result in the determination of actual values; e.g., the average USDA purchase price for the period of the contract with the food vendor, or the average price per pound listed in market journals over a specified period of time. Negotiation of such values is not permitted. Additionally, the method of valuation must ensure that crediting may be achieved in accordance with paragraph (b) of this section, and at the specific frequency established in procurement documents and in the contract.(d) Use of donated foods. The food service management company must use all donated beef, pork, and all processed end products, in the recipient agency's food service, and must use all other donated foods, or commercially purchased foods of the same generic identity, of U.S. origin, and of equal or better quality than the donated foods, in the recipient agency's food service (unless the contract specifically stipulates that the donated foods, and not such commercial substitutes, be used). (a) General requirements. The food service management company must meet the requirements for the safe storage and control of donated foods in § 250.14(a).(b) Storage and inventory with commercially purchased foods. The food service management company may store and inventory donated foods together with foods it has purchased commercially for the school food authority's use (unless specifically prohibited in the contract). It may store and inventory such foods together with other commercially purchased foods only to the extent that such a system ensures compliance with the requirements for the use of donated foods in § 250.51(d)—i.e., use all donated beef and pork, and all end products in the food service, and use all other donated foods or commercially purchased foods of the same generic identity, of U.S. origin, and of equal or better quality than the donated foods, in the food service. Additionally, under cost-reimbursable contracts, the food service management company must ensure that its system of inventory management does not result in the recipient agency being charged for donated foods.(c) Disposition of donated foods and credit reconciliation upon termination of the contract. When a contract terminates, and is not extended or renewed, the food service management company must return all unused donated beef, pork, and processed end products, and must, at the recipient agency's discretion, return other unused donated foods. The recipient agency must ensure that the food service management company has credited it for the value of all donated foods received for use in the recipient agency's meal service in a school year or fiscal year, as applicable. (a) Required contract provisions in fixed-price contracts. The following provisions relating to the use of donated foods must be included, as applicable, in a recipient agency's fixed-price contract with a food service management company. Such provisions must also be included in procurement documents. The required provisions are:(1) A statement that the food service management company must credit the recipient agency for the value of all donated foods received for use in the recipient agency's meal service in the school year or fiscal year (including both entitlement and bonus foods), and including the value of donated foods contained in processed end products, in accordance with the contingencies in § 250.51(a);(2) The method and frequency by which crediting will occur, and the means of documentation to be utilized to verify that the value of all donated foods has been credited;(3) The method of determining the donated food values to be used in crediting, in accordance with § 250.51(c), or the actual donated food values;(4) Any activities relating to donated foods that the food service management company will be responsible for, in accordance with § 250.50(d), and assurance that such activities will be performed in accordance with the applicable requirements in 7 CFR part 250;(5) A statement that the food service management company will use all donated beef and pork products, and all processed end products, in the recipient agency's food service;(6) A statement that the food service management company will use all other donated foods, or will use commercially purchased foods of the same generic identity, of U.S. origin, and of equal or better quality than the donated foods, in the recipient agency's food service;(7) Assurance that the procurement of processed end products on behalf of the recipient agency, as applicable, will ensure compliance with the requirements in subpart C of 7 CFR part 250 and with the provisions of distributing or recipient agency processing agreements, and will ensure crediting of the recipient agency for the value of donated foods contained in such end products at the processing agreement value;(8) Assurance that the food service management company will not itself enter into the processing agreement with the processor required in subpart C of 7 CFR part 250;(9) Assurance that the food service management company will comply with the storage and inventory requirements for donated foods;(10) A statement that the distributing agency, subdistributing agency, or recipient agency, the Comptroller General, the Department of Agriculture, or their duly authorized representatives, may perform onsite reviews of the food service management company's food service operation, including the review of records, to ensure compliance with requirements for the management and use of donated foods;(11) A statement that the food service management company will maintain records to document its compliance with requirements relating to donated foods, in accordance with § 250.54(b); and(12) A statement that extensions or renewals of the contract, if applicable, are contingent upon the fulfillment of all contract provisions relating to donated foods.(b) Required contract provisions in cost-reimbursable contracts. A cost-reimbursable contract must include the same provisions as those required for a fixed-price contract in paragraph (a) of this section. Such provisions must also be included in procurement documents. However, a cost-reimbursable contract must also contain a statement that the food service management company will ensure that its system of inventory management will not result in the recipient agency being charged for donated foods. (a) Recordkeeping requirements for the recipient agency. The recipient agency must maintain the following records relating to the use of donated foods in its contract with the food service management company:(1) The donated foods and processed end products received and provided to the food service management company for use in the recipient agency's food service;(2) Documentation that the food service management company has credited it for the value of all donated foods received for use in the recipient agency's food service in the school or fiscal year, including, in accordance with the requirements in § 250.51(a), the value of donated foods contained in processed end products; and(3) The actual donated food values used in crediting.(b) Recordkeeping requirements for the food service management company. The food service management company must maintain the following records relating to the use of donated foods in its contract with the recipient agency:(1) The donated foods and processed end products received from, or on behalf of, the recipient agency, for use in the recipient agency's food service;(2) Documentation that it has credited the recipient agency for the value of all donated foods received for use in the recipient agency's food service in the school or fiscal year, including, in accordance with the requirements in § 250.51(a), the value of donated foods contained in processed end products; and(3) Documentation of its procurement of processed end products on behalf of the recipient agency, as applicable.(c) Review requirements for the recipient agency. The recipient agency must ensure that the food service management company is in compliance with the requirements of this part through its monitoring of the food service operation, as required in 7 CFR parts 210, 225, or 226, as applicable. The recipient agency must also conduct a reconciliation at least annually (and upon termination of the contract) to ensure that the food service management company has credited it for the value of all donated foods received for use in the recipient agency's food service in the school or fiscal year, including, in accordance with the requirements in § 250.51(a), the value of donated foods contained in processed end products.(d) Departmental reviews of food service management companies. The Department may conduct reviews of food service management company operations, as necessary, to ensure compliance with the requirements of this part with respect to the use and management of donated foods. (a) Categorization of commodity schools. Commodity schools are schools that operate a nonprofit school food service in accordance with 7 CFR part 210, but receive additional donated food assistance rather than the general cash payment available to them under Section 4 of the Richard B. Russell National School Lunch Act (42 U.S.C. 1753). In addition to requirements in this part relating to donated foods, commodity schools must adhere to Federal regulations in 7 CFR part 210, as applicable.(b) Value of donated foods for commodity schools. For participating commodity schools, the distributing agency receives donated foods valued at the sum of the national per-meal value and the value of the general cash payment available to it under Section 4 of the Richard B. Russell National School Lunch Act (42 U.S.C. 1753), multiplied by the number of reimbursable lunches served by commodity schools in the previous school year. From the total value of donated food assistance for which it is eligible, a commodity school may elect to receive up to 5 cents per meal in cash to cover processing and handling expenses related to the use of donated foods. In addition to Section 6 and Section 14 foods under the Richard B. Russell National School Lunch Act (42 U.S.C. 1755 and 1762(a)), the distributing agency may also receive donated foods under Section 32 (7 U.S.C. 612c), Section 416 (7 U.S.C. 1431), or Section 709 (7 U.S.C. 1446a-1), as available, for commodity schools. (a) Ordering and distribution of donated foods. The distributing agency must ensure that school food authorities are able to submit donated food orders through the FNS electronic donated foods ordering system, or through a comparable electronic food ordering system. The distributing agency must ensure that all school food authorities have the opportunity to provide input at least annually in determining the donated foods from the full list that are made available to them for ordering in the FNS electronic donated foods ordering system or other comparable electronic ordering system. The distributing agency must ensure distribution to school food authorities of all such ordered donated foods that may be distributed to them in a cost-effective manner (including the use of split shipments, as necessary), and that they may utilize efficiently and without waste.(b) Value of donated foods offered to school food authorities. In accordance with Section 6(c) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1755(c)), the distributing agency must offer the school food authority, at a minimum, the national per-meal value of donated food assistance multiplied by the number of reimbursable lunches served by the school food authority in the previous school year. This is referred to as the commodity offer value. For a commodity school, the distributing agency must offer the sum of the national per-meal value of donated foods and the value of the general cash payment available to it under Section 4 of the Richard B. Russell National School Lunch Act (42 U.S.C. 1753), multiplied by the number of reimbursable lunches served by the school in the previous school year. The school food authority may also receive bonus foods, as available, in addition to the Section 6 foods.(c) Receipt of less donated foods than the commodity offer value. In certain cases, the school food authority may receive less donated foods than the commodity offer value in a school year. This “adjusted” value of donated foods is referred to as the adjusted assistance level. For example, the school food authority may receive an adjusted assistance level if:(1) The distributing agency, in consultation with the school food authority, determines that the school food authority cannot efficiently utilize the commodity offer value of donated foods; or(2) The school food authority does not order, or select, donated foods equal to the commodity offer value that can be cost-effectively distributed to it.(d) Receipt of more donated foods than the commodity offer value. The school food authority may receive more donated foods than the commodity offer value if the distributing agency, in consultation with the school food authority, determines that the school food authority may efficiently utilize more donated foods than the commodity offer value, and more donated foods are available for distribution. This may occur, for example, if other school food authorities receive less than the commodity offer value of donated foods for one of the reasons described in paragraph (c) of this section.(e) Donated food value in crediting. In meeting the commodity offer value of donated foods for the school food authority, the distributing agency must use the cost-per-pound donated food prices posted annually by USDA, the most recently published cost-per-pound price in the USDA donated foods catalog, and/or a rolling average of the USDA prices (average cost per pound). The distributing agency must credit the school food authority using the USDA purchase price (cost-per-pound), and update the price at least semi-annually to reflect the most recent USDA purchase price. (a) Storage and inventory management. The distributing agency must ensure compliance with requirements in §§ 250.12 and 250.13 in order to ensure the safe and effective storage and inventory management of donated foods, and their efficient and cost-effective distribution to school food authorities. The school food authority must ensure compliance with requirements in § 210.13 of this chapter and §§ 250.13 and 250.14 to ensure the safe and sanitary storage, inventory management, and use of donated foods and purchased foods. In accordance with § 250.14(c), the school food authority may commingle donated foods and purchased foods in storage and maintain a single inventory record of such commingled foods, in a single inventory management system.(b) Use of donated foods in the nonprofit school food service. The school food authority must use donated foods, as much as is practical, in the lunches served to schoolchildren, for which they receive an established per-meal value of donated food assistance each school year. However, the school food authority may also use donated foods in other activities of the nonprofit school food service. Revenues received from such activities must accrue to the school food authority's nonprofit school food service account, in accordance with § 210.14 of this chapter. Some examples of such activities in which donated foods may be used include:(1) School breakfasts or other meals served in child nutrition programs;(2) A la carte foods sold to schoolchildren;(3) Meals served to adults directly involved in the operation and administration of the nonprofit school food service, and to other school staff; and(4) Training in nutrition, health, food service, or general home economics instruction for students.(c) Use of donated foods outside of the nonprofit school food service. The school food authority should not use donated foods in meals or other activities that do not benefit primarily schoolchildren, such as banquets or catered events. However, as their use in such activities may not always be avoided (e.g., if donated foods are commingled with purchased foods in a single inventory management system), the school food authority must ensure reimbursement to the nonprofit school food service for the value of donated foods used in such activities. When such reimbursement may not be based on actual usage of donated foods (e.g., in a single inventory management system), the school food authority must establish an alternate method of reimbursement—e.g., by including the current per-meal value of donated food assistance in the price charged for the meal or other activity.(d) Use of donated foods in a contract with a food service management company. When the school food authority contracts with a food service management company to conduct the food service, in accordance with § 210.16 of this chapter, it must ensure compliance with requirements in subpart D of this part, which address the treatment of donated foods under such contract. The school food authority must also ensure compliance with the use of donated foods in paragraphs (b) and (c) of this section under its contract with a food service management company.(e) School food authorities acting as a collective unit. Two or more school food authorities may conduct activities of the nonprofit school food service as a collective unit (e.g., in a school co-op or consortium), including activities relating to donated foods. Such activities must be conducted in accordance with a written agreement or contract between the parties. The school food authority collective unit is subject to the same requirements as a single school food authority in conducting such activities. For example, the school food authority collective unit may use a single inventory management system in its storage and control of purchased and donated foods. (a) Distribution of donated foods in CACFP. The Department provides donated foods in CACFP to distributing agencies, which provide them to child care and adult care institutions participating in CACFP for use in serving nutritious lunches and suppers to eligible recipients. Distributing agencies and child care and adult care institutions must also adhere to Federal regulations in 7 CFR part 226, as applicable.(b) Types and quantities of donated foods distributed. For each school year, the distributing agency receives, at a minimum, the national per-meal value of donated food assistance (or cash in lieu of donated foods) multiplied by the number of reimbursable lunches and suppers served in the State in the previous school year, as established in Section 6(c) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1755(c)). The national per-meal value is adjusted each year to reflect changes in the Bureau of Labor Statistic's Producer Price Index for Foods Used in Schools and Institutions. The adjusted per-meal value is published in a notice in the Federal Register in July of each year. Reimbursable lunches and suppers are those meeting the nutritional standards established in 7 CFR part 226. The number of reimbursable lunches and suppers may be adjusted during, or at the end of the school year, in accordance with 7 CFR part 226. In addition to Section 6 entitlement foods (42 U.S.C. 1755(c)), the distributing agency may also receive Section 14 donated foods (42 U.S.C. 1762(a)), and donated foods under Section 32 (7 U.S.C. 612c), Section 416 (7 U.S.C. 1431), or Section 709 (7 U.S.C. 1446a-1), as available, for distribution to child care and adult care institutions participating in CACFP.(c) Cash in lieu of donated foods. In accordance with the Richard B. Russell National School Lunch Act, and with 7 CFR part 226, the State administering agency must determine whether child care and adult care institutions participating in CACFP wish to receive donated foods or cash in lieu of donated foods, and ensure that they receive the preferred form of assistance. The State administering agency must inform the distributing agency (if a different agency) which institutions wish to receive donated foods and must ensure that such foods are provided to them. However, if the State administering agency, in consultation with the distributing agency, determines that distribution of such foods would not be cost-effective, it may, with the concurrence of FNS, provide cash payments to the applicable institutions instead.(d) Use of donated foods in a contract with a food service management company. A child care or adult care institution may use donated foods in a contract with a food service management company to conduct its food service. The contract must meet the requirements in subpart D of this part with respect to donated foods, and must also meet requirements in 7 CFR part 226, 2 CFR part 200, subpart D and appendix II, Contract Provisions for Non-Federal Entity Contracts Under Federal Awards, and USDA implementing regulations at 2 CFR parts 400 and 416, as applicable, with respect to the formation of such contracts.(e) Applicability of other requirements in this subpart to CACFP. The requirements in this subpart relating to the ordering, storage and inventory management, and use of donated foods in NSLP, also apply to CACFP. However, in accordance with 7 CFR part 226, a child care or adult care institution that uses donated foods to prepare and provide meals to other such institutions is considered a food service management company. (a) Distribution of donated foods in SFSP. The Department provides donated foods in SFSP to distributing agencies, which provide them to eligible service institutions participating in SFSP for use in serving nutritious meals to needy children primarily in the summer months, in their nonprofit food service programs. Distributing agencies and service institutions in SFSP must also adhere to Federal regulations in 7 CFR part 225, as applicable.(b) Types and quantities of donated foods distributed. The distributing agency receives donated foods available under Section 6 and Section 14 of the Richard B. Russell National School Lunch Act (42 U.S.C. 1755 and 1762), and may also receive donated foods under Section 32 (7 U.S.C. 612c), Section 416 (7 U.S.C. 1431), or Section 709 (7 U.S.C. 1446a-1), as available, for distribution to eligible service institutions participating in SFSP. Section 6 donated foods are provided to distributing agencies in accordance with the number of meals served in the State in the previous school year that are eligible for donated food support, in accordance with 7 CFR part 225.(c) Distribution of donated foods to service institutions in SFSP. The distributing agency provides donated food assistance to eligible service institutions participating in SFSP based on the number of meals served that are eligible for donated food support, in accordance with 7 CFR part 225.(d) Use of donated foods in a contract with a food service management company. A service institution may use donated foods in a contract with a food service management company to conduct the food service. The contract must meet the requirements in subpart D of this part with respect to donated foods, and must also meet requirements in 7 CFR part 225, 2 CFR part 200, subpart D and appendix II, Contract Provisions for Non-Federal Entity Contracts Under Federal Awards, and USDA implementing regulations at 2 CFR parts 400 and 416, as applicable, with respect to the formation of such contracts.(e) Applicability of other requirements in this subpart to SFSP. (a) Distribution of donated foods in TEFAP. The Department provides donated foods in TEFAP to the distributing agency (i.e., the State agency, in accordance with 7 CFR part 251) for further distribution in the State, in accordance with 7 CFR part 251. State agencies and recipient agencies must comply with the requirements of this part in the distribution, control, and use of donated foods, to the extent that such requirements are not inconsistent with the requirements in 7 CFR part 251.(b) Types of donated foods distributed. Donated foods distributed in TEFAP include Section 27 foods, and donated foods provided under Section 32, Section 416, or Section 709, as available. The State agency must comply with the requirements of this part in the distribution, control, and use of donated foods, to the extent that such requirements are not inconsistent with the requirements in 7 CFR parts 253 and 254.(b) Types of donated foods distributed. (a) Distribution of donated foods in NSIP. The Department provides donated foods in NSIP to State Units on Aging and their selected elderly nutrition projects for use in providing meals to elderly persons. NSIP is administered at the Federal level by DHHS' Administration for Community Living (ACL), which provides an NSIP grant each year to State Units on Aging. The State agencies may choose to receive all, or part, of the grant as donated foods, on behalf of its elderly nutrition projects. The Department is responsible for the purchase of the donated foods and their delivery to State Units on Aging. ACL is responsible for transferring funds to the Department for the cost of donated food purchases and for expenses related to such purchases.(b) Types and quantities of donated foods distributed. Each State Unit on Aging, and its elderly nutrition projects, may receive any types of donated foods available in food distribution or child nutrition programs, to the extent that such foods may be distributed cost-effectively. Each State Unit on Aging may receive donated foods with a value equal to its NSIP grant. Each State Unit on Aging and elderly nutrition project may also receive donated foods under Section 32, Section 416, and Section 709, as available, and under Section 14 (42 U.S.C. 1762(a)).(c) Role of distributing agency. The Department delivers NSIP donated foods to distributing agencies, which distribute them to elderly nutrition projects selected by each State Unit on Aging. The distributing agency may only distribute donated foods to elderly nutrition projects with which they have signed agreements. The agreements must contain provisions that describe the roles of each party in ensuring that the desired donated foods are ordered, stored, and distributed in an effective manner.(d) Donated food values used in crediting a State Unit on Aging's NSIP grant. FNS uses the average price (cost per pound) for USDA purchases of a donated food made in a contract period in crediting a State Unit on Aging's NSIP grant.(e) Coordination between FNS and ACL. FNS and ACL coordinate their respective roles in NSIP through the execution of annual agreements. The agreement ensures that ACL transfers funds to FNS sufficient to purchase the donated foods requested by State Units on Aging, and to meet expenses related to such purchases. The agreement also authorizes FNS to carry over any such funds that are not used in the current fiscal year to make purchases of donated foods for the appropriate State Units on Aging in the following fiscal year. (a) Use of donated foods to provide congregate meals. The distributing agency may provide donated foods from current inventories, either at the distributing or recipient agency level, to a disaster organization (as defined in § 250.2), for use in providing congregate meals to persons in need of food assistance as a result of a Presidentially declared disaster or emergency (hereinafter referred to collectively as a “disaster”). FNS approval is not required for such use. However, the distributing agency must notify FNS that such assistance is to be provided, and the period of time that it is expected to be needed. The distributing agency may extend such period of assistance as needs dictate, but must notify FNS of such extension.(b) Use of donated foods for distribution to households. Subject to FNS approval, the distributing agency may provide donated foods from current inventories, either at the distributing or recipient agency level, to a disaster organization, for distribution to households in need of food assistance because of a disaster. Such distribution may continue for the period that FNS has determined to be necessary to meet the needs of such households. However, households receiving disaster SNAP (D-SNAP) benefits are not eligible to receive such donated food assistance.(c) Approval of disaster organization. Before distribution of donated foods to a disaster organization, the distributing agency must review and approve such organization's application in accordance with applicable FNS guidance, which must be submitted to the distributing agency either electronically or in written form. The distributing agency must also submit such application to FNS for review and approval before permitting distribution of donated foods to households.(1) The disaster organization's application must, to the extent possible, include the following information:(i) A description of the disaster situation;(ii) The number of people requiring assistance;(iii) The period of time for which donated foods are requested;(iv) The quantity and types of food needed; and(v) The number and location of sites where donated foods are to be used, to the extent that such information is known.(2) In addition to the information required in paragraph (c)(1) of this section, disaster organizations applying to distribute donated foods to households must include the following information in their application:(i) An explanation as to why such distribution is needed;(ii) The method(s) of distribution available; and(iii) A statement assuring that D-SNAP benefits and donated food assistance will not be provided simultaneously to individual households, and a description of the system that will be implemented to prevent such dual participation.(d) Information from households. If the issuance of D-SNAP benefits has been approved, the distributing agency must ensure that the disaster organization obtains the following information from households receiving donated foods, and reports such information to the distributing agency:(1) The name and address of the household members applying for assistance;(2) The number of household members; and(3) A statement from the head of the household certifying that the household is in need of food assistance, is not receiving D-SNAP benefits, and understands that the sale or exchange of donated foods is prohibited.(e) Eligibility of emergency relief workers for congregate meals. The disaster organization may use donated foods to provide meals to any emergency relief workers at the congregate feeding site who are directly engaged in providing relief assistance.(f) Reporting and recordkeeping requirements. The distributing agency must report to FNS the number and location of sites where donated foods are used in congregate meals or household distribution as these sites are established. The distributing agency must also report the types and amounts of donated foods from distributing or recipient agency storage facilities used in disaster assistance, utilizing form FNS-292A, Report of Commodity Distribution for Disaster Relief, which must be submitted electronically, within 45 days from the termination of disaster assistance. This form must also be used to request replacement of donated foods, in accordance with paragraph (g) of this section. The distributing agency must maintain records of reports and other information relating to disasters.(g) Replacement of donated foods. In order to ensure replacement of donated foods used in disasters, the distributing agency must submit to FNS a request for such replacement, utilizing form FNS-292A, Report of Commodity Distribution for Disaster Relief, within 45 days following the termination of disaster assistance. The distributing agency may request replacement of foods used from inventories in which donated foods are commingled with other foods (i.e., at storage facilities of recipient agencies utilizing single inventory management), if the recipient agency received donated foods of the same type as the foods used during the year preceding the onset of the disaster assistance. FNS will replace such foods in the amounts used, or in the amount of like donated foods received during the preceding year, whichever is less.(h) Reimbursement of transportation costs. In order to receive reimbursement for any costs incurred in transporting donated foods within the State, or from one State to another, for use in a situation of distress, the distributing agency must submit a public voucher to FNS with documentation of such costs. FNS will review the request and reimburse the distributing agency to the extent that funds are available.	Not related to agency deliverable	Title 7; §250.69 Disaster food assistance	Federal	Statute	
(a) Use of donated foods to provide congregate meals. The distributing agency may provide donated foods from current inventories, either at the distributing or recipient agency level, to a disaster organization, for use in providing congregate meals to persons in need of food assistance because of a situation of distress, as this term is defined in § 250.2. If the situation of distress results from a natural event (e.g., a hurricane, flood, or snowstorm), such donated food assistance may be provided for a period not to exceed 30 days, without the need for FNS approval. However, the distributing agency must notify FNS that such assistance is to be provided. FNS approval must be obtained to permit such donated food assistance for a period exceeding 30 days. If the situation of distress results from other than a natural event (e.g., an explosion), FNS approval is required to permit donated food assistance for use in providing congregate meals for any period of time.(b) Use of donated foods for distribution to households. The distributing agency must receive FNS approval to provide donated foods from current inventories, either at the distributing or recipient agency level, to a disaster organization for distribution to households in need of food assistance because of a situation of distress. Such distribution may continue for the period of time that FNS determines necessary to meet the needs of such households. However, households receiving D-SNAP benefits are not eligible to receive such donated food assistance.(c) Approval of disaster organizations. Before distribution of donated foods to a disaster organization, the distributing agency must review and approve such organization's application in accordance with applicable FNS guidance, which must be submitted to the distributing agency either electronically or in written form. The distributing agency must also submit such application to FNS for review and approval before permitting distribution of donated foods in a situation of distress that is not the result of a natural event, or for any distribution of donated foods to households. The disaster organization's application must, to the extent possible, include the information required in § 250.69(c).(d) Information from households. If the issuance of D-SNAP benefits has been approved, the distributing agency must ensure that the disaster organization obtains the information in § 250.69(d) from households receiving donated foods, and reports such information to the distributing agency.(e) Eligibility of emergency relief workers for congregate meals. The disaster organization may use donated foods to provide meals to any emergency relief workers at the congregate feeding site that are directly engaged in providing relief assistance.(f) Reporting and recordkeeping requirements. The distributing agency must report to FNS the number and location of sites where donated foods are used in congregate meals or household distribution as these sites are established. The distributing agency must also report the types and amounts of donated foods from distributing or recipient agency storage facilities used in the situation of distress, utilizing form FNS-292A, Report of Commodity Distribution for Disaster Relief, which must be submitted electronically, within 45 days from the termination of assistance. This form must also be used to request replacement of donated foods, in accordance with paragraph (g) of this section. The distributing agency must maintain records of reports and other information relating to situations of distress.(g) Replacement of donated foods. FNS will replace donated foods used in a situation of distress only to the extent that funds to provide for such replacement are available. The distributing agency must submit to FNS a request for replacement of such foods, utilizing form FNS-292A, Report of Commodity Distribution for Disaster Relief, which must be submitted electronically, within 45 days from the termination of assistance. The distributing agency may request replacement of foods used from inventories in which donated foods are commingled with other foods (i.e., at storage facilities of recipient agencies utilizing single inventory management), if the recipient agency received donated foods of the same type as the foods used during the year preceding the onset of the situation of distress. Subject to the availability of funds, FNS will replace such foods in the amounts used, or in the amount of like donated foods received during the preceding year, whichever is less.(h) Reimbursement of transportation costs. In order to receive reimbursement for any costs incurred in transporting donated foods within the State, or from one State to another, for use in a situation of distress, the distributing agency must submit a public voucher to FNS with documentation of such costs. <p>(a) Purpose of the program. Section 2 of the National School Lunch Act (42 U.S.C. 1751), states: “It is declared to be the policy of Congress, as a measure of national security, to safeguard the health and well-being of the Nation's children and to encourage the domestic consumption of nutritious agricultural commodities and other food, by assisting the States, through grants-in-aid and other means, in providing an adequate supply of food and other facilities for the establishment, maintenance, operation, and expansion of nonprofit school lunch programs.” Pursuant to this act, the Department provides States with general and special cash assistance and donations of foods acquired by the Department to be used to assist schools in serving nutritious lunches to children each school day. In furtherance of Program objectives, participating schools shall serve lunches that are nutritionally adequate, as set forth in these regulations, and shall to the extent practicable, ensure that participating children gain a full understanding of the relationship between proper eating and good health.</p> <p>(b) Scope of the regulations. This part sets forth the requirements for participation in the National School Lunch and Commodity School Programs. It specifies Program responsibilities of State and local officials in the areas of program administration, preparation and service of nutritious lunches, the sale of competitive foods, payment of funds, use of program funds, program monitoring, and reporting and recordkeeping requirements.</p>	Not related to agency deliverable	Title 7; Subpart A—General §210.1 General purpose and scope	Federal	Statute	
<p>(a) Purpose. The Department purchases foods and donates them to State distributing agencies for further distribution and use in food assistance programs, or to provide assistance to eligible persons, in accordance with legislation:(1) Authorizing donated food assistance in specific programs (e.g., the Richard B. Russell National School Lunch Act for the National School Lunch Program (NSLP)); or(2) Authorizing the removal of surplus foods from the market or the support of food prices (i.e., in accordance with Section 32, Section 416, and Section 709, as defined in § 250.2).(b) Use of donated foods. Donated foods must be used in accordance with the requirements of this part and with other Federal regulations applicable to specific food assistance programs (e.g., 7 CFR part 251 includes requirements for the use of donated foods in The Emergency Food Assistance Program (TEFAP)). Such use may include activities designed to demonstrate or test the effective use of donated foods (e.g., in nutrition classes or cooking demonstrations) in any programs. However, donated foods may not be:(1) Sold or exchanged, or otherwise disposed of, unless approved by FNS, or specifically permitted elsewhere in this part or in other Federal regulations (e.g., donated foods may be used in meals sold in NSLP);(2) Used to require recipients to make any payments or perform any services in exchange for their receipt, unless approved by FNS, or specifically permitted elsewhere in this part or in other Federal regulations; or(3) Used to solicit voluntary contributions in connection with their receipt, except for donated foods provided in the Nutrition Services Incentive Program (NSIP).(c) Legislative sanctions. In accordance with the Richard B. Russell National School Lunch Act (42 U.S.C. 1760) and the Agriculture and Consumer Protection Act of 1973 (7 U.S.C. 612c note), any person who embezzles, willfully misapplies, steals, or obtains by fraud any donated foods (or funds, assets, or property deriving from such donated foods) will be subject to Federal criminal prosecution and other penalties. Any person who receives, conceals, or retains such donated foods or funds, assets, or property deriving from such foods, with the knowledge that they were embezzled, willfully misapplied, stolen, or obtained by fraud, will also be subject to Federal criminal prosecution and other penalties. <p>(a) Ordering donated foods. The distributing agency must utilize a request-driven ordering system in submitting orders for donated foods to FNS. As part of such system, the distributing agency must provide recipient agencies with the opportunity to submit input, on at least an annual basis, in determining the donated foods from the full list that are made available to them for ordering. Based on the input received, the distributing agency must ensure that the types and forms of donated foods that recipient agencies may best utilize are made available to them for ordering. The distributing agency must also ensure that donated foods are ordered and distributed only in amounts that may be utilized efficiently and without waste.(b) Provision of information on donated foods. The distributing agency must provide recipient agencies, at their request, information that will assist them in ordering or utilization of donated foods, including information provided by USDA. Information provided to recipient agencies must include:(1) The types and quantities of donated foods that they may order;(2) Donated food specifications and nutritional value; and(3) Procedures for the disposition of donated foods that are out-of-condition or that are subject to a food recall.(c) Normal food expenditures. (a) General. This section sets forth the terms and conditions under which distributing agencies, subdistributing agencies, or recipient agencies may enter into contracts for the processing of donated foods and prescribes the minimum requirements to be included in such contracts.(b) Permissible contractual arrangements. (1) A distributing agency, subdistributing agency, or recipient agency may contract for processing, pay the processing fee, and deliver the end products to eligible recipient agencies through its own distribution system. Distributing agencies shall assure that the acceptability of processed end products is tested with recipient agencies eligible to receive them prior to entering into a processing contract and shall develop a system for monitoring product acceptability. Distributing agencies may exempt end products from testing if they have been used previously, have been determined by the distributing agency to be acceptable by recipient agencies, and have had no changes in specifications.(2) A distributing agency or subdistributing agency may contract for processing on behalf of one or more recipient agencies. All recipient agencies eligible to receive the donated foods to be processed may receive end products made from those foods and produced under such processing contracts by virtue of the distributing agency—recipient agency agreement required by § 250.4(c). Under this arrangement and subject to the approval of the distributing agency:(i) Processors shall utilize either a discount or a refund system in accordance with paragraph (d) of this section when they sell end products directly to recipient agencies, or(ii) When selling end products through a distributor, such sales shall be in accordance with paragraph (e) of this section.(3) Distributing agencies shall permit subdistributing agencies and recipient agencies to enter into processing contracts with a processor under arrangements similar to those described in paragraph (b) (1) or (2) of this section.(c) Requirements for processing contracts. (1) Contracts with processors shall be in a standard written form and shall be reviewed by the appropriate FNS Regional Office. Processing contracts shall terminate on June 30 of each year. However, processing contracts may give contracting agencies the option of extending contracts for two 1-year periods, provided that any changed information must be updated before any contract extension is granted, including the information in paragraphs (c)(4), (c)(5)(ii), and (c)(5)(viii)(B) of this section. The processor must have performed to the satisfaction of the contracting agency during the previous contract year, submitted all required reports and any corrections to such reports up to the time that contract extension occurs, and submitted its certified public accountant report as required under paragraph (c)(5)(xi) of this section before the contract may be extended. Distributing agencies shall develop criteria for use in evaluating and selecting processing contracts. The selection criteria shall be used in selecting or rejecting processors in a manner that ensures equitable treatment of processors. The selection criteria shall, at a minimum, include:(i) The nutritional contribution which the end product will provide;(ii) The marketability of the end product;(iii) The distribution method which the processor intends to utilize;(iv) Price and yield schedule data;(v) Any applicable labeling requirements; and(vi) The ability of the processor to meet the terms and conditions set forth in the regulations.(2) These criteria will be reviewed by the appropriate FNS Regional Office during the management evaluation review of the distributing agency. Distributing agencies and subdistributing agencies which enter into contracts on behalf of recipient agencies but which do not limit the types of end products which can be sold or the number of processors which can sell end products within the State are not required to follow the selection criteria. In addition to utilizing these selection criteria, when a contracting agency enters into a contract both for the processing of donated food and the purchase of the end products produced from the donated food, the procurement standards set forth in 2 CFR part 200, subpart D and Appendix II, Contract Provisions for Non-Federal Entity Contracts Under Federal Awards and USDA implementing regulations at 2 CFR part 400 and part 416 must be followed. Recipient agencies which purchase end products produced under Statewide agreements are also required to comply with 2 CFR part 200, subpart D and USDA implementing regulations at 2 CFR part 400 and part 416. Contracting agencies shall not enter into contracts with processors which cannot demonstrate the ability to meet the terms and conditions of the regulations and the distributing agency agreements; furnish prior to the delivery of any donated foods for processing, a performance bond, an irrevocable letter of credit or an escrow account in an amount sufficient to protect the contract value of donated food on hand and on order; demonstrate the ability to	Not related to agency deliverable	Title 7; Subpart C—Processing and Labeling of Donated Foods §250.30 State processing of donated foods	Federal	Statute	
(a) Application. An official of a school food authority shall make written application to the State agency for any school in which it desires to operate the Program. Applications shall provide the State agency with sufficient information to determine eligibility. The school food authority shall also submit for approval a Free and Reduced Price Policy Statement in accordance with part 245 of this chapter. (b) Agreement. Each school food authority approved to participate in the program shall enter into a written agreement with the State agency that may be amended as necessary. Nothing in the preceding sentence shall be construed to limit the ability of the State agency to suspend or terminate the agreement in accordance with §210.25. If a single State agency administers any combination of the Child Nutrition Programs, that State agency shall provide each school food authority with a single agreement with respect to the operation of those programs. The agreement shall contain a statement to the effect that the “School Food Authority and participating schools under its jurisdiction, shall comply with all provisions of 7 CFR parts 210 and 245.” This agreement shall provide that each school food authority shall, with respect to participating schools under its jurisdiction: (1) Maintain a nonprofit school food service and observe the requirements for and limitations on the use of nonprofit school food service revenues set forth in §210.14 and the limitations on any competitive school food service as set forth in §210.11; (2) Limit its net cash resources to an amount that does not exceed 3 months average expenditures for its nonprofit school food service or such other amount as may be approved in accordance with §210.19(a); (3) Maintain a financial management system as prescribed under §210.14(c); (4) Comply with the requirements of the Department's regulations regarding financial management (2 CFR part 200, subpart D and USDA implementing regulations 2 CFR part 400 and part 415); (5) Serve lunches, during the lunch period, which meet the minimum requirements prescribed in §210.10; (6) Price the lunch as a unit; (7) Serve lunches free or at a reduced price to all children who are determined by the local educational agency to be eligible for such meals under 7 CFR part 245; (8) Claim reimbursement at the assigned rates only for reimbursable free, reduced price and paid lunches served to eligible children in accordance with 7 CFR part 210. Agree that the school food authority official making the claim shall be responsible for providing and certifying meal counts to agency personnel as specified in §210.9 as a condition for reimbursement. (a) Contract requirements. Prior to donated foods being made available to a food service management company, the recipient agency must enter into a contract with the food service management company. The contract must ensure that all donated foods received for use by the recipient agency in the school or fiscal year, as applicable, are used in the recipient agency's food service, or that commercially purchased foods are used in place of such donated foods only in accordance with the requirements in § 250.51(d). Contracts between recipient agencies in child nutrition programs and food service management companies must also ensure compliance with other requirements in this subpart relating to donated foods, as well as other Federal requirements in 7 CFR parts 210, 220, 225, or 226, as applicable. Contracts between other recipient agencies—i.e., charitable institutions and recipient agencies utilizing TEFAP foods—and food service management companies are not subject to the other requirements in this subpart.(b) Types of contracts. Recipient agencies may enter into a fixed-price or a cost-reimbursable contract with a food service management company, except that recipient agencies in CACFP are prohibited from entering into cost-reimbursable contracts, in accordance with 7 CFR part 226. Under a fixed-price contract, the recipient agency pays a fixed cost per meal provided or a fixed cost for a certain time period. Under a cost-reimbursable contract, the food service management company charges the recipient agency for food service operating costs, and also charges fixed fees for management or services.(c) Procurement requirements. The recipient agency must meet Departmental procurement requirements in 7 2 CFR part 200, subpart D, and USDA implementing regulations at 2 CFR parts 400 and 416, as applicable, in obtaining the services of a food service management company, as well as applicable requirements in 7 CFR parts 210, 220, 225, or 226. The recipient agency must ensure that procurement documents, as well as contract provisions, include any donated food activities that a food service management company is to perform, such as those activities listed in paragraph (d) of this section. The procurement and contract must also specify the method used to determine the donated food values to be used in crediting, or the actual values assigned, in accordance with § 250.51. The method used to determine the donated food values may not be established through a post-award negotiation, or by any other method that may directly or indirectly alter the terms and conditions of the procurement or contract.(d) Activities relating to donated foods. A food service management company may perform specific activities relating to donated foods, such as those listed in this paragraph (d), in accordance with procurement documents and its contract with the recipient agency. Such activities may also include the procurement of processed end products on behalf of the recipient agency. Such procurement must ensure compliance with the requirements in subpart C of this part and with the provisions of the distributing or recipient agency's processing agreements, and must ensure crediting of the recipient agency for the value of donated foods contained in such end products at the processing agreement value. Although the food service management company may procure processed end products on behalf of the recipient agency, it may not itself enter into the processing agreement with the processor required in subpart C of this part. Other donated food activities that the food service management company may perform include:(1) Preparing and serving meals;(2) Ordering or selection of donated foods, in coordination with the recipient agency, and in accordance with § 250.58(a);(3) Storage and inventory management of donated foods, in accordance with § 250.52; and(4) Payment of processing fees or submittal of refund requests to a processor on behalf of the recipient agency, or remittance of refunds for the value of donated foods in processed end products to the recipient agency, in accordance with the requirements in subpart C of this part. (a) State revenue matching. For each school year, the amount of State revenues appropriated or used specifically by the State for program purposes shall not be less than 30 percent of the funds received by such State under section 4 of the National School Lunch Act during the school year beginning July 1, 1980; provided that, the State revenues derived from the operation of such programs and State revenues expended for salaries and administrative expenses of such programs at the State level are not considered in this computation. However, if the per capita income of any State is less than the per capita income of the United States, the matching requirements so computed shall be decreased by the percentage by which the State per capita income is below the per capita income of the United States. (b) Private school exemption. No State in which the State agency is prohibited by law from disbursing State appropriated funds to nonpublic schools shall be required to match general cash assistance funds expended for meals served in such schools, or to disburse to such schools any of the State revenues required to meet the requirements of paragraph (a) of this section. Furthermore, the requirements of this section do not apply to schools in which the Program is administered by a FNSRO. (c) Territorial waiver. American Samoa and the Commonwealth of the Northern Mariana Islands shall be exempted from the matching requirements of paragraph (a) of this section if their respective matching requirements are under \$100,000. (d) Applicable revenues. The following State revenues, appropriated or used specifically for program purposes which are expended for any school year shall be eligible for meeting the applicable percentage of the matching requirements prescribed in paragraph (a) of this section for that school year: (1) State revenues disbursed by the State agency to school food authorities for program purposes, including revenue disbursed to nonprofit private schools where the State administers the program in such schools; (2) State revenues made available to school food authorities and transferred by the school food authorities to the nonprofit school food service accounts or otherwise expended by the school food authorities in connection with the nonprofit school food service program; and (3) State revenues used to finance the costs (other than State salaries or other State level administrative costs) of the nonprofit school food service program, i.e.: (i) Local program supervision; (ii) Operating the program in participating schools; and (iii) The interstate distribution of foods donated under part 250 of this chapter to schools participating in the program. (a) Distribution of donated foods in NSLP. The Department provides donated foods in NSLP to distributing agencies. Distributing agencies provide donated foods to school food authorities that participate in NSLP for use in serving nutritious lunches or other meals to schoolchildren in their nonprofit school food service. The distributing agency must confirm the participation of school food authorities in NSLP with the State administering agency (if different from the distributing agency). In addition to requirements in this part relating to donated foods, distributing agencies and school food authorities in NSLP must adhere to Federal regulations in 7 CFR part 210, as applicable.(b) Types of donated foods distributed. The Department purchases a wide variety of foods for distribution in NSLP each school year. A list of available foods is posted on the FNS Web site, for access by distributing agencies and school food authorities. In addition to Section 6 foods (42 U.S.C. 1755) as described in paragraph (c) of this section, the distributing agency may also receive Section 14 donated foods (42 U.S.C. 1762(a)), and donated foods under Section 32 (7 U.S.C. 612c), Section 416 (7 U.S.C. 1431), or Section 709 (7 U.S.C. 1446a-1), as available.(c) National per-meal value of donated foods. For each school year, the distributing agency receives, at a minimum, the national per-meal value of donated foods, as established by Section 6(c) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1755(c)), multiplied by the number of reimbursable lunches served in the State in the previous school year. The donated foods provided in this manner are referred to as Section 6 foods, or entitlement foods. The national per-meal value is adjusted each year to reflect changes in the Bureau of Labor Statistic's Producer Price Index for Foods Used in Schools and Institutions, in accordance with the Richard B. Russell National School Lunch Act. The adjusted value is published in a notice in the Federal Register in July of each year. Reimbursable lunches are those that meet the nutritional standards established in 7 CFR part 210, and that are reported to FNS, in accordance with the requirements in that part.(d) Donated food values used to credit distributing agency entitlement levels. FNS uses the average price (cost per pound) for USDA purchases of donated food made in a contract period to credit distributing agency entitlement levels.(e) Cash in lieu of donated foods. States that phased out their food distribution facilities prior to July 1, 1974, are permitted to choose to receive cash in lieu of the donated foods to which they would be entitled in NSLP, in accordance with the Richard B. Russell National School Lunch Act (42 U.S.C. 1765) and with 7 CFR part 240. (a) General. State agencies and school food authorities shall comply with the requirements of this part and 2 CFR part 200, subpart D and USDA implementing regulations 2 CFR part 400 and part 415, as applicable, which implement the applicable requirements, concerning the procurement of all goods and services with nonprofit school food service account funds. (b) Contractual responsibilities. The standards contained in this part and 2 CFR part 200, subpart D and USDA implementing regulations 2 CFR part 400 and part 415, as applicable, do not relieve the State agency or school food authority of any contractual responsibilities under its contracts. The State agency or school food authority is the responsible authority, without recourse to FNS, regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into in connection with the Program. This includes, but is not limited to source evaluation, protests, disputes, claims, or other matters of a contractual nature. Matters concerning violation of law are to be referred to the local, State, or Federal authority that has proper jurisdiction. (c) Procedures. The State agency may elect to follow either the State laws, policies and procedures as authorized by 2 CFR 200.317, or the procurement standards for other governmental grantees and all governmental subgrantees in accordance with 2 CFR 200.318 through 2 CFR 200.326. Regardless of the option selected, States must ensure that all contracts include any clauses required by Federal statutes and executive orders and that the requirements 2 CFR 200.236 and Appendix II, Contract Provisions for Non-Federal Entity Contracts Under Federal Award are followed. A school food authority may use its own procurement procedures which reflect applicable State and local laws and regulations, provided that procurements made with nonprofit school food service account funds adhere to the standards set forth in this part and in 2 CFR part 200, subpart D, as applicable. School food authority procedures must include a written code of standards of conduct meeting the minimum standards of 2 CFR 200.318, as applicable. (1) Pre-issuance review requirement. The State agency may impose a pre-issuance review requirement on a school food authority's proposed procurement. The school food authority must make available, upon request by the State agency, its procurement documents, including but not limited to solicitation documents, specifications, evaluation criteria, procurement procedures, proposed contracts and contract terms. School food authorities shall comply with State agency requests for changes to procurement procedures and solicitation and contract documents to ensure that, to the State agency's satisfaction, such procedures and documents reflect applicable procurement and contract requirements and the requirements of this part. (2) Prototype solicitation documents and contracts. The school food authority must obtain the State agency's prior written approval for any change made to prototype solicitation or contract documents before issuing the revised solicitation documents or execution of the revised contract. (3) Prohibited expenditures. No expenditure may be made from the nonprofit school food service account for any cost resulting from a procurement failing to meet the requirements of this part. (a) Distribution to charitable institutions. The Department provides donated foods to distributing agencies for distribution to charitable institutions, as defined in this part. A charitable institution must have a signed agreement with the distributing agency in order to receive donated foods, in accordance with § 250.12(b). However, the following organizations may not receive donated foods as charitable institutions:(1) Schools, summer camps, service institutions, and child and adult care institutions that participate in child nutrition programs or as commodity schools; and(2) Adult correctional institutions that do not conduct rehabilitation programs for a majority of inmates.(b) Types of charitable institutions. Some types of charitable institutions that may receive donated foods, if they meet the requirements of this section, include:(1) Hospitals or retirement homes;(2) Emergency shelters, soup kitchens, or emergency kitchens;(3) Elderly nutrition projects or adult day care centers;(4) Schools, summer camps, service institutions, and child care institutions that do not participate in child nutrition programs; and(5) Adult correctional institutions that conduct rehabilitation programs for a majority of inmates.(c) Determining service to predominantly needy persons. To determine if a charitable institution serves predominantly needy persons, the distributing agency must use:(1) Socioeconomic data of the area in which the organization is located, or of the clientele served by the organization;(2) Data from other public or private social service agencies, or from State advisory boards, such as those established in accordance with 7 CFR 251.4(h)(4); or(3) Other similar data.(d) Types and quantities of donated foods distributed. A charitable institution may receive donated foods under Section 4(a), Section 32, Section 416, or Section 709, as available. The distributing agency must distribute donated foods to charitable institutions based on the quantities that each may effectively utilize without waste, and the total quantities available for distribution to such institutions.(e) Contracts with food service management companies. A charitable institution may use donated foods in a contract with a food service management company. The contract must ensure that all donated foods received for use by the charitable institution in a fiscal year are used in the charitable institution's food service. However, the charitable institution is not subject to the other requirements in subpart D of this part relating to the use of donated foods under such contracts. (SDE: Capital Funding for Disadvantaged Schools) The funds appropriated for Capital Funding for Disadvantaged Schools shall be prioritized by the Department of Education pursuant to subsections (A) and (B). (A) Up to \$15,000,000 of the funds shall be made available first to a local school district or districts with an average daily membership that is less than 5000, based on the most recent student count received by the department, and that is located within a county ranked as Tier IV pursuant to Section 12-6-3360(B) for 2018 which chooses to consolidate with another school district located in the same county, or to a school district that is under state takeover and is consolidating school buildings as directed by the State Superintendent of Education. The funds may be used to support costs directly related to the consolidation which shall include, but are not limited to, salary adjustments, facilities, debt mitigation, millage rate adjustments, transportation, technology and other factors for which the district demonstrates are necessary to complete consolidation. On or before August 1, the eligible districts must submit a preliminary plan and timeline for pursuing consolidation, including the use of the consolidation funds requested, to the Department of Education for review and approval. When the department has approved the final plan, the districts shall forward the plan to the local legislative delegation outlining the specific request that local legislation be enacted to effect the consolidation. The legislation may include, but is not limited to, composition of the consolidated board, transition procedures, and disposition and/or assumption of district assets and liabilities. Upon approval of a consolidation plan, the department shall make an initial allocation to the impacted districts and shall allocate remaining funds upon enactment of legislation formally consolidating the districts for the benefit of the consolidated district. (B) The remaining funds shall be set aside by the department to create a source of state funding for local school district infrastructure based on need. Additional funds may be appropriated by the General Assembly with either recurring or non-recurring funds from the General Fund, EIA or lottery. Federal funds authorized by a federal agency or authorized by the General Assembly may also be included in this fund. The fund may also accept gifts from private sources. The department shall submit recommendations to the Senate Finance Committee and the House Ways and Means Committee to establish guidelines for the program consisting of award criteria, conditions for the awards and any match requirements by December 31. Criteria shall include, but not be limited to, consideration of a districts index of taxpaying ability, consideration of a districts or countys per capita income and the age and condition of the districts existing academic buildings as well as the ability to commence construction in a timely matter and the quality of the application. For purposes of this provision, school infrastructure shall not include unimproved real property, centralized district administration facilities, or other facilities, including those normally identified with interscholastic sports activities.
